Noah's Ark of Central Florida, Inc. Scope Of Work American Rescue Plan

Noah's Ark of Central Florida, Inc. is a residential community for adults with unique capabilities. Five families who were once a support system for their children with intellectual and developmental disabilities were concerned about what would happen to them after they passed and created an independent living community. The community was more than the traditional facility; it wasn't an institution or a group home, but something bigger, something special—a home and a community, an independent home for their adult children. It is home and a community where these adult children could grow, with educational and training opportunities to stay independent, work, and volunteer. In 1997, Noah's Ark organization was formed, and the planning and vision took shape. In 2002, their dream became a reality with the first home built, Noah's Nest. The Nest became a community where these "children" could have the freedom and the independence to live, be happy, make friends, and thrive long after their parents passed on. On July 4, 2016, the first Residents of Noah's Landing moved into their homes. Today, approximately 146 residents live independently, participate in various activities at Noah's Landing or The Nest and the Polk County community, and have educational and training opportunities to work and volunteer.

The activities provided for our Residents are planned and coordinated by our Noah's Ark staff and are supported by volunteers. The Land Use Restrictive Agreement (LURA) mandates that the activities provided by Noah's Ark be meaningful, entertaining events, offsite field trips, and educational and vocational training. In 2022, we provided Residents with over 1,450 activities and took them on 50 offsite field trips to places like Harvest Holler Farm and bowling. We provided volunteer opportunities at Bonnet Springs and chartered Lakeland's first Kiwanis AKTION Club. In the AKTION Club, Residents conducted an election of their officers and have begun fundraising for Noah's Ark. We held several MacDonald training courses, which certified our Residents in vocations such as food handling and customer service. These training courses have given Residents employment opportunities.

In 2023, we are working on larger initiatives to continue providing the activities and events. We are working to offer Therapeutic Horticulture, Nutrition, Music, and Art therapy programs. These programs will offer vocational and educational training for our Residents, giving them more employment and volunteer opportunities. We anticipate offering 1,500 activities and 50 offsite field trips.

We have requested \$75,000 to cover the cost of salaries.
