Polk County Transportation Planning Organization (TPO)

Meeting Agenda

June 11, 2026 Regular TPO Board Meeting

1. Call to Order - 9:00 a.m. (Sara Roberts McCarley, Polk TPO Chair)
2. Confirmation of Quorum
3. Opportunity for Public Comment
4. Agenda Review - Ryan Kordek, Polk TPO Executive Director

CONSENT AGENDA (TAB 1)

These action items are considered to be routine and will be enacted by one motion. There will be no separate discussion on these items. A Board member may request an item be moved to the regular agenda for discussion.

5. Approval of Meeting Minutes
6. Approve Interlocal Agreement and Waiver of Conflict between Polk County and the Polk TPO for Legal Services

OTHER ACTION ITEMS (TAB 2)

7. Public Hearing on Draft Amendment to FY 2025/26 - 2029/30 Transportation Improvement Program (TIP)
8. Public Hearing on the Polk TPO's Draft FY 2026/27 - 2030/31 Transportation Improvement Program (TIP)
9. Appointment to the Central Florida MPO Alliance (CFMPOA)
10. Review/Approve Draft 2026 Priority Transportation Projects

PRESENTATIONS AND STATUS REPORTS (TAB 3)

11. Lakeland Intermodal Center Project Development and Environmental (PD&E) Study
12. Vision Zero Action Plan Update

REPORTS (TAB 4)

13. Executive Director's Report

14. Florida Department of Transportation (FDOT) Report

15. Opportunity for Public Comment

16. Board Member Comments
    a. Commissioner Becky Troutman - Unauthorized signage in public right-of-way (snipe signs)

17. Adjournment - Next TPO Board Meeting is scheduled for August 27, 2026.

In accordance with the Americans with Disabilities Act, persons with disabilities needing special accommodations to participate in this proceeding should contact the Board of County Commissioners, Communications Office, at 330 W. Church Street, Bartow. Telephone (863) 534-6090, not later than four days prior to the proceeding. If hearing impaired call: (TDD) (863) 534-7777 or 1-800-955-8771, or Voice impaired call: 1-800-955-8770, via Florida Relay Service.
The TPO planning process is conducted in accordance with Title VI of the Civil Rights Act of 1964 and Related Statutes. Any person or beneficiary who believes they have been discriminated against because of race, color, religion, sex, age, national origin, disability, or family status may file a complaint with the TPO's Title VI Specialist at (863) 534-6486, or by writing the Title VI Specialist at Post Office Box 9005, Bartow, Florida 33831-9005.

Mayor Phyllis Hall (Voting Member)	Town of Lake Hamilton

Advisory Members Present:	**Representing:**
Wayne Gaither	FDOT, District One
Ryan Kordek	Polk TPO Director
Dane Norman	TPO Legal Advisor

Other Persons Present:	**Representing:**
Angela Kaufman	Polk TPO Staff
Tracy Mullins	Polk TPO Staff
Cindy Mitchell	Polk TPO Staff
Lorenzo Thomas	Polk TPO Staff
Darryl Richard	FDOT
Myrtice Young	Polk County Historic Preservation
Dave Newell	FDOT Freight Coordinator
Matt McIntosh	FDOT Consultant/GFT
Andy Nicol	FDOT Consultant/GFT

Edith Perez	FDOT
Robert Lee	Member of the Public
Sharon Garrett	Member of the Public

INTRODUCTION

1. **Call to Order**

   Chair Sara Roberts McCarley called the TPO Board meeting to order at 9:00 a.m.

2. **Confirmation of Quorum**

   Angela Kaufman, Polk TPO staff, confirmed a quorum. Commissioner Dawn McDonald represented the South County Bloc and Mayor Phyllis Hall represented the Central County or Ridge Blocs. Advisory Council members in attendance included Wayne Gaither (FDOT), Ryan Kordek (Polk TPO), and Dane Norman (Polk County Legal).

3. **Opportunity for Public Comment**

   Chair Roberts McCarley opened the floor for public comments.

   Rober Lee expressed concerns about the projected Central Polk Parkway East location and provided a petition in opposition to this project.

   Sharon Garrett expressed concerns about the potential loss of her family land in connection with the planned Central Polk Parkway.

   Chair Roberts McCarley closed public comment.

4. **Agenda Review**

   Ryan Kordek, Polk TPO Director, provided an overview of the agenda and noted that the minutes had been revised and copies have been distributed. He explained there were a number of administrative items to be reviewed including resolutions, grant contracts, and budget items. In terms of action items, the agenda includes a proposed amendment to the TIP related to Moving I-4 Forward, a proposal to designate State Road 60 as a state designated scenic highway, and the review/approval of a contract with HDR, Inc., for the preparation of the I-4 Corridor Intermodal Planning and Feasibility Study.

CONSENT AGENDA

5. **Approve TPO Board Meeting Minutes – February 12, 2026**

6. **Approve Polk TPO Executive Director Quarterly Timesheets and Expense Reimbursements**

7. **Approve Polk TPO's 2025 Certification Review**

8. **Approve Draft TPO Resolution 2026-03 Authorizing the Chair to File a Transportation Disadvantaged Trust Fund Planning-Related Activities Grant Application**

9. **Approve the Amended and Restated Interlocal Agreement with Central Florida Metropolitan Planning Organization Alliance (CFMPOA)**

10. **Approve Selection Committee's Recommended List of General Planning Consultant Firms in Response to the TPO's Request for Proposals (RFP No. 25-687)**

Motion: Motion made by Vice-Chair Greenway, seconded by Commissioner A. Troutman. Motion carried without dissent.

OTHER ACTION ITEMS

11. **Public Hearing on Draft Amendments to FY 2025/26 – 2029/30 Transportation Improvement Program (TIP).**
Angela Kaufman, Polk TPO, provided a summary of the proposed amendment to the TIP and explaining the amendment allowed for an additional lane to be constructed on the west side of I-4 between US 27 to County Road 532 (Osceola Polk Line Road). The public hearing for this amendment to the TIP was published in the local newspaper and online but received no comment.

Chair Roberts McCarley opened the floor for public comments. There were none. The floor was closed for public comments.

Motion: Motion was made by Commissioner Rick Wilson and seconded by Commissioner A. Troutman.

Roll Call vote was taken and approved without dissent.

12. **Review/Approve Draft Polk TPO Resolution 2026-04 Supporting the Designation of State Road 60 as a Scenic Highway**
Darryl Richard, FDOT State Landscape Architect, provided a summary of the designation process.

Myrtice Young, Historic Preservation Manager, explained the benefits and attributes that could be expected if State Road 60 were to become a scenic highway. A video pointing out local landmarks that could be associated with the scenic highway designation was presented with the presentation.

Motion: Motion was made by Commissioner LaLonde, Jr. and seconded by Commissioner A. Troutman.

Commissioner Pfeiffer commented about her involvement since inception and expressing her support for the project.

Vice-Chair Greenway commented that he supports the project but stated concern about the safety issues already existing on State Road 60 and asked if this designation would prevent the expansion of State Road 60 in east Polk County, or any other projects to increase the safety of this highway.

Mr. Kordek stated the scenic highway designation will not prevent or hinder any projects of this highway and might enhance the ability to emphasize the need for these projects.

Commissioner Wilson stated his support for the designation but stated the expansion portion of State Road 60 needs to occur and Osceola County needs to move forward with their portion of this highway's expansion.

Chair Roberts McCarley stated her connection to State Road 60 and expressed support for the designation.

The motion carried unanimously.

13. **Review/Approve Consultant Services Authorization (CSA) TPO-25-686-01-01 with HDR Engineering, Inc. to prepare the I-4 Intermodal Passenger Rail Station Planning and Feasibility Study at a Cost Not-to-Exceed $500,000.**
Cindy Mitchell, Polk TPO Staff, provided a description of the study and requested the Board to approve the contract and CSA with HDR Engineering, Inc.

Motion: Motion made by Vice-Chair Greenway, seconded by Commissioner A. Troutman.

Commissioner Braswell expressed his disapproval of SunRail expansion providing funding facts. He stated concerns about the long-term financial responsibility of the County and citizens in Polk County.

Mr. Kordek clarified the purpose of the TPO's project stating this study will be an evaluation of candidate stops along the I-4 corridor for high speed rail and not for SunRail expansion which is proposed along the US 17/92 corridor.

Commissioner Santiago stated the study is needed to provide more information to make a more informed decision in the future.

Commissioner Musick expressed concerns about the future financial responsibilities the City of Lakeland might have related to commuter rail but overall approves of the study.

Chair Roberts McCarley acknowledged the clarification between Sun Rail and the high speed rail projects and reflected about the Brightline development from Orlando International Airport to Miami and how a couple of counties along the path of this rail did not participate initially and the benefit of completing a study now would prepare the County to make more informed decisions.

Mr. Kordek confirmed Chair Roberts McCarley's statement regarding the County of Stuart "playing catch up" to have a Brightline stop established after the rail line was already created. He stated that within the scope of the contract, a lot of public engagement was injected into this project to ensure public input is considered. Commissioner Braswell stated there had been a past meeting with Brightline and was told that Polk County might get a stop. He expressed concern about a private project

and the taxpayers funding a study for a private business. He noted that Brightline has gone into junk bond status.

Mr. Kordek explained that Brightline projects have had some public support and investment, and, in the future, it would be the decisions of the local agencies to contribute funds to such projects. This study would help support those types of decisions.

Chair Roberts McCarley suggested there be some clarification regarding “intermodal” and look at intermodal or different modes of transportation, it typically is a space to have bus, air advanced mobility or other public services around the station and this initial investment is necessary to offer various modes of transportation in a holistic manner.

Mayor Yates commented on the junk bond status and did a quick AI search and found that Brightline could be in default by 2027 and expressed concerns.

Mr. Kordek acknowledged the financial difficulties of Brightline and explained that another entity could assume responsibility and investment into high speed rail if this business fails. There has already been a significant investment in infrastructure between Orlando and Miami and another company could take over the service in the future.

Commissioner Coney stated support for the study.

Motion: Motion made by Commissioner Musick, seconded by Commissioner A. Troutman. Commissioner Braswell, Mayor Yates, and Mayor Hall voted against the motion. The motion passed with 14 members for the motion and 3 against the motion.

14. **Review/Approve Draft TPO Resolution 2026-05 approving the Amended Fiscal Year 2024/25 – 2025/26 Unified Planning Work Program (UPWP) and Authorizing the TPO Chair to Execute the Amended Metropolitan Planning Organization Funding Agreement**
    Mr. Kordek introduced agenda items 14 and 15 together and stated each item will requires separate action. He began by explaining the current FY 2024/25-2025/26 UPWP is being amended to move a large portion of the funds that were designated for the I-4 Intermodal Passenger Rail Station Planning and Feasibility Study to the new FY 2026/27 – 2027/28 UPWP. Staff is then also requesting the Board to approve the new FY 2026/27 – 2027/28 UPWP. Current and future projects were identified. The Adviser Network was notified and provided input on the new UPWP.

    Motion: Motion made by Commissioner A. Troutman, seconded by Commissioner Santiago. Motion carried without dissent.

15. **Review/Approve Draft TPO Resolution 2026-06 approving the Fiscal Year 2026/27 – 2027/28 Unified Planning Work Program (UPWP) and Metropolitan Planning Organization Funding Agreement**
    See agenda item 14.

Motion: Motion made by Commissioner Wilson, seconded by Commissioner Coney. Motion carried without dissent.

PRESENTATIONS AND STATUS REPORTS

16. Polk County Freight Plan

Wayne Gaither, FDOT District 1, introduced a new staff member, Dave Newell, FDOT Freight Coordinator.

Matt McIntosh, FDOT Consultant/GFT, provided a presentation explaining the purpose of the study, how the study was conducted, and what methodology was used in the study. The final recommendations of the study identify areas of critical need on existing roadways and networks. Stakeholder meetings occurred during the study to provide input and insight.

Chair Roberts McCarley commented about the necessity of freight and how freight traffic affects the mobility of all in Polk County.

17. Working Towards Target Zero

Wayne Gaither, FDOT District One, introduced John Kubicki before his presentation.

Chair Roberts McCarley explained that at a previous meeting, members were asking about where the safety data comes from and thanked Mr. Gaither for addressing this request.

John Kubicki, FDOT Safety Group, provided a presentation explaining the safety data derived from the law enforcement agencies' reports. He provided some statistics about the deaths in District One and Polk County. There are 11 safety projects that total about $15 million in Safety Funds programs for fiscal years 2026-2031. The safety strategic plan for District One will include educating the public and focusing on getting into the schools.

Commissioner Santiago commented there is a behavior problem within Polk County drivers.

Commissioner LaLonde, Jr. asked about Memorial Boulevard projects in Lakeland.

Mr. Kubicki responded they have identified two locations that have occurrences of accidents which are on the west side of Memorial Boulevard near the Polk Parkway and near State Road 33. But he was unfamiliar with specific projects.

Commissioner A. Troutman asked about the educational aspect of the plan and if it is limited to just K-12 schools.

Mr. Kubicki stated they are working with the Polk County Sheriff's office and university police departments. He deferred to Keith Roberts for more information about how this occurs.
Commissioner A. Troutman asked specifically about educating the older drivers.

Mr. Kubicki responded that there are targeted marketing efforts and there is a “car fit” program.

Commissioner A. Troutman asked about engaging the private sector like working with car dealerships.

Mr. Kubicki stated that car ratings for crash tests are involved. He then explained that local businesses such as Enterprise Rent-a-Car on State Road 92 have coordinated with them and provide tip cards and AARP is a member of their board and also the health care industry is represented, and they coordinate with them for crash data.

Commissioner Coney commented about the training for young drivers in the education system and asked I there are any modifications being made to address the need for improved driving education.

Mr. Kubicki stated they help advise the state about the driving tests and what ‘s included in the driving manual.

Chair Roberts McCarley stated there are specific benefits to driving education in the schools.

Commissioner Santiago recommended that US 27 needs to have rules to keep the trucks in the right lanes.

REPORTS

15. Executive Director’s Report

a. Meeting Packets

Mr. Kordek explained the logistical issues that have been occurring with TPO Board meeting packets arriving late through the mail. He encouraged members to access the digital packets that are provided by staff a week ahead of the meeting. Staff will also provide extra copies of printed packets and make them available to members at the meetings.

b. Central Florida MPO Alliance (CFMPOA) Meeting – April 10, 2025

Mr. Kordek spoke about the upcoming meeting and encouraged the TPO’s members to attend the meeting.

c. Joint SCTPA/CFMPOA Meeting (Sun Trax) – June 5, 2026

Mr. Kordek announced a joint meeting is being planned with our MPO/TPO counterparts in Tampa Bay and Central Florida. The meeting will be hosted by the Polk TPO and be held at the Turnpike’s SunTrax facility in Auburndale.

16. Florida Department of Transportation (FDOT) Report

a. Edith Perez, FDOT announced the Transportation Alternative/Congestion Management application cycle is closed; applications were due in GAP by 3/31. We hoped that anyone who was interested in this funding took the opportunity to apply.

A total of six applications were submitted for funding consideration, three for Winter Haven, two for Lakeland and one for Bartow.

b. The 2-year UPWP FY 26/27-27/28 total allocation is $2,730,292 and must be adopted by May 15. Once the new UPWP has been finalized and adopted, an amendment will be required to add the carry-over funds of $500K from the previous contract (G2V52) into the new contract (G3P39). After the funds are authorized, the budgetary ceiling will increase to $3,230,292. It is important to note that this funding is contingent and not guaranteed.
c. As we work to wrap up the FY 27-28 2 year UPWP, next up is the development of the next 5 year Transportation Improvement Program (TIP). FDOT TIP files were downloaded on April 2, 2026, and provided to the Polk TPO to begin the process. The adopted TIP is due to FDOT by July 15th.

Chair Roberts McCarley asked Mr. Kordek about the UPWP amendment.

Mr. Kordek explained the steps needed before the amendment can be processed.

17. Opportunity for Public Comment

Chair Roberts McCarley opened the floor for public comments. Seeing none, closed the floor.

18. Board Member Comments

Chair Roberts McCarley opened the floor for board member comments.

Commissioner Arroyo explained that he did not run for the commissioner's office in Haines City and thanked everyone. He will no longer be a sitting member on the TPO Board.

19. Adjournment – Next meeting date is June 11, 2026.

Motion to Adjourn: Motion made by Commissioner Coney, seconded by Commissioner Santiago.

The meeting adjourned at 10:35 a.m.

Respectfully transcribed by Angela Kaufman, TPO Transportation Planner.

Section 286.0105, Florida Statutes, states that if a person decides to appeal any decision made by a record of the proceedings, and that, for such purpose, he may need to ensure that a verbatim record of the proceedings is made, which record includes the testimony and evidence upon which the appeal is to be based.

Agenda Item 6. 6/11/2026

AGENDA ITEM

Approve Interlocal Agreement and Waiver of Conflict between Polk County and the Polk TPO for Legal Services

PRESENTER

NA

SUMMARY

Polk County through a separate agreement provides the staff and location for the Polk Transportation Planning Organization (“TPO”) which has included legal services from the County Attorney’s Office. Authorizing the County Attorney’s Office to provide legal services and advice to the TPO is efficient, a good use of county resources and benefits the citizenry at large. The proposed interlocal agreement as attached authorizes the County Attorney and the other attorneys within the County Attorney’s Office to provide legal advice and services at no additional cost to the TPO. Both the interlocal and waiver of conflict acknowledges that although the interests of each party are generally consistent, it is recognized and understood that differences may exist or become evident during the course of the legal representation. Notwithstanding these possibilities, both parties have determined that it is in their individual and mutual best interests to have a single legal office represent them. Both the interlocal and waiver of conflict provides if there is a conflict between the two parties that outside counsel will have to be used by both parties. Both the interlocal and waiver of conflict states that the parties agree to waive any conflict of interest that may arise including any conflict that may have arisen in the drafting of the documents.

RECOMMENDED ACTION

Approval of the Interlocal Agreement and Waiver of Conflict

ATTACHMENTS

1. Draft Interlocal Agreement between Polk County and the Polk TPO for Legal Services
2. Draft Waiver of Conflict

DRAFT
INTERLOCAL AGREEMENT BETWEEN POLK COUNTY, FLORIDA AND POLK COUNTY TPO, FOR LEGAL SERVICES BY THE COUNTY ATTORNEY'S OFFICE

THIS INTERLOCAL AGREEMENT (the "Agreement") is entered into as of the Effective Date (defined herein) by and between Polk County, a political subdivision of the State of Florida ("COUNTY"), and the Polk Transportation Planning Organization, ("TPO"), as follows:

RECITALS:

WHEREAS, Section 163.01, Florida Statutes, the Florida Interlocal Cooperation Act, authorizes the COUNTY and the TPO to enter into interlocal agreements to ensure the most efficient use of their respective powers and to exercise, jointly, any power, privilege, or authority which such agencies share in common and which each might exercise separately; and

WHEREAS, the County Attorney is appointed by the County Commission and is responsible for providing legal advice and services to the COUNTY and other constitutional officers on as-needed bases; and

WHEREAS, through a separate agreement, the COUNTY provides the staff and location for the TPO; and

WHEREAS, the TPO is desirous to receive legal advice and services from the County Attorney's Office, and the COUNTY through the County Attorney's Office is able to provide legal advice and services, to the TPO;

WHEREAS, the TPO having separate general counsel creates duplication and increase costs for the public; and

WHEREAS, all parties recognize that such services benefit the citizenry at large.

NOW, THEREFORE, in consideration of the mutual covenants hereafter contained, the parties hereby agree as follows:

SECTION 1: RECITALS

The above recitals are true and correct and by reference incorporated herein.

SECTION 2: COUNTY AUTHORIZATION FOR COUNTY ATTORNEY TO PROVIDE LEGAL ADVICE AND SERVICES TO THE TPO

A. The COUNTY hereby authorizes the County Attorney and other attorneys within the County Attorney's Office to provide legal advice and services to the TPO.

B. The COUNTY hereby acknowledges that a conflict of interest may occur that may prevent the County Attorney and other attorneys within the County Attorney's Office to represent the COUNTY in matters against or involving the TPO and in such matters outside counsel will have to be used by the COUNTY.

SECTION 3: TPO RESPONSIBILITIES

A. If the TPO desires to engage the County Attorney, the TPO shall contact the County Attorney and request legal advice or services. If the County Attorney determines in the County Attorney's sole discretion that the matter cannot be handled by the attorneys in the County Attorney's Office, the County Attorney will inform the TPO. The TPO shall be solely responsible for the costs of seeking legal advice or services from outside counsel, except for tort matters processed and handled by the Polk County Risk Management Division.

B. In legal matters involving tort claims, the TPO shall submit any notices or summons served on or received by the TPO to the County Attorney to forward to

the Polk County Risk Management Division to process and handle by staff or third party claim administrators and/or outside counsel and cooperate with the County Attorney's Office and Risk Management Division in the investigation, defense, and resolution of such claims.

C. The TPO hereby acknowledges that a conflict of interest may occur that may prevent the County Attorney and other attorneys within the County Attorney's Office to represent the TPO in matters against or involving the COUNTY and in such matters outside counsel will have to be used by the TPO.

D. Nothing herein shall prevent the TPO from acquiring outside counsel to handle matters on behalf of the TPO. TPO shall be solely responsible for the costs of legal advice and services not provided by the County Attorney's Office.

SECTION 4: NON-REPRESENTATION OF INDIVIDUALS AND WAIVER OF CONFLICT BY COUNTY AND TPO

The parties agree that legal services provided in this Agreement do not include advising or representing the TPO in their individual capacity, or the employees of the TPO'S Office in their individual capacities. The COUNTY and the TPO agree and acknowledge that although the interests of each party are generally consistent, it is recognized and understood that differences may exist or become evident during the course of the legal representation. Notwithstanding these possibilities, both parties have determined that it is in their individual and mutual best interests to have a single legal office represent them. Despite any potential or actual conflict of interest which may exist now or in the future, the COUNTY and the TPO consent to the County Attorney and the attorneys within the County Attorney's Office to simultaneously represent both the COUNTY and

the TPO. It is further understood and agreed that the County Attorney and the other attorneys within the County Attorney's Office may freely convey necessary information provided by one party to the other party. Each party hereto have agreed to waive any conflict of interest that may arise, including any conflict that may have arisen in the drafting of this Agreement. Nothing herein shall prohibit the TPO from employing separate legal counsel for specific needs when deemed necessary and appropriate by the TPO. The parties hereby agree that in the event of a dispute between the COUNTY and the TPO, or where provision of such services would be in violation of the Rules Regulating the Florida Bar, the Office of the County Attorney shall withdraw from representing the TPO.

SECTION 5: TERM OF THE AGREEMENT

This Agreement shall commence upon its execution by the COUNTY ("Effective Date") and shall remain in effect until terminated by either party as provided herein. This Agreement may be terminated by either party with or without cause upon ten (10) days written notice to the other party of this Agreement.

SECTION 6: NOTICES

The Parties shall direct all correspondence and notices to the attention of the public official identified below. That designated official shall be responsible for all material actions, oversight and coordination in the performance of this Agreement.

To COUNTY:	To TPO:
POLK COUNTY C/o County Attorney 330 West Church St Bartow, FL 33830	Polk County TPO c/o TPO Executive Director 330 West Church St. Bartow, FL 33830

Each party reserves the right to designate another official to be the point of contact without formal amendment to this Agreement by written, certified, return receipt U.S. Mail, facsimile transmission or e-mail notice to the other ten (10) days prior to the desired date of substitution thereof. If electronic, telex or facsimile notice is used; a record of confirmation of receipt of such transmission must be maintained.

All notices must be in writing and are effective only: (i) when deposited in the U.S. mail, certified mail, return receipt requested and postage prepaid, or (ii) when sent via overnight delivery. Notice will be deemed delivered on the date of receipt (or on the date receipt is refused) as shown on the certification of receipt or on the records or manifest of the U.S. Postal Service or overnight delivery service, as applicable.

SECTION 7: GENERAL PROVISIONS

A. **Waiver:** Failure of the parties to enforce any right hereunder shall not be deemed a waiver of such right. No covenant, condition, or provision of this Agreement can be waived except with both parties written consent. Any such waiver by the parties in one instance shall not constitute a waiver of subsequent default, unless it specifically states in the written consent.

B. **Modification:** This Agreement may not be modified in any way, unless such modification is in the form of a written amendment properly executed by all parties to this Agreement

C. **Governing Law and Venue:** This Agreement shall be governed and interpreted under the laws of the State of Florida. Each of the parties hereto hereby irrevocably (i) agrees that any suit, action or other legal proceeding against any of them arising with respect to this Agreement shall be brought in the state courts

of Polk County, State of Florida, in the 10th Judicial Circuit; and (ii) waives any and all objections any of them might otherwise now or hereafter have to the laying of the venue of any such suit, action or proceeding in any of the courts referred to in this Section hereof or to service of any writ, summons or other legal process in accordance with applicable law.

D. **Employee Status:** Persons employed by the COUNTY or the TPO, in the performance of services and functions pursuant to this Agreement, shall have no claim on the other party to this Agreement for pension, worker's compensation, unemployment compensation, civil service, or any other employee rights or privileges granted by operation of law or otherwise to officers and employees of the other party to this Agreement.

E. **Sovereign Immunity:** Nothing herein shall be deemed a waiver, express or implied of either Party's sovereign immunity under Section 768.28, Florida Statutes or considered a waiver of immunity or the limits of liability beyond any statutorily limited waiver of immunity or limits of liability which may have been adopted by the Florida Legislature in Section 768.28, Florida Statutes or other state statute. To the extent anything contained in this Agreement constitutes a waiver of sovereign immunity, such terms and conditions shall be interpreted to the fullest extent possible to effectuate the intent of the parties, but deleting any terms or conditions which would constitute a waiver of sovereign immunity.

F. **Severability:** If any term, covenant, or condition of this Agreement or the application thereof to any person or circumstances shall to any extent, be deemed lawfully invalid or unenforceable, the remainder of this Agreement, or

the application of such term, covenant, or condition to persons or circumstances other than those as to which it is held invalid or unenforceable, shall not be affected thereby and each term, covenant, and condition of this Agreement shall be valid and enforced to the fullest extent permitted by law.

G. **Integration:** Parties agree that this Agreement sets forth the entire agreement between the parties and that there are no promises or understandings other than those stated herein. This Agreement supersedes all prior agreements, contracts, proposals, representations, negotiations, letters, or other communications between the parties pertaining to the subject matter of this Agreement, whether written or oral. Any prior agreements or contracts between the parties pertaining to the subject matter of this Agreement are hereby mutually terminated.

H. **Joint Preparation:** The preparation of this Agreement has been a joint effort of the parties, and the resulting document shall not, solely as a matter of judicial construction, be construed more severely against one of the parties than the other.

I. **Headings:** The captions and headings contained in this Agreement are for convenience only and shall not be considered in the construction or interpretation of any provision hereof.

J. **Independence of Parties:** This Agreement is not intended and shall not be construed in a way so as to deprive any party of the jurisdictional powers vested in said party nor is it the intention of the parties to combine their individual departments into a single department in order to provide the services

encompassed by this Agreement. In addition it is the intent of this Agreement that the parties shall at all times act as independent governmental entities.

(AGREEMENT CONTINUED ON FOLLOWING PAGE WITH SIGNATURES AND REMAINDER OF PAGE INTENTIONALLY LEFT BLANK)

IN WITNESS WHEREOF, the parties hereto have executed this Agreement as of the Effective Date.

DRAFT AGREEMENT BETWEEN POLK COUNTY, FLORIDA AND POLK COUNTY TPO WAIVER OF CONFLICT OF INTEREST

THIS AGREEMENT is by and between Polk County, Florida, a political subdivision of the State of Florida, hereinafter the "COUNTY," and the Polk County Transportation Planning Organization, hereinafter the "TPO," or his/her successor.

WHEREAS, the TPO desires that the Polk County Office of the County Attorney provide legal services to the TPO and the County Attorney is willing and able to provide such services; and

WHEREAS, the County Attorney is appointed by the County Commission and is responsible for providing legal advice and services to the COUNTY and other constitutional officers on as-needed bases; and

WHEREAS, the COUNTY and the TPO agree and acknowledge that although the interests of each party are generally consistent, it is recognized and understood that differences may exist or become evident during the course of the legal representation; and

WHEREAS, notwithstanding these possibilities, both parties have determined that it is in their individual and mutual best interests to have a single legal office represent them; and

WHEREAS, Rule 4-1.7 of the Rules Regulating the Florida Bar provides that an attorney must not represent a client in the same or similar matter if such representation could be directly adverse to another client or there is risk that representation of one client will be materially limited by attorney's responsibilities to another client, unless a waiver is obtained.

NOW, THEREFORE, IN CONSIDERATION of the mutual understandings, terms, and conditions set forth, the parties agree as follows:

1. **Recitals.** The foregoing recitals are true and correct and incorporated herein.

2. **Waiver.** Despite any potential or actual conflict of interest which may exist now or in the future, the COUNTY and the TPO consents to the Polk County Office of the County Attorney simultaneously representing both the COUNTY and the TPO. The COUNTY and the TPO hereby agree to waive any conflict of interest that may arise, including any conflict that may have arisen in the drafting of this Agreement. The parties agree that such services do not include advising or representing the TPO or employees of the TPO in their individual capacities. It is further understood and agreed that the County Attorney and the other attorneys within the County Attorney's Office may freely convey necessary information provided by one party to the other party.

3. **Withdraw.** Nothing herein shall prohibit the TPO from employing separate legal

counsel for specific needs when deemed necessary and appropriate by the TPO. The parties hereby agree that in the event of a dispute between the COUNTY and the TPO, or where provision of such services would be in violation of the Rules Regulating the Florida Bar, the Polk County Office of the County Attorney shall withdraw from representing the TPO.

4. Effective Date and Termination. This Agreement shall commence upon its execution by the COUNTY ("Effective Date") and shall remain in effect until terminated by either party as provided herein. Either party may immediately terminate this Agreement with or without cause by providing notice to the other party. In the event the TPO, or any successor TPO that may be elected or appointed, no longer wants to obtain the services of the Polk County Office of County Attorney, the TPO, or successor, will provide written notice to the County Attorney. Upon notice of termination, this Agreement will be considered terminated and the Polk County Office of the County Attorney will be relieved from representation of the TPO, or his/her successor.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement as of the Effective Date.

Agenda Item 7. 6/11/2026

AGENDA ITEM

Public Hearing on Draft Amendment to FY 2025/26 - 2029/30 Transportation Improvement Program (TIP)

PRESENTER

Angela Kaufman, TPO Staff

SUMMARY

TPO staff will introduce a draft amendment to the current TIP requested by the Florida Department of Transportation (FDOT) and following a public hearing request approval from the TPO Board.

It is important projects appear in the TIP accurately in order to remain eligible for federal funding therefore the TPO is requested by FDOT to make amendments to the TIP several times a year as certain refinements to programmed projects are made.

RECOMMENDED ACTION

The TPO's Technical Advisory Committee (TAC) has recommended the TPO Board approve the Draft Amendment to the FY 2025/26 - 2029/30 TIP as presented.

RE: Request for Amendment and/or Modification to the Polk Transportation Planning Organization (TPO) Fiscal Year (FY) 25/26 – 29/30 Transportation Improvement Program (TIP)

Dear Mr. Kordek:

The purpose of this letter is to request the Polk TPO approve the following amendment/modification to the TIP FY 25/26 - 29/30 at the next Polk TPO Board meeting on June 11, 2026.

- **457234-1: EAST CENTRAL AVENUE CROSSING 625481Y**
  Amendment needed to add this Rail project to the current TIP FY 25/26. Railroad safety improvements and upgrades are part of Section 130 safety program aimed at eliminating railroad-highway hazards.

Please see enclosed table for project details. These projects must be shown and listed correctly in the Polk TPO TIP to show transparency and ensure authorization of funds.

If you have any questions or concerns, please let me know.

Agenda Item 8. 6/11/2026

AGENDA ITEM

Public Hearing on the Polk TPO's Draft FY 2026/27 - 2030/31 Transportation Improvement Program (TIP)

PRESENTER

Angela Kaufman, TPO Staff

SUMMARY

In order to meet federal requirements, the TPO must adopt and maintain a TIP document annually. Projects included in the TIP are derived from FDOT's Five Year Work Program and local government Capital Improvement Programs (CIP). The TIP is essentially an implementation tool for how state and federal funds will be spent on transportation projects in Polk County.

Projects included in the TIP must be listed accurately to include the proper funding source, amount, a precise description of the project, the year programmed, and correct project limits in order to receive federal funding.

In accordance with the TPO's Public Participation Plan, a public comment period for the draft document opened on May 8, 2026. A public hearing is scheduled for this item at the TPO Board meeting on June 11, 2026, and the Board will hear public comments prior to taking action on this item.

RECOMMENDED ACTION

The TPO's Technical Advisory Committee (TAC) has recommended the TPO Board approve the Draft FY 2026/27 -2030/31 Transportation Improvement Plan (TIP) with a request that FDOT re-program the State Road 60 Railroad Overpass at the CSX "S" Line and New York Avenue Pedestrian Overpass in its Five Year Work Program at its earliest available opportunity.

Endorsement

Following an advertised public hearing at its June 11, 2026, meeting, the Polk Transportation Planning Organization discussed and approved the FY 2026/27 – 2030/31 Transportation Improvement Program (TIP).

Mayor Sara Roberts McCarley - Chairperson
Polk Transportation Planning Organization

The FY 2026/27 – 2030/31 TIP was prepared by the Polk TPO in cooperation with the Florida Department of Transportation, the Citrus Connection / Lakeland Area Mass Transit District and the 18 local governments of Polk County, Florida. It is hereby certified that the TIP was developed according to state and federal requirements 23 U.S.C. 134, 49 U.S.C. 5303 and Subsection 339.175 (8) F.S. Furthermore, it is hereby certified that the planning process of the Polk TPO is being carried out in conformance with requirements listed under the following provisions: 23 C.F.R. 450.334; 23 C.F.R. 450.326 (a); 23 U.S.C. 134; and F.S. 339.175 (8). This certification determination is being made based on an in-depth review by FDOT and encompasses all aspects of the Polk TPO's transportation planning process.

This report was prepared by the Polk TPO with funding from the Federal Highway Administration (CFDA No. 20.205 Highway Planning and Construction), Federal Transit Administration (CFDA No. 20.505 Federal Transit Technical Studies Grant Metropolitan Planning), Florida Department of Transportation, and Polk County. The contents of this report do not necessarily reflect the official views or policies of the U.S. Department of Transportation.

Transportation Adviser Network

The TPO's Transportation Adviser Network is comprised of 404 members (as of June 2026) representing a broad, diverse cross-section of Polk County residents and interested parties. The Advisor Network's purpose is to function as an alternate mechanism for citizen involvement with the objective of increasing public involvement, especially by members of minority and low-income households. Formed by TPO community outreach efforts, the Adviser Network provides a less formal, more extensive structure than the TPO's traditional Citizens Advisory Committee for soliciting public participation and comment.

The Adviser Network includes current and former transportation industry professionals, people who serve on various boards and committees around the area, and people between the ages of 18 and 65+. The following municipalities are represented with membership on the Adviser Network: Auburndale, Bartow, Davenport, Frostproof, Haines City, Lake Alfred, Lake Wales, Lakeland, Mulberry, Poinciana, Polk City and Winter Haven. Beyond Polk County, the following Central and West Central Florida communities are represented: Clermont, Kissimmee, Orlando, Safety Harbor, Tampa and Wesley Chapel.

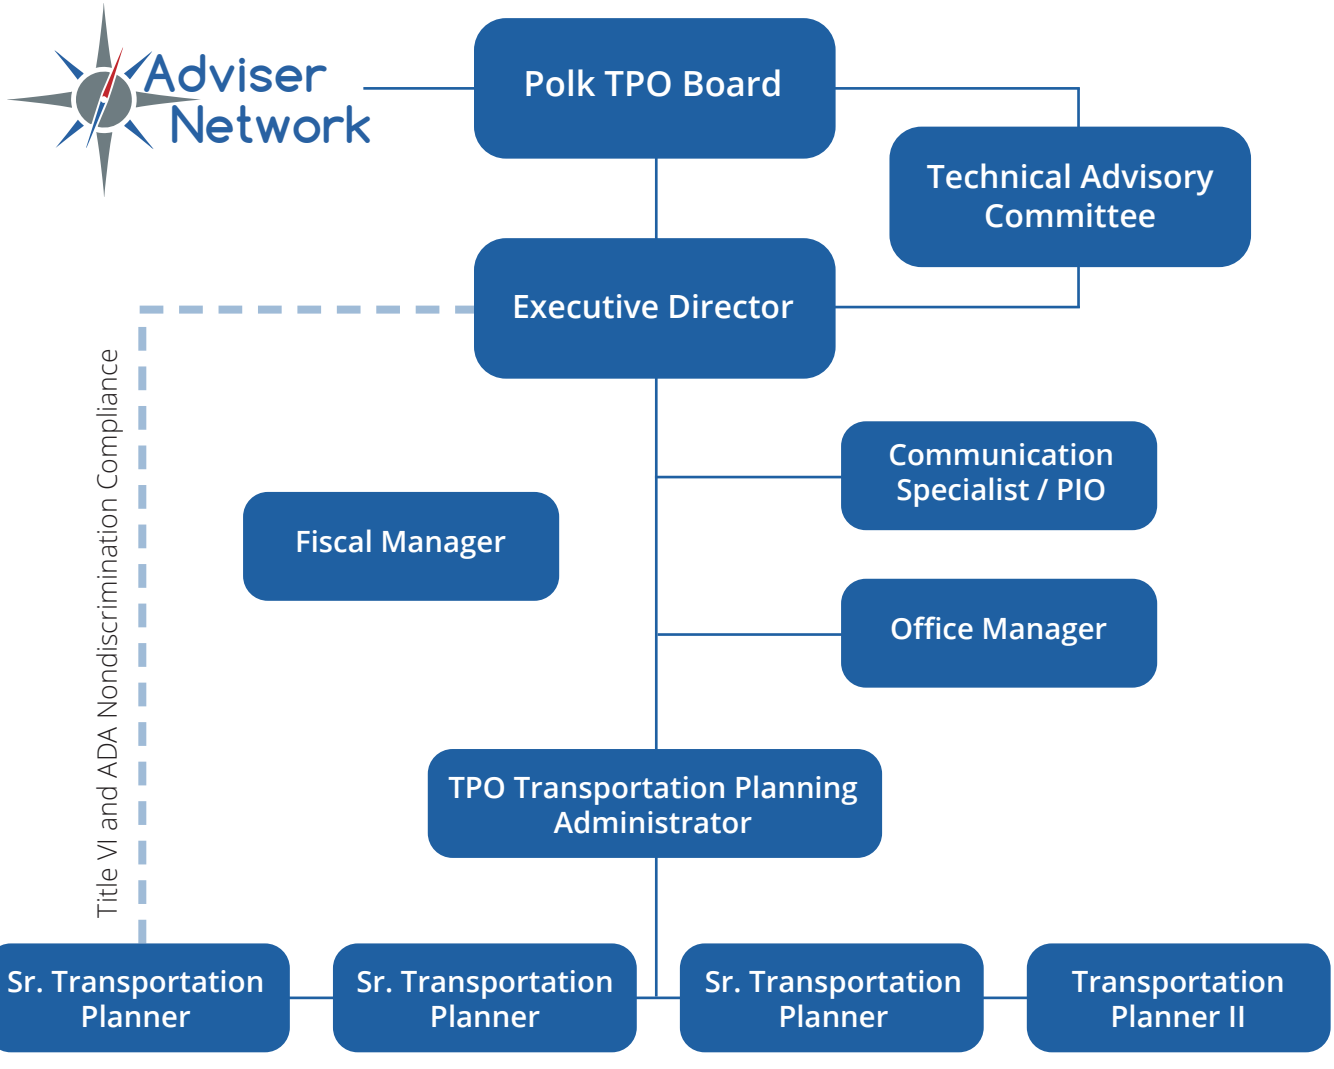
Polk TPO Staff

Polk Transportation Planning Organization



Title IV / ADA Officer

Purpose

The Transportation Improvement Program (TIP) identifies a prioritized, financially feasible five-year program of transportation projects within Polk County that are funded through federal, state, and local sources. All projects included in the TIP are programmed by the Florida Department of Transportation (FDOT) and are consistent with the Polk Transportation Planning Organization's (Polk TPO) adopted Envision 2050 Long Range Transportation Plan (LRTP) and annual priority project lists.

The TIP includes projects within the Polk TPO metropolitan planning area funded under Title 23 and Title 49 of the United States Code, as well as regionally significant projects requiring federal action. The program addresses all modes of transportation and includes highway, transit, bicycle and pedestrian, aviation, freight, rail, and intermodal projects, including both capital and non-capital initiatives.

Polk TPO updates and adopts the TIP annually to maintain consistency with the FDOT Five-Year Work Program and to preserve eligibility for federal transportation funding authorized under the Infrastructure Investment and Jobs Act (IIJA). The IIJA supports investments in roadway, bridge, transit, passenger rail, and freight infrastructure, while emphasizing system resiliency, safety, and multimodal connectivity for all users, including pedestrians and bicyclists.

The TIP is developed through a continuing, comprehensive, and cooperative (3C) planning process conducted in coordination with FDOT, local governments, public transportation providers, and other transportation partners responsible for planning, constructing, operating, and maintaining the transportation system within Polk County.

How to use the TIP

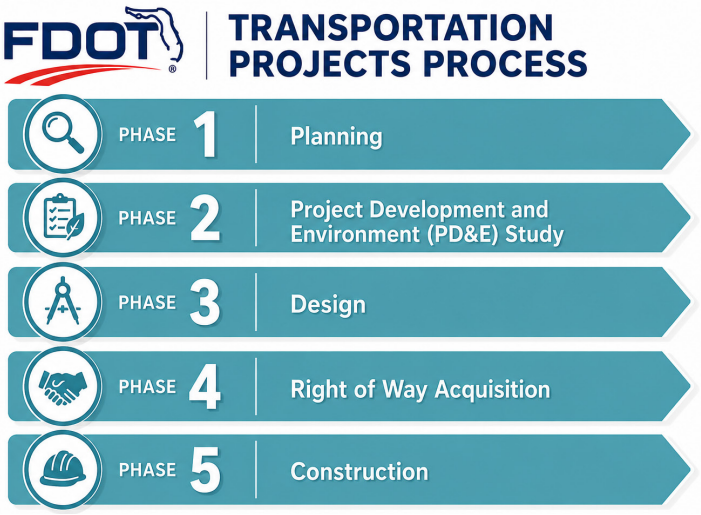
The TIP identifies cost-feasible transportation projects scheduled for implementation during the five-year planning period and reflects the goals, objectives, and investment priorities established in the Polk TPO's adopted Envision 2050 LRTP.

Projects are organized by transportation category, including:

- Pedestrian/Bicycle
- Turnpike
- Highways
- Aviation
- Florida Rail Enterprise
- Transit
- Transportation Modeling
- Intermodal
- Maintenance

Most transportation projects advance through a standard project development process including a Planning phase, Project Development and Environment (PD&E) phase, the Design (PE) phase, the Right-of-Way (ROW) phase, and the Construction (CST) phase. Certain projects may not require all phases. For example, projects that do not require additional property acquisition may not include a ROW phase.

Project cost information shown in the TIP includes prior expenditures and future programmed costs within the FDOT Work Program. Total project costs may not reflect the complete cost of a project if portions of the project extend beyond the current TIP period. If a construction phase is not identified, the total project cost shown may be incomplete.



Certain project categories, such as resurfacing, operational improvements, or safety projects, may identify program funding rather than a total project cost.

The Strategic Intermodal System (SIS) is Florida's statewide network of high-priority transportation facilities that support statewide and interregional mobility and economic competitiveness. SIS facilities include major highways, rail corridors, airports, seaports, waterways, freight terminals, passenger terminals, and intermodal connectors. Projects located on SIS facilities are identified accordingly within the TIP.

Project Selection

Consistent with the Polk TPO's adopted project prioritization policies, the annual priority project selection process begins each fall with the solicitation of candidate projects from local governments, transit agencies and transportation partners. Candidate projects commonly include context-sensitive street designs, bicycle and pedestrian safety projects, transit enhancements, congestion management strategies, intersection improvements and multi-use trail facilities.

To support the development of project priorities, Polk TPO staff conduct coordination meetings and workshops with local jurisdictions to review application procedures, evaluation criteria and funding eligibility requirements.

Each spring, a subcommittee comprised of representatives from the Technical Advisory Committee (TAC), and the Transportation Adviser Network evaluates, scores, and ranks submitted applications using criteria adopted by the TAC and the Polk TPO Board. These rankings form the basis of the Polk TPO's annual transportation priorities and are developed in accordance with federal metropolitan planning requirements identified in 23 C.F.R. 450.332(b).

Additional projects included in the TIP are derived from the adopted LRTP and coordinated with FDOT, Polk County, local municipalities and regional transportation partners.

Project Priority Statement

On June 12, 2025, the Polk TPO Board adopted the 2025 Priority Transportation Projects for submittal to FDOT for consideration during development of the FY 2026–2031 Tentative Work Program.

Polk TPO's highest-ranked priority project is the widening of U.S. Highway 98 from four to six lanes between Edgewood Drive and Sylvester Road to increase the level of service for this section of road because it is operating over capacity. The second highest-ranked priority project is a widening project to a small section of U.S. Highway 17/92 in downtown Haines City between 1st Street and 7th Street due to volume approaching capacity of this roadway. Another significant priority project is the State Road 544 widening, intersection and safety improvement project extending from Avenue Y NE to State Road 27, which is anticipated to be implemented in multiple phases.

FDOT may remove, defer, or "drop" projects from the State Transportation Improvement Program (STIP) that were listed as a Priority Project in an MPO's List of Priority Projects (LOPP). This might be done for several reasons, most of which relate to funding, project readiness, changing priorities or compliance requirements. A project removed from the STIP does not always mean it is permanently canceled – many projects are delayed, rescoped or moved to a later funding cycle.

One of such "dropped" projects is the State Road 60 at CSX S-Line Rail Crossing project identification number 436559-1 which is located about one mile south of CSX's Central Florida Integrated Logistics Center (ILC) on CSX's S-Line. The S-Line is a major rail line running north-south on the Florida Peninsula. Trains serving the facility can be up to two miles long, which leads to significant back-ups and traffic safety issues on State Road 60. The project is designed to create a grade separation to allow flow of highway traffic and rail traffic, reducing congestion and improving safety by eliminating the conflict point and crash potential. It is the hope of the TPO board that this project will be restored and programmed in the STIP, as it remains one of the highest priority projects identified in Polk TPO's List of Priority Projects (LOPP).

Consistent with previous TIP cycles, Polk TPO's adopted priorities emphasize congestion management, safety, freight mobility, bicycle and pedestrian improvements, transit enhancements and multi-use trail connectivity.

The adopted priorities are consistent with the goals and objectives established in the Envision 2050 LRTP, Congestion Management Process (CMP), Multi-Use Trail Plan, and Transit Development Plan (TDP). Polk TPO also coordinates with local governments to ensure consistency between transportation planning initiatives and local comprehensive planning efforts.

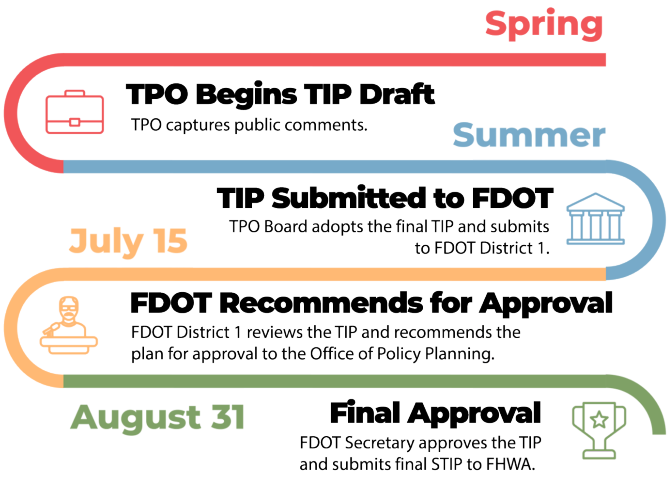
Transportation Improvement Program Schedule

The FDOT issued a directive on TIP development and review on March 15, 1993. This directive specifies a schedule for submission of the TIP to the governor and federal agencies. Adopted TIP documents must be submitted to FDOT each year by July 15.

The TPO will continue to prepare a list of Priority Transportation Projects for adoption by the

TPO Board and will submit the list to FDOT by July 1 each year. The succeeding Tentative Work Program will be used for the annual update of the TIP.

The state fiscal year runs from July 1 through June 30. In contrast, the fiscal year for Polk County and local governments extends from October 1 through September 30. The Capital Improvement Plans for Polk County and the local governments are not completely developed by the time the TIP is adopted, so additional information regarding new projects in local CIPs and for the TD element must be added to the TIP as an amendment later.



Congestion Management Process

As part of the TPO's Long Range Transportation Plan, Envision 2050, Transportation Management Area funding is provided to support the congestion management and related context-sensitive street designs. Improvements resulting from the Congestion Management Process can include a full range of activities, from demand management and multimodal improvements that reduce auto usage, to significant intersection and roadway expansion projects. Key focus areas for the Congestion Management Process include:

Constrained Roadways
These are roadways where additional widening projects are not feasible due to environmental, community or policy constraints.

Unfunded Needs
These are projects identified as needed in Envision 2050. However, funding is not available and they are not considered cost-feasible.

Freight Hot Spots
Addressing specific areas of freight and goods movement operation deficiencies.

Consistency with Other Plans

The projects included in the TIP are consistent with adopted short- and long- range transportation plans, as well as the master plans of other agencies and jurisdictions in Polk County.

Transportation projects which involve federal participation are also consistent with Envision 2050, an applicable transit development plan, or airport master plan. Transit projects are consistent with the Transit Development Plan (TDP) and the Transportation Disadvantaged

Service Plan (TDSP). Projects are also reviewed to ensure their consistency with adopted Comprehensive Plans of Polk County's local governments.

Should a change in project funding, scope or limit arise, the TPO amends the TIP through a TIP amendment process. This process mirrors the procedures required for developing and adopting the TIP. The TPO presents TIP amendments at regularly scheduled TPO Board meetings, and public notices are published on the Polk County Public Notice website and local newspaper. Social media is also used to promote public hearings, as well as a list of email contacts from the Adviser Network. Final approval of amendments by the TPO Board is done via a roll call vote consistent with subsection 339.175(14) F.S.

Public Involvement

The TPO's Public Participation Plan requires publishing a public notice and including public participation. The public notice was published in The Lakeland on May 8, 2026 and the Polk County Public Notice website (https://polkcounty.column.us/search) to announce a 30-day comment period and a public hearing on June 11, 2026.

An email was sent to the Polk TPO Adviser Network to explain the TIP process, including how to request a copy of the draft TIP and how to comment on it. Additionally, an informational social media video directed followers to a survey on our website and to provide more information about the TIP.

We received a total of **TBD** comments and responses from the public regarding the status of the roads and transportation system with Polk County and its 17 municipalities. This feedback provides valuable insight into the transportation requests and needs of the residents. Most comments focused on transportation needs **TBD**. Topics included recommendations **TBD**. A complete listing of the public comments received on the Draft TIP can be found in Appendix C.

The Polk TPO Adviser Network receives information on a regular basis. The members are residents with an interest in transportation issues affecting the area. They assist Polk TPO in developing transportation-related goals and objectives for shaping the urban environment.

All meetings of the Polk TPO Board and its advisory committees are open to the public and provide opportunities for public comments. The public information process also includes a yearly State of the Transportation System update, informational videos, community forums and events.

The FY 2026/27 - 2030/31 Draft TIP was reviewed by the Technical Advisory Committee on May 21, 2026, and approved by the TPO Board on June 11, 2026.

Certification

A joint review of the TPO's planning process is conducted with FDOT each year. The currently adopted certification review was completed on March 19, 2026. The purpose of this review

is to evaluate the effectiveness of the planning process and to determine its compliance with applicable federal and state requirements. The referenced parties jointly certify that the metropolitan transportation planning process (as described in 23 C.F.R. 450.336.) in the Lakeland/Winter Haven urbanized areas is addressing the major issues facing the area and is being conducted in accordance with all applicable requirements.

The previous FHWA/FTA Quadrennial certification process was conducted on September 13, 2023. The next review will take place in 2027.

Regionally Significant Projects

(Exit 38) Interstate 4 (I-4) (State Road 400) at State Road 33 (FM 430185-3, 430185-4, 430185-7 and 201214-8):

Interchange Modification and two Wildlife Crossings – This project is being completed in four segments which includes the following:

- Segment one is the section of State Road 33 from Old Combee Road to south of University Boulevard reconstructing the road to a four-lane divided highway, a 10-foot sidewalk along the west side of the road and a 10-foot wide shared use path along the east side of State Road 33.
- Segment two is the section of State Road 33 from south of University Boulevard to north of Tomkow Road which goes under an I-4 bridge. A full reconstruction of the bridge and interchange will occur. The bridge will increase in height to 16 inches to meet the minimum required clearance while the roadway will be expanded to four lanes.
- Segment three will be the creation of a State Road 33 wildlife underpass which will replace an existing box culvert with a new bridge crossing to allow for the drainage of water and a path for wildlife to pass under State Road 33. It will be located approximately 1.8 miles north of the I-4/State Road 33 interchange.
- Segment four is the construction of a wildlife crossing over I-4 approximately 1.6 miles east of the I-4/State Road 33 interchange connecting the Tenoroc Management Area to the south. It will be a 44-foot-wide bridge and include plants, trees, and shrubs to allow wildlife to cross over safely.

These projects began in February 2025.

Central Polk Parkway (State Road 570B) from U.S. Highway 17 to State Road 570 (FM 440897-2):

The creation of a new four-lane tolled roadway extending approximately 6.5 miles of the Polk Parkway/SR 570 from Winter Lake Road/SR 540 to US 17/SR 35. Construction is to be completed in 2029.

Central Polk Parkway Extension (State Road 570B) (FM 440897-3-52-0):

Extension of the Central Polk Parkway/State Road (SR) 570B with approximately 2.6 miles from US 17/SR 35 to SR 60.

To receive a copy of the Polk TPO TIP, visit www.polktpo.com or call (863) 534-6486.

Performance Management

Transportation Performance Management (TPM) is a strategic, performance-based approach to transportation decision-making that links transportation investments and policy decisions to desired system outcomes. Performance measures provide quantitative indicators used to assess progress toward established goals, while performance targets define the specific level of performance to be achieved within a designated timeframe.

Federal transportation legislation requires state departments of transportation, metropolitan planning organizations (MPOs), and public transportation providers to implement performance-based planning and programming practices. These requirements include monitoring system performance, establishing data-driven targets, reporting progress, and incorporating performance outcomes into the transportation planning and project selection process. This framework promotes efficient investment of transportation resources by improving accountability, transparency, and coordination among transportation agencies.

Federal law identifies the following national transportation performance goals:

- Improving safety;
- Preserving infrastructure condition;
- Reducing traffic congestion;
- Enhancing system reliability and freight movement;
- Protecting the environment; and
- Reducing project delivery delays.

Federal regulations also require FDOT, MPOs, and public transportation providers to coordinate when establishing performance targets. To support this coordination, FDOT and the Florida Metropolitan Planning Organization Advisory Council (MPOAC) developed the Transportation Performance Management (TPM) Consensus Planning Document, which outlines the processes used to coordinate performance target development, data sharing and reporting responsibilities among Florida's transportation agencies.

The Polk TPO TIP identifies investments that support adopted performance targets related to highway safety, bridge and pavement condition, system reliability, freight movement, transit asset management, and transit safety. These investment priorities are consistent with the goals, objectives, and policies established in the Polk TPO's Envision 2050 Long Range Transportation Plan and support statewide performance initiatives identified in FDOT's Transportation Asset Management Plan and Freight Mobility and Trade Plan.

Investments in the TIP

Safety Investments

The Transportation Improvement Program (TIP) advances the investment priorities established in the Envision 2050 Long Range Transportation Plan, including safety, system preservation,

system performance, freight movement, and transit asset management and safety.

Through the Federal Highway Administration's Safe Streets and Roads for All (SS4A) Grant Program, Polk County received $720,000 to develop a countywide Vision Zero Action Plan in coordination with participating municipalities. The plan is intended to identify strategies and projects that improve roadway safety and reduce fatalities and serious injuries throughout Polk County.

Safety investments in the TIP include infrastructure improvements such as school zone flashers, roadway lighting, traffic calming, traffic signals, bike lanes and sidewalks, as well as behavioral programs like Safe Routes to Schools education and pedestrian and bicycle safety outreach. Because safety is integrated throughout Polk TPO programs and supported by FDOT's Target Zero, the TIP is expected to help achieve the adopted safety performance targets.

Safety Programs

Polk TPO's Envision 2050 Long Range Transportation Plan (LRTP) establishes a long-term goal of achieving zero traffic-related fatalities and serious injuries on Polk County roadways by 2050. This goal supports FDOT's Target Zero initiative and reflects the principles of the Safe System approach promoted through the Florida Strategic Highway Safety Plan (SHSP).

To support this goal, Polk TPO conducted multiple planning studies and safety initiatives during the development of Envision 2050 to identify transportation improvements that enhance safety for all roadway users. These efforts include the Neighborhood Mobility Audits, Safe Routes to School Program, Bicycle and Pedestrian Safety Action Plans, and the Vision Zero Action Plan: Creating Safe and Livable Streets for All.

Projects identified through these planning efforts include sidewalks, bicycle facilities, transit shelters, lighting improvements, crosswalk enhancements, turn lane modifications, intersection safety improvements, and multi-use trail facilities. Many of the recommended improvements are located along high-crash corridors and areas with elevated rates of traffic, bicycle, and pedestrian fatalities and serious injuries, including CR 655/Rifle Range Road, State Road 659/ Combee Road, Wabash Avenue, State Road 549/1st Street, and US 17/92.

Polk TPO's annual project prioritization process provides additional consideration to projects that address documented safety deficiencies identified through Envision 2050 and other adopted safety studies, plans and corridor analyses. This process helps ensure that available transportation funding is directed toward projects with the greatest potential to reduce crashes and improve multimodal safety.

Polk TPO also continues to advance transportation safety through partnerships with regional and community organizations. In 2017, Polk TPO partnered with Polk Vision to establish the Bicycle/Pedestrian Safety Team, which assists in implementing countermeasures identified in the Bicycle and Pedestrian Safety Action Plans. The team utilizes a coordinated "3E" approach focused on engineering, education, and enforcement strategies to improve roadway safety and

reduce bicycle and pedestrian crashes.

In coordination with Polk Vision, Polk TPO also works with the organization's Infrastructure Task Force to identify sidewalk and accessibility improvements that support safer access to public schools and community destinations. These collaborative partnerships provide valuable input from public agencies, community organizations and private stakeholders and help strengthen the TPO's ongoing transportation planning and safety initiatives.

Several projects identified through these safety partnerships and planning efforts are included in the FY 2026-27–2030/31 Transportation Improvement Program and support the implementation of Polk TPO's long-range safety goals.

In 2022, Polk TPO, in partnership with Polk County, applied for funding through the Federal Highway Administration's (FHWA) Safe Streets and Roads for All (SS4A) Grant Program. In 2023, Polk County was awarded approximately $720,000 to develop the Vision Zero Action Plan: Creating Safe and Livable Streets for All as part of the County's broader Vision Zero initiative.

The purpose of the SS4A grant is to develop a comprehensive countywide Vision Zero Action Plan that builds upon existing transportation safety planning efforts undertaken by Polk County, Polk TPO, and participating municipalities. The planning process encourages coordination among multiple jurisdictions and transportation partners to identify strategies, policies and infrastructure improvements intended to reduce and ultimately eliminate traffic-related fatalities and serious injuries throughout Polk County.

Upon completion, the Vision Zero Action Plan will provide a federally compliant framework for implementing data-driven transportation safety improvements and will support future eligibility for FHWA SS4A Implementation Grant funding opportunities. In 2024, the Polk County Board of County Commissioners approved the consultant agreement authorizing initiation of the Vision Zero Action Plan project.

Polk TPO, in coordination with its consultant team, including AECOM and Kittelson & Associates, continues to advance development of the Polk Vision Zero Action Plan through a combination of technical analysis, stakeholder coordination, and public engagement activities.

Development of the Action Plan has included extensive public outreach and corridor-level safety evaluations. In October 2025, the project team conducted a countywide public information meeting to introduce the Vision Zero initiative and obtain initial public input regarding transportation safety concerns and community priorities. Additional corridor-specific public meetings were subsequently conducted to gather feedback related to roadway conditions, pedestrian and bicycle safety, traffic operations and potential safety improvement opportunities along key corridors.

Supporting technical analyses included urban design evaluations focused on roadway characteristics that influence safety and multimodal mobility, including roadway geometry, pedestrian accessibility, intersection configuration and corridor connectivity. These analyses, combined with public input and field observations, established a comprehensive understanding of transportation safety conditions throughout the study area.

In addition to the public involvement process, the project team prepared several technical documents intended to support development of the Action Plan. These efforts included preparation of a Community Engagement Plan, a land use and development pattern analysis, and a High Injury Network analysis identifying corridors with elevated concentrations of fatal and serious injury crashes based on historical crash data provided by FDOT.

Collectively, the public outreach activities, corridor evaluations, and technical analyses are being integrated into a data-driven, community-supported Vision Zero Action Plan focused on reducing severe crashes and improving safety for all roadway users in Polk County. The completed Vision Zero Action Plan is anticipated to be presented to the public in December 2026.

Best Foot Forward is an FDOT-supported pedestrian safety initiative that Polk TPO participates in to improve driver compliance with Florida's pedestrian right-of-way laws at marked crosswalks through a coordinated "Triple-E" approach that combines education, engineering, and enforcement strategies. The program focuses on improving driver yielding behavior through community education campaigns, targeted low-cost engineering enhancements, and high-visibility law enforcement activities at selected crosswalk locations. In 2025, eight crosswalk locations across Polk County were selected for participation based on input from local engineering, law enforcement, education, and public safety representatives, with baseline Driver Yield Rate (DYR) data collected beginning in April 2025. Following field observations and analysis, recommendations were developed to improve driver compliance and pedestrian safety conditions. Based on the 2025 evaluation process, twelve locations were identified for participation in the 2026 initiative and will continue to receive educational outreach, engineering review, and enforcement activities intended to improve pedestrian visibility, increase driver awareness, and support ongoing efforts to reduce pedestrian crashes, fatalities, and serious injuries throughout Polk County.

Table 1: 2025 Participating Crosswalks in Polk County

Jurisdiction	Crosswalk Name	Lanes	Speed	2025 DYR
Bartow	Schumate Drive & East Clower Street	4	30	76%
Lakeland	Lake Hollingsworth Drive and Ingraham Avenue	2	30	89%
Lakeland	West Fourth Street and MLK Jr. Avenue	2	25	29%
Polk County	Berkley Road and Luna Road	5	45	4%
Polk County	Bella Citta Boulevard and Tierra del sol Boulevard	4	40	49%

Jurisdiction	Crosswalk Name	Lanes	Speed	2025 DYR
Polk County	Bartow Road and Central Avenue	6	50	97%
Winter Haven	Avenue M NW & Unity Way NW	2	25	32%
Winter Haven	North Lake Howard Drive and Avenue D NW	3	30	51%

Low Yielding 0-32%	Moderate 33-66%	High Yielding 66% +

Based on the results of the 2025 evaluation process, twelve locations were identified for participation in the 2026 Best Foot Forward initiative. These locations will continue to receive targeted educational outreach, engineering review, and enforcement activities intended to improve pedestrian visibility, increase driver awareness, and improve compliance with pedestrian right-of-way laws.

Table 2: 2026 Best Foot Forward Polk County locations

Law Enforcement Agency	Crosswalk Name
Lakeland PD	West Fourth Street and MLK Jr. Avenue
Lakeland PD	Lakeland Highlands Road & East Edgewood Drive
Winter Haven PD	Ave M NW & Unity Way NW
Winter Haven PD	North Lake Howard Drive & Avenue D NW
Winter Haven PD	West Central Avenue & First Street N
Bartow PD	Schumate Drive & East Clower Street
Auburndale PD	Main Street, Midblock south of Auburndale Central Elementary
Polk County Sheriff	Bartow Road & Winter Lake Road
Polk County Sheriff	Autumnwood Grove Blou & SR-98
Polk County Sheriff	Bella Citta Boulevard & Tierra del sol Boulevard
Polk County Sheriff	Dunson Road, Midblock west of Ridgeview Global Studies Academy
Polk County Sheriff	Main View Drive & Broad Way

Safety Investment Priorities

Following adoption of Polk TPO's Envision 2050 Long Range Transportation Plan (LRTP), the Polk TPO Board reaffirmed its commitment to achieving zero traffic-related fatalities and serious injuries on Polk County roadways by 2050. To support this goal, Polk TPO programmed a significant portion of Transportation Management Area (TMA) Surface Transportation Block Grant (SU) funds allocated to the Lakeland and Winter Haven Transportation Management Areas toward projects identified through adopted safety plans, studies, and transportation programs.

As a result, Polk TPO established a Transportation Improvement Program (TIP) project selection process that prioritizes projects intended to improve transportation safety and multimodal mobility throughout the planning area. These investments support intersection and operational improvements identified through the Congestion Management Process (CMP), bicycle and pedestrian facilities, transit enhancements, corridor safety projects, and multimodal improvements implemented in coordination with roadway resurfacing projects on the State Highway System.

Polk TPO also prioritizes projects that integrate safety, accessibility and operational improvements concurrently with routine roadway maintenance and resurfacing activities. This coordinated approach improves project delivery efficiency while advancing multimodal safety objectives and preserving transportation infrastructure.

In coordination with member local governments and transportation partners, the Polk TPO has prioritized approximately $235 million in projects identified through adopted transportation safety plans, corridor studies, and multimodal planning initiatives as part of the annual project prioritization process. These projects are included in the FY 2026/27–2030/31 Transportation Improvement Program. Of this total, approximately $25 million is specifically allocated toward transportation safety-related projects and programs.

Because safety considerations are integrated throughout FDOT and Polk TPO transportation planning and programming activities, and because of FDOT's continued implementation of the Vision Zero and Safe System approaches, the overall program of projects included in the TIP is anticipated to support progress toward achieving adopted safety performance targets.

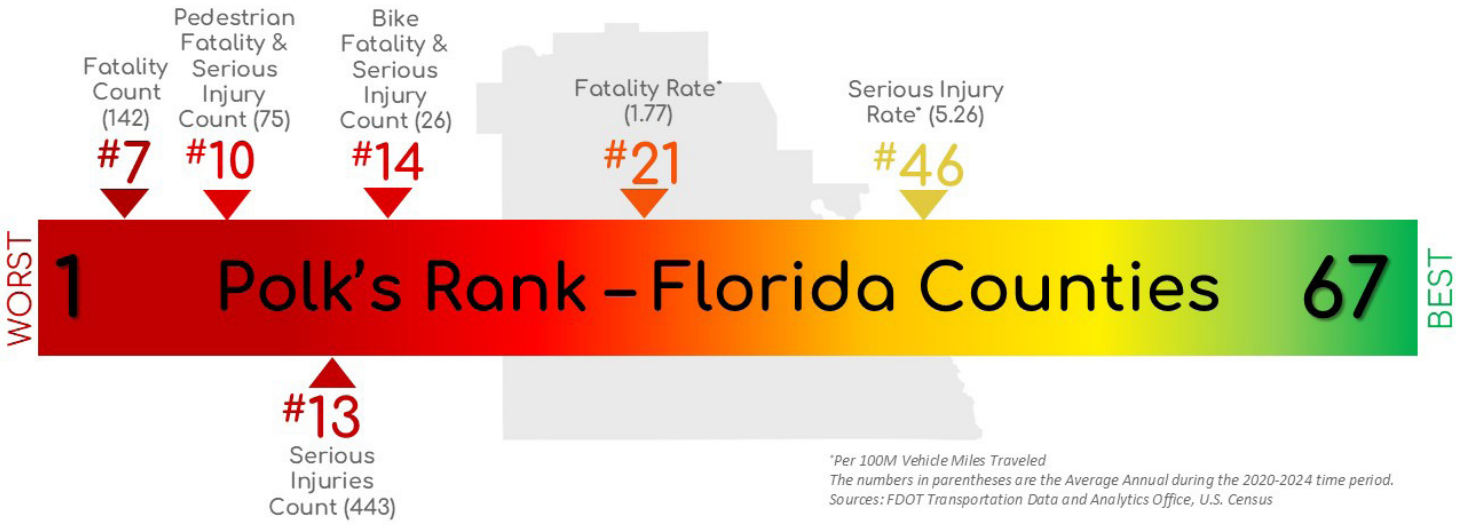
Transportation agencies nationwide, including Polk TPO, use rolling five-year crash averages to evaluate roadway safety performance trends. Analysis of Polk County crash data from 2019 through 2024 indicates that the county experienced an average of 142 traffic fatalities annually and an average serious injury rate of 5.26 per 100 million vehicle miles traveled (VMT). Based on statewide comparisons, Polk County ranked seventh in average annual fatalities, 13th in average annual serious injuries, and 21st in fatality rate per 100 million VMT.

Trend analysis also indicates changes in safety performance relative to the previous five-year reporting period (2018–2023). Between 2019 and 2024, average annual serious injuries decreased by approximately 2.6%. However, traffic fatalities increased by three in 2024 compared to 2023, while serious injuries decreased by 16 during the same period. These trends demonstrate the continued need for targeted transportation safety investments and implementation of proven safety countermeasures throughout the county.

The continued occurrence of fatalities and serious injuries involving non-motorized users further emphasizes the importance of prioritizing bicycle and pedestrian safety improvements, multimodal accessibility enhancements, and context-sensitive roadway design strategies in future transportation investments.

Polk County's continued population growth is placing additional demand on the transportation system and reinforcing the need for ongoing safety-focused infrastructure investments. The county is currently the ninth most populous in Florida and remains one of the fastest-growing counties in the state. Since 2020, Polk County has added nearly 150,000 residents, bringing the estimated 2025 population to 874,790, with projections indicating the population could exceed one million residents by 2030.

Trends in Safety Performance Measures in Polk County



As the population continues to grow, so does the number of drivers using the roadway network. While increases in traffic volumes can contribute to higher crash totals, Polk County remains committed to improving roadway safety and advancing the goal of reducing fatalities and serious injuries through continued investment in transportation safety improvements.

Bridge and Pavement Investments

The TIP also supports system preservation through bridge and pavement projects on the Interstate and Non-Interstate NHS, including bridge replacements, pavement reconstruction, resiliency upgrades such as culvert improvements, and capacity-related resurfacing. The TIP allocates $77 million for new bridge and bridge improvements, $410 million for resurfacing, and $223 million for capacity expansion, aligning with FDOT's Five-Year Work Program and supporting statewide pavement and bridge condition goals.

The Grandview Parkway Bridge Project Development and Environment (PD&E) Study reflects Polk TPO's commitment to improving regional mobility and connectivity in northeast Polk County. The project proposes extending Grandview Parkway across Interstate 4 (I-4) from Posner Boulevard to Dunson Road near Davenport to provide an additional east-west connection, improve access to the growing Posner Park area and surrounding developments, and reduce congestion at the US 27 and I-4 interchange. The proposed Build Alternative includes a new bridge over I-4 with two travel lanes and a sidewalk to support pedestrian and multimodal connectivity.

Another example of a bridge and pavement investment included in the TIP is the Interstate 4 wildlife crossing and interchange improvement project at State Road 33. This project includes interchange modifications, bridge improvements, and construction of wildlife crossings intended to improve traffic operations, reduce congestion, enhance regional mobility, and support environmental connectivity across the I-4 corridor. The project reflects FDOT's integrated approach to balancing transportation mobility, infrastructure preservation and environmental stewardship.

Projects included in the Transportation Improvement Program (TIP) are consistent with FDOT's Five-Year Work Program and reflect FDOT's continued emphasis on preserving and maintaining the transportation system in a state of good repair. In accordance with federal transportation planning requirements, projects on the National Highway System (NHS) are selected cooperatively by FDOT and the Metropolitan Planning Organization through the approved TIP process.

Given the significant level of investment dedicated to bridge rehabilitation, pavement preservation, resurfacing, and system modernization projects, Polk TPO anticipates that implementation of projects included in the TIP will support continued progress toward achieving statewide pavement and bridge condition performance targets established under FHWA's Transportation Performance Management framework.

System Performance Improvement Program Investments

The Polk TPO's Transportation Improvement Program (TIP) reflects the investment priorities established in the Envision 2050 Long Range Transportation Plan and supports regional and statewide goals related to mobility, congestion management, freight movement, and multimodal connectivity. The TIP includes investments in corridor and intersection improvements, CMP-identified projects, managed lanes, transit, bicycle and pedestrian facilities, freight mobility enhancements, TSMO/ITS initiatives, and travel demand management strategies such as park-and-ride facilities. These investments are intended to improve system reliability, operational efficiency, and freight movement throughout Polk County. The TIP dedicates approximately $6.9 million to intersection improvements, $39 million to congestion relief, $223 million to freight mobility, and $98 million to TSMO initiatives.

Project selection criteria identified in Envision 2050 and incorporated into the TIP evaluation process consider multiple system performance and freight mobility factors, including roadway level of service, congestion levels, travel speeds, freight corridor function, connectivity between regional activity centers and freight hubs, economic development impacts, and crash history along critical transportation corridors.

Polk TPO's Envision 2050 LRTP, Congestion Management Process, annual Priority Transportation Projects, and TIP are also coordinated with the goals and objectives identified in FDOT's Freight Mobility and Trade Plan, the 2060 Florida Transportation Plan, and the 2050 Strategic Intermodal

System (SIS) Plan. Collectively, these plans recognize the strategic importance of Polk County's transportation network in supporting regional and statewide freight movement throughout Central Florida.

Both Envision 2050 and FDOT's Freight Mobility and Trade Plan identify many of the same transportation improvements needed to support future freight demand across Polk County's multimodal freight network, including interstate highways, toll facilities, rail corridors, and arterial roadway connections. As a result, the TIP includes numerous projects intended to improve freight reliability, operational efficiency, and regional connectivity throughout the county.

The TIP includes funding for one of Polk TPO's highest-priority freight and mobility projects: the widening of State Road 60 from CR 630 to just east of the Kissimmee River from two lanes to four lanes. Additional freight-related investments included in the TIP are located along major regional corridors, including US 98, Interstate 4, State Road 60, US 92 (New Tampa Highway), and US 17/92.

The FY 2026/27–2030/31 TIP includes approximately:

- $26.3 million for intersection and interchange improvements;
- $121 million for congestion relief projects;
- $222.6 million for freight-related improvements on the Interstate system;
- $98.8 million for TSMO and ITS projects; and
- $189.8 million for transit, bicycle, and pedestrian improvements.

Projects included in the TIP are consistent with FDOT's Five-Year Work Program and reflect FDOT's performance-based approach to transportation investment and system preservation. In accordance with federal transportation planning requirements, projects on the National Highway System are selected cooperatively by FDOT and the Metropolitan Planning Organization through the approved TIP process.

Given the substantial level of investment dedicated to congestion management, freight mobility, operational improvements, and multimodal transportation enhancements, Polk TPO anticipates that implementation of projects included in the TIP will support continued progress toward achieving statewide system reliability and freight performance targets established under FHWA's Transportation Performance Management (TPM) framework.

Transit Asset Management Investments

Developed in cooperation with Lakeland Area Mass Transit (LAMTD) d/b/a Citrus Connection, the TIP includes FTA-funded projects that maintain transit assets in a state of good repair. Investments include vehicle replacements, equipment upgrades, facility rehabilitation and infrastructure repairs. Project selection follows LRTP criteria that incorporate TAM performance measures. The TIP allocates $160 million for vehicle acquisitions and facility upgrades. These investments are expected to support progress toward TAM targets. See Transit Asset Management Measures for details.

The TIP also includes projects that support transit safety, consistent with the PTASP and LRTP priorities. These may include safety equipment, facility improvements, and reliability enhancements. Project selection incorporates criteria aligned with transit safety performance measures. These investments are expected to support progress toward transit safety performance targets. See Citrus Connection Transit Asset Management Targets in the TIP for more information.

The Polk TPO FY 2026/27–2030/31 Transportation Improvement Program (TIP) was developed in coordination with Lakeland Area Mass Transit District, operating as Citrus Connection, and reflects the transit investment priorities established in the Envision 2050 Long Range Transportation Plan (LRTP). The TIP identifies local, state, and Federal Transit Administration (FTA) funding programmed to support Transit Asset Management (TAM) and maintain the public transportation system in a state of good repair.

Transit state of good repair investments are included within the transit and transportation disadvantaged sections of the TIP and consist of projects supporting vehicle replacement, equipment acquisition, maintenance activities, infrastructure rehabilitation, technology improvements and transit facility enhancements throughout the Polk TPO planning area.

Transit asset condition and state of good repair are key considerations in the project prioritization and selection methodologies used by Citrus Connection and Polk TPO when evaluating projects for inclusion in the TIP. The TIP incorporates investment priorities established through the LRTP and supports implementation of projects intended to improve the condition, reliability, safety and operational efficiency of transit assets within the planning area.

Consistent with federal transportation planning requirements, Polk TPO evaluates, prioritizes, and programs transit projects that are anticipated to improve transit asset conditions and support achievement of established TAM performance targets. The TIP project selection process is directly linked to Polk TPO's broader transportation goals and reflects a performance-based approach to transportation investment and programming.

Although identification of opportunities to improve an asset does not necessarily indicate the presence of an unsafe condition, assets associated with unacceptable safety risks are prioritized for rehabilitation or replacement to the maximum extent practicable. Transit providers generally prioritize replacement and rehabilitation of revenue service vehicles before non-revenue vehicles and support facilities to maintain safe and reliable public transportation operations.

Financial Plan

The TIP is financially constrained by fiscal year and identifies projects that can be implemented using current and reasonably anticipated federal, state, and local revenue sources. Existing and projected revenues serve as the basis for the FDOT Five-Year Work Program, local government Capital Improvement Programs, and transit development programming.

The TIP includes investments in highway, transit, aviation, bicycle and pedestrian, freight, multi-use trail, and transportation disadvantaged programs. The program also includes federal funding participation through the Federal Highway Administration (FHWA) and Federal Transit Administration (FTA) for interstate maintenance, transit capital and operating assistance, fixed guideway modernization and other eligible transportation improvements.

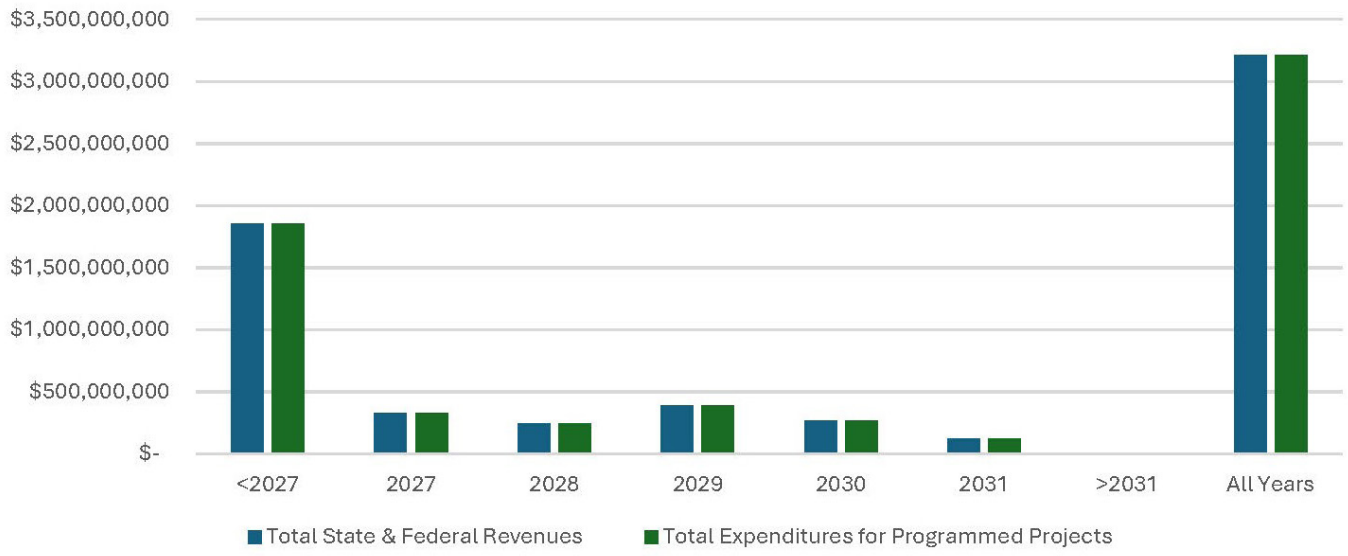
Financial information contained in the TIP is derived from the FDOT Five-Year Work Program and supporting financial summaries. In accordance with federal planning requirements, all project costs included in the TIP are presented in Year of Expenditure (YOE) dollars, which account for inflation and reflect anticipated costs in the year the expenditures are expected to occur.

Federal and state regulations require the TIP to demonstrate fiscal constraint by identifying realistic revenue estimates and programmed project costs for all included projects. The Fiscal Constraint Table summarizes anticipated revenues and programmed expenditures for the TIP period and demonstrates consistency between available funding and planned transportation investments.

Fiscal Constraint Table*

This table summarizes the estimated five-year costs for projects included in the TIP. The blue column represents anticipated state and federal revenues, while the green column shows the total programmed expenditures for TIP projects. Federal and state regulations require the TIP to include realistic revenue and cost estimates, along with project status information for all listed projects included in the "Listing of State and Local Transportation Projects" section.

Table 3: Fiscal Constraint Table



Highway Safety Measures (PM1)

The Federal Highway Administration's Safety Performance Management Measures Final Rule (PM1) established a framework for evaluating statewide and metropolitan transportation safety performance. The rule requires state DOTs and MPOs to establish annual performance targets and report progress for the following safety performance measures:

- Number of fatalities;
- Rate of fatalities per 100 million Vehicle Miles Traveled (VMT);
- Number of serious injuries;
- Rate of serious injuries per 100 million VMT; and
- Number of nonmotorized fatalities and serious injuries.

State Timeline and Reporting

Safety performance measure targets must be adopted annually. In August of each calendar year (CY), FDOT reports targets to FHWA for the following calendar year. On August 31, 2025, FDOT established statewide safety performance targets for CY2026.

Table 4: Statewide Highway Safety Performance Targets

Performance Measure	2026 Statewide Target
Number of fatalities	0
Rate of fatalities per 100 million vehicle miles traveled (VMT)	0
Number of serious injuries	0
Rate of serious injuries per 100 million vehicle miles traveled (VMT)	0
Number of non-motorized fatalities and serious injuries	0

FDOT adopted a vision of zero traffic-related fatalities in 2012. This, in effect, became FDOT's target for zero traffic fatalities and quantified the policy set by Florida's Legislature more than 35 years ago (Section 334.046[2], Florida Statutes, emphasis added):

"The mission of the Department of Transportation shall be to provide a safe statewide transportation system..."

FDOT and Florida's traffic safety partners are committed to eliminating fatalities and serious injuries. As stated in the Safe System approach promoted by FHWA, the death or serious injury of any person is unacceptable. The Florida Transportation Plan (FTP), the state's long-range transportation plan, identifies eliminating transportation-related fatalities and serious injuries as the state's highest transportation priority. Therefore, FDOT established zero as the only acceptable target for all five federal safety performance measures.

Polk TPO Safety Target Coordination

Federal regulations require MPOs to establish annual safety targets within 180 days of FDOT's adoption of statewide targets. MPOs may either establish independent quantitative targets or agree to support the statewide targets by planning and programming projects that contribute toward their achievement.

Polk TPO supports FDOT's statewide safety targets and programs transportation projects intended to improve roadway safety for all users throughout the metropolitan planning area.

Florida's Strategic Highway Safety Plan

Florida's Strategic Highway Safety Plan (SHSP), updated in March 2021, establishes a statewide framework for reducing traffic fatalities and serious injuries through coordinated safety planning, investment, and implementation activities. The SHSP was developed in coordination with FDOT Districts, MPOs, MPOAC, law enforcement agencies, public health organizations, and other transportation safety partners.

The SHSP builds upon traditional safety strategies focused on engineering, education, enforcement, and emergency response while incorporating additional emphasis on information intelligence, innovation, community insight and strategic investment policies. The plan also advances a Safe System approach that recognizes the importance of designing and operating transportation facilities in a manner that minimizes the likelihood and severity of crashes.

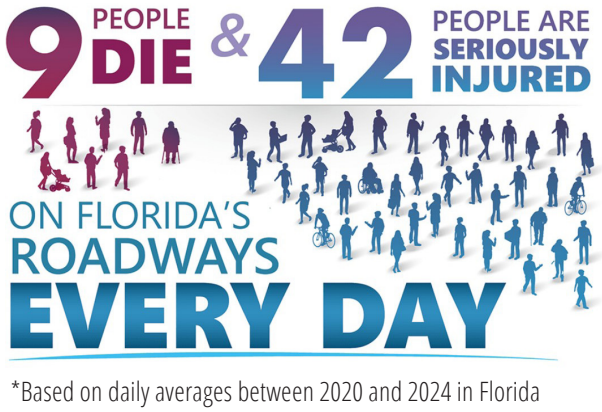
The SHSP identifies emphasis areas and implementation strategies intended to address Florida's most critical transportation safety challenges, including roadway departures, intersections, vulnerable roadway users, impaired driving, aggressive driving, commercial vehicles and emerging transportation technologies.

The SHSP also expands the list of emphasis areas for Florida's safety programs to include six evolving emphasis areas, which are high-risk or high-impact crashes that are a subset of an existing emphasis area or emerging risks and new innovations, where safety implications are unknown. These evolving emphasis areas include work zones, drowsy and ill driving, rail grade crossings, roadway transit, micromobility and connected and automated vehicles.

Florida's Highway Safety Improvement Program

The Florida Highway Safety Improvement Program (HSIP) emphasizes the statewide commitment to achieving zero traffic fatalities and serious injuries through FDOT's Target Zero initiative and the Safe System approach. In the 2025 HSIP Annual Report, FDOT established calendar year 2026 targets of zero for all five federal safety performance measures. FHWA's 2023 safety performance assessment determined Florida did not meet or make significant progress toward its safety targets, prompting FDOT to develop the 2025 HSIP Implementation Plan.

The plan identifies priorities focused on improving coordination among safety partners,



*Based on daily averages between 2020 and 2024 in Florida

maximizing safety investments, enhancing data and analysis capabilities, implementing proven countermeasures, expanding targeted safety education, and leveraging available funding opportunities. FDOT uses crash data, systemic and location-specific safety analyses, and predictive modeling to identify projects that provide the greatest potential safety benefit in coordination with MPOs, local governments, law enforcement agencies, and regional partners. During Fiscal Year 2025, Florida allocated approximately $167 million in HSIP funding to safety projects and programs, including intersection improvements, lane departure countermeasures, and pedestrian and bicyclist safety improvements, with approximately $140 million invested on the State Highway System and $27 million on locally maintained roadways.

Bridge and Pavement Condition Measures (PM2)

State Timeline and Reporting

State DOTs must establish two-year and four-year targets for bridge and pavement condition measures. Progress towards targets is reported at the midpoint and at the end of the performance period. At the midpoint of the period, State DOTs may adjust the 4-year target. On December 16, 2022, FDOT established statewide bridge and pavement targets, and in September 2024, adjusted the 2025 target for the percentage of NHS bridges (by deck area) in poor condition.

Polk TPO Timeline and Reporting

On April 10, 2025, Polk TPO agreed to support FDOT's statewide bridge and pavement performance targets, thus agreeing to plan and program projects in the TIP that, once implemented, are anticipated to make progress toward achieving statewide targets.

Table 5: MPO Pavement and Bridge Condition Targets

Performance Measure	2025 MPOTarget
Percent of NHS bridges (by deck area) in good condition	50%
Percent of NHS bridges (by deck area) in poor condition	5%
Percent of Interstate pavements in good condition	60%
Percent of Interstate pavements in poor condition	5%
Percent of non-Interstate pavements in good condition	40%
Percent of non-Interstate pavements in poor condition	5%

In establishing the TPO's targets for bridge and pavement condition performance measures,

Polk TPO considered many factors. Maintaining continuity between neighboring MPO's while keeping a standard for bridge and pavement performance is essential in setting these targets. While Polk County is growing at a fast pace, keeping up with the performance of the pavements and bridges is essential. Additional funding will be needed to continue to maintain pavements as these facilities are worn and weathered.

FHWA's Bridge and Pavement Condition Performance Measures Final Rule, which is also referred to as the PM2 rule, requires state DOTs and MPOs to establish targets for the following six performance measures:

Bridges

- Percent of NHS bridges (by deck area) classified as in good condition;
- Percent of NHS bridges (by deck area) classified as in poor condition;

Pavement

- Percent of Interstate pavements in good condition;
- Percent of Interstate pavements in poor condition;
- Percent of non-Interstate National Highway System (NHS) pavements in good condition;
- Percent of non-Interstate NHS pavements in poor condition.

As population and travel demand continue to increase, the number of roadway users and overall vehicle miles traveled are also expected to increase. Polk County's population grew from 602,095 in 2010 to 725,046 in 2020 and reached an estimated 874,790 residents in 2025, representing approximately 20.7 percent growth since 2020. Although increased population and travel activity influence transportation safety trends, Polk TPO, FDOT, and local transportation partners remain committed to advancing policies, programs and infrastructure improvements that support the long-term goal of eliminating traffic-related fatalities and serious injuries on Polk County roadways.

System Performance and Air Quality Improvement Program Measures (PM3)

State Timeline and Reporting

The Federal Highway Administration's (FHWA) System Performance and Freight Reliability Measures Final Rule (PM3) require state departments of transportation to establish two-year and four-year performance targets for system reliability and freight movement on the National Highway System (NHS). State DOTs are required to report progress toward these targets at the midpoint and conclusion of each performance period. At the midpoint of the reporting cycle, states may adjust their four-year performance targets based on updated performance data and system conditions.

On December 16, 2022, the Florida Department of Transportation (FDOT) established statewide system performance and freight reliability targets in accordance with federal performance management requirements. In September 2024, FDOT updated the 2025 reliability targets for

the percentage of person-miles traveled on both the Interstate System and the non-Interstate National Highway System that are considered reliable.

Polk TPO Timeline and Reporting

Metropolitan Planning Organizations (MPOs) are required to establish four-year targets for the following federally required PM3 measures within 180 days of FDOT's adoption of statewide targets:

- Percent of person-miles traveled on the Interstate System that are reliable;
- Percent of person-miles traveled on the non-Interstate National Highway System that are reliable; and
- Truck Travel Time Reliability Index (TTTR).

On April 10, 2025, Polk TPO agreed to support FDOT's statewide system performance and freight reliability targets. By supporting the statewide targets, Polk TPO agrees to plan and program transportation projects within the Transportation Improvement Program (TIP) that are intended to contribute toward achieving statewide system reliability and freight performance objectives.

Performance data for Polk TPO planning area indicates that the region currently performs better than the established statewide targets for both Interstate reliability and non-Interstate NHS reliability measures. Freight reliability performance, as measured by the Truck Travel Time Reliability Index, continues to improve and remains a key focus area for future transportation investments and operational improvements throughout the region.

Table 6: MPO System Performance and Freight Targets

Performance Measure	2025 Statewide Target
Percent of person-miles traveled on the Interstate that are reliable	75%
Percent of person-miles traveled on the non-Interstate NHS that are reliable	60%
Truck travel time reliability (Interstate)	2.0

Transit Asset Management Measures

For equipment and rolling stock asset classes, the Useful Life Benchmark (ULB) represents the expected service life of a capital asset within a transit provider's operating environment. ULB determinations consider factors such as service frequency, operating conditions, geography, and maintenance practices specific to the transit agency.

Table 7: Transit Asset Categories and TAM Performance Measures

Asset Category	Performance Measure
Equipment Non-revenue support service and maintenance vehicles	Percentage of non-revenue vehicles that have met or exceeded their useful ULB.
Rolling Stock Revenue Vehicles	Percentage of revenue vehicles that have met or exceeded their ULB.
Infrastructure Rail fixed-guidway track	Percentage of track segments with preformance restrictions.
Facilities Buildings and structures	Percentage of facilities rated below condition 3 on the Transit Economic Requirement Model (TERM) scale.

"State of good repair" is defined as the condition in which a capital asset is able to operate at a full level of performance.

This means the asset:

1. Is able to perform its designed function.
2. Does not pose a known unacceptable safety risk.
3. Lifecycle investment needs have been met or recovered.

Public transportation providers are required to report transit asset performance measures and targets annually to the National Transit Database (NTD).

TAM Target Coordination and Reporting Requirements

Federal regulations require public transportation providers to establish annual Transit Asset Management (TAM) targets and coordinate those targets with the Metropolitan Planning Organizations (MPOs) where they operate service or program projects in the Transportation Improvement Program (TIP). MPOs may either support the transit provider's targets through planning and programming activities or establish separate regional TAM targets. The FTA TAM Rule categorizes transit providers as either Tier I or Tier II based on system size and operating characteristics. Tier I providers establish and report their own TAM targets directly to FTA, while Tier II providers may establish independent targets or participate in a group TAM plan coordinated by a state DOT or other sponsor.

Table 8: Tier I versus Tier II Agencies

Tier I	Tier II
Operates rail **OR** ≥101 vehicles across all fixed route modes **OR** ≥101 vehicles across all fixed route modes	Subrecipient of 5311 funds **OR** American Indian Tribe **OR** ≤100 vehicles across all fixed route modes **OR** ≤ 100 vehicles in one non-fixed route mode

Citrus Connection Transit Asset Management Targets

Polk TPO's planning area is served by the Lakeland Area Mass Transit District, operating as Citrus Connection, which is classified as a Tier II transit provider under the FTA TAM Rule.

Citrus Connection established Transit Asset Management targets for applicable asset categories on October 6, 2022. On June 8, 2023, Polk TPO agreed to support Citrus Connection's TAM targets and to program projects within the TIP that are intended to contribute toward achieving those targets.

The transit provider's TAM targets are based on the age, condition, and performance of existing transit assets, as well as planned investments in rolling stock, equipment, and transit facilities. These targets reflect current asset conditions and anticipated capital investments intended to maintain and improve the transit system in a state of good repair.

Table 9: Transit Asset Management Targets for Citrus Connection

Asset Category - Performance Measure	Asset Class	FY 2027 Asset Condition	FY 2031 Target
Rolling Stock			
Age - % of revenue vehicles within a particular asset class that have or exceed their ULB	Bus	25%	8%
	Cutaway Bus	77%	9%
	Van	100%	17%
	Low Speed Vehicle	20%	0%
Equipment			
Age - % of non-revenue vehicles within a particular asset class that have met or exceeded their ULB	Non-Revenue/Service Automobile	72%	20%
	Trucks and other Rubber Tire Vehicles	90%	30%
	Fuel Tanks and Canopy	25%	25%
	Maintenance Equipment	75%	5%
	ITS Equipment	35%	0%
Facilities			
Condition - % of facilities with a condition rating below 3.0 on the FTA Transit Economic Requirements Model (TERM) Scale	Administration	1%	1%
	Maintenance	1%	1%
	Parking Structures	1%	1%
	Passenger Facilities	1%	1%
	Rolling Gate and Related Equipment	1%	1%
	Bus Wash Bay	90%	5%

Lakeland Area Mass Transit District Transit Asset Management Plan dated March 5, 2026

Transit Safety Performance Measures

The Federal Transit Administration's (FTA) Public Transportation Agency Safety Plan (PTASP) Rule established federal transit safety performance management requirements for public transportation providers receiving federal financial assistance under Chapter 53 of Title 49, United States Code.

The PTASP requirements apply to all public transportation agencies receiving Urbanized Area Formula Grant funding under 49 U.S.C. Section 5307, as well as operators of rail transit systems subject to FTA's State Safety Oversight Program. Transit modes regulated by other federal agencies, such as passenger ferry systems regulated by the United States Coast Guard or commuter rail systems regulated by the Federal Railroad Administration, are excluded from these requirements.

In Florida, all public transportation providers operating under Sections 5307 or 5311 are required to develop and maintain a System Safety Program Plan (SSPP) in accordance with Chapter 14-90 of the Florida Administrative Code. FDOT technical guidance recommends that transit agencies update existing SSPPs to ensure consistency with federal PTASP requirements.

Each public transportation provider subject to the PTASP Rule must certify that its SSPP satisfies federal PTASP requirements, including establishment of annual transit safety performance targets for federally required safety measures. Once established, transit safety targets must be coordinated with Metropolitan Planning Organizations to support the transportation planning and programming process.

Polk TPO coordinates with Citrus Connection and FDOT to incorporate transit safety considerations into the TIP and support implementation of projects intended to improve transit system safety, reliability and operational performance throughout the planning area.

Citrus Connection Timeline and Reporting

Citrus Connection established transit safety performance targets through its Public Transportation Agency Safety Plan (PTASP) on December 10, 2025. The PTASP establishes performance measures and safety targets intended to improve transit system safety, reduce safety-related risks, and support implementation of a Safety Management System (SMS) framework consistent with Federal Transit Administration (FTA) requirements.

Transit safety performance measures established through the PTASP include targets related to:

- Fatalities;
- Injuries;
- Safety events; and
- System reliability and risk reduction performance measures.

Table 10: Transit Safety and Risk Reduction Measures and Performance Targets for Citrus Connection (2022-2024 average)

Transit Mode	Fatalities (total)	Fatalities (rate)	Injuries (total)	Injuries (rate)	Safety Events (total)	Safety Events (rate)	System Reliability
Fixed Route Bus	0.33	0.01	5.30	0.23	1.00	0.07	6,471
Paratransit	0.00	0.00	2.60	0.08	n/a	n/a	14,040

Polk TPO Transit Safety Timeline and Reporting

The Polk TPO FY 2026/27–2030/31 Transportation Improvement Program (TIP) was developed and is managed in coordination with Citrus Connection and reflects the transit investment priorities established in the Envision 2050 Long Range Transportation Plan (LRTP).

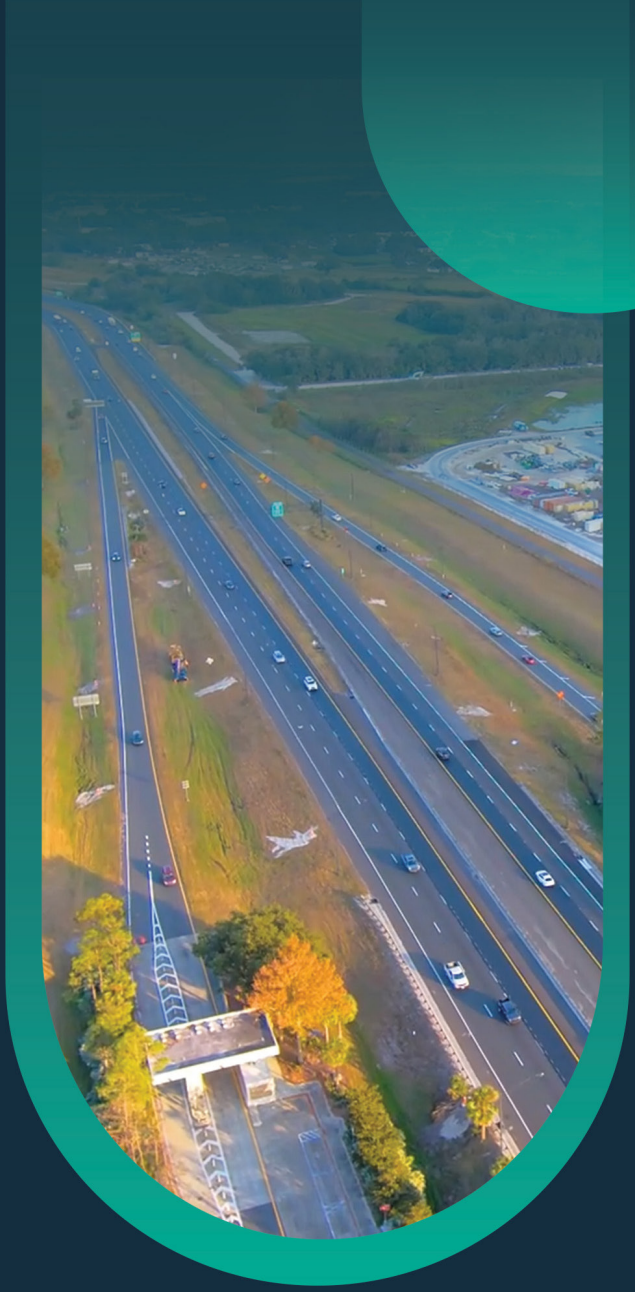
Federal Transit Administration (FTA) funding programmed through Citrus Connection and FDOT supports projects and programs intended to improve transit safety, reliability, accessibility, and operational performance throughout the Polk TPO planning area. Transit safety-related investments included in the TIP consist of operating assistance, capital improvements, preventative maintenance activities and corridor improvement projects supporting fixed-route transit operations.

Examples of transit safety-related projects programmed in the TIP include:

- FM 410149-2 Operating Expenses for Fixed Route (Lakeland Urban Area)
- FM 410150-2 Operating Expenses for Fixed Route (Winter Haven Area)
- FM 448715-1 Pilot Project – Urban Corridor Improvements (Lakeland Area Mass Transit)
- FM 455183-1 Operating for Fixed Route (Poinciana Small Urban Area)
- FM 455184-1 Capital for Fixed Route (Four Corners Small Urban Area)
- FM 455572-2 Operating for Fixed Route (Four Corners Small Urban Area)

Transit safety is an important consideration within Polk TPO's project prioritization and selection methodology for the TIP. The TIP includes investment priorities that support implementation of Polk TPO's adopted transportation goals, including transit safety, system reliability, and state of good repair objectives established through the LRTP.

Polk TPO will continue coordinating with Citrus Connection and FDOT to maintain and improve the safety, reliability, and condition of the region's transit system and to support implementation of transit asset management and transit safety initiatives.



2025 Polk TPO Priority Projects

Polk Transportation Planning Organization

2025 Priority Transportation Projects

Priority	Project	Project Description	Project Status				2025 Priority Request Phase(s)	Fiscal Year Requested	Funding Source Requested	Project Cost ($1,000)
			PD&E	Design	ROW	CST				
Candidate Priority Road Projects (Non-SIS Roads) - State Funds and other Surface Transportation Program (STP) Funds										
1	**US 98 Widening, TSM & Operational Improvements** FPN: 197564-4	This portion of US 98 is one the most congested state highways in Lakeland and is a long-standing priority of the TPO to widen the corridor from 4 to 6-lanes from Edgewood Dr to Sylvester Rd. Project is broken down into three segments. Portions of the corridor are operating over capacity.	Complete	Complete	Complete	Unfunded	Construction	FY 2026/27 - 2030/31	STP/other State funds	$38,814
2	**US 17/92** FPN: 431351-1	Long-standing priority of the TPO to widen a small section of US 17/92 in Downtown Haines City between 1st St. and 17th St. Volume approaching capacity of the roadway.	Ongoing	Unfunded	Unfunded	Unfunded	Design	FY 2026/27 - 2030/31	STP/other State funds	$5,000
3	**SR 544** FPN: 440273-1	Roadway widening, intersection, safety and complete street improvements from Avenue Y NE to SR 17. Project has been divided into 8 segments for design and construction. The priority is the intersection of SR 544 and US 27. Improvements should be consistent to extent feasible with the ultimate Improvements identified in the 2045 LRTP, and PD&E Study that is underway.	Ongoing	Unfunded	Unfunded	Unfunded	Design	FY 2026/27 - 2030/31	STP/other State funds	$22,500
4	**US 92 (New Tampa Highway)** FPN: 433558-2	Intersection Improvements requested along corridor (County Line Rd to Wabash Ave) to address failing/congested turning movements at County Line Road, SR 572 (Airport Rd) and Wabash Avenue.	Complete	Unfunded	NA	Unfunded	Design/CST	FY 2026/27 - 2030/31	STP/other State funds	$27,071
5	**US 17/92 Lake Alfred** FPN: 442404-3	Polk County will be widening CR 557 from US 17/92 to Interstate 4. This project will evaluate the needed Intersection Improvement at US 17/92 and CR 557 in Downtown Lake Alfred.	Ongoing	Unfunded	Unfunded	Unfunded	Design	FY 2026/27 - 2030/31	STP/other State funds	$5,000
6	**US 17/92 Lake Alfred (**442404-	Project will evaluate complete street improvements as recommended in FDOT US 17/92 Study (2019) through Downtown Lake Alfred.	Ongoing	Unfunded	Unfunded	Unfunded	Design	FY 2026/27 - 2030/31	STP/other State funds	$5,000
7	**Wabash Avenue Extension**	Construction of a new 2-lane road between Harden Blvd and Ariana St. intended to provide additional north-south capacity in southwest Lakeland. The City of Lakeland is seeking Federal funding for construction of this new roadway.	Complete	Complete	Committed	Unfunded	Construction, CEI & Post-Des. Services	FY 2026/27 - 2030/31	Federal Funds	$35,058
8	**US 17**	The US 17 Vision Plan Improvements consist of Complete Street project on US 17 from SR 540 (Cypress Gardens Blvd) to SR 544 (Havendale Blvd) - a distance of 2.8 miles. The goal of the project is to improve safety, improve the multimodal framework, intersection improvements, building place making features (gateway, way finding), and other improvements for the environment and comfort of the corridor users.	Unfunded	Unfunded	Unfunded	Unfunded	Design/ Construction	FY 2026/27 - 2030/31	STP/other State funds	$881 PE $7,340 CST
9	**Cypress Gardens Blvd Corridor (West)**	The City is requesting funding for the design and implementation of the recommendations from FDOT's Corridor Study for the portion of State Road 540 (Cypress Gardens Blvd) between 1st Street and CR 550 (Overlook Drive). Volume is approaching the capacity of the roadway.	Unfunded	Unfunded	Unfunded	Unfunded	Design/ Construction	FY 2026/27 - 2030/31	STP/other State funds	$5,000
10	**Cypress Gardens Blvd Corridor (East)**	Complete Street project on SR 540/Cypress Gardens Boulevard from East Lake Summit Drive to Waterview Way extending approximately 1.75 miles. The project includes adding sidewalk connections, changing the typical section of the roadway, reconstructing the intersection at SR 540/Cypress Gardens Boulevard and Legoland Way.	Unfunded	Unfunded	Unfunded	Unfunded	Design/ Construction	FY 2026/27 - 2030/31	STP/other State funds	$1,553 PE $12,942 CST
11	**Main Street Roundabout**	The City of Bartow is requesting funding for the design and construction of a roundabout at the intersection of Main Street and North Second Avenue.	Unfunded	Unfunded	Unfunded	Unfunded	Design/ Construction	FY 2026/27 - 2030/31	Federal Funds	$181 PE $952 CST

			PD&E	Design	ROW	CST				
Candidate Freight Projects for Strategic Intermodal System (SIS) Funds										
1	**State Road 60 widening** FPN: 433856-2/3	State Road 60 is planned to be widened from two to four-lanes in eastern Polk County from CR 630 to just east of the Kissimmee River. State Road 60 is a regionally significant SIS freight corridor in Central Florida serving the seaports of Port of Tampa and Port Canaveral on either coast and one of Florida's largest inland ports in the Central Florida Integrated Logistics Center (ILC) in Winter Haven. The two-lane portion of State Road 60 in eastern Polk and western Osceola County between CR 630 and Florida's Turnpike is the only portion of the road that is not four or more lanes in Florida. The two-lane section of roadway, with little or no shoulders, presents an increased safety hazard for high-speed truck and automobile travel. This portion of State Road 60 has a high number of severe crashes and fatalities which result in very long road closures and delays.	Complete	Partially Funded	Unfunded	Unfunded	Design/ROW	FY 2026	SIS/State Funds/NHFP Funds & TMA SU Funds ($2M to match NHFP Grant)	$19,600

Transportation Disadvantaged Program Element

Transportation Disadvantaged Program Element

Each county in the state has a Transportation Disadvantaged program to provide transportation to those people who, because of physical or mental disability, income status, or age, are unable to transport themselves or to purchase transportation and are, therefore, dependent upon others to obtain access to health care, employment, education, shopping, social activities, or other life- sustaining activities, or children who are handicapped or high-risk. The Polk TPO serves as the Designated Official Planning Agency for Polk County pursuant to s. 427.015(1) F.S. and 41- 2.009(2), F.A.C.

Each county has a Community Transportation Coordinator, a single entity which is responsible for coordinating the trips in the Transportation Disadvantaged program. Lakeland Area Mass Transit District (LAMTD) d/b/a Citrus Connection is the CTC for Polk County.

Each county has a Local Transportation Coordinating Board (LCB) to oversee the transit agency providing the service to the transportation disadvantaged population. This board is comprised of a cross-section of users or user representatives including, but not limited to, state social service agencies, local agencies, users of the system, elderly citizens, and school board representatives.

Every year the LCB approves the Transportation Disadvantaged Service Plan (TDSP) which consists of a minor update annually and a major update every five years. For more detailed information, go to www.fdot.gov/ctd. A copy of the TDSP for Polk County may be obtained by contacting the Polk TPO at (863) 534-6529.

Table 11: The FY 2024-25 allocation for the Trip and Equipment Grant, and Voluntary Dollars are as follows:

Funding	Trip & Equipment Grant	Voluntary Dollars	Total Funding
Total Project Cost (100%)	$1,461,054	$50	$1,461,109
Local Match (10%)	$146,105	$5	$146,110
Commission Share (90%) - Grant Amt	$1,314,949	$50	$1,314,999

Table 12: FY 2024-25 allocation for the Transportation Disadvantaged Planning Grant is as follows:

Total Project Cost	$40,412
Commission Share (100%)	$40,412

Notes: The Trip Equipment Grant and Voluntary Dollars table are updated based upon the most recent table dated 3/6/2025, received from the Commission for the Transportation Disadvantaged agency on 4/21/2025.

Project Title:		Project listed in CIE?	Yes	CRITERIA		SCHEDULE	1 2 3 4	1 2 3 4	1 2 3 4	1 2 3 4	1 2 3 4
Pavement Management		Comp. Plan reference:	Objective 4.204-A	Safety	X	Design/Arch					
Functional Area :	Roads and Drainage			Mandate		Land/ROW					
Department:		LOS/Concurrency Related:	No	Replace	X	Construct					
Location:	Polk County-Various Locations			Growth		Equipment					

PROJECT DESCRIPTION:

With almost 5,000 lane miles of roadway to maintain, the County has a year-round Pavement maintenance and rehabilitation program that threats and average of 120 miles of roadway each year. Candidate roads are identified using our Pavement Condition Index or PCI, (which is an assessment rating of the road's condition. They are also evaluated considering other factors such as, their classification, traffic volume, and recommended treatment.

PROJECT RATIONALE (Include Additional LOS Detail, if necessary):

Program is required to maintain the integrity of the roadway surface and ensure the safety of the motoring public.

OPERATING BUDGET IMPACT:

POLK COUNTY FY 2026 - FY 2030 COMMUNITY INVESTMENT PROGRAM ROADS & DRAINAGE CIP SUMMARY

RECURRING PROGRAMS | **PROJECT # 5400003** | **PAGE # 3**

FY 2026-2030 Community Investment Program Budget Project Detail

GENERAL PROJECT DATA:		COMPREHENSIVE PLAN INFORMATION:		PROJECT NEED		PROJECT	FY 26	FY 27	FY 28	FY 29	FY 30
Project Title:		Project listed in CIE?	No	CRITERIA		SCHEDULE	1 2 3 4	1 2 3 4	1 2 3 4	1 2 3 4	1 2 3 4
Railroad Grade Crossings		Comp. Plan reference:	Objective 3.203-B	Safety	X	Design/Arch					
Functional Area :	Roads and Drainage			Mandate		Land/ROW					
Department:		LOS/Concurrency Related:	No	Replace	X	Construct					
Location:	Polk County-Various Locations			Growth		Equipment					

PROJECT DESCRIPTION:

The Railroad Grade Crossings Project Budget funds the maintenance and repair of railroad crossings on County-maintained roads. County roads crossing railroad property often have flashing lights and gates in place for the safety of the traveling public. Flat-rate maintenance fees for these devices are billed to the County annually. Additionally, the County pays for a portion of the cost of repairs to railroad crossing surfaces on an as-needed basis; as well as the signs, cones, and information boards necessary to detour traffic while crossings are being repaired.

PROJECT RATIONALE (Include Additional LOS Detail, if necessary):

Program is required to ensure the safety of the motoring public at the railroad signals and the approaches to the crossings.

OPERATING BUDGET IMPACT:

Functional Area :	Roads and Drainage			Mandate	X	Land/ROW																				
Department:		LOS/Concurrency Related:	No	Replace	X	Construct																				
Location:	Polk County-Various Locations			Growth		Other																				

PROJECT DESCRIPTION:

This program is an ongoing maintenance and rehabilitation activity. When roadway improvements impact existing wetlands or floodplains, new areas must be created. Once created, maintenance must be performed to remove undesirable vegetation and ensure growth of wetland plants. Also, stormwater ponds are necessary when roadway improvements are made. This program pays for upkeep and recertification of these facilities.

PROJECT RATIONALE (Include Additional LOS Detail, if necessary):

Program is required to maintain stormwater areas permitted by the Water Management Districts.

GENERAL PROJECT DATA:		COMPREHENSIVE PLAN INFORMATION:		PROJECT NEED		PROJECT	FY 26	FY 27	FY 28	FY 29	FY 30
Project Title:		Project listed in CIE?	Yes	CRITERIA		SCHEDULE	1 2 3 4	1 2 3 4	1 2 3 4	1 2 3 4	1 2 3 4
FDC Grove Road/Northridge Flyover		Comp. Plan reference:	Objective 3.202-E, 3.023	Safety	X	Design/Arch					
Functional Area :	Roads and Drainage			Mandate		Land/ROW					
Department:		LOS/Concurrency Related:	No	Replace		Construct					
Location:	Davenport			Growth	X	Equipment					

PROJECT DESCRIPTION:

The County will ultimately construct a bridge flyover at this interchange. This project will allow local traffic to bypass that interchange by moving local north/south traffic on a route parallel to US Highway 27. Moving local traffic to an alternative roadway creates more capacity on US Highway 27 for the movement of commerce through this area.

PROJECT RATIONALE (Include Additional LOS Detail, if necessary):

This improvement is necessary based on the projected level of service.

POLK COUNTY FY 2026 - FY 2030 COMMUNITY INVESTMENT PROGRAM ROADS & DRAINAGE CIP SUMMARY

PROJECT # 5400272 PAGE # 76

FY 2026-2030 Community Investment Program Budget Project Detail

GENERAL PROJECT DATA:		COMPREHENSIVE PLAN INFORMATION:		PROJECT NEED		PROJECT	FY 26	FY 27	FY 28	FY 29	FY 30
Project Title:		Project listed in CIE?	No	CRITERIA		SCHEDULE	1 2 3 4	1 2 3 4	1 2 3 4	1 2 3 4	1 2 3 4
Lake Seward Drainage Project		Comp. Plan reference:	3.104-B1,B2,B4	Safety	X	Design/Arch					
Functional Area :	Roads and Drainage			Mandate		Land/ROW					
Department:		LOS/Concurrency Related:	Yes	Replace		Construct					
Location:	Davenport			Growth		Equipment					

PROJECT DESCRIPTION:

This project is located in Sections 15, Township 29 South, Ranges 24 East in south Lakeland. The project consists of hiring a consultant to design and permit a pumping system on Lake Seward; and improvements will be constructed when funding is available.

PROJECT RATIONALE (Include Additional LOS Detail, if necessary):

The Lake Seward area is a closed basin that has no positive outfall. Repetitive residential and road flooding has occurred in this area. The County, through the Federal Emergency Management Agency Hazard Mitigation Program has purchased one lot and the road has been elevated to allow emergency vehicle access. In 1996, a study was completed that listed potential solutions to the flooding problem in this area. In 2004, this study was updated. As this area becomes developed, drainage impacts may be worsened. Construction of a pumping system would increase the LOS and alleviate flooding.

Functional Area :	Roads and Drainage			Mandate		Land/ROW					
Department:		LOS/Concurrency Related:	No	Replace		Construct					
Location:	Winter Haven			Growth		Contribution					

PROJECT DESCRIPTION:

"Quiet Zones" at 5 locations in the Winter Haven area (3 City Crossings and 2 County Crossings). Given the repeated request to address these situations, especially from residents in these areas, the County has agreed to co-fund these locations in a cooperative fashion with the City of Winter Haven. This will be a cash contribution; project management will be the responsibility of the City of Winter Haven.

PROJECT RATIONALE (Include Additional LOS Detail, if necessary):

Provide for safer and quieter zoning of Railroad Crossings.

TRANSPORTATION										
Multi-modal										
Avenue C, SE (First Street S to 6th Street SE)	$1,621,427	Transportation Objective 1.3, Objective 1.7, Objective 1.14, Objective 2.2, Objective 2.3; Recreation Objective 1.6	LOS D + 10%	FDOT Transportation Enhancement Grant- $1,336,427; Ad Valorem Taxes- $285,000		$285,000 (Design)		$1,336,427 (Construction)		Proposed improvements will reduce oversized lane widths of a 2-lane collector street into a corridor with an 8-foot sidewalk along the north side of the street, reconstruction of the existing 5-foot sidewalk located along the south side of the street, reducing travel lanes to 11 feet, adding defined on-street parking where space permits, landscaping, and minor drainage improvements.
Avenue D, NW	$2,000,000	Transportation Objective 1.3, Objective 1.7, Objective 1.14, Objective 2.2, Objective 2.3; Recreation Objective 1.6	LOS D + 10%	FDOT Grants (To be applied for); Ad Valorem Taxes					$2,000,000 (Design & Construction)	Avenue D, NW is a key east/west collector roadway lying immediately north of downtown. With many pedestrian oriented improvements occurring in the core of downtown along Central Avenue, Avenue D, NW is experiencing increased traffic. The 2015 Winter Haven Downtown Transportation Plan recognizes this and indicated improvements are needed along this corridor.
West Central Avenue	$656,366	Transportation Objective 1.3, Objective 1.7, Objective 1.14, Objective 2.2, Objective 2.3; Recreation Objective 1.6	LOS D + 10%	FDOT Grant- $371,366; City- $285,000			$285,000 (Design)		$371,366 (Construction)	Design and construction of sidewalk upgrades, lighting, and on-street parking along West Central Avenue between West Lake Howard Drive and Sixth Street, SW (US 17).
Cypress Gardens Blvd Corridor Vision Plan Implementation	$4,000,000	Transportation Objective 1.3, Objective 1.7, Objective 1.14, Objective 2.2, Objective 2.3; Recreation Objective 1.6	LOS D + 10%	FDOT Grants (To be applied for); Ad Valorem Taxes					$4,000,000	This will be an initial project to begin implementation of findings identified in FDOT's 2020 Corridor Vision Plan for Cypress Gardens Boulevard between Cypress Gardens Road and Waterview Way. The end goal is to begin transforming this corridor from a rural cross-section to an urban cross-section. Initial efforts will focus on upgraded sidewalks, street lighting, and landscaping.
Eighth Street/Avenue L NW	$1,542,720	Transportation Objective 1.3, Objective 1.7, Objective 1.14, Objective 2.2, Objective 2.3; Recreation Objective 1.6	LOS D + 10%	FDOT Grants- $1,257,720; Ad Valorem Taxes	$285,000 (Design)		$1,257720 (Construction			Design and construct approximately 2,400 feet of multi-modal improvements to include sidewalks/multi-use path, intersection improvements, and a lane width reduction for Eighth Street, NW and Avenue L, NW between North Lake Howard Drive and Sixth Street, NW (US Highway 17)
Eighth Street SE	$1,279,377	Transportation Objective 1.3, Objective 1.7, Objective 1.14, Objective 2.2, Objective 2.3; Recreation Objective 1.6	LOS D + 10%	FDOT Grants- $893,377; Ad Valorem Taxes- $386,000	$285,000 (Design)	$994,377 (Construction)				Design and construct approximately 2,400 feet of multi-modal improvements to include sidewalks/multi-use path and intersection improvements between Cypress Gardens Blvd and Avenue K, SE

East Lake Howard Trail and Trailhead (Avenue B, NW to Lake Howard/Lake May Canal)	$735,000	Transportation Objective 1.3, Objective 1.7, Objective 1.14, Objective 2.2, Objective 2.3; Recreation Objective 1.6	NA	Ad Valorem Taxes	$160,000 (Design)			$575,000 (Construction)		Design and construction of a 3,500±-foot multi-use trail and sidewalks along the eastern side of Lake Howard from Avenue B, NW to Lake Howard/Lake May Canal. This trail will provide a connection to neighborhoods in southwest Winter Haven from the Chain of Lakes Trail network. This project is identified in the Sidewalk Pedestrian Multi-modal Infrastructure Access Plan as a priority multi-use trail.
Fifth Street, SE	$1,400,000	Transportation Objective 1.3, Objective 1.7, Objective 1.14, Objective 2.2, Objective 2.3; Recreation Objective 1.6	NA	FDOT Grants- To be applied for; Ad Valorem Taxes					$1,400,000	Design and construction of approximately 2,600 feet of multi-modal improvements along Fifth Street, SE between Avenue G, SE and Avenue C, SE
Fourth Street, NE	$1,000,000	Transportation Objective 1.3, Objective 1.7, Objective 1.14, Objective 2.2, Objective 2.3; Recreation Objective 1.6	NA	FDOT Grants- To be applied for; Ad Valorem Taxes					$1,000,000	Design and construction of approximately 1,500 feet of multi-modal improvements along Fourth Street, NE between Avenue K, NE and Avenue O, NE
North Lake Maude Drive	$1,000,000	Transportation Objective 1.3, Objective 1.7, Objective 1.14, Objective 2.2, Objective 2.3; Recreation Objective 1.6	NA	FDOT Grants- To be applied for; Ad Valorem Taxes					$1,000,000	Design and construction of approximately 1,200 feet of multi-modal improvements along North Lake Maude Drive between Third street, NE and Edwin Street, NE. This project would include a connecting sidewalk(s) along either Third Street, NE or Fourth Street, NE back to Martin Luther King Boulevard
South Lake Howard Trail (15th St SW to Avenue G NW)	$3,294,800	Transportation Objective 1.3, Objective 1.7, Objective 1.14, Objective 2.2, Objective 2.3; Recreation Objective 1.6	NA	Congressional Appropriation- $750,000; Ad Valorem Taxes	$294,800 (Design)			$3,000,000 (Construction)		• (15th Street SW to Avenue C, SW): Design and construct a 3,200-foot multi-use trail along the shore of Lake Howard from 15th Street, SW to Avenue C, SW. The trail will aid in providing a connection between downtown and the Lake Howard Nature Park. This project is identified in the Sidewalk Pedestrian Multi-modal Infrastructure Access Plan as a multi-use trail; • (Avenue C, SW to Avenue G, NW): Corridor analysis for a trail connection along the western side of Lake Howard between Avenue C, SW and Avenue G, NW. The specific route for this trail has not been finalized. This project is identified in the Sidewalk Pedestrian Multi-modal Infrastructure Access Plan as a priority multi-use trail.
East Lake Martha Drive	$1,453,508	Transportation Objective 1.3, Objective 1.7, Objective 1.14, Objective 2.2, Objective 2.3; Recreation Objective 1.6	LOS D + 10%	FDOT Grant- $1,168,508; City- $285,000			$285,000 (Design)		$1,168,508 (Construction)	Design and construction of upgraded sidewalks and crosswalks along both sides of East Lake Martha Drive between Avenue C, NE and Avenue K, NE.

PROJECT	TOTAL PROJECT COST	COMPREHENSIVE PLAN POLICY IMPLEMENTATION	LEVEL OF SERVICE STANDARD	FUNDING SOURCE	FISCAL YEAR 2025/2026	FISCAL YEAR 2026/2027	FISCAL YEAR 2027/2028	FISCAL YEAR 2028/2029	FISCAL YEAR 2029/2030	COMMENTS
Sixth Street, SW	$1,230,873	Transportation Objective 1.3, Objective 1.7, Objective 1.14, Objective 2.2, Objective 2.3; Recreation Objective 1.6	LOS D + 10%	FDOT Grants- $1,042,854; Ad Valorem Taxes- $188,019	$165,000 (Design)		$1,065,873 (Construction)			The Sixth Street, SW Complete Street improvements will convert the existing former 4-lane roadway between Avenue C, SW and Avenue G, SW into a corridor with two, 10 to 11-foot travel lanes (existing), a median/center turn lane, landscaping, rain gardens, and an 8-foot sidewalk along the eastern side of the roadway. The project will also provide 5 to 6-foot wide infill sidewalks along Avenue G, SW between Fifth Street, SW and Seventh Street, SW. This project was identified by the 2015 Winter Haven Downtown Transportation Plan.
North Lake Shipp Drive Reconstruction (Avenue Q, SW to CSX RR Tracks)	$4,285,000	Transportation Objective 1.3, Objective 1.7, Objective 1.14, Objective 2.2, Objective 2.3; Recreation Objective 1.6	LOS D + 10%	Ad Valorem Taxes- $150,000; FDOT Grants (To be applied for)	$285,000 (Design)			$4,000,000 (Construction)		A Major focus of this effort is accommodating safer pedestrian movement. Additional improvements include bicycle facilities, drainage improvements, sidewalks,
Old Helena Road Multi-use Trail	$1,235,000	Transportation Objective 1.3, Objective 1.7, Objective 1.14, Objective 2.2, Objective 2.3; Recreation Objective 1.6	NA	Ad Valorem Taxes; FDOT Grant- $592,094	$285,000 (Design)	$950,000 (Construction)				Design and construction of a minimum 8-foot wide, 3,800-foot long multi-use trail along Old Helena Road between Legoland Way and Cypress Gardens Boulevard. This project supports concepts contained in FDOT's *2021 Cypress Gardens Boulevard Corridor Study* .
Roselawn Street SW	$1,317,725	Transportation Objective 1.3, Objective 1.7, Objective 1.14, Objective 2.2, Objective 2.3; Recreation Objective 1.6	LOS D + 10%	FDOT Grants- $1,145,848 ; Ad Valorem Taxes- $171,877			$171,877 (Design)		$1,145,848 (Construction)	Design and construction of multi-modal improvements to include sidewalks and intersection improvements from 15th Street, SW to Avenue O, SW
Third Street, NW (Avenue D, NW to S Lake Silver Dr)	$3,500,000	Transportation Objective 1.3, Objective 1.7, Objective 1.14, Objective 2.2, Objective 2.3; Recreation Objective 1.6	LOS D + 10%	FDOT Grants- $1,690,315; Ad Valorem Taxes- $1,809,685	$3,500,000 (Construction)					The 3rd Street NW multi-modal improvements will convert the existing roadway between Avenue D, NW and South Lake Silver Drive into a corridor with two, 10 to 11-foot travel lanes, upgraded parking, landscaping, rain gardens, and a roundabout, and improved pedestrian safety amenities.
US Highway 17 Corridor Vision Plan Implementation	$2,000,000	Transportation Objective 1.3, Objective 1.7, Objective 1.14, Objective 2.2, Objective 2.3; Recreation Objective 1.6	LOS D + 10%	FDOT Grants (To be applied for); Ad Valorem Taxes					$2,000,000	This will be an initial project to begin implementation of findings identified in FDOT's 2020 Corridor Vision Plan for US Highway 17 between Cypress Gardens Boulevard and Motor Pool Road. Focus will be on upgrading sidewalks and crosswalks, traffic calming, and addressing midblock crossing opportunities.
Neighborhood Sidewalks	$825,000	Transportation Objective 1.3, Objective 1.7, Objective 1.14, Objective 2.2, Objective 2.3; Recreation Objective 1.6	LOS D + 10%	General Fund- $560,000; DT CRA- $75,000; FV CRA- $75,000; Transportation Fund- $150,000	$165,000	$165,000	$165,000	$165,000	$165,000	Sidewalk improvement program to address ongoing sidewalk improvements, including construction of infill sidewalks throughout the City.

Appendix C: Public Comments

(Currently undergoing Public Comment period)

Appendix D: Florida Transportation Performance Measures Consensus Planning Document

Transportation Performance Measures
Consensus Planning Document

Purpose and Authority

This document has been cooperatively developed by the Florida Department of Transportation (FDOT) and Florida's 27 Metropolitan Planning Organizations (MPOs) through the Florida Metropolitan Planning Organization Advisory Council (MPOAC), and, by representation on the MPO boards and committees, the providers of public transportation in the MPO planning areas.

The purpose of the document is to outline the minimum roles of FDOT, the MPOs, and the providers of public transportation in the MPO planning areas to ensure consistency to the maximum extent practicable in satisfying the transportation performance management requirements promulgated by the United States Department of Transportation in Title 23 Parts 450, 490, 625, and 673 of the *Code of Federal Regulations* (23 CFR). Specifically:

- 23 CFR 450.314(h)(1) requires that "The MPO(s), State(s), and providers of public transportation shall jointly agree upon and develop specific written procedures for cooperatively developing and sharing information related to transportation performance data, the selection of performance targets, the reporting of performance targets, the reporting of performance to be used in tracking progress toward achievement of critical outcomes for the region of the MPO, and the collection of data for the State asset management plan for the National Highway System (NHS)."

- 23 CFR 450.314(h)(2) allows for these provisions to be "Documented in some other means outside the metropolitan planning agreements as determined cooperatively by the MPO(s), State(s), and providers of public transportation."

Section 339.175(11), Florida Statutes creates the MPOAC to "Assist MPOs in carrying out the urbanized area transportation planning process by serving as the principal forum for collective policy discussion pursuant to law" and to "Serve as a clearinghouse for review and comment by MPOs on the Florida Transportation Plan and on other issues required to comply with federal or state law in carrying out the urbanized transportation planning processes." The MPOAC Governing Board membership includes one representative of each MPO in Florida.

This document was developed, adopted, and subsequently updated by joint agreement of the FDOT Secretary and the MPOAC Governing Board. Each MPO will adopt this document by incorporation in its annual Transportation Improvement Program (TIP) or by separate board action as documented in a resolution or meeting minutes, which will serve as documentation of agreement by the MPO and the provider(s) of public transportation in the MPO planning area to carry out their roles and responsibilities as described in this general document.

Roles and Responsibilities

This document describes the general processes through which FDOT, the MPOs, and the providers of public transportation in MPO planning areas will cooperatively develop and share information related to transportation performance management.

Email communications will be considered written notice for all portions of this document. Communication with FDOT related to transportation performance management generally will occur through the Administrator for Metropolitan Planning in the Office of Policy Planning. Communications with the MPOAC related to transportation performance management generally will occur through the Executive Director of the MPOAC.

1. Transportation performance data:

    a) FDOT will collect and maintain data, perform calculations of performance metrics and measures, and provide to each MPO the results of the calculations used to develop statewide targets for all applicable federally required performance measures. FDOT also will provide to each MPO the results of calculations for each applicable performance measure for the MPO planning area, and the county or counties included in the MPO planning area.[12] FDOT and the MPOAC agree to use the National Performance Management Research Data Set as the source of travel time data and the defined reporting segments of the Interstate System and non-Interstate National Highway System for the purposes of calculating the travel time-based measures specified in 23 CFR 490.507, 490.607, and 490.707, as applicable.

    b) Each MPO will share with FDOT any locally generated data that pertains to the federally required performance measures, if applicable, such as any supplemental data the MPO uses to develop its own targets for any measure.

    c) Each provider of public transportation is responsible for collecting performance data in the MPO planning area for the transit asset management measures as specified in 49 CFR 625.43 and the public transportation safety measures as specified in the National Public Transportation Safety Plan. The providers of public transportation will provide to FDOT and the appropriate MPO(s) the transit performance data used to support these measures.

2. Selection of performance targets:

    FDOT, the MPOs, and providers of public transportation will select their respective performance targets in coordination with one another. Selecting targets generally refers to the processes used to identify, evaluate, and make decisions about potential targets prior to action to formally establish the targets. Coordination will include as many of the following opportunities as deemed appropriate for each measure: in-person meetings, webinars, conferences calls, and email/written communication. Coordination will include timely

[1] When an MPO planning area covers portions of more than one state, as in the case of the Florida-Alabama TPO, FDOT will collect and provide data for the Florida portion of the planning area.
[2] If any Florida urbanized area becomes nonattainment for the National Ambient Air Quality Standards, FDOT also will provide appropriate data at the urbanized area level for the specific urbanized area that is designated.

sharing of information on proposed targets and opportunities to provide comment prior to establishing final comments for each measure.

The primary forum for coordination between FDOT and the MPOs on selecting performance targets and related policy issues is the regular meetings of the MPOAC. The primary forum for coordination between MPOs and providers of public transportation on selecting transit performance targets is the TIP development process.

Once targets are selected, each agency will take action to formally establish the targets in its area of responsibility.

a) FDOT will select and establish a statewide target for each applicable federally required performance measure.

   i. To the maximum extent practicable, FDOT will share proposed statewide targets at the MPOAC meeting scheduled in the calendar quarter prior to the dates required for establishing the target under federal rule. FDOT will work through the MPOAC to provide email communication on the proposed targets to the MPOs not in attendance at this meeting. The MPOAC as a whole, and individual MPOs as appropriate, will provide comments to FDOT on the proposed statewide targets within sixty (60) days of the MPOAC meeting. FDOT will provide an update to the MPOAC at its subsequent meeting on the final proposed targets, how the comments received from the MPOAC and any individual MPOs were considered, and the anticipated date when FDOT will establish final targets.

   ii. FDOT will provide written notice to the MPOAC and individual MPOs within two (2) business days of when FDOT establishes final targets. This notice will provide the relevant targets and the date FDOT established the targets, which will begin the 180-day time-period during which each MPO must establish the corresponding performance targets for its planning area.

b) Each MPO will select and establish a target for each applicable federally required performance measure. To the extent practicable, MPOs will propose, seek comment on, and establish their targets through existing processes such as the annual TIP update. For each performance measure, an MPO will have the option of either[3]:

   i. Choosing to support the statewide target established by FDOT, and providing documentation (typically in the form of meeting minutes, a letter, a resolution, or incorporation in a document such as the TIP) to FDOT that the MPO agrees to plan and program projects so that they contribute toward the accomplishments of FDOT's statewide targets for that performance measure.

   ii. Choosing to establish its own target, using a quantifiable methodology for its MPO planning area. If the MPO chooses to establish its own target, the MPO will coordinate with FDOT and, as applicable, providers of public transportation regarding the approach used to develop the target and the proposed target prior to

[3] When an MPO planning area covers portions of more than one state, as in the case of the Florida-Alabama TPO, that MPO will be responsible for coordinating with each state DOT in setting and reporting targets and associated data.

establishment of a final target. The MPO will provide FDOT and, as applicable, providers of public transportation, documentation (typically in the form of meeting minutes, a letter, a resolution, or incorporation in a document such as the TIP) that includes the final targets and the date when the targets were established .

c) The providers of public transportation in MPO planning areas will select and establish performance targets annually to meet the federal performance management requirements for transit asset management and transit safety under 49 U.S.C. 5326(c) and 49 U.S.C. 5329(d).

   i. The Tier I providers of public transportation will establish performance targets to meet the federal performance management requirements for transit asset management. Each Tier I provider will provide written notice to the appropriate MPO and FDOT when it establishes targets. This notice will provide the final targets and the date when the targets were established, which will begin the 180-day period within which the MPO must establish its transit-related performance targets. MPOs may choose to update their targets when the Tier I provider(s) updates theirs, or when the MPO amends its long-range transportation plan by extending the horizon year in accordance with 23 CFR 450.324(c).

   ii. FDOT is the sponsor of a Group Transit Asset Management plan for subrecipients of Section 5311 and 5310 grant funds. The Tier II providers of public transportation may choose to participate in FDOT's group plan or to establish their own targets. FDOT will notify MPOs and those participating Tier II providers following of establishment of transit-related targets. Each Tier II provider will provide written notice to the appropriate MPO and FDOT when it establishes targets. This notice will provide the final targets and the date the final targets were established, which will begin the 180-day period within which the MPO must establish its transit-related performance targets. MPOs may choose to update their targets when the Tier II provider(s) updates theirs, or when the MPO amends its long-range transportation plan by extending the horizon year in accordance with 23 CFR 450.324(c).

   iii. FDOT will draft and certify a Public Transportation Agency Safety Plan for any small public transportation providers (defined as those who are recipients or subrecipients of federal financial assistance under 49 U.S.C. 5307, have one hundred (100) or fewer vehicles in peak revenue service, and do not operate a rail fixed guideway public transportation system). FDOT will coordinate with small public transportation providers on selecting statewide public transportation safety performance targets, with the exception of any small operator that notifies FDOT that it will draft its own plan.

   iv. All other public transportation service providers that receive funding under 49 U.S. Code Chapter 53 (excluding sole recipients of sections 5310 and/or 5311 funds) will provide written notice to the appropriate MPO and FDOT when they establish public transportation safety performance targets. This notice will provide the final targets and the date the final targets were established, which will begin the 180-day period within which the MPO must establish its transit safety

performance targets. MPOs may choose to update their targets when the provider(s) updates theirs, or when the MPO amends its long-range transportation plan by extending the horizon year in accordance with 23 CFR 450.324(c).

v. If the MPO chooses to support the asset management and safety targets established by the provider of public transportation, the MPO will provide to FDOT and the provider of public transportation documentation that the MPO agrees to plan and program MPO projects so that they contribute toward achievement of the statewide or public transportation provider targets. If the MPO chooses to establish its own targets, the MPO will develop the target in coordination with FDOT and the providers of public transportation. The MPO will provide FDOT and the providers of public transportation documentation (typically in the form of meeting minutes, a letter, a resolution, or incorporation in a document such as the TIP) that includes the final targets and the date the final targets were established. In cases where two or more providers operate in an MPO planning area and establish different targets for a given measure, the MPO has the options of coordinating with the providers to establish a single target for the MPO planning area, or establishing a set of targets for the MPO planning area.

3. Reporting performance targets:

a) Reporting targets generally refers to the process used to report targets, progress achieved in meeting targets, and the linkage between targets and decision making processes FDOT will report its final statewide performance targets to the Federal Highway Administration (FHWA) and the Federal Transit Administration (FTA) as mandated by the federal requirements.

i. FDOT will include in future updates or amendments of the statewide long-range transportation plan a description of all applicable performance measures and targets and a system performance report, including progress achieved in meeting the performance targets, in accordance with 23 CFR 450.216(f).

ii. FDOT will include in future updates or amendments of the statewide transportation improvement program a discussion of the anticipated effect of the program toward achieving the state's performance targets, linking investment priorities to those performance targets, in accordance with 23 CFR 450.218 (q).

iii. FDOT will report targets and performance data for each applicable highway performance measure to FHWA, in accordance with the reporting timelines and requirements established by 23 CFR 490; and for each applicable public transit measure to FTA, in accordance with the reporting timelines and requirements established by 49 CFR 625 and 40 CFR 673.

b) Each MPO will report its final performance targets as mandated by federal requirements to FDOT. To the extent practicable, MPOs will report final targets through the TIP update or other existing documents.

i. Each MPO will include in future updates or amendments of its metropolitan long-range transportation plan a description of all applicable performance measures

and targets and a system performance report, including progress achieved by the MPO in meeting the performance targets, in accordance with 23 CFR 450.324(f)(3-4).

ii. Each MPO will include in future updates or amendments of its TIP a discussion of the anticipated effect of the TIP toward achieving the applicable performance targets, linking investment priorities to those performance targets, in accordance with 23 CFR 450.326(d).

iii. Each MPO will report target-related status information to FDOT upon request to support FDOT's reporting requirements to FHWA.

c) Providers of public transportation in MPO planning areas will report all established transit asset management targets to the FTA National Transit Database (NTD) consistent with FTA's deadlines based upon the provider's fiscal year and in accordance with 49 CFR Parts 625 and 630, and 49 CFR Part 673.

4. Reporting performance to be used in tracking progress toward attainment of performance targets for the MPO planning area:

a) FDOT will report to FHWA or FTA as designated, and share with each MPO and provider of public transportation, transportation performance for the state showing the progress being made towards attainment of each target established by FDOT, in a format to be mutually agreed upon by FDOT and the MPOAC.

b) If an MPO establishes its own targets, the MPO will report to FDOT on an annual basis transportation performance for the MPO area showing the progress being made towards attainment of each target established by the MPO, in a format to be mutually agreed upon by FDOT and the MPOAC. To the extent practicable, MPOs will report progress through existing processes including, but not limited to, the annual TIP update.

c) Each provider of public transportation will report transit performance annually to the MPO(s) covering the provider's service area, showing the progress made toward attainment of each target established by the provider.

5. Collection of data for the State asset management plans for the National Highway System (NHS):

a) FDOT will be responsible for collecting bridge and pavement condition data for the State asset management plan for the NHS. This includes NHS roads that are not on the State highway system but instead are under the ownership of local jurisdictions, if such roads exist.

Agenda Item 9. 6/11/2026

AGENDA ITEM

Appointment to the Central Florida MPO Alliance (CFMPOA)

PRESENTER

Cindy Mitchell, Polk TPO Staff

SUMMARY

The TPO Board will be requested to make an appointment to the Central Florida MPO Alliance (CFMPOA). The CFMPOA is a regional policy board the Polk TPO is represented on which consists of six (6) Metropolitan Planning Organizations (MPO) in east central Florida. Each MPO/TPO has three (3) voting members on the CFMPOA. Currently, the Polk TPO has one (1) vacancy that must be filled.

RECOMMENDED ACTION

Appointment of a TPO board member to serve on the Central Florida MPO Alliance (CFMPOA).

ATTACHMENT

None

Agenda Item 10. 6/11/2026

AGENDA ITEM

Review/Approve Draft 2026 Priority Transportation Projects

PRESENTER

Ryan Kordek, TPO Staff

SUMMARY

The Board will be asked to review/approve the Draft TPO 2026 Priority Transportation Projects for Polk County. The TPO's adopted Long-Range Transportation Plan - *Envision 2050* is the source for many of the candidate projects being recommended. These priority projects will be submitted to the Florida Department of Transportation (FDOT) as input to the development of its Draft Tentative Work Program. Typically, FDOT releases the Draft Tentative Work Program in the fall.

RECOMMENDED ACTION

The TPO's Technical Advisory Committee (TAC) has recommended the TPO Board approve the Draft 2026 Priority Transportation Projects as presented.

ATTACHMENTS

1. Draft 2026 TPO Priority Transportation Projects
2. FDOT Letter Requesting Transportation Priorities for 2026
3. Polk TPO Response Letter on Draft Work Program
4. FDOT Project Development Policy - 1/7/26

Draft 2026 Priority Transportation Projects

Priority	Project	Project Description	Project Status				2026 Priority Request Phase(s)	Fiscal Year Requested	Funding Source Requested	Project Cost ($1,000)
			PD&E	Design	ROW	CST				
Transportation Projects Removed from FDOT's FY 2027 - 2031 Draft Work Program										
1	**State Road 60 at CSX S-Line Rail Crossing** FPN: 436559-1	The referenced rail crossing on State Road 60 is approximately one mile south of CSX's Central Florida Integrated Logistics Center (ILC) on CSX's S-Line. The S-Line is a major rail line running north-south on the Florida Peninsula. Trains serving this facility can be up to two-miles long, which leads to significant back-ups on State Road 60.	Complete	Complete	Complete	Unfunded	Restoration of Construction Funding	FY 2027/28 - 2031/32	NA	$76,000
2	**New York Avenue Pedestrian Overpass** FPN: 436656-1	Long-standing priority of the City of Lakeland to provide a grade-separated bridge over the CSX rail line in Downtown Lakeland for bicyclists and pedestrians as recommended in FDOT's Polk Freight Rail Study (2009).	Complete	Complete	Complete	Unfunded	Restoration of Construction Funding	FY 2027/28 - 2031/32	STP/other State funds	$11,600
									Total	$87,600

Priority	Project	Project Description	Project Status				2026 Priority Request Phase(s)	Fiscal Year Requested	Funding Source Requested	Project Cost ($1,000)
			PD&E	Design	ROW	CST				
Candidate Priority Road Projects (Non-SIS Roads) - State Funds, other Surface Transportation Program (STP) Funds and Federal Funds										
1	**US 98 Widening, TSM & Operational Improvements** FPN: 197564-4	This portion of US 98 is one the most congested state highways in Lakeland and is a long-standing priority of the TPO to improve the corridor with intersection improvements at key intersections such as Edgewood Drive, Sylvester and New Jersey Road, and North and South Crystal Lake Drive. Safety and multi-modal enhancements have also been planned for the corridor. Portions of the corridor are operating over capacity.	Complete	Complete	Complete	Unfunded	Construction	FY 2027/28 - 2031/32	STP/other State funds	$38,814
2	**SR 544 at US 27** FPN: 440273-1	Single point urban interchange improvement as recommended in FDOT's PD&E Study for this intersection. Project consists of the widening of SR 544 and providing a bridge for through traffic on US 27 and a roadabout at the SR 544/Brenton Manor Ave. intersection.	Complete	Unfunded	Unfunded	Unfunded	Design	FY 2027/28 - 2031/32	SIS Funding/STP/ other State funds	$4,061
3	**US 17/92 Lake Alfred** FPN: 442404-3/442404-1	Polk County will be widening CR 557 from US 17/92 to Interstate 4. This project will evaluate the needed Intersection Improvement at US 17/92 and CR 557 in Downtown Lake Alfred, as well as other safety and multi-modal enhancements along US 17/92 as recommended in FDOT's Lake Alfred US 17/92 Study (2019).	Ongoing	Unfunded	Unfunded	Unfunded	Design	FY 2027/28 - 2031/32	STP/other State funds	$8,000
4	**Wabash Avenue Extension**	Construction of a new 2-lane road between Harden Blvd and Ariana St. intended to provide additional north-south capacity in southwest Lakeland. The City of Lakeland is seeking Federal funding for construction of this new roadway.	Complete	Complete	Committed	Unfunded	Construction, CEI & Post-Des. Services	FY 2027/28 - 2031/32	Federal Funds	$40,000
									Total	$90,875

Draft 2026 Priority Transportation Projects

Priority	Project	Project Description	Project Status				2026 Priority Request Phase(s)	Fiscal Year Requested	Funding Source Requested	Project Cost ($1,000)
			PD&E	Design	ROW	CST				
Candidate Freight Projects for Strategic Intermodal System (SIS) Funds										
1	**State Road 60 widening (Kissimmee River Bridge)** FPN: 433856-3	State Road 60 is planned to be widened from two to four-lanes in eastern Polk County from CR 630 to just east of the Kissimmee River. State Road 60 is a regionally significant SIS freight corridor in Central Florida serving the seaports of Port of Tampa and Port Canaveral on either coast and one of Florida's largest inland ports in the Central Florida Integrated Logistics Center (ILC) in Winter Haven. The two-lane portion of State Road 60 in eastern Polk and western Osceola County between CR 630 and Florida's Turnpike is the only portion of the road that is not four or more lanes in Florida. The two-lane section of roadway, with little or no shoulders, presents an increased safety hazard for high-speed truck and automobile travel. This portion of State Road 60 has a high number of severe crashes and fatalities which result in very long road closures and delays.	Complete	Unfunded	Unfunded	Unfunded	Design	FY 2027/28 - 2031/32	SIS/State Funds/NHFP Funds	$5,000
									Total	$5,000

			PD&E	Design	ROW	CST				
Candidate Transportation Regional Incentive Program (TRIP) and County Incentive Grant Program (CIGP) Projects										
1	**Thompson Nursery Road Widening**	Thompson Nursery Road is planned to be widened from two to four-lanes between West Lake Ruby Drive and US 27 in South Winter Haven. This segment of Thompson Nursery Road serves as Phase 2 of the larger improvement to extend and realign Thompson Nursery Road between US 17 and US 27. Upon completion, the expanded corridor will, along with State Road 540 (Winter Lake Road), provide a new contiguous four-lane connection between State Road 570 (Polk Parkway) and US 27.	Comeplete	Underway	Funded	Funded	Construction	FY 2027 - 2030	State TRIP/CIGP Funds	$5,000

			PD&E	Design	ROW	CST				
Candidate Transit Projects - FTA Funds										
1	**Lakeland Intermodal Center**	The Lakeland Intermodal Center will be a state-of-the-art transit terminal for the Citrus Connection, with a new transportation center for Citrus Connection staff, a parking garage supporting potential future SunRail commuter rail service, a re-located AMTRAK Station, as well as, planned re-development activity around the RP Funding Center convention center and arena complex.	Underway	Unfunded	Unfunded	Unfunded	Design	FY 2027 - 2030	FTA Build Grant	$1,600
									Total	$1,600

Draft 2026 Priority Transportation Projects

Priority	Project	Project Description	Project Status				2026 Priority Request Phase(s)	Fiscal Year Requested	Funding Source Requested	Project Cost ($1,000)
			PD&E	Design	ROW	CST				
Candidate Surface Transportation Program Projects - Lakeland & Winter Haven TMA SU & Transportation Alternative Funds (TAP) - Multimodal Projects & Multi-Use Trails										
1	**Jackson Avenue Corridor Safety Project**	This project is on the Collier to Polk Regional SunTrail Corridor and will fill sidewalk gaps, provide intersection traffic calming for speed management, crosswalk improvements, introduce signage and pavement markings for non-motorized roadway users, and add shared-use path elements where feasible. The extent of the project is from East Clower Street/Shumate Drive to East Stuart Avenue.	Unfunded	Unfunded	Unfunded	Unfunded	Design/ Construction & CEI	FY 2027/28 - 2031/32	TMA SU (4125302)/ TAP Funds/SUN Trail Funds	$514 PE $1,641 CST
2	**N Lake Maude Drive**	This project would design and construct 5' sidewalks on the north side of N Lake Maude from 3rd St NE to Edwin St NE to continue the existing sidewalk and also include design and construction of 5' sidewalks on both sides of 3rd St NE, both sides of 4th St NE, the east side of 5th St NE and both sides of Edwin St NE from N Lake Maude Drive to MLK Boulevard. Repairs to existing sidewalk on N Lake Maude Drive that is broken will also be addressed with this project. Additionally, installation of period style decorative lighting appropriate for residential streets will be installed.	Unfunded	Committed (local funds)	Unfunded	Unfunded	Construction	FY 2027/28 - 2031/32	TMA SU (4125302)/ TAP Funds	$707
3	**Lake Parker - Tenoroc Conenctor Trail**	Project will complete a gap in the SunTrail network (Fort Fraser Trail Extension & Tenoroc Trail) and extends from East Robson Street in Lake Parker Park to Lake Crago Drive at Lakeland Regional Cancer Center This project is, also, part of Lakeland's Lake-to-Lake Bikeway Network and is, ultimately, part of the SunTrail Network which includes the Collier County to Polk Regional County Corridor.	Not Applicable	Unfunded	Not Applicable	Unfunded	Design/ Construction & CEI	FY 2027/28 - 2031/32	TMA SU (4125302)/ TAP Funds/SUN Trail Funds	$2,796
4	**West Lake Hunter Trail Segment 4**	The West Lake Hunter Trail extends the New York Avenue Cycle Track (FPN# 433260-1) that was completed in Downtown Lakeland in August 2019 and is part of a larger Southwest Pathways Corridor between Downtown and southwestern Lakeland. Segment 4 extends from the Lake Hunter Boat Ramp to Hartsell Avenue.	Not Applicable	Unfunded	Unfunded	Unfunded	Planning/ Design	FY 2027/28 - 2031/32	TMA SU (4125302)/ TAP Funds	$850
5	**5th Street NE Sidewalk & Pedestrian Improvements**	5th St NE from Ave K NE to Ave O NE. This project will design and construct 5' sidewalks on both sides of the street and install decorative period lighting appropriate for residential streets. Crosswalks and additional stops signs will be added to convert intersections to 3 and 4-way stops.	Unfunded	Committed (local funds)	Unfunded	Unfunded	Construction	FY 2027/28 - 2031/32	TMA SU (4125302)/ TAP Funds	$810
6	**5th Street SE Sidewalk & Pedestrian Improvements**	This project will design and construct 5' sidewalks on both sides of the street between Ave O SE & Ave G SE where none exists and install decorative period lighting appropriate for residential streets, increasing safety and offering pedestrian connections to schools (Denison Middle, Winter Haven High School and Brigham Academy). This project will provide a continuous connection to Cypress Gardens Blvd.	Unfunded	Committed (local funds)	Unfunded	Unfunded	Construction	FY 2027/28 - 2031/32	TMA SU (4125302)/ TAP Funds	$681
7	**2055 Long Range Tranportation Plan Update**	The Polk TPO is requesting TMA-SU funding to support the update of the TPO's Long-Range Transportation Plan (LRTP) due in 2030. Funding for this major planning effort is needed beginning in FY 2028/29 and will extend into FY 2030/31 (3 years).					Planning	FY 2028/29 - 2030/31	TMA SU (4125302)	$1,000
									Total	$8,999

Bartow, FL 33830

Re: Request for Transportation Project Priorities Fiscal Year 2031/2032

Dear Chairwoman Pfeiffer:

Each year the Florida Department of Transportation (FDOT) coordinates the development of the Draft Tentative Five-Year Work Program with the Metropolitan/Transportation Planning Organizations (MPO/TPO) within District One. Project and scope development are essential in the process of accurately programming projects with our partner agencies, therefore by way of this letter, it is requested your agency begin the annual process of identifying projects for submission. The Department requests that the following be submitted by the deadlines noted below.

A preliminary list of priority projects	**March 31, 2026**
Final approved list of priority projects	**June 30, 2026**

Please submit Congestion Management (CMS) and Transportation Regional Incentive Program (TRIP) applications to your District 1 liaison no later than **March 31, 2026**.

As a reminder, only Transportation Alternative (TA) applications are required to be submitted through GAP. These applications are due by **March 31, 2026**.

District staff will review the information provided for completeness and funding eligibility. Once all information and data have been received, staff will coordinate further evaluation for constructability. A considerable amount of coordination is essential to developing an

accurate scope and cost estimate for each project and staff will closely communicate with MPO/TPO staff, as well as local government contacts, throughout the process.

Chapter 339.175, Florida Statutes require MPO/TPOs to develop and submit an annual list of priority projects based upon project selection criteria which considers the Strategic Intermodal System (SIS), its connectors, other regionally significant facilities, and the following:

1. An approved MPO/TPO Long-Range Transportation Plan (LRTP)
2. The Strategic Intermodal System (SIS) Plan
3. Transportation management system procedures
4. MPO/TPO public involvement process

Generally, priorities will be considered for programming in Fiscal Year 2031/2032 unless an opportunity arises to fund a project or project phase earlier. A final adopted/approved list of priority projects must be submitted to FDOT by **June 30, 2026**, at which time further consideration for programming and funding will be evaluated as the Draft Tentative Five-Year Work Program is developed over the summer/fall time frame.

For modal programs, FDOT staff will contact transit, aviation, and port managers directly to request submissions for new projects. While MPO/TPOs are not required to prioritize modal program projects, it is important for modal agencies to share their priorities and continue to coordinate with their MPO/TPO.

Thank you for your continued cooperation and participation in the FDOT Work Program development process. For additional information regarding this program please contact:

RE: FLORIDA DEPARTMENT OF TRANSPORTATION'S (FDOT) AND FLORIDA'S TURNPIKE ENTERPRISE (FTE) FISCAL YEARS 2027 – 2031 DRAFT WORK PROGRAMS FOR POLK COUNTY

Dear Secretary, Driggers:

At their meeting on December 9th, the Polk Transportation Planning Organization (TPO) Board received a presentation on the new Draft Work Programs for Polk County. The TPO is very pleased to see the Department's continued investment in a number of transportation priorities adopted by the TPO. This includes the start of construction on the second phase of the Central Polk Parkway in Bartow and the ongoing construction of the Moving I-4 Forward projects in Lakeland and in northeast Polk County.

In terms of new projects included in the new Draft Work Program, the TPO Board was most grateful to see the programming of right-of-way (ROW) acquisition added in fiscal year (FY) 2030 for the two to four-lane widening of State Road 60 (FPN: 433856-2) in eastern Polk County. This project has been a long-standing priority of the Polk TPO and in recent years other statewide and regional MPO/TPO entities such as the Florida Metropolitan Planning Organization Advisory Council (MPOAC), Sun Coast Transportation Planning Alliance (SCTPA) and the Central Florida Metropolitan Planning Organization Alliance (CFMPOA) have joined the Polk TPO in establishing the remaining two-lane portion of State Road 60 in Polk and Osceola counties (CR 630 to US 441) as a regional priority in Central Florida. The TPO Board is hopeful the acquisition of ROW will subsequently lead to the programming of construction and the completion of this critical regional project.

There was also a significant amount of discussion at the Board and Technical Advisory Committee (TAC) meetings on two (2) projects on regional rail facilities in Polk County which have unfortunately been removed from the Draft Work Program. These projects were previously priorities of the Polk TPO and include the State Road 60 grade separation on CSX's S-Line near Logistics Parkway (FPN: 436559-1) which was programmed for construction in FY 2028 at nearly $75M. In Lakeland, the second project is the New York Avenue Pedestrian Overpass (FPN: 436656-1) which was funded for construction in FY 2026 at $11.6M. The Polk TPO respectfully requests the Department to attempt to re-program these projects at the earliest opportunity.

Another important regional roadway that was discussed is US 98 (FPN: 197564-4), between Edgewood Drive and Main Street, in Lakeland. This project was the Polk TPO's top priority in 2025 and includes safety and multi-modal enhancements, as well as intersection improvements along the corridor at key locations such as Edgewood Drive, Sylvester and New Jersey Road, and North and South Crystal Lake Drive. The project development and environmental (PD&E) and design phases have been completed, and the planned improvements can be made within the existing ROW. Our hope is the Department may be able to incorporate some of these improvements, consistent with the project design, into a resurfacing project which is currently programmed on US 98 (FPN: 457732-1), or future resurfacing or maintenance projects that are not yet programmed within the corridor.

The TPO realizes there is a limited amount of transportation funding when compared to the total cost of all the transportation projects needed within District One and are very appreciative of the Department's investment reflected in the new Draft Work Program for Polk County.

If you have any questions or need any additional information regarding the TPO's discussion on these projects, please contact Ryan Kordek with our staff at (863) 534-6558.

Sincerely,

Trish Pfieffer, Chair
Polk Transportation Planning Organization
(TPO)

Florida Statutes

PROJECT DEVELOPMENT POLICY

It is the policy of the Department that project development phases of a transportation project, including preliminary engineering, project development and environment (PD&E), and design, result in timely project delivery. Upon completion of a feasibility assessment with implementation recommendations, the Department will program and fund preliminary engineering, PD&E, and design phases of transportation projects with the requirement that projected funding is available and programmed for construction within eight (8) years from the start of the PD&E phase.

PD&E studies for new alignment projects and capacity improvement projects must be completed to the maximum extent possible within 18 months after the date of commencement. Any exceptions to this policy must be approved by the Department's Chief Operations Officer prior to programming and funding the project phases.

This policy will be integrated into all aspects of the development process, including manuals, guidelines, Work Program Instructions, and related documents governing preliminary engineering, PD&E, design, construction and funding of transportation facilities.

AGENDA ITEM

Lakeland Intermodal Center Project Development and Environmental (PD&E) Study

PRESENTER

Nicole McCleary, Citrus Connection

SUMMARY

The purpose of the proposed Lakeland Intermodal Center is to provide a multimodal hub serving local bus (Citrus Connection), intercity bus (Greyhound, MegaBus), intercity rail (Amtrak), and future modal options such as a downtown circulator trolley, Brightline, SunRail commuter rail extensions or possible bus-based precursor routes, and planned Bus Rapid Transit (BRT) lines.

The PD&E Study was a recommendation of FDOT's Intermodal Center Feasibility Study prepared in 2018-2020 and is being led by Lakeland's Citrus Connection.

Vision Zero Action Plan Update

PRESENTER

Tracy Mullins, Polk TPO

SUMMARY

Polk TPO and the project consultant have continued working on the preparation of the Vision Zero Action Plan, a framework that identified priority corridors, key safety strategies and community-driven solutions. Staff will provide the Board with an update on the status of this project.
