A handwritten signature in black ink, appearing to read 'John Smith', with a long, sweeping underline.

My name is John and I have lived in the area for 44 years. Every year we have our rainy season and the water flows across my property from the pasture behind me heading west. The ditches fill and the road fills full of water . Then the water that was flowing through my yard starts slowing down and builds up. This happens every year. Around 4 years ago they developed the property west of me and I just knew I was going to have trouble since that is the property that all the drain off goes after it crosses my property. So I was very upset that they were developing that property. But I was shocked to find out that after their completion of the development my drainage situation became improved. And last year was one of the rainiest seasons we have had in years and the drainage was still a lot better for me. So I am here to say that developing the neighboring property helped me .

Sincerely,

John Smith

Dear County Commissioners,

My name is Robert Hansen and I live at 5220 Alderman Road Lakeland, FL 33810. In addition to this property that is on Alderman Road, I own the following properties, all of which either sit directly across the street from the proposed project referenced above or are within a very close radius.

1. 5033 Swindell Road Lakeland, FL 33810
2. 5045 Swindell Road Lakeland, FL 33810
3. 5005 Swindell Road Lakeland, FL 33810
4. 4637 Swindell Road Lakeland, FL 33810
5. 206 Alderman Road, Lakeland, FL 33810
6. 5220 Alderman Road, Lakeland, FL 33810 (Residence)

Below is a map with some of my properties highlighted in green and the proposed project outlined in red.

I am in support of the industrial application being proposed for this site and prefer it over a residential community.

Thank you for your consideration,
