Re: LDSUR-2024-26
K-Ville Ph 2& 3 ROW Performance Bond

Dear Gator:

I reviewed the costs for the offsite turn lane and the costs appear accurate. There were multiple bids received for the turn lane work and all were right around \$200K. That being said, I did increase the unit costs for the base material and SP-9.5 overlay to the higher end of the bids received to be conservative. In addition, the costs for the offsite water main work that will take place within the ROW were added.

Please find attached the revised Engineer's Estimate.

Sincerely
John R. Bannon, P.E.
