Land Development Division,

My name is Victoria E. Booth and I live at 820 Hillside Court North in Winter Haven, Fl. 33881 I have concerns about the case number in the subject line of this email. My family has had property on Rankin Road since the 1960's. Most of the development on Country Club Road in the past 30 years has been middle to upper income development and I very concerned about the owner of the property in questions wants

to park a semi trailer in his yard.

I feel Kiley this would devalue the surrounding homes including mine.

The owner already has a 5th wheel travel trailer behind his house that is not hooked up to a septic system. The property already has lots of "junk" behind the home.

If he is allowed to park his semi trailer who is to say that he might let others park on his property.

All property owners in our subdivision have well water that we want to protect from contamination from diesel and/or oil.

I will be attending the public hearing on April 23, 2026.

Thank you for your time and consideration.

Victoria E. Booth
