

February 21, 2023 Board of County Commissioners Regular Meeting
Agenda Item #

SUBJECT

Approve Work Authorization No. 04 to Agreement 22-103 with Revere Control Systems, Inc. to provide Supervisory Control and Data Acquisition (SCADA) services for 10 existing Utilities lift stations. (\$743,728 lump sum expense)

DESCRIPTION

In accordance with Polk County Utilities' SCADA Master Plan, Utilities is in the process of upgrading 10 existing lift stations (see table below). The project consists of replacing and installing contractor-furnished control panels and manual transfer switches to 10 lift stations. A temporary control panel will also be fabricated as a part of this work. The modifications will allow for improved remote communications and reduce the cost of maintaining obsolete equipment. The County has requested that Revere Control System, Inc. provide these installation services in support of the project.

Work Authorization No. 04 – List of Lift Stations
