Among the changes to Section 401.08.01.K are:

- Removing conditional use criteria on where to place mobile homes within the Village Center and Village Center Core Overlay Areas and refer to Section 303.

Summary:

This is a County-initiated request to amend Section 401.08.01.K of the LDC to remove Mobile Home criteria within the Village Center and Village Center Core Overlay Areas of the Southeast Polk SAP and defer to Conditional Use criteria in Section 303. When the SE Polk SAP was adopted, it created these overlays which were based on a one to a one-and-a-half-mile market radii around existing municipal commercial nodes and activity centers adopted on the Future Land Use map. Based upon public input, individual mobile homes, as land uses, were omitted from these overlays when the SAP was adopted in 2012.

However, existing communities and subdivisions in which mobile homes were already present within these overlays when they were adopted. Individual units thus became non-conforming to the LDC. Furthermore, properties on the rural outskirts of the overlays in which minimum lot sizes are achievable have been left without an opportunity to develop with a mobile home. This amendment seeks to correct this situation by adding removing Mobile Home criteria in the conditional uses section of the SAP and refer to Section 303.

Findings of Fact

1. *LDCT-2025-9 is a County-initiated request to amend Section 401.08.01.K of the LDC to remove Mobile Home criteria within the Village Center and Village Center Core Overlay Areas of the Southeast Polk SAP and refer to Section 303.*
2. *The SE Polk SAP is generally located south of State Road 60, north of the Polk/Hardee/Highlands County line, east of Lake Buffum Road East and west of Tiger Creek Preserve/ Avon Park Air Force Range. The purpose of the SE Polk SAP is to develop a vision and supporting plan that encourage quality future growth that recognizes and protects existing community resources. It was adopted on December 18, 2012 by CPA 12E-03 (Ordinance 12-035) and is approximately 65,554 acres.*
3. *Comprehensive Plan POLICY 2.131-UB6 created the Village Center and Village Center Core Overlay Areas. Village Center Overlay Areas are those areas surrounding existing RCCs, NACs, or significant existing commercial nodes, generally within a one to one-and-a-half-mile Market Area Radii. Core areas of Village Center Overlay Areas located within a quarter (1/4) mile radius of existing RCCs, NACs, or CEs and allow for increased densities/intensities.*
4. *Four Village Center Overlay Areas and their corresponding cores are found in the SE Polk SAP. They total 23,996 acres which is approximately 36.6% of the SAP.*
5. *LDC Section 401.08 implements the Southeast Polk SAP. Allowable uses for both inside and outside of the Village Center and Village Center Cores can be found in Table 401.08.01.*
6. *“Mobile Homes, Individual” are listed as a “CI” conditional uses in A/RRX, RCC-RX, RSX, RL-1X, RL-2X, RL-3X, and RL-4X land use districts outside of the Village Centers, according to Table 401.08.01.*
7. *Mobile Homes are subject to LDC Section 303 which states, “Mobile homes shall be permitted in all of the following locations:*
 1. *Within any registered mobile home park that has been approved by Polk County;*
 2. *Within any platted residential subdivision that has been approved by Polk County as a mobile home subdivision;*
 3. *Within any platted residential subdivision, or single platted phase within a multiple phased development, in which 50 percent or more of the developed lots contain mobile homes;*
 4. *On any un-platted legal residential lot or parcel in the A/RR district;*
 5. *On any un-platted legal residential lot or parcel that is five acres or larger in the RS district;*
 6. *On any un-platted legal residential lot or parcel that is abutting vacant properties to all side and rear property lines;*
 7. *On any un-platted legal residential lot or parcel where at least one property abutting the subject property's side lot line has a mobile home;*

8. *On lots of record, including those within platted subdivisions, where at least one property abutting the subject property's side lot line has a mobile home. Within subdivisions, the abutting property must be within the plat; or,*
 9. *On any legal residential lot or parcel where it is determined by the Planning Commission to be compatible with the established character of the surrounding area.”*
8. *POLICY 2.102-A2: COMPATIBILITY of the Comprehensive Plan states, “land shall be developed so that adjacent uses are compatible with each other, pursuant to the requirements of other Policies in this Future Land Use Element, so that one or more of the following provisions are accomplished:*
- a. there have been provisions made which buffer incompatible uses from dissimilar uses;*
 - b. incompatible uses are made to be more compatible to each other through limiting the intensity and scale of the more intense use;*
 - c. uses are transitioned through a gradual scaling of different land use activities through the use of innovative development techniques such as a Planned Unit Development.”*
9. *Chapter 553 of the Florida Statutes states that “Mobile Home” means any residential unit constructed to standards promulgated by the United States Department of Housing and Urban Development. Mobile homes are built to a separate standard than site-built homes and may be regulated differently than site-built and other manufactured homes. Site-built homes and other manufactured homes are built to the standards set forth in Chapter 553 of the Florida Statutes.*
10. *POLICY 2.203-A2 of the Comprehensive Plan (Housing Element) states that “Mobile homes shall be allowed in all areas of the County designated for residential development, subject to siting and design criteria consistent with the County's Land Development Code.”*

Development Review Committee Recommendation:

The Land Development Division, based on the Findings of Fact, finds that the proposed text change request is **CONSISTENT** with the Polk County Land Development Code and the Polk County Comprehensive Plan. Staff recommends **APPROVAL** of LDCT-2025-9.

Analysis:

The Southeast Polk Selected Area Plan (SE Polk SAP) is generally located south of State Road 60, north of the Polk/Hardee/Highlands County line, east of Lake Buffum Road East and west of Tiger Creek Preserve/ Avon Park Air Force Range. The purpose of the SE Polk SAP is to develop a vision and supporting plan that encourage quality future growth that recognizes and protects existing community resources. It was created as a response to the public’s concern about development in this area of Polk County. Identified issues of concern were received from comments and feedback gathered from the public, the SE Polk Selected Area Study (SAS) Focus Group, other governmental agencies, and recommendations that came out of the SE Polk Selected Area Study process that were implemented into the Comprehensive Plan and LDC.

At the time of the adoption of the SAP in 2012, the Focus Group was concerned about the diversity of housing within and surrounding the municipal areas as mobile homes and mobile home parks were already a significant source of housing. As a result, individual mobile homes, as land uses, were left out of the Village Center Overlay Areas.

None the less, the implementation of the overlays has created problems. The market radius, which can extend up to 1.5 miles from the municipal areas or the County’s activity centers, captured existing subdivisions in which mobile homes were the primary uses. These homes were rendered non-conforming to the LDC upon the adoption of the SAP. LDC Section 120 allows the replacement of non-conforming structures within their original footprint, whether they are destroyed through natural disasters or demolished under the owner’s own volition; however, there is a two-year timeframe in which the structure must be replaced or the property loses this right. Similarly, undeveloped platted lots and legal lots-of-record within certain subdivisions are currently ineligible for individual mobile homes. There are nine standards for mobile homes to be approved which includes seeking approval from Planning Commission. This doesn’t exist in the Southeast SAP.

This prohibition on mobile homes in the overlays also excluded un-platted properties on the outskirts of the market radii in land use districts that require large lot sizes to obtain a residential building permit, such as A/RRX, but which are not within programmed plans for the extension of centralized utilities, thus limiting their future development potential. While mobile homes will not offer the local economic benefits of hiring contractors for the various needs of constructing a site-built home, the option to have mobile homes is important to a prospective buyer. Generally speaking, in rural areas such as these where densities are lower and development is less frequent, the costs of site construction are higher than in urbanized areas because the travel distance affects the cost of labor and equipment and materials. Factory-built housing is more feasible for homebuyers.

In summary, this issue here is one of implementation and inclusive Land Development policy. Properties in this SAP that would normally be expected any where else in the County to be developed with a mobile home cannot be during a time when housing shortages are common and property prices are high.

Limits of the Proposed Ordinance

The proposed ordinance amends LDC by removing conditional use criteria on where to place mobile homes within the Village Center and Village Center Core Overlay Areas and refers to Section 303. This action is specific to the Village Center and Village Center Core Overlay Areas in the SE Polk SAP and allows mobile homes that were once not allowed in these overlays to meet standards in 303. The placement of mobile homes outside of this overlay is subject to LDC Section 303.

Consistency with the Comprehensive Plan

POLICY 2.102-A2: COMPATIBILITY of the Comprehensive Plan states, “land shall be developed so that adjacent uses are compatible with each other, pursuant to the requirements of other Policies in this Future Land Use Element... so that one or more of the following provisions are accomplished:

- a. there have been provisions made which buffer incompatible uses from dissimilar uses;*
- b. incompatible uses are made to be more compatible to each other through limiting the intensity and scale of the more intense use;*
- c. uses are transitioned through a gradual scaling of different land use activities through the use of innovative development techniques such as a Planned Unit Development.”*

The subject amendment has provided conditions to help ensure the placement of Mobile Homes is compatible with surrounding uses and takes advantage of those areas in which they exist or are anticipated to exist.

POLICY 2.203-A2 of the Comprehensive Plan (Housing Element) states that “Mobile homes shall be allowed in all areas of the County designated for residential development, subject to siting and design criteria consistent with the County's Land Development Code.”

The subject amendment will remove mobile home conditional use criteria to all residential land use districts in the Village Center & Core Overlay Areas in the SE Polk SAP and refer to Section 303

POLICY 2.501-A1 of the Comprehensive Plan (Property Rights Element) states: “The following statements related to the protection of private property rights shall be considered in the local decision-making process:

- 1. The right of a property owner to physically possess and control his or her interests in the property, including easements, leases, or mineral rights.*
- 2. The right of a property owner to use, maintain, develop, and improve his or her property for personal use or for the use of any other person, subject to state law and local ordinances.*
- 3. The right of the property owner to privacy and to exclude others from the property to protect the owner's possessions and property.*
- 4. The right of a property owner to dispose of his or her property through sale or gift.*

No part of the subject amendment will violate a property owner’s private property rights. This amendment will provide landowners with more development options.
