Consistency Analysis

Contained below is an analysis of the consistency of the Proposed Request with provisions of the Polk County Comprehensive Plan that are germane at this stage of the development process.

SECTION 2.102 GROWTH MANAGEMENT.

OBJECTIVE 2.102-A: Development within unincorporated Polk County shall occur in accordance with the policies stated within this Future Land Use Element and all other Goals, Objectives and Policies incorporated within the Polk County Comprehensive Plan.

<u>POLICY 2.102-A1: DEVELOPMENT LOCATION</u> - Polk County shall promote contiguous and compact growth patterns through the development process to minimize energy costs, conserve land, water, and natural resources, minimize the cost of services, and prevent development patterns where tracts of land are by-passed in favor of development more distant from services and existing communities.

ANALYIS: The Proposed Request will promote contiguous and compact growth patterns by introducing a CC district in an area that is predominantly single-use residential development. In addition, the proposed site will act to provide services to the growing Poinciana community.

<u>POLICY 2.102-A11: URBAN SPRAWL CRITERIA</u> - In accordance with Rule 9J-5.006(5) of the Florida Administrative Code, Polk County will discourage the proliferation of urban sprawl by use of the following criteria when determining the appropriateness of establishing or expanding any land use or development area. The analysis must ask whether or not the proposed plan amendment . . .

<u>ANALYSIS:</u> See Demonstration of Need and Justification for analysis on how the Proposed Request will discourage the proliferation of urban sprawl.

SECTION 2.107 UTILITY-ENCLAVE AREAS (UEA).

OBJECTIVE 2.107-A: The Polk County Plan shall recognize existing isolated areas of urban development where centralized public, or franchised, or private potable water and sewer systems are in place through:

a.the designation and mapping of Utility-Enclave Areas (UEAs), and b.the establishment of policies to govern the development of land within UEAs.

<u>POLICY 2.107-A3: LAND USE CATEGORIES</u> - The following land use categories shall be permitted within UEAs:

a. ACTIVITY CENTERS: Community Activity Centers, Neighborhood Activity Centers, Convenience Centers, Tourism Commercial Centers, and High-Impact Commercial Centers shall be permitted within UEA's in accordance with applicable criteria.

ANALYSIS: The Proposed Request is for a Future Land Use Designation of Convenience Center (CC) which is consistent with the Subject Property's location in a Utility Enclave Area.

<u>POLICY 2.107-A5: DEVELOPMENT CRITERIA</u> - Development within UEAs shall conform to the following criteria as further specified by the Land Development Code:

a. All uses developed after adoption of the Polk County Comprehensive Plan shall be required to connect to the existing centralized water and sewer system and may receive a development order provided all other provisions of this Plan are met. Connection to public sewer shall be required as regulated by the Nutrient Restoration Plan Overlay.

ANALYSIS: The Subject Property is located in the Toho Water Authority Utility Service Area. The Applicant will be required to coordinate with the Toho Water Authority for the provision of centralized sewer and water.

SECTION 2.110 ACTIVITY CENTERS.

OBJECTIVE 2.110-A: The Polk County Plan shall manage higher-intensity land use activities by the designation and mapping of Activity Centers on the Future Land Use Map Series.

<u>POLICY 2.110-A2: DESIGNATION AND MAPPING</u> - Activity Centers shall be located as designated on the Future Land Use Map Series. Activity Centers shall be approved and designated on the Future Land Use Maps based on the efficient provision of urban services and such designation shall not create a "leap frog" development pattern.

ANALYSIS: The Proposed Request will address an existing pattern of predominantly single-use residential development in the Poinciana Pre-DRI. The creation of a CC district on the Subject Property will result in shorter-distance trips for residents in the area who are seeking the amenities typical of a CC district.

OBJECTIVE 2.110-C: CONVENIENCE CENTERS - The Polk County Plan shall provide for the convenience-shopping needs of residents through:

a.the designation and mapping of Convenience Centers on the Future Land Use Map Series: and

b.the establishment of criteria applicable to the location and development of land within Convenience Centers.

<u>POLICY 2.110-C2: DESIGNATION AND MAPPING</u> - Convenience Centers shall be located within TSDAs, UGAs, SDAs, and UEAs as designated on the Future Land Use Map Series as "Convenience Center" (CC).

ANALYSIS: The Subject Property is located within a UEA.

<u>POLICY 2.110-C3: LOCATION CRITERIA</u> - Convenience Centers shall be located at the intersections of arterial and/or collector roads, and of collector and local roads in Redevelopment Areas consistent with Section 2.124-F. There shall be the following traveling distance, on public roads, between the center of a Convenience Center and the center of any other Convenience Center, or other higher-level Activity Center, Linear Commercial Corridor, or Commercial Enclave providing for the same convenience-shopping needs:

- a. One (1) mile within the TSDA and UGA.
 - b. Two (2) miles within the SDA and UEA.

This required separation may be reduced if:

- a. The higher-level Activity Center, Linear Commercial Corridor or Commercial Enclave within the required distance separation is over 80% developed; or
- b. The proposed Convenience Center market-area radius, minimum population support is over 5,000 people.

ANALYSIS: The Subject Property is located at the intersection of Pine Street and Lake Marion Creek Drive. Both roads have functional classifications as Urban Collector roads. The nearest County Activity Center is within the Poinciana Pre-DRI, which is within two (2) miles of the subject property. Separation requirements may be reduced when minimum population support exceeds 5,000 people within the proposed site's market-area radius. The Applicant has submitted data demonstrating that the minimum population support within a one (1) mile radius of the Subject Property is 5,899 and within a two (2) mile radius of the Subject Property is 15,896. [See Population Support Map].

<u>POLICY 2.110-C4: DEVELOPMENT CRITERIA</u> - Development within a Convenience Center shall conform to the following criteria:

a. Convenience Centers shall have frontage on, or direct access to, an arterial or collector roadway, or a frontage road or service drive which directly serves an arterial or collector roadway.

ANALYSIS: The proposed site abuts two (2) collector roads, Pine Street and Lake Marion Creek Drive.
