WHEREAS, the County and the Vendor have determined that the Sourcewell Agreement is an acceptable agreement upon which the County and the Vendor may establish a piggyback agreement.

NOW, THEREFORE, in consideration of the promises contained herein, the parties hereby agree, as follows:

2. **Terms and Conditions; Conflict.** Except as otherwise stated herein, the terms and conditions of the Sourcewell Agreement shall form the basis of this Agreement, with the County having the rights, duties, and obligations of the Sourcewell Agreement thereunder. 3. **Supplemental Terms and Conditions.** The terms and conditions of the Sourcewell Agreement are hereby modified or supplemented, as follows:
 - A. **Term.** The term of this Agreement shall commence on the date (the "Effective Date") the later of the two parties executes the Agreement and, unless sooner terminated pursuant to Section 3.D herein, shall continue until the first to occur of the following: (i) upon expiration or earlier termination of the Sourcewell Agreement (it being acknowledged and understood that the latest possible termination date for the Sourcewell Agreement, with all renewal options exercised, is March 25, 2031); or (ii) upon termination by the County, for any reason or no reason, following 30 days' written notice to the Vendor.
 - B. **Insurance.** The Vendor shall maintain at all times the following minimum levels of insurance and shall, without in any way altering its liability, obtain, pay for and maintain insurance for the coverage and amounts of coverage not less than those set forth below. The Vendor shall provide the County original Certificates of Insurance satisfactory to the County to evidence such coverage before any work commences. The coverage may be endorsed on another form of liability coverage or written on a standalone policy. The insurance must cover claims which may arise from failure of Vendor's security resulting in, but not limited to, computer attacks, unauthorized access, disclosure of not public data – including but not limited to, confidential or private information, transmission of a computer virus, or denial of service.

C. Indemnity. Vendor, to the maximum extent permitted by law, shall indemnify, defend (by counsel reasonably acceptable to County) protect and hold the County, and its officers, employees and agents harmless from and against any and all, claims, actions, causes of action, liabilities, penalties, forfeitures, damages, losses, and expenses (including, without limitation, attorneys' fees costs and expenses incurred during negotiation, through litigation and all appeals therefrom) whatsoever including, but not limited, to those pertaining to the death of or injury to any person, or damage to any property, arising out of or resulting from (i) the failure of Vendor to comply with applicable laws, rules or regulations, (ii) the breach by Vendor of its obligations under this Agreement, (iii) any claim for trademark, patent or copyright infringement arising out of the scope of Vendor's performance or nonperformance of this Agreement, or (iv) the negligent acts, errors or omissions, or intentional or willful misconduct, of Vendor, its professional associates, subcontractors, agents, and employees provided, however, that Vendor shall not be obligated to defend or indemnify the County with respect to any such claims or damages arising out of the County's sole negligence.

D. Force Majeure. Either party hereunder may be temporarily excused from performance if an Event of Force Majeure directly or indirectly causes its nonperformance. An "Event of Force Majeure" is defined as any event which results in the prevention or delay of performance by a party of its obligations under this Agreement and which is beyond the reasonable control of the nonperforming party. It includes, but is not limited to fire, flood, earthquakes, storms, lightning, epidemic, war, riot, civil disturbance, sabotage, and governmental actions. Neither party shall be excused from performance if non-performance is due to forces which are reasonably preventable, removable, or remediable and which the non-performing party could have, with the exercise of reasonable diligence, prevented, removed, or remedied prior to, during, or immediately after their occurrence. Within five (5) days after the occurrence of an Event of Force Majeure, the non-performing party shall deliver written notice to the other party describing the event in reasonably sufficient detail, along with proof of how the event has precluded the non-performing party from performing its obligations hereunder, and a good faith estimate as to the anticipated duration of the delay and the means and methods for correcting the delay. The non-performing party's obligations, so far as those obligations are affected by the Event of Force Majeure, shall be temporarily suspended during, but no longer than, the continuance of the Event of Force Majeure and for a reasonable time thereafter as may be required for the non-performing party to return to normal business operations. If excused from performing any obligations under this Agreement due to the occurrence of an Event of Force Majeure, the non-performing party shall promptly, diligently, and in good faith take all reasonable action required for it to be able to commence or resume performance of its obligations under this Agreement. During any such time period, the non-performing party shall keep the other party duly notified of all such actions required for it to be able to commence or resume performance of its obligations under this Agreement.

E. Default and Remedy. If Vendor materially defaults in its obligations under this Agreement, then the County shall have the right to (i) immediately terminate this Agreement by delivering written notice to Vendor, and (ii) pursue any and all remedies available in law, equity, and under this Agreement. If the County materially defaults in its obligations under this Agreement, then Vendor shall have the right to

or contractors to provide such services.

M. Public Records Law.

(a) The Vendor acknowledges the County's obligations under Article I, Section 24, of the Florida Constitution and under Chapter 119, Florida Statutes, to release public records to members of the public upon request and comply in the handling of the materials created under this Agreement. The Vendor further acknowledges that the constitutional and statutory provisions control over the terms of this Agreement. In association with its performance pursuant to this Agreement, the Vendor shall not release or otherwise disclose the content of any documents or information that is specifically exempt from disclosure pursuant to all applicable laws.

(b) Without in any manner limiting the generality of the foregoing, to the extent applicable, the Vendor acknowledges its obligations to comply with Section 119.0701, Florida Statutes, with regard to public records, and shall:

(1) keep and maintain public records required by the County to perform the services required under this Agreement;

(2) upon request from the County's Custodian of Public Records or his/her designee, provide the County with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law;

(3) ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the term of this Agreement and following completion of this Agreement if the Vendor does not transfer the records to the County; and

(4) upon completion of this Agreement, transfer, at no cost, to the County all public records in possession of the Vendor or keep and maintain public records required by the County to perform the service. If the Vendor transfers all public records to the County upon completion of this Agreement, the Vendor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Vendor keeps and maintains public records upon completion of this Agreement, the Vendor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the County, upon request from the County's Custodian of Public Records, in a format that is compatible with the information technology systems of the County.

(c) IF THE VENDOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE VENDOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, CONTACT THE COUNTY'S CUSTODIAN OF PUBLIC RECORDS AT:

(i) By its execution of this Agreement, the Vendor hereby certifies to the County that the Vendor is not on the Scrutinized Companies that Boycott Israel List, created pursuant to Section 215.4725, Florida Statutes, nor is the Vendor engaged in a boycott of Israel, nor was the Vendor on such List or engaged in such a boycott at the time it submitted its bid, proposal, quote, or other form of offer, as applicable, to the County with respect to this Agreement.

(ii) Additionally, if the value of the goods or services acquired under this Agreement are greater than or equal to One Million Dollars (\$1,000,000), then the Vendor further certifies to the County as follows:

(a) the Vendor is not on the Scrutinized Companies with Activities in Sudan List, created pursuant to Section 215.473, Florida Statutes; and

(b) the Vendor is not on the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, created pursuant to Section 215.473, Florida Statutes; and

(d) the Vendor was not on any of the Lists referenced in this subsection A(ii), nor engaged in business operations in Cuba or Syria when it submitted its proposal to the County concerning the subject of this Agreement.

(iii) The Vendor hereby acknowledges that it is fully aware of the penalties that may be imposed upon the Vendor for submitting a false certification to the County regarding the foregoing matters.

B. Termination. In addition to any other termination rights stated herein, the County may immediately terminate this Agreement upon the occurrence of any of the following events:

(i) The Vendor is found to have submitted a false certification to the County with respect to any of the matters set forth in subsection A(i) above, or the Vendor is found to have been placed on the Scrutinized Companies that Boycott Israel List or is engaged in a boycott of Israel.

O. No Construction Against Drafter The Parties acknowledge that this Agreement and all the terms and conditions contained herein have been fully reviewed and negotiated by the Parties. Accordingly, any rule of construction to the effect that ambiguities are to be resolved against the drafting party shall not apply in interpreting this Agreement.

P. Public Entity Crimes. The Vendor declares and warrants that neither the Vendor nor any of the Vendor's affiliates, as that term is defined in Section 287.133, Florida Statutes, are subject to the restrictions in Section 287.133, Florida Statutes, regarding the commission of a public entity crime. If during the term of this Agreement, the Vendor or any affiliate is convicted of a public entity crime or is otherwise prohibited from performing work for or transacting business with the County pursuant to Section 287.133, Florida Statutes, then the Vendor shall be in material default of this Agreement, and in such case, the County shall have the rights and remedies as provided herein.

Q. Unauthorized Alien(s)

The Vendor shall not employ or utilize unauthorized aliens in the performance of the Services provided pursuant to this Agreement. The County shall consider the employment or utilization of unauthorized aliens a violation of Section 274A(e) of the Immigration and Naturalization Act (8 U.S.C. 1324a) and a cause for the County's unilateral termination of this Agreement. When delivering executed counterparts of this Agreement to the County, the Vendor shall also deliver a completed and executed counterpart of the attached "AFFIDAVIT CERTIFICATION IMMIGRATION LAWS" form.

R. Employment Eligibility Verification (E-VERIFY)

A. Unless otherwise defined herein, terms used in this Section which are defined in Section 448.095, Florida Statutes, as may be amended from time to time, shall have the meaning ascribed in said statute.

B. Pursuant to Section 448.095(5), Florida Statutes, the contractor hereto, and any subcontractor thereof, must register with and use the E-Verify system to verify the work authorization status of all new employees of the contractor or subcontractor. The contractor acknowledges and agrees that (i) the County and the contractor may not enter into this Agreement, and the contractor may not enter into any subcontracts hereunder, unless each party to this Agreement, and each party to any subcontracts hereunder, registers with and uses the E-Verify system; and (ii) use of the U.S. Department of Homeland Security's E-Verify System and compliance with all other terms of this Certification and Section 448.095, Fla. Stat., is an express condition of this Agreement, and the

County may treat a failure to comply as a material breach of this Agreement.

C. By entering into this Agreement, the contractor becomes obligated to comply with the provisions of Section 448.095, Fla. Stat., "Employment Eligibility," as amended from time to time. This includes but is not limited to utilization of the E-Verify System to verify the work authorization status of all newly hired employees, and requiring all subcontractors to provide an affidavit attesting that the subcontractor does not employ, contract with, or subcontract with, an unauthorized alien. The contractor shall maintain a copy of such affidavit for the duration of this Agreement. Failure to comply will lead to termination of this Agreement, or if a subcontractor knowingly violates the statute or Section 448.09(1), Fla. Stat., the subcontract must be terminated immediately. If this Agreement is terminated pursuant to Section 448.095, Fla. Stat., such termination is not a breach of contract and may not be considered as such. Any challenge to termination under this provision must be filed in the Tenth Judicial Circuit Court of Florida no later than 20 calendar days after the date of termination. If this Agreement is terminated for a violation of Section 448.095, Fla. Stat., by the contractor, the contractor may not be awarded a public contract for a period of 1 year after the date of termination. The contractor shall be liable for any additional costs incurred by the County as a result of the termination of this Agreement. Nothing in this Section shall be construed to allow intentional discrimination of any class protected by law.

S. **Entire Agreement.** This Agreement sets forth the entire understanding and agreement between the parties. This Agreement may only be modified or changed in writing, and such modifications and changes signed by both parties.

Related Longevity

UniFirst has been in business providing uniform services for 87 years. As the only public company within its industry to grow revenues every year since 1936, including each of the recent recessionary years, UniFirst may have just such a "secret formula." UniFirst supplies and services uniforms that are "job-fitted work clothes" tailored to the needs of companies throughout the U.S. and Canada.

UniFirst's overall Customer retention rate for the past 3 years is over 97%. Over the past 10 years our annual percentage of controllable lost accounts has remained under 5% and our contract renewal rate has actually increased year- to- year. We've dedicated ourselves to achieving it and as a result are widely recognized as being the premium service provider in the industry. With industry averages approaching 90%, we believe we are setting the pace for business retention in the industry as the Premium Supplier. Our "Customers for Life" programs and overall business philosophy is a key differentiation between UniFirst and its competitors.

Products

Standard Work-wear:

From factory coveralls to lab coats, to foodservice smocks – UniFirst's Industrial Wear line offers apparel for workers in virtually every occupation. Beyond a complete selection of primary garments, cover-ups, and outerwear, UniFirst also provides accessory items like gloves, hats, footwear, and protective gear - making "head-to-toe" outfitting more than just a marketing slogan. Most of the line's apparel items boast our Industrial Laundry Safe seal, meaning they are ideally constructed to hold up to UniFirst's rigorous industrial laundry process.

Compared to home laundering, we use stronger detergents, longer agitation cycles, and higher temperatures to get even hard-use clothing their cleanest. UniFirst currently self-manufactures 607% of its overall industrial garment needs.

Flame Resistant Apparel:

Wherever business is hot (literally), UniFirst is on the job. Our Flame-Resistant (FR) apparel offers important secondary protection from flash fire, electric arcs, and other potentially hazardous flame conditions. Our FR garments look and feel comfortable but offer great durability and the added protection of flame-resistance. UniFirst currently self manufactures over half of its overall FR needs. UniFirst also carries Flame Resistant FR Apparel specific for the foodservice industry - Samples are available.

Hi Visibility Garments:

For those whose jobs place them in potentially hazardous traffic environments, UniFirst offers the latest HIGHVISIBILITY WORKWEAR SOLUTIONS. Our ANSI compliant Hi-Vis garments make workers visible to drivers at much greater distances than simple enhanced visibility wear. And workers who are more easily seen by motorists and oncoming traffic are safer and happier on the job.

Corporate Casual Attire:

All across North America, the casual dress trend has taken hold. But the need for professional polish remains as strong as ever. UniFirst responds with Corporate Casual attire that allows employees to "dress down" while maintaining a decidedly business-like look. Our growing Corporate Casual line includes hundreds of items, all available with our own embroidered or screen-printed personalization. In this and other product categories, UniFirst offers the industry's fastest new installation and replenishment service available, thanks largely to our ISO 9001:2015 registered, 320,000 sq. ft. Owensboro, KY Central Distribution Facility, the only such facility in the industrial rental garment business.

Floorcare and Dust Control Services:

Creating a safe, attractive workplace is a process that begins from the ground up. It's no wonder, then, that UniFirst's floorcare products are underfoot in offices and factories from coast-to-coast. Through our rental programs, we regularly clean and rotate items, saving businesses significant maintenance time and expense. Supplying walk-off and logo mats; scraper and anti-fatigue mats; wet and dry mops; as well as various wiping products, UniFirst keeps workplaces clean and inviting, while protecting employees and your Members alike.

UniFirst self-manufactures over 97% of its total floorcare needs (mats and dust mops) from its Arkansas manufacturing facility so that we provide customers with an even greater level of color selection, and overall value than was previously available.

In business, quality and image are around-the-clock imperatives, often extending beyond work apparel. Restroom Services from UniFirst benefits both a company's employees and its Customers. Products such as hand soaps, sanitizers, air fresheners, disposable towels and tissue, as well as required dispensers, address health and sanitary concerns, while conveying a focus on cleanliness that speaks of a total commitment to quality.

Through the efforts of this hard-working team, we guarantee 24-hour response to any problem, question, or request.</p> <p>Every delivery day your Route Representative will check with you to see if there are any new employees to be added to the program. If there are, these additional people will be documented on the invoice. If you don't want to wait until your next delivery day, call your local UniFirst office and ask to speak with the Customer Service Rep. The Route Representative will size all new employees (or you can give their sizes over the phone) and uniforms will be ordered within 24 hours. You can expect stock garments in standard sizes to arrive on the next delivery day. Non-stock garments or non-standard sizes will take a little longer.</p> <p>For rental uniforms UniFirst does not measure your employees. Rather, we have your employees actually try on the garments, as we have found that this process better ensures proper fit. We have also found that lists, prepared in advance, that detail the employees to be sized, at a given sizing session, and the type and number of garments that each employee is entitled to receive, greatly assists the sizing process.</p>	
11	What are your company's expectations in the event of an award?	<p>In the years UniFirst has held the contract for uniforms, we've grown Sourcewell (formerly NJPA), to be our largest National Account Preferred Vendor program with annual revenues exceeding \$10M. In the event we're able to re-secure Sourcewell's uniform contract we are confident our program will, at a minimum, double over the course of the contract if not grow 2.5-3X based on our experience, ongoing sales efforts, management and rep awareness of the program and all the marketing and educating of Sourcewell members and/or prospective members these past years.</p>	*

This year's judges were particularly focused on the winning companies' resilience and adaptability that allowed them to manage within and to overcome the COVID-19 pandemic-related challenges of the past 20-plus months for the betterment of the communities in which they serve while attaining annual business goals. Companies were also judged on levels of dedication to their customers and targeted efforts made to maintain and deepen their commitments to communities and the environment during these tough times.

UniFirst was named this year's silver winner based on the company's swift and compassionate response to the COVID-19 pandemic to support its employee team partners, customers, and local communities to help keep businesses up and running. Among the many purpose-driven efforts included the company's involvement with local Chambers of Commerce throughout North America to help facilitate UniFirst donations of significant supplies of face masks, hand sanitizer, and other PPE where they were needed most. This included a sizable donation made to The Greater Boston Food Bank consisting of 500,000 disposable masks, nearly 200,000 reusable face masks, and over 120,000 bottles of hand sanitizer. GBFB's then shared these items across 600 food distribution partners in 190 cities and towns.

Wilmington, Mass. (October 2021) – UniFirst was awarded two separate Community Service Awards by the Textile Rental Services Association (TRSA), an international organization representing linen, uniform, and facility services companies. *

The TRSA Community Service Awards recognize Operators and Associates whose volunteer projects make significant contributions to their local communities. UniFirst earned one award in recognition of "company efforts," while the other accolade recognized "employee/staff contributions."

UniFirst Corporation and its employee Team Partners have a history of mobilizing precisely when they're needed most in the communities in which they live and serve. This was especially evident throughout the COVID-19 pandemic. In 2021 alone, UniFirst donated significant supplies of facemasks, hand sanitizer bottles, and personal protective equipment (PPE) to communities and essential workers throughout the U.S. and Canada, including donations of over a million dollars-worth of safety supplies to The Greater Boston Foodbank.

UniFirst's Corporate Social Responsibility (CSR) efforts have been instrumental in not only inciting additional local-level support from UniFirst employee Team Partners, but also bringing to light important overarching social and environmental issues that inspire the company's corporate executives to do even more.

		<p>The TRSA supports the linen, uniform, and facility services industry by building and promoting a stronger, safer, and more environmentally conscious community through advocacy, education, certification, research, benchmarking, and information-sharing.</p> <p>For more information about UniFirst's community service efforts, please visit CSR.UniFirst.com.</p> <p>Top 5, A+ ranking on list of "America's Most Trustworthy Public Companies" (TGF Analytics).</p> <p>Forbes' Platinum 400 List "Best Big Companies in America."</p> <p>Forbes Magazine Names UniFirst Corporation to its 2019 America's Best Employers List. These garments were primarily work pants and shirts manufactured at three of our plants located in San Luis Potosi, Mexico, one plant located in Managua, Nicaragua, as well as at subcontracted manufacturers that we utilize within our sourcing strategy to balance demand and optimize costs. The balance of the garments used in our programs are purchased from a variety of industry suppliers. While we currently acquire the raw materials with which we produce our garments from a limited number of suppliers, we believe that such materials are generally readily available from other sources. To date, we have experienced limited difficulty in obtaining any of our raw materials or supplies although at certain times, we have sourced raw materials or supplies from alternative sources or experienced costs increases for such raw materials and supplies. Currently, we also manufacture approximately 99% of the mats we place in service at our plant in Cave City, Arkansas.</p> <p>We manufactured approximately 67% of all garments which we placed in service during fiscal 2019. These garments were primarily work pants and shirts manufactured at three of our plants located in San Luis Potosi, Mexico, one plant located in Managua, Nicaragua, as well as at subcontract manufacturers that we utilize to supplement our manufacturing capacity in periods of high demand. The balance of the garments used in our programs are purchased from a variety of industry suppliers. Currently, we also manufacture approximately 97% of the mats we place in service at our plant in Cave City, Arkansas.</p> <p>We note that our three apparel manufacturing plants in Cardenas, Valles and Ebano, Mexico have been awarded ISO 9001:2015 certification by Perry Johnson Registrars, an internationally recognized certifying authority. This ensures that the garments and emblems we design are produced with better quality, greater economy, and shorter response times to our customers.</p> <p>This ISO 9001:2015 certification speaks volumes about our commitment to quality in general and in particular about the quality manufacturing management systems that UniFirst now has in place at these garment manufacturing facilities. The output of these plants is shipped directly to our ISO 9001:2015 certification Distribution Center in Owensboro, KY for subsequent utilization by our customer service centers located throughout North America. This state-of-the-art Owensboro Distribution Center has systems and processes that allow for the incredibly fast delivery of products to our customers.</p> <p>Fast, accurate delivery -- UniFirst has invested over \$35 million in the state-of-the-art distribution center in Owensboro Kentucky, designed from the ground-up to support high-volume National Account service requirements. In-stock product can be picked, routed, inspected, packed and shipped within five (5) business days.</p> <p>UniFirst's centralized distribution center in Owensboro, KY is a state-of-the-art facility which improves shipping and labor costs and increases the service level we can provide Sourcewell.</p> <p>With regard to our delivery partners, our preferred freight provider is UPS. UniFirst and UPS have partnered to provide our customers with the fastest delivery timeframe in the industry. Our Distribution Center's strategic locations (90 minutes from UPS's largest U.S. sorting facility), allows for prompt processing at UPS distribution. Additionally, UPS and UniFirst have the UPS entire "first sort" completed by the time each trailer leaves the UniFirst distribution facility. All tracking information is stored with each order placed, and is available for review immediately after shipment.</p> <p>In-house manufacturing, producing millions of garments annually, provides a unique level of vertical integration that not only lowers the cost of uniforms the Company offers through Rental Programs, but also permits the creation of custom-designed garments for image-conscious companies. The latter often affords UniFirst a distinct competitive advantage.</p> <p>UniFirst has excellent geographic coverage for rental programs. We have extensive rental service operations. Our network of over 270 Locations, serve Customers in 44 US States & the majority of Canada (not in HI, MT, ND, SD,WY and AK). For locations where we would not have coverage, we would use our best effort to subcontract to a local service provider.</p> <p>All services provided to all customers with operating locations within UniFirst's rental services area are provided exclusively by UniFirst personnel utilizing UniFirst owned or leased facilities and equipment. For locations that we do not currently service, we will use our best effort to subcontract to a local service provider. We serve over 300,000 customers throughout North America, putting nearly 2 million people in work apparel each business day.</p>

29	Describe the ordering process. If orders will be handled by distributors, dealers or others, explain the respective roles of the Proposer and others.	<p>Every delivery day your Member's Route Representative will check with you them to see if there are any new employees to be added to the program. If there are, these additional people will be documented on the invoice. If you they don't want to wait until your their next delivery day, they can call your the local UniFirst office and ask to speak with the Customer Service Rep. The Route Representative will size all new employees (or you they can give their sizes over the phone) and uniforms will be ordered within 24 hours. You They can expect stock garments in standard sizes to arrive on the next delivery day. Non-stock garments or non-standard sizes will take a little longer.</p> <p>For rental uniforms UniFirst does not measure your employees. Rather, we have your employees actually try on the garments, as we have found that this process better ensures proper fit. We have also found that lists, prepared in advance, that detail the employees to be sized, at a given sizing session, and the type and number of garments that each employee is entitled to receive, greatly assists the sizing process.</p>	*

35	Define any specific contract requirements or restrictions that would apply to our participating entities in Hawaii and Alaska and in US Territories.	For Hawaii and Alaska locations that we do not directly service, we subcontract to local service providers who currently service some of our existing National Account Customers who have other locations outside of these areas. Further discussions are required for participating entities who are solely located in either Hawaii or Alaska. Please note that due to the cost of doing business in Alaska and Hawaii, Subcontractors in these states may charge a minimum of two times the prices quoted above. We will do our best to find a Subcontractor that will honor the program pricing, however actual prices are a function of the product in the program and the Subcontractors local business practices. Programs include trackable results, reporting, and analyses, as well as direct ROI information. UniFirst Digital Marketing programs are intended to improve quality and numbers of current sales leads and conversions to new rental sales via UniFirst.com contact forms and call-ins to MRD. The goal is to continually increase related revenues annually, primarily through more targeted efforts and campaigns performed by our Digital Marketing Specialists, increased AdWord-type spends to include target markets/keywords, Shopify pages, and social media advertising. But, over time, the biggest boost we expect will come with the integration of our Marketo/Call Tracking platform and Microsoft Dynamics. 41	Describe any technological advances that your proposed products or services offer.	<p>Our most recent product innovation was a 65/35 shirt fabric weight coverall with knit cuffs, grippers and pocketless added to our line. This product is being tested with great success with a food manufacturer who was looking for a solution to cut costs associated with the most recent donning and doffing regulations. Because this garment is quicker to get in and out of than a traditional shirt and pant, it can save on the amount of time that it takes for your employees to get to the production floor. Another benefit to this garment is that it is .05 less per piece total cost resulting in a significant savings annually. (Quick example on 5,000 employees x .05 x 11 x 52 = \$143,000 potential annualized savings). Another side benefit has been employee satisfaction. Employees that work in a hot environment welcome the fact that the pant portion of the coverall is significantly lighter weight than the tradition 65/35 pant fabric.</p> <p>UniFirst believes in continually doing business better: remaining committed to innovative approaches toward our systems and service offerings with the underlying belief that our ability to follow advances in science and technology can only mean greater benefits for our customers, our Team Partners, and our company.</p> <p>Our UniFirst Business Solutions (UBS) system is tablet based route accounting. Route service personnel check-in with customer contacts to get information on new employee uniforms needed, inventory changes, etc., service the account, check back with the customer contact to review the on-line invoice, including corrections. When your site contact signs the screen, all adjustments are already made, and the invoice goes to the cloud.</p> <p>UBS includes garment tracking establishing & maintaining chain of custody. This includes scanning at customer sites, and tracking through the UniFirst laundry facilities. This tracking assures uniform wearers uniforms come back to them from UniFirst every week, it also helps reduce garment loss charge expenditures.</p> <p>UniFirst has long maintained a leadership position in developing and implementing technology for the textile service industry. From our ISO 9001:2015 certified state-of-the-art Distribution Center (325,000 Sq. Ft.), our newly implemented PeopleSoft platforms with deliverable eCommerce solutions via the Internet, to our new CRM system, UniFirst is leading the industry in delivering advanced business solutions. Capital reinvestment in technology for new systems and automated facilities continues to exceed that of our competitors. We welcome the opportunity to host your supplier selection team at any of our operations to further demonstrate the UniFirst difference.</p> <p>The UniFirst fleet of customer delivery and support vehicles follows proper maintenance schedules and all our drivers consistently follow best practices to conserve fuel consumption. We use "Roadnet® Route Optimization," which consolidates routes for increased efficiencies. By driving significantly fewer miles, we're drastically reducing our carbon footprint. This is an ongoing initiative being followed by our delivery vehicles throughout the United States and Canada. The benefit to your Members: We're driving fewer miles each day, keeping costs and emissions down, while delivering the same levels of excellence in service to our customers.</p> <p>UniFirst also uses electric-powered vans for customer deliveries. The vans, which produce zero emissions, are currently being used in Stratford, CT and Chicago, IL—two densely populated areas that offer the biggest opportunity for UniFirst to make significant reductions in carbon emissions and pollution.</p> <p>UniFirst has developed a National Account Charter with an intensive focus on our most important deliverable...CONSISTANT APPLICATION OF PRODUCTS, SERVICES AND PRICING ACROSS ALL REGIONS OF NORTH AMERICA. To this end, UniFirst has developed a system called NACS . . National Account Customer Setup (NACS). NACS enables us to efficiently communicate your Member's program requirements to each local UniFirst Customer Service Center that will be servicing the Member. We create a customized National Account Customer Profile that details how the Member's account will be serviced. It includes pricing, product as well as all service requirements. NACS allows us to distribute the Customer Profile on a schedule mutually agreed to by the Member and UniFirst. NACS also creates the officially recognized Installation Authorization that tells our local Service Centers to begin the program implementation. It also allows us to track implementation progress to ensure that target dates are met. This carefully orchestrated internal communication is essential to us applying your Member's programs consistently across all of their locations.</p>

		<p>UniFirst's proprietary bar-coding system provides an accurate pick-up and delivery report to the Client, at the time of product delivery, on a weekly basis. These weekly reports, printed on your premises, detail the number of garments that are picked up for cleaning from, and delivered clean to, a given location or sub location, within a given location. This, in turn, will enable the Client to clearly identify who last had possession of the garments, and thus who is responsible for any loss of the subject garments.</p> <p>UniFirst tracks garments throughout all internal and external processes using advanced laser and digital camera bar code technologies. This proprietary system is ideal to help prevent delivery shortages and secure information better than other scanning methods, including radio frequency (RF) chip systems. And unlike RF tracking, that embeds chips into garments to transmit information, our approach does not transmit data and never compromises wearer comfort or privacy.</p> <p>When your Members participate in a full-service UniFirst uniform program, up-front clothing investments are eliminated. We outfit employees in the clothing of their choice, provide weekly cleaning, garment maintenance, and issue replacements as necessary. We handle all the program administration for your Member's employee uniforms and services, eliminating the worries and headaches. And it's all for one low weekly charge per employee (or per product).</p>
42	Describe any "green" initiatives that relate to your company or to your products or services, and include a list of the certifying agency for each.	<p>Environmental Stewardship</p> <p>UniFirst was one of the first in the textile services industry to re-engineer all of its operations to become a "greener" and more environmentally friendly Company. We were also one of the first members of the EPA's Green Lights and Energy Star Buildings programs, which combine business strategies with environmental protection and energy conservation at all corporate facilities. And every single UniFirst laundry production facility uses computerized processing equipment to maximize fuel and energy efficiencies, while minimizing waste.</p> <p>In 1997, UniFirst joined the Laundry Environment Stewardship Program (LaundryESP), an industry initiative with a singular focus to protect the environment. As a result of reworking all routine operational practices, UniFirst (and our industry) achieved and continues to maintain considerable reductions in water and energy usage.*</p> <ol style="list-style-type: none"> 1. Water use: 12.5 percent reduction. 2. Energy use: 11.8 percent reduction. 3. Pollutants discharged: 40 percent reduction. 4. Peroxide bleaches: 100 percent increase in usage for wash formulas, resulting in less use of chlorine bleaches (which can combine with other chemicals to create non-biodegradable byproducts). 5. Enzyme-based detergents: 57 percent increase (these cleaners are primarily used in food and healthcare textiles; their use reduces the need for higher temperature wash formulas, thereby reducing energy costs). <p>* All data was subject to a quality check by Collier Shannon Scott, Environomics of Bethesda, Maryland and Georgetown Economics (D.C.).</p> <p>From the moment a piece of clothing or other textile product enters one of our processing facilities, every item is carefully sorted and placed into specially designed slings that are tagged as to garment type and soil level. They are then weighed and sent to designated washers that have been pre-programmed — based on the specifics of the load — to use the exact amounts of cleaning agents, water, and cleansing temperatures to maximize processing efficiencies and prevent unnecessary waste.</p> <p>Computerized wash formulas determine the correct water levels and temperatures, what detergents and additives are needed, the length of the wash cycle, and any other additional information that the specific clothing or soil type might require. And when the cleaning cycle is completed, sophisticated computer controls automatically tip and empty washers onto moving conveyors which transfer the laundry to preprogrammed computerized driers. Under these advanced systems, there's little likelihood for human error or accidental waste of resources.</p> <p>We take extraordinary care with all the by-products produced by our laundry operations. Our ongoing investments in water and air treatment technologies help assure that everything we return to the environment is "clean," safe, and nonpolluting.</p> <p>Environmental Sustainability</p> <p>Additional services and benefits that are "typical" services are a testament to how UniFirst is an environmentally friendly company. At UniFirst Corporation, we believe in protecting the environment. That's why we continually focus on sustainability and always strive to become a "greener," more environmentally friendly Company in all aspects of our operations. Whether it's the precise uniform processing procedures we follow to ensure resource conservation and environmental protection, the thoughtful energy-saving practices we use at our 2760 facilities, the careful fleet maintenance and driving procedures we have firmly in place, the manner in which our ancillary services and products are designed and manufactured, or the work uniform and facility services options we provide our customers to help them meet their sustainability goals...all we do consistently takes environmental sustainability into consideration.</p> <p>Our Values</p> <p>From modest beginnings in an eight-stall garage in Boston, MA in 1936, UniFirst has grown to become a billion-dollar industry leader in the Uniform and Textile Services business. In part, our modern-day success story is a result of our following the three Core</p>

Business Values established by our founder Aldo Croatti. These values, which continue to act as the foundation for our corporate culture, are:

1. CUSTOMER FOCUS — Customer Satisfaction is the best measure of how well we deliver quality. It's our overriding goal and at the center of our "Customers for Life" business philosophy.
 2. RESPECT FOR OTHERS — We consistently treat those in our personal and business lives with the same consideration and understanding we wish for ourselves.
 3. COMMITMENT TO QUALITY — Evidenced by our constant focus on "doing it right the first time" and our commitment to ISO certifying each of our service operations to ensure quality is the hallmark of all we do.
- In order to fulfill our overriding goal for total Customer Satisfaction, UniFirst Team Partners annually pledge to our "10 Essentials of Service."
1. Every Team Partner contributes directly to the Company's image.
 2. It's in each of our jobs to handle any Customer requests quickly and address any user problem immediately.
 3. We will always strive to fully understand each Customer's needs and aim to deliver service that exceeds their expectations.
 4. Every Team Partner is responsible for identifying any defects in our products, processes and work methods, and for making recommendations for improvements.
 5. We are ambassadors of the business, both inside and outside of the workplace.
 6. We will take pride and care in our personal appearance.
 7. Being part of a team means we can count on those around us.
 8. There is no dishonor in not having the right answer, only in not acting quickly to seek it out.
 9. Mistakes are inevitable. How quickly we correct them and how well we communicate the remedies makes the difference between customers who remain upset and those who come away more loyal than before.
 10. We must ultimately create exceptional job stability and continuously increase shareholder value.

In the Office

In 2008, our Information Services Department initiated a project to reduce the number and size of both servers and personal computers. By adopting latest technologies, the initiative reduced electrical costs and lowered the amount of cooling required from air-conditioning units. The project also extends the life of many computers, keeping unwanted waste materials out of recycling bins and landfills. In addition, paper and bottle recycling bins are located throughout all areas of our corporate offices and remote locations.

Additionally, all 2760 UniFirst facilities are networked by more than 3,000 PCs and we consistently add new technologies that allow for more electronic options with our routine business activities – both internally and externally – thereby significantly reducing overall paper usage.

Route planning and optimization software has saved roughly 1.7 million gallons of fuel annually, which produces nearly 34 million less pounds of CO2 each year.

Uniforms, Work Apparel

Compared to purchasing, renting uniforms saves energy and decreases natural resource consumption (as noted above). Plus, our work garments are built to last longer than store bought apparel, our service programs maintain customer clothing to extend wear life, and our apparel is reused whenever possible. . . thereby resulting in reduced raw textile usage and less waste entering landfills and incinerators.

When appropriate, we also refurbish and transform pre-worn customer apparel into "like new" offerings for garment replacements. And when wear and tear finally takes its toll and the professional image of our customers could become compromised, we look to donate such clothing items to needy organizations in the U.S and abroad — in effect, giving them a "second life."

Our Company manufactures more than half of the shirts and pants used in our rental service programs, and all aspects of the construction consistently keep clothing "longevity" in mind. For instance, our shirt and pant designs use reinforced triangular tacking at the corners of pockets to prevent ripping and tearing that could be caused by repeated contact. Similarly, our fabrics are carefully selected for weight/hand (feel) to withstand constant abrasion, as well as the industrial laundry process. And, although we use more stitches per fabric inch to produce higher quality construction, this additional thread use is more than offset by the extended garment life we achieve. We've also computerized our textile cutting systems to assure minimal waste of fabric and our "modular" assembly construction process maximizes efficiencies and the overall use of resources.

Virtually all of our millions of rental uniforms in service are delivered to customers on recycled wire hangers. Helping to prevent them from simply being tossed into waste bins, UniFirst maintains hanger recycling programs at customer sites. We also recycle such items as wood pallets, paper products, and fluorescent light bulbs wherever possible.

Finally, to ensure that all our processes are operating as efficiently as possible and resources are being conserved, our uniform manufacturing and distribution facilities have earned ISO certification. And we're currently on schedule to have all our laundering service facilities ISO certified as well.

Ancillary Products

		<p>UniFirst offers a wide variety of environmentally friendly programs in Floorcare and Restroom/Hygiene Services. These products have been designed with environmental sustainability in mind. And when they're included as part of a fully managed service program, they can help our customers earn LEED* points that qualify them for environmental certification by the U.S. Green Building Council.</p> <p>(*Leadership in Energy and Environmental Design, a national benchmark for the design construction and operation of high-performance green buildings.)</p> <p>Floor Mats</p> <p>Our floor mats are 100% PVC free and are specially constructed to capture and hold dirt and moisture from the soles of shoes and to prevent track-off and unnecessary soiling and cleaning of customer facilities. By literally trapping pounds of contaminants, UniFirst mat systems help protect expensive flooring surfaces, ventilation systems, and sensitive electronic equipment — all of which translates into less cleaning and use of chemicals.</p> <p>We manufacture all our floor mats to last for at least five years and recycle our scrap by-products. By comparison, mats purchased at most retail outlets will typically last just one year, thereby adding more vinyl and rubber components to the "waste stream."</p> <p>Microfiber Mop/Wiper Technology</p> <p>Our reusable Microfiber mops and wipers are ultra-light and designed to clean hard surfaces without chemicals and water. The U.S. Environmental Protection Agency (EPA) notes that such products can reduce chemical usage by 95 percent. For soiled surfaces requiring water and cleaning agents, we offer wet mops and towels that feature super absorbent natural fibers that have been treated with antimicrobial agents in order to prevent the growth of mold, mildew, and odor-causing bacteria.</p> <p>The result: one-time, faster, more efficient cleanings. By using these reusable Company products versus disposables, EPA life cycle assessments show that solid waste can be reduced by 210 percent and water usage by as much as 12,590 percent.</p> <p>Hand Towels and Sanitary Tissue</p> <p>Our towel and tissue products are Green Seal and Eco-Logo certified, and manufactured from base paper that is 100 percent recycled. And our portion-control (one-at-a-time) paper dispensing systems are available with both mechanical and electronic touch-free options to help reduce unnecessary waste. Studies have shown that these dispensers reduce paper usage by 25-35 percent, resulting in less landfill dumping and incineration.</p> <p>Soaps and Hand Care</p> <p>Our soap and hand care products are provided by vendor-partner GOJO, a manufacturer of a wide range of "green" and biodegradable hand cleaning/disinfecting products. GOJO's Green Seal and Eco-Logo designated products are specially formulated for use in the types of work environments our Company serves and are available in a variety of touch and non-touch, portion controlled, dispensing options so as to minimize waste</p> <p>Odor Control Systems</p> <p>We offer three environmentally conscious odor control program solutions. Our most popular system, called TCell, contributes to clean and fresh air in a 100% environmentally friendly way. All air freshener delivery systems are 100 percent EPA compliant and refill components are recyclable.</p>

45	<p>What unique attributes does your company, your products, or your services offer to Sourcewell participating entities (customization, personalization, alteration, fitting, and/or sizing)? What makes your proposed solutions unique in your industry as it applies to Sourcewell participating entities (laundering, cleaning, mending and/or repair services)?</p>	<p>We're highly experienced at sourcing custom garments both domestically and internationally. And our company-owned manufacturing plants give us unique flexibility when it comes to self-producing special items that may be included in large national programs.</p> <p>Custom personalization is a key element in most image apparel programs and UniFirst's extensive experience in both screen printing and embroidery represents an advantage for us as well. We have our own in-house screen printing and operate our own embroidery machinery. In our Owensboro distribution facility UniFirst owns and operates our own embroidery equipment for emblem making and direct embroidery.</p> <p>Our advanced emblem, embroidery, logo, and employee name personalization options keep your employees looking sharp and easily identifiable in your business branded logo apparel.</p> <p>Our in-house graphics staff creates and digitizes scores of new customer personalization designs daily. Software allows us to quickly produce an electronic rendition of any embroidery design or emblem. This gives us greater control over the process of creating and delivering unique customer images through the combination of specially selected clothing and custom-applied design.</p> <p>UniFirst has the industry's largest complement of personalization equipment. Our proprietary personalization workflow software enables us to personalize over 30,000 items every day, and 6,000 emblems per hour.</p> <p>For Direct Purchase: Custom inseam lengths for pants are available at the point of order entry. UniFirst will hem to a specified length prior to shipment of the order. As part of the service offering, UniFirst will accept returns for size exchanges within sixty (60) days of order receipt at no additional charge (i.e. no restocking fees). Freight to ship returned merchandise is paid by the customer unless the return was necessitated by a UniFirst error.</p> <p>Custom sized garments, not in stock, that do not require a "special manufacturing cut" will ship in approximately 14 - 17 business days from the date of order receipt. Custom garments that require a special cut, depending on the particular circumstances at hand, could take up to 12 weeks to procure.</p> <p>For Rental Programs: UniFirst does not measure your employees. Rather, we have your employees actually try on the garments as we have found that this process better ensures proper fit. We have also found that lists, prepared in advance, that detail the employees to be sized, at a given sizing session, and the type and number of garments that each employee is entitled to receive greatly assists the sizing process.</p> <p>With our Change-As-Needed system, uniform garments are regularly replaced on a rotating basis when they reach a point where either appearance or function is compromised. There is no specific schedule, and actual replacements are very much dependent upon the type of garment, the material from which it is manufactured and the nature of its use.</p>

Table 9A: Warranty

Describe in detail your manufacturer warranty program, including conditions and requirements to qualify, claims procedure, and overall structure. You may upload representative samples of your warranty materials (if applicable) in the document upload section of your response in addition to responding to the questions below.

Line Item	Question	Response *
46	Do your warranties cover all products, parts, and labor?	<p>All Products furnished under the Agreement shall conform to Sourcewell's specifications as set forth in the Agreement and, in all instances will be processed, mended and finished in accordance with the generally accepted standards of the textile rental industry. UniFirst makes no other representations, warranties or conditions, express or implied by law, statutory or otherwise, including, without limitation, the design or condition of the Products, their merchantability or their fitness, capacity or durability for any particular use or purpose, the quality of the Products or workmanship of the Products.</p>

47	<p>Do your warranties impose usage restrictions or other limitations that adversely affect coverage?</p>	<p>Any garment with, tears, rips, holes, excessive staining, or other non-repairable defect incurred while in service or upon termination of the Agreement at a Facility is considered "Damaged." Damage is in excess of normal wear and tear (which is defined as a gradual thinning of the fabric over time) a garment experiences through normal wash and wear cycles and inhibits the re-issue of the garment to another employee. Additionally, pursuant to contractual language, a garment has been personalized through Direct Embroidery or other customer dictated modification may be considered "Damaged" if the modification inhibits the ability to re-issue the garment.</p> <p>This damage beyond repair category is designed to ensure a balance between the need for a cost-effective solution while maintaining a high level of appearance integrity. Under this criterion, a garment will be deemed as "damaged beyond repair" for any of the following:</p> <ul style="list-style-type: none">• Any hole or tear regardless of size• Any single pen mark larger than one- and one-half inch• Any combination of ten or more pen marks• Any garment purposely written on• Any single stain larger than one inch in diameter• Any combination of ten stains or more• Any broken or poorly functioning zipper• Any broken straps or clips or missing snaps• Any bioburden or hazardous material contamination

48	Do your warranties cover the expense of technicians' travel time and mileage to perform warranty repairs?	<p>This is not applicable to an Industrial Landry Program.</p> <p>At the service level, any garment placed into service that was defective in any way, at the time of its installation, would be immediately replaced at no additional charge to your Members. And we take care to inspect every rental garment every time we handle it. Upon pick-up and return to our service center, each garment receives a comprehensive ten-point inspection. This system is backed-up by our wearer communication system which provides a continuous supply of service request tags at your Member's place of business so that any special repair needs can also be flagged by wearers to ensure that they get our immediate attention.</p> <p>UniFirst's exclusive "mend system" provides for a comprehensive ten-point inspection of every garment every time it's processed. This "judgment call" we leave to the discretion of operating staff. Some Customers require that they and they alone approve the retirement from service of any damaged garment. This process remains acceptable to UniFirst.</p> <p>Repairs to individual garments are made so as to ensure the return of the repaired item with the Customer's next weekly delivery. In other words, a damaged garment picked up on Tuesday will be repaired and returned the following Tuesday.</p> <p>Our Change-As-Needed system provides for the automatic replacement of garments before they become so worn as to impact appearance or function. And, unlike many (if not all) of our competitors, UniFirst replaces all garments which wear out as a consequence of normal wear and tear with "new" garments.</p>	
49	Are there any geographic regions of the United States or Canada (as applicable) for which you cannot provide a certified technician to perform warranty repairs? How will Sourcewell participating entities in these regions be provided service for warranty repair?	<p>This is not applicable to an Industrial Landry Program.</p> <p>UniFirst's exclusive "mend system" provides for a comprehensive ten-point inspection of every garment every time it's processed. This system is backed up by our wearer communication system which provides a continuous supply of service request tags at your place of business so that any special needs can also be flagged by wearers to ensure that they get our immediate attention.</p>	
50	Will you cover warranty service for items made by other manufacturers that are part of your proposal, or are these warranties issues typically passed on to the original equipment manufacturer?	Yes.	

51	What are your proposed exchange and return programs and policies?	Any garment placed into service that was defective in any way, at the time of its installation, would be immediately replaced at no additional charge to your Members. UniFirst recognizes that not every employee stays the same size over time, so at no charge, we provide for clothing size exchanges whenever necessary.	*
52	Describe any service contract options for the items included in your proposal.	UniFirst offers as an option a Garment Maintenance Program (GMP). The Program involves an additional Weekly charge for each garment that is placed in service and replaces the practice of having ruin charges added to the weekly invoice. The practice of inspecting and reviewing garments on-site with Member Management is thus eliminated and the Weekly or Monthly service invoice remains relatively fixed. This allows Member Management and UniFirst Service teams to focus on providing "World Class" service to our Customers. Lost or unreturned garment fees are not currently covered under such a program. Developing a program for lost garments would be subject to further discussion at the appropriate time.	*

56	Describe any leasing or financing options available for use by educational or governmental entities.	Depending upon individual needs, some may prefer our Val-U-Lease program. Upload a sample of each (as applicable) in the document upload section of your response.	We note that the condition precedent to the delivery of any merchandise and services hereunder is the execution of a corporate textile rental service agreement, which more fully details the expectations of each party, in terms acceptable to each party. We leave for another day the discussion as to the specific requirements of any such agreement, except to note that all such requirements are common to the textile rental services industry in general. Please see the attached redlined MSA on the specific provisions in the RFP and Agreement. All merchandise supplied by UniFirst hereunder will conform to customer's specifications as set forth in the Textile Rental Services Agreement, and in all instances will be processed, mended and finished in accordance with generally accepted standards of the textile rental industry.	*
58	Do you accept the P-card procurement and payment process? If so, is there any additional cost to Sourcwell participating entities for using this process?	Yes. Customers can pay weekly invoices using a company credit or P-card. Our accounts receivable department will apply the weekly invoice amounts to the credit or P-card for each customer location.	*

Table 11: Pricing and Delivery

Provide detailed pricing information in the questions that follow below. Keep in mind that reasonable price and product adjustments can be made during the term of an awarded Contract as described in the RFP, the template Contract, and the Sourcwell Price and Product Change Request Form.

Line Item	Question	Response *

59	<p>Describe your pricing model (e.g., line-item discounts or product-category discounts). Provide detailed pricing data (including standard or list pricing and the Sourcewell discounted price) on all of the items that you want Sourcewell to consider as part of your RFP response. If applicable, provide a SKU for each item in your proposal. Upload your pricing materials (if applicable) in the document upload section of your response.</p>	<p>UniFirst evaluates the total potential volume for any particular National Account customer and prices the entire in accordance with our pricing models. Total usage levels are evaluated as part of the pricing, and UniFirst takes this into consideration and leverages the total potential of each account in order to come up with the most competitive rates available.</p> <p>In general, UniFirst provides service quotes to its Customers that represent its very best prices for the projected volume of business and the associated terms and conditions of service, as determined by our review of the RFP documents. This does not mean, however, that we necessarily expect to receive all of this business immediately, or even necessarily within the first year or two of the term of our Agreement, for that matter, as we realize that we frequently are required to await the natural expiration (by their terms) of any pre-existing agreements that our Customer might then have in place with any third-party vendors.</p> <p>As with all things there is at least one exception to this general rule, which would arise in the event that a given Customer elected to award all of its business to two or more preferred vendors, each of whom was then expected to solicit business from each Customer operating location. In this instance, we would downgrade the value of the projected business volumes (raise the bid prices that we initially quoted) and then offer incentives (reduced prices) to be granted upon the attainment of certain specified earned revenue thresholds. The most Customer friendly option is the former, where our very best prices are offered from day one of the Agreement.</p> <p>Once our agreement is finalized our Account Management System ensures that only those products and prices set out in the agreement can be invoiced locally. Consistent application of products and pricing across all of the local Member's operations is guaranteed.</p> <p>All requests for exceptions (additions) to the originally negotiated contract requirements must be processed through predefined channels for approval. All pricing will be developed using the same pricing model used in the original bid effort to incorporate the same volume considerations.</p> <p>Rental Services Include:</p> <ul style="list-style-type: none"> » Water-wash of Rented Uniforms and Rented Items. Including inspection of all garments during the cleaning process and the pressing (US only), of all garments at no additional cost » Delivery of clean Rented Uniforms and Rented Items, on a stated weekly schedule. » Removal of soiled Ranted Uniforms and Rented Items, on a stated schedule. » Existing garments may be exchanged due to an Employee's changing size requirements at no cost to the Customer, though the emblem and garment preparation charges specified by the agreement will apply. » All Garment repairs needed due to normal wear and tear will be done at no cost to the Customer. » UniFirst will automatically replace garments before they become so worn as to impact either appearance or function. This replacement will be done at no charge to the Customer, though the emblem and garment preparation charges specified by agreement will apply. 	*
60	<p>Quantify the pricing discount represented by the pricing proposal in this response. For example, if the pricing in your response represents a percentage discount from MSRP or list, state the percentage or percentage range.</p>	<p>Sourcewell's program pricing is constant across the nation and therefore the discount/savings varies by market, i.e. savings on the Sourcewell program might be as high as 60-70% in metropolitan markets such as NYC whereas in central Kentucky the savings might only be 20-30%.</p>	*

61	Describe any quantity or volume discounts or rebate programs that you offer.	<p>A. Rental. UniFirst will pay Sourcewell a new incentives tiered rebate based on growth volumes of the sales to Sourcewell or Sourcewell Members of Products and Services resulting from Sourcewell net of returns and allowances and, with regard to the Products procured hereunder, less applicable delivery charges. With regard to the Services procured hereunder the specified administrative fee will be paid net of any garment preparation, emblem, loss/damage, minimum stop the truck or applicable DEFE (Delivery, Energy, Fuel and Environmental) surcharges. Said administrative fees are to be paid within thirty (30) days after the end of each calendar quarter and commencing on the effective date of this Agreement on the following:</p> <p>Admin fee/rebate: \$ 0-\$350,000.....2% \$350,001-\$450,000.....2.5% \$450,001 + 3%</p> <p>B. Direct Sales Pricing will only have 1 tier for best available. Pricing will be Ceiling price so if necessary we can adjust downward based on local pricing needs for a specific account.</p>	*
62	Propose a method of facilitating "sourced" products or related services, which may be referred to as "open market" items or "nonstandard options". For example, you may supply such items "at cost" or "at cost plus a percentage," or you may supply a quote for each such request.	<p>UniFirst is a full-service provider of textile services, with many of the products being manufactured and much of the services being provided directly by UniFirst. As a part of our continued growth, we have aligned ourselves with several trusted vendor partners whenever we have customer requirements that don't align with our manufacturing core competencies (i.e. Non-Standard Options). All vendor partners must pass through our Vendor Approval process to ensure that they are financially solvent and adhere to all manufacturing best practices and appropriate child/forced labor laws. Our vendor partners have been carefully selected based on product offering breadth, stocking position, and mutual business goals. This is an on-going effort to leverage our influence over these vendor partners in order to better guarantee the quality of services provided by any such vendor to any one of our customers. As an industry leader, UniFirst is able to leverage our size in order to negotiate the most favorable pricing and terms in the industry, a benefit that gets passed on directly to our customers.</p> <p>In situations where our vendor partner's products are used to support our customers, we will issue standard UniFirst (bulk) Purchase Orders for merchandise, on an as necessary basis. These orders will be filled and shipped directly to our distribution center in Owensboro, KY. Our vendor partners will then invoice UniFirst directly for their services. All other services (order administration, pick, pack, ship, customer services and overall program administration and management) will be directly performed by UniFirst personnel, utilizing UniFirst owned equipment and facilities.</p>	*
63	Identify any element of the total cost of acquisition that is NOT included in the pricing submitted with your response. This includes all additional charges associated with a purchase that are not directly identified as freight or shipping charges. For example, list costs for items like pre-delivery inspection, installation, set up, mandatory training, or initial inspection. Identify any parties that impose such costs and their relationship to the Proposer.	Please see the attached "Sourcewell Proposal," for a complete listing of all the associated Service Charges.	*
64	If freight, delivery, or shipping is an additional cost to the Sourcewell participating entity, describe in detail the complete freight, shipping, and delivery program.	<p>Rental: The delivery cost is included in the weekly rental rate.</p> <p>Direct Sales: Pricing is quoted F.O.B. Origin, sans applicable sales taxes, with applicable freight and handling charges being prepaid and added to the shipment invoice.</p> <ul style="list-style-type: none"> • United States - All Purchased Items are shipped via UPS standard ground service from our ISO registered Central Distribution Center in Owensboro, KY, unless instructions to the contrary are specified on the order. • Canada - All Purchased Items are shipped via Canadian Post standard ground service from our Central Distribution Center in Mississauga, ON, unless instructions to the contrary are specified on the order. <p>Expedited shipping (overnight) is available via FedEx or UPS Express. The cost of expedited shipping will be calculated on a case-by-case basis and we will pass along the true cost of shipping.</p>	*

65	Specifically describe freight, shipping, and delivery terms or programs available for Alaska, Hawaii, Canada, or any offshore delivery.	Due to the cost of doing business in Alaska and Hawaii, subcontractors in these states may charge a minimum of two times the prices quoted above. We will do our best to find a subcontractor that will honor the program pricing, however actual prices are a function of the product in the program and the Subcontractors local business practices. Any alternative pricing for Alaska and Hawaii will be submitted for your approval prior to subcontracting any of your sites to a third party.	*
66	Describe any unique distribution and/or delivery methods or options offered in your proposal.	<p>UniFirst's combination of the full weight of our ISO Certified Distribution Center Capabilities and our National Service Coverage can be brought to bear on the Sourcewell's requirements. Direct Sale and Rental programs are all supported from a merchandise perspective by our Owensboro, KY "state-of-the-art" Distribution Center. This facility has been built with the specific objective of providing the fastest most accurate order turnaround times in the industry and we are confident that this will enhance the UniFirst value proposition for Sourcewell Members.</p> <p>Our proposal represents "Best-in-Class" pricing based upon the Sourcewell estimated contract value and usage. Furthermore, we offer the following value-added services:</p> <ul style="list-style-type: none"> • ISO Certified Manufacturing and Distribution: UniFirst manufactures and distributes the majority of its garments through a strict process-controlled ISO certified manufacturing and distribution system. This capability allows us to better manage our supply chain and negotiate favorable rates with fabric mills. The ISO Certification ensures that consistently high-quality manufactured garments will be delivered to your Member in a timely manner, through a proven documented distribution system. • Guaranteed rates and charges: Our proprietary Account Management System (AMS Mozart) guarantees only the charges authorized and specified in our service agreement can be invoiced. Only the items of merchandise and/or services specifically authorized in the agreement can be provided to the Member. Items of merchandise and/service not authorized in the enabling service agreement can only be invoiced with prior client approval. • Virtually Unlimited Catalog: By using our partnerships with our long-term vendor partners, our catalog is essentially limitless. Even if a desired garment is not currently manufactured by UniFirst, or featured in our Workwear Direct catalog, by leveraging our relationships with our trusted vendor partners we can guarantee best-in-class pricing and service for any work apparel item. Service excellence is central to our culture, it begins with highly trained Customer Representatives who are fully dedicated to total Customer satisfaction and extends to all the contact personnel in our National Accounts Group who specialize in dealing quickly and efficiently to ensure that the specific service requirements of our National Account Customers are understood and consistently applied by our entire field Customer service centers. 	*

Line Item	Question	Response *
-----------	----------	------------

68	Specifically describe any self-audit process or program that you plan to employ to verify compliance with your proposed Contract with Sourcewell. This process includes ensuring that Sourcewell participating entities obtain the proper pricing, that the Vendor reports all sales under the Contract each quarter, and that the Vendor remits the proper administrative fee to Sourcewell. Provide sufficient detail to support your ability to report quarterly sales to Sourcewell as described in the Contract template.	<p>During the Term, UniFirst will, upon not less than thirty (30) business days prior written request, make available to Sourcewell no more than once per calendar year, at UniFirst's corporate offices, during normal business hours, the invoice reports and/or invoice documents from UniFirst pertaining to all invoices sent by UniFirst and payments made by Sourcewell's Members for all Products and Services procured under this Agreement. Sourcewell may employ an independent auditor or choose to conduct such audit on its own behalf. UniFirst shall have the right to approve the independent auditor, which approval shall not be unreasonably withheld. Upon approval and after the auditor has executed an appropriate confidentiality agreement, UniFirst will permit the auditor to review the relevant UniFirst documents. Sourcewell shall be responsible for paying the auditor's fees. The parties will make every reasonable effort to fairly and equitably resolve discrepancies to the satisfaction of both parties.</p>
69	If you are awarded a contract, provide a few examples of internal metrics that will be tracked to measure whether you are having success with the contract.	<p>Performance will be measured according to the following standards:</p> <p>A. Uniform Rental Services Your Account Executive will meet with you to discuss and identify continuous improvement targets. We will then create baselines from which we can measure future improvements. The Account Executive will then incorporate these improvement reports into the quarterly program review. Some of the areas we have included in continuous improvement projects for other customers include:</p> <p>1. On Time Installation: New locations will be installed into Service within eight (8) weeks following the conclusion of Company's employee measurement sessions. The time frame assumes standard garments within normal size ranges as defined in the contract price schedule. The target on-time installation rate for new locations is 98%.</p> <p>2. Issue Resolution All service-related issues that are communicated to Company will be addressed within 24 hours and Customer will notify Company when the issue is resolved to Customer's satisfaction. Company will utilize its RFCA (Request for Corrective Action) system to track any and all issues. Company will report all service issues and the time it takes to resolve issues to Customer's satisfaction.</p> <p>The following specific service issues may be submitted locally by Customer to Company. Company will address these issues at the local level following standard corrective actions.</p> <p>a. On Time Delivery and Pick Up: A delivery and pick up will be considered on-time if the Merchandise arrives at the relevant locations on the specified delivery day, excluding Holidays, in which event, Company will give timely notice of the Holiday delivery schedule. Late deliveries resulting from a natural disaster, severe weather emergency, or road closures, will be excluded from this measurement.</p> <p>Late deliveries will be recorded in the Company's RFCA system and the appropriate action plan communicated to the Customer's local manager. Performance will then be monitored until Customer's local manager is satisfied that the issue has been corrected.</p> <p>b. Service For New Employees: New employees will receive their garments within one (1) week of the request for standard garments in normal size ranges as defined in the contract price schedule.</p> <p>Instances of new employees not outfitted in one week will be recorded in the Company's RFCA system and the appropriate action plan communicated to the Customer's</p>

local manager. Performance will then be monitored until Customer's local manager is satisfied that the issue has been corrected.

c. Merchandise Acceptance:

Merchandise will be considered accepted if the Merchandise is properly water-washed, pressed or steam tunneled and has no rips or tears that have not been repaired. If stains cannot be removed the Rented Uniforms or Rented Items, as applicable, the same will be reviewed with Customer's representative to determine responsibility for replacement costs.

Instances where merchandise is delivered in unacceptable condition will be recorded in the Company's RFCA system and the appropriate action plan communicated to the Customer's local manager. Performance will then be monitored until Customer's local manager is satisfied that the issue has been corrected.

B. Uniform Direct Sale

Order Fulfillment

A minimum of 98% of in-stock inventory will be shipped to Customer within 5 – 7 business days after the order is placed.

2. Order Accuracy

Company will achieve a minimum of 98% order accuracy measured as a function of returned orders.

Total Customer Satisfaction is measured in terms of customer retention rates. At UniFirst, our minimum goal is 95%. All Customer Service Centers are required to do all things necessary to retain a minimum of 95% of their Customers (the "Customers for Life Program"). Again, each Customer Service Center is ranked best to worst and financial incentives are associated with the attainment of this goal.

UniFirst's Route Sales Representatives (RSR's) are paid on delivered revenue at a 7% commission rate. In addition to the commission program all RSR's have a \$6000 annual bonus opportunity based primarily on Customer Satisfaction and Customer Retention. The annual bonus opportunity generally represents between 15 and 20 percent of total compensation.

We believe that effective customer service is the most important element in developing and maintaining our market position. Our commitment to service excellence is reflected throughout our organization. Our route sales representatives are the first line of continuing customer contact, who are supported by local customer service representatives, local service management staff and local operations management leaders, all of whom are focused on addressing the ongoing needs of customers, constantly delivering high-value service and pursuing total customer satisfaction. Our proprietary information systems and our support service center enable us to respond to customer inquiries or issues within 24 hours, and our service personnel are specially trained to handle the daily contact work necessary to effectively manage customer relations.

We measure the speed and accuracy of our customer service efforts on a weekly basis and, through our "Customers for Life" program, we continuously survey, record and report satisfaction levels as a means of evaluating current performance and highlighting areas for improvement.

Every customer is audited a minimum of twice a year to ask specifically about levels of satisfaction, areas where we can improve, and whether or not there are problems which need correcting. This proactive approach lets us uncover issues that might normally remain hidden and surfaces problems we

		might otherwise not hear about. But it benefits both us and our customers and it's one of the reasons that over 98% of all current customers give us an "completely satisfied" or "satisfied" performance rating.	
70	Identify a proposed administrative fee that you will pay to Sourcewell for facilitating, managing, and promoting the Sourcewell Contract in the event that you are awarded a Contract. This fee is typically calculated as a percentage of Vendor's sales under the Contract or as a per-unit fee; it is not a line-item addition to the Member's cost of goods. (See the RFP and template Contract for additional details.)	<p>UniFirst will pay Sourcewell a new incentives tiered rebate based on growth volumes of the sales to Sourcewell or Sourcewell Members of Products and Services resulting from Sourcewell net of returns and allowances and, with regard to the Products procured hereunder, less applicable delivery charges. With regard to the Services procured hereunder the specified administrative fee will be paid net of any garment preparation, emblem, loss/damage, minimum stop the truck or applicable DEFE (Delivery, Energy, Fuel and Environmental) surcharges. Said administrative fees are to be paid within thirty (30) days after the end of each calendar quarter and commencing on the effective date of this Agreement on the following:</p> <p>Admin fee/rebate: \$ 0-\$350,000.....2% \$350,001-\$450,000.....2.5% \$450,001 + 3%</p>	*

U.S. and Canada Rental Program

1. The prices offered herein are contingent upon the subsequent execution of a 48 month National Account Service Agreement containing terms and conditions that are acceptable to both parties.
2. Please note that size exchanges and automatic garment replacement due to normal wear and tear are included in your weekly rental rates.
3. *** Indicates an Item of "Non-Standard Merchandise" hereby expressly made subject to the buy-back provisions in the Agreement. The application of direct embroidery, silkscreen, custom size emblems or non-standard placement of emblems to any Contract Item, or the application of emblems to the sleeve of any Contract Item, automatically classifies that item as a "Non-Standard Merchandise" item subject to the buy-back provisions specified in the Agreement.
4. All employees shall have the option of selecting either long or short sleeve shirts, or any combination thereof, if offered by the item manufacturer, at the time of installation of Services at each Location as thereafter only when garments are being ordered.
5. In certain instances, Auto Replacement Charges ("ARC") may apply but any such charge is intended to cover ongoing replacements of lost items to maintain agreed upon inventory levels. Replacement items will be added to returned inventory to compensate for the possible misplacement of such items. It being understood, however, the ARC is only an estimate and that accordingly additional charges or credits (as the case may be) will be affected (as necessary), upon the agreement of the parties acting in good faith, following a review of actual losses.
6. All Merchandise items and their associated service charges are based, unless otherwise noted, on standard Company sizes and colors.
7. The weekly rental rates listed above are quoted in individual units. The weekly rental charges associated with the utilization of each such item will be flat rated and invoiced based upon the "Billed Quantity" indicated on the service invoice, whether or not such quantity is actually delivered in a given week.
8. If the Merchandise supplied is visibility wear, it is intended to provide improved conspicuity of the wearer under daylight conditions and when illuminated by a light source of sufficient candlepower at night. It is Customer's responsibility to determine the level of conspicuity needed by wearers under specific work conditions. Further, Customer agrees that the garments alone do not ensure conspicuity of the wearer and that additional safety precautions may be necessary. The garments supplied satisfied particular ANSI / ISEA standards only when they were new and unused and only if so labeled. Customer acknowledges that usage and laundering of visibility Merchandise will adversely affect its conspicuity.
9. Since UniFirst's costs of doing business, such as costs of merchandise, energy, and healthcare related expenses may fluctuate, Customer agrees that the Offer Rates herein specified will be increased (without action required by either Party) by five percent (5%) each year, on the anniversary of the Effective Date ("Annual Adjustment"). For purposes hereof, the Annual Adjustment shall not include rates herein specified for disposable products or lost/damage replacement charges, all of which shall be quoted at the rates then in effect by UniFirst's local Sales Representatives. Once an Affiliated Company enters into a local service agreement with UniFirst, Customer acknowledges that the timing and scope of all subsequent pricing adjustments for that particular Affiliated Company shall be governed by the provisions of each such respective local service contract.
10. All rental/service and other charges are due and payable thirty [30] days from the date of invoice.
11. Prices quoted are good for 60 days from date of proposal and could be revised by UniFirst when those 60 days expire.

U.S. and Canada Rental Program – Proposal Notes.

12. Customers in the United States are entitled to purchase any needed items at 20% off the prices listed in Company's twice annually published Buyers Guide and Canadian Customers can purchase any needed items at 20% off list price ("The Purchased Items").
