Highlighting Community Groups Supported by Our HOA

January 5, 2026

Dear County Commissioners,

On behalf of the residents of Saddlebag Lake Resort, I am writing to provide you with an overview of the various groups and initiatives within our community that we are proud to support.

As a cornerstone of our city within the city, we place a strong emphasis on fostering collaboration, benevolence and a community centric focus amongst residents. We believe these efforts not only enrich the lives of our residents but also contribute significantly to the overall well-being of Lake Wales and the wider county. Our residents have brought skills, wisdom, experience and a wealth of knowledge – they freely give that back, right here, to the City of Lake Wales.

Community Groups and Initiatives We Support

The financial impact we make to Lake Wales and the County is well into seven figures. In addition to this significant financial impact we have provided for decades to help continue to create a robust economy, is how daily as partners we help strengthen the city support system – at zero cost to taxpayers.

Thousands of dollars annually are donated to organizations in Lake Wales in addition to hundred of hours of service to the organizations we work alongside in helping to meet the essential needs of our City and County's neighbors, to include examples such as:

- Lake Wales Care Center:
    - We collect food, host toy drives and baby shower drives, always helping those less fortunate. For example, we donated 455 unwrapped new toys to area children this Christmas season as well as a check for $250.00.
    - Delivery of Meals on Wheels – residents of our community deliver these routinely each week
    - Literacy program
- CAP – Citizens Assisted Patrol – A Sheriff Grady initiative, we collaborate with local law enforcement, patrolling our own resort and saving county resources for other areas.
- Youth Sports teams – our Social Dance committee sponsors 2 Little League Baseball teams in Lake Wales
- Residents are active members of both the local Rotary and Moose Lodge.

Our 1,287 residents are partners, we are taxpayers, daily supporters and shoppers of small and corporate businesses and most of all, we are supporters of Polk County. We want to continue to pour our resources into this community. The proposed Sand Mine will assuredly make it impossible for us to continue to do so. Saddlebag Lake Resort has made significant economic and spirited impacts to the City and County for six decades. We look to you to allow us to continue to do so.

Commitment to Continued Support

We remain committed to strengthening our partnerships with these groups to enhance the quality of life for all residents. Please allow us to remain a strong, positive presence for many years to come.

Thank you for your attention and continued dedication to our community.

Sincerely,

Name: Ivan Woodard

On behalf of the residents of Saddlebag Lake Resort, I am writing to provide you with an overview of the various groups and initiatives within our community that we are proud to support.

As a cornerstone of our city within the city, we place a strong emphasis on fostering collaboration, benevolence and a community centric focus amongst residents. We believe these efforts not only enrich the lives of our residents but also contribute significantly to the overall well-being of Lake Wales and the wider county. Our residents have brought skills, wisdom, experience and a wealth of knowledge – they freely give that back, right here, to the City of Lake Wales.

Community Groups and Initiatives We Support

The financial impact we make to Lake Wales and the County is well into seven figures. In addition to this significant financial impact we have provided for decades to help continue to create a robust economy, is how daily as partners we help strengthen the city support system – at zero cost to taxpayers.

Thousands of dollars annually are donated to organizations in Lake Wales in addition to hundred of hours of service to the organizations we work alongside in helping to meet the essential needs of our City and County's neighbors, to include examples such as:

- Lake Wales Care Center:
    - We collect food, host toy drives and baby shower drives, always helping those less fortunate. For example, we donated 455 unwrapped new toys to area children this Christmas season as well as a check for $250.00.
    - Delivery of Meals on Wheels – residents of our community deliver these routinely each week
    - Literacy program
- CAP – Citizens Assisted Patrol – A Sheriff Grady initiative, we collaborate with local law enforcement, patrolling our own resort and saving county resources for other areas.
- Youth Sports teams – our Social Dance committee sponsors 2 Little League Baseball teams in Lake Wales
- Residents are active members of both the local Rotary and Moose Lodge.

Our 1,287 residents are partners, we are taxpayers, daily supporters and shoppers of small and corporate businesses and most of all, we are supporters of Polk County. We want to continue to pour our resources into this community. The proposed Sand Mine will assuredly make it impossible for us to continue to do so. Saddlebag Lake Resort has made significant economic and spirited impacts to the City and County for six decades. We look to you to allow us to continue to do so.

Commitment to Continued Support

We remain committed to strengthening our partnerships with these groups to enhance the quality of life for all residents. Please allow us to remain a strong, positive presence for many years to come.

Thank you for your attention and continued dedication to our community.

Sincerely,

As a cornerstone of our city within the city, we place a strong emphasis on fostering collaboration, benevolence and a community centric focus amongst residents. We believe these efforts not only enrich the lives of our residents but also contribute significantly to the overall well-being of Lake Wales and the wider county. Our residents have brought skills, wisdom, experience and a wealth of knowledge – they freely give that back, right here, to the City of Lake Wales.

Community Groups and Initiatives We Support

The financial impact we make to Lake Wales and the County is well into seven figures. In addition to this significant financial impact we have provided for decades to help continue to create a robust economy, is how daily as partners we help strengthen the city support system – at zero cost to taxpayers.

Thousands of dollars annually are donated to organizations in Lake Wales in addition to hundred of hours of service to the organizations we work alongside in helping to meet the essential needs of our City and County's neighbors, to include examples such as:

- Lake Wales Care Center:
    - We collect food, host toy drives and baby shower drives, always helping those less fortunate. For example, we donated 455 unwrapped new toys to area children this Christmas season as well as a check for $250.00.
    - Delivery of Meals on Wheels – residents of our community deliver these routinely each week
    - Literacy program
- CAP – Citizens Assisted Patrol – A Sheriff Grady initiative, we collaborate with local law enforcement, patrolling our own resort and saving county resources for other areas.
- Youth Sports teams – our Social Dance committee sponsors 2 Little League Baseball teams in Lake Wales
- Residents are active members of both the local Rotary and Moose Lodge.

Our 1,287 residents are partners, we are taxpayers, daily supporters and shoppers of small and corporate businesses and most of all, we are supporters of Polk County. We want to continue to pour our resources into this community. The proposed Sand Mine will assuredly make it impossible for us to continue to do so. Saddlebag Lake Resort has made significant economic and spirited impacts to the City and County for six decades. We look to you to allow us to continue to do so.

Commitment to Continued Support

We remain committed to strengthening our partnerships with these groups to enhance the quality of life for all residents. Please allow us to remain a strong, positive presence for many years to come.

Thank you for your attention and continued dedication to our community.

Sincerely,

Our residents have brought skills, wisdom, experience and a wealth of knowledge – they freely give that back, right here, to the City of Lake Wales.

Community Groups and Initiatives We Support

The financial impact we make to Lake Wales and the County is well into seven figures. In addition to this significant financial impact we have provided for decades to help continue to create a robust economy, is how daily as partners we help strengthen the city support system – at zero cost to taxpayers.

Thousands of dollars annually are donated to organizations in Lake Wales in addition to hundred of hours of service to the organizations we work alongside in helping to meet the essential needs of our City and County's neighbors, to include examples such as:

- Lake Wales Care Center:
    - We collect food, host toy drives and baby shower drives, always helping those less fortunate. For example, we donated 455 unwrapped new toys to area children this Christmas season as well as a check for $250.00.
    - Delivery of Meals on Wheels – residents of our community deliver these routinely each week
    - Literacy program
- CAP – Citizens Assisted Patrol – A Sheriff Grady initiative, we collaborate with local law enforcement, patrolling our own resort and saving county resources for other areas.
- Youth Sports teams – our Social Dance committee sponsors 2 Little League Baseball teams in Lake Wales
- Residents are active members of both the local Rotary and Moose Lodge.

Our 1,287 residents are partners, we are taxpayers, daily supporters and shoppers of small and corporate businesses and most of all, we are supporters of Polk County. We want to continue to pour our resources into this community. The proposed Sand Mine will assuredly make it impossible for us to continue to do so. Saddlebag Lake Resort has made significant economic and spirited impacts to the City and County for six decades. We look to you to allow us to continue to do so.

Commitment to Continued Support

We remain committed to strengthening our partnerships with these groups to enhance the quality of life for all residents. Please allow us to remain a strong, positive presence for many years to come.

Thank you for your attention and continued dedication to our community.

Sincerely,

Dear County Commissioners,

On behalf of the residents of Saddlebag Lake Resort, I am writing to provide you with an overview of the various groups and initiatives within our community that we are proud to support.

As a cornerstone of our city within the city, we place a strong emphasis on fostering collaboration, benevolence and a community centric focus amongst residents. We believe these efforts not only enrich the lives of our residents but also contribute significantly to the overall well-being of Lake Wales and the wider county. Our residents have brought skills, wisdom, experience and a wealth of knowledge – they freely give that back, right here, to the City of Lake Wales.

Community Groups and Initiatives We Support

The financial impact we make to Lake Wales and the County is well into seven figures. In addition to this significant financial impact we have provided for decades to help continue to create a robust economy, is how daily as partners we help strengthen the city support system – at zero cost to taxpayers.

Thousands of dollars annually are donated to organizations in Lake Wales in addition to hundred of hours of service to the organizations we work alongside in helping to meet the essential needs of our City and County's neighbors, to include examples such as:

- Lake Wales Care Center:
    - We collect food, host toy drives and baby shower drives, always helping those less fortunate. For example, we donated 455 unwrapped new toys to area children this Christmas season as well as a check for $250.00.
    - Delivery of Meals on Wheels – residents of our community deliver these routinely each week
    - Literacy program
- CAP – Citizens Assisted Patrol – A Sheriff Grady initiative, we collaborate with local law enforcement, patrolling our own resort and saving county resources for other areas.
- Youth Sports teams – our Social Dance committee sponsors 2 Little League Baseball teams in Lake Wales
- Residents are active members of both the local Rotary and Moose Lodge.

Our 1,287 residents are partners, we are taxpayers, daily supporters and shoppers of small and corporate businesses and most of all, we are supporters of Polk County. We want to continue to pour our resources into this community. The proposed Sand Mine will assuredly make it impossible for us to continue to do so. Saddlebag Lake Resort has made significant economic and spirited impacts to the City and County for six decades. We look to you to allow us to continue to do so.

Commitment to Continued Support

We remain committed to strengthening our partnerships with these groups to enhance the quality of life for all residents. Please allow us to remain a strong, positive presence for many years to come.

Thank you for your attention and continued dedication to our community.

Sincerely,

Name: BRYAN S. BOETTGER

Dear County Commissioners,

On behalf of the residents of Saddlebag Lake Resort, I am writing to provide you with an overview of the various groups and initiatives within our community that we are proud to support.

As a cornerstone of our city within the city, we place a strong emphasis on fostering collaboration, benevolence and a community centric focus amongst residents. We believe these efforts not only enrich the lives of our residents but also contribute significantly to the overall well-being of Lake Wales and the wider county. Our residents have brought skills, wisdom, experience and a wealth of knowledge – they freely give that back, right here, to the City of Lake Wales.

The financial impact we make to Lake Wales and the County is well into seven figures. In addition to this significant financial impact we have provided for decades to help continue to create a robust economy, is how daily as partners we help strengthen the city support system – at zero cost to taxpayers.

Thousands of dollars annually are donated to organizations in Lake Wales in addition to hundred of hours of service to the organizations we work alongside in helping to meet the essential needs of our City and County's neighbors, to include examples such as:

- Lake Wales Care Center:
    - We collect food, host toy drives and baby shower drives, always helping those less fortunate. For example, we donated 455 unwrapped new toys to area children this Christmas season as well as a check for $250.00.
    - Delivery of Meals on Wheels – residents of our community deliver these routinely each week
    - Literacy program
- CAP – Citizens Assisted Patrol – A Sheriff Grady initiative, we collaborate with local law enforcement, patrolling our own resort and saving county resources for other areas.
- Youth Sports teams – our Social Dance committee sponsors 2 Little League Baseball teams in Lake Wales
- Residents are active members of both the local Rotary and Moose Lodge.

Our 1,287 residents are partners, we are taxpayers, daily supporters and shoppers of small and corporate businesses and most of all, we are supporters of Polk County. We want to continue to pour our resources into this community. The proposed Sand Mine will assuredly make it impossible for us to continue to do so. Saddlebag Lake Resort has made significant economic and spirited impacts to the City and County for six decades. We look to you to allow us to continue to do so.

Commitment to Continued Support

We remain committed to strengthening our partnerships with these groups to enhance the quality of life for all residents. Please allow us to remain a strong, positive presence for many years to come.

Thank you for your attention and continued dedication to our community.

Sincerely,

Highlighting Community Groups Supported by Our HOA

January 5, 2026

Dear County Commissioners,

On behalf of the residents of Saddlebag Lake Resort, I am writing to provide you with an overview of the various groups and initiatives within our community that we are proud to support.

As a cornerstone of our city within the city, we place a strong emphasis on fostering collaboration, benevolence and a community centric focus amongst residents. We believe these efforts not only enrich the lives of our residents but also contribute significantly to the overall well-being of Lake Wales and the wider county. Our residents have brought skills, wisdom, experience and a wealth of knowledge – they freely give that back, right here, to the City of Lake Wales.

Community Groups and Initiatives We Support

The financial impact we make to Lake Wales and the County is well into seven figures. In addition to this significant financial impact we have provided for decades to help continue to create a robust economy, is how daily as partners we help strengthen the city support system – at zero cost to taxpayers.

The financial impact we make to Lake Wales and the County is well into seven figures. In addition to this significant financial impact we have provided for decades to help continue to create a robust economy, is how daily as partners we help strengthen the city support system – at zero cost to taxpayers.

Thousands of dollars annually are donated to organizations in Lake Wales in addition to hundred of hours of service to the organizations we work alongside in helping to meet the essential needs of our City and County's neighbors, to include examples such as:

- Lake Wales Care Center:
    - We collect food, host toy drives and baby shower drives, always helping those less fortunate. For example, we donated 455 unwrapped new toys to area children this Christmas season as well as a check for $250.00.
    - Delivery of Meals on Wheels – residents of our community deliver these routinely each week
    - Literacy program
- CAP – Citizens Assisted Patrol – A Sheriff Grady initiative, we collaborate with local law enforcement, patrolling our own resort and saving county resources for other areas.
- Youth Sports teams – our Social Dance committee sponsors 2 Little League Baseball teams in Lake Wales
- Residents are active members of both the local Rotary and Moose Lodge.

Our 1,287 residents are partners, we are taxpayers, daily supporters and shoppers of small and corporate businesses and most of all, we are supporters of Polk County. We want to continue to pour our resources into this community. The proposed Sand Mine will assuredly make it impossible for us to continue to do so. Saddlebag Lake Resort has made significant economic and spirited impacts to the City and County for six decades. We look to you to allow us to continue to do so.

Commitment to Continued Support

We remain committed to strengthening our partnerships with these groups to enhance the quality of life for all residents. Please allow us to remain a strong, positive presence for many years to come.

Thank you for your attention and continued dedication to our community.

Sincerely,

Highlighting Community Groups Supported by Our HOA

January 5, 2026

Dear County Commissioners,

On behalf of the residents of Saddlebag Lake Resort, I am writing to provide you with an overview of the various groups and initiatives within our community that we are proud to support.

As a cornerstone of our city within the city, we place a strong emphasis on fostering collaboration, benevolence and a community centric focus amongst residents. We believe these efforts not only enrich the lives of our residents but also contribute significantly to the overall well-being of Lake Wales and the wider county. Our residents have brought skills, wisdom, experience and a wealth of knowledge – they freely give that back, right here, to the City of Lake Wales.

Community Groups and Initiatives We Support

The financial impact we make to Lake Wales and the County is well into seven figures. In addition to this significant financial impact we have provided for decades to help continue to create a robust economy, is how daily as partners we help strengthen the city support system – at zero cost to taxpayers.

The financial impact we make to Lake Wales and the County is well into seven figures. In addition to this significant financial impact we have provided for decades to help continue to create a robust economy, is how daily as partners we help strengthen the city support system – at zero cost to taxpayers.

Thousands of dollars annually are donated to organizations in Lake Wales in addition to hundred of hours of service to the organizations we work alongside in helping to meet the essential needs of our City and County's neighbors, to include examples such as:

- Lake Wales Care Center:
    - We collect food, host toy drives and baby shower drives, always helping those less fortunate. For example, we donated 455 unwrapped new toys to area children this Christmas season as well as a check for $250.00.
    - Delivery of Meals on Wheels – residents of our community deliver these routinely each week
    - Literacy program
- CAP – Citizens Assisted Patrol – A Sheriff Grady initiative, we collaborate with local law enforcement, patrolling our own resort and saving county resources for other areas.
- Youth Sports teams – our Social Dance committee sponsors 2 Little League Baseball teams in Lake Wales
- Residents are active members of both the local Rotary and Moose Lodge.

Our 1,287 residents are partners, we are taxpayers, daily supporters and shoppers of small and corporate businesses and most of all, we are supporters of Polk County. We want to continue to pour our resources into this community. The proposed Sand Mine will assuredly make it impossible for us to continue to do so. Saddlebag Lake Resort has made significant economic and spirited impacts to the City and County for six decades. We look to you to allow us to continue to do so.

Commitment to Continued Support

We remain committed to strengthening our partnerships with these groups to enhance the quality of life for all residents. Please allow us to remain a strong, positive presence for many years to come.

Thank you for your attention and continued dedication to our community.

Sincerely,

Highlighting Community Groups Supported by Our HOA

January 5, 2026

Dear County Commissioners,

On behalf of the residents of Saddlebag Lake Resort, I am writing to provide you with an overview of the various groups and initiatives within our community that we are proud to support.

As a cornerstone of our city within the city, we place a strong emphasis on fostering collaboration, benevolence and a community centric focus amongst residents. We believe these efforts not only enrich the lives of our residents but also contribute significantly to the overall well-being of Lake Wales and the wider county. Our residents have brought skills, wisdom, experience and a wealth of knowledge – they freely give that back, right here, to the City of Lake Wales.

The financial impact we make to Lake Wales and the County is well into seven figures. In addition to this significant financial impact we have provided for decades to help continue to create a robust economy, is how daily as partners we help strengthen the city support system – at zero cost to taxpayers.

Thousands of dollars annually are donated to organizations in Lake Wales in addition to hundred of hours of service to the organizations we work alongside in helping to meet the essential needs of our City and County's neighbors, to include examples such as:

- Lake Wales Care Center:
    - We collect food, host toy drives and baby shower drives, always helping those less fortunate. For example, we donated 455 unwrapped new toys to area children this Christmas season as well as a check for $250.00.
    - Delivery of Meals on Wheels – residents of our community deliver these routinely each week
    - Literacy program
- CAP – Citizens Assisted Patrol – A Sheriff Grady initiative, we collaborate with local law enforcement, patrolling our own resort and saving county resources for other areas.
- Youth Sports teams – our Social Dance committee sponsors 2 Little League Baseball teams in Lake Wales
- Residents are active members of both the local Rotary and Moose Lodge.

Our 1,287 residents are partners, we are taxpayers, daily supporters and shoppers of small and corporate businesses and most of all, we are supporters of Polk County. We want to continue to pour our resources into this community. The proposed Sand Mine will assuredly make it impossible for us to continue to do so. Saddlebag Lake Resort has made significant economic and spirited impacts to the City and County for six decades. We look to you to allow us to continue to do so.

Commitment to Continued Support

We remain committed to strengthening our partnerships with these groups to enhance the quality of life for all residents. Please allow us to remain a strong, positive presence for many years to come.

Thank you for your attention and continued dedication to our community.

Sincerely,

Highlighting Community Groups Supported by Our HOA

January 5, 2026

Dear County Commissioners,

On behalf of the residents of Saddlebag Lake Resort, I am writing to provide you with an overview of the various groups and initiatives within our community that we are proud to support.

As a cornerstone of our city within the city, we place a strong emphasis on fostering collaboration, benevolence and a community centric focus amongst residents. We believe these efforts not only enrich the lives of our residents but also contribute significantly to the overall well-being of Lake Wales and the wider county. Our residents have brought skills, wisdom, experience and a wealth of knowledge – they freely give that back, right here, to the City of Lake Wales.

Community Groups and Initiatives We Support

The financial impact we make to Lake Wales and the County is well into seven figures. In addition to this significant financial impact we have provided for decades to help continue to create a robust economy, is how daily as partners we help strengthen the city support system – at zero cost to taxpayers.

The financial impact we make to Lake Wales and the County is well into seven figures. In addition to this significant financial impact we have provided for decades to help continue to create a robust economy, is how daily as partners we help strengthen the city support system – at zero cost to taxpayers.

Thousands of dollars annually are donated to organizations in Lake Wales in addition to hundred of hours of service to the organizations we work alongside in helping to meet the essential needs of our City and County's neighbors, to include examples such as:

- Lake Wales Care Center:
    - We collect food, host toy drives and baby shower drives, always helping those less fortunate. For example, we donated 455 unwrapped new toys to area children this Christmas season as well as a check for $250.00.
    - Delivery of Meals on Wheels – residents of our community deliver these routinely each week
    - Literacy program
- CAP – Citizens Assisted Patrol – A Sheriff Grady initiative, we collaborate with local law enforcement, patrolling our own resort and saving county resources for other areas.
- Youth Sports teams – our Social Dance committee sponsors 2 Little League Baseball teams in Lake Wales
- Residents are active members of both the local Rotary and Moose Lodge.

Our 1,287 residents are partners, we are taxpayers, daily supporters and shoppers of small and corporate businesses and most of all, we are supporters of Polk County. We want to continue to pour our resources into this community. The proposed Sand Mine will assuredly make it impossible for us to continue to do so. Saddlebag Lake Resort has made significant economic and spirited impacts to the City and County for six decades. We look to you to allow us to continue to do so.

Commitment to Continued Support

We remain committed to strengthening our partnerships with these groups to enhance the quality of life for all residents. Please allow us to remain a strong, positive presence for many years to come.

Thank you for your attention and continued dedication to our community.

Sincerely,

Highlighting Community Groups Supported by Our HOA

January 5, 2026

Dear County Commissioners,

On behalf of the residents of Saddlebag Lake Resort, I am writing to provide you with an overview of the various groups and initiatives within our community that we are proud to support.

As a cornerstone of our city within the city, we place a strong emphasis on fostering collaboration, benevolence and a community centric focus amongst residents. We believe these efforts not only enrich the lives of our residents but also contribute significantly to the overall well-being of Lake Wales and the wider county. Our residents have brought skills, wisdom, experience and a wealth of knowledge – they freely give that back, right here, to the City of Lake Wales.

Community Groups and Initiatives We Support

The financial impact we make to Lake Wales and the County is well into seven figures. In addition to this significant financial impact we have provided for decades to help continue to create a robust economy, is how daily as partners we help strengthen the city support system – at zero cost to taxpayers.

The financial impact we make to Lake Wales and the County is well into seven figures. In addition to this significant financial impact we have provided for decades to help continue to create a robust economy, is how daily as partners we help strengthen the city support system – at zero cost to taxpayers.

Thousands of dollars annually are donated to organizations in Lake Wales in addition to hundred of hours of service to the organizations we work alongside in helping to meet the essential needs of our City and County's neighbors, to include examples such as:

- Lake Wales Care Center:
    - We collect food, host toy drives and baby shower drives, always helping those less fortunate. For example, we donated 455 unwrapped new toys to area children this Christmas season as well as a check for $250.00.
    - Delivery of Meals on Wheels – residents of our community deliver these routinely each week
    - Literacy program
- CAP – Citizens Assisted Patrol – A Sheriff Grady initiative, we collaborate with local law enforcement, patrolling our own resort and saving county resources for other areas.
- Youth Sports teams – our Social Dance committee sponsors 2 Little League Baseball teams in Lake Wales
- Residents are active members of both the local Rotary and Moose Lodge.

Our 1,287 residents are partners, we are taxpayers, daily supporters and shoppers of small and corporate businesses and most of all, we are supporters of Polk County. We want to continue to pour our resources into this community. The proposed Sand Mine will assuredly make it impossible for us to continue to do so. Saddlebag Lake Resort has made significant economic and spirited impacts to the City and County for six decades. We look to you to allow us to continue to do so.

Commitment to Continued Support

We remain committed to strengthening our partnerships with these groups to enhance the quality of life for all residents. Please allow us to remain a strong, positive presence for many years to come.

Thank you for your attention and continued dedication to our community.

Sincerely,

Highlighting Community Groups Supported by Our HOA

January 5, 2026

Dear County Commissioners,

On behalf of the residents of Saddlebag Lake Resort, I am writing to provide you with an overview of the various groups and initiatives within our community that we are proud to support.

As a cornerstone of our city within the city, we place a strong emphasis on fostering collaboration, benevolence and a community centric focus amongst residents. We believe these efforts not only enrich the lives of our residents but also contribute significantly to the overall well-being of Lake Wales and the wider county. Our residents have brought skills, wisdom, experience and a wealth of knowledge – they freely give that back, right here, to the City of Lake Wales.

Community Groups and Initiatives We Support

The financial impact we make to Lake Wales and the County is well into seven figures. The financial impact we make to Lake Wales and the County is well into seven figures. In addition to this significant financial impact we have provided for decades to help continue to create a robust economy, is how daily as partners we help strengthen the city support system – at zero cost to taxpayers.

Thousands of dollars annually are donated to organizations in Lake Wales in addition to hundred of hours of service to the organizations we work alongside in helping to meet the essential needs of our City and County's neighbors, to include examples such as:

- Lake Wales Care Center:
    - We collect food, host toy drives and baby shower drives, always helping those less fortunate. For example, we donated 455 unwrapped new toys to area children this Christmas season as well as a check for $250.00.
    - Delivery of Meals on Wheels – residents of our community deliver these routinely each week
    - Literacy program
- CAP – Citizens Assisted Patrol – A Sheriff Grady initiative, we collaborate with local law enforcement, patrolling our own resort and saving county resources for other areas.
- Youth Sports teams – our Social Dance committee sponsors 2 Little League Baseball teams in Lake Wales
- Residents are active members of both the local Rotary and Moose Lodge.

Our 1,287 residents are partners, we are taxpayers, daily supporters and shoppers of small and corporate businesses and most of all, we are supporters of Polk County. We want to continue to pour our resources into this community. The proposed Sand Mine will assuredly make it impossible for us to continue to do so. Saddlebag Lake Resort has made significant economic and spirited impacts to the City and County for six decades. We look to you to allow us to continue to do so.

Commitment to Continued Support

We remain committed to strengthening our partnerships with these groups to enhance the quality of life for all residents. Please allow us to remain a strong, positive presence for many years to come.

Thank you for your attention and continued dedication to our community.

Sincerely,

Dear County Commissioners,

On behalf of the residents of Saddlebag Lake Resort, I am writing to provide you with an overview of the various groups and initiatives within our community that we are proud to support.

As a cornerstone of our city within the city, we place a strong emphasis on fostering collaboration, benevolence and a community centric focus amongst residents. We believe these efforts not only enrich the lives of our residents but also contribute significantly to the overall well-being of Lake Wales and the wider county. Our residents have brought skills, wisdom, experience and a wealth of knowledge – they freely give that back, right here, to the City of Lake Wales.

Thousands of dollars annually are donated to organizations in Lake Wales in addition to hundred of hours of service to the organizations we work alongside in helping to meet the essential needs of our City and County's neighbors, to include examples such as:

- Lake Wales Care Center:
    - We collect food, host toy drives and baby shower drives, always helping those less fortunate. For example, we donated 455 unwrapped new toys to area children this Christmas season as well as a check for $250.00.
    - Delivery of Meals on Wheels – residents of our community deliver these routinely each week
    - Literacy program
- CAP – Citizens Assisted Patrol – A Sheriff Grady initiative, we collaborate with local law enforcement, patrolling our own resort and saving county resources for other areas.
- Youth Sports teams – our Social Dance committee sponsors 2 Little League Baseball teams in Lake Wales
- Residents are active members of both the local Rotary and Moose Lodge.

Our 1,287 residents are partners, we are taxpayers, daily supporters and shoppers of small and corporate businesses and most of all, we are supporters of Polk County. We want to continue to pour our resources into this community. The proposed Sand Mine will assuredly make it impossible for us to continue to do so. Saddlebag Lake Resort has made significant economic and spirited impacts to the City and County for six decades. We look to you to allow us to continue to do so.

Commitment to Continued Support

We remain committed to strengthening our partnerships with these groups to enhance the quality of life for all residents. Please allow us to remain a strong, positive presence for many years to come.

Thank you for your attention and continued dedication to our community.

Sincerely,

Highlighting Community Groups Supported by Our HOA

January 5, 2026

Dear County Commissioners,

On behalf of the residents of Saddlebag Lake Resort, I am writing to provide you with an overview of the various groups and initiatives within our community that we are proud to support.

As a cornerstone of our city within the city, we place a strong emphasis on fostering collaboration, benevolence and a community centric focus amongst residents. We believe these efforts not only enrich the lives of our residents but also contribute significantly to the overall well-being of Lake Wales and the wider county. Our residents have brought skills, wisdom, experience and a wealth of knowledge – they freely give that back, right here, to the City of Lake Wales.

Community Groups and Initiatives We Support

The financial impact we make to Lake Wales and the County is well into seven figures. In addition to this significant financial impact we have provided for decades to help continue to create a robust economy, is how daily as partners we help strengthen the city support system – at zero cost to taxpayers.

Thousands of dollars annually are donated to organizations in Lake Wales in addition to hundred of hours of service to the organizations we work alongside in helping to meet the essential needs of our City and County's neighbors, to include examples such as:

- Lake Wales Care Center:
    - We collect food, host toy drives and baby shower drives, always helping those less fortunate. For example, we donated 455 unwrapped new toys to area children this Christmas season as well as a check for $250.00.

- Lake Wales Care Center:
    - We collect food, host toy drives and baby shower drives, always helping those less fortunate. For example, we donated 455 unwrapped new toys to area children this Christmas season as well as a check for $250.00.
    - Delivery of Meals on Wheels – residents of our community deliver these routinely each week
    - Literacy program
- CAP – Citizens Assisted Patrol – A Sheriff Grady initiative, we collaborate with local law enforcement, patrolling our own resort and saving county resources for other areas.
- Youth Sports teams – our Social Dance committee sponsors 2 Little League Baseball teams in Lake Wales
- Residents are active members of both the local Rotary and Moose Lodge.

Our 1,287 residents are partners, we are taxpayers, daily supporters and shoppers of small and corporate businesses and most of all, we are supporters of Polk County. We want to continue to pour our resources into this community. The proposed Sand Mine will assuredly make it impossible for us to continue to do so. Saddlebag Lake Resort has made significant economic and spirited impacts to the City and County for six decades. We look to you to allow us to continue to do so.

Commitment to Continued Support

We remain committed to strengthening our partnerships with these groups to enhance the quality of life for all residents. Please allow us to remain a strong, positive presence for many years to come.

Thank you for your attention and continued dedication to our community.

Sincerely,

Highlighting Community Groups Supported by Our HOA

January 5, 2026

Dear County Commissioners,

On behalf of the residents of Saddlebag Lake Resort, I am writing to provide you with an overview of the various groups and initiatives within our community that we are proud to support.

As a cornerstone of our city within the city, we place a strong emphasis on fostering collaboration, benevolence and a community centric focus amongst residents. We believe these efforts not only enrich the lives of our residents but also contribute significantly to the overall well-being of Lake Wales and the wider county. Our residents have brought skills, wisdom, experience and a wealth of knowledge – they freely give that back, right here, to the City of Lake Wales.

Community Groups and Initiatives We Support

The financial impact we make to Lake Wales and the County is well into seven figures. In addition to this significant financial impact we have provided for decades to help continue to create a robust economy, is how daily as partners we help strengthen the city support system – at zero cost to taxpayers.

Thousands of dollars annually are donated to organizations in Lake Wales in addition to hundred of hours of service to the organizations we work alongside in helping to meet the essential needs of our City and County's neighbors, to include examples such as:

- Lake Wales Care Center:
    - We collect food, host toy drives and baby shower drives, always helping those less fortunate. For example, we donated 455 unwrapped new toys to area children this Christmas season as well as a check for $250.00.

    - Delivery of Meals on Wheels – residents of our community deliver these routinely each week
    - Literacy program
- CAP – Citizens Assisted Patrol – A Sheriff Grady initiative, we collaborate with local law enforcement, patrolling our own resort and saving county resources for other areas.
- Youth Sports teams – our Social Dance committee sponsors 2 Little League Baseball teams in Lake Wales
- Residents are active members of both the local Rotary and Moose Lodge.

Our 1,287 residents are partners, we are taxpayers, daily supporters and shoppers of small and corporate businesses and most of all, we are supporters of Polk County. We want to continue to pour our resources into this community. The proposed Sand Mine will assuredly make it impossible for us to continue to do so. Saddlebag Lake Resort has made significant economic and spirited impacts to the City and County for six decades. We look to you to allow us to continue to do so.

Commitment to Continued Support

We remain committed to strengthening our partnerships with these groups to enhance the quality of life for all residents. Please allow us to remain a strong, positive presence for many years to come.

Thank you for your attention and continued dedication to our community.

Sincerely,

Highlighting Community Groups Supported by Our HOA

January 5, 2026

Dear County Commissioners,

On behalf of the residents of Saddlebag Lake Resort, I am writing to provide you with an overview of the various groups and initiatives within our community that we are proud to support.

As a cornerstone of our city within the city, we place a strong emphasis on fostering collaboration, benevolence and a community centric focus amongst residents. We believe these efforts not only enrich the lives of our residents but also contribute significantly to the overall well-being of Lake Wales and the wider county. Our residents have brought skills, wisdom, experience and a wealth of knowledge – they freely give that back, right here, to the City of Lake Wales.

Community Groups and Initiatives We Support

The financial impact we make to Lake Wales and the County is well into seven figures. In addition to this significant financial impact we have provided for decades to help continue to create a robust economy, is how daily as partners we help strengthen the city support system – at zero cost to taxpayers.

Thousands of dollars annually are donated to organizations in Lake Wales in addition to hundred of hours of service to the organizations we work alongside in helping to meet the essential needs of our City and County's neighbors, to include examples such as:

- Lake Wales Care Center:
    - We collect food, host toy drives and baby shower drives, always helping those less fortunate. For example, we donated 455 unwrapped new toys to area children this Christmas season as well as a check for $250.00.
    - Delivery of Meals on Wheels – residents of our community deliver these routinely each week
    - Literacy program
- CAP – Citizens Assisted Patrol – A Sheriff Grady initiative, we collaborate with local law enforcement, patrolling our own resort and saving county resources for other areas.
- Youth Sports teams – our Social Dance committee sponsors 2 Little League Baseball teams in Lake Wales
- Residents are active members of both the local Rotary and Moose Lodge.

Our 1,287 residents are partners, we are taxpayers, daily supporters and shoppers of small and corporate businesses and most of all, we are supporters of Polk County. - Youth Sports teams – our Social Dance committee sponsors 2 Little League Baseball teams in Lake Wales
- Residents are active members of both the local Rotary and Moose Lodge.

Our 1,287 residents are partners, we are taxpayers, daily supporters and shoppers of small and corporate businesses and most of all, we are supporters of Polk County. We want to continue to pour our resources into this community. The proposed Sand Mine will assuredly make it impossible for us to continue to do so. Saddlebag Lake Resort has made significant economic and spirited impacts to the City and County for six decades. We look to you to allow us to continue to do so.

Commitment to Continued Support

We remain committed to strengthening our partnerships with these groups to enhance the quality of life for all residents. Please allow us to remain a strong, positive presence for many years to come.

Thank you for your attention and continued dedication to our community.

Sincerely,

Highlighting Community Groups Supported by Our HOA

January 5, 2026

Dear County Commissioners,

On behalf of the residents of Saddlebag Lake Resort, I am writing to provide you with an overview of the various groups and initiatives within our community that we are proud to support.

As a cornerstone of our city within the city, we place a strong emphasis on fostering collaboration, benevolence and a community centric focus amongst residents. We believe these efforts not only enrich the lives of our residents but also contribute significantly to the overall well-being of Lake Wales and the wider county. Our residents have brought skills, wisdom, experience and a wealth of knowledge – they freely give that back, right here, to the City of Lake Wales.

Community Groups and Initiatives We Support

The financial impact we make to Lake Wales and the County is well into seven figures. In addition to this significant financial impact we have provided for decades to help continue to create a robust economy, is how daily as partners we help strengthen the city support system – at zero cost to taxpayers.

Thousands of dollars annually are donated to organizations in Lake Wales in addition to hundred of hours of service to the organizations we work alongside in helping to meet the essential needs of our City and County's neighbors, to include examples such as:

- Lake Wales Care Center:
    - We collect food, host toy drives and baby shower drives, always helping those less fortunate. For example, we donated 455 unwrapped new toys to area children this Christmas season as well as a check for $250.00.
    - Delivery of Meals on Wheels – residents of our community deliver these routinely each week
    - Literacy program
- CAP – Citizens Assisted Patrol – A Sheriff Grady initiative, we collaborate with local law enforcement, patrolling our own resort and saving county resources for other areas.
- Youth Sports teams – our Social Dance committee sponsors 2 Little League Baseball teams in Lake Wales
- Residents are active members of both the local Rotary and Moose Lodge.

Our 1,287 residents are partners, we are taxpayers, daily supporters and shoppers of small and corporate businesses and most of all, we are supporters of Polk County. Our 1,287 residents are partners, we are taxpayers, daily supporters and shoppers of small and corporate businesses and most of all, we are supporters of Polk County. We want to continue to pour our resources into this community. The proposed Sand Mine will assuredly make it impossible for us to continue to do so. Saddlebag Lake Resort has made significant economic and spirited impacts to the City and County for six decades. We look to you to allow us to continue to do so.

Commitment to Continued Support

We remain committed to strengthening our partnerships with these groups to enhance the quality of life for all residents. Please allow us to remain a strong, positive presence for many years to come.

Thank you for your attention and continued dedication to our community.

Sincerely,

Highlighting Community Groups Supported by Our HOA

January 5, 2026

Dear County Commissioners,

On behalf of the residents of Saddlebag Lake Resort, I am writing to provide you with an overview of the various groups and initiatives within our community that we are proud to support.

As a cornerstone of our city within the city, we place a strong emphasis on fostering collaboration, benevolence and a community centric focus amongst residents. We believe these efforts not only enrich the lives of our residents but also contribute significantly to the overall well-being of Lake Wales and the wider county. Our residents have brought skills, wisdom, experience and a wealth of knowledge – they freely give that back, right here, to the City of Lake Wales.

Community Groups and Initiatives We Support

The financial impact we make to Lake Wales and the County is well into seven figures. In addition to this significant financial impact we have provided for decades to help continue to create a robust economy, is how daily as partners we help strengthen the city support system – at zero cost to taxpayers.

Thousands of dollars annually are donated to organizations in Lake Wales in addition to hundred of hours of service to the organizations we work alongside in helping to meet the essential needs of our City and County's neighbors, to include examples such as:

- Lake Wales Care Center:
    - We collect food, host toy drives and baby shower drives, always helping those less fortunate. For example, we donated 455 unwrapped new toys to area children this Christmas season as well as a check for $250.00.
    - Delivery of Meals on Wheels – residents of our community deliver these routinely each week
    - Literacy program
- CAP – Citizens Assisted Patrol – A Sheriff Grady initiative, we collaborate with local law enforcement, patrolling our own resort and saving county resources for other areas.
- Youth Sports teams – our Social Dance committee sponsors 2 Little League Baseball teams in Lake Wales
- Residents are active members of both the local Rotary and Moose Lodge.

Our 1,287 residents are partners, we are taxpayers, daily supporters and shoppers of small and corporate businesses and most of all, we are supporters of Polk County. We want to continue to pour our resources into this community. The proposed Sand Mine will assuredly make it impossible for us to continue to do so. Saddlebag Lake Resort has made significant economic and spirited impacts to the City and County for six decades. We look to you to allow us to continue to do so.

Commitment to Continued Support

We remain committed to strengthening our partnerships with these groups to enhance the quality of life for all residents. Please allow us to remain a strong, positive presence for many years to come.

Thank you for your attention and continued dedication to our community.

Highlighting Community Groups Supported by Our HOA

January 5, 2026

Dear County Commissioners,

On behalf of the residents of Saddlebag Lake Resort, I am writing to provide you with an overview of the various groups and initiatives within our community that we are proud to support.

As a cornerstone of our city within the city, we place a strong emphasis on fostering collaboration, benevolence and a community centric focus amongst residents. We believe these efforts not only enrich the lives of our residents but also contribute significantly to the overall well-being of Lake Wales and the wider county. Our residents have brought skills, wisdom, experience and a wealth of knowledge – they freely give that back, right here, to the City of Lake Wales.

Community Groups and Initiatives We Support

The financial impact we make to Lake Wales and the County is well into seven figures. In addition to this significant financial impact we have provided for decades to help continue to create a robust economy, is how daily as partners we help strengthen the city support system – at zero cost to taxpayers.

Thousands of dollars annually are donated to organizations in Lake Wales in addition to hundred of hours of service to the organizations we work alongside in helping to meet the essential needs of our City and County's neighbors, to include examples such as:

- Lake Wales Care Center:
    - We collect food, host toy drives and baby shower drives, always helping those less fortunate. For example, we donated 455 unwrapped new toys to area children this Christmas season as well as a check for $250.00.
    - Delivery of Meals on Wheels – residents of our community deliver these routinely each week
    - Literacy program
- CAP – Citizens Assisted Patrol – A Sheriff Grady initiative, we collaborate with local law enforcement, patrolling our own resort and saving county resources for other areas.
- Youth Sports teams – our Social Dance committee sponsors 2 Little League Baseball teams in Lake Wales
- Residents are active members of both the local Rotary and Moose Lodge.

Our 1,287 residents are partners, we are taxpayers, daily supporters and shoppers of small and corporate businesses and most of all, we are supporters of Polk County. We want to continue to pour our resources into this community. The proposed Sand Mine will assuredly make it impossible for us to continue to do so. Saddlebag Lake Resort has made significant economic and spirited impacts to the City and County for six decades. We look to you to allow us to continue to do so.

Commitment to Continued Support

We remain committed to strengthening our partnerships with these groups to enhance the quality of life for all residents. Please allow us to remain a strong, positive presence for many years to come.

Thank you for your attention and continued dedication to our community.

Sincerely,

Highlighting Community Groups Supported by Our HOA

January 5, 2026

Dear County Commissioners,

On behalf of the residents of Saddlebag Lake Resort, I am writing to provide you with an overview of the various groups and initiatives within our community that we are proud to support.

As a cornerstone of our city within the city, we place a strong emphasis on fostering collaboration, benevolence and a community centric focus amongst residents. We believe these efforts not only enrich the lives of our residents but also contribute significantly to the overall well-being of Lake Wales and the wider county. Our residents have brought skills, wisdom, experience and a wealth of knowledge – they freely give that back, right here, to the City of Lake Wales.

Community Groups and Initiatives We Support

The financial impact we make to Lake Wales and the County is well into seven figures. In addition to this significant financial impact we have provided for decades to help continue to create a robust economy, is how daily as partners we help strengthen the city support system – at zero cost to taxpayers.

Thousands of dollars annually are donated to organizations in Lake Wales in addition to hundred of hours of service to the organizations we work alongside in helping to meet the essential needs of our City and County's neighbors, to include examples such as:

- Lake Wales Care Center:
    - We collect food, host toy drives and baby shower drives, always helping those less fortunate. For example, we donated 455 unwrapped new toys to area children this Christmas season as well as a check for $250.00.
    - Delivery of Meals on Wheels – residents of our community deliver these routinely each week
    - Literacy program
- CAP – Citizens Assisted Patrol – A Sheriff Grady initiative, we collaborate with local law enforcement, patrolling our own resort and saving county resources for other areas.
- Youth Sports teams – our Social Dance committee sponsors 2 Little League Baseball teams in Lake Wales
- Residents are active members of both the local Rotary and Moose Lodge.

Our 1,287 residents are partners, we are taxpayers, daily supporters and shoppers of small and corporate businesses and most of all, we are supporters of Polk County. We want to continue to pour our resources into this community. The proposed Sand Mine will assuredly make it impossible for us to continue to do so. Saddlebag Lake Resort has made significant economic and spirited impacts to the City and County for six decades. We look to you to allow us to continue to do so.

Commitment to Continued Support

We remain committed to strengthening our partnerships with these groups to enhance the quality of life for all residents. Please allow us to remain a strong, positive presence for many years to come.

Thank you for your attention and continued dedication to our community.

Sincerely,

Highlighting Community Groups Supported by Our HOA

January 5, 2026

Dear County Commissioners,

On behalf of the residents of Saddlebag Lake Resort, I am writing to provide you with an overview of the various groups and initiatives within our community that we are proud to support.

As a cornerstone of our city within the city, we place a strong emphasis on fostering collaboration, benevolence and a community centric focus amongst residents. We believe these efforts not only enrich the lives of our residents but also contribute significantly to the overall well-being of Lake Wales and the wider county. Our residents have brought skills, wisdom, experience and a wealth of knowledge – they freely give that back, right here, to the City of Lake Wales.

Community Groups and Initiatives We Support

The financial impact we make to Lake Wales and the County is well into seven figures. In addition to this significant financial impact we have provided for decades to help continue to create a robust economy, is how daily as partners we help strengthen the city support system – at zero cost to taxpayers.

Thousands of dollars annually are donated to organizations in Lake Wales in addition to hundred of hours of service to the organizations we work alongside in helping to meet the essential needs of our City and County's neighbors, to include examples such as:

- Lake Wales Care Center:
    - We collect food, host toy drives and baby shower drives, always helping those less fortunate. For example, we donated 455 unwrapped new toys to area children this Christmas season as well as a check for $250.00.
    - Delivery of Meals on Wheels – residents of our community deliver these routinely each week
    - Literacy program
- CAP – Citizens Assisted Patrol – A Sheriff Grady initiative, we collaborate with local law enforcement, patrolling our own resort and saving county resources for other areas.
- Youth Sports teams – our Social Dance committee sponsors 2 Little League Baseball teams in Lake Wales
- Residents are active members of both the local Rotary and Moose Lodge.

Our 1,287 residents are partners, we are taxpayers, daily supporters and shoppers of small and corporate businesses and most of all, we are supporters of Polk County. We want to continue to pour our resources into this community. The proposed Sand Mine will assuredly make it impossible for us to continue to do so. Saddlebag Lake Resort has made significant economic and spirited impacts to the City and County for six decades. We look to you to allow us to continue to do so.

Commitment to Continued Support

We remain committed to strengthening our partnerships with these groups to enhance the quality of life for all residents. Please allow us to remain a strong, positive presence for many years to come.

Thank you for your attention and continued dedication to our community.

Sincerely,

Name: Joan Schevers

Dear County Commissioners,

On behalf of the residents of Saddlebag Lake Resort, I am writing to provide you with an overview of the various groups and initiatives within our community that we are proud to support.

As a cornerstone of our city within the city, we place a strong emphasis on fostering collaboration, benevolence and a community centric focus amongst residents. We believe these efforts not only enrich the lives of our residents but also contribute significantly to the overall well-being of Lake Wales and the wider county. Our residents have brought skills, wisdom, experience and a wealth of knowledge – they freely give that back, right here, to the City of Lake Wales.

Community Groups and Initiatives We Support

The financial impact we make to Lake Wales and the County is well into seven figures. In addition to this significant financial impact we have provided for decades to help continue to create a robust economy, is how daily as partners we help strengthen the city support system – at zero cost to taxpayers.

Thousands of dollars annually are donated to organizations in Lake Wales in addition to hundred of hours of service to the organizations we work alongside in helping to meet the essential needs of our City and County's neighbors, to include examples such as:

- Lake Wales Care Center:
    - We collect food, host toy drives and baby shower drives, always helping those less fortunate. For example, we donated 455 unwrapped new toys to area children this Christmas season as well as a check for $250.00.
    - Delivery of Meals on Wheels – residents of our community deliver these routinely each week
    - Literacy program
- CAP – Citizens Assisted Patrol – A Sheriff Grady initiative, we collaborate with local law enforcement, patrolling our own resort and saving county resources for other areas.
- Youth Sports teams – our Social Dance committee sponsors 2 Little League Baseball teams in Lake Wales
- Residents are active members of both the local Rotary and Moose Lodge.

Our 1,287 residents are partners, we are taxpayers, daily supporters and shoppers of small and corporate businesses and most of all, we are supporters of Polk County. We want to continue to pour our resources into this community. The proposed Sand Mine will assuredly make it impossible for us to continue to do so. Saddlebag Lake Resort has made significant economic and spirited impacts to the City and County for six decades. We look to you to allow us to continue to do so.

Commitment to Continued Support

We remain committed to strengthening our partnerships with these groups to enhance the quality of life for all residents. Please allow us to remain a strong, positive presence for many years to come.

Thank you for your attention and continued dedication to our community.

Sincerely,

Name: HAROLD PRAY

On behalf of the residents of Saddlebag Lake Resort, I am writing to provide you with an overview of the various groups and initiatives within our community that we are proud to support.

As a cornerstone of our city within the city, we place a strong emphasis on fostering collaboration, benevolence and a community centric focus amongst residents. We believe these efforts not only enrich the lives of our residents but also contribute significantly to the overall well-being of Lake Wales and the wider county. Our residents have brought skills, wisdom, experience and a wealth of knowledge – they freely give that back, right here, to the City of Lake Wales.

Community Groups and Initiatives We Support

The financial impact we make to Lake Wales and the County is well into seven figures. In addition to this significant financial impact we have provided for decades to help continue to create a robust economy, is how daily as partners we help strengthen the city support system – at zero cost to taxpayers.

Thousands of dollars annually are donated to organizations in Lake Wales in addition to hundred of hours of service to the organizations we work alongside in helping to meet the essential needs of our City and County's neighbors, to include examples such as:

- Lake Wales Care Center:
    - We collect food, host toy drives and baby shower drives, always helping those less fortunate. For example, we donated 455 unwrapped new toys to area children this Christmas season as well as a check for $250.00.
    - Delivery of Meals on Wheels – residents of our community deliver these routinely each week
    - Literacy program
- CAP – Citizens Assisted Patrol – A Sheriff Grady initiative, we collaborate with local law enforcement, patrolling our own resort and saving county resources for other areas.
- Youth Sports teams – our Social Dance committee sponsors 2 Little League Baseball teams in Lake Wales
- Residents are active members of both the local Rotary and Moose Lodge.

Our 1,287 residents are partners, we are taxpayers, daily supporters and shoppers of small and corporate businesses and most of all, we are supporters of Polk County. We want to continue to pour our resources into this community. The proposed Sand Mine will assuredly make it impossible for us to continue to do so. Saddlebag Lake Resort has made significant economic and spirited impacts to the City and County for six decades. We look to you to allow us to continue to do so.

Commitment to Continued Support

We remain committed to strengthening our partnerships with these groups to enhance the quality of life for all residents. Please allow us to remain a strong, positive presence for many years to come.

Thank you for your attention and continued dedication to our community.

Sincerely,

Name: David Kieffer
