Omron PLCs will control all physical access points (cell doors, mantraps, sallyports, etc) and can control environmental systems (lighting, ventilation, etc) with high reliability. They are expandable and scalable with modular architecture that accommodates future system growth and programming updates. Their fast I/O and system response is vital for rapid sequencing and safe zone-based control in emergencies.

A complete integrated security system for your facility provides many strategic benefits. Surveillance, control, and communication systems on a unified, responsive platform combine to provide end to end visibility. Automating core operations while empowering staff with real time intelligence and rapid response tools enhances safety and control. Reducing manual monitoring demands, maintenance overhead, and communication lags creates operations efficiency. We look forward to the opportunity to provide a live demo of our technologies to your team proving the capabilities of our system and that we are the best choice to partner with your county.

Verkada

Leading Cloud Physical Security for the Modern Law Enforcement Agency

Power smart policing with next-gen security technology and AI-driven analytics.

Leading Cloud-Based Physical Security

Legacy security systems may no longer be equipped to handle today's evolving threats. Law enforcement agencies need real-time, actionable intelligence and flexible solutions to solve crimes more efficiently, especially with fewer resources. Join top police and sheriff departments who are setting a new standard in physical security and investigations with Verkada's cloud-managed platform. Empower your department with better intelligence to proactively protect your community.

Verkada

Why Law Enforcement Agencies Choose Verkada

Experience a new level of simplicity with Verkada. All you need is the hardware and access to Command, our software platform, which updates automatically. Centrally manage all Verkada devices and users from any browser or mobile device. Gain actionable insights with information integrated across devices.

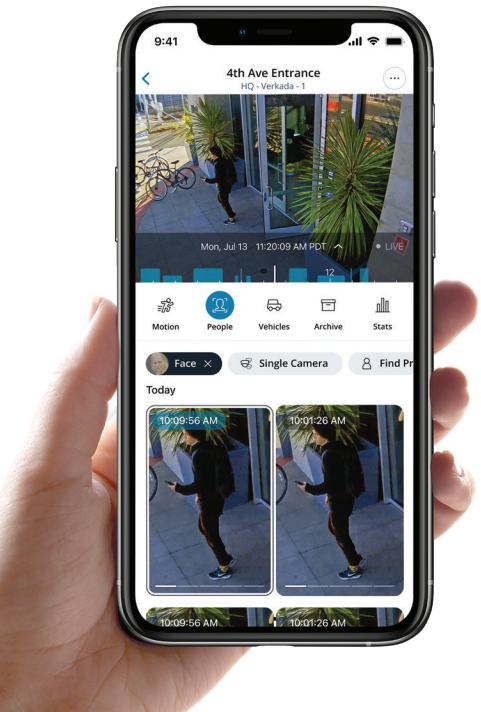
Access footage from anywhere and rapidly investigate with AI-powered search

Empower officers and staff with a user-friendly and intuitive interface

Enable monitoring anywhere with easy-to-deploy mobile monitoring units

Out-of-the-box integration with Axon Fusus for more efficient investigations

IT-friendly with bandwidth-efficient cameras and no DVRs/NVRs to upkeep



Easy access management with granular user permissions

Up to 10-year warranty, predictable renewal costs, and unlimited user seats

Top-rated technical support – available 24/7 via email, phone, or live chat

High-level security and compliance – SOC 2 Type 2, ISO 27001/27017/27018, and FY2019 NDAA, TAA, and FIPS-validated camera models.

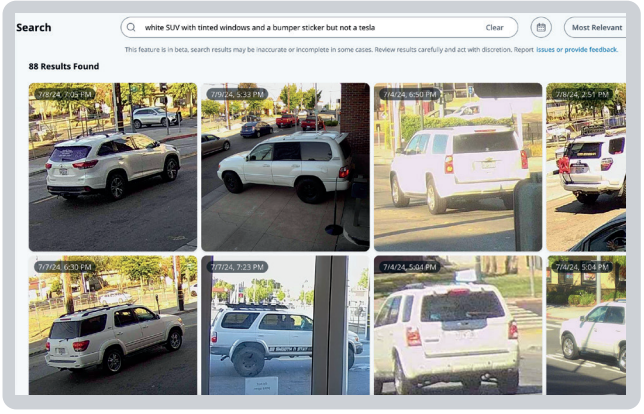
Built on Zero Trust principles with Enterprise Controlled Encryption (ECE), SSO, MFA, and SAML authentication

Lancaster Police Department

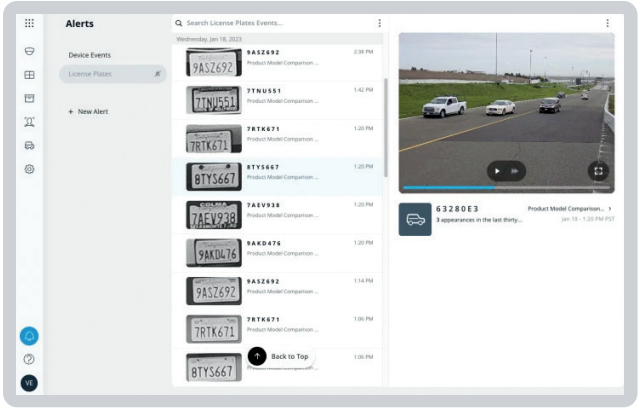
"Our all-in-one platform allows us to efficiently oversee health, safety, and security, enhancing community protection. This technology not only supports rapid law enforcement response but also serves as a deterrent."

Rodrick Armalin,
Chief of Police

Hopewell Police Department



"During our initial deployment year, we observed a 38% reduction in major crime rates in the community."



Donnie Reid,
Deputy Chief

Level Up Your Real-Time Crime Center and Rapidly Solve Crimes with AI

Gather actionable intelligence in real time

- Leverage Verkada's License Plate Recognition (LPR) technology and AI analytics to quickly track suspect vehicles by entering a description (such as make and color) or a license plate.
- Pair LPR bullet cameras with multisensors or PTZs at intersections to capture not just a photo, but vital video context that reveals the vehicle's details and movements.
- Locate suspects or missing persons by uploading a photo or filtering by people's attributes. See where they've been spotted across your entire camera fleet, including non-Verkada cameras when connected via Command Connector.

Leverage live alerts for smart policing

- Get immediate alerts on mobile or desktop whenever Verkada cameras detect a vehicle or license plate of interest (LPOI) that matches your criteria.
- Easily add plates or upload a bulk CSV file to automatically track vehicles linked to serious crimes.
- Set up persons of interest (POI) alerts to receive instant notifications whenever suspects or missing persons appear across any of your cameras.

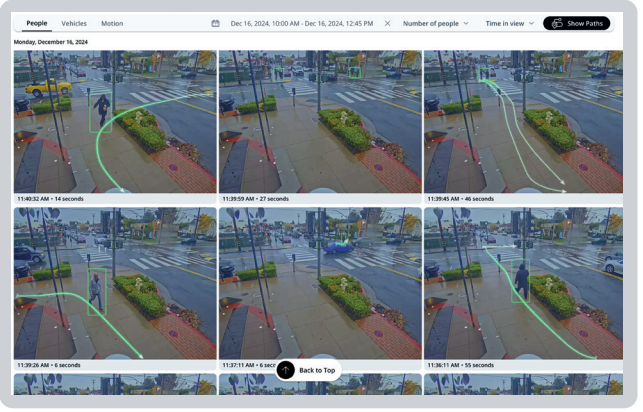
Unify cameras with Fusus integration

- Verkada's out-of-the-box integration with the Axon Fusus open platform enables law enforcement agencies to conduct more efficient investigations from a single view.
- Access and manage Verkada video data, including detected license plates, directly from FususONE to enhance situational awareness and response coordination.

Streamline evidence management

- Leverage Verkada's built-in incident management tool to simplify case tracking. Quickly consolidate video evidence from multiple cameras into a single, shareable repository, giving investigators better context and clarity on each incident.
- Plus, with direct integration to Axon Evidence, easily save footage from Verkada cameras into Axon for streamlined digital evidence storage and management.

Enhance Public Safety with Powerful Agile Solutions



Monitor anywhere with mobile video solutions

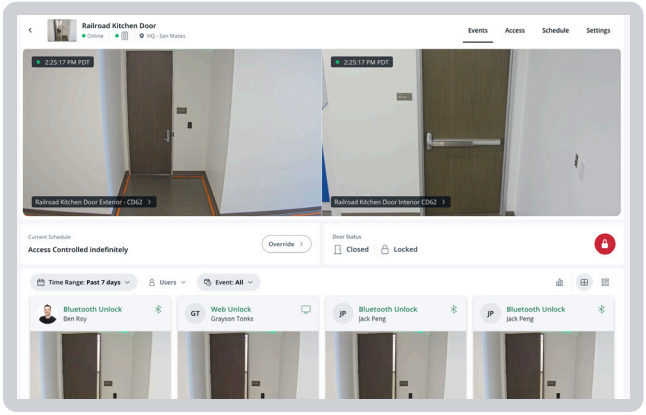
- Easily set up streetlight and mobile monitoring units with Verkada cameras, cellular gateways, and solar power solutions via trusted partners. PoE simplifies installation by powering cameras using a single cable, enabling quick setup.
- Effortlessly monitor outdoor events and help local businesses combat theft and vandalism. Conveniently share live camera feeds via text or a link to keep businesses informed and responsive.

Resolve traffic disputes with objective data

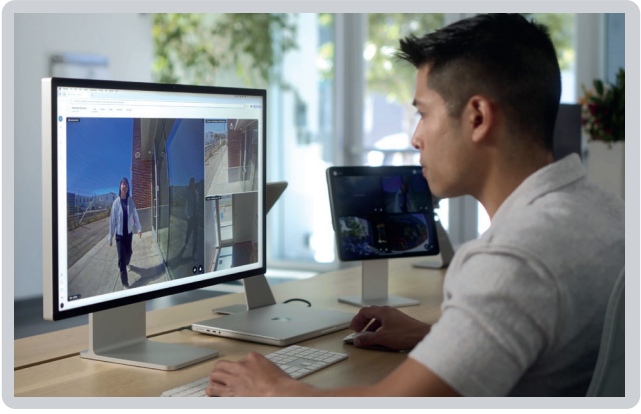
- Dispatch teams can share real-time intel or a direct footage link with officers on scene, reducing reliance on potentially biased witness accounts.
- Using trajectory analysis, dispatchers and officers can quickly assess the movement paths of people and vehicles to determine fault in traffic accidents.

Accelerate response to school emergencies

- Verkada enables schools to quickly grant law enforcement access to an entire floor plan and its cameras via direct links or user accounts, helping dispatchers provide real-time intel to enhance officer safety and guide crisis response.
- Additionally, when law enforcement agencies use the same platform as schools, officers can save critical time by navigating a system they already know.



Expand patrol coverage with virtual monitoring



- With limited personnel, maintaining 24/7 patrol coverage over city- and county-operated buildings can be a challenge. Maximize resources by using Verkada cameras as AI-powered alarms that alert for motion, people, or vehicles after hours.
- Trained monitoring agents are available to video verify alarms before notifying your teams and dispatchers.

Optimize Station Operations for Greater Efficiency and Security

Control critical access points

- Restrict access to sensitive areas like interview and records rooms with cloud-based access control. Easily set role-based permissions, automate door schedules, and configure time-based access for community events.
- Officers can use mobile credentials to enter secured areas, reducing reliance on physical keys or keycards that can be easily misplaced.
- With integrated video security, view not only written but also visual logs of door events to support faster investigations.

Streamline station workflows

- Simplify lobby operations with video intercoms that let officers see visitors at the door or assist remotely when the front desk is unattended.
- Speed up visitor check-ins with Verkada Guest by digitally capturing photo IDs and forms, while automatically notifying the assigned detective when a visitor arrives.
- In holding cells, video intercoms allow officers to communicate with detainees remotely, minimizing in-person interactions and enhancing officer safety.

Optimize sally port security

- Fisheye cameras provide a panoramic 180-degree view of the sally port, reducing blind spots to provide fuller visibility during prisoner transport. Footage can be easily downloaded or shared via a direct link for use in court.
- Operators can easily verify arriving police vehicles and remotely unlock sally port doors with integrated video security and access control, maximizing security during detainee handling.

Protect critical evidence and IT equipment

- Air quality sensors in evidence and server rooms, paired with integrated access control and video security, help safeguard critical assets while providing audit trails of who accessed these areas.
- Receive instant SMS alerts for changes in conditions like temperature or humidity, helping to preserve evidence integrity and ensure the uptime of essential IT systems.

One Platform to Simplify Law Enforcement Security

Video Security
AI-enabled cameras provide 24/7 recording, up to 365 days of onboard storage, and industry-leading image quality. No DVRs or NVRs needed - just a PoE connection.

Access Control
Manage station doors and employee credentials at scale with easy-to-deploy controllers and cloud-managed access control software.

Alarms
Detect intrusions and reduce false alarms with a cloud-based alarm system that provides full visibility into every alarm and features built-in professional monitoring.

Intercom
Protect and monitor entrances, lobbies, and holding cells – answer calls from anywhere with sharp video, clear audio, and four smart receiver methods.

Air Quality Sensors
Protect critical evidence and IT equipment with instant alerts for temperature, humidity, noise, TVOCs, and other air quality indicators.

Connectivity
Easily deploy Verkada cameras with gateways that deliver power and data for mobile monitoring or in hard-to-wire locations like streetlights and parking lots.

Guest
Simplify visitor check-ins by digitally capturing photo IDs and forms, while automatically notifying the assigned detective when a visitor arrives.

Mailroom
Streamline delivery management by tracking package drop-offs with a simple mobile scan and automatically notifying recipients upon delivery.

Viewing Station
Stream up to 300 live camera feeds from multiple locations into a single command center, providing real-time visibility across the city or county.

Try Verkada for free

Our 30-day free trial includes a device, two-way shipping, and full access to the Command management platform. Learn how we can support your smooth transition to the cloud by bridging non-Verkada devices to our cloud-based system.

The Power of the Verkada Platform for Government Organizations

Verkada's government-grade offerings are designed to help government organizations and their partners take a proactive, simple, and scalable approach to physical security, alongside numerous security enhancements that are critical for certain government users.

FedRAMP Ready at the Moderate Impact Level

Our solutions have undertaken rigorous security assessments like FedRAMP (FedRAMP Ready at the Moderate impact level), FIPS 140-2 validation, and TAA and FY 2019 NDAA compliance across three product lines.

Security and Compliance*

Zero Trust

FIPS VALIDATED 140-2

AWS GovCloud (US)

AICPA SOC

NDAA COMPLIANT

TAA COMPLIANT

Government-grade physical security solutions

Command in AWS GovCloud

Government customers in the United States can choose to use Verkada Command hosted in AWS GovCloud, which gives them the flexibility to use our secure cloud solutions on top of the additional stringent security controls provided by AWS GovCloud. Command in AWS GovCloud supports our FIPS-validated camera models and Verkada Guest.

FIPS-Validated Cameras

Verkada's FIPS-validated cameras incorporate encryption that meets the FIPS 140-2 and FedRAMP Ready (Moderate) standards. They have durable, vandal-resistant designs, advanced computer vision features, and are TAA and FY 2019 NDAA compliant.

Verkada Guest

Verkada Guest is a visitor management solution that allows government organizations to streamline check-in and provide a more welcoming experience for their visitors. Native camera integration helps organizations increase security by enabling them to immediately find footage of visitors as they move throughout the facilities.

Why Verkada

Proactive security
Increase security and visibility with real-time alerts, the ability to share live links with authorities, and more.

Manage site from anywhere
Verkada lets you easily manage sites remotely from our intuitive Command mobile app – no port-forwarding or VPNs.

Protect privacy
Maintain security while protecting privacy with granular permissions, face blurring, privacy regions, and more.

Receive dedicated support
Our team can provide one-on-one support for system design, pricing, installation, integration, onboarding, and training

Built for Modern Enterprises

At Verkada, our mission goes beyond reinventing physical security; we empower organizations with AI-enabled devices and an enterprise-ready cloud platform to transform their approach to safety with infrastructure flexible enough to adapt quickly to changing security *and* business needs.

Organizations of all sizes, from local businesses to leading global brands with thousands of sites, use Verkada to improve their physical security practices — and have unlocked new operational efficiencies and savings in the process.

Our solutions stand out for their ease of deployment and user-friendly design, ensuring that any team, regardless of technical expertise, can implement them in environments ranging from local offices to a global network of distributed sites.

It's this scalability, combined with our advanced AI capabilities, that enables our customers to make more informed decisions every day.

1071

One Platform to Manage Security Across All Your Sites

Verkada Command is a cloud-based platform that integrates insights across the entire suite of Verkada products, including video security, access control, video intercom, air quality sensors, alarms, visitor management, and mailroom management.

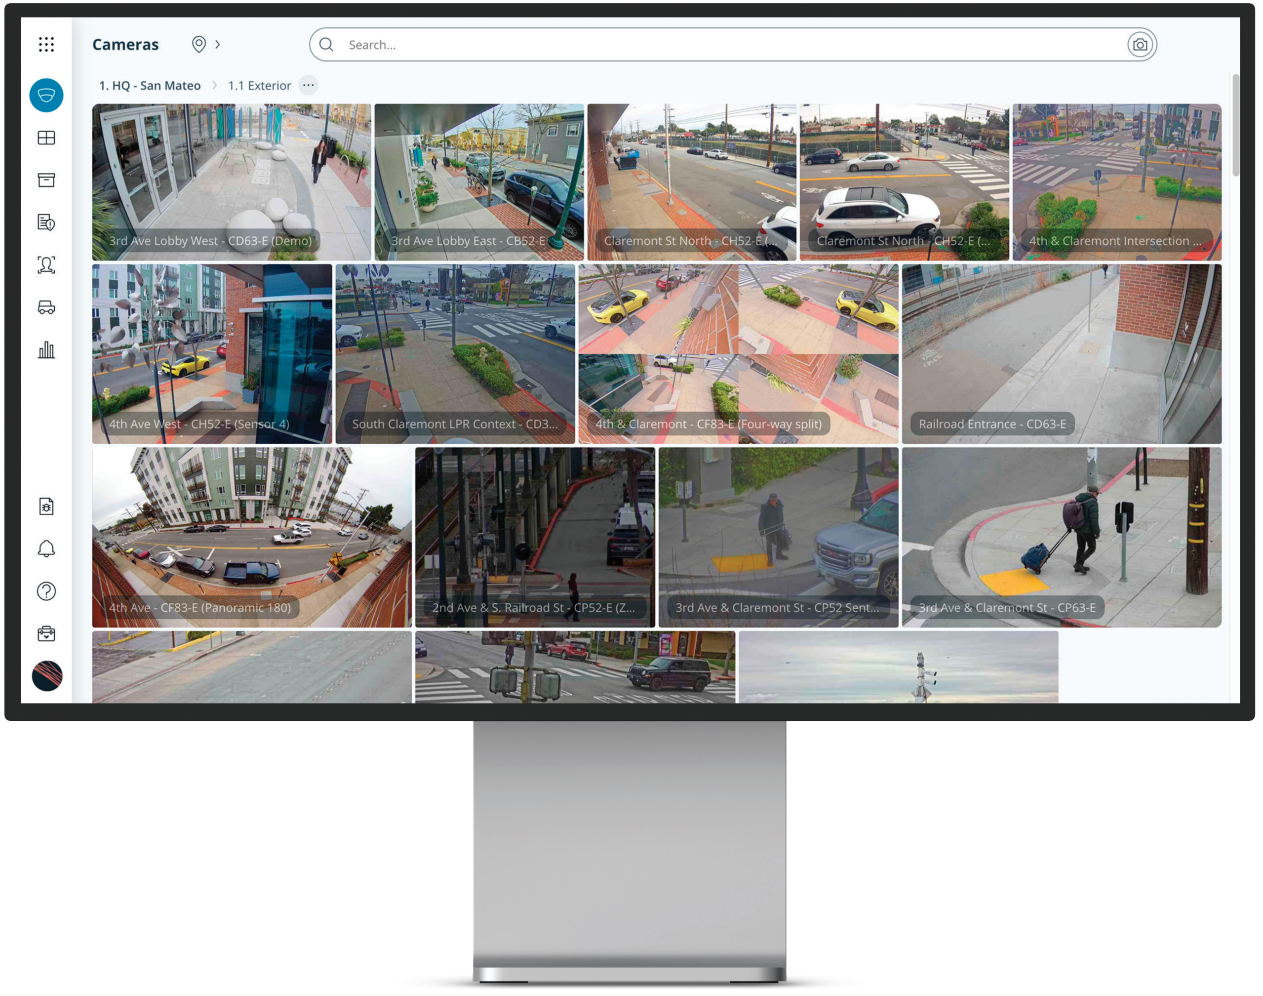
Manage from anywhere

Access all your Verkada devices and manage physical security on the go from our intuitive Command app.

Scale with ease

Add an unlimited number of devices, sites, and users to Command's centralized platform without complicating the user experience.

Live event-based monitoring



Gain real-time visibility into all devices across all sites from a single pane of glass.

Seamless user management

Help ensure platform security with role-based access, single sign-on, two-factor authentication, and integrations for SCIM and SAML.

Zero-touch maintenance

Automatic updates continuously deliver the latest features and security enhancements.

Explore Command

Scan the QR code or visit verkada.com/command to discover why Command is not just another video management platform.

Powerful Video Security with Hybrid Cloud Storage

High-resolution video security cameras offer the reliability of on-device storage with the flexibility of cloud archiving, providing teams with the most scalable way to store critical footage.

Reduce hardware overhead

No NVRs, DVRs, or on-prem servers to manage. Cameras feature built-in onboard storage with up to 365 days of retention.

No single point of failure

Even in the event of network outages, cameras record locally; once connectivity is restored, feeds are available for viewing.

Bandwidth–friendly

Rather than streaming footage around the clock, cameras only stream when viewed and operate at just 20-50 kbps in steady state.

Quickly surface meaningful events

Verkada cameras utilize the latest in AI and edge-based processing to uncover actionable insights in real time.

What is Hybrid Cloud Video Security?

Cameras
- Up to 365 days of onboard storage; No NVRs or DVRs
- Bandwidth-friendly (20-50 kbps in steady state)
- Single Ethernet cable (PoE) to operate

Cloud (AWS)
- Seamless access to all cameras
- Unlimited archiving
- Enterprise Controlled Encryption (ECE)
- 30-days cloud backup included; can be extended further

Software
- Intuitive browser-based user interface
- Modern user authentication (SSO, 2FA, SAML)
- No plugins or downloads required

> **"With DVRs and NVRs, you have to guess how much storage is left while maintaining at least a 30-day history. Depending on how many cameras there are or any issues that arise, you might discover only 14 days of video footage are available when there should be 30 to 90 days. With a hybrid cloud infrastructure, reliability is no longer a concern; video data is saved both onboard the camera and to cloud-based servers."**

Marshall Frost,
IT Director, VP of Corporate Systems, Avita Pharmacy

A Wide Range of Options to Meet Any Need

Watch Demo

See how Verkada provides the most scalable, actionable, and easy-to-use video security solution on the market.

Dome Series

Durable and versatile, the Dome Series features up to 4K sensor resolution and powerful onboard processing for an enhanced streaming experience.

Bullet Series

Built to withstand harsh environments, the Bullet Series captures crisp details at a distance and powers a highly performant and accurate license plate recognition (LPR) experience.

Mini Series

Designed for flexibility without compromise, the Mini Series features low-profile form factors that deliver exceptional image quality.

Fisheye Series

Best for dynamic viewing, the Fisheye camera captures footage in a 180° panoramic view, a four-way split view, or an immersive view with digital pan-tilt-zoom.

Multisensor Series

Ideal for expansive coverage and efficient installation, the Multisensor camera packs four independent camera systems into a single device.

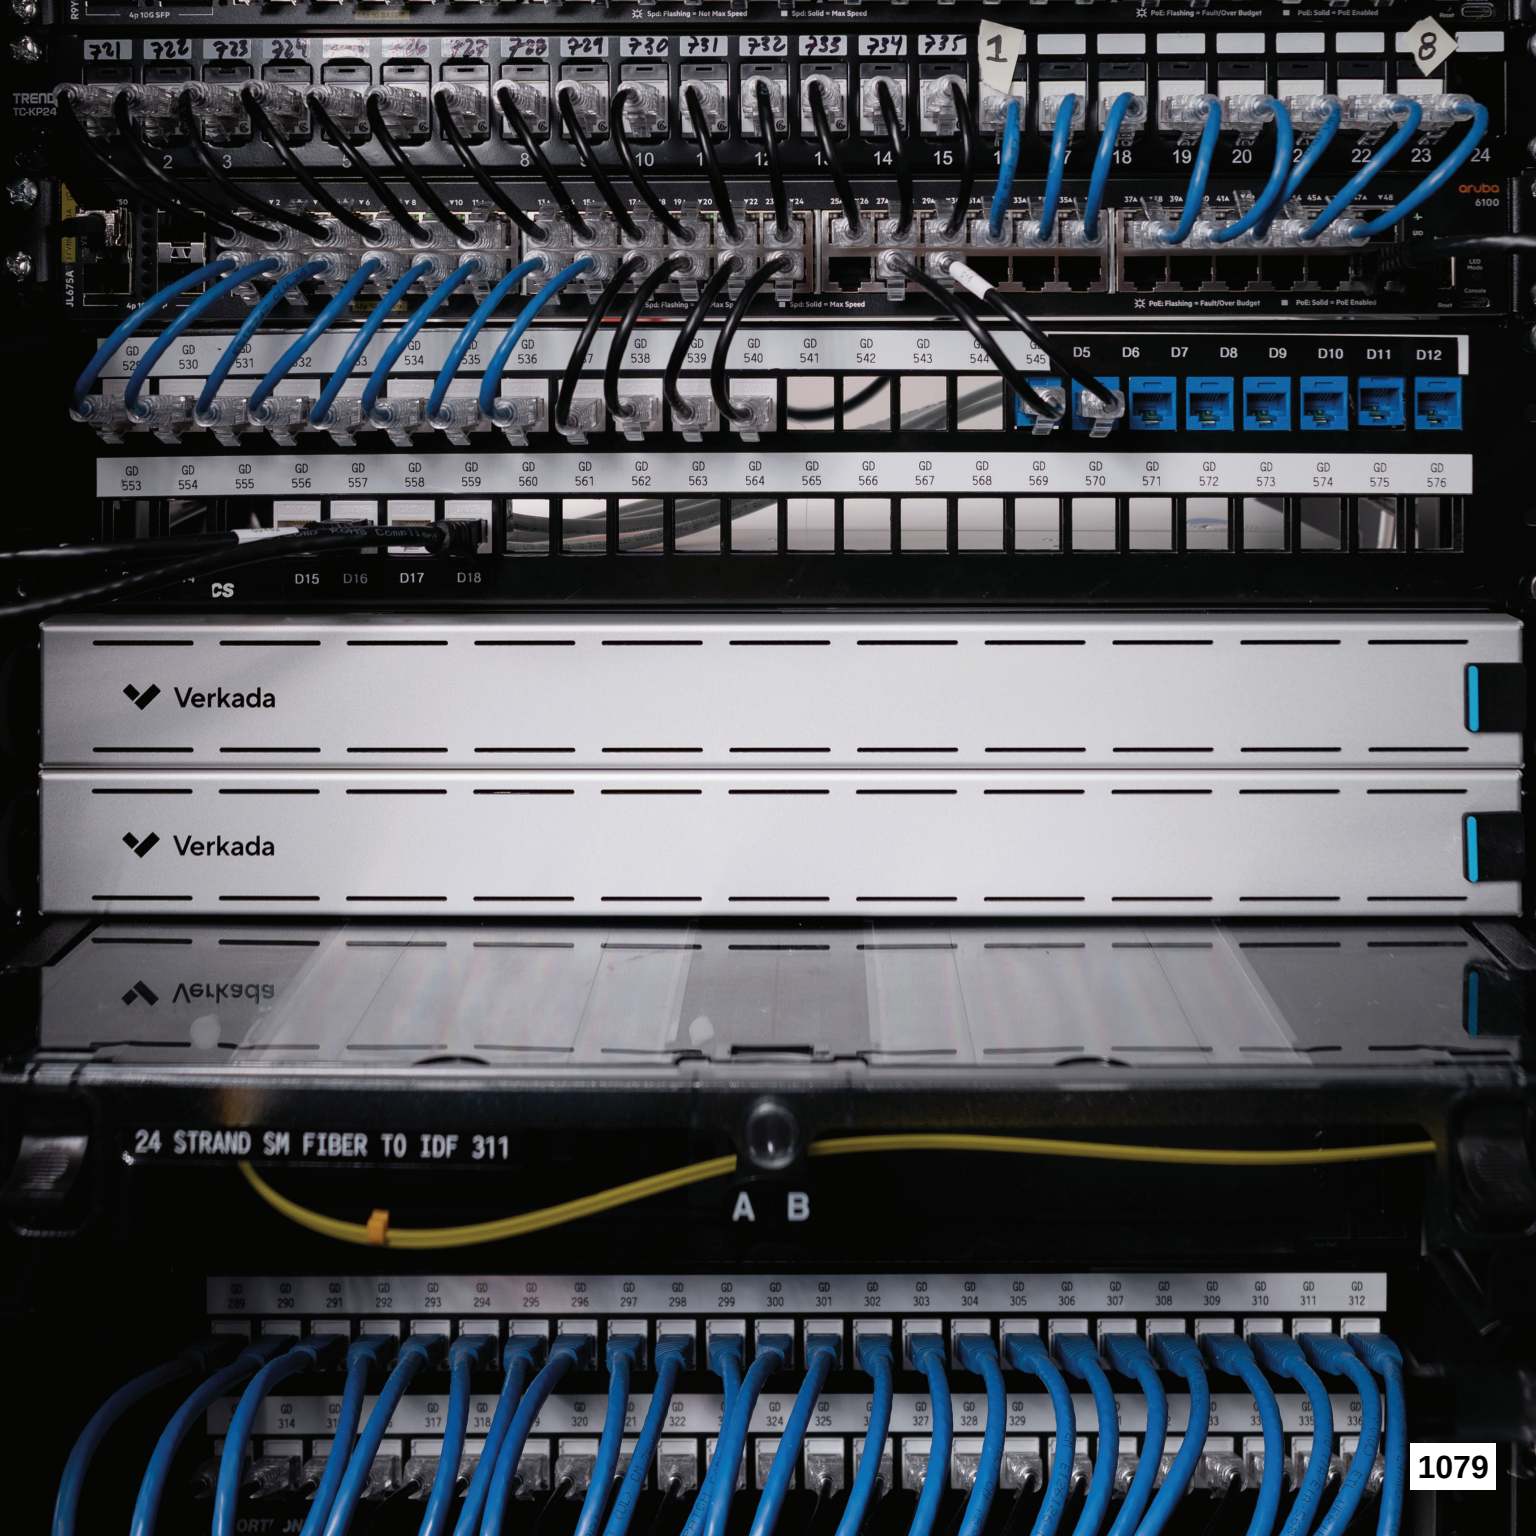
PTZ Series

Take control with 360-degree pan, 220-degree tilt, up to 32x optical zoom, and enjoy the ultimate live monitoring experience.

The On-Ramp to Verkada's Cloud-Based Command Platform

Command Connector enables organizations to connect third-party, non-Verkada cameras to Command, allowing them to access powerful video analytics and capabilities using their existing infrastructure.

Enable a frictionless cloud migration



Access the cloud in minutes and plan your organization's cloud transition while keeping within budget.

Experience an intuitive, single pane-of-glass management platform

Connect as many non-Verkada cameras as you need to Command's simple and powerful UI and manage all your cameras from one screen. Use non-Verkada cameras as context cameras to enhance your Verkada Access Control, Air Quality Sensors, and Guest deployments.

Accelerate investigations with analytics

Bridge your legacy cameras to Command and unlock advanced video analytics for your organization — enabling you to reduce investigation times from hours to minutes.

Connect Any Verkada Device, Anywhere

The GC31-E and GW31-E gateways make it simple to deploy Verkada products anywhere with cell signal or Wi-Fi, including hard-to-wire locations such as parking lots, equipment yards, or streetlight poles.

Deploy anywhere

Deploy Verkada anywhere with purpose-built LTE and Wi-Fi gateways. Feed the gateway any power source, connect to a cell carrier or Wi-Fi network, and send both power and data to any Verkada device via PoE.

Plug-and-play setup

With the ability to tap into nearly any power source and send 60W across 2 PoE outputs, Verkada gateways are the easy button for deploying physical security anywhere.

Cloud-managed

Easily set up and manage gateways in Verkada Command from any device and any location. See all your gateways on a map, remotely run diagnostics, and receive alerts if connectivity is lost.

Smarter Access Control, Managed in the Cloud

Verkada Access Control combines easy-to-install hardware with intuitive cloud-managed software to provide you with a solution to secure every site, door, and user.

Every site

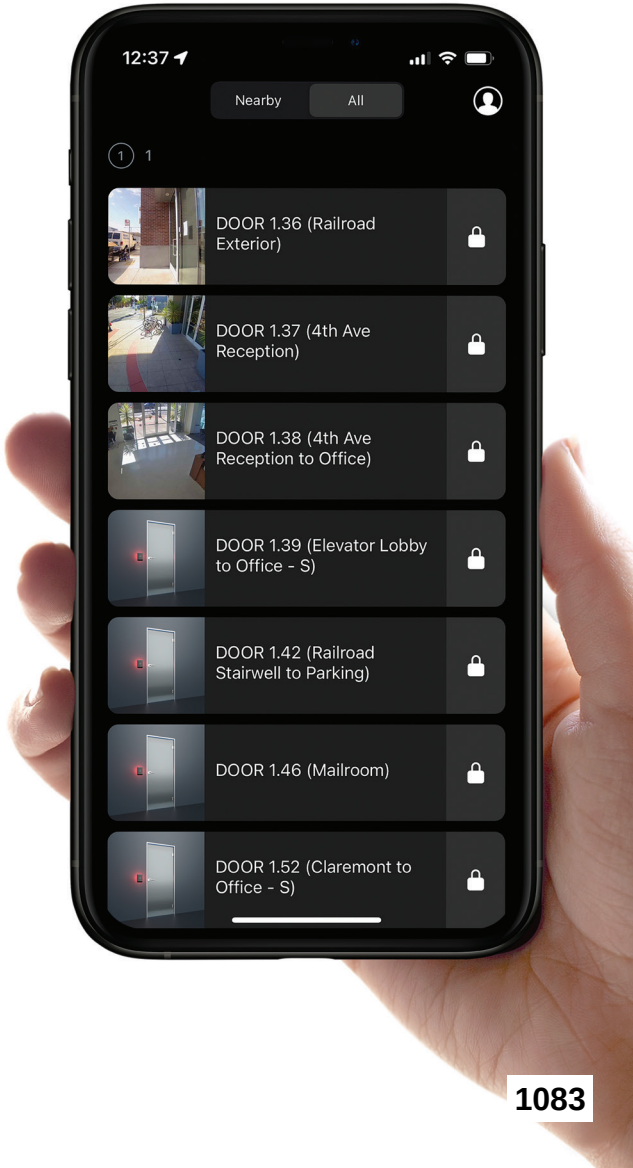
Verkada's cloud–based system configures instantly with easy–to–install hardware that seamlessly connects to the Verkada Command software platform.

Every door

Connect wired, wireless, online, or offline doors to Verkada Command to configure and connect every door in your organization.

Every user

Integrate user profiles from your single sign-on system and configure user profiles in Command to easily design, print, and issue physical or mobile credentials.



Unlock Doors with the Verkada Pass Mobile App

Use any smartphone as a hands-free digital keycard to increase organizational security by eliminating lost badges, streamline credential provisioning with single sign-on (SSO) integrations, and give end users more flexibility with a convenient, mobile-based access method.

- Enable Bluetooth Low Energy (BLE) unlock for touchless entry.
- Activate lockdowns in real time.
- Easily assign, restrict, and revoke access to users.

Download on the App Store

GET IT ON Google Play

Simple to Install, Always Up-to-Date

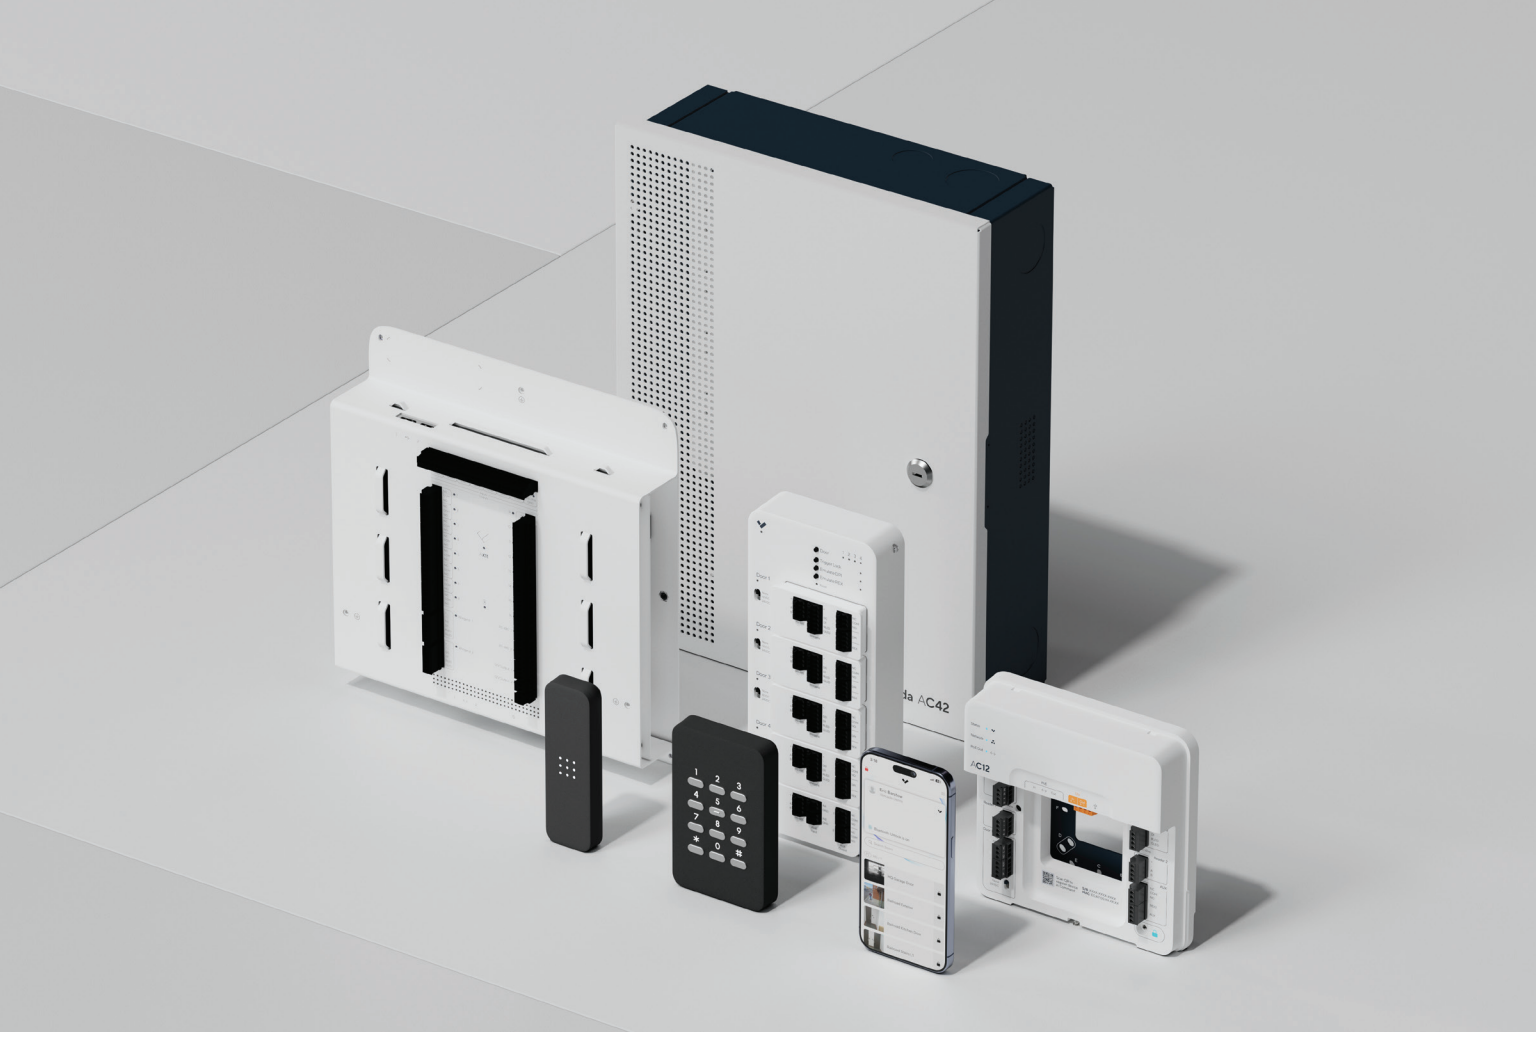
One-door controller

The AC12 one-door controller brings cloud-managed access control to standalone doors that would otherwise be difficult to secure with an electronic system.

4-door and 16-door controllers

Designed for large organizations, the AC42 (a 4-door controller) and the AC62 (a 16-door controller) install easily and integrate seamlessly with existing door readers, AUX relays, and fire alarm interface panels.

Multi-format door readers



The AD34 and AD64 door readers deliver simultaneous support for low and high frequency card formats to provide a secure and intuitive entry experience for secure, high-traffic doors.

IO controller

With 16 AUX inputs and 16 outputs, the AX11 IO Controller integrates more of your building infrastructure into the Verkada ecosystem — including elevators, sensors, switches, and peripherals.

Wireless locks

Manage more doors with Verkada's wireless lock integrations — compatible with select wireless locks from Schlage, Assa Abloy, and SimonsVoss.

> **If we have another emergency situation, we need to be able to lock our campus down instantly. Verkada had everything I was looking for in an access system: centralized control, cloud-based, no servers required, and intuitive enough that I don't need to spend a day training people how to use it.**

Alex Wiltz,
Director of Public Safety, Chief of Police, and Emergency Management Coordinator
Greenfield Community College

Effortless Calling and Security at Scale

Answer calls, easily manage entry, and ensure your organization is secure with Verkada's cloud-managed video intercom.

Simplified entry

The TD33, TD53, and TD63 intercoms are equipped with a reader, allowing authorized individuals to enter using a variety of credentials. The TD63 also features a keypad, making it easy to grant pincode access and implement multi-factor authentication at any entryway.

Unparalleled call quality

Leverage sharp video across diverse lighting conditions and clear audio in any environment to easily communicate with anyone at the door.

Flexible receiver options

Take calls from the lobby using Desk Station, or with additional receiver types on mobile, web browser, and existing telephone systems.

Management at scale

Verkada's cloud-based management platform, Command, brings visibility and control at scale for many intercom systems across multiple sites.

Take Calls from Anywhere

Bring flexibility to intercom calling with multiple receivers and cloud-managed call routing functionality.

Verkada Desk Station

An iPad-based interface for receptionists, guards, and other stationed professionals to monitor live feeds and respond to calls with one-tap controls.

Verkada Pass App

A mobile app for designated users to receive call alerts and respond on the go with one-tap controls, even if they are away from an entryway or computer.

Verkada Command

A web browser-based interface for designated users to receive call alerts and field single or concurrent calls with one-tap controls.

Existing phone numbers

An integrated way for organizations to receive intercom calls via their phone systems — like PSTN, SIP/VoIP, or Microsoft Teams — and respond with their dial pad.

Railroad intercom
Railroad intercom
Railroad intercom

A Modern, Software-First Alarm System

Detect, verify, and respond to intruders across hundreds of sites with a single alarm solution that you can manage from anywhere. 24/7 professional monitoring comes included with Verkada Alarms.

Use sensors, cameras, or both

Detect intruders with sensors, cameras, or both. Pair cameras with sensors for video verification, or use Verkada cameras themselves as AI-powered alarm triggers.

Reduce costly false alarms

Screen out false alarms with camera triggers for person detection, loitering, and line-crossing. Reduce false dispatches by enabling video verification without costly integrations.

Stay calm and informed during an alarm

Alarm notifications include a clear summary, relevant footage, and a live incident report, helping users confidently decide whether to cancel the alarm or dispatch police.

Easy to manage and IT-friendly

Instead of calling the alarm company and incurring service fees, admins can manage every aspect of their alarm system via Verkada Command, even when not on site.

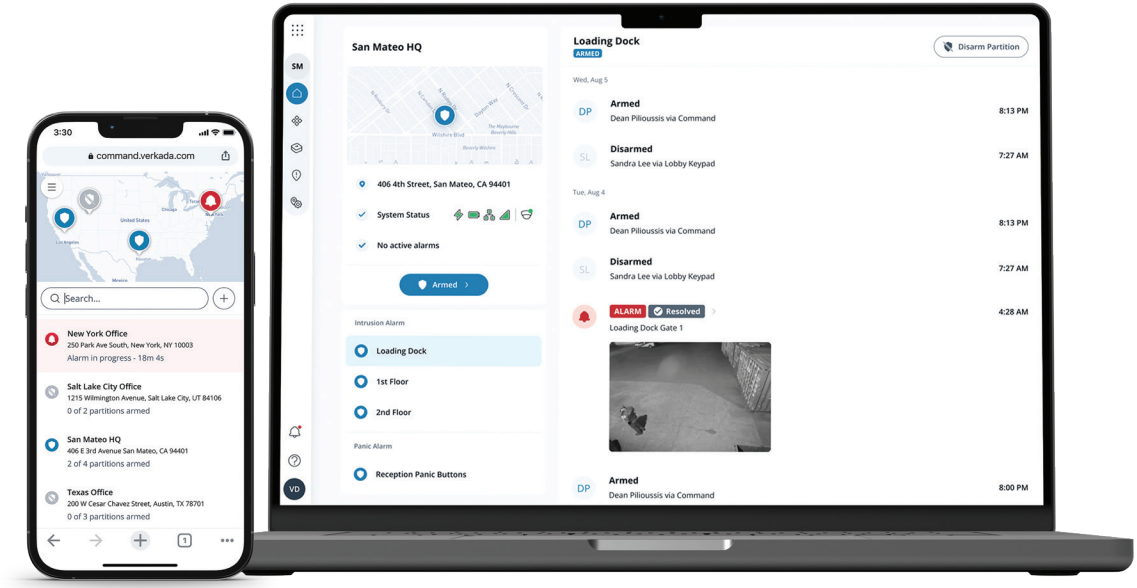
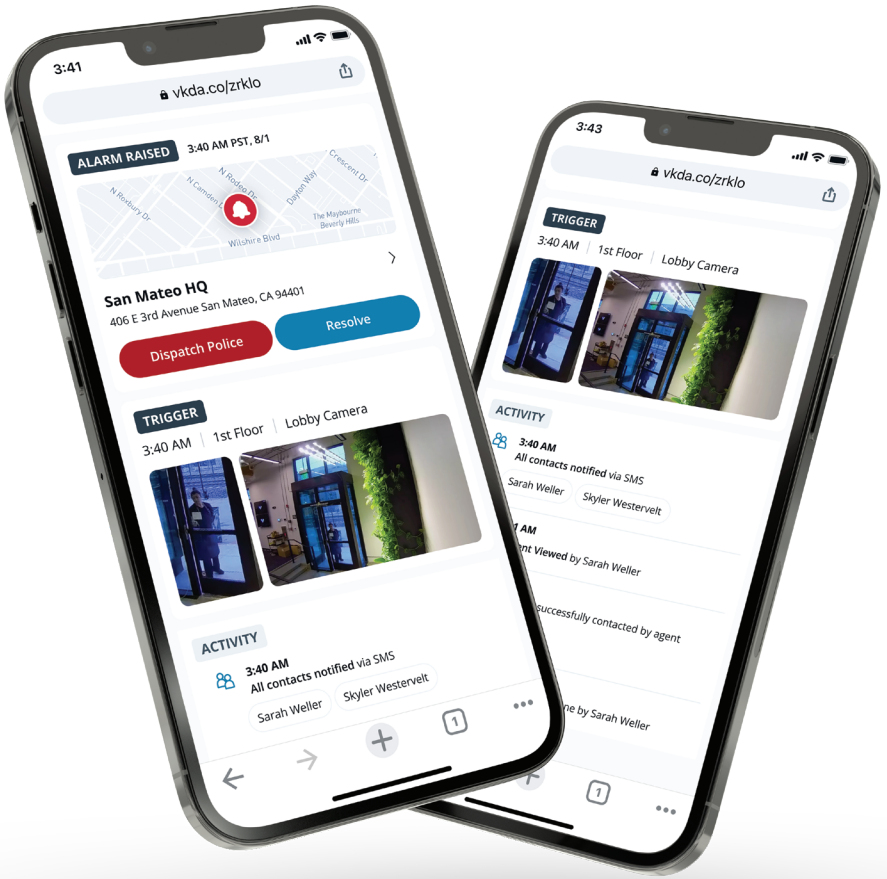
Alarm Sites



An Alarm System That Puts You in Control



Verkada Alarms puts organizations in full control of their alarm sites via intuitive, cloud-based software.

Get remote visibility into alarm events and manage every aspect of the system from anywhere, eliminating the need to send staff on site or call the alarm company.

Oversee all sites remotely

Review alarm events and manage every aspect of your alarm sites from anywhere, eliminating the need to call the alarm company and incur costly service fees.

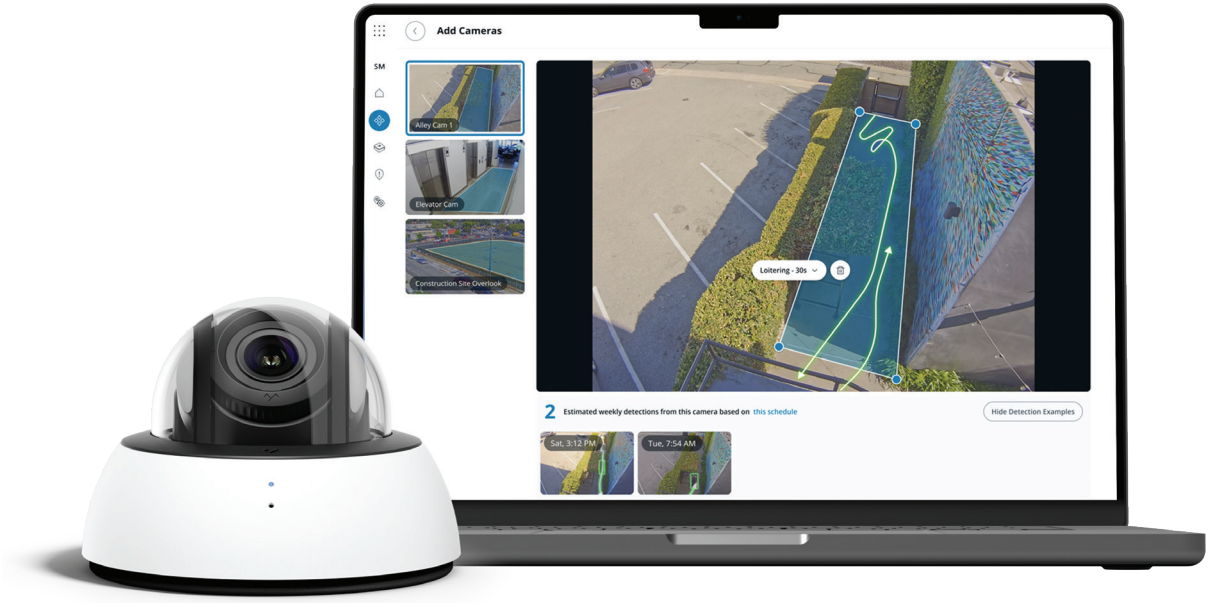
See the full picture of every alarm

Know exactly what triggered the alarm, who was contacted, and what actions the agent took. Users can view associated camera footage and agent call transcripts in the same place.

AI-Based Video Alarms

In addition to traditional sensors, organizations can use Verkada cameras to trigger alarms. With AI person detection, Verkada cameras can screen out false alarms and extend protection outdoors.

Reduce false alarms with AI



Set intelligent triggers like person detection, line-crossing, and loitering to screen out non-human activity and passerby traffic.

Always human-verified

When a camera is triggered, monitoring agents will video-verify the event before raising an alarm.

Extend protection outdoors

With camera triggers, organizations can easily protect outdoor areas such as fenced equipment yards and access-controlled loading docks.

24/7 Professional Monitoring

Verkada Alarms comes with 24/7 professional monitoring, which provides a team of trained agents who can respond to alarms.

False alarm reduction

Agents can video-verify and dismiss false alarms, preventing late night phone calls and false police dispatches.

Quick deterrence

Agents can talk down intruders through a powerful horn speaker to deter them from doing damage.

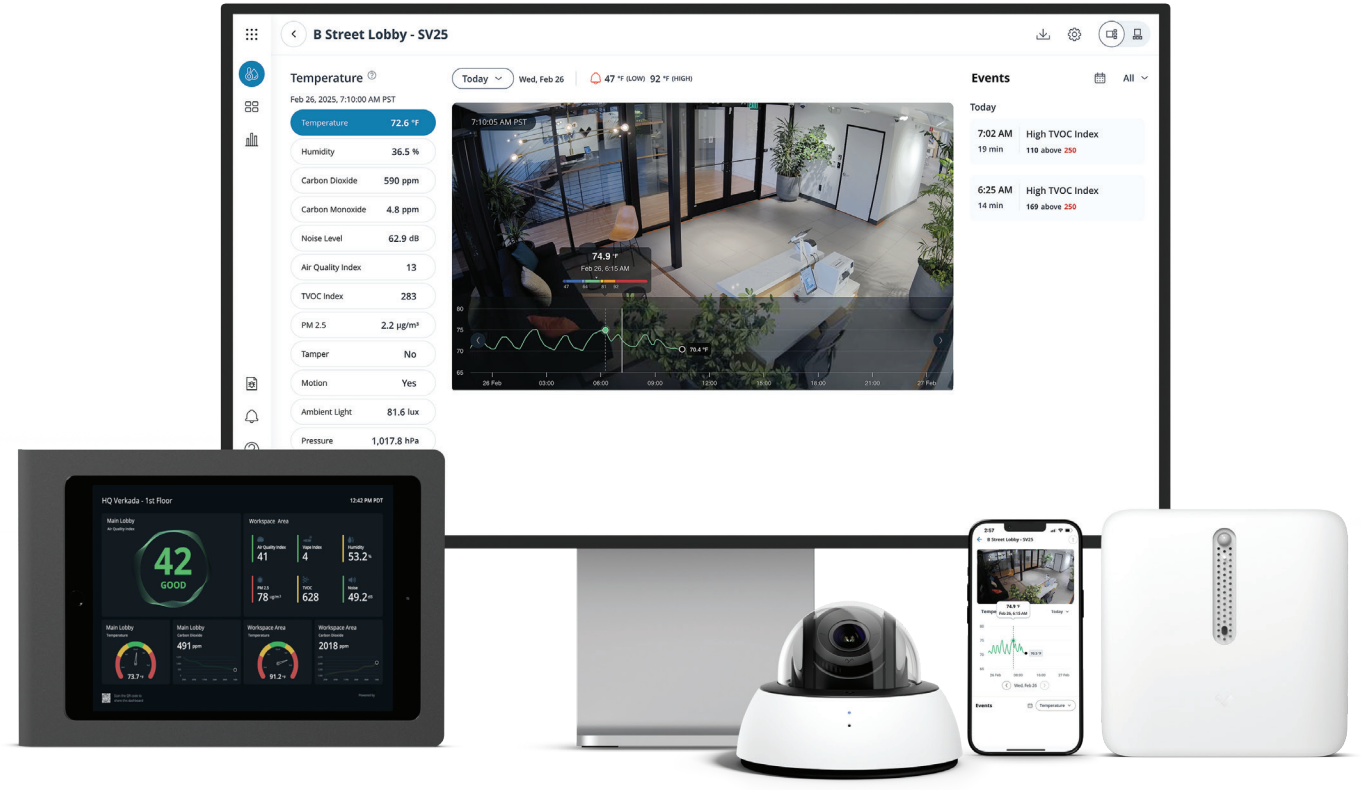
Informed dispatch

Before dispatching police, agents can call designated contacts who can easily pull up video footage to make an informed decision.

Better Air Quality Monitoring With Verkada

Ensure safe environments and optimize building performance with Verkada's all-in-one air quality sensors.

Instant SMS alerts



Get notified instantly when conditions in your environment surpass pre-configured thresholds.

Visual insights for quick investigations

Easily monitor air quality and environmental conditions by viewing sensor data across intuitive dashboards.

Operational insights and cost savings

Monitor and analyze operating conditions to spot trends and performance issues resulting from HVAC systems issues, occupancy activity, and more.

A Sensor for Every Environment

Verkada's SV20 series includes three unique sensors that are designed for distinct use cases. Deploy the ideal air quality sensor in your environment to stay ahead of unseen threats.

- Temperature
- Vape detection
- Formaldehyde
- Humidity
- PM2.5, PM4.0 & PM10
- TVOCs
- Carbon dioxide
- Tamper
- Ambient light
- Noise
- Motion
- Pressure
- Air quality index
- Carbon monoxide
- Audio recording

Use Cases

Leverage sensor data for a variety of applications across building environments.

Vape detection

Receive alerts when smoking and vaping occurs; pair with public-facing cameras for additional context.

Workplace health and safety

Monitor indoor spaces for changes in indoor air quality conditions such as pollution, allergens, chemicals, and more.

OSHA and EPA compliance

Have a record of being in compliance with regulations (such as noise levels) and reduce the time required for audits.

Server room monitoring

Monitor temperature and humidity in server rooms and IDF closets to protect from equipment malfunction.

Mold prevention and food safety

Measure humidity during hot months to avoid moisture build-up and mold formation.

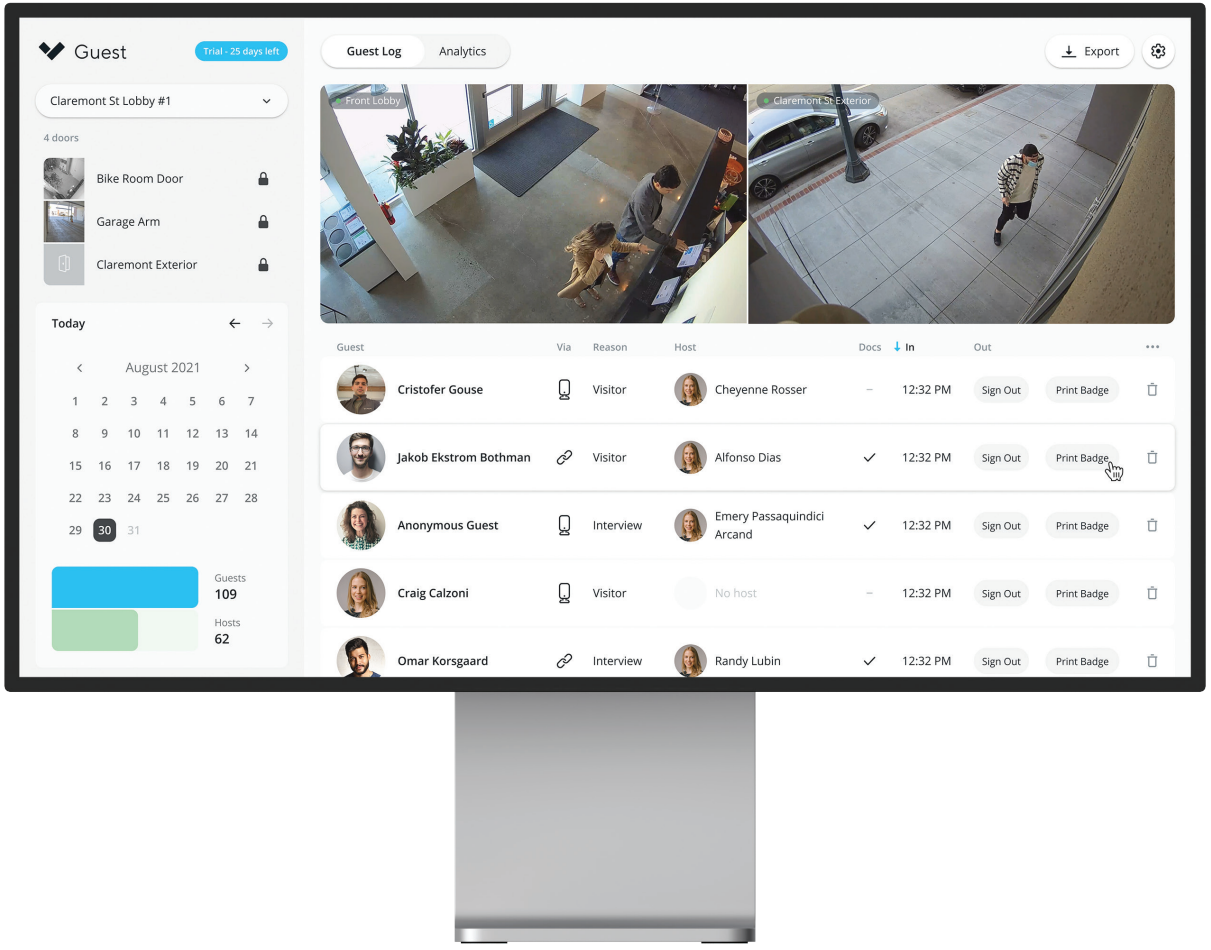
Infrastructure protection

Monitor particulate matter and AQI readings to determine if HVAC maintenance — such as replacing air filters — is needed.

Strengthen Security, Simplify Operations

Streamline facility workflows and increase employee safety with Verkada's integrated visitor and mailroom management solutions.

Improve the guest experience



With tailored flows based on visitor type, touchless check–in, instant arrival notifications, and remote unlock, Verkada Guest makes visitors feel welcome the moment they step through the door.

Streamline mailroom deliveries

Reduce manual processes of logging and managing shipments. Easily keep track of inventory, supplies, and deliveries at all times with Verkada Mailroom.

Centralize security

Integrated into the Command platform, Guest and Mailroom work seamlessly with Verkada Cameras and Access Control to provide better visibility and control over your facilities.

“The integrated view of visitor activity within Command is a game changer. With Guest, we’ve created a safer environment for our teachers and students, while eliminating error-prone logbooks.”

Meredith Essalat,
Head of School, Mission Dolores Academy

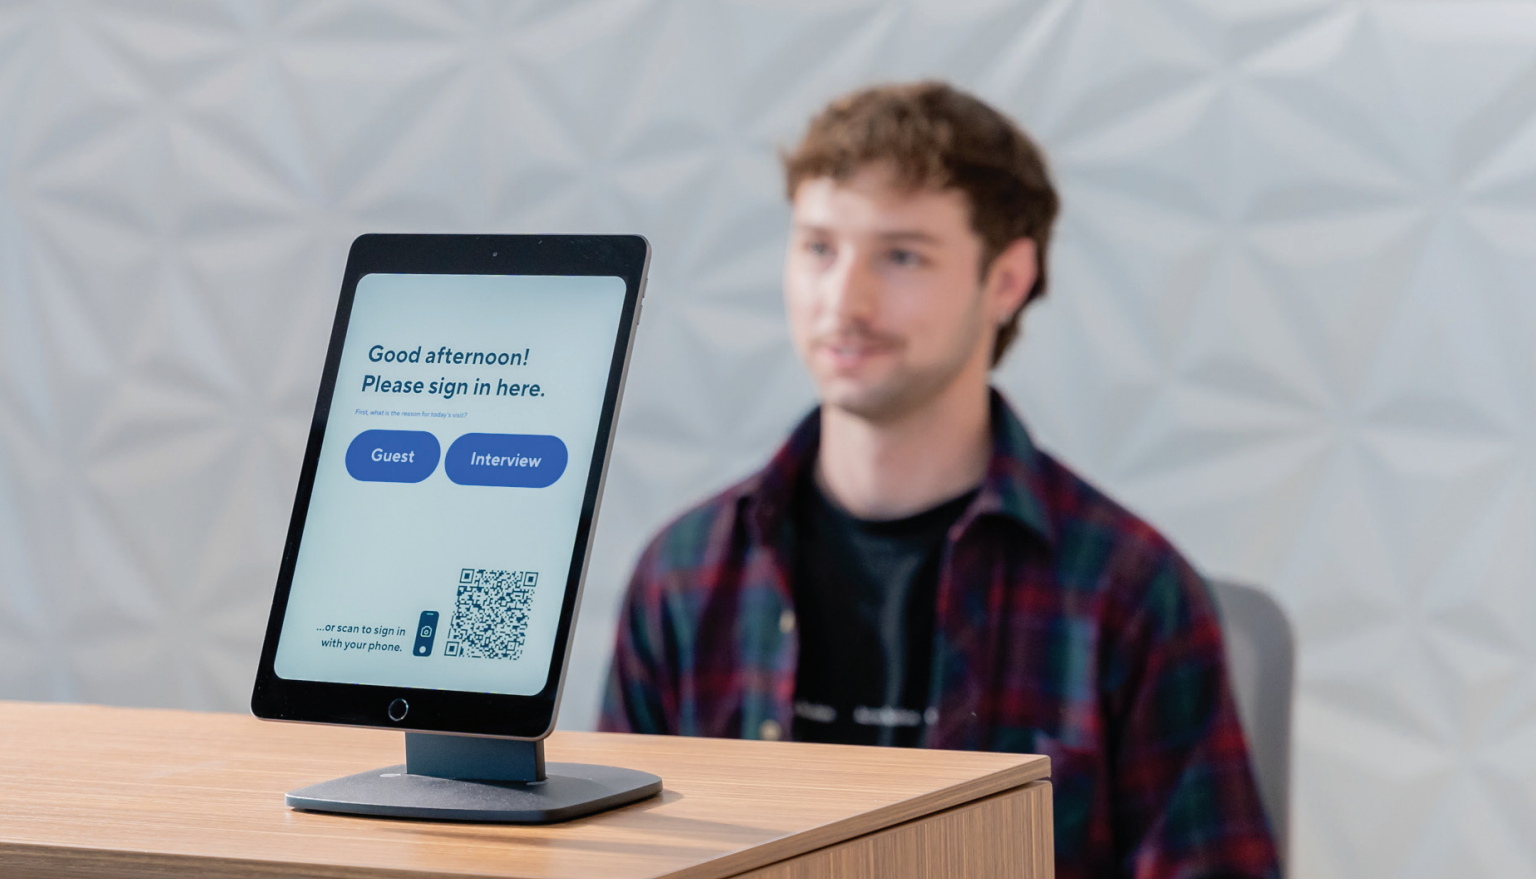
Improve Visitor Experience While Strengthening Security

Increase the safety of everyone in your building — employees and guests — and make visitor management a simple, seamless experience.

Screen visitors instantly

Screen visitors against sex offender registries, various criminal databases, and custom deny lists.

Centralize security



Verkada Guest seamlessly integrates with Video Security and Access Control, making it easy to track arrivals, issue on-demand access credentials, and review visitor activity with linked footage.

Set up in minutes

Simply download the Verkada Guest app and add an iPad and a badge printer to the Command platform. Personalize further with custom branding, guest flows, and site-specific user permissions.

Integrate with systems of record

Simplify admin workflows by integrating with HL7 electronic medical record (EMR) systems and student information systems (SIS).

Integration with Verkada Cameras

Integration with Verkada Access Control

Role-based permissions

Customizable visitor experience

Touchless check-in

Document signing

Color badge printing

Automatic arrival notifications

Analytics and reporting

Security screening

Take the Work Out of Mailroom Management

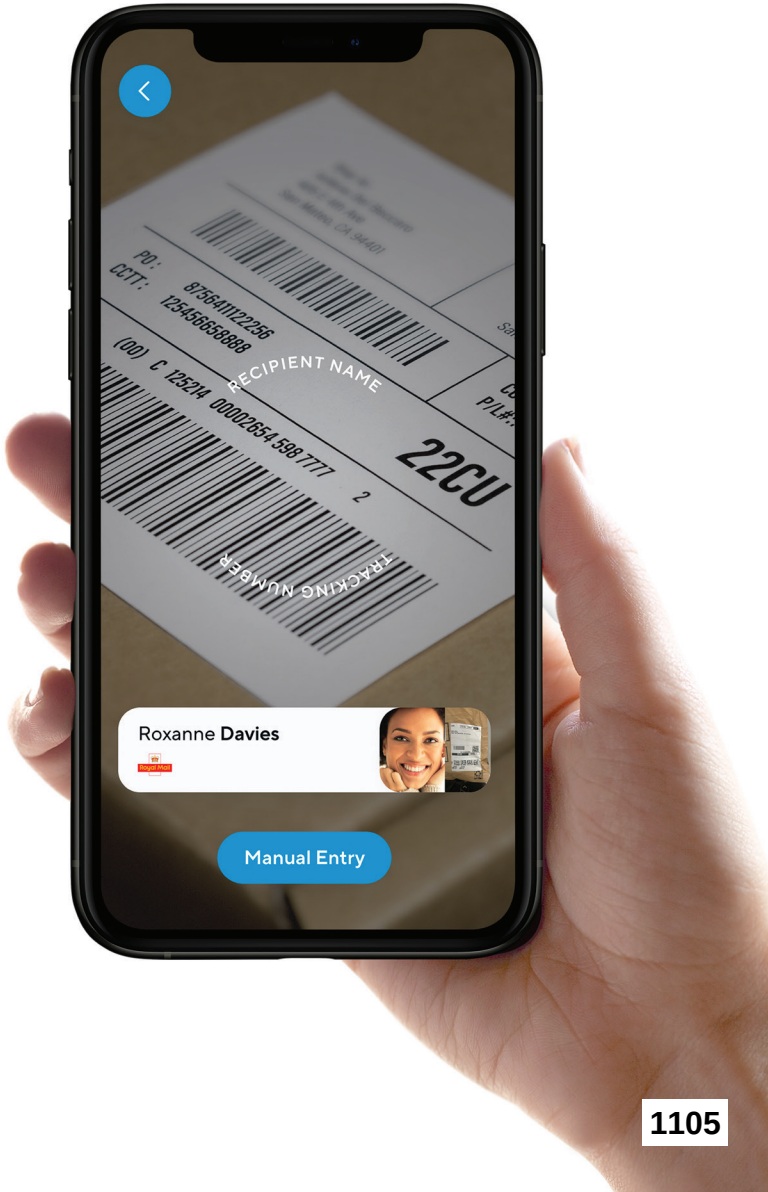
Reduce manual processes of logging and managing deliveries. Simply scan the label on any parcel and Verkada Mailroom will instantly notify the recipient.

Streamline mailroom operations

In just one click, Mailroom scans the shipping label, notifies the recipient, and tracks delivery details in a centralized dashboard.

Never miss a package

Send automated notifications and reminders to employees across Slack, SMS, and email. Plus, help them locate their packages with photos of printed labels.



Deter package theft

With Verkada's camera integration, office managers can easily safeguard assets with a live view of all mailroom activity and a historical snapshot of when the package got scanned.

Key Features

Protect deliveries at scale with all the features needed to manage mailroom security.

- OCR label scanning
- Package photo validation
- Automatic pickup reminders
- Mailroom dashboard
- User directory integration
- Instant recipient notifications
- Filterable search
- Verkada camera integration

Trusted by Organizations Around the World

CD63-E Outdoor Dome Camera

Vivid 4K Coverage in a Variety of Outdoor Environments

Overview

The CD63-E outdoor dome camera features a large 1 / 1.2" progressive CMOS image sensor, varifocal lens with 2.25x optical zoom, and 40 meters / 130 feet of IR range to provide unparalleled 4K monitoring in a variety of lighting conditions as well as in inclement weather. The CD63-E includes a powerful CV72S Ambarella processor for advanced analytics like AI-powered search, Occupancy Trends, line crossing, loitering, and Person of Interest (POI) alerts. The CD63-E excels at covering high-traffic exterior environments like building entrances or busy intersections where detailed analytics expedite investigations and provide valuable operational insights.

The CD63-E's robust metal housing, IP66/67 weather rating, and IK10 impact rating enable the device to withstand harsh conditions. Constructed with easy installation top-of-mind, the CD63-E features captive screws that remain attached to the mounting plate, a latch-based cable gland for easy PoE threading, a three-LED light status indicator, and a built-in bubble level to help ensure precise alignment.

Key features

Superior image quality

- Large 1 / 1.2" progressive CMOS image sensor
- 4K resolution
- Varifocal lens with 2.25x optical zoom
- 40 meters / 130 feet of IR range for optimal nighttime viewing

Advanced analytics

- Onboard CV72 Ambarella processor enables people and vehicle analytics
- AI-powered search and AI-powered alerts
- Occupancy Trends for operational insights

Durability and weather protection

- Robust metal housing
- IP66/67 weather rating
- IK10 impact rating
- Operability between -40°C to 50°C / -40°F to 122°F

Hybrid cloud architecture

- Onboard storage and processing for reduced bandwidth consumption and coverage at scale
- 30 - 120 days (512GB - 3TB) of onboard storage
- Redundant cloud backup and unlimited cloud-based archiving of footage

Streamlined installation

- Latch-based cable gland for easy PoE threading
- Captive screws in mounting plate
- Three-LED light status indicator
- Built-in bubble level
- Physical and digital mute switches to easily enable or disable audio

Vehicle Analytics	Vehicle search, attribute search, motion search, trajectory analysis, Occupancy Trends, AI-powered search		

CB62-TE Telephoto Bullet Camera

Prominent 4K Coverage at Distance in Outdoor Environments

Overview

The CB62-TE telephoto bullet camera features a 1 / 2.8" progressive CMOS image sensor, an advanced optical lens with an adjustable focal length of 8mm - 20mm, and powerful long-range IR LEDs (50 meters / 164 feet) for 4K coverage in a variety of lighting and weather conditions. The CB62-TE features an onboard CV22S Ambarella processor for advanced analytics like AI-powered search, Occupancy Trends, line crossing, loitering, and Person of Interest (POI) alerts. The CB62-TE also supports License Plate Recognition (LPR), enabling it to capture license plates from vehicles traveling up to 80 mph / 128 kph across as many as three lanes of traffic. The CB62-TE excels at covering high-traffic areas of interest such as stadiums and busy parking lot entrances and, because of its telephoto zoom capabilities, provides clear images even when installed far from an area of interest. The CB62-TE is also optimal for reading license plates at distance, and its LPR capabilities can be used to access control gated entrances to facilities.

The CB62-TE is constructed with a robust aluminum unibody and designed to withstand extreme conditions with an IP67 weather rating and IK10 impact rating. The camera's design includes a built-in pigtail connector that expedites PoE cabling by removing the need to disassemble the camera itself. Installation and setup are easy to track using the LED status indicator.

Key features

Superior image quality

- 1 / 2.8" progressive CMOS image sensor
- 4K resolution
- Varifocal lens with an adjustable focal length of 8mm - 20mm
- 50 meters / 164 feet of IR range for optimal nighttime viewing

Advanced analytics

- Onboard CV22S Ambarella processor enables people and vehicle analytics
- License Plate Recognition capabilities capture license plates at speeds up to 80 mph / 128 kph
- AI-powered search and AI-powered alerts
- Occupancy Trends for operational insights

Hybrid cloud architecture

- Onboard storage and processing for reduced bandwidth consumption and coverage at scale
- 30 - 90 days (512GB - 2TB) of onboard storage
- Redundant cloud backup and unlimited cloud-based archiving of footage

Easy installation

- Built-in pigtail connector for simplified PoE cabling
- Mounting plate and screw pack included
- LED light status indicator

Durability and weather protection

- Factory-sealed robust aluminum unibody
- IP67 weather rating
- IK10 impact rating
- Operability between -40°C to 50°C / -40°F to 122°F

CF83-E Fisheye Camera

Expansive 180° Coverage with Detailed 12.5MP Resolution

Overview

The CF83-E fisheye camera features a large 1 / 1.6" progressive CMOS image sensor and 12.5MP resolution for great image quality amid varying lighting conditions and inclement weather. With its onboard CV72S Ambarella processor, the CF83-E delivers advanced analytics like AI-powered search, motion trajectory mapping, line crossing, and loitering alerts. The CF83-E offers wide-angle, 180-degree coverage, yet is built to minimize classic fisheye distortion, making its ePTZ mode particularly effective for live monitoring and clear investigations. The CF83-E is ideal for providing overview coverage of large areas–like city blocks, long corridors, and large interior spaces–all from a single install point.

The CF83-E is built with an in-house industrial design for durability and easy installation. It features a robust metal exterior with an IP66/67 weather rating and IK10 impact protection, ensuring reliable performance in harsh environments. The CF83-E's design streamlines installation and large fleet deployments with features such as captive screws that remain attached to the mounting plate, a latch-based cable gland for easy PoE threading, a three-LED light status indicator, and a built-in bubble level for precise alignment.

Key features

Excellent image quality

- Large 1 / 1.6" progressive CMOS image sensor
- 12.5MP resolution
- 20 meters / 66 feet of IR range for nighttime viewing

Streamlined installation

- Latch-based cable gland for easy PoE threading
- Captive screws in mounting plate
- Three-LED light status indicator
- Built-in bubble level
- Physical and digital mute switches to easily enable or disable audio

Advanced analytics

- Onboard CV72S Ambarella processor enables people and vehicle analytics
- AI-powered search and AI-powered alerts

Hybrid cloud architecture

- Onboard storage and processing helps reduce bandwidth consumption, and enables coverage at scale
- 30 - 120 days (512GB - 3TB) of onboard storage
- Redundant cloud backup and unlimited cloud-based archiving of footage

Durability and weather protection

- Robust metal housing
- IP66/67 weather rating
- IK10 impact rating
- Operability between -40°C to 50°C / -40°F to 122°F

Extensive coverage and monitoring

- 180-degree field of view
- ePTZ, panoramic, and split viewing modes for enhanced live monitoring of large areas

4. Trajectory analysis is supported in four-way split, panoramic, and ePTZ circle mode.

CH52-E Multisensor Camera

20MP of Detailed Coverage From a Single Install Point

Overview

The CH52-E multisensor camera features four independent sensors, providing expansive coverage from a single install point. Each sensor includes a 1 / 2.8" progressive CMOS image sensor, varifocal lens with 2.08x optical zoom, and 30 meters / 98 feet of IR range to provide clear and consistent image quality in any lighting condition. The CH52-E includes four onboard CV25S Ambarella processors to support advanced analytics like AI-powered search, Occupancy Trends, line crossing, loitering, and Person of Interest (POI) alerts. The CH52-E excels at covering hallway intersections and exterior corners of buildings, providing comprehensive visibility and eliminating blind spots while only requiring a single PoE++ cable.

With sealed interior components and IP66 weather and IK10 impact ratings, the CH52-E withstands extreme temperatures and excessive precipitation, allowing it to be deployed in a variety of interior or exterior environments. Installation and setup are easy to track using the LED status indicator, while the need for a single cable run minimizes port use.

Key features

Excellent image quality

- Four 1 / 2.8" progressive CMOS image sensors
- 20MP (4 x 5MP) of collective resolution
- Four varifocal lenses with 2.08x optical zoom each
- 30 meters / 98 feet of IR range for nighttime viewing

Expansive coverage

- Individually adjustable and repositionable sensor heads
- Combined field of view up to 328°

Advanced analytics

- Four onboard CV25S Ambarella processors enable people and vehicle analytics
- AI-powered search and AI-powered alerts
- Occupancy Trends for operational insights

Durability and weather protection

- Sealed interior components
- IP66 weather rating
- IK10 impact rating
- Operability between -40°C to 50°C / -40°F to 122°F

Hybrid cloud architecture

- Onboard storage and processing for reduced bandwidth consumption and coverage at scale
- 30 - 365 days (1TB - 8TB) of onboard storage
- Redundant cloud backup and unlimited cloud-based archiving of footage

Easy installation

- Single PoE++ cable required
- Mounting template and screws included
- LED light status indicator

CP63-E PTZ Camera

4K PTZ for Expansive and Highly-Detailed Coverage of Large Areas

Overview

The CP63-E 4K PTZ camera includes a large 1 / 1.8" progressive CMOS image sensor for superior image quality and precise, detailed monitoring. The CP63-E's advanced varifocal lens with 32x motorized optical zoom and 100-meter IR range complement its Sentry Mode for unparalleled, automated monitoring of individuals across an expansive field of view. With its onboard CV72S Ambarella processor delivering advanced analytics like AI-powered search, AI-powered alerts, Person of Interest detection, and crowd detection, the CP63-E excels in monitoring large areas such as sports fields, parking lots, or stadiums.

Key features

Superior image quality

- Large 1 / 1.8" progressive CMOS image sensor
- 4K resolution
- Varifocal lens with 32x optical zoom
- 100 meters / 328 feet of IR range for long-range nighttime viewing

Advanced analytics

- Onboard CV72S Ambarella processor enables people and vehicle analytics
- AI-powered search and AI-powered alerts

Automated monitoring

- Support Sentry Mode with up to three context cameras for automated monitoring of vast areas

Hybrid cloud architecture

- Onboard storage and processing helps reduce bandwidth consumption, enabling coverage at scale
- 30 - 90 days (1TB - 3TB) of onboard storage
- Redundant cloud backup and unlimited cloud-based archiving of footage monitoring

Durability and weather protection

- Robust metal housing
- IP66 weather rating
- IK10 impact rating
- Operability between -40°C to 50°C / -40°F to 122°F

Power Consumption[4]	With IR: 43-57V, 1.13-0.85A, 48.0W Without IR: 43-57V, 0.80-0.60A, 34.0W Extended temperature range: 43-57V, 1.20-0.89A, 51.0W	**RTSP**	RTSP 1.0 RFC 2326 Max concurrent streams: 2 Audio support: No

1. All our cameras record in "adaptive quality," capturing both standard (SQ) and high quality (HQ) streams. SQ video is stored up to the amount of retention specified by the customer. The amount of HQ video stored on the camera will depend on the amount of motion detected by the camera over time. To learn more, visit our website: https://docs.verkada.com/docs/adaptive-quality-recording-whitepaper.pdf
2. Frame rate can be adjusted by support.
3. The listed ranges represent the uplink bandwidth based on target bitrates. To learn more, visit Verkada's Knowledge Base and read "Understanding Variable Bitrates for Verkada PTZ Cameras".
4. Extended temperature range includes operating temperatures below -8.5°C / 16.7°F and assumes IR will be enabled.

Optimized for Live Viewing

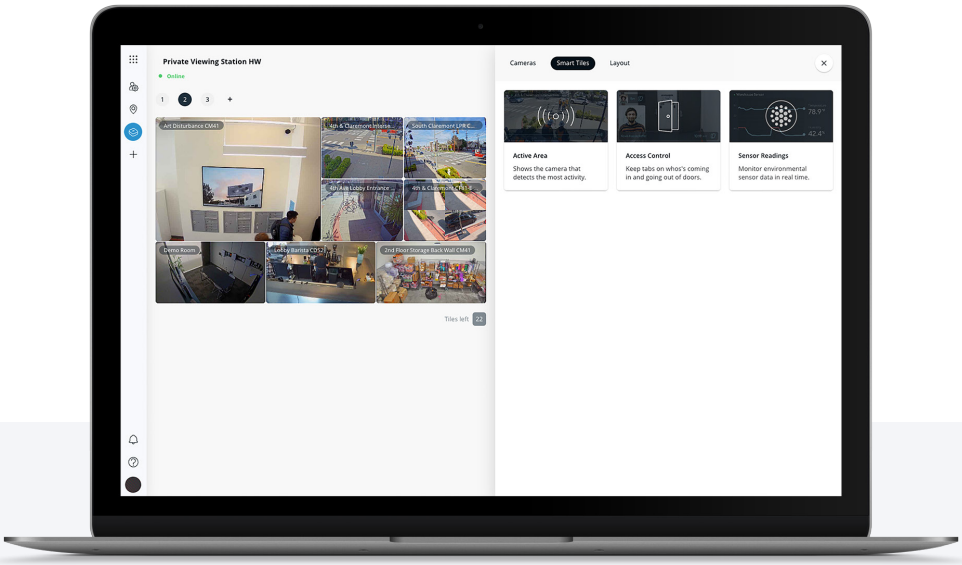
Overview

The VX52 is a dedicated device that streams up to 300 camera feeds (30 cameras per page, up to 10 pages) to any display with ultra-low latency, crisp video playback, customizable Smart Tiles and layouts. Built on the powerful Apple TV 4K platform, the VX52 is the viewing platform of choice for customers with mission-critical real-time viewing requirements.

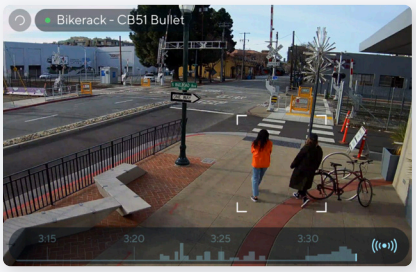
Administrator managed device
Admins can remotely manage the VX52, select video feeds and Smart Tiles to display as well as customize layouts. Non-admin viewers do not need accounts, cannot access historical footage and cannot modify display settings.

Plug-and-play by design
Simply connect the device to your network via ethernet or wifi and project on a display. The VX52 is ready to stream in minutes with zero configuration needed.

Stable and resilient
Streams play continuously without interruption for both local and remote streaming. There is no need to reset the device or relaunch a browser or application — streams restart automatically after a power outage.



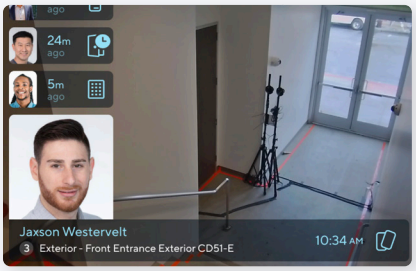
Supported by Verkada
Admins configure the VX52 in Command, just like their cameras. The VX52 is backed by our industry-leading 10-year warranty and the dedicated Verkada customer support team.



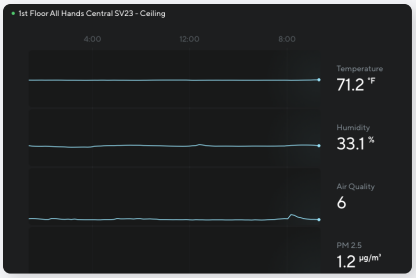
Key features

- Stream up to 300 cameras across 10 pages on a single display
- Ultra-low latency with crisp video playback
- Administrator managed device without requiring additional accounts
- Plug-and-play with zero local configuration needed
- Easily configure Smart Tiles and layout display from Command
- Automatically restarts after a power outage
- 10-year warranty

Smart Tiles



Easily configure your video wall using Smart Tiles from Command to prioritize camera feeds with high motion activity, door access control events and environmental data in real-time.



Active area

The active area tile allows customers to see the camera which has the most motion. This tile will dynamically switch to the camera that has the most motion in its field of view automatically. This is great for users to easily see where in their facility activity is happening and decide if it is something they need to act upon. There is also a graph at the bottom that shows over time when motion was detected the most.

Access Control

The Access Control tile shows customers a live list of Access events alongside the camera feed of that event. Door events (opens, Door Held Opens, Door Forced Opens) and badge ins show in a feed with the corresponding camera footage. Customers can quickly see when their employees are going through the building.

Air Quality

The Sensor tile shows customers the current readings of their sensor deployment. Each tile is assigned to a specific sensor and customers can configure which readings to show on each tile. Customers can see if any of their sensors' readings are abnormal at a glance to make sure they are on top of their facility.

Viewing Station
Tech Specs

VX52

Viewing Station features

Supported Displays	One display per station	**Number of Streams**	Up to 300 cameras (local and remote); 30 per page
Supported Resolution	Up to 4096 x 2160 resolution	**CPU**	A12 Bionic chip with 64-bit architecture

GC31 Cellular Gateway

Connect Any Verkada Device, Anywhere

Overview

The GC31 and GC31-E Cellular Gateways make it simple to deploy Verkada products anywhere with power and cell signal, including hard-to-wire locations such as parking lots, construction sites, or streetlight poles.

Simply feed the GC31 any power input and it will send both power and data to any Verkada device via PoE. Like all Verkada products, the GC31 is cloud-managed and natively integrates with other devices in our ecosystem. And with Verkada's unlimited data plan, which works out-of-the-box in many countries throughout the world, customers no longer need to work with cell carriers.

Key features

Flexible power options

Use any power input, including terminal block, barrel jack, and PoE. The gateway has two PoE outputs that provide up to 60W total.

Verkada data plan or BYO plan

Eliminate complexity with the Verkada data plan or bring your own plan. The Verkada plan offers truly unlimited data, multi-carrier redundancy, and 24/7 support.

Deploy anywhere

The GC31 comes in both indoor and outdoor versions that cover almost any environment and installation scenario, including pole, roof, wall, and tabletop.

Cloud-managed

Set up and manage the GC31 in Verkada Command from any device and any location. See all your gateways on a map, run diagnostics, and receive alerts if connectivity is lost.

Remote troubleshooting

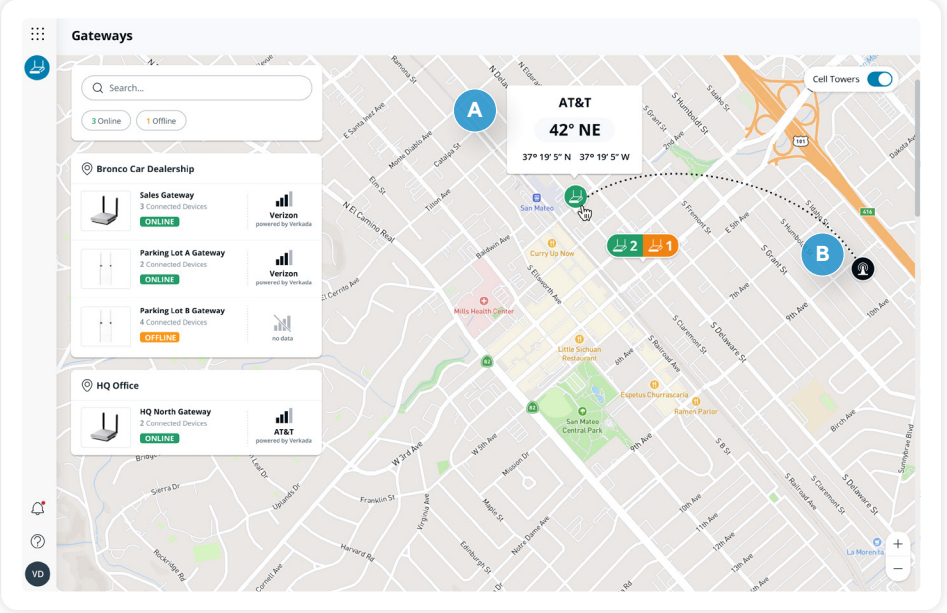
Remotely power cycle the GC31 and any connected devices via Command. If the gateway itself is offline, it will automatically power cycle itself after 30 minutes.

Optimized data usage

The GC31 optimizes streaming, cloud backup, and other activities on downstream Verkada devices to reduce data usage and improve the viewing experience.

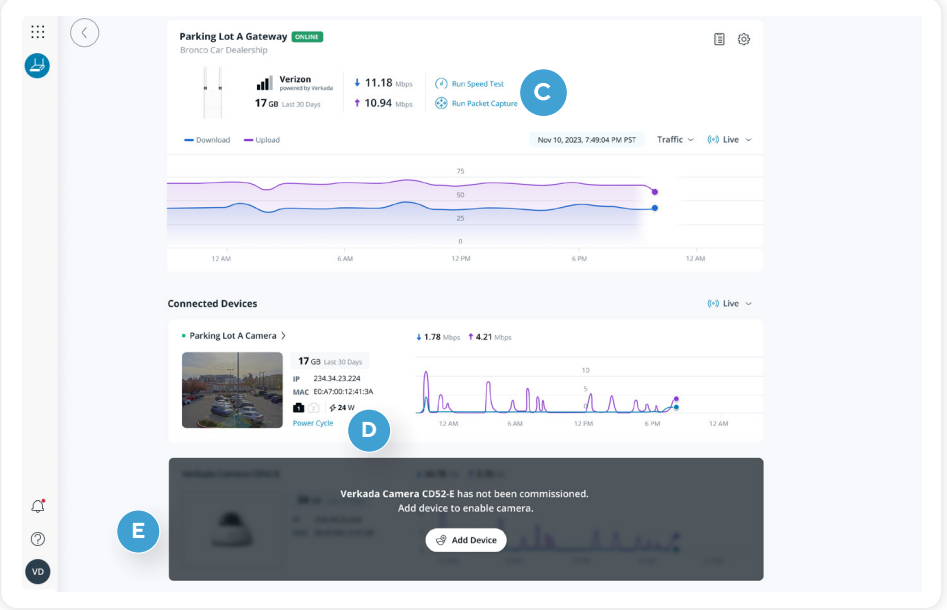
Deploy anywhere

The Verkada Cellular Gateway comes in both indoor and outdoor versions that cover a wide range of installation scenarios. The GC31-E outdoor model is IP66 rated and can be easily mounted on a pole, wall or roof. The GC31 indoor model can be wall mounted or secured on a tabletop using the Kensington lock.



Manage from anywhere

A. View the status and GPS location of your gateways



B. See which cell tower each gateway is using

C. Remotely run packet capture and speed tests

D. Remotely power cycle devices

E. Recognize connected Verkada devices and streamline setup

Verkada Data Plan

Verkada takes away the challenge of working with cell carriers with our hassle-free data plan, which works out of the box in many countries across the world.

Key benefits

Instant connectivity out of the box

As soon as it receives power, the GC31 will automatically connect to a carrier using the pre-inserted Verkada SIM card – it just works.

Multi-carrier redundancy

The Verkada SIM card works across major carriers, allowing the GC31 to automatically switch carriers if the current network is down.

Unlimited data

Unlike most carriers, which throttle your speed after a certain threshold, Verkada offers truly unlimited data.

24/7 support

Enjoy the quick and easy 24/7 customer support that you've come to expect from Verkada.

Global coverage

The table below shows which carriers we currently use in each country that we support. In the US, the Verkada SIM will default to Verizon and failover to AT&T or T-Mobile if needed.

Country/region	Carriers used
US	Verizon, AT&T, T-Mobile
Canada	Telus, Rogers
UK	O2, Three, EE, Vodafone
Australia	Optus, Telstra
European Union	See full list

How it works

The base cloud license for the GC31 already includes unlimited data for Verkada non-video devices, such as access controllers or sensors. Unlimited data for Verkada video devices, such as cameras or intercoms, can be purchased through an add-on data license. Please see Ordering Information at the end of this document for pricing.

Note: Cloud backup is disabled on devices that use the Verkada data plan. Customers can enable cloud backup if they bring their own data plan. For more details, please refer to this knowledge base article.

Bring Your Own Data Plan

Customers also have the option to bring their own data plan. The GC31 is compatible with SIM cards from virtually all major carriers in most countries throughout the world. For a list of carriers that have been tested and verified by Verkada, please refer to this knowledge base article.

Always connected

Customers can insert their own SIM card in one slot while keeping the Verkada SIM in the other slot for automatic failover. If the customer-provided SIM fails, the Verkada SIM helps ensure that the gateway is always reachable.

Flexible configuration

Customers may also use their own SIM cards in both slots. In this case, customers can configure one slot as the primary SIM and use the other for automatic failover if needed.

GC31 Outdoor Cellular Gateway

Inputs and Outputs

Accessories

The GC31 Indoor Cellular Gateway comes with an AC/DC power adapter with a regionalized plug.

The GC31-E Outdoor Cellular Gateway has multiple power inputs and thus does not include power accessories. The following accessories are available from Verkada.

ACC-POE-90W-E
Outdoor 90W PoE++ Injector

Use case:
For powering the GC31-E in harsh environments. The GC31-E can be mounted directly on the injector.

Datasheet

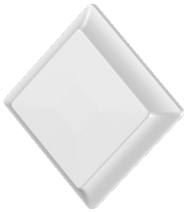
ACC-POE-90W
90W PoE++ Injector

Use case:
For powering the GC31-E when the injector can be placed indoors or within a NEMA enclosure.

Datasheet

ACC-ADAP-54V
AC/DC Power Adapter

Use case:
Included with the GC31, but can be purchased for use with the GC31-E. Place the adapter indoors or within a NEMA enclosure.



Datasheet

ACCX-TAP-DC100-E
AC/DC 7-Pin Light Pole Power Tap

Use case:
Power the GC31-E by tapping into a streetlight. The power tap connects directly to AC and provides DC via PoE.

Datasheet

ACC-ANT-10
Outdoor Directional LTE Antenna

Use case:
Improves signal strength on the GC31-E when pointed toward the correct cell tower.

2702L
27-inch LCD

Touchscreen Monitor

Edge-to-edge design with integrated 10-touch

Optional Peripherals

Commercial-grade

Product Overview

The Elo 2702L 27-inch touchscreen monitor delivers a professional-grade interactive solution with Elo's industry-leading TouchPro® PCAP technology featuring edge-to-edge glass and enabling up to 10 simultaneous touches. The clear glass touchscreen provides exceptional image clarity, resolution, and light transmission for vivid images and details. Backed by a three-year warranty, the feature rich touchscreen monitor is equipped with dual built-in speakers and VGA and HDMI video connectors. With a compact form factor, clean design aesthetic and flexible mounting options, these touchscreens are well-suited for POS, interactive digital signage and self-service.

Designed for commercial use, the new Elo touchscreen monitor makes business operations easy delivering energy efficiency and versatile accessories. The 2702L accessories include MSR, barcode scanner, fingerprint reader, NFC, customer facing display and handles. Third party peripherals can be easily added as well with the integrated USB 2.0 hub.

Create a seamless style across a variety of installations with interactive displays from 10 to 27-inches

Touchscreen is compatible with use of finger, glove and stylus

Multiple mounting options including – tabletop stand, wall mount and pole mount

2702L 27-inch LCD Touchscreen Monitor

Specifications	
Color	Black
Diagonal Size	27" / 685.8 mm
Active Touch Area	23.54" x 13.24" / 597.88 mm x 336.31 mm
LCD Technology	Active matrix TFT LCD
Touch Technology	TouchPro PCAP
Number of Touches	10 Touches
Aspect Ratio	16:9
Native Resolution	1920 x 1080
Preset Video Timings	640 x 480 60Hz, 640 x 400 70Hz, 720 x 400 70Hz, 800 x 500 60Hz, 800 x 600 56, 60Hz, 1024 x 768 60Hz, 1280 x 720 @ 58Hz, 60Hz, 1280 x 800 60Hz, 1280 x 1024 60Hz,1366 x 768 60Hz, 60Hz RB, 1440 x 900 60Hz, 60Hz RB, 1680 x 1050 60Hz, 60Hz RB, 1920 x 1080 50 60Hz
Number of Colors	16.7M
Brightness (typical)	Panel: 300 nits; with TouchPro PCAP: 270 nits
Response Time (Tr + Tf) (typical)	14 msec
Viewing Angle (typical)	Horizontal: 89°/89° or 178° total; Vertical: 89°/89° or 178° total
Contrast Ratio (typical)	1000:1
On-Screen Display (OSD)	Accessible through switches along the bottom. Controls: Menu, Power, Up, Down, Select Settings: Brightness, Contrast, Clock, Phase, H-position, V-position, Auto-Adjust, Aspect Ratio, Sharpness, Color Temperature, OSD Timeout, OSD Language, Volume, Mute, Recall Defaults, Audio Select, Power LED ON/OFF Languages: English, French, Italian, German, Spanish, Simplified Chinese, Traditional Chinese, Japanese, Russian, Korean Lockouts: OSD, Power
I/O Ports	VGA, HDMI, Combo Jack, DC Jack, USB Type B, USB 2.0 Type A, 4 x Micro USB
Peripheral Ports	4 x Micro USB side ports (Top, Bottom, Left, Right)
Video	VGA (VGA DE-15 (DB-15) Male connecter cable included), HDMI (HDMI cable included) Input Video Horizontal Sync frequency range: 30 – 82KHz, Input Video Vertical Sync (frame rate) frequency range: 50 - 75Hz
Speakers	2 x 2W internal speakers
Power	Monitor input power connector: Coaxial power jack (2.1 mm pin outer diameter, 6.4mm barrel inner diameter); Monitor input power signal specifications: 12VDC +/- 5%; Adapter input voltage range: 100-240VAC, 50/60Hz; Power Consumption (Typical with monitor + AC/DC adapter): ON: 28W; SLEEP: 0.45W; OFF: 0.38W

DATASHEET

AVEVA™ Edge

AVEVA Edge is a highly scalable, flexible software that provides the tools for everything from advanced HMI/SCADA applications to small-footprint embedded applications. The rich feature set enables users to create intuitive, secure, and highly maintainable HMI/SCADA applications for any industry.

Choosing the right version of AVEVA Edge

- **AVEVA Edge SCADA** – The full Microsoft Windows-based runtime offers all the tools you need for advanced SCADA applications.
- **AVEVA Edge HMI** – AVEVA Edge for embedded systems such as Microsoft's Windows Embedded operating systems. The small footprint makes AVEVA Edge HMI ideal for embedded and edge machines.
- **AVEVA™ Edge IoT View** – AVEVA Edge IoT View is designed for Linux devices and enables edge computing on even small devices such as a Raspberry Pi.

AVEVA Edge offers an integrated development environment (IDE) that can be deployed to any runtime edition of AVEVA Edge.

Enhancements in AVEVA Edge 2023

AVEVA Edge 2023 builds on previous enhancements and adds further capabilities and flexibility.

IoT View enhancements:

- Dynamic Station ID (IP Address) for drivers {Curly Brackets}. Useful as Data Collection system and change PLC on the fly
- High Speed data logging improvements
- Support for new Linux Architectures and compilers (including 64 bit)

Enhancements to the AVEVA Edge mobile access thin client:

- New custom keypad - HMI applications on a touch device need a virtual keyboard for input on operating systems without a native virtual keyboard
- Performance Improvements (In some cases more than 225% improvement)

General enhancements:

- Modern User Interface/Icons (Align with other AVEVA HMI SCADA products)
- Add AVEVA Licensing support and new tag limits (1K, 2K, 10K, 100K, Unlimited tags)
- Ability to rename Classes (Structures) with propagation
- Support for AVEVA Industrial Graphics for SVG image import
- Built-In Functions to log to Azure IoT Hub and Worksheets

AVEVA Edge features

(in alphabetical order)

AVEVA Edge Management: is a framework for provisioning software and managing remote devices at the edge.

Edge Management is a part of the AVEVA Connect, where AVEVA software can be provisioned easily, and users can access devices at the edge of the network to quickly update applications or monitor hardware remotely.

Alarms: Send online alarms or reports using multi-media formats like PDF. Alarms are real-time and historical. Log data in text file format or to any database. Use remote notifications to send alarms right to your inbox, printer or smartphone. Custom alarm fields allow you to customize up to ten additional fields to the alarm history.

Animation: Take command over graphics in a user-friendly interface. Paste images and even rotate dynamically using custom rotation points. Fill bar graphs with color or adjust the scale of objects with easy-to-use configuration. Other animations include command (for touch, keyboard and mouse interaction), hyperlink, text data link, color, resize, transparency/visibility and position.

Business intelligence: Log data directly to AVEVA™ Insight.[2]

Cloud: Natively connect with the cloud to take advantage of tools like AVEVA Insight or AVEVA™ Edge Management to get a holistic view of your business.[2] Pair edge devices running AVEVA Edge to the cloud and remotely monitor health and status or update applications.

Database: Connect to any SQL database (Microsoft SQL, MySQL, Sybase, Oracle), Microsoft Access, Excel, or ERP/MES systems (including SAP) – even from Microsoft Windows Embedded Compact Edition. The flexible built-in interface doesn't require knowledge of SQL. A patented solution allows for communication with SQL and relational databases running on any supported platform.

Drivers: Use over 100 native communication drivers for PLCs, temperature controllers, motion controllers, bar code/2D/RFID readers, and many other devices. Use native drivers, connect to an OPC server, or use AVEVA driver toolkits to build your own drivers. Save time with comprehensive tag integration for PLCs. Drivers are included for Modbus, MQTT Sparkplug B, Allen Bradley, Siemens, Mitsubishi, Omron, Schneider-Electric and many others.

Email: Send emails (with attachments) or text messages that can be accessed from mobile devices. Get real-time information on alarms, process values and other events. Full runtime supports SSL encryption.

Events: Ensure traceability for operator-initiated actions or internal system activities. Log events such as security system changes (user logon or logoff), screen open/close, recipe/report operations, system warnings and any tag-value changes, including custom messages.

FDA traceability: Take advantage of built-in functionality to create 21 CFR part 11 compliant projects with traceability and e-signatures. These features are often used for pharmaceutical and food applications but can be used for any application where traceability is a requirement.

FTP: Automatically upload or download files during runtime to or from remote storage locations using the FTP protocol and flexible scripting functions. Configure FTP via scripting or the included interface.

Graphics and design tools: Create screens to meet any application requirement using the tools in the graphic interface. Combine over 1,000 animated objects to create any functionality required. Store graphics in the library for future use and easily give projects across an entire product line a consistent look and feel.

Historian: Load millions of values from SQL relational databases with optimized trend history, featuring data decimation. Easy-to-use tools provide quick access to statistical process control (SPC) values without any need for programming. AVEVA Edge offers add-on integration with AVEVA™ Historian (formerly Wonderware) and support for AVEVA Insight.[2]

Import wizards: Convert whole applications from FactoryTalk ME/SE, PanelMate or PanelBuilder 32. Save time when converting from a previously designed application to an AVEVA Edge application.

IoT View: AVEVA™ Edge IoT View is a platform-agnostic runtime for Linux and other embedded platforms. Make intelligent embedded systems and add your machines to the internet of things, industrial internet of things (IIoT), and Industry 4.0.

Industrial graphics: An additional graphics editor provides new tools and additional graphics and libraries. It includes extensive animations, situational awareness, style management and symbol import/export.

Intellectual property protection: Protect your intellectual property with just a few clicks of your mouse. Passwords protect individual screens, documents, scripts and worksheets. This prevents unauthorized viewing or editing of your project or application.

JavaScript custom widgets: Custom widgets expand and enhance the graphical interface by integrating third-party, reusable JavaScript, HTML5 and CSS interfaces, properties and events. Use included custom widgets such as pie chart, tree view, calendar, image list and web browser – or create your own.

Mobile access: This thin client allows you to access your graphical interface from any device, with a browser that supports HTML5 devices, such as iPads, iPhones, Android devices, Windows devices and others. AVEVA Edge now includes support for all native objects and allows you to integrate third-party web-based controls.

Multi-language: Develop your application in one of many development languages, including English, Portuguese, German, French, Polish, Russian, Chinese (traditional and simplified), Japanese and Spanish. Or use external translation tools to switch the runtime to any language. AVEVA Edge offers automatic font replacement based on the language selected.

Multi-touch interface: Develop applications for touchscreen devices. AVEVA™ InTouch Edge HMI's multi-touch interface allows development for any touchscreen-enabled device. Use familiar, modern interface gestures, like pinch zooming and panning. Use swiping gestures to scroll through alarms, change screens or execute other commands. Inertia in the multi-touch interface offers a comfortable user experience. Rotate graphics, dock screens and take advantage of features like dual-touch command.

.NET and ActiveX: Use third-party controls to enhance your project. AVEVA Edge is a container for .NET and ActiveX controls, allowing you to add functionality such as browsers, media players, charting, live streaming from cameras, and other ActiveX or .NET controls.

OEM: AVEVA Edge can be customized for OEMs who want to offer pre-installed HMI or SCADA software on their hardware, or for OEMs who want to add value to their machines by offering remote monitoring, maintenance or customizable applications.

OPC: AVEVA Edge provides native OPC interfaces, such as OPC UA (client/server), OPC DA (client/server), OPC XML (client), and OPC HDA (server). OPC UA and OPC DA also offer native redundancy configuration and tag integration for OPC DA and OPC UA servers.

PDF export: Send alarms, reports, text files or Microsoft Word documents in portable document format (PDF) to a production supervisor, quality manager or maintenance worker using the included PDF writer.

Recipes: Save time and maintain consistency by automating part parameters or production quantities with flexible recipe management tools. Options include loading directly to PLC or editing before committing to PLC.

Redundancy: For critical applications where data is vital, AVEVA Edge supports web server, database and overall system redundancy to protect your information.

Reports: Create clear, concise reports in plain text, RTF, XML, PDF, HTML, and CSV – or integrate with Microsoft Office programs such as Excel. Get the data you need, in the format you need it, to make informed decisions. AVEVA™ Reports for Operations also offers advanced operational reporting for AVEVA Edge.[2]

Scalable: Use the same development environment to design and deploy projects to a wide range of platforms, such as Linux, Windows Embedded, Windows CE, Windows 8.1, Windows 10, Windows 11, Server 2012 R2, Server 2016, Server 2019, and Server 2020 editions.

Scheduler: Schedule application behavior triggered by tag changes, date/time, frequency, or any other trigger. Trigger reports at a particular time of day – or even trigger driver worksheets to read/write at a scan rate you choose, or use the scheduler for simulation.

Scripting: AVEVA Edge supports several powerful scripting languages, built-in AVEVA Edge functions and standard VBScript. Take advantage of widely available resources for VBScript. Both the native AVEVA scripting language and VBScript can be used simultaneously to give you the functionality you need, even from thin clients. Script debugging tools for the native VBScript editor include breakpoints and a variable watch list to improve scripting productivity. Included with industrial graphics is the flexible and powerful Quick-Script language.

Security: AVEVA Edge includes support for group and user accounts, e-signatures and traceability. You can integrate your project to the Active Directory (users and groups).

Symbols: The included native graphics library features push buttons, pilot lights, tanks, sliders, meters, motors, pipes, valves and other common objects. Use the 1,000+ included symbols in your project, modify existing symbols to suit your needs, or create your own from scratch. AVEVA Edge supports third-party symbol libraries and graphic tools. Industrial graphics add additional symbol libraries, including situational awareness graphics that make it easy to understand what is happening.

Standards: Use common standards to develop applications that are compatible with TCP/ IP, .NET, ActiveX, OPC (client and server), ADO/ODBC, COM/ DCOM, OLE, DDE, XML, SOAP, REST and HTML5.

Tag database: AVEVA Edge features an object-oriented database with boolean, integer, real, strings, arrays, classes (UDT/structures), indirect tags and included system tags. Built-in functions allow you to create, delete or modify the tags database settings during the runtime. With this feature, you can design generic templates that can be easily customized to each project, even during the runtime. AVEVA Edge also offers tag integration from a wide range of PLCs, including Schneider Electric.

Templates: AVEVA Edge has many templates and sample applications available including: andon, digital OEE, PackML and business intelligence.

Trends: AVEVA Edge supports real-time and historical trends, as well as SPC functionality. Log data in binary format to any local or remote SQL database, or to AVEVA Historian (formerly Wonderware) or AVEVA Insight. Color or fill trends with graphic elements to enhance clarity of data. Date/time-based or numeric (X/Y plot) trends give you the flexibility to display information that best suits your application. AVEVA Edge supports vertical and horizontal trending.

Troubleshooting: Quickly debug and verify a project using local and remote tools for troubleshooting, including status fields, HTML5-based DatabaseSpy for AVEVA Edge IoT View, Watch Window, and LogWin. Capture screen-open and close times, see communications in real time, messages related to OPC, recipes/reports, security, database errors and even custom messages. Finish your project quickly using these powerful tools.

XML screen toolkit: Modify or create screens during the runtime or import screens that you've created.[2]

Overview

AVEVA Edge is a comprehensive platform that includes all the tools you need to make SCADA and HMI applications that have real power behind them. The environment allows you to develop once and deploy anywhere.

AVEVA Edge also offers a runtime edition (AVEVA Edge IoT View) available for Linux.

Build powerful graphical displays and take advantage of the available communication drivers for all major PLC products. AVEVA Edge includes OPC UA and OPC Classic (HDA and DA), trends, alarms, reports, recipes, and built-in SQL database support as standard features. Not all features are supported on all platforms.

OMRON

NX1 Machine Automation Controller

Continue to pursue productivity

The solution in your hand

Secure data transfer | Machine control | Safety integration | Traceability | Quality inspection

SYSMAC

Improve productivity, improve your business

The manufacturing industry is under pressure to keep boosting productivity without compromising on quality. Global production and flexible production are required to satisfy diverse consumer needs.
In addition, manufacturers need to control quality and enhance safety to meet advanced regulatory requirements.
In order to fulfill these requirements, it is crucial to utilize information, take safety measures, control quality, and at the same time improve production efficiency.

Common isues

Customers compromise between production efficiency and information utilization/safety measures/quality control

Production cycle time is increased due to data traceability requirements

Full traceability is required to meet high-level quality standards.

Safety measures make setup and troubleshooting difficult

Separate safety control for machines and lines and separate controllers for machine control and safety are required. Line and machine design is time-consuming, and safety measures have to be redesigned when the layout is changed.

Production lead time is increased due to additional inspections and tight quality control

Adding inspections to maintain quality increases production lead time.
When special machines with built-in PC that collect and process data at high speeds are used for inspections, maintenance becomes difficult. Instead, acceptance sampling is conducted offline.

NX1

The next standard

NX1

Improves production efficiency while optimizing information utilization, safety measures, and quality control

Safety

Integrated safety across production line

Improve manufacturing productivity

high-speed, high-precision control

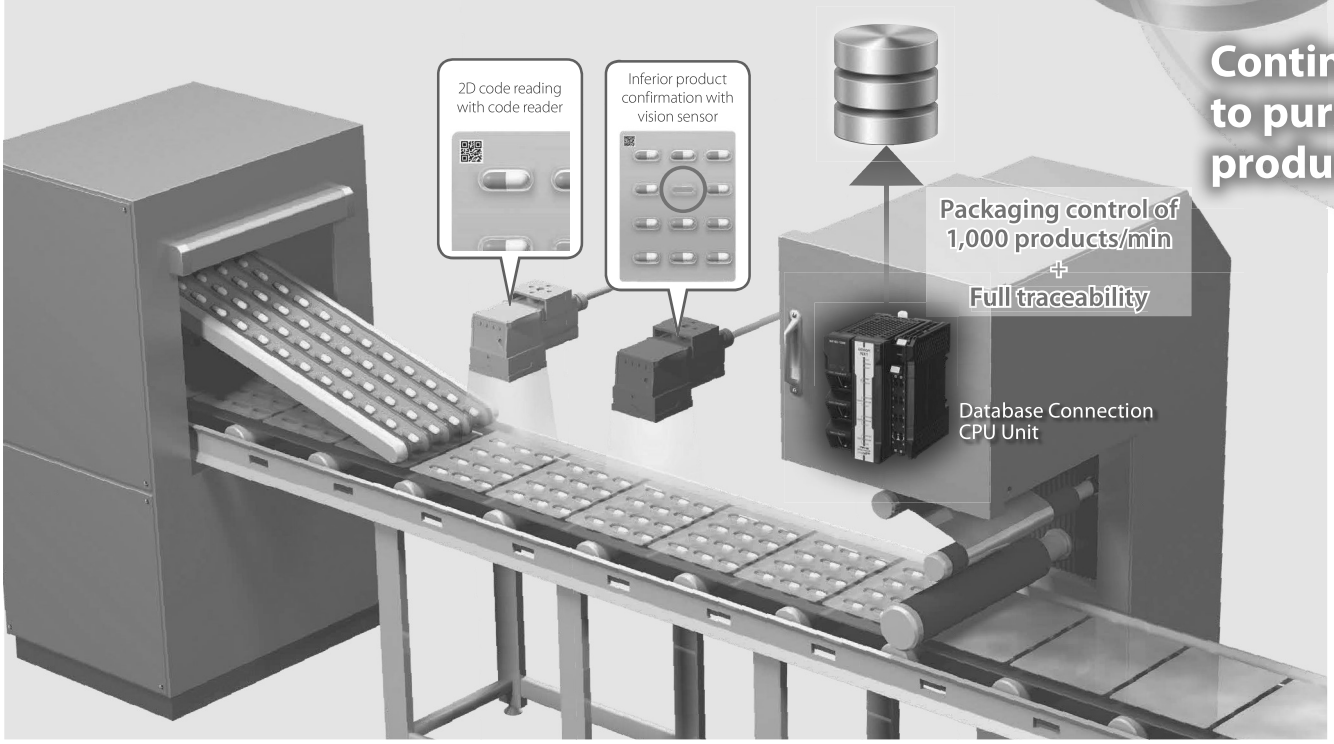
Information

Real-time traceability

Quality

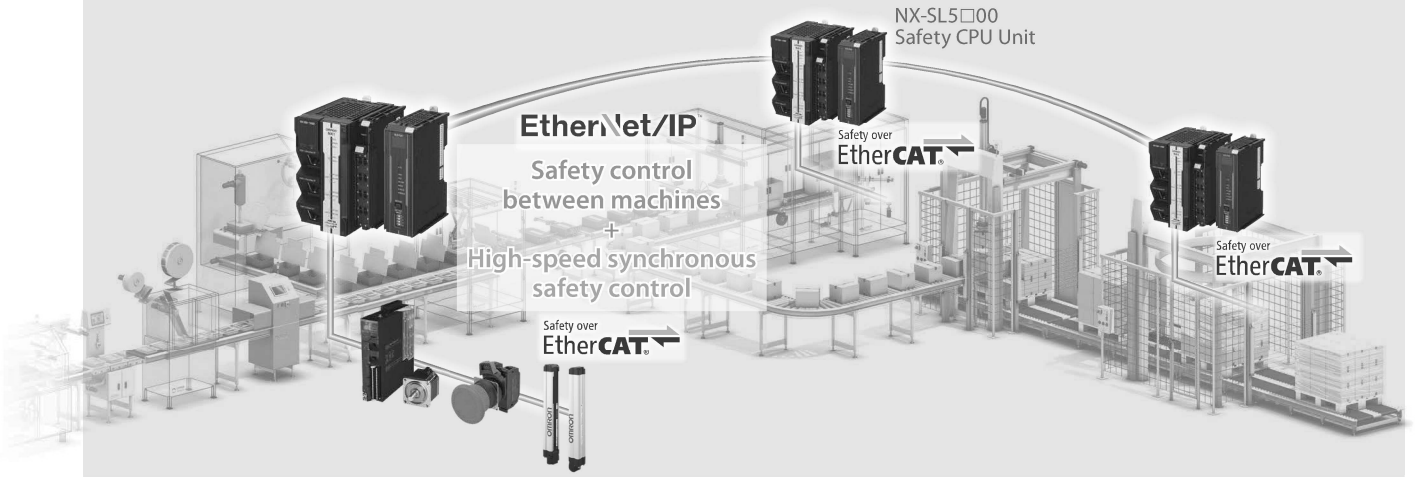
High-speed in-line inspection

Continue to pursue productivity



Produce faster without compromising on quality

The NX1 can securely transfer information, take safety measures, and control quality while at the same time improving production efficiency through high-speed, high-precision control.
This contributes to continuous improvement in productivity.



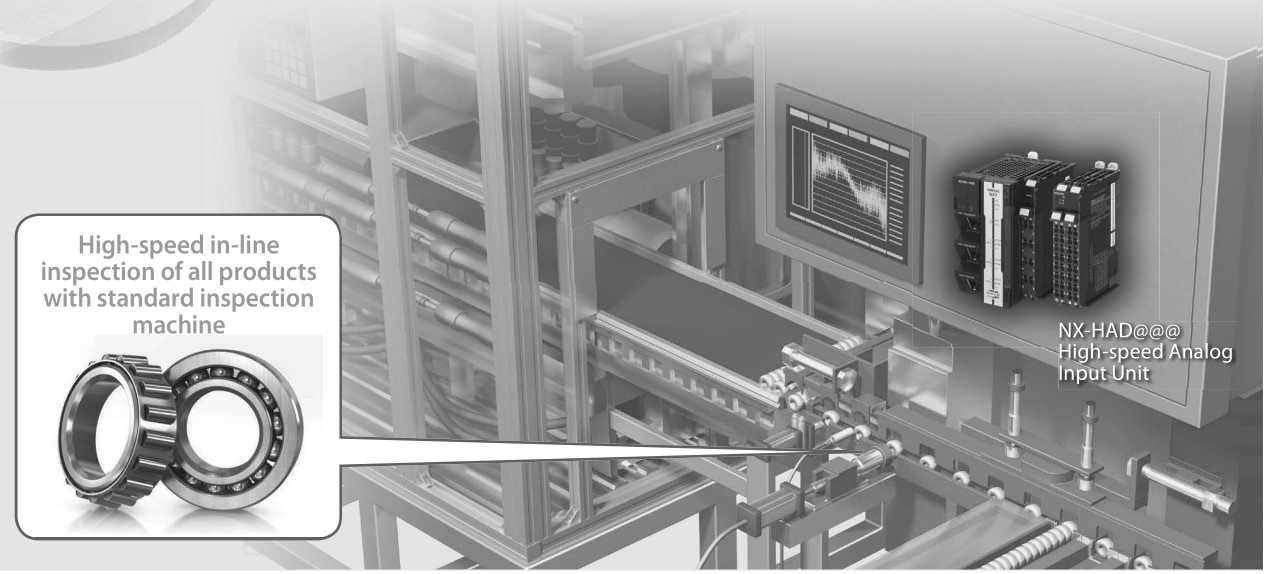
Real-time traceability

The NX1 provides high-speed control while utilizing information.
For example, the NX1 used for a packaging machine with the capability of handling 1,000 products per minute can collect all traceability data in synchronization with the production cycle while performing motion control.

Integrated safety across production line

The NX1 is the first in the world* to integrate two different open networks: EtherNet/IP™ for scalable safety control in production lines and EtherCAT® for fast, reliable, redundant safety control in machines. Furthermore, it integrates safety control into machine control in lines that require fast cycle times.
This integration allows you to standardize machines and build flexible lines.

* Based on Omron investigation in March 2018.



Safety

Improve manufacturing productivity

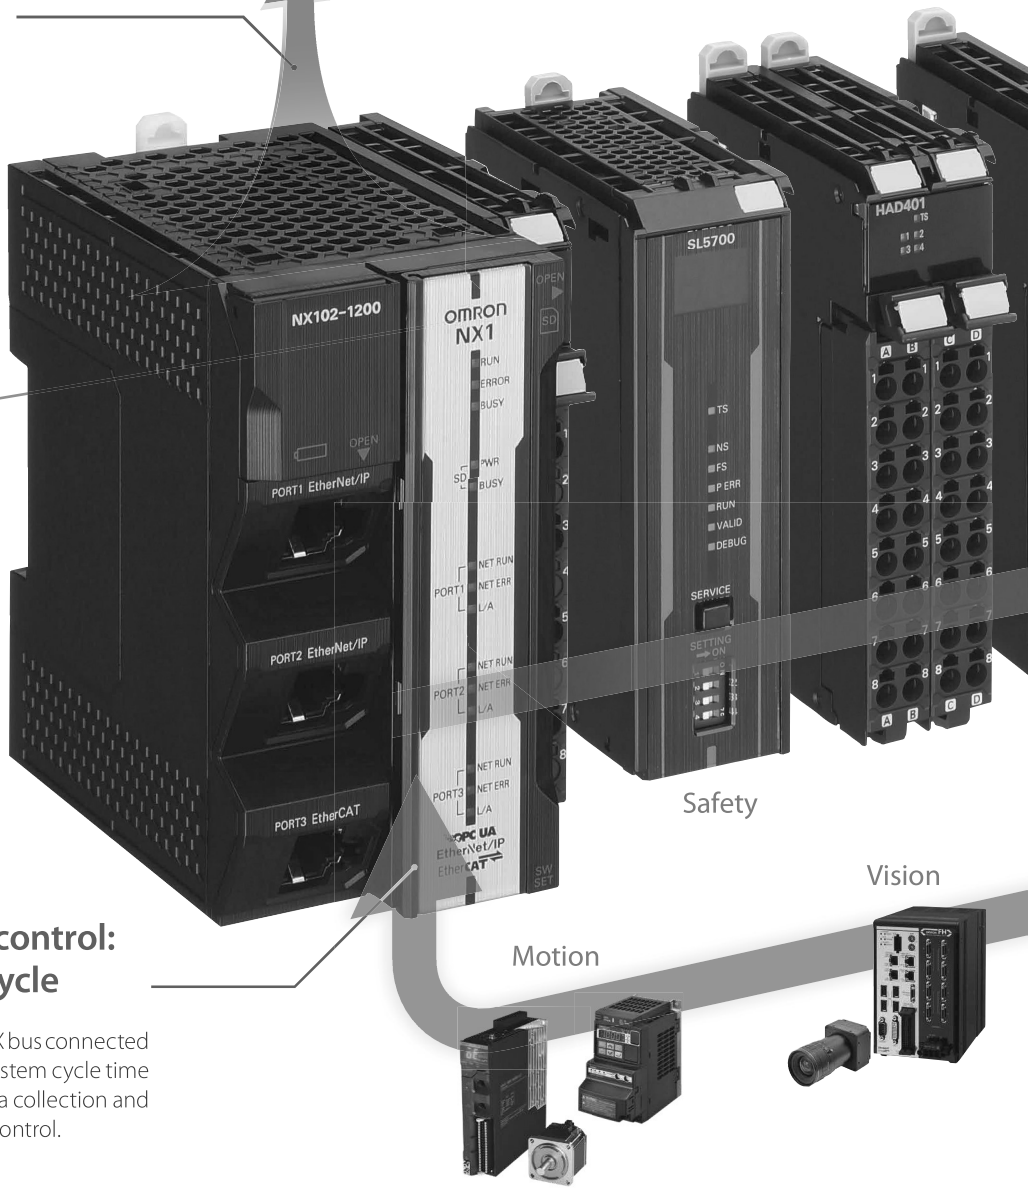
Quality

High-speed in-line inspection

Although special inspection machines with built-in PC are widely used for high-speed inspections, they require special maintenance skills.
Therefore, acceptance sampling is often carried out offline to prevent line stoppages.
The NX1 can be used in conjunction with the High-speed Analog Input Unit to collect measurement data within a fixed cycle time of 5 µs. This standard controller eliminates the need for special machines with PC and can be maintained by on-site engineers. In-line inspections of all products can also be conducted easily.

Seamless integration: production line & IT systems

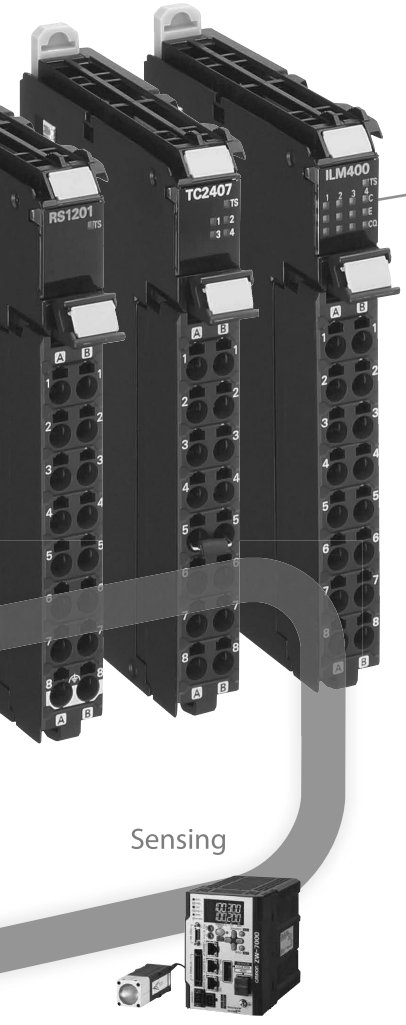
The NX1 Controller integrates inputs, logic, outputs, safety, and robotics, offering a wide variety of applications that leverage information to boost productivity and measures for quality and safety.



Information

Secure direct connection to database

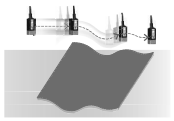
Networks



OPC UA
EtherNet/IP
EtherCAT
IO-Link

Production line

High-speed, high-precision control: Synchronized within same cycle



The NX1 provides synchronized control of the NX bus connected I/O and motion control network within same system cycle time and jitter below 1 µs. This enables real-time data collection and analysis as well as high-speed, high-precision control.

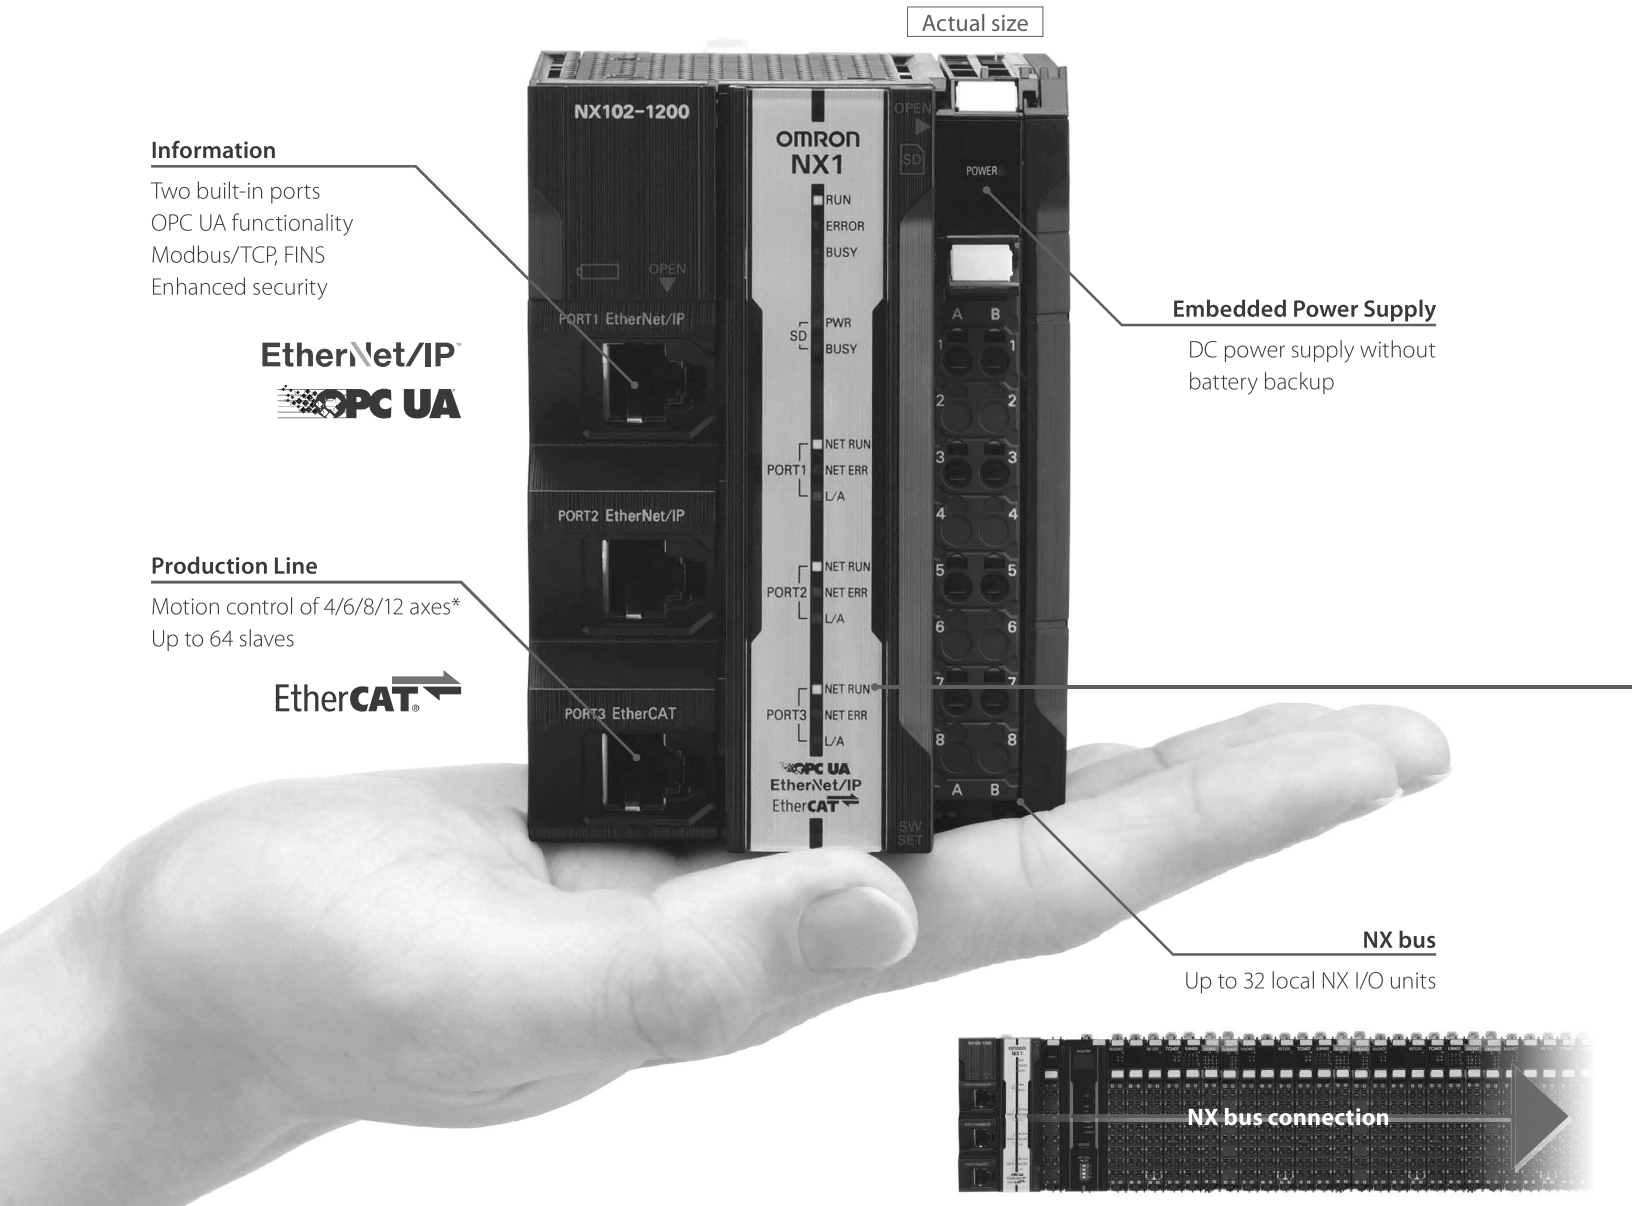
Information utilization application

Application	NX1 functionality + product
All traceability data storage 	NX1 Database Connection CPU Unit Code reader RFID
Direct connection of machine to MES/SCADA	NX1 OPC UA server (standard functionality)
Data utilization to prevent manipulation	
Linkage between image and data	FH Vision System

Production efficiency improvement application

Application	NX1 + product
Predictive maintenance	**NX-ILM400** IO-Link Master Unit IO-Link sensor
Automatically optimized temperature control	**NX-TC**@@@@ Temperature Control Unit E5@D Digital Temperature Controller
Position and load control for servo press 	1S Servo System
Weighing control	**NX-RS**@@@@ Load Cell Input Unit
Tracer control 	ZW-7000/5000 Confocal Fiber Displacement Sensor

Quality control application



Rotator inspection	**NX-HAD**@@@ High-speed Analog Input Unit
Welding quality inspection	
Appearance inspection 	FH Vision System

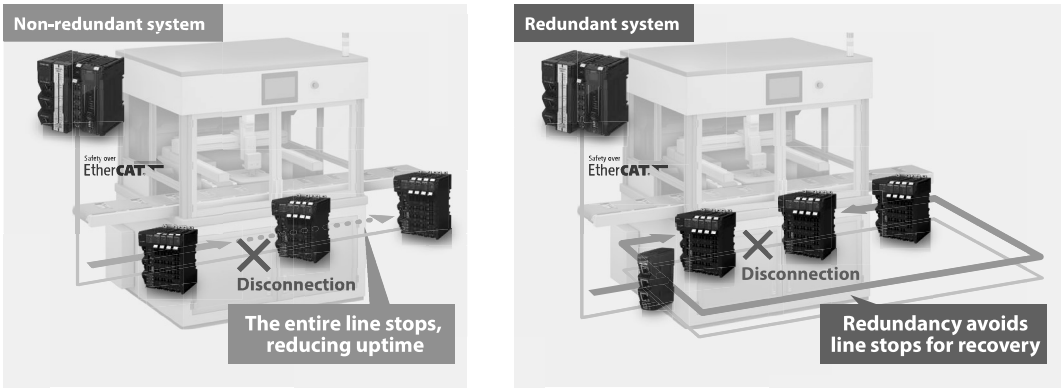
Safety measures application

High-speed safety control in machine	**NX-SL5@00** Safety CPU Unit
Safety control in line	
Intrusion detection 	F3SG-R Safety Light Curtain

NX1 brings advanced control in miniaturized size

Three industrial Ethernet ports and a power supply are housed in a compact design with a width of 66 mm.
The NX1 provides key functionality to integrate control and information for advanced manufacturing applications.
The new controller contributes to the pursuit of productivity improvements.

* Including single axis position control axes



High-speed, high-precision control

Synchronized control of I/O and motion within 1 ms cycle time
Jitter : 1 µs

Memory capacity for variables : 33.5 MB*1

Redundancy to minimize downtime (NX102-□□00)

Even if a part of the EtherCAT network is disconnected, Cable Redundancy provides continuous connectivity. This function allows you to fix disconnection without stopping the machines and production line where one controller provides both machine control and safety control.

Multicore microprocessor for control and data handling

The multicore microprocessor enables information utilization including communications and traceability without compromising control performance.

Secure host connection

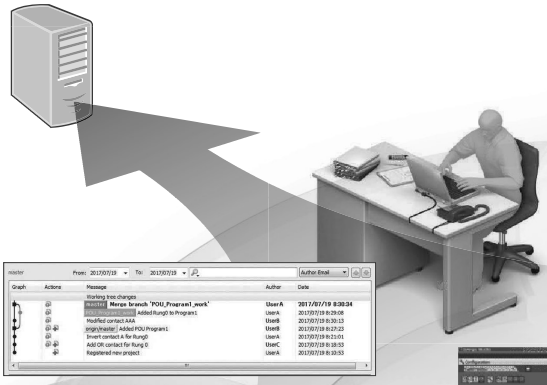
OPC UA is an IEC communication protocol which is listed as a recommendation for Industrie 4.0 and PackML. The NX1 comes equipped with an OPC UA server interface and provides a secure connection to IT systems such as MES and ERP.

Enhanced Ethernet functionality

Connectivity to existing devices (e.g., Modbus/TCP*2, FINS communications, and connection to other vendor PLC*3) and EtherNet/IP™ performance (increased to 12,000 pps*4) are improved. Packet Filter enhances security, and visualization of EtherCAT® slave errors makes troubleshooting easier.

*1. The total number of bytes of retained and non-retained variables.
*2. Clients instructions are supported.
*3. SLMP commands are included in the Sysmac Library.
*4. The total pps of two ports.

One software for easy integration & simulation



Sysmac Studio – Integrated Development Environment integrates programming, configuration, information, and safety.
The project version control system in the Sysmac Studio Team Development Option ensures smooth development across the team.
The Sysmac Studio includes Function Blocks for motion control and database connection, and collections of software functional components Sysmac Libraries can be downloaded from our website. These allow you to minimize time to build systems that boost productivity.

MicroComm DXL

DXL
System Data Sheet

Description

The MicroComm DXL digital intercom system is designed to be cost effective for applications with widely distributed architectures and those of a smaller scale. It is also ideally suited for adding functionality and flexibility when retrofitting relay switched intercom systems. A comprehensive feature set gives the MicroComm DXL the power to handle projects with the most demanding requirements, and like all MicroComm family members, it incorporates digital audio technology and provides a high performance, rugged, and reliable communication solution.

Two basic building blocks form the backbone of the system. Digital Communication Controllers (DCC) are the master component of each exchange and can be interconnected to form larger systems. They incorporate the exchange processor, control software, configuration data, and network ports as well as the intercom station, master station, and audio interface boards. Digital Communication Expanders (DCE) and Talk Back Expanders (TBE) are used to increase the capacity of each exchange. Up to four DCE and/or TBE expander units can be connected to each DCC controller.

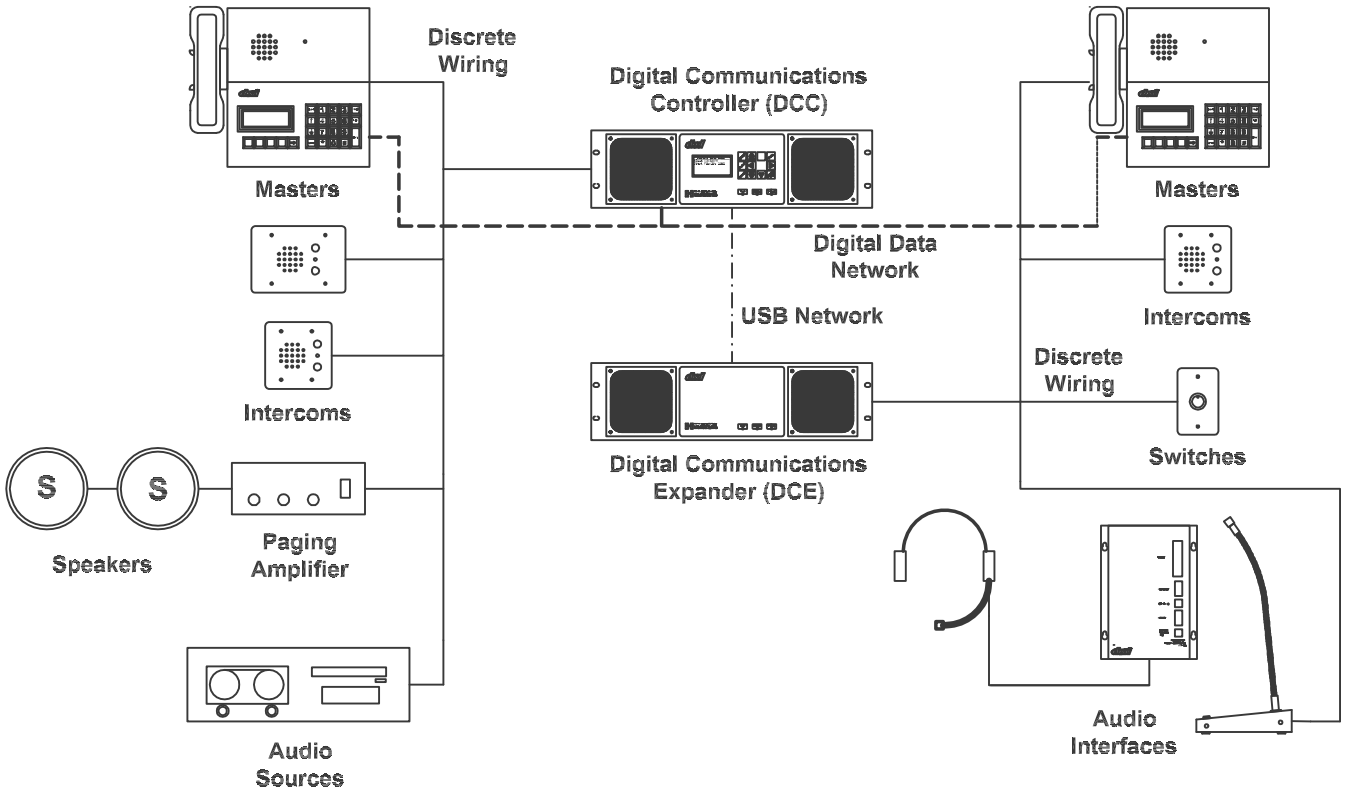
The MicroComm DXL is compatible with the same set of intercom stations, master stations, and call devices as the rest of the MicroComm family. The wide and growing variety of standard stations and specialty stations is therefore available for your use, regardless of which MicroComm system you choose.

A key feature of the MicroComm DXL is the DXL Administrator Software. This Windows Explorer style user interface runs on a standard PC and provides system configuration, logging, and diagnostic functions. With its easy to follow tree structure, simple to understand data entry dialogs, copy and paste device creation feature, and built-in device libraries, a MicroComm DXL is easy and quick to program.

FEATURES

System Architecture

- Simple, modular system architecture
- Digital audio trunks and signal processing
- Each exchange can function independently
- Exchanges can be networked to form large systems
- Unrestricted communications within each exchange
- Twenty-six channel audio trunk interconnects exchanges
- Supports MicroComm family master stations
- Full touch screen and graphic panel master control
- Telephone sets provide administrative master functions
- Supports MicroComm family intercom stations
- Supports generic 25 volt intercom stations
- Supports MicroComm Discrete Input/Output modules
- 64 x 128 pixel graphics display



- Eleven button keypad with menu driven interface
- Built-in monitoring and self-test routines

Operating Features

- Paging and program distribution to audio outputs and stations
- Audio Level Alarm threshold detection
- Sequential and group audio listen-in monitoring
- Hands free and press-to-talk operator control
- Multiple priority levels for each category
- Individual audio control for each channel
- Master groups for parallel operator control
- Six program distribution channels in each exchange
- Six system wide program distribution channels
- Flexible operational tone signaling
- Time clock and event controlled tone signaling
- Tones and messages recorded as WAV audio files
- Master station and visiting booth call recording
- Unit unmanned and time out call forwarding
- Call and program switch enabling/disabling
- Flexible display master menu architecture
- CCTV switcher and visiting booth support

DXL Administrator Software Features

- Windows Explorer style configuration

DXL Exchange

- Operates on standard PC or laptop computer
- Loads and validates configuration files
- Functions both on-line and off-line
- Provides configuration, logging, and diagnostics
- Devices displayed in both tabular and window formats
- Device library included for standard devices
- Add new devices with copy and paste commands
- Remote system access available via modem
- Manages the entire system through a single port
- Manages system security features

MicroComm DXL

CC
i ita Co unication Contro er

Description

Digital Communication Controllers (DCC) are the heart of the MicroComm DXL system. Each DCC contains all processing, control software and configuration data to operate independently as a stand alone exchange. Exchange networking, host port control, programming, diagnostics, and maintenance are all performed through the DCCs.

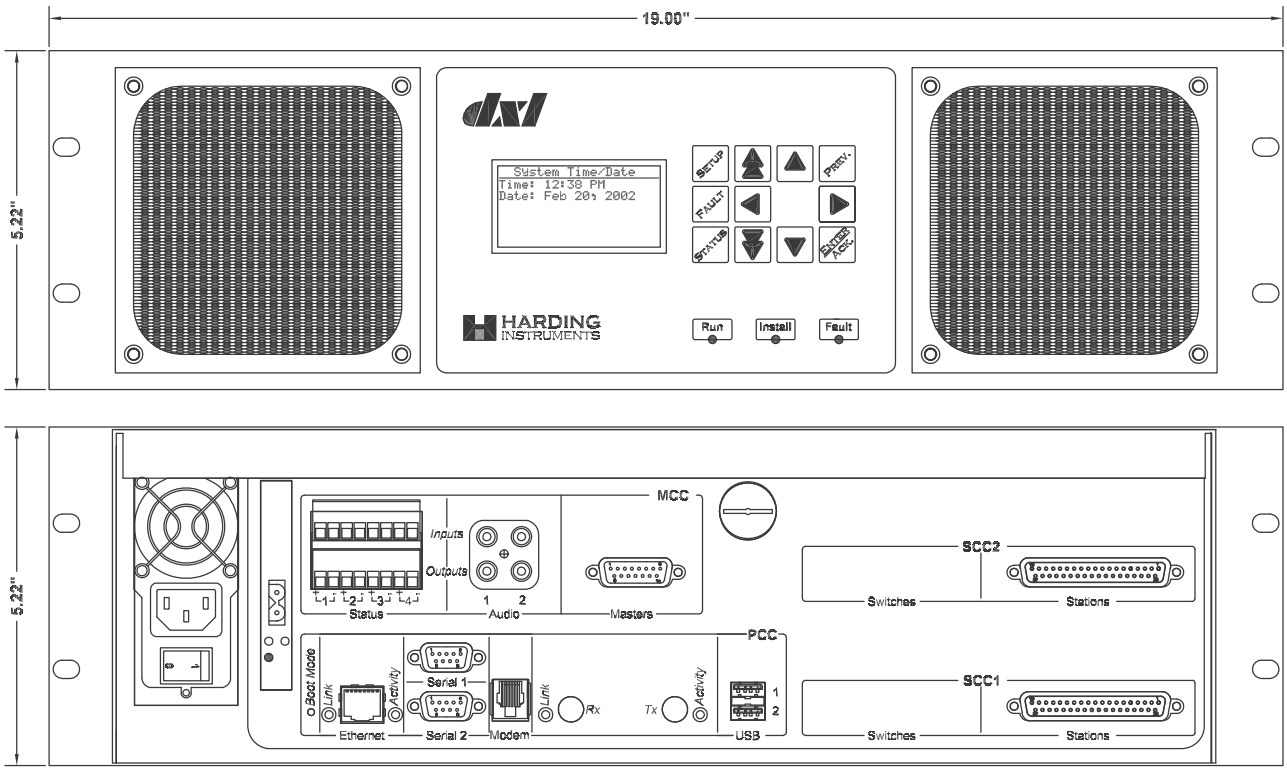
Each DCC also supports two intercom or telephone master stations and 32 intercom stations*. Two line-level audio inputs and two line-level audio outputs with control and status allow connection of microphones, program sources, paging amplifiers, and logging recorders. The front panel keypad and display are used for basic system set up and diagnostics.

Up to 80 exchanges can be interconnected to form large systems.

Features

- 2 master stations per DCC
- 32 intercom stations per DCC
- 4 DCEs and/or Talk Back Expanders per DCC
- Simple, modular system architecture
- Digital audio trunks and signal processing
- Each exchange can function independently
- Exchanges can be networked to form large systems
- Unrestricted communications within each exchange
- Twenty-six channel audio trunk interconnects exchanges
- Supports MicroComm family master stations and telephone sets (POTS equivalent) used to perform administrative master functions
- Supports MicroComm family intercom stations as well as 25 volt generic stations
- Full touch screen and graphic panel master control
- Supports MicroComm Discrete Input/Output modules
- 64 x 128 pixel graphics display
- Eleven button keypad with menu driven interface
- Optional audio level alarm detection support
- Built-in monitoring and self-test routines
- Automatically senses type of power supply voltage

Specifications



Physical Form Factor	3 U rack mount 5.22'' x 19'' x 16.13'' (13.3 x 48.3 x 41.0 mm)
Environmental	
Operating Temperature	32 to 122 °F (0 to 50 °C)
Storage Temperature	-40 to 158 °F (-40 to 70 °C)
Humidity	0 to 95 % non-condensing
Power Requirements	100 - 120 Vac, 60 Hz, 2.75 A max (Power supply is rated at 6 A max)

Field Connections	
Input power	AC line cord
Master stations	DB-15
Intercom stations	DB-37
Intercom station switches	DB-25 (with 300 series stations)
Audio inputs/outputs	RCA phono jack

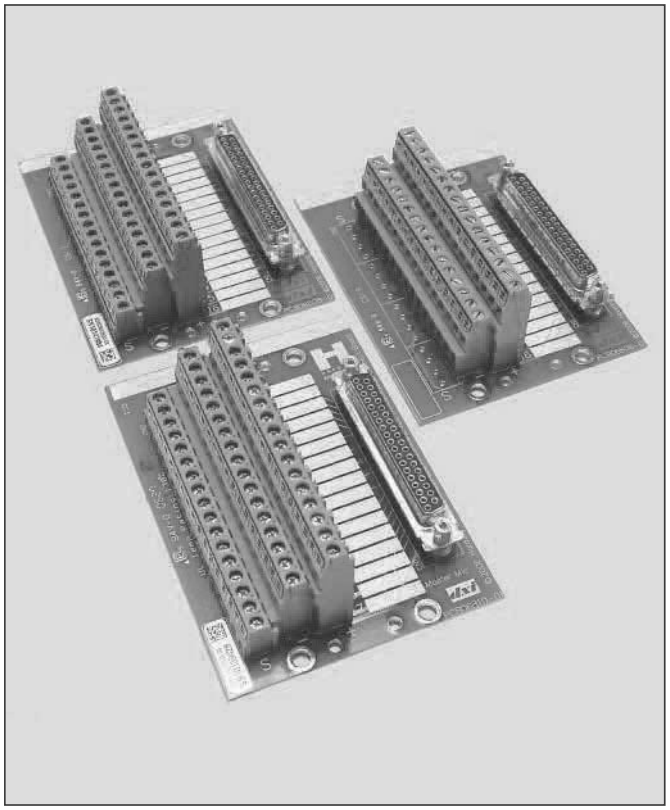
Description

The QCB-120 Quick Connect Board is used with MicroComm DXI and DXL intercom systems, to simplify the field wiring when connecting stations to an exchange. The QCB-120 has a terminal block, arranged in tiers, and a female DB connector. The QCB-120 is used with an interface cable, which has two male DB connectors (one on each end). One end plugs into the station audio board and the other the QCB-120. The field wiring from each station connects to screw clamp terminals, one on each tier. Terminal blocks on the QCB-120 are supplied with three tiers for shielded pairs (audio lines), two tiers for unshielded pairs (switch connections) for one unsupervised input switch, and three tiers for two unshielded pairs for two supervised input switches.

QCB-120-1 is a 16 channel, 3 tier QCB used in a DXL system to terminate audio field wiring (a single shielded twisted pair) for 400 series intercom stations and the audio cable (a single shielded twisted pair) for 300 series intercom stations.



QCB-120-2 is a 16 channel, 2 tier QCB used for both DXL and DXI systems to terminate the switch field wiring (unshielded twisted pair) for 300 series intercom stations.

QCB-120-3 is a 17 channel, 3 tier QCB used in a DXI system to terminate the audio field wiring (a single shielded twisted pair) for 400 series intercom stations and 400 series master stations.

QCB-120-4 is a 16 channel, 3 tier QCB for use in both DXL and DXI systems to terminate the switch field wiring (two unshielded twisted pair) of 300 series intercom stations with two switches. The switch supervision resistors are included on the QCB-120-4.

Features

- save costs with reduced field wiring time
- simplified interconnection reduces wiring errors
- all stations connected to numbered terminals and numbered designation strips
- simplified troubleshooting wiring faults
- designed to be backboard mounted, fit into standard 3.25 inch snap in track or mounted on a Din-rail

Specifications

Physical Form Factor	
QCB-120-1	3.25'' x 4.28'' x 1.50'' (83 mm x 109 mm x 39 mm)
QCB-120-2	3.25'' x 4.28'' x 1.50'' (83 mm x 109 mm x 39 mm)
QCB-120-3	3.25'' x 4.52'' x 1.50'' (83 mm x 115 mm x 39 mm)
QCB-120-4	3.25'' x 4.28'' x 1.50'' (83 mm x 109 mm x 39 mm)
Environmental

HP LaserJet Pro 4001n/dn/dw Black & White Printer Series

Get blazing fast printing speeds and easy management tools with LaserJet Pro

Get blazing fast printing speeds and easy management tools with LaserJet Pro.

This printer is intended to work only with cartridges that have a new or reused HP chip, and it uses dynamic security measures to block cartridges using a non-HP chip. Periodic firmware updates will maintain the effectiveness of these measures and block cartridges that previously worked. A reused HP chip enables the use of reused, remanufactured, and refilled cartridges. More at: http://www.hp.com/learn/ds

HP LaserJet Pro 4001n Printer

HP LaserJet Pro 4001dn Printer

HP LaserJet Pro 4001dw Printer

Maximum productivity

- Support your dynamic workteam with this high-speed printer, ideal for up to 10 users.
- Step up your workflow with blazing fast speeds to meet high-demand environments.
- Get productivity in the palm of your hand. Print and save time with Shortcuts from HP Smart.[2]
- Don't wait for print jobs. With no warm up time your printer is always ready.

Seamless management.

- Centralize your print management. HP Web Jetadmin makes it easy with its suite of features. [4]
- Set up your printers quickly. Streamlined setup makes it easy to set up and get back to business
- Avoid interruptions with Wi-Fi® that automatically looks for the best connection to stay on-line.

HP Wolf Pro Security.

- Get printer security out of the box. Preconfigured settings mean it's ready when you are.
- Add a layer of security. PIN/pull option authenticates your print jobs only when you're present.
- Set configuration policies and validate settings universally with HP Security Manager. [9]

[1]Measured using ISO/IEC 24734 and excludes first set of test documents. For more information, see hp.com/go/printerclaims. Exact speed varies depending on the system configuration, software application, driver, and document complexity.
[2] Requires HP app download available at www.hp.com/go/mobileprinting. Certain features are available in English language only, and may vary by printer model/country, and between desktop/mobile applications. HP reserves the right to introduce charges for use of functionality facilitated by the HP app. Internet access required and may not be available in all countries. HP account required for full functionality. Fax capabilities are for sending a fax only. List of supported operating systems available in app stores. See details at www.hpsmart.com.
[4]HP Web Jetadmin is available for download at no additional charge at hp.com/go/webjetadmin.
[5]HP calculations based on ENERGY STAR® normalized TEC data comparing HP LaserJet 200-500 series printers at launch. See hp.com/ecosmart
[6]HP Auto-On/Auto-Off Technology capabilities subject to printer and settings; may require a firmware upgrade.
[7]Recycling: Program availability varies. Original HP cartridge return and recycling is currently available in more than 60 countries, territories and regions in Asia, Africa, Europe, and North and South America through the HP Planet Partners program. For details, see hp.com/recycle.
[8]Internet access required and must be purchased separately. Wireless operations are compatible with 2.4 GHz and 5.0 GHz operations only. Supports both 5.0 GHz and 2.4 GHz using up to 12 non-overlapping channels vs. only 3 non-overlapping channels for 2.4 GHz only. Supports 5.0 GHz band (up to 150 mbps) v. 2.4 GHz band (up to 72.2 mbps). Learn more at: www.hp.com/go/mobileprinting
[9]HP JetAdvantage Security Manager must be purchased separately. To learn more, please visit hp.com/go/securitymanager.

Product walkaround

1. 100-sheet multipurpose tray 1 supports media sizes up to 8.5 x 14 inches (216 x 356 mm)
2. 2-line back lit LCD graphic display
3. 150-sheet output bin
4. Automatic two-sided printing
5. 250-sheet input tray 2 supports media sizes up to 8.5 x 14 inches (216 x 356 mm)

Series at a glance

Model	HP LaserJet Pro 4001n Printer	HP LaserJet Pro 4001dn Printer	HP LaserJet Pro 4001dw Printer
Product number	2Z599F	2Z600F	2Z601F
Print speed (letter/A4)	Up to 42/40 pages per minute (ppm)		
Two-sided printing	N/A	√	
Control panel display	2-line back lit LCD graphic display		
100-sheet multipurpose tray 1, 250-sheet tray 2	√		
Optional 550-sheet tray 3	Add up to one (all models)		
Input capacity (standard/maximum)	Up to 350/900 sheets (all models)		
Recommended monthly page volume	Up to 750 to 4000 pages		
Cartridge yields (A/X/XC)	Black: ~2,900/9,500/10,000 pages		

HP Services

Downtime can have serious consequences, so HP provides support beyond the standard warranty. You benefit from reduced risk, maximized uptime, predictable service delivery and no unbudgeted repair costs. HP Care Pack Services provide a comprehensive suite of protection services designed to keep HP hardware and software up and running so employees can stay productive.

For carepack availability visit: hp.com/go/cpc

HP Smart App

Top features

Compact design with groundbreaking performance. High-speed, double-sided printing at up to 42 ppm and self-healing Wi-Fi®. HP Smart app enabled so you can easily print from your mobile devices. [1,2]

Manage your printers with the powerful Web Jetadmin. Intuitive management tools help you add and updates devices, solutions, and policies.[3,4]

Advance your security with HP Wolf Pro security—instantly embedded and preconfigured out of the box

RFP NOTICE

Polk County, a political subdivision of the State of Florida, requests the submittal of proposals from vendors that are interested in providing the replacement of the security systems at Polk County South and Central County Jail facilities as described herein. Sealed proposals must be received in the Procurement Division, prior to the due date and time listed below.

RFP Number and Title: 25-191, Polk County South & Central County Jail Security Upgrades

Description: Provide all labor, material, equipment, demolition, administration, engineering, drawings, permits, warranty and expertise to replace the existing security systems at the South County and Central County Jail **.**

Receiving Period: Prior to 2:00 p.m., Wednesday, April 23, 2025

Bid Opening: Wednesday, April 23, 2025, at 2:00 p.m. or as soon as possible thereafter.

This form is for RFP registration only. Please scroll down for additional information.

Special Instructions: A **MANDATORY** pre-proposal meeting will be held Wednesday, April 2, 2025, 9:00 a.m. at the South County Jail CEP Conference Room 1125 US Highway 98. West, Frostproof, FL 33843. An authorized representative or agent of the Proposer must be present at this meeting in person, as evidenced by their signature on the meeting's sign-in sheet, or the Proposers Proposal will be considered non-responsive. A **MANDATORY** site visit will immediately follow of the South County Jail and a site-visit immediately following at the Central County Jail next at 2390 Bob Phillips Road, Bartow, FL 33830. An authorized representative or agent of the Proposer must be present at the meeting and both site-visits as evidenced by their signature on the meeting's sign-in sheet, or the Proposers Proposal will be considered non-responsive.

To obtain a copy of the SOC2 form please go the following FTP site: https://ftp3.polk-county.net, you will be prompted for a User ID and Password. The User ID is *procurevendor* and the password is *solicitation.* After you have logged in to the FTP site, double click on the file folder "**RFP 25-191, RFP Attachments**", select "Open" or "Save As" to download the Bid documents, drawings, and technical specifications. If you need assistance accessing this website due to ADA or any other reason, please email Tabatha Shirah at tabathashirah@polk-county.net**.**

Questions regarding this RFP must be in writing and must be sent to Tabatha Shirah, Procurement Analyst, via email at tabathashirah@polk-county.net or via fax at (863) 534-6789. All questions must be received by, Wednesday April 9, 2025, 4:00 p.m.

RFP REGISTRATION

You must register using this form to receive notice of any addenda to these documents. Please fax the completed form to the Procurement Division as soon as possible. It is the vendor's responsibility to verify if addenda have been issued.

PROPOSAL SUBMITTAL INSTRUCTIONS

Proposers must submit their proposal prior to 2:00 p.m. on the receiving date. Proposals must be submitted in a “sealed” parcel or electronically through Polk County’s secure website, Kiteworks. Proposals will be publicly opened at 2:00 p.m. on the receiving date.

Sealed Parcel Submittal:

If you are submitting a sealed parcel proposal submit one (1) original marked ORIGINAL and nine (9) copies marked COPY of the proposal in a sealed parcel to the Procurement Division. The parcel should be labeled “**RFP #25-191, Polk County South & Central County Jail Security Upgrades**” and marked with the proposer’s name and address. The Proposals may be mailed or delivered to:

Polk County Procurement Division

330 West Church Street, Room 150

Bartow, FL 33830

To assist with labeling the sealed parcel, please cut along the outer border and affix this label. Be sure to include the name of the company submitting the proposal where requested.

Sealed Proposal. DO NOT OPEN	
RFP Number	25-191
RFP Title	Polk County South & Central County Jail Security Upgrades
Due Date/Time:	April 23, 2025, prior to 2:00 pm
Submitted by:	
Deliver To:	Polk County Procurement Division 330 West Church Street, Room 150, Bartow, Florida 33830

Proposals may be mailed, express mailed or hand delivered. It is the Proposers responsibility to ensure their package is delivered to the Procurement Division prior to

2:00 p.m. on the Receiving date and time referenced above. Proposals delivered at 2:00 p.m. or later will not be accepted.

Electronic Proposals Submittal:

All prospective Proposers that are interested in submitting their proposals electronically can do so via the County's secure electronic submittal website, Kiteworks. Proposers must email tabathashirah@polk-county.net at least 48 hours prior to opening to receive a link to upload their submittal. Please only upload your documents as a PDF or Excel file for the Cost Tab, if applicable. Please use the name convention of your files as follow:

"RFP 25-191 Tab 1

"RFP 25-191 Tab 2"

"RFP 25-191 Tab 3"

"RFP 25-191 Tab 4"

"RFP 25-191 Tab 5"

For more instructions, a video tutorial has been produced to further explain the electronic solicitation submittal process. It can be found by clicking here for RFP Submittals: https://youtu.be/vkn_7AHgioE. If you need assistance accessing this website due to ADA or any other reason, please email Tabatha Shirah at tabathashirah@polk-county.net.

Procurement recommends that Proposers submitting electronically double check the documents submitted into Kiteworks to ensure all requested tab information has been uploaded. Failure to upload the requested tab information may result in the proposal being deemed nonresponsive.

POLK COUNTY
Procurement Division
Fran McAskill
Procurement Director
REQUEST FOR PROPOSAL 25-191
POLK COUNTY SOUTH & CENTRAL COUNTY JAIL SECURITY UPGRADES

Sealed proposals will be received in the Procurement Division, Wednesday, April 23, 2025, prior to 2:00 p.m.

Attached are important instructions and specifications regarding responses to this Request for Proposal (the "RFP"). The failure of a responding proposer (a "Proposer") to follow these instructions could result in Proposer disqualification from consideration for a contract to be awarded pursuant to this RFP.

This document is issued by Polk County (the "County") which is the sole distributor of this RFP and all addenda and changes to the RFP documents. The County shall record its responses to inquiries and provide any supplemental instructions or additional documents pertaining to this RFP in the form of written addenda to the RFP. The County shall post all such addenda, together with any other information pertaining to this RFP, on the County's website at https://www.polk-county.net/business/procurement/. It is the sole responsibility of each Proposer to review the website prior to submitting a responsive proposal (a "Proposal") to this RFP to ensure that that the Proposer has obtained all available instructions, addenda, changes, supporting documents, and any other information pertaining to this RFP.

The County is not responsible for any solicitations issued through subscriber, publications, or other sources not connected with the County and the Proposer should not rely on such sources for information regarding the RFP solicitation.

Questions regarding this RFP must be in writing and must be sent to Tabatha Shirah, Procurement Analyst, via email at tabathashirah@gmail.com or via fax at (863) 534-6789. **All questions must be received by Wednesday, April 9, 2025, 4:00 p.m.**

Proposers and any prospective proposers shall not contact, communicate with or discuss any matter relating in any way to this RFP with any member of the Polk County Board of County Commissioners or any employee of Polk County other than the County Procurement Director or the individual designated above. This prohibition begins with the issuance of the Request for Proposal and ends upon execution of the final contract. Any such communication initiated by a Proposer or prospective proposer shall be grounds for disqualifying the offender from consideration for a contract to be awarded pursuant to this RFP and for contracts to be awarded pursuant to RFPs or Requests for Bid that the County may issue in the future.

A Proposer's responsive Proposal to this RFP may be mailed, express mailed, or hand delivered to:

Polk County Procurement Division
330 West Church Street, Room 150
Bartow, Florida 33830
(863)534-6757

INTRODUCTION

Polk County, a political subdivision of the State of Florida, is soliciting proposals from qualified vendors to remove the current security systems, and provide and install new security systems at the Polk County South County and the Central County Jail Facilities. Company must have experience providing these services in correctional facilities or other high security environments.

Vendors selected for Interviews must be able to demonstrate all equipment, software and cameras proposed before selection.

It is the intent of the County to enter into an agreement with one vendor. In addition to the agreement a separate 10-year maintenance agreement will be negotiated with the successful Vendor and will become effective upon final completion of this project. All software, systems and camera updates must be included.

The security system selected as a result of this RFP may be utilized at other locations to allow for standardization of equipment and consistent training on security systems around the County. An amendment to the resulting agreement will be made for security system installations or upgrades at any additional locations at the discretion of Polk County.

The County will negotiate a fee proposal with the successful Vendor during Elevation Level 4 (Contract Negotiations).

All services must be performed in accordance with applicable Federal, State and Local regulations.

BACKGROUND, PURPOSE AND SCOPE

The systems at both locations have reached their end of useful life and need replacement.

South County Jail consists of approximately 12 buildings, totaling around 450,000 square feet. These buildings consist of multiple inmate housing units, secure corridors, administration area, kitchen, staff dining, sallyport, laundry, storage areas, exterior areas and a visitation building. Additionally, there are 14 control rooms and viewing stations, which includes one (1) master control station. There are an estimated 452 indoor cameras and 35 outdoor cameras.

The Central County Jail consists of approximately 5 buildings, totaling around 177,000 square feet. These building consist of multiple housing units, secure corridors, administration area, kitchen, staff dining, sallyport, laundry, central energy plant, storage areas and exterior areas. Additionally, there are seven (7) control rooms, which includes one (1) master control station. There are an estimated 210 total cameras.

These locations are high-level security areas and active jail facilities. All safety and security measures must be followed while working onsite. The successful Vendor will be required to submit Sherriff Office Clearance Application for each employee and subcontractor's employees (if applicable). Instructions can be found on Exhibit 2.

QUALIFICATIONS

All documentation for information requested in the Qualifications section should be included with the proposers submittal under "Tab 1, Executive Summary" to be considered responsive to this RFP.

1. Provide evidence of company being in business under the same EIN number for 10 years.
2. Company must be an authorized dealer of the equipment proposed. Provide documentation Vendor is an authorized dealer.
3. Provide a SOC2 Type 2 report for all proposed solution components. SOC2 form has been provided on the FTP Site.

SCOPE OF SERVICES

The successful company shall provide all labor, material, equipment, demolition, administration, engineering, drawings, permits, warranty and expertise to replace the existing security systems at the South and Central County jails.

It is Polk County's objective to replace the current security systems at both the South County and Central County Jail with single but separate unified modern systems. The security system replacement shall include, but not be limited to, cameras, enclosures, wire, cabling, conduit, intercoms, switches, touch screens, monitors, consoles, door controls, Programmable Logic Controller's (PLC), software and licenses, etc.

Company must be able to provide solutions for low bandwidth locations. Proposals must include minimum acceptable data transfer speeds.

Company must have 24/7 service/support available and to include onsite if required. Remote technical support must be immediate and if repair can't be fixed remotely with-in 1 hour, a technician shall be onsite within 4 hours.

System Minimum Requirements

<u>Systems</u>

- All systems should be the current systems under standard manufacturer support. Legacy Systems are not permitted.
- Proposed systems must allow for growth without significant system redesign if requirements change at either facility.

- Unlimited user capability with a single license and provide multiple access levels.
- Systems must have the option to be cloud based or on premise.
- System must have the ability to obtain up to 365 days of audio and video.
- Ability for remote monitoring through secure access. Remote access must support phishing-resistant multifactor authentication. Also be SOC2 Type 2 connections.
- Systems must have built-in back-up for uninterruptible operation.
- Systems must be able to integrate (cameras, door controls and Intercoms)
    - Required integrations include but not limited to:
        - Ability to open a door from a camera screen
        - Ability to view a camera based on an intercom call
        - Ability to capture video footage based on an intercom call
        - Ability to pan/tilt/zoom a camera based on an intercom call
- Systems must be touchscreen control or mouse controlled.
- Both facilities are operated twenty-four hours a day, 365 days a year. Systems must include redundancy that will allow for uninterrupted use and continued operation even if an individual component fails. Failover capability should be included as a portion of each proposal.
- All data on all systems must be encrypted both in transit and while at rest.

Cameras

- Indoor cameras must be at least 5mp fixed and outdoor cameras must be 20mp
- Up to 4k image resolution (3840 x 2160)
- All camera enclosures shall be vandal-proof, anti-tampering and anti-vibration compliant.
- Infrared illumination for night visibility.
- Must provide variety of camera models (bullet, fisheye, dome and mini dome)

Intercom

- Must be a digital intercom system that can be integrated with the proposed camera and door control system.

Door Controls

- Must be digital system that can be integrated with the proposed intercom and door control system.
- System components must meet UL 294 standards.
- Electric strikes must meet appropriate ANSI/BHMA A156.3 standards.

Proposed implementations must consider that the existing systems will remain fully operational until the proposed system is completed and signed off by the Facilities

Management Representative. This may require new cable pathways or other infrastructure accommodations.

The County shall request the services on an as-needed basis. There is no guarantee that any or all of the services described in the agreement will be assigned during the term of the agreement. Further, the Vendor is providing these services on a nonexclusive basis. The County, at its option, may elect to have any of the services set forth herein performed by other vendors or County staff.

AGREEMENT

The term of the agreement for providing and installing security systems will be for approximately 5 years. The term of the associated maintenance agreement will be for approximately 10 years. The Actual term for each agreement will be negotiated as part of Elevation Level 4, Contract Negotiations.

SUBMITTAL

Submittals should not contain information in excess of that requested, must be concise, and must specifically address the issues of this RFP. The responses should be in the same order as the selection and evaluation procedures. Proposals are to be printed double-sided. Unnecessarily elaborate brochures or other presentations beyond those sufficient to present a complete and effective submittal to this solicitation are not desired and may be construed as an indication of the proposer's lack of cost consciousness. Elaborate artwork, expensive visual aids, and other presentation aids are neither necessary nor desired, unless specifically requested. The proposal submittals should be contained within a three (3) ring binder (original and each copy in separate binders). Each submittal should contain:

Tab 1, Executive Summary:

Introduction letter describing your firm, experience, number of years in business, contact name, company address, phone number and email address of contact person. (One page, single or double sided)

Tab 2, Experience, Expertise, Personnel & Technical Resources (30 Points)

- Provide your firm's organization structure.
- Provide a resume for the project manager and all key personnel that will be involved in providing the services as outlined in the scope of work. (1 page single or double sided for each resume)

- Describe the firm's experience with providing similar size and scope of work as outlined in this RFP. (One page, single or double sided)
- Provide a minimum of ten (10) and a maximum of fifteen (15) projects in which the proposer has performed similar size and scope of services as the prime vendor in the past ten (10) years. One project that was performed at a correctional facility. For each project identified please include (2 pages for each project, single or doubled sided):
    - Client name
    - Contact person
        - Contact's phone number and email address
    - Cost of the project
    - Start and end date of project.
    - Brief description of the services provided.
        - To include the number of cameras installed at each location.

Tab 3, Approach to Project (40 points)

- Provide a short narrative project approach outlining how you propose to respond to and manage this project.
- Please describe the specific abilities of the firm/team to be assigned to this project in regard to this approach. Include any innovative approaches to providing the services, and include any additional information not directly cited in the scope of services.
- Briefly describe firm's quality assurance/quality control program.
- Please include a project schedule.

Tab 4, Software, Equipment and Devices (20 Points)

- Please provide brochures of the software, equipment and devices that your company would propose for this project based on the information provided in the background, scope of work and system minimum requirements. Supplemental software data sheets may be provided also.
- Please provide a detailed explanation of why your company is recommending the software, equipment and devices.

Tab 5, Surveys of Past Performance (10 Points)

- Provide reference surveys from past clients for the projects identified under Tab 2.

- Completed surveys. (See Exhibit 1) Procurement will take the average of all surveys and score as follows:
    - Average Score between 9-10 (10 Points)
    - Average Score between 7-8 (8 Points)
    - Average Score between 5-6 (6 Points)
    - Average Score between 3-4 (4 Points)
    - Average Score between 1-2 (2 Points)
    - Average Score of 0 (0 Points)

EVALUATION CRITERIA AND SELECTION PROCESS

Proposals will be evaluated in accordance with this section and all applicable County procurement policies and procedures.

The County shall appoint a selection committee (the "Selection Committee") that will be responsible for evaluating and scoring/ranking the Proposals in accordance with this Section.

The County will use a competitive selection process based on the Elevation Levels described in this Section. At Elevation Levels 2 and 3, the Selection Committee will score and/or rank the Proposals as applicable.

Selection of a final Proposal will be based upon the following steps and factors:

Elevation Level 1 (Procurement Requirements Assessment)

The County Procurement Division shall review all Proposals for conformance with RFP guidelines and detailed submittal requirements. At the County's discretion, non-conforming Proposals may be eliminated from further consideration and conforming Proposals shall be elevated to Elevation Level 2.

Procurement will distribute Proposals and evaluation criteria to the Selection Committee.

The Selection Committee may convene to review questions that arise during individual member review of submitted Proposals before Elevation Level 2 to allow for questions, clarifications, explanations, or other discussion to be held before the review of Proposals is completed.

Elevation Level 2 (Selection Committee Evaluation)

Procurement shall score each Proposal on the following evaluation criteria:

- (Tab 5) Surveys of Past Performance - 10 points
  Subtotal Points - 10 Points

by the process stated under each corresponding Tab description

Each Selection Committee member shall score each Proposal on the following evaluation criteria:

- (Tab 2)Experience, Expertise, Personnel - 30 points
  & Technical Resources
- (Tab 3) Approach to Project - 40 points
- (Tab 4) Software, Equipment and Devices – 20 points
  Subtotal Points - 90 points

by the following process:

Each Selection Committee member shall determine which of the following descriptions applies to each of the foregoing evaluation criteria:

EXCELLENT (1.0): Of the highest or finest quality; exceptional; superior; superb; exquisite; peerless. The Proposer provided information for a given criteria that satisfied the requirements and described specifically how and what will be accomplished in such a manner that exhibited an exceptional and superior degree of understanding, skill, and competency, both qualitatively and quantitatively. The facts included in the narrative (including all supporting documentation, diagrams, drawings, charts, and schedules, etc.) demonstrate the Proposer's ability to perform and deliver far beyond expectation.

VERY GOOD (0.8): To a high degree; better than or above competent and/or skillful. The Proposer provided information for a given criteria that satisfied the requirements and described specifically how and what will be accomplished in such a manner that exhibited a very high degree of understanding, skill, and competency, both qualitatively and quantitatively. The facts included in the narrative (including all supporting documentation, diagrams, drawings, charts, and schedules, etc.) demonstrate the Proposer's ability to perform and deliver beyond expectation.

GOOD (0.6): Having positive or desirable qualities; competent; skilled; above average. The Proposer provided information for a given criteria that satisfied the requirements and described specifically how and what will be accomplished in such a manner that exhibited a skillful and above-average degree of understanding, skill, and competency,

both qualitatively and quantitatively. The facts included in the narrative (including all supporting documentation, diagrams, drawings, charts, and schedules, etc.) demonstrate the Proposer's ability to perform and deliver at the expected level.

FAIR (0.4): Average; moderate; mediocre; adequate; sufficient; satisfactory; standard.

The Proposer provided information for a given criteria that satisfied the requirements and described sufficiently how and what will be accomplished in a manner that exhibited an adequate and average degree of understanding, skill, and competency, both qualitatively and quantitatively. The facts included in the narrative (including all supporting documentation, diagrams, drawings, charts, and schedules, etc.) demonstrate the Proposer's ability to perform and deliver at a level slightly below expectation.

POOR (0.2): Inadequate; lacking; inferior in quality; of little or less merit; substandard; marginal.

The Proposer provided information for a given criteria that did not satisfy the requirements and described in an inadequate manner how and what will be accomplished. The information provided simply reiterated a requirement, contained inaccurate statements or references, lacked adequate information, or was of inferior quality. The facts included in the narrative (including all supporting documentation, diagrams, drawings, charts, and schedules, etc.) demonstrate the Proposer's ability to perform and deliver at a substandard and inferior level.

UNACCEPTABLE (0.0):

The Proposer failed to provide any information for a given criteria, provided information that could not be understood, or did not provide the information for a given category as requested.

After a Selection Committee member has determined the description applicable for each evaluation criterion, the total points available for such criterion shall be multiplied by the factor associated with the applicable description to produce the number of points allocated for that evaluation criterion. For example, a Selection Committee member classifies the "Experience and Expertise" criterion (which shall be worth 25 points for the purpose of this example) as "Very Good" (which is a description factor multiplier of 0.8). The points that Selection Committee member allocated for that evaluation criterion

would be 20, calculated as follows: 25 available points x 0.8 applicable description factor multiplier = 20 points.

A Selection Committee member's total score for each Proposal shall equal the sum of the total points allocated for each evaluation criteria.

When all Selection Committee members have completed their Proposal evaluations, the individual Selection Committee member's total scores for each Proposal will be added together to produce a final score for each Proposal.

Procurement will confirm the calculations for the final score for each Proposal. Then, Procurement shall publish a rank-ordered listing of the Proposals to the Selection Committee with the Proposal receiving the highest point as the highest-ranked Proposal.

If the Selection Committee decides to interview Proposers based on the final scores, then at a minimum the Selection Committee shall elevate the two highest-ranked Proposers to Elevation Level 3 for interviews. If the Selection Committee decides not to interview Proposers, they will collectively decide if they would like to recommend the Board, or if applicable the County Manager authorize staff to enter into Contract Negotiations with all Proposers, starting with the highest scoring Proposer. After Board or County Manager approval, as applicable, to authorize staff to negotiate a contract, the Proposers will then be elevated to Elevation Level 4 for contract negotiations.

The determination of whether the County Manager may authorize negotiations, without further approval of the Board, is contingent upon whether the anticipated cost of the agreement exceeds $100,000. The County Manager may authorize contract negotiations for contracts which are not anticipated to exceed $100,000 in total.

Elevation Level 3 (Proposer Interviews/Software Demonstrations)

The Selection Committee shall conduct interviews of the Proposers that it has elevated from Elevation Level 2 to Elevation Level 3. During an interview, elevated Proposers will be required, AT NO CHARGE to the County, to provide a live demonstration of their Security software proposed and discuss the software transition/demolition. This demonstration should be given by functional experts. The presentation/demonstration

will be conducted at the Polk County Administration Building in Bartow, FL. The Evaluation Committee, along with system users, will be in attendance to pose questions to the Proposer finalist after their interview/software demonstration. The Selection Committee members will have an opportunity to inquire about any aspect of the RFP and the Proposer's Proposal.

After the interviews, each Selection Committee member will individually rank the Proposers in numerical order beginning at number 1 for the highest-ranked Proposer. Procurement shall receive and compile each Selection Committee member's ranking of each Proposer, and then publish a rank-ordered listing of Proposers to the Selection Committee, based on the combined average rankings given each Proposer. The Selection Committee members will then collectively decide if they would like to recommend the Board, or if applicable the County manager, authorize staff to enter into Contract Negotiations with all Proposers elevated to Proposer Interviews, starting with the highest-ranked Proposer. After Board or County Manager approval, as applicable, to authorize staff to negotiate a contract, the highest-ranked Proposer will then be elevated to Elevation Level 4, Contract Negotiations.

The determination of whether the County Manager may authorize negotiations, without further approval of the Board, is contingent upon whether the anticipated cost of the agreement exceeds $100,000. The County Manager may authorize contract negotiations for contracts which are not anticipated to exceed $100,000 in total.

Elevation Level 4 (Contract Negotiations)

If a Proposer is elevated to this level, the User division, with the assistance of the Procurement and the County Attorney's Office, shall negotiate an Agreement with the elevated Proposer.

If after negotiating for a reasonable time period the parties cannot agree on a contract, the County shall, in its sole discretion, terminate further contract negotiations with that Proposer. Procurement shall notify the Selection Committee that contract negotiations with the elevated Proposer have terminated. The Selection Committee shall then determine whether to enter into contract negotiations with the next-highest-ranked Proposer, and so on. If the Selection Committee decides not to recommend contract negotiations with the next-highest-ranked Proposer, and so on, or if the County

determines there is no other Proposer with whom the County can successfully negotiate a contract, then the RFP Selection Process shall terminate.

After contract negotiations with a Proposer are successfully completed pursuant to Elevation Level 4, the Selection Committee shall recommend to the Board of County Commissioners or County Manager, as applicable, that it selects such Proposer to provide the services as outlined in the Agreement. The Board of County Commissioners or County Manager, as applicable, shall make the final decision whether the County shall enter into an Agreement with a Proposer.

The determination of whether the County Manager may execute a contract, without further Board approval, is contingent upon whether the cost of the agreement exceeds $100,000. The County Manager may execute contracts that do not exceed $100,000 in total.

GENERAL CONDITIONS

BID OPENING

Proposers may attend the Bid Opening in person or via conference call by dialing (646) 558-8656 and enter Meeting ID: 327 647 2818. A listing of all proposers will be posted to Procurement's website as soon as possible after bid opening.

COMMUNICATIONS

After the issuance of any Request for Proposal, prospective proposers shall not contact, communicate with or discuss any matter relating in any way to the Request for Proposal with the Board of County Commissioners, the County Manager, or any employee of Polk County other than the Procurement Director or as directed in the cover page of the Request for Proposal. This prohibition begins with the issuance of any Request for Proposal and ends upon execution of the final contract. Such communications initiated by a proposer shall be grounds for disqualifying the offending proposer from consideration for award of the proposal and/or any future proposal.

INSURANCE REQUIREMENTS

The selected Consultant, if any, shall maintain, at all times, in force during the contract period the insurance as specified with an insurer licensed to do business in the State of Florida; rated "A VIII" or better by A.M. Best Rating Company for Class VIII financial size category. Polk County, a political subdivision of the State of Florida, must be named as an additional insured with respect to liability arising from all work being performed for Polk County, for Automobile and General Liability policies of insurance. The certificate holder must be Polk County, a political subdivision of the State of Florida, 330 W Church St, Rm 150, Bartow, Florida 33830. Workers' Compensation Insurance is required to provide statutory benefits, including those that may be required by any applicable federal statute. Any sole proprietor or partner actively engaged in the construction industry, and any corporate officer of a construction or non-construction industry corporation who elects to be exempt from the provisions of the workers' compensation law must provide either a workers' compensation exemption certificate (construction industry) or a letter stating the exemption status and number of employees (non-construction industry). For non-exempt vendors, Employers Liability in the amount

of $1,000,000. Commercial General Liability Insurance $1,000,000 combined single limit of liability for bodily injuries, death, and property damage, and personal injury resulting from any one occurrence, including the following coverages: Completed Operations, Broad Form CG. Comprehensive Automobile Liability Insurance $1,000,000; combined single limit of liability for bodily injuries, death and property damage resulting from any one occurrence, including all owned, hired and non-owned vehicles. The general liability and worker's compensation policies shall contain a waiver of subrogation in favor of Polk County. An original certificate of insurance must be on file in the Procurement Division before a purchase order will be issued.

Cyber Liability: $2,000,000 combined single limit of liability. Policy shall include, but not limited to, coverage for computer or network systems attacks, denial or loss of service, introduction, implantation or spread of malicious software code, unauthorized access and use of computer systems. Policy shall also include coverage for collection, theft, loss or disclosure of confidential information and data, to include personal and/or medical data.

Professional Services Errors and Omissions Liability Insurance: $2,000,000 combined single limit of liability, to include engineering and other professional services, as applicable**.**

INDEMNIFICATION

Consultant, to the extent permitted by law, shall indemnify, defend (by counsel reasonably acceptable to County), protect and hold the County, and its officers, employees and agents, harmless from and against any and all, claims, actions, causes of action, liabilities, penalties, forfeitures, damages, losses, and expenses whatsoever (including, without limitation, attorneys' fees, costs, and expenses incurred during negotiation, through litigation and all appeals therefrom) including, without limitation, those pertaining to the death of or injury to any person, or damage to any property, arising out of or resulting from (i) the failure of Consultant to comply with applicable laws, rules or regulations, (ii) the breach by Consultant of its obligations under any Agreement with the County entered into pursuant to this solicitation, (iii) any claim for trademark, patent, or copyright infringement arising out of the scope of Consultant's performance or nonperformance of the Agreement, or (iv) the negligent acts, errors or

omissions, or intentional or willful misconduct, of Consultant, its professional associates, subcontractors, agents, and employees; provided, however, that Consultant shall not be obligated to defend or indemnify the County with respect to any such claims or damages arising out of the County's sole negligence. The obligations imposed by this Section shall survive the expiration or earlier termination of the Agreement.

PUBLIC ENTITY CRIMES STATEMENT

The Consultant declares and warrants that neither the Consultant nor any of the Consultant's affiliates, as that term is defined in Section 287.133, Florida Statutes, are subject to the restrictions in Section 287.133, Florida Statutes, regarding the commission of a public entity crime. If during the term of this Agreement, the Consultant or any affiliate is convicted of a public entity crime or is otherwise prohibited from performing work for or transacting business with the County pursuant to Section 287.133, Florida Statutes, then the Consultant shall be in material default of this Agreement, and in such case, the County shall have the rights and remedies as provided herein.

EQUAL OPPORTUNITY/AFFIRMATIVE ACTION

The County is an equal opportunity/affirmative action employer. The County is committed to equal opportunity employment effort; and expects Consultants that do business with the County to have a vigorous affirmative action program.

WOMEN/MINORITY BUSINESS ENTERPRISE OUTREACH

The County hereby notifies all Proposers that W/MBE's are to be afforded a full opportunity to participate in any request for proposal by the County and will not be subject to discrimination on the basis of race, color, sex or national origin.

AFFIRMATION

By submitting their proposal, the Proposer affirms that the proposal is genuine and not made in the interest of or on behalf of any undisclosed person, Consultant or corporation and is not submitted in conformity with any agreement or rules of any group, association, organization or corporation; the Proposer has not directly or indirectly induced or solicited any other person to submit a false or sham proposal; the Proposer has not solicited or induced any person, Consultant or corporation to refrain from

submitting a proposal; and the Proposer has not sought by collusion to obtain for him/herself any advantage over other persons or over the County.

DEVELOPMENT COSTS

Neither the County nor its representative(s) shall be liable for any expenses incurred in connection with preparation of a submittal to the RFP. Proposers should prepare their proposals simply and economically, providing a straightforward and concise description of the proposer's ability to meet the requirements of the RFP.

ADDENDA

The County may record its responses to inquiries and any supplemental instructions in the form of written addenda. The addenda will be posted on the County's website at https://www.polk-county.net/business/procurement/. It is the sole responsibility of the proposers to check the website to ensure that all available information has been received prior to submitting a proposal.

CODE OF ETHICS

If any proposer violates or is a party to a violation of the code of ethics of Polk County or the State of Florida, with respect to this proposal, such proposer may be disqualified from performing the work described in this proposal or from furnishing the goods or services for which the proposal is submitted and shall be further disqualified from bidding on any future proposals for work, goods, or services for the County.

DRUG FREE WORKPLACE

Preference shall be given to businesses with Drug Free Workplace (DFW) programs. Whenever two or more proposals, which are equal with respect to price, quality and service, are received by the County for the procurement of commodities or contractual services, a proposal received from a business that has provided a statement that it is a DFW shall be given preference in the award process.

APPLICABLE LAWS AND COURTS

This RFP and any resulting agreements shall be governed in all respects by the laws of the State of Florida and any litigation with respect thereto shall be brought only in the courts of Polk County, State of Florida or the Middle District of Florida, Hillsborough

County, Florida. The proposer shall comply with all applicable federal, state and local laws and regulations.

CONTRACT

All contracts are subject to final approval of the Polk County Board of County Commissioners or County Manager, as applicable. Persons or Consultants which incur expenses or change position in anticipation of a contract prior to the Board's approval do so at their own risk.

PROPOSAL ACCEPTANCE PERIOD

A proposal shall be binding upon the offeror and irrevocable by it for one hundred and twenty (120) calendar days following the proposal opening date. Any proposal in which offeror shortens the acceptance period may be rejected.

ADDITION/DELETION

The County reserves the right to add to or delete any item from this proposal or resulting agreements when deemed to be in the best interest of the County.

INVOICING AND PAYMENT: The successful proposer shall submit a properly certified invoice to the County at the contract prices**. An original invoice shall be submitted to the appropriate User Division.** The proposer shall include the contract number and/or the purchase order number on all invoices. By submitting an invoice, the proposer's Project Manager or any authorized officer is attesting to the correctness and accuracy of all charges. Invoices will be processed for payment when approved by the appropriate Division's Project Manager or designee. The County's payment of an invoice shall not constitute evidence of the County's acceptance of the Proposers performance of the Service or the County's acceptance of any work.

PROPRIETARY INFORMATION

In accordance with Chapter 119 of the Florida Statutes (Public Records Law) and except as may be provided by other applicable State and Federal Law, all proposers should be aware that Request for Proposals and the submittals thereto are in the public domain. However, the proposers are required to identify specifically any information contained in their proposals which they consider confidential and/or proprietary and which they believe to be exempt from disclosure, citing specifically the applicable

exempting law. Proposers should provide a redacted copy of proposal with submittal, or must provide within thirty (30) days from the Proposal due date.

All proposals received from proposers in response to this Request for Proposal will become the property of the County and will not be returned to the proposers. In the event of contract award, all documentation produced as part of the contract will become the exclusive property of the County.

REVIEW OF PROPOSAL FILES

In accordance with Chapter 119.071 of the Florida Statutes, the submittals received for this Request for Proposal are exempt from review for thirty (30) days after the Bid Opening Date or at Recommendation of Award, whichever event occurs first.

Should the RFP be cancelled and re-solicited for any reason, proposal submittals shall remain exempt from disclosure for a period not to exceed twelve (12) months or at Recommendation of Award of the subsequent solicitation.

RFP PROTEST: Any proposer desiring to file a protest, with respect to a recommended award of any RFP, shall do so by filing a written protest. The written protest must be in the possession of the Procurement Division within three (3) working days of the Notice of Recommended Award mailing date. All proposers who submitted a proposal will be sent a Notice of Recommended Award, unless only one proposal was received.

A copy of the protest procedures may be obtained from the Polk County Procurement Division or can be downloaded from the County's website at https://www.polk-county.net/business/procurement/protest-procedures/.

FAILURE TO FOLLOW PROTEST PROCEDURE REQUIREMENTS WITHIN THE TIME FRAMES PRESCRIBED HEREIN AS ESTABLISHED BY POLK COUNTY, FLORIDA, SHALL CONSTITUTE A WAIVER OF THE PROPOSER'S RIGHT TO PROTEST AND ANY RESULTING CLAIM.

UNAUTHORIZED ALIEN(S)

The vendor agrees that unauthorized aliens shall not be employed nor utilized in the performance of the requirements of this solicitation. The County shall consider the employment or utilization of unauthorized aliens a violation of Section 274A(e) of the

Immigration and Naturalization Act (8 U.S.C. 1324a). Such violation shall be cause for unilateral termination of this Agreement by the County. As part of the response to this solicitation, the successful Consultant will complete and submit the attached form "AFFIDAVIT CERTIFICATION IMMIGRATION LAWS."

EMPLOYMENT ELIGIBILITY VERIFICATION (E-Verify)

A. Unless otherwise defined herein, terms used in this Section which are defined in Section 448.095, Florida Statutes, as may be amended from time to time, shall have the meaning ascribed in said statute.

B. Pursuant to Section 448.095(5), Florida Statutes, the contractor hereto, and any subcontractor thereof, must register with and use the E-Verify system to verify the work authorization status of all new employees of the contractor or subcontractor. The contractor acknowledges and agrees that (i) the County and the contractor may not enter into this Agreement, and the contractor may not enter into any subcontracts hereunder, unless each party to this Agreement, and each party to any subcontracts hereunder, registers with and uses the E-Verify system; and (ii) use of the U.S. Department of Homeland Security's E-Verify System and compliance with all other terms of this Certification and Section 448.095, Fla. Stat., is an express condition of this Agreement, and the County may treat a failure to comply as a material breach of this Agreement.

C. By entering into this Agreement, the contractor becomes obligated to comply with the provisions of Section 448.095, Fla. Stat., "Employment Eligibility," as amended from time to time. This includes but is not limited to utilization of the E-Verify System to verify the work authorization status of all newly hired employees, and requiring all subcontractors to provide an affidavit attesting that the subcontractor does not employ, contract with, or subcontract with, an unauthorized alien. The contractor shall maintain a copy of such affidavit for the duration of this Agreement. Failure to comply will lead to termination of this Agreement, or if a subcontractor knowingly violates the statute or Section 448.09(1), Fla. Stat., the subcontract must be terminated immediately. If this Agreement is terminated pursuant to Section 448.095, Fla. Stat., such termination is not a breach of contract and may not be considered as such. Any challenge to termination under this provision must be filed in the Tenth Judicial Circuit Court of Florida no later than 20 calendar days after the date of termination. If this Agreement is terminated for a violation of Section 448.095, Fla. Stat., by the contractor, the contractor may not be awarded a public contract for a period of 1 year after the date of termination. The contractor shall be liable for any additional costs incurred by the County as a result of the termination of this Agreement. Nothing in this Section shall be construed to allow intentional discrimination of any class protected by law.

LIMITATIONS

The County reserves the right to revise, amend or withdraw this proposal at any time to protect its interest. Proposers will not be compensated by the County for costs incurred in preparation of responses to this RFP.

ATTORNEY'S FEES AND COSTS: Each party shall be responsible for its own legal and attorney's fees, costs and expenses incurred in connection with any dispute or any litigation arising out of, or relating to this Agreement, including attorney's fees, costs and expenses incurred for any appellate or bankruptcy proceedings.

Prohibition Against Considering Vendor Interests: In accordance with Section 287.05701, Florida Statutes, the County may not (i) request documentation of or consider a Vendor's social, political, or ideological interests when determining if the Vendor is a responsible vendor; or (ii) give preference to a Vendor based on the Vendor's social, political, or ideological interests.

PUBLIC RECORD LAWS

(a)The Consultant acknowledges the County's obligations under Article I, Section 24, of the Florida Constitution and under Chapter 119, Florida Statutes, to release public records to members of the public upon request and comply in the handling of the materials created under this Agreement. The Consultant further acknowledges that the constitutional and statutory provisions control over the terms of this Agreement. In association with its performance pursuant to this Agreement, the Consultant shall not release or otherwise disclose the content of any documents or information that is specifically exempt from disclosure pursuant to all applicable laws.

(b) Without in any manner limiting the generality of the foregoing, to the extent applicable, the Consultant acknowledges its obligations to comply with Section 119.0701, Florida Statutes, with regard to public records, and shall:

(1) keep and maintain public records required by the County to perform the services required under this Agreement;

(2) upon request from the County's Custodian of Public Records or his/her designee, provide the County with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law;

(3) ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the term of this Agreement and following completion of this Agreement if the Consultant does not transfer the records to the County; and

(4) upon completion of this Agreement, transfer, at no cost, to the County all public records in possession of the Consultant or keep and maintain public records required by the County to perform the service. If the Consultant transfers all public records to the County upon completion of this Agreement, the Consultant shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Consultant keeps and maintains public records upon completion of this Agreement, the Consultant shall meet all applicable

requirements for retaining public records. All records stored electronically must be provided to the County, upon request from the County's Custodian of Public Records, in a format that is compatible with the information technology systems of the County.

(c) **IF THE CONSULTANT HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONSULTANT'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, CONTACT THE COUNTY'S CUSTODIAN OF PUBLIC RECORDS AT:**

Scrutinized Companies and Business Operations Certification; Termination.

A. Certification(s)

(I) By its execution of this Agreement, the Vendor hereby certifies to the County that the Vendor is not on the Scrutinized Companies that Boycott Israel List, created pursuant to Section 215.4725, Florida Statutes, nor is the Vendor engaged in a boycott of Israel, nor was the Vendor on such List or engaged in such a boycott at the time it submitted its bid, proposal, quote, or other form of offer, as applicable, to the County with respect to this Agreement.

(II) Additionally, if the value of the goods or services acquired under this Agreement are greater than or equal to One Million Dollars ($1,000,000), then the Vendor further certifies to the County as follows:

(a) the Vendor is not on the Scrutinized Companies with Activities in Sudan List, created pursuant to Section 215.473, Florida Statutes; and
(b) the Vendor is not on the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, created pursuant to Section 215.473, Florida Statutes; and
(c) the Vendor is not engaged in business operations (as that term is defined in Florida Statutes, Section 287.135) in Cuba or Syria; and
(d) the Vendor was not on any of the Lists referenced in this subsection A(ii), nor engaged in business operations in Cuba or Syria when it submitted its proposal to the County concerning the subject of this Agreement.

(iii) The Vendor hereby acknowledges that it is fully aware of the penalties that may be imposed upon the Vendor for submitting a false certification to the County regarding the foregoing matters.

B. Termination. In addition to any other termination rights stated herein, the County may immediately terminate this Agreement upon the occurrence of any of the following events:

(i) The Vendor is found to have submitted a false certification to the County with respect to any of the matters set forth in subsection A(i) above, or the Vendor is found to have been placed on the Scrutinized Companies that Boycott Israel List or is engaged in a boycott of Israel.

(ii) The Vendor is found to have submitted a false certification to the County with respect to any of the matters set forth in subsection A(ii) above, or the Vendor is found to have been placed on the Scrutinized Companies with Activities in Sudan List, or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or has been engaged in business operations in Cuba or Syria, and the value of the goods or services acquired under this Agreement are greater than or equal to One Million Dollars ($1,000,000).

Proposers Incorporation Information

The following section should be completed by all bidders and submitted with their bid submittal:

Company Name: _____

DBA/Fictitious Name (if applicable): _____

TIN #: _____

Address: _____

City: _____

State: _____

Zip Code: _____

County: _____

Note: Company name must match legal name assigned to the TIN number. A current W9 should be submitted with your bid submittal.

Contact Person: _____

Phone Number: _____

Cell Phone Number: _____

Email Address: _____

Type of Organization (select one type)

- □ Sole Proprietorship
- □ Partnership
- □ Non-Profit
- □ Sub Chapter
- □ Joint Venture
- □ Corporation
- □ LLC
- □ LLP
- □ Publicly Traded
- □ Employee Owned

State of Incorporation: _____

The Successful vendor must complete and submit this form prior to award. The Successful vendor must invoice using the company name listed above.

Drug-Free Workplace Form

(Submittal Page)

The undersigned vendor in accordance with Florida Statue 287.087 hereby certifies that, (Name of the Business): _____ does:

1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.
2. Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation programs, employee assistance programs and the penalties that may be imposed upon employees for drug abuse violations.
3. Give each employee engaged in providing the commodities or contractual services that are under this RFP a copy of the statement specified in subsection (1).
4. In the statement specified in subsection (1), notify the employees that, as a condition of working on the commodities or contractual services that are under this RFP, the employee will abide by the terms of the statement and will notify the employer of any conviction of, plea of guilty or nolo contendere to, any violation of Chapter 1893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace no later than five (5) days after such conviction.
5. Impose a sanction on or require the satisfactory participation in a drug abuse assistance or rehabilitation program, if such is available in the employee's community, by any employee who is so convicted.
6. Make a good faith effort to continue to maintain a drug-free workplace through implementation of this section.

As the person authorized to sign the statement, I certify that this firm complies fully with the above requirements.

EXHIBIT 1
DETAILED INSTRUCTIONS ON HOW TO PREPARE AND SEND PERFORMANCE SURVEYS

The objective of this process is to identify the past performance of the Consultant submitting a proposal package. This is accomplished by sending survey forms to past customers. The customers should return the forms directly to the Consultant. The Consultant is to include all surveys in their proposal package.

Sending the Survey

The surveys shall be sent to all clients for whom the Consultant has identified under Tab 2. Surveys should correlate to all projects identified under Tab 2.

If more surveys are included, Procurement will only use those identified under Tab 2.

1. The Consultant shall complete the following information for each customer that a survey will be sent

CLIENT NAME	Name of the company that the work was performed for (i.e. Hillsborough County).
FIRST NAME	First name of the person who will answer customer satisfaction questions.
LAST NAME	Last name of the person who will answer customer satisfaction questions.
PHONE NUMBER	Current phone number for the reference (including area code).
EMAIL ADDRESS	Current email address for the reference.
PROJECT NAME	Name of the project (Security Upgrades for Hillsborough County Sheriff's Office), Etc.
COST OF SERVICES	Cost of services ($300,000)
DATE COMPLETE	Date when the services were completed. (i.e. 2/1/2015)

2. The Consultant is responsible for verifying that their information is accurate prior to submission for references.

3. The survey must contain different services/projects. You cannot have multiple people evaluating the same job. However, one person may evaluate several different jobs.

4. The past projects can be either completed or on-going.

5. The past client/owner must evaluate and complete the survey.

Preparing the Surveys

1. The Consultant is responsible for sending out a performance survey to the clients that have been identified under Tab 2. The survey can be found on the next page.
2. The Consultant should enter the past clients' contact information, and project information on each survey form for each reference. The Consultant should also enter their name as the Consultant being surveyed.
3. The Consultant is responsible for ensuring all references/surveys are included in their submittal under Tab 5
4. Polk County Procurement may contact the reference for additional information or to clarify survey data. If the reference cannot be contacted, there will be no credit given for that reference.

Survey Questionnaire – Polk County

RFP 25-191, Polk County South & Central County Jail Security Upgrades

To: _____ (Name of Person completing survey)

_____ (Name of Client Company/Consultant)

Phone Number: _____ Email: _____

Subject: Past Performance Survey of Similar work:

Project name: _____

Name of Vendor being surveyed: _____

Cost of Services: Original Cost: _____ Ending Cost: _____

EMPLOYMENT ELIGIBILITY VERIFICATION (E-VERIFY) CERTIFICATION
(Florida Statutes, Section 448.095)

PROJECT NAME: **Polk County South & Central County Jail Security Upgrades**

The undersigned, as an authorized officer of the contractor identified below (the "**Contractor**"), having full knowledge of the statements contained herein, hereby certifies to Polk County, a political subdivision of the State of Florida (the "**County**"), by and on behalf of the Contractor in accordance with the requirements of Section 448.095, Florida Statutes, as related to the contract entered into by and between the Contractor and the County on or about the date hereof, whereby the Contractor will provide labor, supplies, or services to the County in exchange for salary, wages, or other remuneration (the "**Contract**"), as follows:

1. Unless otherwise defined herein, terms used in this Certification which are defined in Section 448.095, Florida Statutes, as may be amended from time to time, shall have the meaning ascribed in said statute.

2. Pursuant to Section 448.095(5), Florida Statutes, the Contractor, and any subcontractor under the Contract, must register with and use the E-Verify system to verify the work authorization status of all new employees of the Contractor or subcontractor. The Contractor acknowledges and agrees that (i) the County and the Contractor may not enter into the Contract, and the Contractor may not enter into any subcontracts thereunder, unless each party to the Contract, and each party to any subcontracts thereunder, registers with and uses the E-Verify system; and (ii) use of the U.S. Department of Homeland Security's E-Verify System and compliance with all other terms of this Certification and Section 448.095, Fla. Stat., is an express condition of the Contract, and the County may treat a failure to comply as a material breach of the Contract.

3. By entering into the Contract, the Contractor becomes obligated to comply with the provisions of Section 448.095, Fla. Stat., "Employment Eligibility," as amended from time to time. This includes but is not limited to utilization of the E-Verify System to verify the work authorization status of all newly hired employees, and requiring all subcontractors to provide an affidavit attesting that the subcontractor does not employ, contract with, or subcontract with, an unauthorized alien. The Contractor shall maintain a copy of such affidavit for the duration of the Contract. Failure to comply will lead to termination of the Contract, or if a subcontractor knowingly violates the statute or Section 448.09(1), Fla. Stat., the subcontract must be terminated immediately. If the Contract is terminated pursuant to Section 448.095, Fla. Stat., such termination is not a breach of contract and may not be considered as such. Any challenge to termination under this provision must be filed in the Tenth Judicial Circuit Court of Florida no later than 20 calendar days after the date of termination. If the Contract is terminated for a violation of Section 448.095, Fla. Stat., by the Contractor, the Contractor may not be awarded a public contract for a period of 1 year after the date of termination. The Contractor shall be liable for any additional costs incurred by the County as a result of the termination of the Contract. Nothing in this Certification shall be construed to allow intentional discrimination of any class protected by law.

Question 1: 1) Can you confirm that RFP #25-191 Polk County South & Central County Jail Security Upgrades will not include Door Hardware such as locks and will be Security Controls Only? 2) If so, do you know if a separate RFP will be forthcoming for this work?

Answer 1: 1) This RFP will not include door hardware such as locks. 2) The County has a separate solicitation that will be forthcoming replacing the Slider Cell Doors at the Central County Jail Only but it is not part of this RFP.

Question 2: Page 7, **Qualifications**, item #3 requires a completed SOC2 Type 2 report be submitted, and states that the SOC2 form is provided on the FTP site. The only document available on the FTP site is the "Polk County BoCC IT Vendor-Security-Questionnaire V4" Excel spreadsheet.

1) Is this Excel spreadsheet the SOC2 form?
2) If not, please provide the SOC2 form.
3) Under which Tab (Tabs 1-5) should this Excel spreadsheet be included in the electronic upload?

Answer 2: 1) Yes. 2) N/A. 3) Please place this items in "Tab 1, Executive Summary," after introduction letter.

Question 3: The subject RFP includes the following documents to be completed and returned with our proposal; under which Tab (Tabs 1-5) should these be included?

a. Proposers Incorporation Information (Submittal Page) – RFP page 27
b. Drug-Free Workplace Form – RFP page 28
c. Affidavit Certification Immigration Laws – RFP page 32
d. Employment Eligibility Verification (e-Verify) Certification – RFP page 33

Answer 3: Please place these items in "Tab 1, Executive Summary," after introduction letter.

Question 4: Page 8, **System Minimum Requirements, Door Controls**, includes the statement, "Electric strikes must meet appropriate ANSI/BHMAA A156.3 standards." Does the Agency anticipate the replacement of existing door locks and/or electric strikes? If so, please specify number and type.

Answer 4: This was for reference only. No door locks are anticipated during this project.

Question 5: Does the Agency have a preferred low voltage/electrical contractor for the provision of conduit/cable where new cable may be needed (example: new CAT6 cable for new IP cameras)? If so, please provide the name and contact information for same.

Answer 5: Polk County doesn't have a preferred low voltage/electrical contractor.

Question 6: Regarding low bandwidth requirements, please designate which location(s) or area(s) would require additional bandwidth?

Answer 6: This would be required for the Cloud Base solution for incoming data transfers.

Question 7: Please designate which systems must be 'cloud based'.

Answer 7: The County would like the option for the camera system to be either cloud based or on premises.

Question 8: 1) Is not meeting the 10-year EIN requirement a strict disqualification or just a basis for consideration in the review process?
2) If a company has been in business under the same EIN for 8 years, but their owners and team have 10+ years of experience individually, would that meet qualification?
3) Request the County reduce qualification from 10 years in business under the same EIN to 5 years?

Answer 8: 1) It would disqualify your company.
2) No, the qualification is for the company not the individuals experience at your company.
3) The requirements in the Qualifications will not be reduced.

Question 9: Due to the required amount of Survey Questionnaires to be submitted with our RFP response, and the Easter/Spring Break holiday coming up, we respectfully ask for a two-week extension?

Answer 9: One-week extension approved, see page one of Addendum 2 for extension information.

Agenda Item R.15. 8/19/2025

SUBJECT

Request the Board approve the 5-year cloud subscription service and hardware agreement with Laerdal Medical Corporation for the SimCapture manikin simulation (Total cost $248,601.40; Annual cost $49,720.28).

DESCRIPTION

Polk County Fire Rescue seeks to enhance its clinical education capabilities by acquiring high-fidelity adult and pediatric simulation manikins. The new manikins from Laerdal will be state-of-the-art and located at the new training center.

The simulation manikins are required for the new training center to be recognized as a certified training center by the state and credentialing agencies.

The manikins and simulation software, "SimCapture," will enable PCFR to recruit and train hometown heroes from our county, while maintaining the current staff's training.

The manikin's SimCapture cloud-based subscription service and hardware is an integrated scenario-recording software that captures audio, video, and manikin-derived data streams (e.g., chest-compression depth, ventilation volumes, and timed interventions) in real-time.

The SimCapture enables recorded scenarios in 4 simulation rooms and a 1 control room, facilitating objective debriefing that allows instructors and participants to review performance metrics, identify areas for improvement, and reinforce best practices.

The software analytics dashboard that is included in the subscription service will provide quantitative feedback-such as compression rate consistency and airway management timing-essential for both individual skill development and program-level quality assurance.

The SimCapture cloud subscription service agreement term of 5-years for a total cost of $248,601.40, which includes shipping cost of the hardware.

RECOMMENDATION

Request Board approve the 5-year Laerdal Medical Corporation cloud subscription service and hardware agreement for a total cost of $248,601.40.

FISCAL IMPACT

Funds are budgeted in the EMS Award Grant.

Start Date	The date of completion of Implementation Service
Initial Term (Minimum period of 60 months commencing on Start Date)	60 Months
Payment Schedule	5-annual payments

1. Subscription Terms. Each Order Form is governed by and incorporates the following documents collectively referred to as the Agreement.
   (i) Order Form and
   (ii) LAERDAL Service Terms including all Exhibits. Exhibits B and C will require customer signature later in the Implementation process.

   All capitalized terms used herein have the meanings stated in the Agreement.

2. Payment Terms.

   2.1 All Subscription Fees and Hardware and Implementation Service Fees are invoiced at time of shipment. All invoices are due within the Customer's established credit terms from date of invoice. (All payments due are in Local currency).

   2.2 Purchase Orders.

   a. Required. If Customer enters into an Order Form and requires a purchase order number on its invoice(s), then Customer will inform LAERDAL in advance and will issue a purchase order number to LAERDAL prior to commencement of the Subscription Service. LAERDAL will not be obligated to commence the Service prior to receipt of the purchase order number. Any terms and conditions (other than the purchase order number) contained in a Customer's purchase order will not apply to this Agreement and will be considered null and void. The terms of this Agreement will apply to any customer purchase order.

   b. Not Required. If Customer waives the purchase order requirement, then: (a) LAERDAL will invoice Customer without a purchase order; and (b) Customer agrees to pay invoices without a purchase order number.

2.3 Risk Upon Shipment. The grant of license to the Subscription Service to Customer commences upon the Start Date. The transfer of title to the hardware components of the Service occurs upon delivery of the hardware components to location designated by Customer.

3. Additional Order Form(s). Additional hardware and/or Services may be purchased by Customer and LAERDAL entering into additional Order Forms which shall be subject to the LAERDAL Service Terms including Exhibits.

4. Each party agrees to be bound by the terms of this Agreement.

LAERDAL SERVICE TERMS

DEFINITIONS

"Affiliate" includes in relation to either party, each and any subsidiary or holding company of that party and each and any subsidiary of a holding company of that party.

"**Authorized User**" means those individual users of the Service limited to Customer, its employees, faculty, students and others participating in Customer's simulation training activities all of whom are expressly authorized by Customer to use the Service.

"**Order Form**" means the first pages of this Agreement noted as Subscription Order Form.

"**CFE**" means the Customer furnished equipment and services defined in Exhibit B necessary for the Service.

"**Customer Data**" means any Customer data, information or material submitted to LAERDAL or inputted by the Customer or by any Authorised User into the Service for the purpose of using the Service or facilitating the Customer's use of the Service or any Output as defined below.

"**Data Protection Legislation**" means the General Data Protection Regulation EU 679/2016, California Consumer Privacy Act, Cal. Civil Code § 1798.100 *et seq.* and all federal, state and local legislation which applies to a party relating to the use of personal data.

Controller, processor, data subject, personal data, personal data breach, processing and appropriate technical and organizational measures is as defined in the Data Protection Legislation.

"Customer Representative" means a person duly authorized by the Customer to act on its behalf for the purposes of this Agreement and notified to LAERDAL as such by written notice.

"**Documentation**" means the then current explanatory and informational materials concerning the Service, in printed or electronic format, and which LAERDAL has released for general distribution to its customers.

"Effective Date" means the date specified as such in the Order Form.

"Hardware Fee" means the fee listed as such on the Order Form in respect of the hardware supplied by LAERDAL for use with the Service.

"Implementation Service" means the implementation and training services detailed in Exhibits A, B and C.

"Implementation Service Fee" means the fee listed as such on the Order Form in respect of the Implementation Service Fee.

"**Initial Term**" means the initial term of this Agreement as set forth on the Order Form commencing from the Start Date.

"Intellectual Property Rights" means, collectively, rights under patent, trademark, copyright and trade secret laws, and any other intellectual property or proprietary rights recognized in any country or jurisdiction worldwide, including moral rights and similar rights.

"Laerdal Hardware Form Factor(s)" means the LAERDAL owned equipment found on the Order Form.

"Normal Working Hours" means 8:00AM – 8:00PM EST Mon- Fri

"**Output**" means the results generated through use of the Subscription Service.

"Parties" means the Customer and LAERDAL..

"**Renewal Term**" means any additional periods of this Agreement after the Initial Term as described in Section 9.1 being a period of twelve (12) months commencing on an anniversary of the Start Date.

"**Service**" means the Subscription Service (including the support and maintenance service set out in the SimCapture milestones) and the Implementation Service, as may be modified by LAERDAL from time to time.

"**SimCapture**" or "**SimCapture Subscription Software**" mean the online software applications used or made available by LAERDAL to provide the Subscription Service including any enhancements, updates or new versions.

"**Start Date**" means the date by which Laerdal has completed the Implementation Service or one hundred and eighty (180) days from the Effective Date, whichever is the earlier.

"**Subscription Fee**" means the annual fees for the Subscription Service which are set in the Order Form for the Initial Term and are thereafter adjusted on an annual basis for any Renewal Term in accordance with Clause 3.2 of this Agreement.

"Subscription Service" means (i) the online software application subscription service including the SimCapture Subscription Software offered by LAERDAL listed on the Order Form to the Customer via the Web Site together with the use by the Customer of the Laerdal Hardware Form Factor(s) and (ii) the support and maintenance services detailed in the SimCapture milestones which commence on completion of the Implementation Service.

"**Term**" has the meaning given to it in Clause 9.1 (being the Initial Term together with any subsequent Renewal Term).

"**Third-Party Service**" any data, information or material submitted or provided by LAERDAL via the Service authored or provided by or from any third party.

"**Electronic Storage Allotment**" means the maximum electronic storage allotment provided to Customer for the storage and hosting of Customer's electronic files as part of the Subscription Service provided hereunder.

"**Web Site**" means the web site(s) through which the Subscription Service is made available to Customer or any other website notified to the Customer by LAERDAL from time to time.

1. SERVICE

1.1 Access to and Use of the Service. Subject to the terms of this Agreement, LAERDAL will provide the Implementation Service and the Subscription Service and LAERDAL hereby grants to Customer the non-exclusive, non-transferable right to use and access (and to permit Authorized Users to use and access) the Subscription Service via a designated Web Site and the Laerdal Hardware Form Factor(s) solely for the benefit of Customer's own training purposes in simulated environments or using simulation technologies PROVIDED ALWAYS that the use of the Subscription Service will not involve actual patients in any clinical setting. Customer acknowledges that the title and ownership of the Laerdal Hardware Form Factor(s) will remain with Laerdal at all times.

1.2 Hosting and Electronic Storage Allotment. LAERDAL will, as part of the Service, provide the Customer with the Subscription Service. Hosting fees for the Subscription Service are included in the Subscription Fee unless the Customer requires a dedicated server due to the size of the installation or for other purposes. In the event that Customer requires a dedicated server, additional hosting fees will be applicable for the Subscription Service as detailed in the Order Form. The Electronic Storage Allotment for Customer is 20 TB on the cloud.

1.3 Authorized Users. Customer must ensure that only Authorized Users have access to and use of the Service. If the Customer is notified or becomes aware that an unauthorized user and/or third party has gained access to or used the Service, Customer shall promptly notify LAERDAL. Customer shall take all reasonable steps to ensure that no Authorized Users shall take any action in breach of this Agreement. Such steps shall include, but shall not be limited to, imposing password restrictions on use of the Service, securing the Customer's system, and administering and monitoring use of the Service. Customer shall ensure that all Authorized Users comply with this Agreement, and shall be liable for all acts or omissions by such Authorized Users.

1.4 Reporting. Customer shall promptly report to LAERDAL any actual or suspected violation of Clause 1.1, 1.2 or 1.3 above and shall take such further steps as may reasonably be requested by LAERDAL to prevent or remedy any such violation.

1.5 Restrictions. Customer shall not (a) use the Service in any manner which is not expressly authorized by this Agreement or which breaches any applicable law; (b) copy or reproduce any SimCapture Subscription Software, in whole or in part (excluding reports generated by the Service Output functions); (c) modify, translate or create derivative works of any SimCapture Subscription Software, either directly or through any third party, including but not limited to translated or localized releases of the Product; (d) reverse engineer, decompile, disassemble or otherwise reduce any Sim Capture Subscription Software to source code form; (e) distribute, sublicense, assign, share, timeshare, sell, rent, lease, grant a security interest in, use for service bureau purposes or otherwise transfer the Subscription Service or Customer's right to access and use SimCapture Subscription Software; or (f) remove or modify any copyright, trademark or other proprietary notice of LAERDAL or its licensors on the Output or contained within SimCapture Subscription Software; (g) provide access to the Hardware or SimCapture to any party other than Authorized Users; or (h) access the Hardware or SimCapture in order to (A) build a competitive product or service, or (B) copy any ideas, features or functions. Customer acknowledges that the Service is a training tool and shall not use the Service to diagnose, treat, cure, mitigate, or prevent a disease or condition of a patient.

1.6 Cooperation. Customer acknowledges that the rendering of the Implementation Services and the Subscription Services will require the good faith cooperation of Customer. Therefore, Customer agrees to provide all information reasonably requested by LAERDAL in order to perform the Implementation Services and the Subscription Services. LAERDAL may rely upon all decisions and approvals from Customer, and LAERDAL shall not be liable for any matter as a result of following Customer's specific instructions.

2. INTELLECTUAL PROPERTY RIGHTS AND RESTRICTIONS

Ownership of Intellectual Property. The Customer acknowledges and agrees that the Subscription Service and all SimCapture Subscription Software used hereunder is and shall at all times remain, the sole and exclusive property of LAERDAL or its licensors, including, without limitation, all worldwide Intellectual Property Rights embodied in, related to, or represented by, the Service or any version thereof. Customer may from time to time provide suggestions, comments, improvements, enhancements, or other feedback to LAERDAL regarding the Hardware or SimCapture ("Feedback"). Feedback is and shall be given entirely voluntarily. LAERDAL shall be free to use, disclose, reproduce, modify, adapt, creative derivative works from, license, sublicense (through multiple tiers) or otherwise distribute, and exploit the Feedback provided to it as it sees fit for any purpose (for its own benefit and for the benefit of others) on a worldwide, royalty-free basis, in perpetuity, entirely without obligation or restriction of any kind on account of intellectual property rights or otherwise

3. FEES

3.1 Fees. Except as expressly set forth in the Order Form, Customer will pay all the Hardware Fee within the terms on their invoice and shall pay the Implementation Fee and initial Subscription Fee for access to and use of the Subscription Service within the terms on their invoice. Subsequent Subscription Fee(s) for any Renewal Term(s) thereafter shall be due on each anniversary of the Start Date. Each Subscription Fee for the Initial Term or any subsequent Renewal Term will be non-refundable and non-cancellable except as provided in Clause 5 of these Service Terms.

3.2 Increases to Subscription Fee. LAERDAL may increase the Subscription Fee and/or the rates in respect of any Renewal Term by giving at least three (3) months' written notice to the Customer prior to the expiry of the Initial Term or the then current Renewal Term, as applicable.

3.3 Late payments. If Customer fails to make any payment due to LAERDAL under this Agreement by the due date for payment, then without limiting LAERDAL's remedies under Section 9.2, the Customer shall pay interest on the overdue amount at the rate of 1.5% per month (or the highest rate permitted by law if less) above the base rate from time to time. Such interest shall accrue on a daily basis from the due date until actual payment of the overdue amount. The Customer shall pay the interest together with the overdue amount. LAERDAL may also suspend all or any part of the Service pending receipt of payment. If Customer disputes any invoice, it must notify LAERDAL in writing regarding the nature of the dispute prior to the due date on such invoice and pay all undisputed fees. Customer shall be responsible for all costs of collection for LAERDAL to collect overdue amounts, including attorney's fees and expenses.

3.4 Taxes. Customer is responsible for any taxes related to its purchase of the Service and the Customer will pay the Subscription Fee without any reduction for taxes. If LAERDAL is obligated to collect or pay any such taxes, the taxes shall be invoiced to Customer unless Customer provides LAERDAL with a valid tax exemption certificate by the appropriate taxing authority. If Customer is required by law to withhold any taxes from its payments to LAERDAL, Customer must provide LAERDAL with an official tax receipt or other appropriate documentation to support such withholding.

4. CUSTOMER DATA

4.1 Customer Data Ownership and Warranty. LAERDAL and Customer acknowledge that all Customer Data entered and used with the Service is and shall remain the property of Customer and nothing in this Agreement shall restrict Customer's use of its Customer Data. Customer Data shall be considered Confidential Information subject to the terms of this Agreement. LAERDAL shall have no responsibility for the accuracy, quality, legality, reliability, integrity or appropriateness of Customer Data that is not personal data. LAERDAL and its licensors are not liable or responsible for any results generated using Customer Data or Output. Customer represents and warrants that (a) it has the authority and right to transmit Customer Data to LAERDAL and to grant the license under Section 4.2, and has collected and processed all Customer Data in compliance with all laws, rules and regulations, including Data Protection Legislation; and (b) the use of Customer Data will not infringe the intellectual property rights or other proprietary rights of any third party.

4.2 License to LAERDAL. Customer grants LAERDAL and its Affiliates a non-exclusive, worldwide, perpetual, irrevocable, royalty-free, sub-licensable right to use display, transmit, modify and prepare derivative works of the aggregated or de-identified Customer Data and Output in any media. LAERDAL may aggregate and/or de-identify Customer meta-data with similar data from other customers and third parties to create anonymous or aggregated meta-data that does not identify any individual or the metrics or information pertaining to any individual or its domain ("Aggregated Meta-Data"). LAERDAL will own all rights to Aggregated Meta-Data, and has the irrevocable right to maintain, store, use and disclose Aggregated Meta-Data.

4.3 Use of Third-Party Service. LAERDAL shall have no responsibility for the accuracy, quality, integrity, legality, reliability, or appropriateness of Third-Party Service and LAERDAL shall not be responsible or liable for the deletion, correction, destruction, damage, or loss of any Third-Party Service. Customer acknowledges that use of any Third-Party Service generated, obtained or acquired through the use of the Services is at Customer's sole risk and discretion. LAERDAL and its licensors are not liable or responsible for any results generated using Third-Party Service.

4.4 Confidentiality. Each Party agrees to secure and protect the Confidential Information of the other in a manner consistent with the maintenance of the other party's rights therein, using at least as great a degree of care as it uses to maintain the confidentiality of its own confidential information of a similar nature, but in no event using less than reasonable efforts. ***"Confidential Information"*** means information that a disclosing party considers to be confidential, including but not limited to business and technical information, marketing plans, research, designs, plans, methods, techniques, processes and know-how, whether tangible or intangible and whether or not stored, compiled or memorialized physically, electronically, graphically or in writing. Confidential Information shall not include information which: (i) is, or as of the time of its disclosure or thereafter, becomes part of the public domain through a source other than the receiving party; (ii) was rightfully known to the receiving party as of the time of its disclosure; (iii) is independently developed by the receiving party; (iv) is subsequently learned from a third party not under a confidentiality obligation to the disclosing party; or (v) is required to be disclosed pursuant to a duly authorized subpoena, court order, or government authority, whereupon the party subject to same shall provide prompt written notice to the other party prior to such disclosure, so that such party may seek a protective order or other appropriate remedy. The parties acknowledge that the Service and any quotes and pricing, including the Order Form provided to Customer shall be treated as Confidential Information.

4.5 Data protection.
SimCapture is not intended to be used or to ever be used to store protected health information or other patient data. Customer instructs LAERDAL to process, transmit, store or disclose the Customer Data in order to provide the Service. Customer is solely responsible for determining the suitability of the Service for the Customer's needs and for complying with any applicable data privacy and data protection regulations, laws or conventions applicable to the Customer Data and the Customer's use of the Service. LAERDAL may access Customer Data solely to respond to service or technical problems or at the Customer's request.

5. LAERDAL'S OBLIGATIONS

5.1 General. LAERDAL undertakes that the Service will be performed substantially in accordance with the Documentation.

5.2 Availability. Subject to scheduled outages for maintenance and other announced downtime, LAERDAL shall use commercially reasonable efforts to make the Service available for use by Authorized Users during the Term but makes no guarantee of continuous availability or uninterrupted use of the Service. LAERDAL's sole obligation and Customer's exclusive remedy for any unavailability of the Service for more than twenty-four (24) consecutive hours is limited to (a) an extension of the Term for a period of time equal to the period of time the Service was unavailable; or (b) a credit by LAERDAL of an amount equal to the prorated Subscription Fee paid by Customer for the outage period. The remedies available to Customer in the preceding sentence are conditional upon Customer notifying LAERDAL of the unavailability of the Service in writing immediately upon becoming aware of such Service outage and providing LAERDAL with sufficient documentation of the Service outage to enable LAERDAL to reproduce and verify the same.

5.3 Limitation. LAERDAL's undertaking in clause 5.1 above shall not be applicable in the event that any outage or Service failure arises from (a) any modification to the Service not made by or at the direction of LAERDAL (b) use of the Service in a manner not described in the Documentation or this Agreement, (c) use of the Service in any unlawful, improper or inappropriate manner or for any unlawful, improper or inappropriate purpose, (d) as a result of the negligence or intentional misconduct of Customer, (e) any data, equipment, software, service or resource not provided by LAERDAL or (f) any interruptions of access to the Subscription Service due to poor network connectivity.

5.4 Remedies for Loss of Customer Data. In the event that there is a loss or corruption of Customer Data directly caused by use of or access to the Service, LAERDAL will use commercially reasonable efforts to restore or correct such Customer data. If LAERDAL is unable to correct or restore such data, Customer's sole and exclusive remedy shall be to terminate this Agreement and upon such termination LAERDAL shall refund to Customer a pro-rated portion of the Subscription Fee.

5.5 Customer Security. For hardware and related systems located on or accessible from Customer's premises, Customer is solely responsible for implementing adequate firewall, password and other security measures to protect Customer's systems, data and applications from unwanted intrusion, whether over the Internet or by other means. In the event any unauthorized access to the Subscription Services is suspected by Customer, it shall immediately notify LAERDAL in writing and fully cooperate with LAERDAL in order to investigate and remediate such access.

5.6 Dependencies. Customer acknowledges and agrees that (a) the Service requires access to and use of the Internet and that the Internet is an unregulated, public network over which LAERDAL exerts no control and (b) LAERDAL has no responsibility for operating and maintaining Customer's servers, personal computers or other devices and their connection to the Internet to access and use the Service.

6. CUSTOMER OBLIGATIONS

6.1 Access. The Customer shall provide LAERDAL with all necessary access to Customer site, information and cooperation as may be required by LAERDAL in order to provide the Services including but not limited to Customer Data, security access information and Implementation Services as detailed in the SimCapture milestones. Customer is responsible to provide LAERDAL with all floor plans and to provide direct communication with any pertinent Customer parties, which may include but not be limited to, the Simulation Coordinator, IT/Networking Specialist and Facility Services. Customer shall perform all its obligations under this Agreement in a timely and efficient manner. The Customer is responsible to receive, unload and take ownership of equipment at Customer site and move said equipment to Implementation rooms per dates established in Exhibit B.

6.2 Applicable laws and permits. The Customer shall comply with all applicable laws and regulations with respect to its activities under this Agreement and shall maintain all necessary licenses, consents and permissions necessary for LAERDAL and its subcontractors to perform their obligations under this Agreement.

6.3 Network. Customer shall ensure that its network and systems comply with the relevant specification provided by LAERDAL in Exhibit B as amended from time to time.

6.4. Connections. Customer shall, to the extent permitted by law, be solely responsible for procuring, maintaining and securing its network connections and telecommunications links from its systems to LAERDAL's data centers and all problems, conditions, delays, delivery failures and all other loss or damage arising from or relating to the Customer's network connections or telecommunications links or caused by the internet.

7. LIMITATION OF LIABILITY

7.1 Except as expressly provided in this Agreement, Customer assumes sole responsibility for the Customer Data, the Output and for conclusions drawn from such use. LAERDAL has no liability for any damage caused by errors or omissions in any information, instructions or scripts provided to LAERDAL by the Customer in connection with the Service or any actions taken by LAERDAL at the Customer's direction.

7.2 The warranties to any hardware supplied under this Agreement are those made by the applicable manufacturers only. Except as stated expressly in this section 7 and to the maximum extent permitted by applicable law, LAERDAL and its licensors do not make any warranty of any kind, whether express, implied, statutory or otherwise, including without limitation warranties of merchantability, fitness for a particular use, and non-infringement. LAERDAL and its licensors do not warrant that the operation of the Hardware provided hereunder will be error-free or uninterrupted. The hardware and the Subscription Service are not designed, manufactured, or intended for high risk activities, such as life support systems where the use or failure of the Service could lead to death or personal injury.

7.3 All warranties, representations, conditions and all other terms of any kind whatsoever implied by law are to the fullest extent permitted by applicable law, excluded from this Agreement.

7.4 Except for a breach of a party's intellectual property rights, neither party shall be liable under this Agreement for any indirect, special, incidental, consequential, exemplary, or punitive damages, including but not limited to lost profits, business interruption, loss of goodwill or any such damages, under any theory of liability, even if the party knew or should have known that such damages were possible and even if direct damages do not satisfy a remedy. LAERDAL and its licensors' total aggregate liability in contract, tort, misrepresentation, restitution or otherwise arising in connection with the performance of this Agreement shall be limited to the Subscription Fee paid during the 12 months immediately preceding the date on which the event giving rise to such liability occurred.

8. INFRINGEMENT INDEMNIFICATION

8.1 Obligation to Indemnify. LAERDAL shall defend Customer against any claim that the Customer's use of the Service in accordance with this Agreement infringes any patent effective as of the Effective Date, copyright, trade mark or database right and shall indemnify the Customer for all damages, settlements, costs and expenses (including reasonable attorneys' fees) awarded against Customer in judgment or settlement of such claims provided that Customer (i) promptly notifies LAERDAL in writing of such suit, claim or proceeding, (ii) gives LAERDAL reasonable information, assistance and cooperation required to defend such suit, claim or proceeding, and (iii) allows LAERDAL sole authority to defend or settle the claim. Customer may be represented in the defense of any such claim, at Customer's expense, by counsel of Customer's selection. LAERDAL shall have no liability for settlements made or costs incurred without its express written consent.

8.2 Relief. In defense or settlement of any claim against Customer's use of the Service by reason of infringement or violation of any patent, copyright, trademark or trade secret, LAERDAL shall have the right, at its option, to do one of the following: (i) procure for Customer the right to continue to use the Service as provided in this Agreement, (ii) replace or modify the Service so that it becomes non-infringing (so long as the functionality of the Service is not materially impaired), or (iii) if neither of the preceding clauses (i) and (ii) is reasonably practicable, terminate this Agreement and refund to Customer a pro-rated portion of the Subscription Fee.

8.3 Exclusions. The provisions of Clause 8.1 notwithstanding, LAERDAL shall not have any liability to Customer, and to the extent that any claim is based upon (i) use of the Service in conjunction with any data (including Third-Party Service), equipment, service, software or resource not provided by LAERDAL, where the Service alone would not be infringing or otherwise be the subject of the claim, (ii) any modification to the Service not made by or at the direction of LAERDAL (iii) use of the Service in any unlawful manner or in any manner not authorized under this Agreement, or (iv) any claim of infringement or violation of any patent, copyright, trademark or trade secret in which Customer has a pecuniary or other material interest, or (v) any portion of the Service which LAERDAL has designed in accordance with specifications provided by Customer.

8.4 Exclusive Remedy. The indemnification remedies set forth in this Clause 8 shall constitute the exclusive remedies of Customer and the sole liability of LAERDAL with respect to claims of intellectual property infringement or violation.

8.5 Customer Indemnification. Customer shall defend LAERDAL against any claim regarding the Customer Data or Customer's use of the Subscription Service (except to the extent caused by a breach of this Agreement by LAERDAL) and shall indemnify LAERDAL for all damages, settlements, costs and expenses (including reasonable attorneys' fees) awarded against LAERDAL in judgment or settlement of such claims.

9. TERMS AND TERMINATION

9.1 Term. Unless earlier terminated pursuant to Section 9.2, this Agreement shall remain in effect from the Effective Date and continue until the end of the Initial Term. After the Initial Term, upon mutual agreement of the parties, this Agreement shall be renewed for an additional period mutually agreed upon by the parties unless terminated earlier by either party pursuant to Section 9.2.

9.2 Termination. Either party may terminate this Agreement by providing sixty (60) days written notice to the other party after the first twelve (12) months of the Agreement have elapsed, or (b) if the other party commits a material breach of this Agreement which is not cured within thirty (30) days after written notice thereof is given by the non-defaulting party. Either party shall also have the right to terminate this Agreement upon notice to the other if the

other party: (a) terminates or ceases operating its business in the normal course; (b) becomes subject to any bankruptcy or insolvency proceeding; (c) becomes insolvent or becomes subject to direct control by a trustee, receiver or similar authority; or (d) has wound up liquidated, voluntary or otherwise, only, in the case of (b) and (c), above, if the condition has not been cured within sixty (60) days.

9.3 Effect of Termination. Upon any termination of this Agreement: (a) Customer shall, and shall cause all Authorized Users to, immediately cease using the Service; (b) LAERDAL may immediately deactivate Customer's account; (c) all outstanding payments to LAERDAL shall promptly be paid in full; d) customer shall return all Laerdal owned equipment; and (e) following the expiration of ninety (90) days after the termination date, LAERDAL may destroy Customer's account and all related data, provided that upon Customer's written request to LAERDAL received by LAERDAL no later than thirty (30) days from the effective date of such termination, LAERDAL shall permit Customer temporary access to the Service for a period not to exceed five (5) days and for the sole purpose of permitting Customer to retrieve any Customer data accessible through the Service.

9.4 Survival. The parties' rights and obligations under Sections 1, 2, 4, 7, 8, 9, and 10, as well as any obligations to make payments of fees and other amounts accrued prior to Termination, shall survive any Termination of this Agreement.

10. GENERAL PROVISIONS

10.1 Publicity. From time to time LAERDAL and/or Customer may develop statements regarding Customer's use of the Service and the relationship between the Parties. Either Party, subject to the prior approval of the other Party, may use such Statements. In addition, Customer may cite that LAERDAL is the source of the Service in any publication that reports the use of the Service and LAERDAL may cite Customer as a user of the Service without prior consent.

10.2 Force Majeure. Except for the obligation to make payments, neither Party will be liable for any failure or delay in its performance under this Agreement due to any cause beyond its reasonable control, including acts of war, acts of God, earthquake, flood, embargo, riot, sabotage, labor shortage or dispute, governmental act or failure of the Internet, provided that the delayed Party: (a) gives the other Party prompt notice of such cause, and (b) uses its reasonable commercial efforts to promptly correct such failure or delay in performance. If LAERDAL is unable to provide the Service for a period of thirty (30) consecutive days as a result of a continuing force majeure event, Customer may cancel the affected Service(s).

10.3 Dispute Resolution; Choice of Law. If a dispute arises between the Parties to this Agreement relating to the interpretation or performance of this Agreement or the grounds of Termination thereof, the Parties agree to first hold a meeting, attended by individuals with decision making authority, regarding the dispute, to attempt to negotiate in good faith a resolution prior to pursuing other remedies. If within thirty (30) days after such meeting, the Parties have not succeeded in resolving the dispute, either Party may protect its interests by any lawful means available to it. Any dispute arising under or in connection with this Agreement or related to any matter that is the subject of this Agreement shall be interpreted under the laws of and subject to the exclusive jurisdiction of the County of New York in the State of New York and each party consents to the exclusive jurisdiction and venue of the courts located in the State of New York.

10.4 Assignment. Neither this Agreement or the rights granted hereunder shall be assigned or transferred by Customer without the prior written consent of LAERDAL, such consent not to be unreasonably withheld, and any attempted transfer without such consent shall be void and have no force or effect. LAERDAL may assign this Agreement, in whole or in part, upon written notice to Customer. Without limiting the generality of the foregoing, LAERDAL may fulfill any of its obligations under this Agreement by engaging the service of any independent third party or Affiliate, provided LAERDAL remains responsible for such performance. For purposes of this Clause, a merger, acquisition or change of control of Customer shall be deemed to be an assignment. This Agreement shall inure to the benefit of the parties and their permitted successors and assigns.

10.5 Amendments; Waivers. This Agreement may be amended or modified only by a writing signed by both Parties. Any waiver by a Party of any breach of any provision of this Agreement by the other Party must be in writing to be effective and shall not constitute a waiver of any subsequent breach of the same or any other provision.

10.6 Change Management: Change management

10.6.1 LAERDAL's Subscription Fee and Implementation Service Fee is based on the allocation of its personnel to perform the Services or hardware purchased. If there are any changes due to:

- any delays or failures by the Customer in fulfilling its obligations per charges outlined in Exhibit B or
- any request for additional services or hardware from the Customer or
- any request for services outside of Normal Working Hours or
- any requests for additional or repeat training or
- any incorrect information sent by Customer to LAERDAL as part of the Site Summary Requirements Checklist or under any other obligation of the Customer within the SimCapture milestones or under this Agreement or
- any other delays or deficiencies not attributable to LAERDAL

then this may result in a change to the Subscription Fee, Hardware Fee or the Implementation Service Fee and/or a delay to the implementation and provision of the Service which shall be handled in accordance with 10.6.2 below and will be based on the then current list price.

10.6.2 Customer and LAERDAL shall meet to discuss the change and the
impact to the Subscription Fee and/or the Implementation Service Fee and/or the schedule for the Implementation Service and any such impact shall be agreed by parties entering into a written change order to this Agreement.

10.7 Complete Agreement. The Parties agree that this Agreement (including the Order Form, the Laerdal Service Terms, the Exhibits attached) constitutes the entire agreement between the parties and supersedes all prior agreements, understandings and communications, oral or written, between the Parties regarding the subject matter of this Agreement. Except as otherwise provided herein, additional or conflicting terms contained in any standardized form or correspondence of or from Customer are expressly unenforceable under this Agreement unless such terms and conditions are contained in an amendment to this Agreement duly executed by both Parties.

10.8 Notices. Any notice by a Party under this Agreement shall be in writing and either personally delivered, delivered by facsimile or sent via reputable overnight courier (such as Federal Express) or certified mail, postage prepaid and return receipt requested, addressed to the other Party at the address specified on the Order Form or such other address of which either Party may from time to time notify the other in accordance with this Section 10.8, or via email provided receipt of such email is acknowledged by the receiving party. All notices shall be in English and shall be deemed effective on the date of personal delivery, upon confirmation of a facsimile transmission, one day after deposit with an overnight courier, or five days after deposit in the mail.

10.9 Compliance with Laws. Customer shall, and shall ensure that all Authorized Users, comply with (i) all applicable United States laws and regulations which may govern the use of software by entities or persons located abroad, including without limitation the Export Administration Act of 1979, as amended (the "Act"), any successor legislation and the Export Administration Regulations issued by the Department of Commerce under the Act, and (ii) all applicable foreign laws and regulations, including, without limitation, laws with respect to the privacy and transmission of information and data.

10.10 Counterpart and Facsimile Signatures. This Agreement may be executed in two or more counterparts, each of which shall be deemed to be an original, and each of which together shall constitute a single instrument.

10.11 Government Purposes. The Service was developed solely at private expense and is commercial computer software and related documentation within the meaning of the applicable civilian and military Federal acquisition regulations and any supplements thereto. If the user of the Service is an agency, department, employee, or other entity of the United States Government, under FAR 12.212 and DFAR 227.7202, the use, duplication, reproduction, release, modification, disclosure, or transfer of the Services, including technical data or manuals, is governed by the terms, conditions and covenants contained in the LAERDAL standard commercial license agreement, as contained herein.

10.12 Insurance.

Laerdal and Customer shall maintain at all times during the course of this contract the insurance coverage specified below:

- Workers Compensation - statutory coverage for every state in which activities under this contract will take place and employers liability limit of at least $1,000,000 including a waiver of subrogation provision in the other party's favor
- General Liability – coverage for bodily injury, property damage, contractual liability, products & completed operations, premises & ongoing operations, and personal & advertising injury with limits of at least $1,000,000 per occurrence and $2,000,000 annual aggregate and products/completed operations aggregate, naming the other party as an additional insured and providing a waiver of subrogation in favor of the other party.
- Umbrella Liability over Employers Liability and General Liability with limits of at least $10,000,000 per occurrence and aggregate.

Customer shall maintain at all times during the course of this contract:

- Professional liability, errors & omissions, malpractice or similar insurance providing coverage for claims, suits or losses arising from the use of Customer Data or Output and for results or conclusions drawn from such use with limits of at least $10,000,000 per occurrence and aggregate. If such coverage is written on a claims made basis, coverage shall be maintained for a period of five (5) years after the termination of this contract.
- Cyber insurance covering the Customer's obligations under applicable data privacy and data protection regulations, laws or conventions applicable to the Customer Data and the Customers use of the Service with limit of at least $10,000,000 per occurrence and aggregate. If such coverage is written on a claims made basis, coverage shall be maintained for a period of five (5) years after the termination of this contract.

This Agreement has been entered into by duly authorized persons representing each party on the date signed by LAERDAL below ("Effective Date").

Agenda Item R.16. 8/19/2025

SUBJECT

Request the Board approve an agreement with INdigital, Inc. for text-to-911 emergency services. ($266,097.95 over five years)

DESCRIPTION

Florida Statute 365.172 requires the County to maintain text-to-911 emergency services. This provides an additional E911 service for the deaf and hearing/speech impaired communities and to residents in any situation where the resident needs emergency services but cannot speak.

In 2020, the Board entered into a 5-year agreement with INdigital, Inc. to provide text-to 911 emergency services to Polk County Public Safety Answering Points (PSAPs). To maintain text-to-911 services as required by Florida Law, a new 5-year agreement with INdigital, Inc., is necessary. In accordance with Polk County Ordinance Chapter 2 Article IX Sec. 2-285(b)2, In which telecommunication services are exempt from procurement, this agreement was constructed without a procurement method in place.

The agreement is for five (5) years, billed $53,219.59 annually, totaling $266,097.95.

RECOMMENDATION

Request Board approve agreement with INDIGITAL, Inc. for text-to-911 emergency services to Polk County Public Safety Answering Points (PSAPs).

FISCAL IMPACT

Funds are budgeted in the E911 Communications Fund for the upcoming fiscal year and will be budgeted in future fiscal years.

AGREEMENT FOR TEXT-TO-911 SERVICES

THIS AGREEMENT (the "Agreement") is entered into as of the Effective Date as defined in Section 1.0 below, by and between Polk County (the "County"), a political subdivision of the State of Florida, situated at 330 W. Church Street, Bartow, Florida, 33830, and INDIGITAL, Inc. (the "Vendor"), an Indiana corporation, 1616 Directors Row, Fort Wayne, Indiana 46808, and whose Federal Employer Identification Number is 35-1957521.

WHEREAS, the County desires to employ the services of the Vendor to provide text-to-911 emergency services to Polk County Public Safety Answering Points (PSAPs); and

WHEREAS, the Vendor is able and agreeable to providing the County the services and represents that it is competent, qualified, capable and prepared to do so according to the terms and conditions stated herein;

NOW, THEREFORE, in consideration of the mutual understandings and covenants set forth herein, the County and the Vendor hereby agree, as follows:

1.0 **Effective Date; Term**

1.1 This Agreement shall take effect on the date (the "Effective Date") of its execution by the County.

1.2 The term of this Agreement shall be for a sixty (60) month time period, commencing upon the Effective Date and remaining in full force and effect thereafter, unless otherwise sooner terminated as provided herein.

2.0 **Compensation**

2.1 General

2.1.1 In consideration for its providing the Services, as set forth and described on Exhibit A, the County shall pay the Vendor an annual fixed fee that shall not exceed the amounts stated in Exhibit "A" which is attached hereto and made a part of this Agreement.

2.1.2 All the Vendor's invoices for payment must reference the Agreement and must be submitted using a form approved by the County Auditor.

2.1.3 The Vendor shall attach all appropriate cost substantiations to the invoice and shall deliver the invoices to:

Emergency Management Division
2470 Clower Lane
Bartow, Florida 33830
Attention: PSAP Manager

2.1.4 The Vendor will clearly state "Final Invoice" on the Vendor's final/last billing for the Services rendered to the County. The Vendor's submission of a Final Invoice is its certification that all Services have been properly performed and all charges and costs have been invoiced to the County. This account will be closed upon the County's receipt of a Final Invoice. The Vendor hereby waives any charges not properly included on its Final Invoice.

2.1.5 The County's payment of the Final Invoice shall not constitute evidence of the County's acceptance of the Vendor's performance of the Service or the County's acceptance of any work.

2.1.6 The Vendor's submittal of an invoice attests to the correctness and accuracy of all charges and requested reimbursements stated in each invoice.

3.0 **Ownership of Documents**

All analyses, reference data, bills, completed reports, or any other form of written instrument or document created or resulting from the Vendor's performance of the Services pursuant to this Agreement shall become the property of the County after payment is made to the Vendor for such instruments or documents.

4.0 **Termination**

4.1 The County may terminate this Agreement, in whole or in part, at any time, either for the County's convenience or because of the failure of the Vendor to fulfill its obligations under this Agreement, subject to the cure period provided in Section 24.0, by delivering written notice to the Vendor. Upon receipt of such notice, the Vendor shall:

4.1.1 Immediately discontinue all affected Services unless the notice directs otherwise, and

4.1.2 Deliver to the County all data, reports, summaries, and any and all such other information and materials of whatever type or nature as may have been accumulated by the Vendor in performing this Agreement, whether completed or in process.

4.2 Unless in dispute or subject to the County's right of set-off or other remedy, the Vendor shall be paid for Services actually rendered to the date of termination.

4.3 The rights and remedies of the County provided for in this Section 4 are in addition and supplemental to any and all other rights and remedies provided by law or under this Agreement.

5.0 **No Contingent Fees**

The Vendor warrants that it has not employed or retained any company or person, other than a bona fide employee working solely for the Vendor to solicit or secure this Agreement and that it has not paid or agreed to pay any person, company, corporation, individual or firm, other than a bona fide employee working solely for the Vendor, any fee, commission, percentage, gift, or other consideration contingent upon or resulting from award of or making of the Agreement. For the breach or violation of this provision, the County shall have the right to terminate the Agreement at its sole discretion, without liability and to deduct from the Agreement price, or otherwise recover, the full amount of such fee, commission, percentage, gift, or consideration.

6.0 **Assignment**

The Vendor shall not assign, transfer, or encumber this Agreement, or any interest herein, under any circumstances, without obtaining the prior written consent of the County, which consent may be withheld in the County's exercise of its reasonable discretion.

7.0 **Professional Associates and Subcontractors**

If the Vendor requires the assistance of any professional associates or subcontractors in connection with its providing the Services the Vendor must obtain the prior express written approval of the County, which the County may withhold in its discretion, before any such professional associate or subcontractor may perform any work for the County. If after obtaining the County's approval the Vendor utilizes any professional associates or subcontractors in the delivery of the Services then the Vendor shall remain solely and fully liable to the County for the performance or nonperformance of all such professional associates and subcontractors. The failure of a professional associate or subcontractor to timely or properly perform any of its obligations to the Vendor shall not relieve the Vendor of its obligations to the County under this Agreement.

8.0 **Indemnification of County**

Vendor, to the maximum extent permitted by law, shall indemnify, defend (by counsel reasonably acceptable to County) protect and hold the County, and its officers, employees and agents harmless from and against any and all, claims, actions, causes of action, liabilities, penalties, forfeitures, damages, losses, and expenses (including, without limitation, attorneys' fees costs and expenses incurred during negotiation, through litigation and all appeals therefrom) whatsoever including, but not limited, to those pertaining to the death of or injury to any person, or damage to any property, arising out of or resulting from (i) the failure of Vendor to comply with applicable laws, rules or regulations, (ii) the breach by Vendor of its obligations under this Agreement, (iii)

any claim for trademark, patent or copyright infringement arising out of the scope of Vendor's performance or nonperformance of this Agreement, or (iv) the negligent acts, errors or omissions, or intentional or willful misconduct, of Vendor, its professional associates, subcontractors, agents, and employees provided, however, that Vendor shall not be obligated to defend or indemnify the County with respect to any such claims or damages arising out of the County's sole negligence.

9.0 **Insurance Requirements**

The Vendor shall maintain at all times the following minimum levels of insurance and shall, without in any way altering its liability, obtain, pay for and maintain insurance for the coverage and amounts of coverage not less than those set forth below. The Vendor shall provide the County original Certificates of Insurance satisfactory to the County to evidence such coverage before any work commences. The County shall be named as an additional insured on General and Automobile Liability policies. General Liability and Workers' Compensation policies shall contain a waiver of subrogation in favor of Polk County. The commercial General Liability Policy shall (by endorsement if necessary) provide contractual liability coverage for the contractual indemnity stated in Section 8, above. All insurance coverage shall be written with a company having an A.M. Best rating of at least the "A" category and size category of VIII. The Vendor's self-insured retention or deductible per line of coverage shall not exceed $25,000 without the permission of the County. In the event of any failure by the Vendor to comply with the provisions of this Section 9, the County may, at its option, upon notice to the Vendor suspend Vendor's performance of the Services for cause until there is full compliance. Alternatively, the County may purchase such insurance at the Vendor's expense, provided that the County shall have no obligation to do so and if the County shall do so, the Vendor shall not be relieved of or excused from the obligation to obtain and maintain such insurance amounts and coverage.

Comprehensive Automobile Liability Insurance. $1,000,000.00 combined single limit of liability for bodily injuries, death and property damage resulting from any one occurrence, including all owned, hired, and non-owned vehicles.

Commercial General Liability. $1,000,000.00 combined single limit of liability for bodily injuries, death and property damage, and personal injury resulting from any one occurrence, including the following coverages:

Premises and Operations:

Broad Form Commercial General Liability Endorsement to include Blanket Contractual liability (specifically covering, but not limited to, the contractual obligations assumed by the Firm); Personal Injury (with employment and contractual exclusions deleted); and Broad Form Property Damage coverage.

Independent Contractors:

Delete Exclusion relative to collapse, explosion and underground; Property Damage Hazards; Cross Liability Endorsement; and Contractual liability (specifically covering, but not limited to, the contractual obligations assumed by the Firm)

Workers Compensation. The Vendor shall provide, pay for, and maintain workers compensation insurance on all employees, its agents or subcontractors as required by Florida Statutes.

10.0 **Public Entity Crimes**

The Vendor understands and acknowledges that this Agreement will be voidable by the County in the event the conditions stated in Florida Statutes, Section 287.133 relating to conviction for a public entity crime apply to the Vendor.

11.0 **Non-Discrimination**

The Vendor warrants and represents that all of its employees are treated equally during employment without regard to race, color, religion, gender, age or national origin.

12.0 **Designation of Party Representatives**

12.1 Upon receipt of a request from the Vendor, the County shall designate in writing one or more of its employees who are authorized to act by and on behalf of the County to transmit instructions, receive information and interpret and define the County's policy and decisions with respect to the Services to be provided pursuant to this Agreement.

12.2 The Vendor shall designate or appoint one or more Vendor representatives who are authorized to act on behalf of and to bind the Vendor regarding all matters involving the conduct of its performance pursuant to this Agreement.

13.0 **All Prior Agreements Superseded**

This document incorporates and includes all prior negotiations, correspondence, conversations, agreements or understandings applicable to the matters contained herein and the

parties agree that there are no commitments, agreements or understandings concerning the subject matter of this Agreement that are not contained in this document or its designated exhibits. Accordingly, it is agreed that no deviation from the terms hereof shall be predicated upon any prior representations or agreements, whether oral or written.

14.0 **Modifications, Amendments or Alterations**

No modification, amendment or alteration in the terms or conditions contained herein shall be effective unless agreed to and executed in writing by both parties to this Agreement in a form acceptable to the County.

15.0 **Independent Contractor**

Nothing stated in this Agreement is intended or should be construed in any manner as creating or establishing a relationship of co-partners between the parties, or as constituting the Vendor (including its officers, employees, and agents) as the agent, representative, or employee of the County for any purpose, or in any manner, whatsoever. The Vendor is to be and shall remain forever an independent contractor with respect to all Services performed under this Agreement. The Vendor shall not pledge the County's credit or make the County a guarantor of payment or surety for any contract, debt, obligation, judgment, lien or any form of indebtedness and the Vendor shall have no right to speak for or bind the County in any manner.

16.0 **Public Records Law**

(a) The Vendor acknowledges the County's obligations under Article I, Section 24, of the Florida Constitution and under Chapter 119, Florida Statutes, to release public records to members of the public upon request and comply in the handling of the materials created under this Agreement. The Vendor further acknowledges that the constitutional and statutory provisions control over the terms of this Agreement. In association with its performance pursuant to this Agreement, the Vendor shall not release or otherwise disclose the content of any documents or information that is specifically exempt from disclosure pursuant to all applicable laws.

(b) Without in any manner limiting the generality of the foregoing, to the extent applicable, the Vendor acknowledges its obligations to comply with Section 119.0701, Florida Statutes, with regard to public records, and shall:

(1) keep and maintain public records required by the County to perform the services required under this Agreement;

(2) upon request from the County's Custodian of Public Records or his/her designee, provide the County with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law;

(3) ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the

duration of the term of this Agreement and following completion of this Agreement if the Vendor does not transfer the records to the County; and

(4) upon completion of this Agreement, transfer, at no cost, to the County all public records in possession of the Vendor or keep and maintain public records required by the County to perform the service. If the Vendor transfers all public records to the County upon completion of this Agreement, the Vendor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Vendor keeps and maintains public records upon completion of this Agreement, the Vendor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the County, upon request from the County's Custodian of Public Records, in a format that is compatible with the information technology systems of the County.

(c) **IF THE VENDOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE VENDOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, CONTACT THE COUNTY'S CUSTODIAN OF PUBLIC RECORDS AT:**

RECORDS MANAGEMENT LIASON OFFICER
POLK COUNTY
330 WEST CHURCH ST.
BARTOW, FL 33830
TELEPHONE: (863) 534-7527
EMAIL: RMLO@POLK-COUNTY.NET

17.0 **Compliance with Laws and Regulations**

In providing all Services pursuant to this Agreement, the Vendor shall abide by all statutes, ordinances, rules, and regulations pertaining to or regulating the provisions of such Services, including those now in effect and hereafter adopted. Any violation of said statutes, ordinances, rules, or regulations shall constitute a material breach of this Agreement, and shall entitle the County to terminate this Agreement immediately upon delivery of written notice of termination to the Vendor.

18.0 **Governing Law and Venue**

This Agreement shall be governed in all respects by the laws of the State of Florida and any litigation with respect thereto shall be brought only in the courts of Polk County, Florida or in the United States District Court, Middle District of Florida, located in Hillsborough County, Florida. Each party shall be responsible for its own attorneys' fees and other legal costs and expenses.

19.0 **Notices**

Whenever either party desires to give notice unto the other, it must be given by written notice, delivered (i) in person, (ii) via registered or certified United States mail, postage prepaid with return receipt requested, or (iii) via nationally recognized overnight delivery service, and addressed to the party for whom it is intended at the place last specified by each party. The place for giving of notice shall remain such until it is changed by written notice delivered in compliance with the provisions of this Section 19. For the present, the parties designate the following as the respective places for giving of notice, to wit:

For County: Emergency Management Division
2470 Clower Lane
Bartow, Florida 33830
Attention: E911 Systems Manager

For Vendor:
INDIGITAL, Inc.
1616 Directors Row
Fort Wayne, Indiana 46808
Attention: Holly Peacock

20.0 Severability

The invalidity, illegality, or unenforceability of any provision of this Agreement, or the occurrence of any event rendering any portion or provision of this Agreement void, shall in no way affect the validity or enforceability of any other portion or provision of the Agreement; any void provision shall be deemed severed from the Agreement and the balance of the Agreement shall be construed and enforced as if the Agreement did not contain the particular portion or provision held to be void. The parties further agree to reform the Agreement to replace any stricken provision with a valid provision that comes as close as possible to the intent of the stricken provision. The provisions of this section shall not prevent the entire Agreement from being void should a provision which is of the essence of the Agreement be determined to be void.

21.0 Annual Appropriations

Vendor acknowledges that during any fiscal year the County shall not expend money, incur any liability, or enter into any agreement which by its terms involves the expenditure of money in excess of the amounts budgeted as available for expenditure during such fiscal year. Accordingly, any agreement, verbal or written, the County may make in violation of this fiscal limitation is null and void, and no money may be paid on such agreement. The County may enter into agreements whose duration exceeds one year; however, any such agreement shall be executory only for the

value of the services to be rendered which the County agrees to pay as allocated in its annual budget for each succeeding fiscal year. Accordingly, the County's performance and obligation to pay the Vendor under this Agreement is contingent upon annual appropriations being made for that purpose.

22.0 Unauthorized Alien(s)

The Vendor shall not employ or utilize unauthorized aliens in the performance of the Services provided pursuant to this Agreement. The County shall consider the employment or utilization of unauthorized aliens a violation of Section 274A(e) of the Immigration and Naturalization Act (8 U.S.C. 1324a) and a cause for the County's unilateral termination of this Agreement. When delivering executed counterparts of this Agreement to the County, the Vendor shall also deliver a completed and executed counterpart of the attached "AFFIDAVIT CERTIFICATION IMMIGRATION LAWS" form.

23.0 Vendor Representations

25.1 The Vendor hereby represents and warrants the following to the County:

23.1.1 Vendor is a corporation that is duly organized and existing in good standing under the laws of the State of Indiana with full right and authority to do business within the State of Florida.

23.1.2 Vendor's performance under this Agreement will not violate or breach any contract or agreement to which the Vendor is a party or is otherwise bound, and will not violate any governmental statute, ordinance, rule, or regulation.

23.1.3 Vendor has the full right and authority to enter into this Agreement and to perform its obligations in accordance with its terms.

23.1.4 Vendor now has and will continue to maintain all licenses and approvals required to conduct its business, and that it will at all times conduct its business activities in a reputable manner.

23.1.5 Vendor has no obligation or indebtedness that would impair its ability to fulfill the terms of this Agreement.

23.1.6 Vendor has the personnel and experience necessary to perform all Services in a professional and workmanlike manner.

23.1.7 Vendor shall exercise the same degree of care, skill, and diligence in the performance of the Services as provided by a professional of like experience, knowledge and resources, under similar circumstances.

23.1.8 Vendor shall, at no additional cost to County, re-perform those Services which fail to satisfy the foregoing standard of care or which otherwise fail to meet the requirements of this Agreement.

23.1.9 Each individual executing this Agreement on behalf of the Vendor is authorized to do so.

24.0 Default and Remedy

If the Vendor materially defaults in its obligations under this Agreement and fails to cure the same within fifteen (15) days after the date the Vendor receives written notice of the default from the County, then the County shall have the right to (i) immediately terminate this Agreement by delivering written notice to the Vendor, and (ii) pursue any and all remedies available in law, equity, and under this Agreement. If the County materially defaults in its obligations under this Agreement and fails to cure the same within fifteen (15) days after the date the County receives written notice of the default from the Vendor, then the Vendor shall have the right to immediately terminate this Agreement by delivering written notice to the County. Upon any such termination, the County shall pay the Vendor the full amount due and owing for all Services performed through the date of Agreement termination.

25.0 Limitation of Liability

IN NO EVENT, SHALL THE COUNTY BE LIABLE TO THE VENDOR FOR INDIRECT, INCIDENTAL, CONSEQUENTIAL, SPECIAL, EXEMPLARY, OR PUNITIVE DAMAGES OF ANY KIND OR NATURE, INCLUDING LOSS OF PROFIT, WHETHER FORESEEABLE OR NOT, ARISING OUT OF OR RESULTING FROM THE NONPERFORMANCE OR BREACH OF THIS CONTRACT BY THE COUNTY WHETHER BASED IN CONTRACT, COMMON LAW, WARRANTY, TORT, STRICT LIABILITY, CONTRIBUTION, INDEMNITY OR OTHERWISE.

26.0 Waiver

A waiver by either County or Vendor of any breach of this Agreement shall not be binding upon the waiving party unless such waiver is in writing. In the event of a written waiver, such a waiver shall not affect the waiving party's rights with respect to any other or further breach of this

Agreement. The making or acceptance of a payment by either party with the knowledge of the other party's existing default or breach of the Agreement shall not waive such default or breach, or any subsequent default or breach of this Agreement, and shall not be construed as doing so.

27.0 Attorneys' Fees and Costs

Each party shall be responsible for its own legal and attorneys' fees, costs and expenses incurred in connection with any dispute or any litigation arising out of, or relating to this Agreement, including attorneys' fees, costs, and expenses incurred for any appellate or bankruptcy proceedings.

28.0 Force Majeure

Either party hereunder may be temporarily excused from performance if an Event of Force Majeure directly or indirectly causes its nonperformance. An "Event of Force Majeure" is defined as any event which results in the prevention or delay of performance by a party of its obligations under this Agreement and which is beyond the reasonable control of the nonperforming party. It includes, but is not limited to fire, flood, earthquakes, storms, lightning, epidemic, war, riot, civil disturbance, sabotage, and governmental actions. Neither party shall be excused from performance if non-performance is due to forces which are reasonably preventable, removable, or remediable and which the non-performing party could have, with the exercise of reasonable diligence, prevented, removed, or remedied prior to, during, or immediately after their occurrence. Within five (5) days after the occurrence of an Event of Force Majeure, the non-performing party shall deliver written notice to the other party describing the event in reasonably sufficient detail, along with proof of how the event has precluded the non-performing party from performing its obligations hereunder, and a good faith estimate as to the anticipated duration of the delay and the means and methods for correcting the delay. The non-performing party's obligations, so far as those obligations are affected by the Event of Force Majeure, shall be temporarily suspended during, but no longer than, the continuance of the Event of Force Majeure and for a reasonable time thereafter as may be required for the non-performing party to return to normal business operations. If excused from performing any obligations under this Agreement due to the occurrence of an Event of Force Majeure, the non-performing party shall promptly, diligently, and in good faith take all reasonable action required for it to be able to commence or resume performance of its obligations under this Agreement. During any such time period, the non-

performing party shall keep the other party duly notified of all such actions required for it to be able to commence or resume performance of its obligations under this Agreement.

29.0 Key Personnel

The Vendor shall notify the County if any of the Vendor's Key Personnel (as defined, below) change during the Term of the Agreement. To the extent possible, the Vendor shall notify the County at least ten (10) days prior to any proposed change in its Key Personnel. At the County's request the Vendor shall remove without consequence to the County any of the Vendor's contractors, sub-contractors, sub-vendors, agents or employees and replace the same with an appropriate substitute having the required skill and experience necessary to perform the Services. The County shall have the right to reject the Vendor's proposed changes in Key Personnel. The following individuals shall be considered "Key Personnel:"

Name: Larry Stidham, Vice President of Sales

Name: Jennifer Poole, Regional Account Manager

Name: Dan Battdorf, Project Staff Manager

Name: Holly Peacock, Florida Market Manager

30.0 Scrutinized Companies and Business Operations Certification; Termination.

A. Certification(s).

(i) By its execution of this Agreement, the Vendor hereby certifies to the County that the Vendor is not on the Scrutinized Companies that Boycott Israel List, created pursuant to Section 215.4725, Florida Statutes, nor is the Vendor engaged in a boycott of Israel, nor was the Vendor on such List or engaged in such a boycott at the time it submitted its bid, proposal, quote, or other form of offer, as applicable, to the County with respect to this Agreement.

(ii) Additionally, if the value of the goods or services acquired under this Agreement are greater than or equal to One Million Dollars ($1,000,000), then the Vendor further certifies to the County as follows:

(a) the Vendor is not on the Scrutinized Companies with Activities in Sudan List, created pursuant to Section 215.473, Florida Statutes; and

(b) the Vendor is not on the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, created pursuant to Section 215.473, Florida Statutes; and

(c) the Vendor is not engaged in business operations (as that term is defined in Florida Statutes, Section 287.135) in Cuba or Syria; and

(d) the Vendor was not on any of the Lists referenced in this subsection A(ii), nor engaged in business operations in Cuba or Syria when it submitted its proposal to the County concerning the subject of this Agreement.

(iii) The Vendor hereby acknowledges that it is fully aware of the penalties that may be imposed upon the Vendor for submitting a false certification to the County regarding the foregoing matters.

B. Termination. In addition to any other termination rights stated herein, the County may immediately terminate this Agreement upon the occurrence of any of the following events:

(i) The Vendor is found to have submitted a false certification to the County with respect to any of the matters set forth in subsection A(i) above, or the Vendor is found to have been placed on the Scrutinized Companies that Boycott Israel List or is engaged in a boycott of Israel.

(ii) The Vendor is found to have submitted a false certification to the County with respect to any of the matters set forth in subsection A(ii) above, or the Vendor is found to have been placed on the Scrutinized Companies with Activities in Sudan List, or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or has been engaged in business operations in Cuba or Syria, and the value of the goods or services acquired under this Agreement are greater than or equal to One Million Dollars ($1,000,000).

31. No Construction Against Drafter

The Parties acknowledge that this Agreement and all the terms and conditions contained herein have been fully reviewed and negotiated by the Parties. Accordingly, any rule of construction to the effect that ambiguities are to be resolved against the drafting party shall not apply in interpreting this Agreement.

32. Electronic Signature

This Agreement may be executed and delivered by facsimile transmission, email, PDF, electronic signature or other similar electronic means, and such signature shall create a valid and binding obligation of the party executing with the same force and effect as if such signature page were an original thereof.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement as of the Effective Date.

Polk County

Board of County Commissioners

Agenda Item R.17. 8/19/2025

SUBJECT

Approve Land Purchase Agreement between Tracey Lee Delmar and Polk County in conjunction with the Polk County Agricultural Center Complex Project. Parcel ID Number 253033-000000-032010. ($26,000 one-time expense)

DESCRIPTION

The County has a project to design and construct a new agricultural center complex. The complex is proposed to be located on property already owned by the County located to the east of US Hwy 17 and to the north of County Road 640 adjacent to the County's Mosaic Peace River Park. The County has an opportunity to purchase the only residential home located adjacent to the new complex. The property is a rectangular-shaped parcel, containing approximately one-half acre, located along the western boundary of the existing County property and adjacent to the railroad right-of-way. Negotiations with the owner of the property, Tracey Lee Delmar, have resulted in a proposed agreement with a price of $25,000 for the purchase of the property which contains an older home. Approving the Land Purchase Agreement, authorizing the issuance of funds for the purchase and closing costs and hiring American Government Services Corporation to close the acquisition will allow the County to close the transaction and take ownership of the property to incorporate into the overall agricultural center complex.

The County Attorney's Office and the Real Estate Services Director have reviewed the agreement and recommend approval. Approving the Land Purchase Agreement and authorizing the issuance of funds for the purchase along with closing fees will allow the County to close the transaction and acquire the parcel for the project.

RECOMMENDATION

Request Board approve the above-mentioned Land Purchase Agreement and authorize the issuance of funds in the amount of $25,000 for the purchase. Also request Board approve hiring American Government Services Corporation to close the transaction and approve paying closing costs in the estimated amount of $1,000 for a total amount of $26,000.

FISCAL IMPACT

Funds are budgeted and available in the Parks and Natural Resources Leisure Servies MSTU Fund.

LAND PURCHASE AGREEMENT

COUNTY OF POLK
STATE OF FLORIDA

THIS AGREEMENT made and entered into this 31 day of July, 2025, between **TRACEY LEE DELMAR,** whose mailing address is 5200 US Highway 17 South, Bartow, Florida 33830 hereinafter referred to as "Owner", and **POLK COUNTY**, a political subdivision of the State of Florida, whose mailing address is Post Office Box 9005, Bartow, Florida 33831-9005, hereinafter referred to as "Purchaser".

WITNESSETH

WHEREAS, Owner agrees to sell to County and County agrees to purchase from Owner the land identified as Parcel ID Number 253033-000000-032010 located in Polk County, Florida, as further described in Exhibit "A", together with all improvements, easements, and appurtenances, (collectively, the "Property"), in accordance with the provisions of this Agreement.

NOW, THEREFORE, in consideration of the premises and the sum of One Dollar each to the other paid, it is agreed as follows:

(a) Owner agrees to sell and convey the Property by Warranty Deed, free of liens and encumbrances, unto County, for the sum of $25,000 (Twenty-Five Thousand Dollars).

(b) The County payment of $25,000 for the purchase of the Property together with applicable closing costs shall be made to the Title Agency described in Section (d) herein for disbursement at closing.

(c) Owner shall be responsible for the payment of any and all, current and/or past due real estate taxes, or pro-rations thereof, pro-rated to the date of closing, and assessments due on the date of closing, and any payment due will be deducted at closing from the Owner's proceeds. Owner shall also be responsible for the payment of any monetary Mortgages, Judgements and/or Liens, if any, which attach to the Property and any payment(s) due will be deducted at closing from the Owner's proceeds. Owner acknowledges he has not incurred the services of a Real Estate Broker.

(d) Transaction will be closed by American Government Services Corporation (the "Title Agency") and the County agrees to pay the closing fee, title search fee, owner's title insurance premium, documentary stamps, if any, and the recording of the deed.

(e) The County agrees to grant extended occupancy of the Property to the Owner and the Owner agrees to execute an Extended Occupancy and Hold Harmless Agreement for said extended

occupancy. Any improvements or personal property not removed upon vacation of the premises or expiration of extended occupancy of the Property shall be considered abandoned by the Owner.

(f) The Owner agrees and expressly acknowledges that the monies paid and other consideration given in accordance with this Agreement is just and full compensation for all property interest and/or claims arising from this acquisition and no other monies, including fees and/or costs, are owed by the County to Owner.

- **THIS AGREEMENT IS SUBJECT TO FINAL APPROVAL BY THE BOARD OF COUNTY COMMISSIONERS OF POLK COUNTY, FLORIDA.**

IN WITNESS WHEREOF, the parties hereto have caused these presents to be executed in their respective names on the date shown above.

Being Parcel I.D. #253033-000000-032010

Being the same property described in that certain Warranty Deed recorded in Official Record Book 12202 at Pages 0738 through 0739, Public Records of Polk County, Florida.

Agenda Item R.18. 8/19/2025

SUBJECT

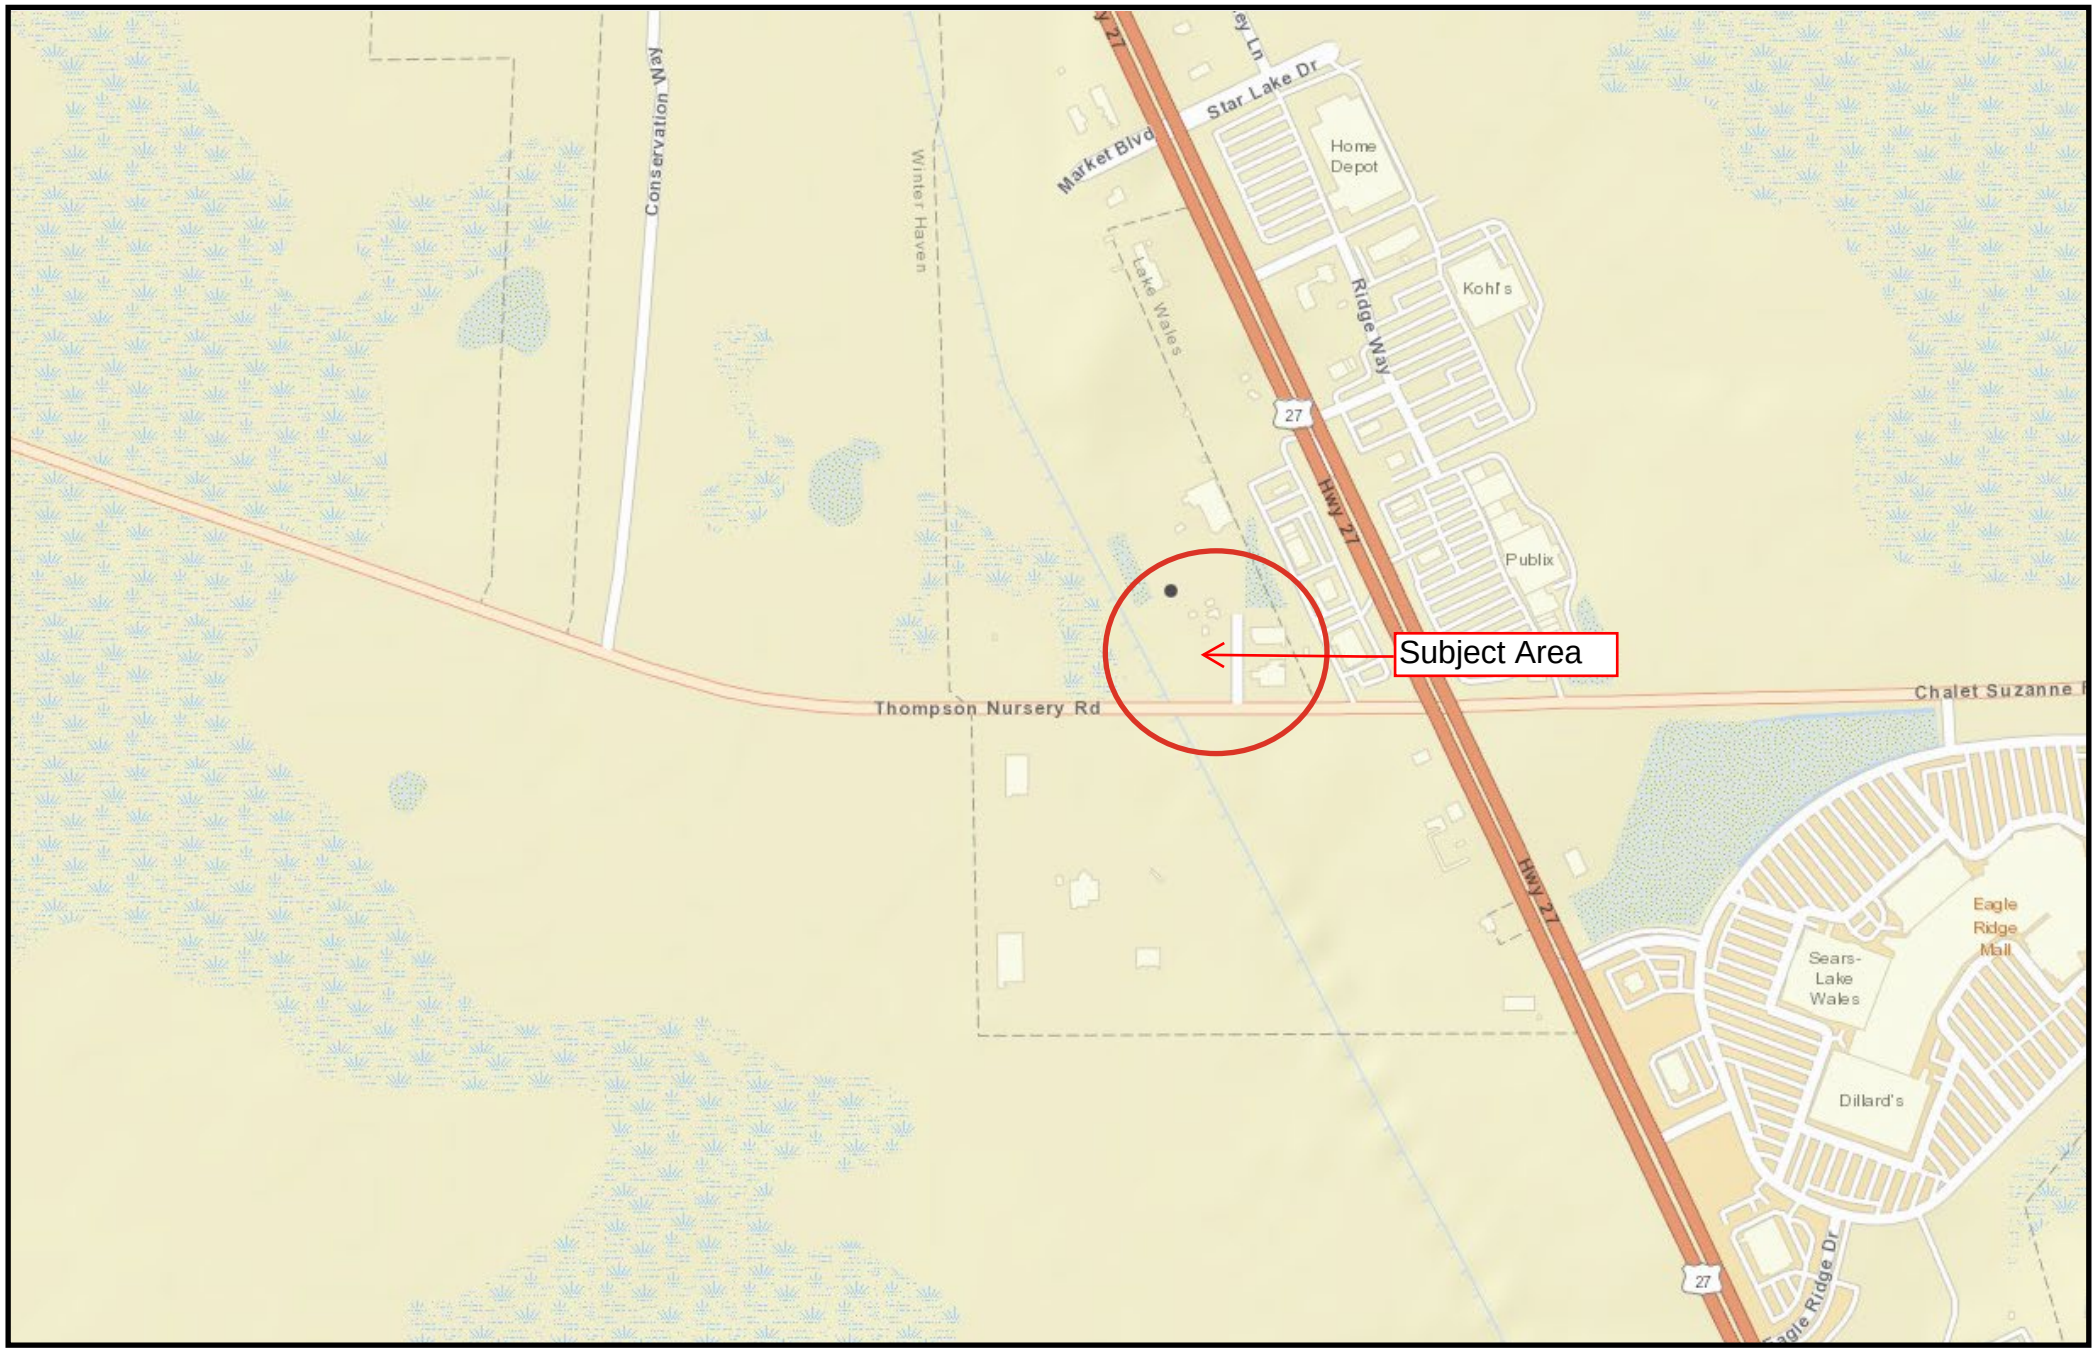
Approve the transfer of Modular Title No.: 158549070 to the Polk County School Board (PCSB). (No fiscal impact)

DESCRIPTION

The County and PCSB entered into a Lease Agreement in November, 2016 to allow the County to establish a temporary Fire Rescue Station on property owned by PCSB located at Sgt. Mary Campbell Way to the north of Thompson Nursery Road. The County subsequently installed a modular building, septic tank and miscellaneous improvements to be utilized for the temporary station. With the recent opening of the new Fire Station located at 1695 Masterpiece Road, the existing modular is no longer being utilized by the County. Per the Agreement the modular and associated improvements are to be removed by the County at the end of the lease term; however, PCSB staff has reviewed and agrees that it has a use for the modular and improvements in conjunction with its operations on the site. Approving the transfer of the title for the modular to the PCSB will alleviate the County from incurring the cost of having the modular and improvements removed from the property and will allow PCSB to take ownership of the modular and associated improvements for its use.

RECOMMENDATION

Request Board approve the transfer of the modular Title No. 158549070 to PCSB and authorize the Real Estate Services Director to execute the title and any other documentation necessary to affect the title transfer.



FISCAL IMPACT

No fiscal impact.

Polk County

Board of County Commissioners

Agenda Item R.19. 8/19/2025

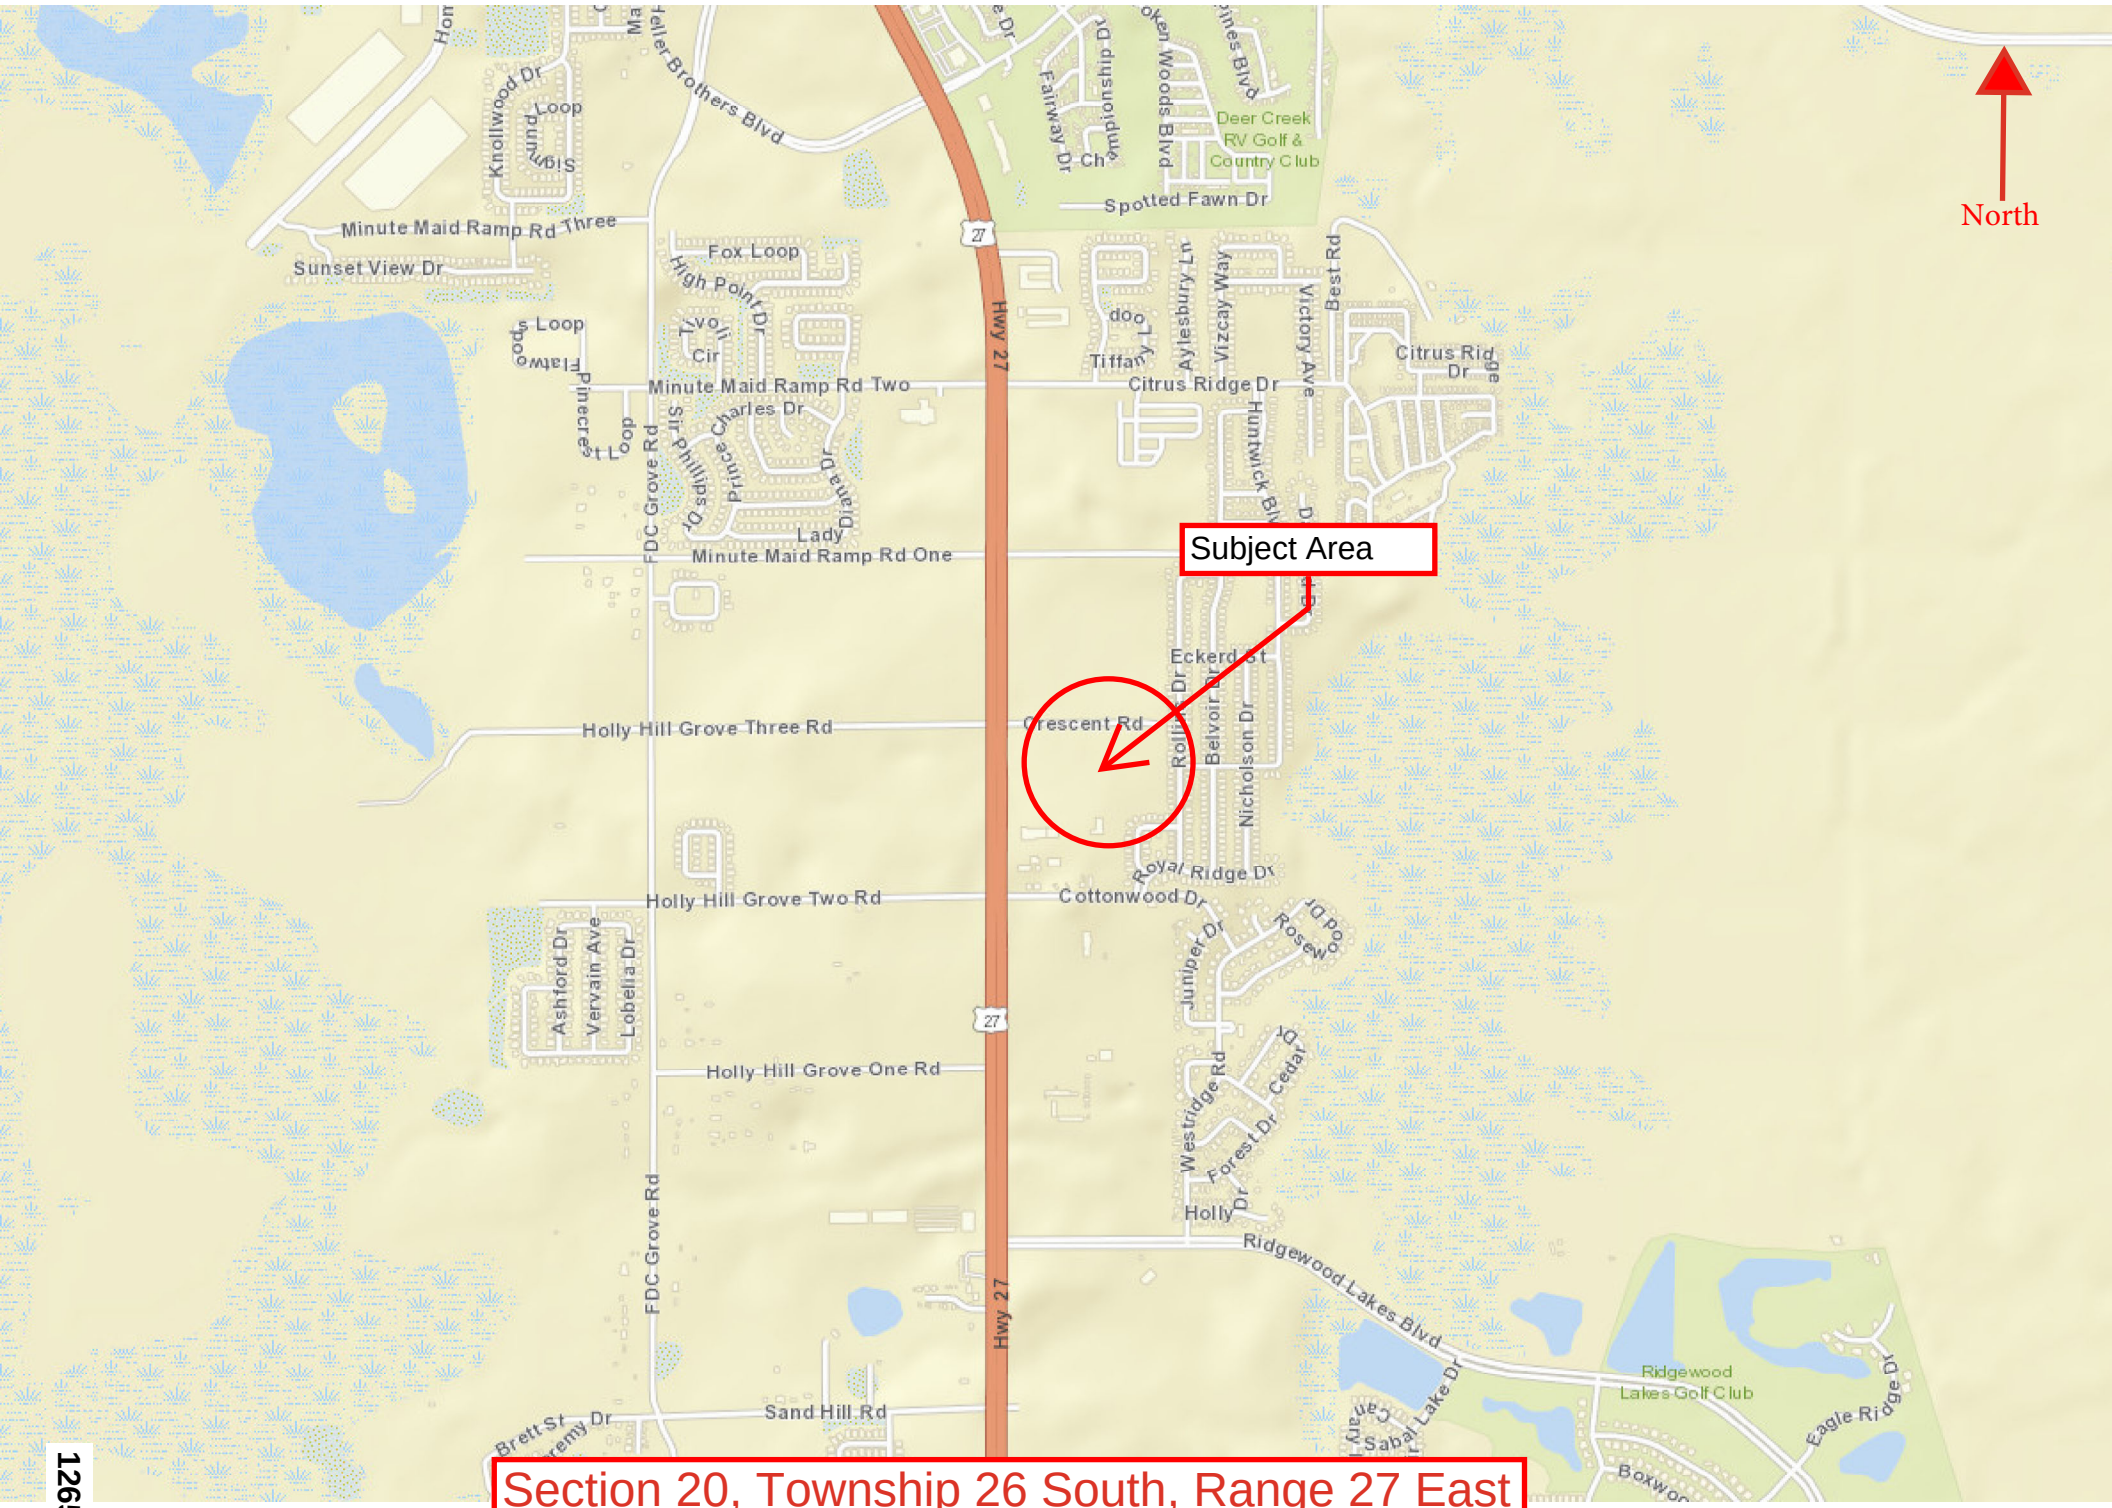
SUBJECT

Authorize a County Deed to GPK LIC II, LLC associated with a County-owned Parcel ID Number 272620-705500-040192. (No fiscal impact)

DESCRIPTION

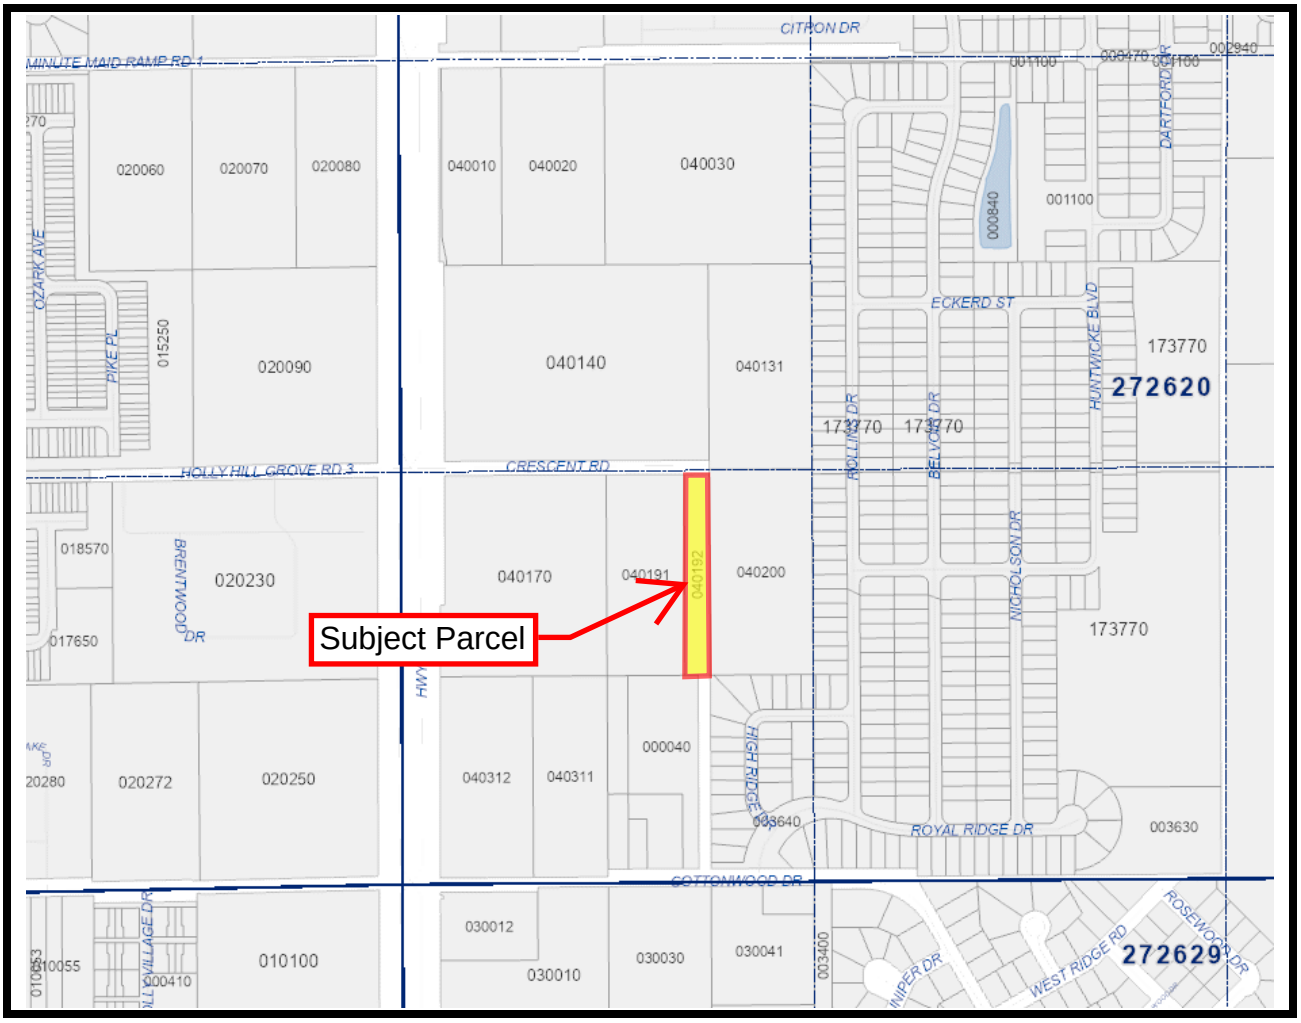
The County is the owner of an 80-foot wide strip of land, identified as Parcel ID Number 272620-705500-040192, running south off of Crescent Road to the east of US Highway 27 and north of the Cottonwood Fire Rescue Station. The parcel was conveyed to the County in June of 2009 in conjunction with a proposed development at the time as right-of-way for a proposed roadway corridor known as Holly Hill Road Extension; however, the original development plans never materialized and the property has subsequently changed hands multiple times. The current owner, GPK LIC II, LLC, has new plans to develop the property and contacted the County requesting that the strip of property, which is bisecting its planned development, be conveyed back to it for use in its development. The portion of the Holly Hill Road Extension corridor associated with the subject strip is no longer being considered by the County due to, among other things, development in the area so the strip is no longer needed for that purpose. Additionally, the County is requesting a public access corridor from north of the fire station to Minute Maid Ramp Road 1 through, and in conjunction with, the development approval process. Authorizing a County Deed to GPK LIC II, LLC for the subject strip will return the property to the successor in title to the developer who originally conveyed the property to the County which will allow the current owner to fully utilize the area in conjunction with its proposed development plans.

RECOMMENDATION



Request Board authorize the aforementioned County Deed for the conveyance of the County's interest in the subject parcel, including interests that may otherwise be reserved by Florida Statute.

FISCAL IMPACT



No fiscal impact.

Polk County

Board of County Commissioners

Agenda Item R.20. 8/19/2025

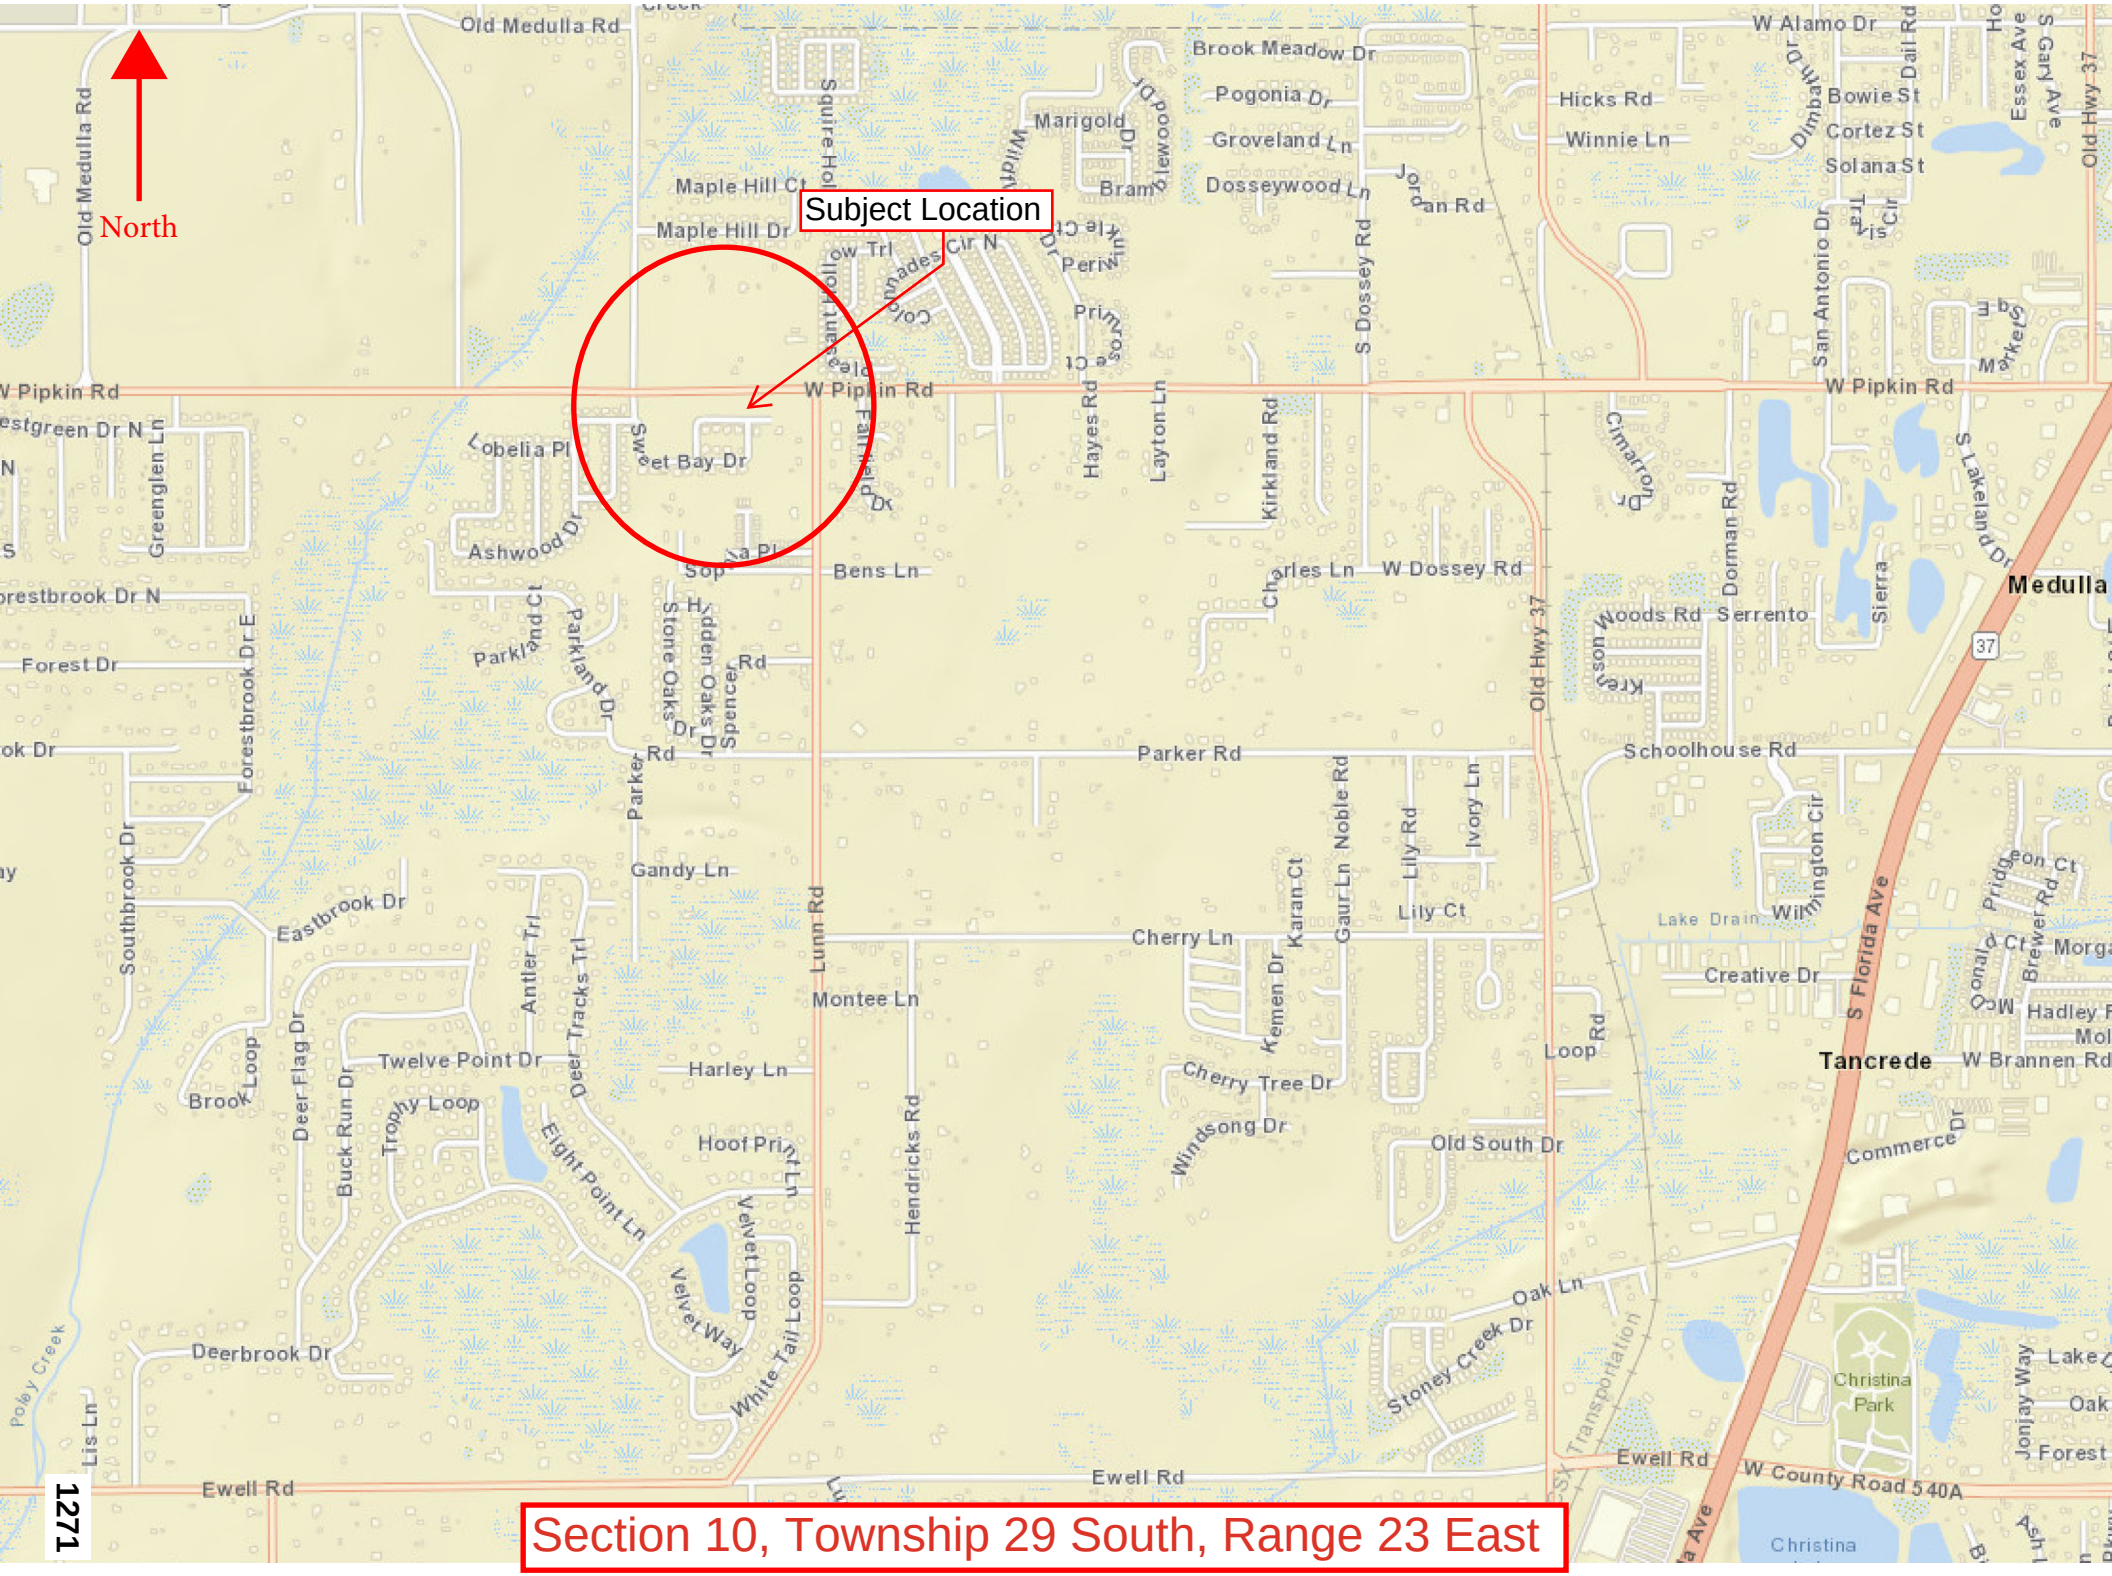
SUBJECT

Authorize Fence Easement to Ashwood West Homeowners Association, Inc. in conjunction with the West Pipkin Road Improvement Project. (No Fiscal Impact)

DESCRIPTION

The County has a project to improve West Pipkin Road to a four-lane corridor from Medulla Road to Harden Boulevard which is substantially completed. The County purchased multiple platted lots and a tract shown on the plat of Ashwood East, located along the south side of W. Pipkin Road for mainline right-of-way and a storm water facility associated with the project. At the time they were acquired the lots and tract were encumbered with various private easements dedicated to the Ashwood West Homeowner's Association ("Ashwood"). One of the easements was a 5-foot wide wall easement which contained a decorative fence with columns which needed to be relocated to accommodate the project. The County entered into a Right-of-Way Agreement with Ashwood regarding the easements and the fencing prior to the start of the project. Per the terms of the agreement Ashwood executed a Partial Release of Easements for all of the private easements located within the right-of-way parcels and the County agreed to relocate the fencing along the W. Pipkin Road frontage with like-kind decorative fencing. Additionally, the County agreed to grant a fence easement to Ashwood over the relocated decorative fence once completed which is to be maintained by Ashwood. The construction of the relocated decorative fence has been completed and a legal description for a 5-foot wide easement (2.5-feet each side) has been prepared. Authorizing a Fence Easement to Ashwood will give the HOA the easement needed to maintain the decorative fence and fulfill the terms of the agreement related to the easement.

RECOMMENDATION



Request Board authorize the aforementioned Fence Easement.

FISCAL IMPACT

No fiscal impact.

FENCE EASEMENT

THIS EASEMENT made this 19th day of August, 2025, between **POLK COUNTY,** a political subdivision of the State of Florida, whose mailing address is P.O. Box 988, Bartow, Florida 33831, Grantor, and the **ASHWOOD WEST HOMEOWNERS ASSOCIATION, INC.,** a Florida Not For Profit Corporation, whose mailing address is 2108 E. Edgewood Drive, Lakeland, Florida 33803, Grantee.

WITNESSETH, that the said Grantor, for and in consideration of the sum of One Dollar ($1.00) and other good and valuable considerations paid, the receipt of which is hereby acknowledged, does hereby grant unto the Grantee, its successors and assigns forever, a perpetual 5.0-foot-wide fence easement for the purpose of inspecting, improving, repairing and maintaining a fence and columns that were relocated during construction of West Pipkin Road Widening Project located along the north perimeter of stormwater pond (Pond SMF-5-3), over, across and through the following described land in the County of Polk, State of Florida, to-wit:

SEE ATTACHMENT "A"

TO HAVE AND TO HOLD THE SAME, together with the reasonable right to enter and depart over and upon adjoining lands of the Grantor for the purpose of exercising the rights herein granted.

Grantor covenants with the Grantee that it is lawfully seized of said lands and that it has good, right and lawful authority to grant this easement.

[SIGNATURE PAGE FOLLOWS]

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK]

IN WITNESS WHEREOF, said Grantor has caused these presents to be executed in its name by its Board of County Commissioners, acting by the Chair or Vice-Chair of said board, the day and year aforesaid.

Signed, Sealed and Delivered in the Presence of:

Polk County

Board of County Commissioners

Agenda Item R.21. 8/19/2025

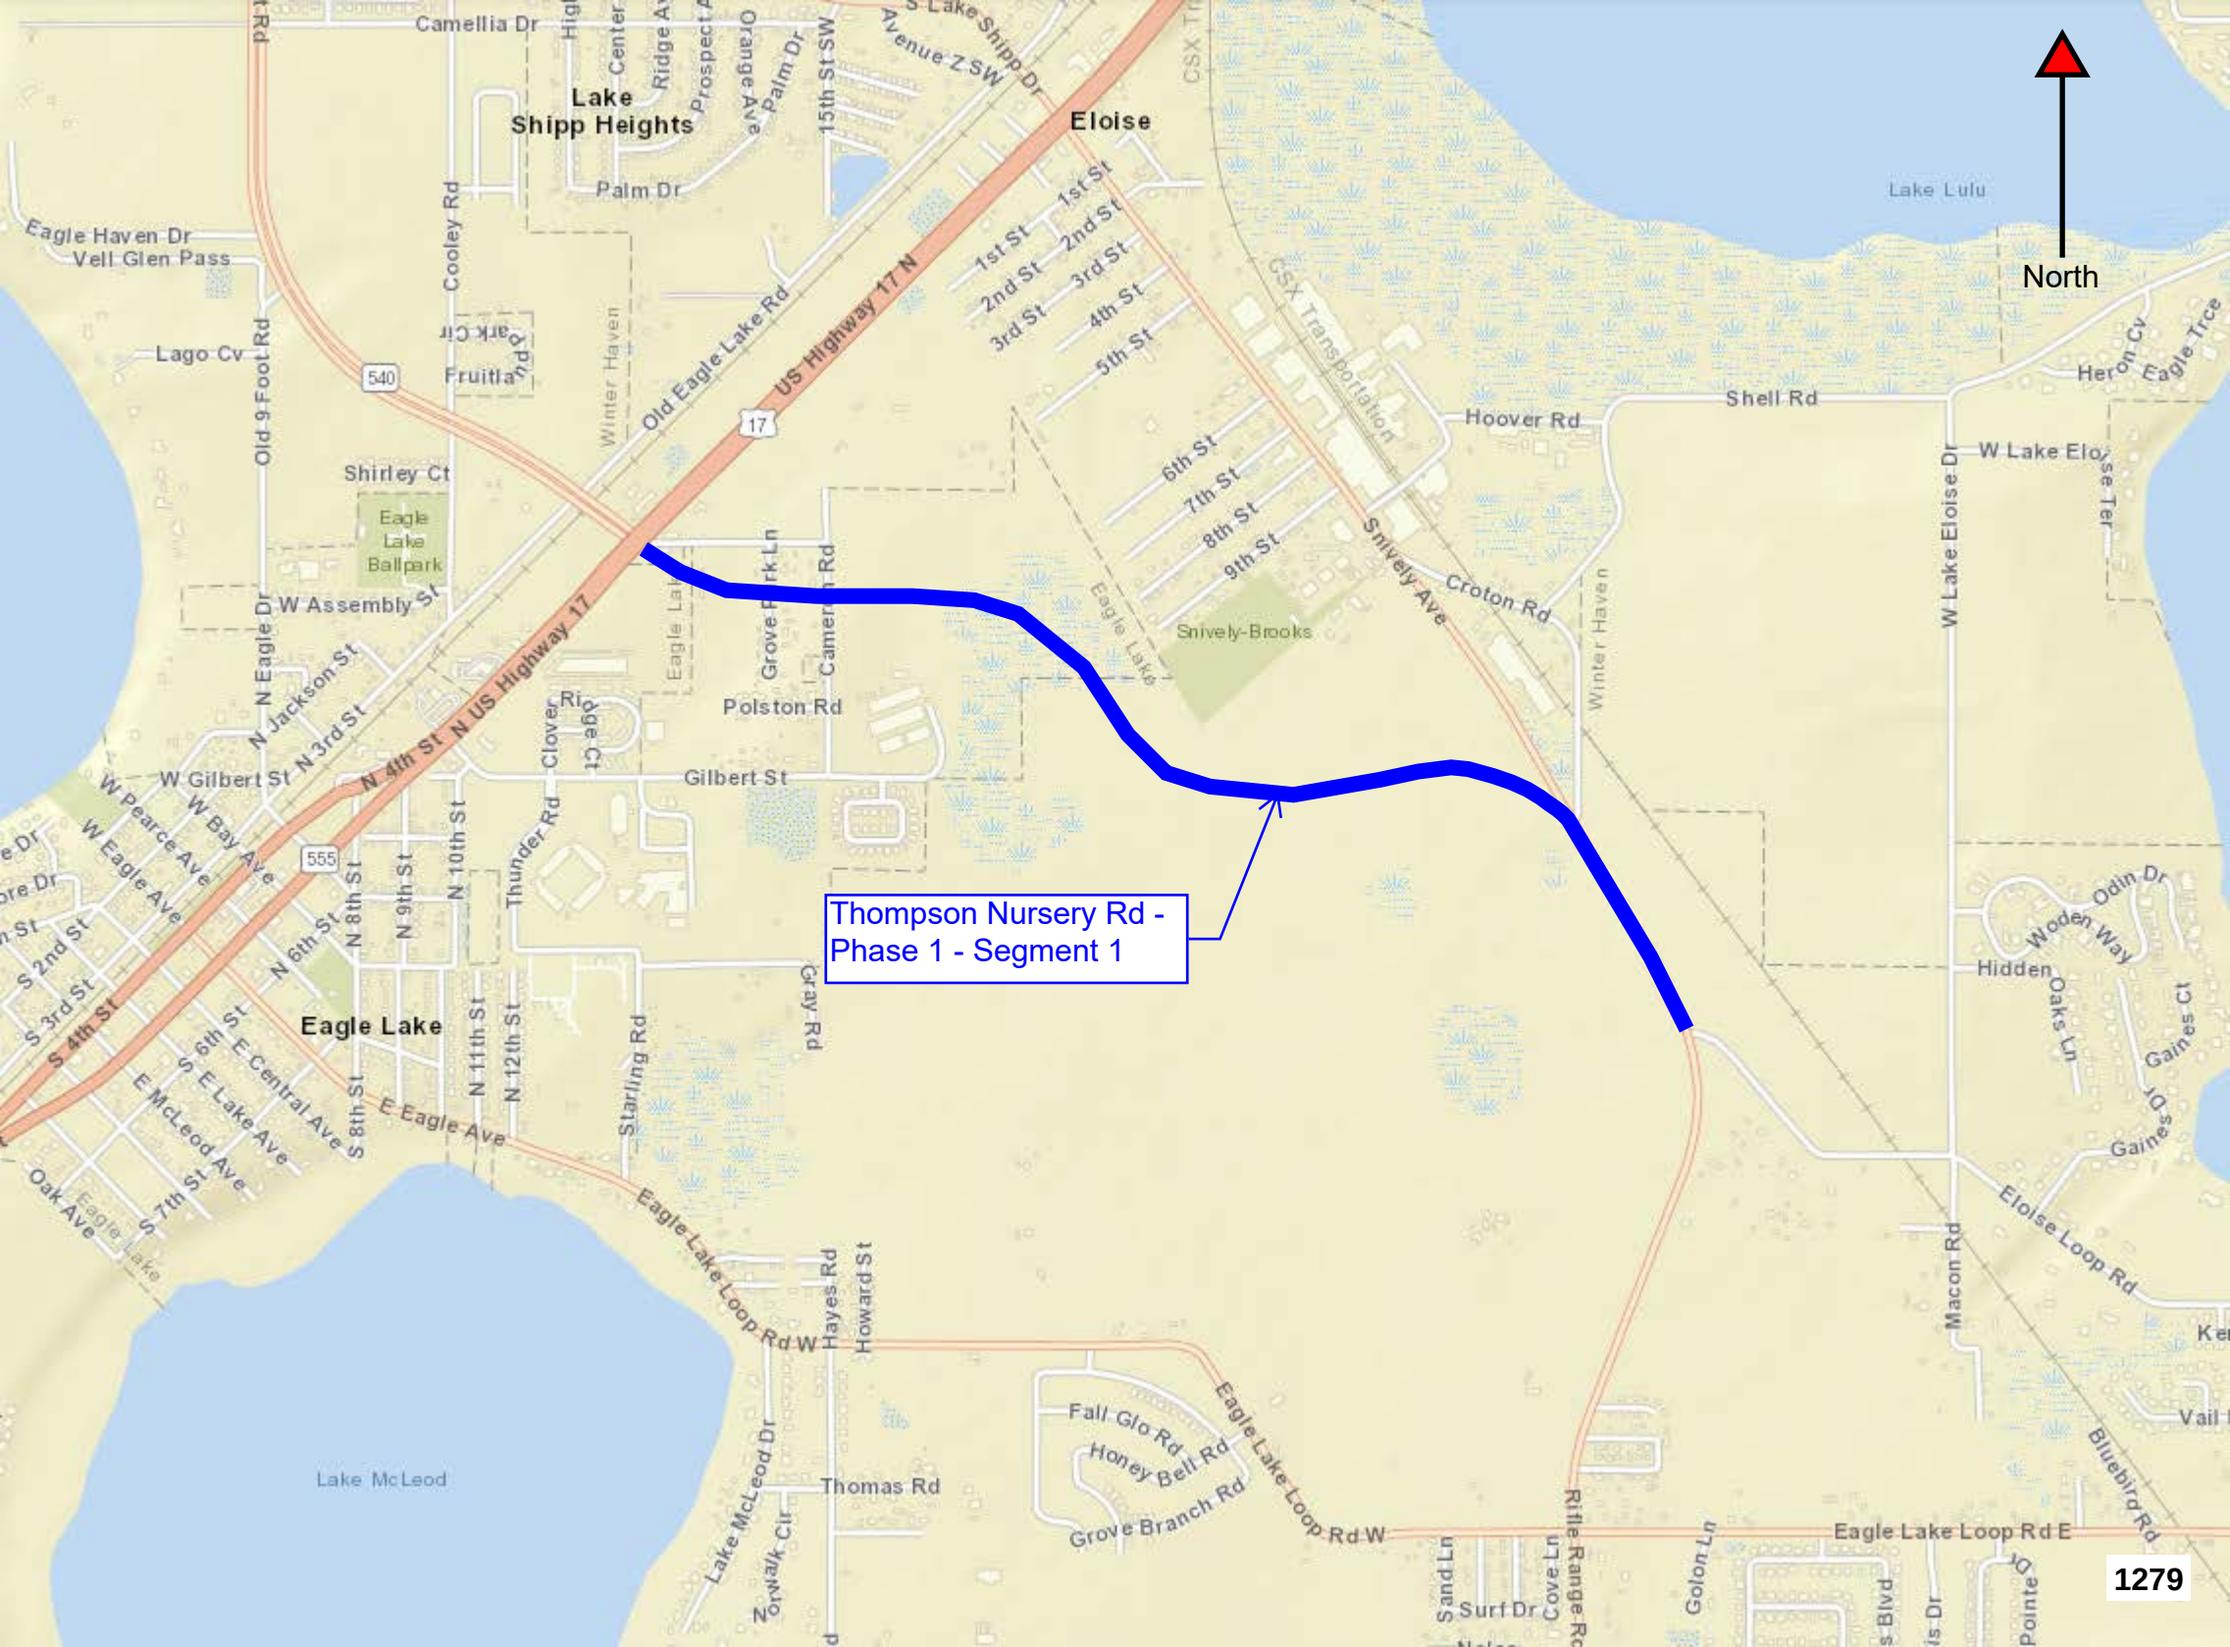
SUBJECT

Approve Subordination Agreement between Polk County and Tampa Electric Company for parcels associated with the Thompson Nursery Road Phase 1 - Segment 1 Improvement Project. (No fiscal impact)

DESCRIPTION

The County has a project to construction a new alignment four-lane corridor from US Highway 17 at Winter Lake Road (SR 540) to Rifle Range Road (CR 655) known as the Thompson Nursery Road Phase 1 - Segment 1 Improvement Project. Right-of-way acquisition for the project is complete and several parcels are currently encumbered with utility easements held by Tampa Electric Company ("TECO") for both distribution and transmission facilities. The County has requested the TECO subordinate its interest in those portions of the utility easements lying within the project right-of-way parcels. TECO has agreed to the County's request for the easements associated with the distribution facilities and has approved and executed a Subordination Agreement for the parcels encumbered with those easements. TECO is still reviewing the request for the easements associated with transmission facilities. Approving the Agreement will authorize the Chairman to execute the document and allow its recordation, which will allow the County to fully utilize the parcels for the project.

RECOMMENDATION



Request Board approve the above-mentioned Subordination Agreement.

FISCAL IMPACT

No fiscal impact.

(Distribution)

SUBORDINATION AGREEMENT

This Agreement entered into this 19th day of August, 2025, by and between **POLK COUNTY**, a political subdivision of the State of Florida, whose Post Office Box is: Post Office Box 9005, Drawer RE-01, Bartow, Florida 33831-9005 (hereinafter "COUNTY") and **TAMPA ELECTRIC COMPANY,** a Florida corporation, whose mailing address is P.O. Box 111, Tampa, Florida 33601, (hereinafter "UTILITY").

WITNESSETH

WHEREAS, the UTILITY presently has an interest in certain lands (hereinafter the "Lands") that have been determined necessary for road and drainage improvements to Thompson Nursery Road Phase 1; Segment 1, Capital Improvement Project, Project No. 5400203, (hereinafter the "Project"); and

WHEREAS, the proposed use of these Lands for the Project will require the subordination of the interest claimed in such Lands by the UTILITY to the COUNTY; and

WHEREAS, at the request of the COUNTY, the UTILITY has agreed to subordinate its interest in such Lands as described in **"ATTACHMENT A"** attached hereto and made a part hereof.

NOW, THEREFORE, in consideration of the mutual covenants and promises of the parties hereto, UTILITY and COUNTY agree as follows:

UTILITY hereby subordinates, to the interest of COUNTY, its successors or assigns, any and all of its interest in the Lands as follows, viz:

SEE ATTACHMENT "A"

Parcel No(s).	Encumbrance	Date	From	Book/Page
102, 103, 104, 105, 106	Easement	2/28/1953	J. D. Cameron and wife Bessie L. Cameron	Deed Book 950/355
108, 109	Easement	9/9/1970	James A. Johnson and Willene Johnson, his wife	1320/450
114A	Easement	1/30/1968	W.C. Paulk and Odessa V. Paulk, his wife; Bill B. Garrett and Merry W. Garrett, his wife; Edward O. Varner and Iris I. Varner, his wife; Paul C. Varner and Jo Esther Varner, his wife	1147/999

PROVIDED that the UTILITY has the following rights:

1. The UTILITY shall have the right to construct, operate, maintain, improve, add to, upgrade, remove, and relocate facilities on, within, and upon the lands described herein in accordance with the established Polk County right-of-way permitting process. Any new construction or relocation of facilities within the Lands described in attached "Attachment A" shall be subject to prior approval by the COUNTY. Should the COUNTY fail to approve any new construction or relocation of facilities by the UTILITY or require the UTILITY to alter, adjust, or relocate its facilities located within the Lands described herein, the

COUNTY hereby agrees to pay the cost of such alteration, adjustment or relocation, including, but not limited to, the cost of acquiring appropriate replacement easements.

2. The UTILITY shall have a reasonable right to enter upon the lands described herein for the purposes outlined in paragraph 1 above including the right to trim such trees, brush, and growth which might endanger or interfere with such facilities, provided that such rights do not in any way interfere with the operation and safety of the COUNTY's facilities.

3. The UTILITY agrees to repair any damage to COUNTY facilities resulting from the UTILITY's use of the Lands described in attached Attachment "A".

4. The COUNTY agrees to repair any damage to UTILITY facilities resulting from the COUNTY's use of the Lands described in attached Attachment "A".

IN WITNESS WHEREOF, the COUNTY has caused these presents to be executed in its name through its Board of County Commissioners, signing by and through its Chairman, authorized to execute same by Board action on the 19th day of August, 2025.

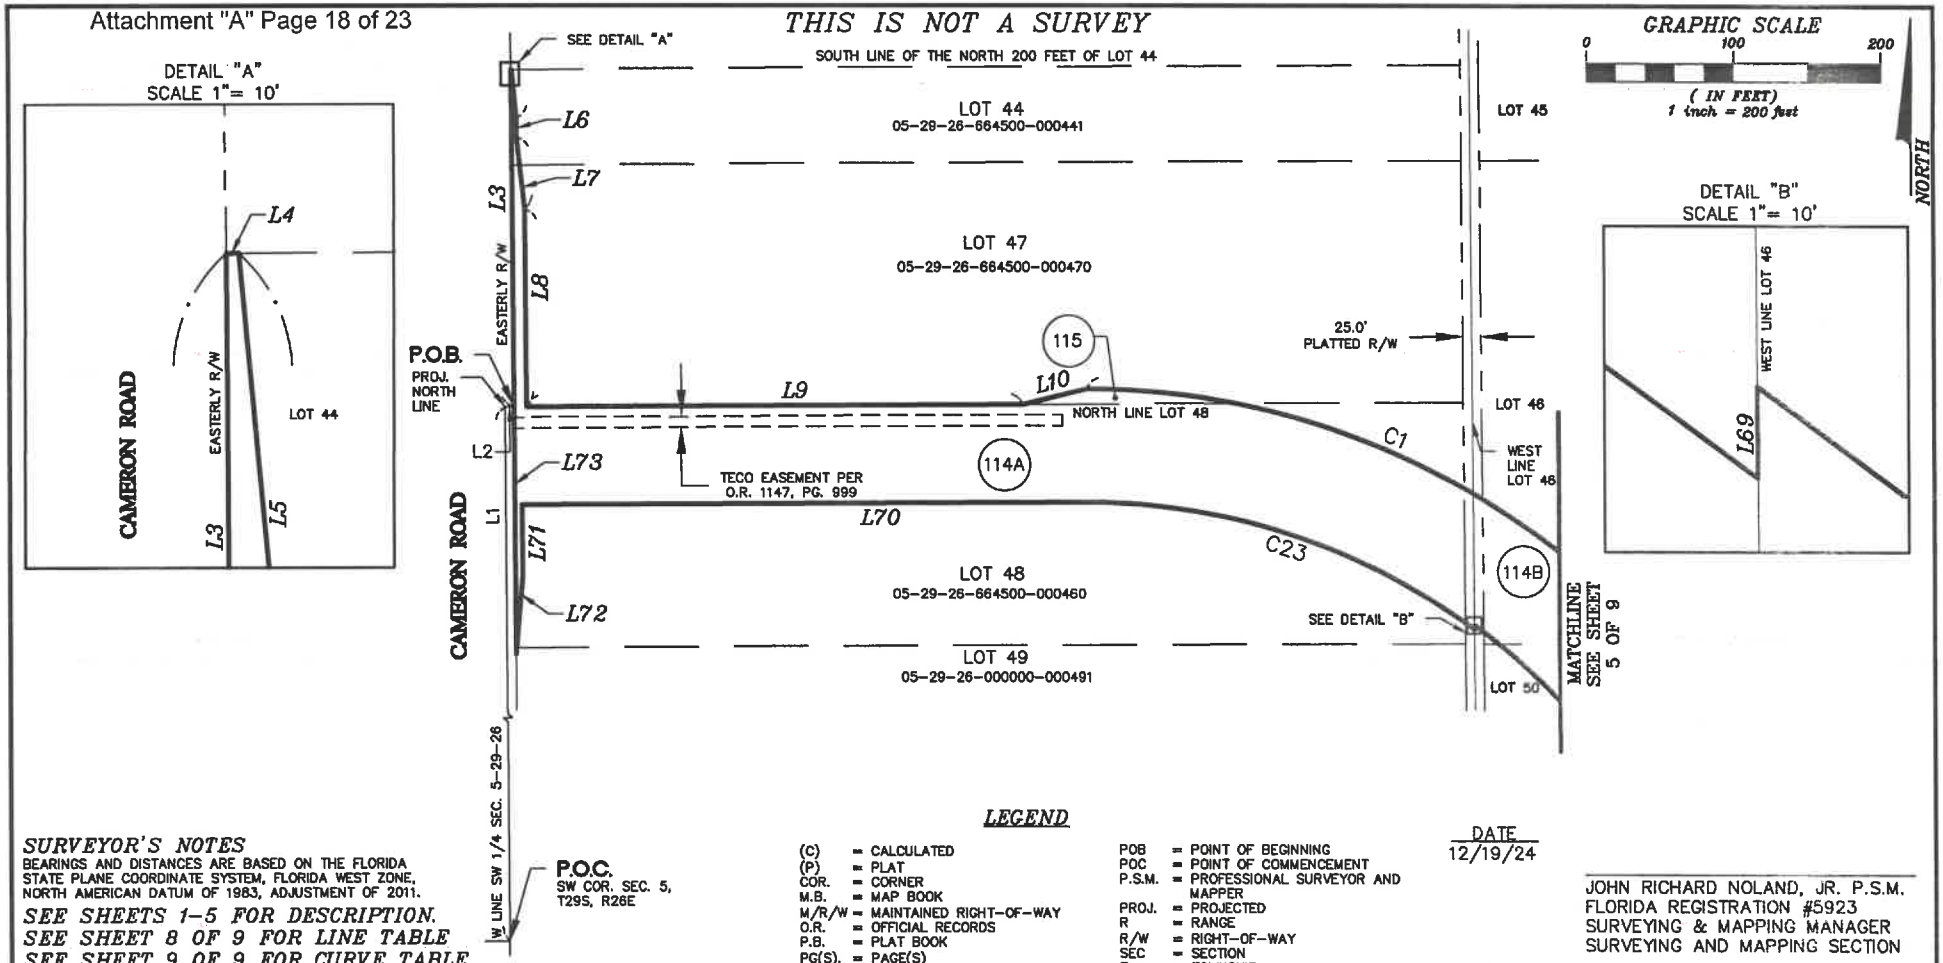
DESCRIPTION

A parcel of land being a portion of WAHNETA FARMS as recorded in Plat Book 1, Pages 82A and 82B, Public Records of Polk County, Florida, lying in Sections 5 and 8, Township 29 South, Range 26 East, Polk County, Florida, being more particularly described as follows:



COMMENCE at the Southwest corner of said Section 5, thence North 00°16'55" West along the west line of the Southwest Quarter of said Section 5, a distance of 1320.02 feet to the projected North line of Lot 48 of said WAHNETA FARMS; thence North 89°45'09" East along said line, 12.50 feet to the easterly platted right-of-way line of Cameron Road as depicted on said WAHNETA FARMS, for the **POINT OF BEGINNING;** Thence North 00°16'55" West, along said easterly platted right-of-way line, 458.90 feet to the south line of the North 200.00 feet of Lot 44 of said WAHNETA FARMS; Thence North 89°44'59" East, along said south line, 0.86 feet; Thence South 05°19'04" East, 66.67 feet; Thence South 00°16'39" East, a distance of 25.29 feet; Thence South 06°18'03" East, a distance of 98.94 feet; Thence South 00°16'39" East, 268.82 feet to the North line of said Lot 48; Thence North 89°45'09" East, along said north line 679.60 feet; Thence North 76°15'43" East, 88.68 feet to point on a non-tangent curve concave to the southwest having a radius of 1035.00 feet, a central angle of 56°11'47", a chord bearing of South 62°07'23" East, and a chord distance of 974.94 feet; Thence easterly along the arc of said curve 1015.14 feet to the Point of Tangency; Thence South 34°01'29" East, 218.27 feet to the to the Point of Curvature of a curve concave northeast having a radius of 2003.00 feet, a central angle of 34°55'32", a chord bearing of South 51°29'15" East, and a chord distance of 1202.14 feet; thence southeasterly along the arc of said curve 1220.96 feet; Thence South 61°29'37" East, 97.67 feet to a point on a non-tangent curve concave to the north having a radius of 2018.00 feet and a central angle of 07°46'56", a chord bearing of South 75°35'31" East, and a chord distance of 273.89 feet; Thence easterly along the arc of said curve, 274.10 feet; Thence North 72°51'07" East, 55.13 feet to a point on a non-tangent curve concave to the north having a radius of 1993.00 feet and a central angle of 18°53'13", a chord bearing of North 89°40'10" East, and a chord distance of 654.00 feet; Thence easterly along the arc of said curve, 656.97 feet to the Point of Tangency; Thence North 80°13'33" East, 534.18 feet; Thence South 06°28'16" West, 18.75 feet; Thence North 80°13'33" East, 46.41 feet; Thence North 05°57'57" East, 30.92 feet to a point on a non-tangent curve concave to the south having a radius of 1102.00 feet and a central angle of 24°16'09", a chord bearing of South 88°50'11" East, and a chord distance of 463.30 feet; Thence easterly along the arc of said curve, 466.78 feet to a point on a non-tangent curve concave to the west having a radius of 749.00 feet, a central angle of 16°09'09", a chord bearing of North 03°04'03" East, and a chord distance of 210.45 feet; Thence northerly along the arc of said curve, 211.15 feet; Thence North 24°29'05" East, 23.19 feet; Thence North 13°42'21" East, 23.15 feet to a point on a non-tangent curve concave to the

west having a radius of 769.00 feet, a central angle of 08°58'33", a chord bearing of North 12°38'10" West, and a chord distance of 120.34 feet; Thence northerly along the arc of said curve, 120.47 feet; Thence North 15°17'43" West, 94.83 feet to the existing westerly right-of-way line of County Road 655 (Rifle Range Road/Snively Ave) and a point on a non-tangent curve concave to the southwest having a radius of 5679.58 feet, a central angle of 02°03'34", a chord bearing of South 30°44'33" East, and a chord distance of 204.14 feet; Thence southeasterly along said right-of-way line and the arc of said curve, 204.15 feet to the Point of Tangency; Thence South 29°42'46" East, along said right-of-way line, 140.59 feet; Thence South 03°32'36" West, 79.85 feet; Thence South 08°25'36" West, 32.77 feet to a point on a non-tangent curve concave to the west having a radius of 879.00 feet, a central angle of 05°44'27", a chord bearing of South 08°51'51" West, and a chord distance of 88.04 feet; Thence southerly along the arc of said curve, 88.07 feet; Thence South 36°27'49" East, 23.76 feet to a point on a non-tangent curve concave to the south having a radius of 1080.00 feet, a central angle of 03°45'47", a chord bearing of South 68°09'14" East, and a chord distance of 70.92 feet; Thence easterly along the arc of said curve, 70.93 feet to the Southerly line of a parcel described in Official Records Book 12046 page 2262 of the Public Records of Polk County, Florida; Thence South 62°57'47" West, along said southerly line, 258.31 feet to a point on a non-tangent curve concave to the south having a radius of 905.00 feet, a central angle of 11°31'34", a chord bearing of North 81°05'58" West, and a chord distance of 181.75 feet; Thence westerly along the arc of said curve, 182.06 feet; Thence North 62°14'58" West, 62.49 feet to a point on a non-tangent curve concave to the south having a radius of 929.00 feet, a central angle of 02°35'44", a chord bearing of South 86°49'44" West, and a chord distance of 42.08 feet; Thence westerly along the arc of said curve, 42.08 feet; Thence South 65°39'26" West, 81.80 feet to a point on a non-tangent curve concave to the south having a radius of 905.00 feet, a central angle of 02°00'24", a chord bearing of South 81°13'45" West, and a chord distance of 31.70 feet; Thence westerly along the arc of said curve, 31.70 feet to the Point of Tangency; Thence South 80°13'33" West, 75.77 feet; Thence North 00°12'52" East, 24.37 feet; Thence South 80°13'33" West, 47.85 feet; Thence South 06°21'45" West, 14.57 feet; Thence South 80°13'33" West, 483.31 feet to the Point of Curvature of a curve having a radius of 2168.00 feet, a central angle of 13°27'11", a chord bearing of South 86°57'09" West, and a chord distance of 507.88 feet; thence along the arc of said curve 509.05 feet; Thence North 73°08'48" West, 96.83 feet to a point on a non-tangent curve concave to the north having a radius of 2148.00 feet, a central angle of 12°06'35", a chord bearing of North 77°45'02" West, and a chord distance of 453.14 feet; Thence westerly along the arc of said curve, 453.99 feet; Thence North 72°18'03" West, 186.06 feet; Thence South 23°15'01" West, 15.00 feet to a point on a non-tangent curve concave to the northeast, having a radius of 2173.00 feet, a central angle of 01°22'31", a chord bearing of North 66°03'44" West, and a chord distance of 52.16 feet; Thence northwesterly along the arc of said curve 52.16 feet; Thence North 24°37'32" East radial to said curve, 15.00 feet to a point on a non-tangent curve concave to the northeast, having a radius of 2158.00 feet, a central angle of 08°18'49", a chord bearing of North 61°13'03" West, and a chord distance of 312.86 feet; Thence northwesterly along the arc of said curve, 313.13 feet; Thence South 89°47'52" West, 9.12 feet to a point on a non-tangent curve concave to the northeast having a radius of 2163.00 feet, a central angle of 02°23'51", a chord bearing of North 55°39'35" West, and a chord distance of 90.50 feet; Thence northwesterly along the arc of said curve, 90.51 feet; Thence South 37°33'13" West, 73.02 feet; Thence South 00°10'42" East, 225.44 feet; Thence North 86°09'34" East, 32.41 feet; Thence South 42°53'33" East, 142.92 feet; Thence South 66°02'14" East, 369.18 feet; Thence South 00°00'00" West, 205.84 feet; Thence North 89°40'48" West, 196.24 feet; Thence South 26°43'44"

West, 46.64 feet; Thence South 00°00'00" West, 105.94 feet; Thence South 42°16'23" East, 86.35 feet; Thence South 09°09'54" West, 41.48 feet; Thence South 04°11'26" West, 44.52 feet; Thence South 01°42'24" West, 120.80 feet; Thence South 18°21'50" East, 57.48 feet; Thence North 79°34'48" East, 71.00 feet; Thence South 63°18'06" East, 45.13 feet; Thence South 05°49'10" East, 99.93 feet; Thence South 74°21'14" West, 93.55 feet; Thence South 26°50'00" West, 33.93 feet to the north line of a 25 feet wide platted right-of-way as depicted on said WAHNETA FARMS; Thence South 00°12' 02" East, 12.50 feet to the centerline of said platted right-of-way and the south line of Lot 73 of said WAHNETA FARMS; Thence South 89°47'58" West, along the south line of said Lot 73 and Lot 74 of said WAHNETA FARMS, 1131.14 feet, to the west line of said Lot 74; Thence North 00°11'47" West, along said west line, 447.32 feet; Thence North 35°23'10" East, 273.19 feet, to the north line of said Lot 74; Thence North 89°46'55" East, along said north line, 506.93 feet, to the west line of Lot 61 of said WAHNETA FARMS; Thence North 00°10'42" West, along said west line, 426.72 feet; Thence North 86°09'34" East, 91.66 feet; Thence North 00°10'42" West, 329.12 feet; Thence North 37°33'13" East, 22.95 feet to a point on a non-tangent curve concave to the northeast having a radius of 2163.00 feet, a central angle of 08°47'06", a chord bearing of North 47°23'30" West, and a chord distance of 331.32 feet; Thence northwesterly along the arc of said curve, 331.64 feet; Thence North 47°00'03" East, radial to said curve, 5.00 feet to a point on a non-tangent curve concave to the northeast, that is radial to said line, having a radius of 2158.00 feet, a central angle of 01°33'19, a chord bearing of North 42°13'18" West, and a chord distance of 58.58 feet; Thence northwesterly along the arc of said curve, 58.58 feet; Thence North 37°18'10" West, 103.59 feet to a point on a non-tangent curve concave to the northeast having a radius of 2153.00 feet, a central angle of 04°40'06", a chord bearing of North 36°21'33" West, and a chord distance of 175.38 feet; Thence northwesterly along the arc of said curve, 175.43 feet to the Point of Tangency; Thence North 34°01'29" West, 218.27 feet to the Point of Curvature of a curve concave southwest, having a radius of 885.00 feet, a central angle of 19°35'03", a chord bearing of North 43°49'01" West, and a chord distance of 301.03 feet; thence northwesterly along the arc of said curve 302.50 feet to the west line of Lot 46 of said WAHNETA FARMS; Thence South 00°19'02" East, along said west line, 6.25 feet to a point on a non-tangent curve concave to the south having a radius of 880.00 feet, a central angle of 36°51'20", a chord bearing of North 71°47'37" West, and a chord distance of 556.35 feet; Thence northwesterly along the arc of said curve, 566.06 feet to the Point of Tangency; Thence South 89°46'44" West, 773.07 feet; Thence South 00°16'39" East, 99.48 feet; Thence South 04°58'00" West, 105.61 feet to the easterly platted right-of-way line of Cameron Road as depicted on said WAHNETA FARMS; Thence North 00°16'55" West, along said easterly line, 338.62 feet to the POINT OF BEGINNING.

Said Parcel containing 42.5 acres more or less.

POLK COUNTY

Agenda Item R.22. 8/19/2025

SUBJECT

SET HEARING to Consider Adopting a Resolution Allowing for the Installation of Traffic Calming Devices (Speed Humps) on Avenue U Northwest near Winter Haven. (Suggested Hearing Date: Tuesday, September 2, 2025, at 9:15 a.m.) (No fiscal impact)

DESCRIPTION

The Board of County Commissioners has a policy that allows for the installation of traffic calming devices on certain County roads, provided they meet the criteria set forth in the policy.

An area resident approached the County with a request to install traffic calming devices on Avenue U Northwest. Avenue U Northwest is located in the Winter Haven area in S-13, T-28S, R-25E, and is classified as a Local Residential roadway.

Staff conducted traffic studies on Avenue U Northwest, as outlined in FS 316.189, and determined that the roadway met the Policy criteria based on traffic speed and volume. Staff subsequently distributed ballots to affected homeowners and received a favorable vote from the required percentage of that population.

Per Board policy, once requirements are met, the public will have an opportunity to address the Board of County Commissioners before traffic calming devices are approved.

RECOMMENDATION

Request Board set a public hearing date to consider adopting a Resolution allowing for the installation of traffic calming devices (speed humps) on Avenue U Northwest. Suggested Hearing Date: Tuesday, September 2, 2025, at 9:15 a.m.

FISCAL IMPACT

There is no fiscal impact in setting the Public Hearing.

SUBJECT

SET HEARING to Consider Adopting a Resolution Allowing for the Installation of Traffic Calming Devices (Speed Humps) on Dean Street near Mulberry. (Suggested Hearing Date: Tuesday, September 2, 2025, at 9:15 a.m.) (No fiscal impact)

DESCRIPTION

The Board of County Commissioners has a policy that allows for the installation of traffic calming devices on certain County roads, provided they meet the criteria set forth in the policy.

An area resident approached the County with a request to install traffic calming devices on Dean Street. Dean Street is located in the Mulberry area in S-11, T-30S, R-23E, and is classified as a Local Residential roadway.

Staff conducted traffic studies on Dean Street, as outlined in FS 316.189, and determined that the roadway met the Policy criteria based on traffic speed and volume. Staff subsequently distributed ballots to affected homeowners and received a favorable vote from the required percentage of that population.

Per Board policy, once requirements are met, the public will have an opportunity to address the Board of County Commissioners before traffic calming devices are approved.

RECOMMENDATION

Request Board set a public hearing date to consider adopting a Resolution allowing for the installation of traffic calming devices (speed humps) on Dean Street. Suggested Hearing Date: Tuesday, September 2, 2025, at 9:15 a.m.

Board of County Commissioners

Agenda Item R.24. 8/19/2025

SUBJECT

Adopt a Resolution Setting Parking Restrictions on Forest View Drive and Lake Shore Parkway, near Loughman ($801.98 one-time expense)

DESCRIPTION

The Roads & Drainage Division has received a request from an area resident to restrict parking on Forest View Drive and Lake Shore Parkway. Forest View Drive and Lake Shore Parkway are in the Loughman area in S-16, T-28S, R-24E, and are classified as Local Residential roads.

Staff conducted parking studies along Forest View Drive and Lake Shore Parkway to analyze this request and determined that vehicles and trailers are being parked along both roadways, creating visibility issues for residents.

Pursuant to FS 316.008, the Board of County Commissioners is vested with the authority to set parking restrictions on County roadways. Additionally, the posting of the requested restrictions will promote public safety and assist the Polk County Sheriff's Office in their enforcement efforts.

To comply with statutory requirements, it is necessary for the Board to adopt a Resolution establishing the parking restrictions.

RECOMMENDATION

Request Board adopt the associated Resolution to establish parking restrictions for Forest View Drive and Lake Shore Parkway. Estimated cost for installation of the signs is $801.98.

FISCAL IMPACT

Funds are budgeted in the FY 24/25 Transportation Millage Fund.

RESOLUTION NO.: _____

WHEREAS, the Polk County Roads & Drainage Division, conducted parking studies on the following County-maintained Local Residential roads:

Forest View Drive (Road Number 670321) from Sand Ridge Drive to Lake Shore Parkway, Located in S-3, T-26S, R-27E, and

Lake Shore Parkway (Road Number 670314) from Heritage Pass to Lake Shore Parkway, Located in S-3, T-26S, R-27E, and

WHEREAS, said studies were made in accordance with the procedures established by the State of Florida Department of Transportation, and said studies verified that the parking of vehicles in these locations creates visibility concerns, and

WHEREAS, under the laws of the State of Florida, the Board of County Commissioners is vested with the authority to restrict parking on County maintained roads.

NOW, THEREFORE, BE IT RESOLVED that the Polk County Roads & Drainage Division is herewith directed to cause Forest View Drive to be posted "No Parking, Stopping or Standing" on the west side 125 feet north of Forest View Court to Lake Shore Parkway; and Lake Shore Parkway to be posted "No Parking, Stopping or Standing" on the north and south sides of the road from Heritage Pass to 250 feet east of Forest View Drive.

DATED this 19th day of August 2025.

Agenda Item R.25. 8/19/2025

SUBJECT

Adopt a Resolution Setting Truck Restrictions on Eagle Lake Loop Road and Gerber Dairy Road (near Eagle Lake). ($761.22 one-time expense)

DESCRIPTION

Polk County Roads & Drainage recently received a request from the City of Eagle Lake to restrict commercial trucks on Eagle Lake Loop Road. In researching the request, staff discovered that some commercial truck drivers are utilizing Eagle Lake Loop Road to travel between US Highway 17 and County Road 655 (Rifle Range Road). Commercial trucks cannot easily navigate these roadways, which are residential in nature. The Roads & Drainage Division proposes to restrict through commercial vehicles along Eagle Lake Loop Road and Gerber Dairy Road to encourage truck traffic to use US Highway 17 and County Road 655 (Rifle Range Road), rather than travel through a residential area.

FS 316.008 allows local governments to prohibit or regulate the use of certain roadways by any class or kind of traffic found to be incompatible with the normal and safe movement of traffic. Based on staff research, it was determined that postings of “No Thru Trucks” for Eagle Lake Loop Road and Gerber Dairy Road will benefit the residents in the area, as well as the traveling public, by restricting commercial traffic.

RECOMMENDATION

Request Board adopt the associated Resolution to establish truck restrictions for Eagle Lake Loop Road and Gerber Dairy Road. Estimated cost for installation of the signs is $761.22.

FISCAL IMPACT

Funds are budgeted in the FY 24/25 Transportation Millage Fund.

RESOLUTION NO.: _____

WHEREAS FS 316.008 allows local governments to prohibit or regulate the use of certain roadways by any class or kind of traffic found to be incompatible with the normal and safe movement of traffic, and

WHEREAS the following roads are County-maintained Urban Collector roads:

Eagle Lake Loop Road (Road Number 960706) from Old Eagle Lake-Winter Haven Road to County Road 540A (Eloise Loop Road). Located in S-7, T-29S, R-26E, and

Gerber Dairy Road (Road Number 952501) from Dead End West to Eagle Lake Loop Road. Located in S-25, T-29S, R-25E, and

WHEREAS the conveyance of commercial truck traffic along these roads has been found to be incompatible with the normal and safe movement of traffic,

NOW, THEREFORE, BE IT RESOLVED that the Polk County Roads & Drainage Division is herewith directed to cause Eagle Lake Loop Road to be posted “No Thru Trucks” from US Highway 17 to County Road 655 (Rifle Range Road), and Gerber Dairy Road to be posted “No Thru Trucks” from Bomber Road to Eagle Lake Loop Road.

DATED this 19th day of August 2025.

Board of County Commissioners

Agenda Item R.26. 8/19/2025

SUBJECT

Approve master consulting agreements with AECOM Technical Services Inc., Eisman & Russo, Inc., RS&H, Inc., and WSB LLC to provide Construction Engineering and Inspection (CEI) services. (No fiscal impact)

DESCRIPTION

The Roads and Drainage Division requested Procurement to solicit proposals for the purpose of selecting experienced and qualified firms to provide CEI services for Polk County. These services provide the County with assistance ensuring projects are built according to plans and specifications.

Request for Proposal (RFP) 25-308, Roads & Drainage Construction Engineering and Inspection (CEI) Professional Services was issued, and seven vendors submitted proposals. On June 3, 2025, the Board authorized staff to negotiate master consulting agreements with four of the firms that were elevated to interviews. These firms are as follows:

AECOM Technical Services Inc. Tampa, FL

Eisman & Russo, Inc. Bartow, FL

RS&H, Inc. Lakeland, FL

WSB LLC Jacksonville, FL

These agreements can be used when professional services are needed, and the cost of construction is estimated to be under $7.5 million. Assignment of projects between the firms will be on a rotational basis to ensure an equitable distribution of work among the consultants, except in instances where a consultant may be more highly qualified to perform the work.

The term of each agreement is for a five (5) year period.

RECOMMENDATION

Request Board approve master consulting agreements with AECOM Technical Services Inc., Eisman & Russo, Inc., RS&H, Inc., and WSB LLC to provide Construction Engineering and Inspection (CEI) services.

FISCAL IMPACT

Funds are budgeted and available within each County Division’s budget that utilizes these services.

MASTER CONSULTING AGREEMENT

THIS AGREEMENT is entered into as of the Effective Date (defined in Section 1.1 below) by and between Polk County (the "County"), a political subdivision of the State of Florida, situated at 330 W. Church Street, Bartow, Florida 33830, and RS&H, Inc. (the "Consultant") a Florida corporation, located at 10748 Deerwood Park Blvd South, Suite 300, Jacksonville, FL 32256, and whose Federal Employer Identification Number is: 59-2986466.

WHEREAS, the County performs construction, operation, and maintenance services on county roadways; and,

WHEREAS, the County requires certain professional services in connection with the construction engineering and inspection services to assist bring certain projects to completion; and

WHEREAS, the County has solicited for these services via RFP 25-308, an advertised request for proposals (the "RFP"), and has received numerous responsive proposals thereto; and

WHEREAS, pursuant to the RFP, the County has selected the Consultant and the Consultant remains agreeable to providing the County the professional services described herein, and the Consultant represents that it is capable and prepared to do so according to the terms and conditions stated herein;

NOW, THEREFORE, in consideration of the mutual understandings and covenants set forth herein, the parties hereby agree, as follows:

1.0 **Term**

1.1 This Agreement shall take effect on the date of its execution by the County (the "Effective Date").

1.2 The term of this Agreement shall be for a five (5) year time period, commencing upon the Effective Date and remaining in full force and effect thereafter, unless otherwise sooner terminated as provided herein.

2.0 **Services to Be Performed by Consultant**

2.1 Consultant shall perform the services as generally described in (i) the County's Request for Proposals RFP 25-308, to include all attachments and addenda, and (ii) the Consultant's responsive proposal thereto (collectively, (i) and (ii) are "RFP 25-308") all of which are incorporated into this Agreement by this reference, attached hereto as a composite Exhibit "A" and made a part of this

Agreement, and as may be further specifically designated and authorized by the County, in writing (collectively, the "Services"). Such authorization will be referred to as a Consultant Services Authorization ("CSA") or a Contract Purchase Order ("CPO") and all provisions of this Agreement apply to the CSA/CPO with full force and effect as if appearing in full within each CSA/CPO. Each CSA/CPO will set forth a specific Scope of Services, maximum limit of compensation, schedule, liquidated damages and completion date, and shall become effective upon the due execution.

2.2 The Consultant is not authorized to undertake any project without a duly executed CSA/CPO, which shall specify the work to be performed and the time to be completed. Consultant recognizes that the County may employ several different Consultants to perform the work described and that the Consultant has not been employed as the exclusive agent to perform any such services.

2.3 When the Consultant and the County enter into a CSA/CPO where the term of the CSA/CPO expires on a date that is later than the date that the Master Consulting Agreement (MCA) expires, the Consultant and the County agree that the terms of the MCA and any amendments, attachments or provisions thereof are automatically extended until the expiration (including any extension or amendment thereto) or full completion of the requirements of the CSA/CPO have been performed. Cancellation by the County of any remaining work prior to the full completion of the requirements of the CSA/CPO shall cause the terms of the MCA to terminate at the same time. This provision only applies when the expiration of the CSA/CPO extends beyond the expiration of the MCA. It does not apply when a CSA/CPO expires or is cancelled prior to the expiration of the MCA.

3.0 **Compensation**

3.1 General

3.1.1 County shall pay Consultant in accordance with Exhibit "B", "Fee Schedule", which is attached hereto and incorporated by reference as part of this Agreement. The fee schedule identifies all job classifications, which will perform billable services pursuant to this Agreement and the fee for each job classification. Performance of work by personnel in job classifications not listed on the fee schedule will result in nonpayment for such services.

3.1.2 Upon the mutual agreement of the parties, the Fee Schedule, as set out in Exhibit "B" may be adjusted by a written Amendment to the Master Consulting Agreement annually

beginning one year from the Effective Date of this Agreement. Such amendment must be executed by both parties and shall operate prospectively only and shall not alter fee schedules for CSA's/CPO's in effect at the time of the amendment.

3.1.3 Compensation may be negotiated as a not to exceed price or a lump sum amount on a per-project basis, on each individual CSA/CPO.

3.1.4 In the event a not to exceed price is negotiated, compensation shall be billed and paid based on and in accordance with the Hourly Rate Schedule attached hereto and incorporated herein as Exhibit "B". The Hourly Rate Schedule identifies all job classifications which will perform billable services pursuant to this Agreement and the fee for each job classification. Performance of work by personnel in job classifications not listed on the fee schedule will result in nonpayment for such services.

3.1.5 Invoices must reference the applicable CSA/CPO number, using an invoice form approved by the County Auditor.

3.1.6 Each individual invoice shall be due and payable forty-five (45) days after receipt by the County of correct, fully documented, invoice, in form and substance satisfactory to the County with all appropriate cost substantiations attached. All invoices shall be delivered, as applicable based on the particular project:

Polk County Roads and Drainage Division
P.O. Box 9005, Bartow, FL 33830
Attention: Director

3.1.7 In order for both parties herein to close their books and records, the Consultant will clearly state "Final Invoice" on the Consultant's final/last billing to the County. This certifies that all services have been properly performed and all charges and costs have been invoiced to the County. Since this account will thereupon be closed, any and other further charges if not properly included on this final invoice are waived by the Consultant.

3.1.8 Payment of the final invoice shall not constitute evidence of the County's acceptance of the work

3.1.9 Invoices shall be accompanied by time and task records for all billable hours appearing on the invoice. Additional documents may be requested by County and, if so requested, shall

be furnished by Consultant to County Auditor's satisfaction.

3.1.10 By submission of an invoice, the project manager or designated payroll officer is deemed to be attesting to the correctness and accuracy of time charges and requested reimbursements.

3.1.11 Pursuant to Section 3.1.4, if a not to exceed fee is negotiated, invoices shall be accompanied by time and task records for all billable hours appearing on the invoice. Alternatively, if a lump sum amount is negotiated, invoices shall be made upon the completion of each phase of the work in proportion to the Services performed, as specifically set forth in the applicable CSA or CPO. Additional documentation may be requested by the County and, if so requested, shall be furnished by the Consultant to the County Auditor's satisfaction.

3.2 Reimbursable

3.2.1 All requests for payment of out-of-pocket expenses eligible for reimbursement per the negotiated CPO or CSA shall be reimbursed in accordance with the County's Reimbursable Schedule, Exhibit "C", and include copies of paid receipts, invoices or other documentation acceptable to the County's Auditor. Such documentation shall be sufficient to establish that the expense was actually incurred and necessary in the performance of the Scope of Work described in this Agreement, CSA, or CPO.

3.2.2 Mileage and associated travel costs shall be reimbursed in accordance with F.S. 112.061 and County policy for pre-approved out-of-county travel (excluding travel from home offices located outside of Polk County to the Polk County line).

3.2.3 All assets, i.e. durable goods, purchased as reimbursable expenses become the property of the County upon completion of the work for which the asset was utilized. All such assets must be surrendered by delivery to the Polk County Roads and Drainage Division offices upon demand, termination of the Agreement, or the conclusion of the project, whichever occurs first.

3.2.4 Consultant shall maintain a current inventory of all such assets.

4.0 **Insurance**

4.1 General Provisions

4.1.1 Consultant shall maintain, at all times, the following minimum levels of insurance and shall, without in any way altering their liability, obtain, pay for and maintain insurance for

the coverages and amounts of coverage not less than those set forth below and provide the County with a Certificate of Insurance and an opportunity to inspect a certified copy of each policy applicable to this Agreement followed thereafter by an annual Certificate of Insurance satisfactory to the County to evidence such coverage before any work commences.

4.1.2 The County shall be named as an additional insured on all Consultant policies related to the project, excluding professional liability and worker's compensation. The Commercial General Liability and Worker's Compensation Liability policies shall contain a waiver of subrogation in favor of Polk County. All insurance coverage shall be written with an insurer having an A.M. Best Rating of a least the "A" category and size category of VIII.

4.1.3 The Consultant's self-insured retention or deductible per line of coverage shall not exceed $25,000.00 without the permission of the County.

4.1.4 If there is any failure by the Consultant to comply with the provisions of this section, the County may, at its option, on notice to the Consultant, suspend the work for cause until there is full compliance.

4.1.5 County may, at its sole discretion, purchase such insurance at Consultant's expense provided that the County shall have no obligation to do so and if the County shall do so, it shall not relieve Consultant of its obligation to obtain insurance.

4.1.6 The Consultant shall not be relieved of or excused from the obligation to obtain and maintain such insurance amount and coverages.

4.1.7 All Consultants' subconsultants shall be required to include County and Consultant as additional insured on their General Liability Insurance policies.

4.1.8 In the event that subconsultants used by the Consultant do not have insurance, or do not meet the insurance limits, Consultant shall indemnify and hold harmless the County for any claim in excess of the subconsultants' insurance coverage.

4.1.9 The Consultant shall not commence work under this Agreement until all insurance required as stated herein has been obtained and such insurance has been approved by the County.

4.2 Comprehensive Automobile Liability Insurance. $1,000,000.00 combined single limit of liability for bodily injuries, death and property damage resulting from any one occurrence,

including all owned, hired, and non-owned vehicles.

4.3 Commercial General Liability. $1,000,000.00 combined single limit of liability for bodily injuries, death and property damage, and personal injury resulting from any one occurrence, including the following coverages:

4.3.1 Premises and Operations:

Broad Form Commercial General Liability Endorsement to include Blanket Contractual liability (specifically covering, but not limited to, the contractual obligations assumed by the Firm); Personal Injury (with employment and contractual exclusions deleted); and Broad Form Property Damage coverage.

4.3.2 Independent Contractors:

Delete Exclusion relative to collapse, explosion and underground; Property Damage Hazards; Cross Liability Endorsement; and Contractual liability (specifically covering, but not limited to, the contractual obligations assumed by the Firm)

4.4 Umbrella (Excess) Liability Insurance. Umbrella Liability with limits of not less than $1,000,000.00, exclusive of defense costs, to be in excess of all other coverages. Such coverage shall be at least as broad as the primary coverages above, with any excess umbrella layers written on a strict following form basis over the primary coverage. All such policies shall be endorsed to provide defense coverage obligations.

4.5 Professional Liability Insurance. $2,000,000.00 for design errors and omissions, inclusive of defense costs. Consultant shall be required to provide continuing Professional Liability Insurance to cover each project for a period of two (2) years after the project is completed. Insurance requirements may vary depending on projects as determined by the County Director of Risk Management and Insurance. The County may require the Consultant to provide a higher level of coverage for a specific project and time frame.

4.6 Performance, Payment and Other Bonds. Consultant shall furnish Performance and Payment Bonds specific to each project if required and agreed to under the CSA or CPO for the project.

4.7 Worker's Compensation. The Consultant shall provide, pay for, and maintain worker's compensation insurance on all employees, its agents or subcontractors as required by Florida Statutes.

5.0 **Standard of Care**

5.1 Consultant has represented to the County that it has the personnel and experience necessary to perform the work in a professional and workmanlike manner.

5.2 Consultant shall exercise the same degree of care, skill, and diligence in the performance of the Services as is provided by a professional of like experience, knowledge and resources, under similar circumstances.

5.3 Consultant shall, at no additional cost to County, re-perform services which fail to satisfy the foregoing standard of care or otherwise fail to meet the requirement of this Agreement.

5.4 The Consultant warrants that all services shall be performed by skilled and competent personnel to the professional standards in the field.

6.0 **Indemnification**

6.1 General. Having considered the risks and potential liabilities that may exist during the performance of the Services and in consideration of the promises included herein, County and Consultant agree to allocate such liabilities in accordance with this Section.

6.2 Indemnification.

6.2.1 Consultant, to the extent permitted by law, shall indemnify, defend (by counsel reasonably acceptable to County) protect and hold County, and its officers, employees and agents harmless from and against any and all, claims, actions, causes of action, liabilities, penalties, forfeitures, damages, losses and expenses (including, without limitation, attorney's fees costs and expenses incurred during negotiation, through litigation and all appeals therefrom) whatsoever including, but not limited, to those pertaining to the death of or injury to any person, or damage to any property, arising out of or resulting from (i) the failure of Consultant to comply with applicable laws, rules or regulations, (ii) the breach by Consultant of its obligations under this Agreement, (iii) any claim for trademark, patent or copyright infringement arising out of the scope of Consultant's performance or nonperformance of this Agreement, or (iv) the negligent acts, errors or omissions, or intentional or willful misconduct, of Consultant, its professional associates, its subcontractors, agents, and employees provided, however, that Consultant shall not be obligated to defend or indemnify the County with respect to any such claims or damages arising out of the County's sole negligence.

6.2.2 County review, comment and observation of the Consultant's work and performance of this Agreement shall in no manner constitute a waiver of the indemnification provisions of this Agreement.

6.2.3 Consultant agrees that it bears sole legal responsibility for its work and work product, and the work and work product of subconsultants and their employees, and/or for Consultant's performance of this Agreement and its work product(s).

6.3 Survival. Upon completion of all Services, obligations and duties provided for in this Agreement, or in the event of termination of this Agreement for any reason, the terms and conditions of this Agreement shall survive as if the Agreement were in full force and effect.

7.0 **Independent Contractor**

7.1 Consultant undertakes performance of the Services as an independent contractor and shall be wholly responsible for the methods of performance.

7.2 County shall have no right to supervise the methods used, but County shall have the right to observe such performance.

7.3 Consultant shall work closely with County in performing Services under this Agreement.

7.4 The Consultant shall not pledge the County's credit or make it a guarantor of payment or surety for any contract, debt, obligation, judgment, lien or any form of indebtedness and shall have no right to speak for or bind the County in any manner.

7.5 Consultant further warrants and represents that it has no obligation or indebtedness that would impair its ability to fulfill the terms of this Agreement.

8.0 **Authority to Practice**

8.1 The Consultant hereby represents and warrants that it has and will continue to maintain all licenses and approvals required to conduct its business, and that it will at all times conduct its business activities in a reputable manner.

9.0 **Public Records Law**

(a) The Consultant acknowledges the County's obligations under Article I, Section 24, of the Florida Constitution and under Chapter 119, Florida Statutes, to release public records to members of the public upon request and comply in the handling of the materials created under this

Agreement. The Consultant further acknowledges that the constitutional and statutory provisions control over the terms of this Agreement. In association with its performance pursuant to this Agreement, the Consultant shall not release or otherwise disclose the content of any documents or information that is specifically exempt from disclosure pursuant to all applicable laws.

(b) Without in any manner limiting the generality of the foregoing, to the extent applicable, the Contractor acknowledges its obligations to comply with Section 119.0701, Florida Statutes, with regard to public records, and shall:

(1) keep and maintain public records required by the County to perform the services required under this Agreement;

(2) upon request from the County's Custodian of Public Records or his/her designee, provide the County with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law;

(3) ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the term of this Agreement and following completion of this Agreement if the Consultant does not transfer the records to the County; and

(4) upon completion of this Agreement, transfer, at no cost, to the County all public records in possession of the Consultant or keep and maintain public records required by the County to perform the service. If the Consultant transfers all public records to the County upon completion of this Agreement, the Consultant shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Consultant keeps and maintains public records upon completion of this Agreement, the Consultant shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the County, upon request from the County's Custodian of Public Records, in a format that is compatible with the information technology systems of the County.

(c) **IF THE CONSULTANT HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, CONTACT THE COUNTY'S CUSTODIAN OF PUBLIC RECORDS AT:**

RECORDS MANAGEMENT LIAISON OFFICER
POLK COUNTY
330 WEST CHURCH ST.
BARTOW, FL 33830
TELEPHONE: (863) 534-7527
EMAIL: RMLO@POLK-COUNTY.NET

10.0 **Compliance with Laws**

10.1 In performance of the Services, Consultant shall comply with applicable regulatory requirements including federal, state, special district, and local laws, rules, regulations, orders, codes, criteria and standards, including those now in effect and hereafter adopted.

11.0 **Subcontracting**

11.1 The County reserves the right to accept the use of a subcontractor or to reject the selection of a particular subcontractor and to inspect all facilities of any subcontractor.

11.2 If a subcontractor fails to perform or make progress, as required by this Agreement, and it is necessary to replace the subcontractor to complete the work in a timely fashion, the Consultant shall promptly do so, subject to acceptance of the new subcontractor by the County. Failure of a Subcontactor to timely or properly perform its obligations shall not relieve Consultant of its obligations hereunder.

12.0 **Federal and State Taxes**

12.1 The County is exempt from Federal Tax and State Sales and Use Taxes. Upon request, the County will provide an exemption certificate to Consultant. The Consultant shall not be exempted from paying sales tax to its suppliers for materials to fulfill contractual obligations with the County, nor shall the Consultant be authorized to use the County's Tax Exemption Number in securing such materials.

13.0 **Public Entity Crimes**

13.1 The Contractor declares and warrants that neither the Contractor nor any of the Contractor's affiliates, as that term is defined in Section 287.133, Florida Statutes, are subject to the restrictions in Section 287.133, Florida Statutes, regarding the commission of a public entity crime. If during the term of this Agreement, the Contractor or any affiliate is convicted of a public entity crime or is otherwise prohibited from performing work for or transacting business with the County pursuant to Section 287.133, Florida Statutes, then the Contractor shall be in material default of this Agreement, and in such case, the County shall have the rights and remedies as provided herein.

14.0 **County's Responsibilities**

14.1 County shall be responsible for providing access to all County project sites, and providing information in the County's possession that may reasonably be required by Consultant, including; existing reports, studies, financial information, and other required data that are available in the files of the County.

15.0 **Termination of Agreement**

15.1 This Agreement may be terminated by the Consultant upon thirty (30) days prior written notice to the County in the event of substantial failure by the County to perform in accordance with the terms of the Agreement through no fault of the Consultant.

15.2 This Agreement may be terminated by the County with or without cause immediately upon written notice to the Consultant.

15.3 Unless the Consultant is in breach of this Agreement, the Consultant shall be paid for services rendered to the County's satisfaction through the date of termination.

15.4 After receipt of a Termination Notice, as described in this Article 15.0, and except as otherwise directed by the County, the Consultant shall:

15.4.1 Stop work on the date and to the extent specified.

15.4.2 Terminate and settle all orders and subcontracts relating to the performance of the terminated work.

15.4.3 Transfer all work in process, completed work, and other material related to the terminated work to the County.

15.4.4 Continue and complete all parts of the work that have not been terminated.

16.0 **Uncontrollable Forces (Force Majeure)**

16.1 Either party hereunder may be temporarily excused from performance if an Event of Force Majeure directly or indirectly causes its nonperformance. An "Event of Force Majeure" is defined as any event which results in the prevention or delay of performance by a party of its obligations under this Agreement and which is beyond the reasonable control of the nonperforming party. It includes, but is not limited to fire, flood, earthquakes, storms, lightning, epidemic, war, riot, civil disturbance, sabotage, and governmental actions. Neither party shall be excused from performance if non-performance is due to forces which are reasonably preventable, removable, or remediable and which the non-performing party could have, with the exercise of reasonable diligence, prevented, removed, or remedied prior to, during, or immediately after their occurrence. Within five (5) days after the occurrence of an Event of Force Majeure, the non-performing party shall deliver written notice to the other party describing the event in reasonably sufficient detail, along with proof of how the event has precluded the non-performing party from performing its obligations hereunder, and a good faith estimate as to the anticipated duration of the

delay and the means and methods for correcting the delay. The non-performing party's obligations, so far as those obligations are affected by the Event of Force Majeure, shall be temporarily suspended during, but no longer than, the continuance of the Event of Force Majeure and for a reasonable time thereafter as may be required for the non-performing party to return to normal business operations. If excused from performing any obligations under this Agreement due to the occurrence of an Event of Force Majeure, the non-performing party shall promptly, diligently, and in good faith take all reasonable action required for it to be able to commence or resume performance of its obligations under this Agreement. During any such time period, the non-performing party shall keep the other party duly notified of all such actions required for it to be able to commence or resume performance of its obligations under this Agreement.

17.0 **Governing Law and Venue**

17.1 This Agreement shall be governed in all respects by the laws of the State of Florida and any litigation with respect thereto shall be brought only in the courts of Polk County, Florida or the United States District Court, Middle District of Florida located in Hillsborough County, Florida. Each party shall be responsible for its own attorneys' fee and other legal costs and expenses.

18.0 **Non-Discrimination**

18.1 The Consultant warrants and represents that all of its employees are treated equally during employment without regard to race, color, religion, gender, age or national origin.

19.0 **Waiver**

19.1 A waiver by either County or Consultant of any breach of this Agreement shall not be binding upon the waiving party unless such waiver is in writing. In the event of a written waiver, such a waiver shall not affect the waiving party's rights with respect to any other or further breach. The making or acceptance of a payment by either party with knowledge of the existence of a default or breach shall not operate or be construed to operate as a waiver of any subsequent default or breach.

20.0 **Severability**

20.1 The invalidity, illegality, or unenforceability of any provision of this Agreement, or the occurrence of any event rendering any portion or provision of this Agreement void, shall in no way affect the validity or enforceability of any other portion or provision of the Agreement.

20.2 Any void provision shall be deemed severed from the Agreement and the balance

of the Agreement shall be construed and enforced as if the Agreement did not contain the particular portion or provision held to be void.

20.3 The parties further agree to reform the Agreement to replace any stricken provision with a valid provision that comes as close as possible to the intent of the stricken provision.

20.4 The provisions of this section shall not prevent the entire Agreement from being void should a provision which is of the essence of the Agreement be determined to be void.

21.0 **Entirety of Agreement**

21.1 The County and the Consultant agree that this Agreement sets forth the entire Agreement between the parties, and that there are no promises or understandings other than those stated herein.

21.2 This Agreement supersedes all prior agreements, contracts, proposals, representations, negotiations, letters or other communications between the County and Consultant pertaining to the Services, whether written or oral.

21.3 None of the provisions, terms and conditions contained in this Agreement may be added to, modified, superseded or otherwise altered except by written instrument executed by the parties hereto.

22.0 **Modification**

22.1 This Agreement may not be modified unless such modifications are evidenced in writing signed by both County and Consultant. Such modifications shall be in the form of a written Amendment executed by both parties.

23.0 **Successors and Assigns**

23.1 County and Consultant each binds itself and its partners, successors, permitted assigns, and legal representatives to the other party to this Agreement and to the partners, successors, executors, administrators, permitted assigns, and legal representatives of such other party.

23.2 Consultant shall not assign this Agreement without the express written approval of the County by executed amendment, which approval may be withheld in the County's sole discretion.

23.3 In the event of a merger, the surviving corporation shall be substituted for the contracting party to this agreement and such substitution shall be affirmed by the County by executed

amendment.

24.0 **Contingent Fees**

24.1 The Consultant warrants that it has not employed or retained any company or person, other than a bona fide employee working solely for the Consultant to solicit or secure this Agreement and that it has not paid or agreed to pay any person, company, corporation, individual or firm, other than bona fide employee working solely for the Consultant, any fee, commission, percentage, gift or any other consideration contingent upon or resulting from the award or making of this Agreement.

25.0 **Truth-In-Negotiation Certificate**

25.1 Execution of this Agreement by the Consultant shall act as the execution of a Truth-in-Negotiation certificate certifying that the wage rates and costs used to determine the compensation provided for in this Agreement are accurate, complete, and current as of the Effective Date of this Agreement.

25.2 The said rates and costs shall be adjusted to exclude any significant sums should the County determine that the rates and costs were increased due to inaccurate, incomplete or noncurrent wage rates or due to inaccurate representations of fees paid to outside consultants. The County shall exercise its rights under this "Certificate" within one (1) year following payment.

26.0 **Ownership of Documents**

26.1 Consultant shall be required to cooperate with other consultants relative to providing information requested in a timely manner and in the specified form. Any and all documents, records, disks, original drawings, or other information shall become the property of the County for its use and/or distribution as may be deemed appropriate by the County. Consultant is not liable for any damages, injury or costs associated with the County's use or distribution of these documents for purposes other than those originally intended by Consultant.

27.0 **Access and Audits**

27.1 Consultant shall maintain adequate records to justify all charges and costs incurred in performing the work for at least three (3) years after completion of this Agreement. The County shall have access to such books, records, and documents as required in this section for the purpose of inspection or audit during normal business hours at the Consultant's place of business.

27.2 Misrepresentations of billable time or reimbursable expenses as determined by the Auditor to the Polk County Board of County Commissioners shall result in the recovery of any resulting overpayments. The County's cost of recovery shall be the sole expense of the Consultant, including accounting and legal fees, court costs and administrative expenses.

27.3 Intentional misrepresentations of billable hours and reimbursable expenses will be criminally prosecuted to the fullest extent of the law.

27.4 All invoices submitted are subject to audit and demand for refund of overpayment up to three (3) years following completion of all services related to this Agreement.

28.0 **Notice**

28.1 Any notice, demand, communication, or request required or permitted hereunder shall be in writing and delivered in person or sent by Federal-Express or by Certified Mail, postage prepaid as follows:

As to County: Roads and Drainage Division
P.O. Box 9005
Bartow, FL 33830
Attention: Director

As to Consultant: RS&H, Inc.
10748 Deerwood Park Blvd South
Suite 300
Jacksonville, FL 32256

28.2 Notices shall be effective when received at the addresses as specified above. Changes in the respective addresses to which such notice is to be directed may be made from time to time by either party by written notice to the other party. Facsimile transmission is acceptable notice effective when received, however, facsimile transmissions received (i.e.; printed) after 5:00 p.m., or on weekends or holidays, will be deemed received on the next business day. The original of the notice must additionally be mailed as required herein.

28.3 Nothing contained in this Article shall be construed to restrict the transmission of routine communications between representatives of Consultant and County.

29.0 **Service of Process**

As to County: County Attorney
County Administration Building
330 W. Church Street, 4th Floor

Bartow, Florida 33830

As to Consultant: RS&H, Inc.
10748 Deerwood Park Blvd South
Suite 300
Jacksonville, FL 32256

30.0 **Contract Administration**

30.1 Services of Consultant shall be under the general direction of the Roads and Drainage Division Director, or their successor, who shall act as the County's representative during the term of this Agreement.

31.0 **Key Personnel**

31.1 Consultant shall notify County in the event of key personnel changes, which might affect this Agreement. To the extent possible, notification shall be made within ten (10) days prior to changes. Consultant at County's request shall remove without consequence to the County any Subcontractor or employee of the Consultant and replace him/her with another employee having the required skill and experience. County has the right to reject proposed changes in key personnel. The following personnel shall be considered key personnel:

Name: Kimberly Parmer

Name: Brent Wilkins

Name: Bill Downey

Name: Matt Tocknell

Name: Jennifer Hamstra

Name: Wyatt Dube

Name: Kenton Wilkins

Name: Jason Kettering

Name: Zachary Rodriguez

Name: Tyler Serman

Name: Dewey Norris

Name: Scott Romanov

Name: Bryan Frasher

Name: John "Kris" Huggins

Name: Aaron Testerman

Name: Corbin Dorer

Name: Steven Owusu

32.0. **Annual Appropriations**

32.1 Consultant acknowledges that the County, during any fiscal year, shall not expend money, incur any liability, or enter into any agreement which, by its terms, involves the expenditure of money in excess of the amounts budgeted as available for expenditure during such fiscal year. Any agreement, verbal or written, made in violation of this subsection is null and void, and no money may be paid on such agreement. Nothing herein contained shall prevent the making of agreements for a period exceeding one year, but any agreement so made shall be executory only for the value of the services to be rendered or agreed to be paid for in succeeding fiscal years. Accordingly, the County's performance and obligation to pay under this agreement is contingent upon annual appropriation.

33.0 **Liquidated Damages**

33.1 The parties hereto agree that liquidated damages, in the amount specified in the applicable CSA/CPO, will be assessed against the Consultant for Consultant's failure to meet the final deliverable date in the Performance Schedule in the Scope of Work, but only to the extent and in proportion to Consultant's fault in causing the delay as compared to other causes, and to the extent the Consultant is not delayed by reasons beyond Consultant's reasonable control.

34.0 Employment Eligibility Verification (E-VERIFY)

A. Unless otherwise defined herein, terms used in this Section which are defined in Section 448.095, Florida Statutes, as may be amended from time to time, shall have the meaning ascribed in said statute.

B. Pursuant to Section 448.095(5), Florida Statutes, the contractor hereto, and any subcontractor thereof, must register with and use the E-Verify system to verify the work authorization status of all new employees of the contractor or subcontractor. The contractor acknowledges and agrees that (i) the County and the contractor may not enter into this Agreement, and the contractor may not enter into any subcontracts hereunder, unless each party to this Agreement, and each party to any subcontracts hereunder, registers with and uses the E-Verify system; and (ii) use of the U.S. Department of Homeland Security's E-Verify System and compliance with all other terms of this Certification and Section 448.095, Fla. Stat., is an express condition of this Agreement, and the County may treat a failure to comply as a material breach of this Agreement.

C. By entering into this Agreement, the contractor becomes obligated to comply with the provisions of Section 448.095, Fla. Stat., "Employment Eligibility," as amended from time to time. This includes but is not limited to utilization of the E-Verify System to verify the work authorization status of all newly hired employees, and requiring all subcontractors to provide an affidavit attesting that the

subcontractor does not employ, contract with, or subcontract with, an unauthorized alien. The contractor shall maintain a copy of such affidavit for the duration of this Agreement. Failure to comply will lead to termination of this Agreement, or if a subcontractor knowingly violates the statute or Section 448.09(1), Fla. Stat., the subcontract must be terminated immediately. If this Agreement is terminated pursuant to Section 448.095, Fla. Stat., such termination is not a breach of contract and may not be considered as such. Any challenge to termination under this provision must be filed in the Tenth Judicial Circuit Court of Florida no later than 20 calendar days after the date of termination. If this Agreement is terminated for a violation of Section 448.095, Fla. Stat., by the contractor, the contractor may not be awarded a public contract for a period of 1 year after the date of termination. The contractor shall be liable for any additional costs incurred by the County as a result of the termination of this Agreement. Nothing in this Section shall be construed to allow intentional discrimination of any class protected by law.

35.0 Limitation of Liability.

IN NO EVENT, SHALL THE COUNTY BE LIABLE TO THE CONSULTANT FOR INDIRECT, INCIDENTAL, CONSEQUENTIAL, SPECIAL, EXEMPLARY, OR PUNITIVE DAMAGES OF ANY KIND OR NATURE, INCLUDING LOSS OF PROFIT, WHETHER FORESEEABLE OR NOT, ARISING OUT OF OR RESULTING FROM THE NONPERFORMANCE OR BREACH OF THIS CONTRACT BY THE COUNTY WHETHER BASED IN CONTRACT, COMMON LAW, WARRANTY, TORT, STRICT LIABILITY, CONTRIBUTION, INDEMNITY OR OTHERWISE.

36.0 Scrutinized Companies and Business Operations Certification; Termination.

A. Certification(s).

(i) By its execution of this Agreement, the Vendor hereby certifies to the County that the Vendor is not on the Scrutinized Companies that Boycott Israel List, created pursuant to Section 215.4725, Florida Statutes, nor is the Vendor engaged in a boycott of Israel, nor was the Vendor on such List or engaged in such a boycott at the time it submitted its bid, proposal, quote, or other form of offer, as applicable, to the County with respect to this Agreement.

(ii) Additionally, if the value of the goods or services acquired under this Agreement are greater than or equal to One Million Dollars ($1,000,000), then the Vendor further certifies to the County as follows:

(a) the Vendor is not on the Scrutinized Companies with Activities in Sudan List, created pursuant to Section 215.473, Florida Statutes; and

(b) the Vendor is not on the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, created pursuant to Section 215.473, Florida Statutes; and

(c) the Vendor is not engaged in business operations (as that term is defined in Florida Statutes, Section 287.135) in Cuba or Syria; and

(d) the Vendor was not on any of the Lists referenced in this subsection A(ii), nor engaged in business operations in Cuba or Syria when it submitted its proposal to the County concerning the subject of this Agreement.

(iii) The Vendor hereby acknowledges that it is fully aware of the penalties that may be imposed upon the Vendor for submitting a false certification to the County regarding the

foregoing matters.

B. Termination. In addition to any other termination rights stated herein, the County may immediately terminate this Agreement upon the occurrence of any of the following events:
(i) The Vendor is found to have submitted a false certification to the County with respect to any of the matters set forth in subsection A(i) above, or the Vendor is found to have been placed on the Scrutinized Companies that Boycott Israel List or is engaged in a boycott of Israel.
(ii) The Vendor is found to have submitted a false certification to the County with respect to any of the matters set forth in subsection A(ii) above, or the Vendor is found to have been placed on the Scrutinized Companies with Activities in Sudan List, or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or has been engaged in business operations in Cuba or Syria, and the value of the goods or services acquired under this Agreement are greater than or equal to One Million Dollars ($1,000,000).

37. No Construction Against Drafter

37.1 The Parties acknowledge that this Agreement and all the terms and conditions contained herein have been fully reviewed and negotiated by the Parties. Accordingly, any rule of construction to the effect that ambiguities are to be resolved against the drafting party shall not apply in interpreting this Agreement.

38. Unauthorized Alien(s)

The Consultant shall not employ or utilize unauthorized aliens in the performance of the Services provided pursuant to this Agreement. The County shall consider the employment or utilization of unauthorized aliens a violation of Section 274A(e) of the Immigration and Naturalization Act (8 U.S.C. 1324a) and a cause for the County's unilateral termination of this Agreement. When delivering executed counterparts of this Agreement to the County, the Consultant shall also deliver a completed and executed counterpart of the attached "AFFIDAVIT CERTIFICATION IMMIGRATION LAWS" form.

(THE REMAINDER OF THE PAGE LEFT INTENTIONALLY BLANK)

IN WITNESS WHEREOF, the parties hereto have executed this Agreement as of the Effective Date.

Affidavit Regarding the Use of Coercion for Labor or Services

In compliance with Section 787.06(13), Florida Statutes, this attestation must be completed by an officer or representative of a nongovernmental entity that is executing, renewing, or extending a contract with Polk County, a political subdivision of the State of Florida.

The undersigned, on behalf of the entity listed below (the "Nongovernmental Entity"), hereby attests under penalty of perjury as follows:

1. I am over the age of 18 and I have personal knowledge of the matters set forth herein.

2. I currently serve as an officer or representative of the Nongovernmental Entity.

3. The Nongovernmental Entity does **not** use coercion for labor or services, as those underlined terms are defined in Section 787.06, Florida Statutes.

4. This declaration is made pursuant to Section 92.525, Fla. Stat. and Section 787.06, Fla. Stat. I understand that making a false statement in this declaration may subject me to criminal penalties.

Under penalties of perjury, I _____(Signatory Name and Title), declare that I have read the foregoing Affidavit Regarding the Use of Coercion for Labor and Services and that the facts stated in it are true.

Further Affiant sayeth naught.

PROPOSAL SUBMITTAL INSTRUCTIONS

Proposers must submit their proposal prior to 2:00 p.m. on the receiving date. Proposals must be submitted in a “sealed” parcel or electronically through Polk County’s secure website, Kiteworks. Proposals will be publicly opened at 2:00 p.m. on the receiving date.

Sealed Parcel Submittal:

If you are submitting a sealed parcel proposal submit one (1) original marked ORIGINAL and five (5) copies marked COPY of the proposal in a sealed parcel to the Procurement Division. The parcel should be labeled “RFP #25-308, Roads & Drainage Construction Engineering and Inspection (CEI) Professional Services” and marked with the proposer’s name and address. The Proposals may be mailed or delivered to:

Polk County Procurement Division
330 West Church Street, Room 150
Bartow, FL 33830

To assist with labeling the sealed parcel, please cut along the outer border and affix this label. Be sure to include the name of the company submitting the proposal where requested.

Sealed Proposal. DO NOT OPEN	
RFP Number	25-308
RFP Title	Roads & Drainage Construction Engineering and Inspection (CEI) Professional Services
Due Date/Time:	April 9, 2025, prior to 2:00 pm
Submitted by:	
Deliver To:	Polk County Procurement Division 330 West Church Street, Room 150, Bartow, Florida 33830

Proposals may be mailed, express mailed or hand delivered. It is the Proposers responsibility to ensure their package is delivered to the Procurement Division prior to 2:00 p.m. on the Receiving date and time referenced above. Proposals delivered at 2:00 p.m. or later will not be accepted.

Electronic Proposals Submittal:

All prospective Proposers that are interested in submitting their proposals electronically can do so via the County's secure electronic submittal website, Kiteworks. Proposers must email kenbrush@polk-county.net at least 48 hours prior to opening to receive a link to upload their submittal. Please only upload your documents as a PDF or Excel file for the Cost Tab, if applicable. Please use the name convention of your files as follow:

"RFP 25-308 Tab 1"

"RFP 25-308 Tab 2"

"RFP 25-308 Tab 3"

"RFP 25-308 Tab 4"

"RFP 25-308 Tab 5"

"RFP 25-308 Tab 6"

"RFP 25-308 Tab 7"

"RFP 25-308 Tab 8"

For more instructions, a video tutorial has been produced to further explain the electronic solicitation submittal process. It can be found by clicking here for RFP Submittals: https://youtu.be/vkn_7AHgioE. If you need assistance accessing this website due to ADA or any other reason, please email Ken Brush at kenbrush@polk-county.net.

Procurement recommends that Proposers submitting electronically double check the documents submitted into Kiteworks to ensure all requested tab information has been uploaded. Failure to upload the requested tab information may result in the proposal being deemed nonresponsive.

POLK COUNTY
Procurement Division
Fran McAskill
Procurement Director
REQUEST FOR PROPOSAL 25-308
Roads & Drainage Professional Engineering Services for Construction Engineering and Inspection

Sealed proposals will be received in the Procurement Division, **Wednesday, April 9, 2025, prior to 2:00 p.m.**

Attached are important instructions and specifications regarding responses to this Request for Proposal (the "RFP"). The failure of a responding proposer (a "Proposer") to follow these instructions could result in Proposer disqualification from consideration for a contract to be awarded pursuant to this RFP.

This document is issued by Polk County (the "County") which is the sole distributor of this RFP and all addenda and changes to the RFP documents. The County shall record its responses to inquiries and provide any supplemental instructions or additional documents pertaining to this RFP in the form of written addenda to the RFP. The County shall post all such addenda, together with any other information pertaining to this RFP, on the County's website at

http://www.polk-county.net/procurement/procurement-bids. It is the sole responsibility of each Proposer to review the website prior to submitting a responsive proposal (a "Proposal") to this RFP to ensure that that the Proposer has obtained all available instructions, addenda, changes, supporting documents, and any other information pertaining to this RFP.

The County is not responsible for any solicitations issued through subscriber, publications, or other sources not connected with the County and the Proposer should not rely on such sources for information regarding the RFP solicitation.

Questions regarding this RFP must be in writing and must be sent to Ken Brush via email at kenbrush@polk-county.net or via fax at (863) 534-6789. All questions must be received by March 31, 2025, 4:00 p.m.

Proposers and any prospective Proposers shall not contact, communicate with or discuss any matter relating in any way to this RFP with any member of the Polk County Board of County Commissioners or any employee of Polk County other than the County Procurement Director or the individual designated above. This prohibition begins with the issuance of the Request for Proposal and ends upon execution of a contract. Any such communication initiated by a Proposer or prospective proposer shall be grounds for disqualifying the offender from consideration for a contract to be awarded pursuant to this RFP and for contracts to be awarded pursuant to RFPs or Requests for Bid that the County may issue in the future.

A Proposer's responsive Proposal to this RFP may be mailed, express mailed, or hand delivered to:

Polk County Procurement Division
330 West Church Street, Room 150
Bartow, Florida 33830
(863)534-6757

INTRODUCTION

Polk County, a political subdivision of the State of Florida seeks professional CEI Services for Roads and Drainage, and as further defined in the Scope of Services below.

Polk County's Selection Process for consultants' services is in accordance with Section 287.055, Florida Statutes, the Consultants' Competitive Negotiations Act ("CCNA"). The Professional Services Selection Committee will review the qualifications of all submitting firms.

It is the intent of the County to select and negotiate a Master Consulting Agreement with one (1) or more firm(s).

The County will negotiate a fee schedule and or overall lump sum price as part of "Selection Process", Elevation Level 4 Contract Negotiations.

Services under this contract will be in compliance with Section 287.055 of the Florida Statutes referred to as the "Consultants' Competitive Negotiation Act" (CCNA). Polk County's Procurement Procedure's Manual outlines the Procedures for Contracting for Professional Services Covered by CCNA. These procedures outline the process used for the selection of a consulting firm awarded through this RFP process.

The Successful Proposer must register in our new Vendor Database if you have not already done so prior to award of this RFP. A purchase order cannot be issued to a vendor until they have registered. You may register by going to the following link: https://www.polk-county.net/procurement/vendor-registration. Registered vendors will receive a User ID and Password to access their company information. All registered vendors must provide their owner gender, owner ethnicity, corporate status, and a minimum of one (1) commodity code to be considered registered. It is the responsibility of all vendors to update their vendor information. Only registered vendors will receive notifications of future RFP's.

All services must be performed in accordance with applicable Federal, State and Local regulations.

BACKGROUND, PURPOSE AND SCOPE

Background & Purpose:

The County requires the support of professional consultants for CEI (construction management and inspection) services to assist bringing to completion projects in the County's Roads & Drainage work program and support the construction, operation, and maintenance of the County's roadway network.

SCOPE OF SERVICES

The scope of services shall include, but not be limited to utility coordination, railroad crossing coordination during construction, review of value engineering submittals, construction materials testing, construction management, construction inspection, hazardous material assessments that are discovered during construction, initial

evaluations of drainage or flooding problems that occur during construction, coordination with permitting agencies such as FDOT and SWFWMD.

Anticipated projects for the BoCC include roadway construction, reconstruction, maintenance, repair, or replacement related to roadways, drainage (regional or roadway), stormwater management, railroad crossings, environmental mitigation, bridge repairs and replacements, new sidewalks, intersection improvements including roundabouts, turn lanes, street lighting.

The following is a list of typical services that may be requested under this contract. The list is not intended to be all-inclusive:

1. Provide constructability reviews for projects proposed by developers, other agencies, and County projects. This may include attending meetings and/or acting as a committee member.

2. Provide construction support including, but not limited to: bid review and analysis, responses to bid questions (construction related), attend pre-bid meetings, schedule and run pre-construction meetings, construction management, construction inspection, schedule and run construction progress meetings, perform reviews of as-built surveys, final certifications, review pay requests, and assist with project close outs.

3. Provide CEI (construction management and inspection) services including hybrid projects where Consultant and County will jointly staff.

4. Provide Resident Compliance Specialist for LAP (Local Agency Program) projects.

5. Provide engineering staff and inspection staff on loan to the County as needed to supplement the in-house staff in the cases of employee turnover or higher than normal workloads.

6. Perform construction materials testing to ensure adherence of contractor’s work to project specifications.

7. Function as primary point of contact for the County on projects that have an FDOT access permit or construction agreement.

The Consultant shall function as an extension of the County's resources by providing qualified technical and professional personnel to perform duties and responsibilities assigned under the terms of this agreement according to County standards and procedures.

The County shall request Consultant services on an as-needed basis. There is no guarantee that any or all of the services described in this agreement will be assigned during the term of this agreement. Further, the Consultant is providing these services on a non-exclusive basis. The County, at its option, may elect to have any of the services set forth herein performed by other consultants or County staff.

The Consultant's home or branch offices may support this contract.

The County shall request the services on an as-needed basis. There is no guarantee that any or all of the services described in this agreement will be assigned during the term of this agreement. Further, the Consultant is providing these services on a nonexclusive basis. The County, at its option, may elect to have any of the services set forth herein performed by other consultants or County staff.

AGREEMENT

The Master Consulting Agreement will be for five (5) years unless otherwise terminated in accordance with the master service agreement.

EVALUATION CRITERIA

Proposals should not contain information in excess of that requested, must be concise, and must specifically address the issues of this RFP. Unnecessarily elaborate brochures or other presentations beyond those sufficient to present a complete and effective response to this RFP are not desired and may be construed as an indication of the Proposer’s lack of cost consciousness. Elaborate artwork, expensive visual aids, and other presentation aids are neither necessary nor desired unless specifically requested. The Proposal responses shall be contained within a three-ring binder (original and each copy in separate binders). For the purposes of this RFP, one page equals a single sided page. It is requested that the responses be in the same order as the selection and evaluation procedures. The submittals should include the following:

Tab 1 Executive Summary

(Items a-c: Maximum of two (2) pages

a) Name, company name, address, telephone number, and email address.
b) State the number of years in business, as the same company/firm.
c) State the number of full-time employees.
d) Provide documentation showing proper incorporation by the Secretary of State.
e) Provide a copy of the firm’s applicable certification(s) from the State of Florida allowing them to provide the services as outlined in the Scope of Service as well as compliance with F.S. 287.055

Tab 2 Approach to the Project (35 points)
(Maximum of four (4) pages)

a) Provide a short narrative project approach outlining how you propose to staff each type of project that is assigned to your firm. For example, drainage improvements, new sidewalk construction, intersection improvements, signalization projects including drilled shafts and mast arms, street lighting.
b) Please describe your firm's experience and capabilities in dealing with customer complaints which may include adjacent property owners and the traveling public. Please include at least one example of a complaint received and how your firm worked to resolve the issue.
c) Briefly describe firm's experience in coordinating and facilitating utility relocations on the types of projects that are described in the Scope of Services.
d) Briefly describe firm's experience in coordinating with the FDOT Permitting Office on projects where there is an access permit or a construction agreement in place.

Tab 3 Experience, Expertise, Personnel and Technical Resources (35 points)

- Provide a minimum of three (3) and a maximum of five (5) recent projects performed within the past ten (10) years as the prime firm performing the CEI services for road infrastructure projects where the construction costs are under $7.0 million. (Limit response to one (1) page per project)
    - For each project please provide:
        a) Name and location of the project;
        b) Size and cost of the project;
        c) Project representative name, address, phone number, and email address
        d) Start date, date project was completed or is anticipated to be completed; compare to the original date.
        e) The nature of the firm's responsibility on the project;
        f) Identify the key staff and their role in each project;
        g) Identify working relationship of consultants or joint venture on project, if applicable;
        h) Provide the original budget and the final budget of the project. Explain the reason(s) for differences, such as owner requested change, contractor claim, and insufficient plans and specifications.
        i) List of any time extensions created by item h above.
- Provide an organizational chart of the team highlighting the key individuals who will work on this contract.
- The key staff presented in the consultant's response shall be the staff utilized on this contract. Please provide the resumes of the key staff including, but not limited to, the items in the list below (One (1) page maximum per resume):
    a) Name and current position held by the person

b) Name, title and project assignment
c) Experience:
    1) Types of projects.
    2) Size of projects (dollar value of project).
    3) What were their specific project involvements?

- Demonstrate each key staff's availability and office and home location to respond to the needs of the project (Two (2) pages maximum for all key staff member)
- Identify any sub-consultants to be used, if any. For each sub consultant identified please provide:
    - Name of sub-consultant.
    - Address
    - Their locations that can be utilized to expedite a deliverable if required.
    - A brief description of their experience outlining their qualifications to perform the intended services
    - A brief resume for each key personnel that will be assigned to perform the intended services

Tab 4 Is the Firm a "Polk County Entity"? (5 Points)

- There will be a maximum of five (5) points allocated for this Tab. If the Proposer is a Polk County Entity then five (5) points will be allocated. If the Proposer is not a Polk County Entity but is utilizing one or more sub-consultants that are a Polk County Entity to assist in performing the scope of work then the Proposal will be allocated one (1) point for each sub-consultant which is a Polk County Entity up to a maximum of five (5) points. The Polk County Entity sub-consultant(s) must have been identified under Tab 3, Experience, Expertise, Personnel and Technical Resources in order to qualify for point allocation.
- Provide documentation of the Proposers' or sub-consultant's headquarters and local offices, if any, and the amount of time the firm has been located at each such local office. Please also indicate the number of employees at the local office.
- Proposers or sub-consultants will be allocated points if they meet the following Polk County Government definition of Polk County Entity.
    - The term "Polk County Entity" means any business having a physical location within the boundaries of Polk County, Florida, at which employees are located and business activity is managed and controlled on a day to day basis. Additionally, the business must have been located within the boundaries of Polk County for a minimum of 12 months prior to the date the applicable solicitation is issued. This requirement may be evidenced through a recorded deed, an executed lease agreement, or other form of written documentation acceptable to the County. The County shall have the right, but not the obligation, to verify the foregoing requirements.
- In the event a Proposer lists one or more sub-consultants in Tab 4 which is a Polk County Entity and receives point(s) as a result, and after the Proposer is awarded the project, if successful, it is determined that the listed sub-consultant does not

assist in the performance of the scope of work (and is not replaced with an alternative sub-consultant which is a Polk County Entity), then the Proposer acknowledges and agrees that it may be suspended or debarred by the Procurement Director for failure to comply with the conditions, specifications or terms of a proposal or contract with the County or for committing a fraud or misrepresentation in connection with a proposal or contract with the County, in accordance with the Polk County Purchasing Ordinance and Procedures Manual.

Tab 5 Is the Firm a "Certified Woman or Minority Business Enterprise" (5 Points)

- Polk County Board of County Commissioners has a long standing commitment to encouraging the utilization of Women and Minority Businesses that do business with the County as vendors. To that end we encourage all of our prime and professional services vendors to utilize W/MBE vendors where at all possible, irrespective of a company's certification status. Please explain how the submitting firm will encourage minority participation in the project. (Limit response to one page)
- There will be a maximum of five (5) points allocated for this tab. If the Proposer is a Woman or Minority owned business then five (5) points will be allocated. If the Proposer is not a Woman or Minority owned business but is utilizing one or more sub-consultants that are a Women or Minority owned business to assist in performing the scope of work, then the Proposal will be allocated one (1) point for each sub-consultant which meets the County's certification criteria of Women or Minority owned, up to a maximum of five (5) points. The Woman or Minority owned business sub-consultant(s) must have been identified under Tab 3, Experience, Expertise, Personnel and Technical Resources in order to qualify for point allocation.
- Proposers or sub-consultants will be allocated points if they are a certified W/MBE as evidenced by providing the documentation described below.
    - If the Proposer or sub-consultant has a certified W/MBE status, provide documentation of the firms' certified W/MBE status as defined by the Florida Small and Minority Business Act and as defined in Polk County's Purchasing Procedures. Polk County's Purchasing Procedures recognize the following to meet the requirement of a certified W/MBE status:
        - Valid W/MBE Certification from one of the following
            - Florida Minority Supplier Development Council
            - Women Business Enterprise National Council
            - The State of Florida Office of Supplier Diversity
            - Florida Department of Transportation
            - U. S. Small Business Administration
            - Federal Aviation Authority
            - Other Florida governmental agencies

Certifications from other governmental agencies will be considered on a case-by-case basis.

- In the event a Proposer lists one or more sub-consultants in Tab 5 which is a Women or Minority owned business and receives point(s) as a result, and after the Proposer is awarded the project, if successful, it is determined that the listed sub-consultant does not assist in the performance of the scope of work (and is not replaced with an alternative sub-consultant which is a Women or Minority owned business), then the Proposer acknowledges and agrees that it may be suspended or debarred by the Procurement Director for failure to comply with the conditions, specifications or terms of a proposal or contract with the County or for committing a fraud or misrepresentation in connection with a proposal or contract with the County, in accordance with the Polk County Purchasing Ordinance and Procedures Manual.

Tab 6 Interaction with County for Claims Minimization (5 Points)

- Provide description of how CEI staff will work with contractor to minimize claims for time and money. Identify specific strategies that the CEI firm has used on previous projects, such as weekly progress meetings, frequent phone and email conversations with contractor, etc. (Limit response to one (1) page)

Tab 7 – Staff Availability for Work Assignments (5 Points)

- Describe the firms' current and future projected workload. Describe specifically the ability of the firm to provide staff for project assignments as needed. (Limit response to two (1) pages maximum)

Tab 8 Surveys of Past Performance (10 Points)

- Provide reference surveys from past clients for the projects identified under Tab 3.
- Completed surveys. (See Exhibit 1) Procurement will take the average of all surveys and score as follows:
    - Average Score between 9-10 (10 Points)
    - Average Score between 7-8 (8 Points)
    - Average Score between 5-6 (6 Points)
    - Average Score between 3-4 (4 Points)
    - Average Score between 1-2 (2 Points)
    - Average Score of 0 (0 Points)

BID OPENING

Proposers may attend the Bid Opening in person or via conference call by dialing (646) 558-8656 and enter Meeting ID: 327 647 2818. A listing of all proposers will be posted to Procurement's website as soon as possible after bid opening.

Selection Process

Proposals will be evaluated in accordance with this section and all applicable County procurement policies and procedures.

The County shall appoint a selection committee (the "Selection Committee") that will be responsible for evaluating and scoring/ranking the Proposals in accordance with this Section.

The County will use a competitive selection process based on the Elevation Levels described in this Section. At Elevation Levels 2 and 3, the Selection Committee will score and/or rank the Proposals as applicable.

Selection of a final Proposal will be based upon the following steps and factors:

Elevation Level 1 (Procurement Requirements Assessment):

- The County Procurement Division shall review all Proposals for conformance with RFP guidelines and detailed submittal requirements. At the County's discretion, non-conforming Proposals may be eliminated from further consideration and conforming Proposals shall be elevated to Elevation Level 2. Procurement will distribute Proposals and evaluation criteria to the Selection Committee.
- Procurement will also ensure all firms meet the requirement of certification as outlined in Florida Statute 287.055(3)(c).
- The Selection Committee may convene to review questions that arise during individual member review of submitted Proposals before Elevation Level 2 to allow for questions, clarifications, explanations, or other discussion to be held before the review of Proposals is completed.

Elevation Level 2 (Scoring)

- Procurement shall score each Proposal on the following evaluation criteria:
    - Local (Tab 4) - 5 points
    - W/MBE Certification (Tab 5) - 5 points
    - Surveys of Past Performance (Tab 8) - 10 points

    Subtotal Points - 20 points

    by the process stated under each corresponding Tab description as set forth on Pages 8-12.

- Each Selection Committee member shall score each Proposal on the following evaluation criteria:
    - Approach to the Project (Tab 2) - 35 points
    - Experience, Expertise, Personnel and Technical Resources (Tab 3) - 35 points
    - Interaction w/ County for Claims Minimization (Tab 6) - 5 points
    - Staff Availability for Work Assignments (Tab 7) – 5 points

    Subtotal Points-80 points
    by the following process:

1) Each Selection Committee member shall determine which of the following descriptions applies to each of the foregoing evaluation criteria:

- EXCELLENT (1.0): Of the highest or finest quality; exceptional; superior; superb; exquisite; peerless.
  The Proposer provided information for a given criteria that satisfied the requirements and described specifically how and what will be accomplished in such a manner that exhibited an exceptional and superior degree of understanding, skill, and competency, both qualitatively and quantitatively. The facts included in the narrative (including all supporting documentation, diagrams, drawings, charts, and schedules, etc.) demonstrate the Proposer's ability to perform and deliver far beyond expectation.
- VERY GOOD (0.8): To a high degree; better than or above competent and/or skillful.
  The Proposer provided information for a given criteria that satisfied the requirements and described specifically how and what will be accomplished in such a manner that exhibited a very high degree of understanding, skill, and competency, both qualitatively and quantitatively. The facts included in the narrative (including all supporting documentation, diagrams, drawings, charts, and schedules, etc.) demonstrate the Proposer's ability to perform and deliver beyond expectation.
- GOOD (0.6): Having positive or desirable qualities; competent; skilled; above average.
  The Proposer provided information for a given criteria that satisfied the requirements and described specifically how and what will be accomplished in such a manner that exhibited a skillful and above-average degree of understanding, skill, and competency, both qualitatively and quantitatively. The facts included in the narrative (including all supporting documentation, diagrams, drawings, charts, and schedules, etc.) demonstrate the Proposer's ability to perform and deliver at the expected level.
- FAIR (0.4): Average; moderate; mediocre; adequate; sufficient; satisfactory; standard.
  The Proposer provided information for a given criteria that satisfied the requirements and described sufficiently how and what will be accomplished in a manner that exhibited an adequate and average degree of understanding, skill, and competency, both qualitatively and quantitatively. The facts included in the narrative (including all supporting documentation, diagrams, drawings, charts, and schedules, etc.) demonstrate the Proposer's ability to perform and deliver at a level slightly below expectation.
- POOR (0.2): Inadequate; lacking; inferior in quality; of little or less merit; substandard; marginal.
  The Proposer provided information for a given criteria that did not satisfy the requirements and described in an inadequate manner how and what will be accomplished. The information provided simply reiterated a requirement, contained inaccurate statements or references, lacked adequate

information, or was of inferior quality. The facts included in the narrative (including all supporting documentation, diagrams, drawings, charts, and schedules, etc.) demonstrate the Proposer's ability to perform and deliver at a substandard and inferior level.

- UNACCEPTABLE (0.0):
  The Proposer failed to provide any information for a given criteria, provided information that could not be understood, or did not provide the information for a given category as requested.

2) After a Selection Committee member has determined the description applicable for each evaluation criterion, the total points available for such criterion shall be multiplied by the factor associated with the applicable description to produce the number of points allocated for that evaluation criterion. For example, a Selection Committee member classifies the "Experience and Expertise" criterion (which shall be worth 25 points for the purpose of this example) as "Very Good" (which is a description factor multiplier of 0.8). The points that Selection Committee member allocated for that evaluation criterion would be 20, calculated as follows: 25 available points x 0.8 applicable description factor multiplier = 20 points.
3) A Selection Committee member's total score for each Proposal shall equal the sum of the total points allocated for each evaluation criteria.
4) When all Selection Committee members have completed their Proposal evaluations, the individual Selection Committee member's total scores for each Proposal will be added together to produce a final score for each Proposal.
5) Procurement will confirm the calculations for the final score for each Proposal. Then, Procurement shall publish a rank-ordered listing of the Proposals to the Selection Committee with the Proposal receiving the highest point as the highest-ranked Proposal.
6) In accordance with Section 287.055(4)(a), Florida Statutes, if there are three (3) or more Proposers in Elevation Level 2, the Selection Committee must elevate no fewer than the three highest scored of such Proposers to Elevation Level 3 for interviews. If there are only two Proposers in Elevation Level 2, the Selection Committee must elevate those two Proposers to Elevation Level 3 for interviews. If there is only one Proposer in Elevation Level 2, then the Selection Committee may collectively decide if they would like to elevate the Proposer to Elevation Level 3 for interviews or if they would like to recommend the Board authorize staff to enter into Contract Negotiations with the Proposer. In the latter case, after Board approval to authorize staff to negotiate a contract, the Proposer will then be elevated to Elevation Level 4 for contract negotiations.

Elevation Level 3 (Proposer Interviews)
The Selection Committee are required to conduct interviews of the Proposers that it has elevated from Elevation Level 2 to Elevation Level 3.

During an interview, elevated Proposers may be requested to make a presentation focusing on their qualifications, approach to the project and the ability to furnish the

required services. The Selection Committee members will have an opportunity to inquire about any aspect of the RFP and the Proposer's Proposal. After all elevated Proposer interviews, each Selection Committee member will individually rank the Proposers in numerical order beginning at number 1 for the Proposer deemed to be the most highly qualified to perform the required services. In accordance with Section 287.055(4)(b), Florida Statutes, in determining whether a Proposer is qualified, each Selection Committee member shall consider such factors as:

- Ability of Personnel
- Whether a Proposer is a certified minority business enterprise
- Past performance
- Willingness to meet time and budget requirements
- Location
- Recent, current, and projected workloads
- Volume of work previously awarded to each Proposer by the County

Procurement shall receive and compile each Selection Committee member's ranking of each Proposer, and then publish a rank-ordered listing of Proposers to the Selection Committee, based on the combined average rankings given each Proposer. The Selection Committee members will then collectively decide if they would like to recommend the Board authorize staff to enter into Contract Negotiations with all Proposers elevated to Proposer Interviews, starting with the highest-ranked Proposer(s). After Board approval to authorize staff to negotiate a contract, said Proposer(s) will then be elevated to Elevation Level 4 for contract negotiations.

Elevation Level 4 (Contract Negotiations)
If a Proposer is elevated to this level, the User Division, with the assistance of Procurement and the County Attorney's Office, shall negotiate an Agreement with the elevated Proposer(s) in accordance with Section 287.055(5), Florida Statutes.

If after negotiating for a reasonable time period the parties cannot agree on a contract, the County shall, in its sole discretion, terminate further contract negotiations with that Proposer(s). Procurement shall notify the Selection Committee that contract negotiations with the elevated Proposer(s) have terminated. The Selection Committee shall then determine whether to recommend to the Board to approve contract negotiations with the next-highest-ranked Proposer, and so on. If the Selection Committee decides not to recommend contract negotiations with the next-highest-ranked Proposer, or if the County determines there is no other Proposer with whom the County can successfully negotiate a contract, then the RFP Selection Process shall terminate.

After contract negotiations with a Proposer(s) are successfully completed pursuant to Elevation Level 4, the Selection Committee shall recommend to the Board of County Commissioners that it selects such Proposer(s) to provide the services as outlined in the Agreement. The Board of County Commissioners shall make the final decision whether to enter into an Agreement with a Proposer(s).

GENERAL CONDITIONS

CONTACT

After the issuance of any Request for Proposal, prospective proposers shall not contact, communicate with or discuss any matter relating in any way to the Request for Proposal with the Board of County Commissioners, and any employee of Polk County, other than the Procurement Director or as directed in the cover page of the Request for Proposal. This prohibition begins with the issuance of any Request for Proposal and ends upon completion execution of a contract. Such communications initiated by a proposer shall be grounds for disqualifying the offending proposer from consideration for award of the proposal and/or any future proposal.

INSURANCE REQUIREMENTS

The selected firm, if any, shall maintain, at all times, the following minimum levels of insurance and; shall, without in any way altering their liability, obtain, pay for and maintain insurance for the coverages and amounts of coverage not less than those set forth below. Provide to the County original Certificates of Insurance satisfactory to the County to evidence such coverage before any work commences. Polk County, a political subdivision of the State of Florida, shall be an additional named insured on all policies related to the project; excluding workers' compensation and professional liability. The Workers' Compensation and General Liability policies shall contain a waiver of subrogation in favor of Polk County. All insurance coverage shall be written with a company having an A.M. Best Rating of at least the "A" category and size category of VIII. The firm's self-insured retention or deductible per line of coverage shall not exceed $25,000 without the permission of the County. In the event of any failure by the firm to comply with the provisions; the County may, at its option, on notice to the firm suspend the project for cause until there is full compliance. Alternatively, the County may purchase such insurance at the firm's expense, provided that the County shall have no obligation to do so and if the County shall do so, the firm shall not be relieved of or excused from the obligation to obtain and maintain such insurance amounts and coverages.

Worker's Compensation and Employer's Liability Insurance providing statutory benefits, including those that may be required by any applicable federal statute:

Admitted in Florida	Yes
Employer's Liability	$100,000
All States Endorsement	Statutory
Voluntary Compensation	Statutory

Commercial General Liability Insurance. $1,000,000 combined single limit of liability for bodily injuries, death, and property damage, and personal injury resulting from any one occurrence, including the following coverages:

Premises and Operations and Products/Completed Operations;

Broad Form Commercial General Liability Endorsement to include blanket contractual liability (specifically covering, but not limited to, the contractual obligations assumed by the Firm); Personal Injury (with employment and contractual exclusions deleted) and Broad Form Property Damage coverages;

Independent Contractors; Policy must include Separation of Insureds Clause.

Comprehensive Automobile Liability Insurance. $1,000,000 combined single limit of liability for bodily injuries, death, and property damage, and personal injury resulting from any one occurrence, including all owned, hired and non-owned vehicles.

Professional Liability Insurance. $2,000,000 for design errors and omissions, inclusive of defense costs. Selected firm shall be required to provide continuing Professional Liability Insurance to cover the project for a period of two (2) years after the projects are completed.

INDEMNIFICATION

To the maximum extent permitted by law, the Consultant shall indemnify, protect and hold the County, and its officers, employees and agents, harmless from and against any and all, claims, actions, causes of action, liabilities, penalties, forfeitures, damages, losses, and expenses whatsoever (including, without limitation, reasonable attorneys' fees, costs, and expenses incurred during negotiation, through litigation and all appeals therefrom) including, without limitation, those pertaining to the death of or injury to any person, or damage to any property, to the extent arising out of or resulting from (i) the failure of Consultant to comply with applicable laws, rules or regulations, (ii) the breach by Consultant of its obligations under this Agreement, (iii) any claim for trademark, patent, or copyright infringement arising out of the scope of Consultant's performance or nonperformance of this Agreement, or (iv) the negligent acts, errors or omissions, or intentional or willful misconduct, of Consultant or any persons or entities employed or utilized by Consultant in the performance of this Agreement. The obligations imposed by this Section shall survive the expiration or earlier termination of the Agreement.

PUBLIC ENTITY CRIMES STATEMENT

The Consultant declares and warrants that neither the Consultant nor any of the Consultant's affiliates, as that term is defined in Section 287.133, Florida Statutes, are subject to the restrictions in Section 287.133, Florida Statutes, regarding the commission of a public entity crime. If during the term of this Agreement, the Consultant or any affiliate is convicted of a public entity crime or is otherwise prohibited from performing work for or transacting business with the County pursuant to Section 287.133, Florida Statutes, then the Consultant shall be in material default of this Agreement, and in such case, the County shall have the rights and remedies as provided herein.

EQUAL OPPORTUNITY/AFFIRMATIVE ACTION

The County is an equal opportunity/affirmative action employer. The County is committed to equal opportunity employment effort; and expects firms that do business with the County to have a vigorous affirmative action program.

WOMEN/MINORITY BUSINESS ENTERPRISE OUTREACH

The County hereby notifies all Proposers that W/MBEs are to be afforded a full opportunity to participate in any request for proposal by the County and will not be subject to discrimination on the basis of race, color, sex or national origin.

AFFIRMATION

By submitting their proposal, the Proposer affirms that the proposal is genuine and not made in the interest of or on behalf of any undisclosed person, firm or corporation and is not submitted in conformity with any agreement or rules of any group, association, organization or corporation; the Proposer has not directly or indirectly induced or solicited any other person to submit a false or sham proposal; the Proposer has not solicited or induced any person, firm or corporation to refrain from submitting a proposal; and the Proposer has not sought by collusion to obtain for him/herself any advantage over other persons or over the County.

DEVELOPMENT COSTS

Neither the County nor its representative(s) shall be liable for any expenses incurred in connection with preparation of a response to the RFP. Proposers should prepare their proposals simply and economically, providing a straightforward and concise description of the proposer's ability to meet the requirements of the RFP.

ADDENDA

The County may record its responses to inquiries and any supplemental instructions in the form of written addenda. The addenda will be posted on the County's website at https://www.polk-county.net/procurement-bids. It is the sole responsibility of the proposers to check the website to ensure that all available information has been received prior to submitting a proposal.

CODE OF ETHICS

If any proposer violates or is a party to a violation of the code of ethics of Polk County or the State of Florida, with respect to this proposal, such proposer may be disqualified from performing the work described in this proposal or from furnishing the goods or services for which the proposal is submitted and shall be further disqualified from bidding on any future proposals for work, goods, or services for the County.

DRUG FREE WORKPLACE

Preference shall be given to businesses with Drug Free Workplace (DFW) programs. Whenever two or more proposals, which are equal with respect to price, quality and service, are received by the County for the procurement of commodities or contractual services, a proposal received from a business that has provided a statement that it is a DFW shall be given preference in the award process.

APPLICABLE LAWS AND COURTS

This RFP and any resulting agreements shall be governed in all respects by the laws of the State of Florida and any litigation with respect thereto shall be brought only in the courts of Polk County, Florida or the United States District Court, Middle District of Florida,

located in Hillsborough County, Florida. The proposer shall comply with all applicable federal, state and local laws and regulations.

CONTRACTUAL MATTERS
A contract in substantially the same form as attached here to as Attachment "A" (Master Consulting Agreement) will be executed between the County and the successful Proposer(s).

All contracts are subject to final approval of the Polk County Board of County Commissioners. Persons or firms who incur expenses or change position in anticipation of a contract prior to the Board's approval do so at their own risk.

PROPOSAL ACCEPTANCE PERIOD
A proposal shall be binding upon the offeror and irrevocable by it for one hundred and twenty (120) calendar days following the proposal opening date. Any proposal in which offeror shortens the acceptance period may be rejected.

ADDITION/DELETION
The County reserves the right to add to or delete any item from this proposal or resulting agreements when deemed to be in the best interest of the County.

PROPRIETARY INFORMATION
In accordance with Chapter 119 of the Florida Statutes (Public Records Law), and except as may be provided by other applicable State and Federal Law, all proposers should be aware that Request for Proposals and the responses thereto are in the public domain. However, the proposers are required to identify specifically any information contained in their proposals which they consider confidential and/or proprietary and which they believe to be exempt from disclosure, citing specifically the applicable exempting law. Proposers should provide a redacted copy of proposal with submittal, or must provide within thirty (30) days from the Proposal due date.

All proposals received from proposers in response to this Request for Proposal will become the property of the County and will not be returned to the proposers. In the event of contract award, all documentation produced as part of the contract will become the exclusive property of the County.

REVIEW OF PROPOSAL FILES
In accordance with Chapter 119.071 of the Florida Statutes, the responses received for this Request for Proposal are exempt from review for thirty (30) days after the Bid Opening Date or at Recommendation of Award, whichever event occurs first.

Should the RFP be cancelled and re-solicited for any reason, proposal responses shall remain exempt from disclosure for a period not to exceed twelve (12) months or at Recommendation of Award of the subsequent solicitation.

RFP PROTEST: Any proposer desiring to file a protest, with respect to a recommended award of any RFP, shall do so by filing a written protest. The written protest must be in

the possession of the Procurement Division within three (3) working days of the Notice of Recommended Award mailing date. All proposers who submitted a proposal will be sent a Notice of Recommended Award, unless only one proposal was received.

A copy of the protest procedures may be obtained from the Polk County Procurement Division or can be downloaded from the County's website at https://www.polk-county.net/procurement/protest-procedures.

FAILURE TO FOLLOW PROTEST PROCEDURE REQUIREMENTS WITHIN THE TIME FRAMES PRESCRIBED HEREIN AS ESTABLISHED BY POLK COUNTY, FLORIDA, SHALL CONSTITUTE A WAIVER OF THE PROPOSER'S RIGHT TO PROTEST AND ANY RESULTING CLAIM.

UNAUTHORIZED ALIEN(S) The Consultant agrees that unauthorized aliens shall not be employed nor utilized in the performance of the requirements of this solicitation. The County shall consider the employment or utilization of unauthorized aliens a violation of Section 274A(e) of the Immigration and Naturalization Act (8 U.S.C. 1324a). Such violation shall be cause for unilateral termination of this Agreement by the County. As part of the response to this solicitation, the successful consultant will complete and submit the form "AFFIDAVIT CERTIFICATION IMMIGRATION LAWS."

EMPLOYMENT ELIGIBILITY VERIFICATION (E-Verify)

A. Unless otherwise defined herein, terms used in this Section which are defined in Section 448.095, Florida Statutes, as may be amended from time to time, shall have the meaning ascribed in said statute.

B. Pursuant to Section 448.095(5), Florida Statutes, the contractor hereto, and any subcontractor thereof, must register with and use the E-Verify system to verify the work authorization status of all new employees of the contractor or subcontractor. The contractor acknowledges and agrees that (i) the County and the contractor may not enter into this Agreement, and the contractor may not enter into any subcontracts hereunder, unless each party to this Agreement, and each party to any subcontracts hereunder, registers with and uses the E-Verify system; and (ii) use of the U.S. Department of Homeland Security's E-Verify System and compliance with all other terms of this Certification and Section 448.095, Fla. Stat., is an express condition of this Agreement, and the County may treat a failure to comply as a material breach of this Agreement.

C. By entering into this Agreement, the contractor becomes obligated to comply with the provisions of Section 448.095, Fla. Stat., "Employment Eligibility," as amended from time to time. This includes but is not limited to utilization of the E-Verify System to verify the work authorization status of all newly hired employees, and requiring all subcontractors to provide an affidavit attesting that the subcontractor does not employ, contract with, or subcontract with, an unauthorized alien. The contractor shall maintain a copy of such affidavit for the duration of this Agreement. Failure to comply will lead to termination of this Agreement, or if a subcontractor knowingly violates the statute or Section 448.09(1), Fla. Stat., the subcontract must be terminated immediately. If this Agreement is terminated pursuant to Section 448.095, Fla. Stat., such termination is not a breach of contract and may not be considered as such. Any challenge to termination

under this provision must be filed in the Tenth Judicial Circuit Court of Florida no later than 20 calendar days after the date of termination. If this Agreement is terminated for a violation of Section 448.095, Fla. Stat., by the contractor, the contractor may not be awarded a public contract for a period of 1 year after the date of termination. The contractor shall be liable for any additional costs incurred by the County as a result of the termination of this Agreement. Nothing in this Section shall be construed to allow intentional discrimination of any class protected by law.

LIMITATIONS

This request does not commit Polk County to award a contract. Proposers will assume all costs incurred in the preparation of their response to this RFP. The County reserves the right to: 1) accept or reject qualifications and/or proposals in part or in whole; 2) request additional qualification information; 3) limit and determine the actual contract services to be included in a contract; 4) obtain information for use in evaluating submittals from any source and 5) reject all submittals.

ATTORNEY'S FEES AND COSTS: Each party shall be responsible for its own legal and attorney's fees, costs and expenses incurred in connection with any dispute or any litigation arising out of, or relating to this Agreement, including attorney's fees, costs and expenses incurred for any appellate or bankruptcy proceedings.

Prohibition Against Considering Vendor Interests: In accordance with Section 287.05701, Florida Statutes, the County may not (i) request documentation of or consider a Vendor's social, political, or ideological interests when determining if the Vendor is a responsible vendor; or (ii) give preference to a Vendor based on the Vendor's social, political, or ideological interests.

PUBLIC RECORD LAWS

(a) The Consultant acknowledges the County's obligations under Article I, Section 24, of the Florida Constitution and under Chapter 119, Florida Statutes, to release public records to members of the public upon request and comply in the handling of the materials created under this Agreement. The Consultant further acknowledges that the constitutional and statutory provisions control over the terms of this Agreement. In association with its performance pursuant to this Agreement, the Consultant shall not release or otherwise disclose the content of any documents or information that is specifically exempt from disclosure pursuant to all applicable laws.

(b)Without in any manner limiting the generality of the foregoing, to the extent applicable, the Consultant acknowledges its obligations to comply with Section 119.0701, Florida Statutes, with regard to public records, and shall:

(1)keep and maintain public records required by the County to perform the services required under this Agreement;

(2)upon request from the County's Custodian of Public Records or his/her designee, provide the County with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law;

(3)ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the term of this Agreement and following completion of this Agreement if the Consultant does not transfer the records to the County; and

(4)upon completion of this Agreement, transfer, at no cost, to the County all public records in possession of the Consultant or keep and maintain public records required by the County to perform the service. If the Consultant transfers all public records to the County upon completion of this Agreement, the Consultant shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Consultant keeps and maintains public records upon completion of this Agreement, the Consultant shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the County, upon request from the County's Custodian of Public Records, in a format that is compatible with the information technology systems of the County.

(c) **IF THE CONSULTANT HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONSULTANT'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, CONTACT THE COUNTY'S CUSTODIAN OF PUBLIC RECORDS AT:**

Scrutinized Companies and Business Operations Certification; Termination.

A. Certification(s).
   i. By its execution of this Agreement, the Vendor hereby certifies to the County that the Vendor is not on the Scrutinized Companies that Boycott Israel List, created pursuant to Section 215.4725, Florida Statutes, nor is the Vendor engaged in a boycott of Israel, nor was the Vendor on such List or engaged in such a boycott at the time it submitted its bid, proposal, quote, or other form of offer, as applicable, to the County with respect to this Agreement.
   ii. Additionally, if the value of the goods or services acquired under this Agreement are greater than or equal to One Million Dollars ($1,000,000), then the Vendor further certifies to the County as follows:
      a) the Vendor is not on the Scrutinized Companies with Activities in Sudan List, created pursuant to Section 215.473, Florida Statutes; and
      b) the Vendor is not on the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, created pursuant to Section 215.473, Florida Statutes; and

c) the Vendor is not engaged in business operations (as that term is defined in Florida Statutes, Section 287.135) in Cuba or Syria; and
d) the Vendor was not on any of the Lists referenced in this subsection A(ii), nor engaged in business operations in Cuba or Syria when it submitted its proposal to the County concerning the subject of this Agreement.

iii. The Vendor hereby acknowledges that it is fully aware of the penalties that may be imposed upon the Vendor for submitting a false certification to the County regarding the foregoing matters.

B. Termination. In addition to any other termination rights stated herein, the County may immediately terminate this Agreement upon the occurrence of any of the following events:

i. The Vendor is found to have submitted a false certification to the County with respect to any of the matters set forth in subsection A(i) above, or the Vendor is found to have been placed on the Scrutinized Companies that Boycott Israel List or is engaged in a boycott of Israel.

ii. The Vendor is found to have submitted a false certification to the County with respect to any of the matters set forth in subsection A(ii) above, or the Vendor is found to have been placed on the Scrutinized Companies with Activities in Sudan List, or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or has been engaged in business operations in Cuba or Syria, and the value of the goods or services acquired under this Agreement are greater than or equal to One Million Dollars ($1,000,000).

- □ Publicly Traded
- □ Employee Owned

State of Incorporation: _____

The Successful vendor must complete and submit this form prior to award. The Successful vendor must invoice using the company name listed above.

EXHIBIT 1
DETAILED INSTRUCTIONS ON HOW TO PREPARE AND SEND PERFORMANCE SURVEYS

The objective of this process is to identify the past performance of the Consultant submitting a proposal package. This is accomplished by sending survey forms to past customers. The customers should return the forms directly to the Consultant. The Consultant is to include all surveys in their proposal package.

Sending the Survey

The surveys shall be sent to all clients for whom the Consultant has identified under Tab 3. Surveys should correlate to all projects identified under Tab 3.

If more surveys are included, then Procurement will only use those identified under Tab 3.

1. The Consultant shall complete the following information for each customer that a survey will be sent

CLIENT NAME	Name of the company that the work was performed for (i.e. Hillsborough County).
FIRST NAME	First name of the person who will answer customer satisfaction questions.
LAST NAME	Last name of the person who will answer customer satisfaction questions.
PHONE NUMBER	Current phone number for the reference (including area code).
EMAIL ADDRESS	Current email address for the reference.
PROJECT NAME	Name of the project (CEI Services for Hillsborough County), Etc.
COST OF SERVICES	Cost of services ($1,000,000)
DATE COMPLETE	Date when the services were completed. (i.e. 5/31/2023)

2. The Consultant is responsible for verifying that their information is accurate prior to submission for references.

3. The survey must contain different services/projects. You cannot have multiple people evaluating the same job. However, one person may evaluate several different jobs.

4. The past projects can be either completed or on-going.

5. The past client/owner must evaluate and complete the survey.

Preparing the Surveys

1. The Consultant is responsible for sending out a performance survey to the clients that have been identified under Tab 3. The survey can be found on the next page.
2. The Consultant should enter the past clients' contact information, and project information on each survey form for each reference. The Consultant should also enter their name as the Consultant being surveyed.
3. The Consultant is responsible for ensuring all references/surveys are included in their submittal under Tab 8.
4. Polk County Procurement may contact the reference for additional information or to clarify survey data. If the reference cannot be contacted, there will be no credit given for that reference.

EMPLOYMENT ELIGIBILITY VERIFICATION (E-VERIFY) CERTIFICATION

(Florida Statutes, Section 448.095)

PROJECT NAME: Construction Engineering and Inspection (CEI) Professional Services

The undersigned, as an authorized officer of the contractor identified below (the "**Contractor**"), having full knowledge of the statements contained herein, hereby certifies to Polk County, a political subdivision of the State of Florida (the "**County**"), by and on behalf of the Contractor in accordance with the requirements of Section 448.095, Florida Statutes, as related to the contract entered into by and between the Contractor and the County on or about the date hereof, whereby the Contractor will provide labor, supplies, or services to the County in exchange for salary, wages, or other remuneration (the "**Contract**"), as follows:

1. Unless otherwise defined herein, terms used in this Certification which are defined in Section 448.095, Florida Statutes, as may be amended from time to time, shall have the meaning ascribed in said statute.

2. Pursuant to Section 448.095(5), Florida Statutes, the Contractor, and any subcontractor under the Contract, must register with and use the E-Verify system to verify the work authorization status of all new employees of the Contractor or subcontractor. The Contractor acknowledges and agrees that (i) the County and the Contractor may not enter into the Contract, and the Contractor may not enter into any subcontracts thereunder, unless each party to the Contract, and each party to any subcontracts thereunder, registers with and uses the E-Verify system; and (ii) use of the U.S. Department of Homeland Security's E-Verify System and compliance with all other terms of this Certification and Section 448.095, Fla. Stat., is an express condition of the Contract, and the County may treat a failure to comply as a material breach of the Contract.

3. By entering into the Contract, the Contractor becomes obligated to comply with the provisions of Section 448.095, Fla. Stat., "Employment Eligibility," as amended from time to time. This includes but is not limited to utilization of the E-Verify System to verify the work authorization status of all newly hired employees, and requiring all subcontractors to provide an affidavit attesting that the subcontractor does not employ, contract with, or subcontract with, an unauthorized alien. The Contractor shall maintain a copy of such affidavit for the duration of the Contract. Failure to comply will lead to termination of the Contract, or if a subcontractor knowingly violates the statute or Section 448.09(1), Fla. Stat., the subcontract must be terminated immediately. If the Contract is terminated pursuant to Section 448.095, Fla. Stat., such termination is not a breach of contract and may not be considered as such. Any challenge to termination under this provision must be filed in the Tenth Judicial Circuit Court of Florida no later than 20 calendar days after the date of termination. If the Contract is terminated for a violation of Section 448.095, Fla. Stat., by the Contractor, the Contractor may not be awarded a public contract for a period of 1 year after the date of termination. The Contractor shall be liable for any additional costs incurred by the County as a result of the termination of the Contract. Nothing in this Certification shall be construed to allow intentional discrimination of any class protected by law.

RFP 25-308, Roads & Drainage Construction Engineering and Inspection (CEI) Professional Services
Addendum #1(Continued)

Question 1: Can project examples required in Tab 3 include project experience of key staff prior to joining the submitting firm?

Answer 1: No. The projects to be identified are to be projects that have been performed by the Proposer submitting a Proposal.

Tab 3 Experience, Expertise, Personnel and Technical Resources (35 points) States:

Provide a minimum of three (3) and a maximum of five (5) recent projects performed within the past ten (10) years **as the prime firm** performing the CEI services for road infrastructure projects where the construction costs are under $7.0 million. (Limit response to one (1) page per project)

- For each project please provide:
    a) Name and location of the project;
    b) Size and cost of the project;
    c) Project representative name, address, phone number, and email address
    d) Start date, date project was completed or is anticipated to be completed; compare to the original date.
    e) The nature of the firm's responsibility on the project;
    f) Identify the key staff and their role in each project;
    g) Identify working relationship of consultants or joint venture on project, if applicable;
    h) Provide the original budget and the final budget of the project. Explain the reason(s) for differences, such as owner requested change, contractor claim, and insufficient plans and specifications.
    i) List of any time extensions created by item h above.

- Provide an organizational chart of the team highlighting the key individuals who will work on this contract.
- The key staff presented in the consultant's response shall be the staff utilized on this contract. Please provide the resumes of the key staff including, but not limited to, the items in the list below (One (1) page maximum per resume):
    a) Name and current position held by the person
    b) Name, title and project assignment
    c) Experience:
        1) Types of projects.
        2) Size of projects (dollar value of project).
        3) What were their specific project involvements?
- Demonstrate each key staff's availability and office and home location to respond to the needs of the project (Two (2) pages maximum for all key staff member)
- Identify any sub-consultants to be used, if any. For each sub consultant identified please provide:
    - Name of sub-consultant.
    - Address

- Their locations that can be utilized to expedite a deliverable if required.
- A brief description of their experience outlining their qualifications to perform the intended services
- A brief resume for each key personnel that will be assigned to perform the intended services

Question 2: Can project examples required in Tab 3 include project experience from subconsultants?

Answer 2: No, please see answer to question number 1 above.

Question 3: RFP 25-308, Roads/Drainage CEI and wish to clarify the County's instructions for Tab 7 – Staff Availability for Work Assignments (RFP Pg 12) which states "Limit response to two (1) pages maximum." Since pages is plural it appears the intent is for two pages, but there is a conflict so should the number 1 be the number 2, as in (2) pages maximum?

Answer 3: That is correct. The statement on page 12, Tab 7, should read as follows:

Tab 7 – Staff Availability for Work Assignments (5 Points)

- **Describe the firms' current and future projected workload. Describe specifically the ability of the firm to provide staff for project assignments as needed. (Limit response to two (2) pages maximum)**

Addendum #2(Continued)

Clarification

RFP 25-308, Tab 3 on page 9 has been revised and replaced with the following:

Tab 3 Experience, Expertise, Personnel and Technical Resources (35 points)

- Provide a minimum of three (3) and a maximum of five (5) recent projects performed within the past ten (10) years as the prime firm performing the CEI services for road infrastructure projects where the construction costs are under $7.0 million. (Limit response to one (1) page per project)
    - For each project please provide:
        a) Name and location of the project;
        b) Size and cost of the project;
        c) Project representative name, address, phone number, and email address
        d) Start date, date project was completed or is anticipated to be completed; compare to the original date.
        e) The nature of the firm's responsibility on the project;
        f) Identify the key staff and their role in each project;
        g) Identify working relationship of consultants or joint venture on project, if applicable;
        h) Provide the original budget and the final budget of the project. Explain the reason(s) for differences, such as owner requested change, contractor claim, and insufficient plans and specifications.
        i) List of any time extensions created by item h above.
- Provide an organizational chart of the team highlighting the key individuals who will work on this contract.
- The key staff presented in the consultant's response shall be the staff utilized on this contract. Please provide the resumes of the key staff including, but not limited to, the items in the list below (One (1) page maximum per resume):
    a) Name and current position held by the person
    b) ~~Name, title and project assignment~~ Number of years with the firm
    c) Experience:
        1) Types of projects.
        2) Size of projects (dollar value of project).
        3) What were their specific project involvements?
- Demonstrate each key staff's availability and office and home location to respond to the needs of the project (Two (2) pages maximum for all key staff member)
- Identify any sub-consultants to be used, if any. For each sub consultant identified please provide:
    - Name of sub-consultant.
    - Address
    - Their locations that can be utilized to expedite a deliverable if required.

- A brief description of their experience outlining their qualifications to perform the intended services
- A brief resume for each key personnel that will be assigned to perform the intended services

Tab 1 - Executive Summary

RS&H provides fully integrated architecture, engineering, and consulting services to help clients realize their most complex facility and infrastructure projects for land, air, and space. We are consistently ranked among the nation's top 100 design firms and have worked in over 50 countries across the globe. Celebrating 84 years as an employee-owned firm, RS&H continues to deliver exceptional services and innovative solutions to our clients.

As the largest Florida based employee-owned AEC firm, our people are our greatest asset. RS&H has more than 1,700 professional employees located throughout our 77 offices. RS&H's organizational makeup includes five service groups that include Construction Management, Transportation-Infrastructure, Aerospace and Defense, Aviation, and our Architectural and Buildings Group. This enables us to offer full service under all scopes and gives RS&H the ability to solve problems for public and private clients. RS&H offers a full range of planning, design, environmental, program management, and construction management services for all modes of transportation, including highways, transit, ports, rail, trails, and aviation facilities.

Our integrated teams will work closely with the County to address challenges, overcome funding constraints, and deliver successful outcomes at each stage of the project's lifecycle. Whether working independently as partners or as a direct extension of your staff, we focus on providing responsive, quality, and sustainable solutions that are delivered on time and within budget.

EMPLOYMENT ELIGIBILITY VERIFICATION (E-VERIFY) CERTIFICATION

(Florida Statutes, Section 448.095)

PROJECT NAME: Construction Engineering and Inspection (CEI) Professional Services

The undersigned, as an authorized officer of the contractor identified below (the "**Contractor**"), having full knowledge of the statements contained herein, hereby certifies to Polk County, a political subdivision of the State of Florida (the "**County**"), by and on behalf of the Contractor in accordance with the requirements of Section 448.095, Florida Statutes, as related to the contract entered into by and between the Contractor and the County on or about the date hereof, whereby the Contractor will provide labor, supplies, or services to the County in exchange for salary, wages, or other remuneration (the "**Contract**"), as follows:

1. Unless otherwise defined herein, terms used in this Certification which are defined in Section 448.095, Florida Statutes, as may be amended from time to time, shall have the meaning ascribed in said statute.

2. Pursuant to Section 448.095(5), Florida Statutes, the Contractor, and any subcontractor under the Contract, must register with and use the E-Verify system to verify the work authorization status of all new employees of the Contractor or subcontractor. The Contractor acknowledges and agrees that (i) the County and the Contractor may not enter into the Contract, and the Contractor may not enter into any subcontracts thereunder, unless each party to the Contract, and each party to any subcontracts thereunder, registers with and uses the E-Verify system; and (ii) use of the U.S. Department of Homeland Security's E-Verify System and compliance with all other terms of this Certification and Section 448.095, Fla. Stat., is an express condition of the Contract, and the County may treat a failure to comply as a material breach of the Contract.

3. By entering into the Contract, the Contractor becomes obligated to comply with the provisions of Section 448.095, Fla. Stat., "Employment Eligibility," as amended from time to time. This includes but is not limited to utilization of the E-Verify System to verify the work authorization status of all newly hired employees, and requiring all subcontractors to provide an affidavit attesting that the subcontractor does not employ, contract with, or subcontract with, an unauthorized alien. The Contractor shall maintain a copy of such affidavit for the duration of the Contract. Failure to comply will lead to termination of the Contract, or if a subcontractor knowingly violates the statute or Section 448.09(1), Fla. Stat., the subcontract must be terminated immediately. If the Contract is terminated pursuant to Section 448.095, Fla. Stat., such termination is not a breach of contract and may not be considered as such. Any challenge to termination under this provision must be filed in the Tenth Judicial Circuit Court of Florida no later than 20 calendar days after the date of termination. If the Contract is terminated for a violation of Section 448.095, Fla. Stat., by the Contractor, the Contractor may not be awarded a public contract for a period of 1 year after the date of termination. The Contractor shall be liable for any additional costs incurred by the County as a result of the termination of the Contract. Nothing in this Certification shall be construed to allow intentional discrimination of any class protected by law.

Executed this 19 day of March, 2025.

Company: RS&H, Inc.

Tab 2 - Approach to the Project

Project Overview: RS&H's has almost 45 years of CEI experience and has recently similar project experience managing CEI professional services contracts locally. This experience provides the Polk County Roads and Drainage division, as well as the residents of Polk County, with the necessary experience to minimize project delivery risks and deliver successful construction projects. These projects are an important investment in improving the mobility and quality of service to the County's customers and we look forward to the opportunity of exceeding expectations for the successful delivery of the County's work program.

Proposed Staffing: All proposed key staff were selected for their technical expertise, availability, and residence in the County, as well as their history of working together on similar Central Florida GEC contracts for which they have completed safely, ahead of schedule and within budget. Our team's previous experience has been heavily focused on roadway and bridge projects primarily in the Central Florida area with a reputation for delivering quality products. The team was specifically chosen for their previous project experience, which is comparable to the scope of this project and for being a solution-oriented, problem solving, and innovative team while delivering projects on time and within budget.

Key management team members include Brent Wilkins, PE, DBIA, as Senior Project Engineer, Matt Tocknell as Project Administrator (PA), Kenton Wilkins as Assistant Project Administrator (APA), Wyatt Dube and Jennifer Hamstra as Contract Support Specialists (CSSs). Key members of the proposed inspection staff include Senior Inspectors Dewey Norris, Jason Kettering, Zach Rodriguez, Tyler Serman and Scott Romanov, who are all Polk County residents and have worked majority of their careers on roadway construction projects within the region. The entire team has recent GEC experience working with FDOT Bartow Operations, where RS&H has been the prime consultant on 3 consecutive Continuing Services Contracts. This longevity is a testament to the team's dedication to successfully delivery our client's growing work program. We have partnered with Patel Greene & Associates, DRMP, Ardaman & Associates, Roberts Consulting Services, AECOM, Florida Transportation Engineering, and Quest Corporation of America to provide additional inspection staff, survey services, resident compliance and lab testing, as outlined in the scope. All proposed RS&H associates and subconsultants are of the highest caliber, are fully committed to this project, and will be 100% available, as needed. Many of our team members have worked on projects along the same corridor. This experience gives this team familiarity with traffic conditions and potentially impacted properties due to the project scope.

Approach to the Project: RS&H will serve as an extension of Polk County by effectively administering, monitoring, and inspecting the project per the Contract Documents. Our team understands the effort required to deliver a quality project and will work closely with the Contractor to minimize rework and eliminate prolonged disruptions to the project schedule. We have been performing in this role for almost four decades and have a proven reputation for making sound decisions and resolving issues at the project level while acting in the best interest of the County. During construction, our team can organize, lead, and document pre-activity meetings, perform utility coordination, and address concerns identified in our constructability reviews. We will monitor relocations, demolition, and clearing to ensure adherence to right-of-way boundaries and develop a contact list of all business owners and residents within project limits to protect them from unnecessary impacts. We will communicate planned work activities through all phases of construction starting with the pre-construction meeting. Our team identifies and reports construction and material deficiencies to the County while guiding the Contractor to correct these deficiencies. We are well-versed in constructability reviews, interpreting contract documents and schedule reviews, writing SA's/WO's, and compiling monthly and final estimates. Our team has extensive experience with the County's Specifications, FDOT Specification, CPAM, constructing as-built plans, material sample management, digital signatures, and Bluebeam.

Tab 2 - Approach to the Project

When determining the proposed staffing for specific projects, our team will perform an in-depth review of the project scope, schedule and unique challenges. This information allows our management team to propose the most qualified inspection staff available based on similar project experience, location and expertise in handling similar project challenges. We have taken this approach on our 3 continuing services contracts with FDOT Bartow Operations. We work closely with project staff to evaluate staff experience to propose the best candidate possible. While majority of our staff are well rounded and cross trained in all work areas, such as drainage improvements, sidewalk construction, intersection improvements, signalization, geotechnical construction and lighting, we look to propose the best candidate to fit the scope. For example, if the project scope is a signalization project at an intersection, we will ensure proposed staff are well versed in signalization installation and carry the required IMSA certifications. Additionally, if the project requires the installation of new poles, we will ensure the staff are trained and certified on drilled shafts. Based on the experience of our proposed key staff, our Senior Inspectors have experience to cover all components of the projects scope, allowing for continuity during construction.

Shop Drawing and Submittal Reviews: The Contractor will prepare a schedule of submittals that identifies the work for which shop drawings apply. RS&H will identify the shop drawings that require long lead times and track them in our established shop drawing log accordingly to prevent any delays to the project. Examples of items requiring shop drawings include drainage structures, signal devices and signs. RS&H's team will communicate the importance of receiving the required shop drawings from the Contractor in a timely manner to allow for adequate review time and potential revisions. Shop drawings are also a topic of discussion in the weekly progress meetings, and we find it essential to track review times and the party responsible for the next action to be taken on outstanding items and issues. We will have regular calls with the PM and shop drawing reviewer to eliminate the potential for shop drawing approval being late causing project delays. Our proven success methodology has been consistent coordination.

Schedule Reviews: The schedule is one of the most valuable tools the County has to evaluate a project. RS&H will utilize the schedule to ensure contract milestones are met and potential construction delays are avoided. Matt will serve as the lead CPM schedule reviewer, working diligently with Brent during the initial schedule submittal as well as the monthly updates to verify the sequence of work is realistic with ample detail. Both Brent and Matt are area liaisons for RS&H's Project Controls Group. Our team uses P6 and Deltek Acumen Fuse to assist in the review of the schedules to evaluate the schedule in multiple ways providing key areas for our reviewers to focus. Any concerns will be brought to the immediate attention of the Contractor for resolution while keeping the County up to date on all critical items.

Innovation & Technology: RS&H strives to be at the forefront of industry innovation and technology. To meet these goals, we have invested the time and resources in licensing select associates as FAA drone pilots. These photos and videos not only assist in documenting work progress but allow our inspection staff to get a bird's eye view of areas of the project that may be hard to access. We have a drone readily available that will be used on this contract. In addition to photography, the drone also provides high quality video footage and photo documentation which is not generally provided by aerial photographers without additional costs. An additional use for RS&H's drone technology will be in the tracking of unsuitable soils or muck. We will utilize the drone to take 3-D elevations and quantification of muck removal for better tracking, as needed.

Our team is well trained in survey practices and will utilize this knowledge on this contract. We own and deploy numerous GPS Rovers and survey equipment throughout the state. Although it is not required, the Rover will be used for the inspection of graded surfaces to verify ground elevation points. This data will

be compared to the corresponding points from the 3D model design surface, giving us the ability to provide real-time feedback on whether the construction tolerances are being met. This will be extremely beneficial during the placement of the widening, drainage structures, pond site and optional base group operations. This information will be in the hands of our field staff while on site and will reduce the likelihood of field errors, assist in tracking progress and quantities, and serve as a visual tool to evaluate any concerns of water being properly evacuated from the travel lanes. Our experienced, cross-trained staff and the use of the latest technology give us the ability to be efficient while providing excellent results.

Public Outreach: A key aspect to the successful execution of this contract will include keeping the public informed of project milestones and schedules, minimizing impacts on local businesses and residents, ensuring the safety of pedestrians within the corridor, and keeping open the lines of communication with all stakeholders, including but not limited to, utility companies, adjacent projects, the County, and the Contractor. We plan to take a proactive approach to public interaction. Our team will establish open lines of communication with all residents and business owners that will be affected by assigned construction projects. This proactive approach will allow the team to notify affected customers of upcoming impacts and limit complaints to the County's PIO representatives. At our weekly progress meetings, we discuss public information items and how to resolve those issues. Matt is intimately familiar with the PIO process from his time operating as the PA on multiple FDOT projects in Polk County. In the event that our team does receive a public complaint, we will immediately address the concern with the residents. Our approach is to immediately contact the complainant to get a complete understanding of the issue. We will work closely with the County to provide the complainant with the most up to date information regarding resolving the issue in a timely manner. We utilize this approach on our project throughout the state. On the I-4 project with FDOT, we received a complaint from a local business regarding unfinished milling and resurfacing and built-up sediment in front of their store front. Our team quickly reached out and met with the business owner in person to identify the key issues. Our team then worked closely with the Contractor to address the sediment concerns. Furthermore, we communicated weekly with the business owner on the project schedule until the scope of work in front of the business was completed. We have found that timely communication is the cornerstone to resolving citizen complaints.

Utilities: RS&H has significant experience in utilities installation and is prepared to fully inspect any proposed utility work on this contract. RS&H field staff are well trained in the installation and required inspection of all proposed utilities. Our staff has experience with the installation of nearly 4 miles of water, sanitary sewer and reclaimed water utilities on our N Sunlake Blvd project. Field staff have performed pipe install inspection, grade control checks/as-built data checks, density testing on embankment backfill, correct density logbooks for drainage, County commercial sheets for water/sanitary sewer backfill, and pressure and chlorination tests for FDEP clearance.

Our staff are proficient in coordinating utility construction and resolving potential conflicts between proposed utility installations and unforeseen conditions. As an example, Brent has considerable experience working with Utility Agency Owners and the steps required to protect existing utilities during excavation activities. On his SR60 project with FDOT D1, Brent worked closely with Florida Public Utilities (FPU) to protect a high-pressured gas main that was in conflict with storm sewer and guardrail improvement operations. He maintained constant contact with FPU representatives to inform them of constant schedule updates and scheduled FPU field personnel to be on site to monitor operations that crossed their main. This resulted in no impacts to the project schedule or utility service. His current I-4 team has extensive experience in coordinating the relocation of multiple utilities that were discovered to be in conflict with proposed widening, drainage

utilities proposed drilled shaft locations. Brent coordinated with FDOT, the Engineer's of Record and the Utility Agency Owners to formulate plan revisions to relocate the utilities out of conflict. This approach drastically reduced delay time on the project.

FDOT Permitting: Our team has performed inspection services on a multitude of permit projects around the County. Wyatt was the Senior Inspector on our Prose Winter Haven project. This project was a permit contract adding access lanes into a newly constructed residential complex off of Cypress Gardens Blvd. Our team was responsible for inspection and compliance of all scopes of work required by the permit. Additionally, our team is familiar with the process of constructing projects where permit work is being constructed within project limits. We coordinate with the permitting agency, permit applicant, Contractors and all stakeholders to ensure compliance is met without delaying the project schedule.

MOT: Our first and foremost objective on any project is safety. It is imperative that TTC plans for all phases of work be reviewed and properly implemented each shift as construction activities will likely take place in high-volume corridors.

Another focus regarding safety will be Detour Management. Our similar experience working on projects with densely travelled work zones has taught us that improper detour management can result in hazards such as motorists slowing down, stopping, or making illegal turns, creating a dangerous situation for everyone. Our team is accustomed to monitoring detours for their full life cycle as our current projects have many detours, some that are several miles long and in very congested highly travelled roadways. On our current I-4 project for FDOT, we have implemented 14 detours to complete the construction of all the ramps within the project limits. We managed the implementation and advanced notification of all detours within the corridor. This includes verifying that message boards are operational fourteen days in advance of the work and displaying the correct approved messages. This also includes driving the detours before and after each use to ensure signs are properly covered/uncovered in a timely manner to eliminate confusion for motorists.

We take the opportunity at weekly progress meetings to share and discuss a worksite safety topic with our staff and the Contractor's staff. On our N Sunlake Blvd project, we created a shared safety culture with the contractor. With the approval of the contractor, we encourage our field staff to attend the daily safety talks that take place on site before each shift. Safety is everyone's responsibility, and our team goes above and beyond to do our part in returning every team member home safely.

Estimates: RS&H successfully utilizes a team approach when preparing monthly and final estimates, and understands the final estimate begins before the Contractor mobilizes. Wyatt Dube, CSS, and our PA, Matt Tocknell, will hold final estimate training sessions with our field staff prior to the start of construction and will then continue training throughout the life of the project to ensure proper documentation. One of Wyatt's primary responsibilities includes the tracking, logging, and documenting of all installed and accepted quantities. Our standard operating procedure includes having the inspection staff document and submit installed and accepted quantities on their daily reports to the County, who will compile the information for use in the monthly and final estimates. Brent, Matt and Wyatt will thoroughly review quantities and monthly estimate documents prior to the submittal deadline to ensure timely and error free estimates. RS&H has developed a project-specific Quality Assurance and Final Estimate certification program to verify our compliance with policies and procedures on every project we do. This program will allow us to exceed the expectations of the County. Our team utilizes the most up to date County Specifications, FDOT QA/QC guide lists, CPAM, FDOT Specifications, and FDOT Standard Plans to develop a complete list of actions needed for our teams to perform at the highest level.

Advanced Metering Infrastructure (AMI) Water and Reclaimed Water Meter Replacement, Pinellas County, FL

This project consist of installing new digital meters, known as Advanced Metering Infrastructure, across Pinellas County service area to provide for more precise and up-to-date water readings, which will give every customer the tools they need to save money and water by controlling their water usage and identifying leaks earlier. Upgrades for both commercial and residential drinking and reclaimed water meters.

Pinellas County has made drastic investments into improving their aging infrastructure. This project was a key improvement to the County's commitment to efficiently use tax payers dollars to improve infrastructure shortfalls. RS&H has partnered with the County in delivering on these commitments and has been a catalyst in driving the work program.

Danville Community Park, Pinellas County, FL

The project is located in the Greater Ridgecrest Area and is approximately 12 acres in size. The objective is to create a new park around the Danville retention pond (Mill Pond). The park will include a multi-use path, sidewalk, benches, picnic shelter, restrooms, parking lot, and open green space.

Pinellas County has always strives to provide safe recreational space for their surrounding communities. The Danville Community Park project was an opportunity for the County to utilize undeveloped County owned right-of-way and provide an improved recreational space for local residents and tourists.

CR 655 (Rifle Range) Street Lighting from 12th St. East to Dolly Ben Court, Polk County, FL

The project includes the construction of 66 new standard light poles, 40' mounting height, with three of them having a special foundation and one (1) utility conflict light pole, 30' mounting height, with standard foundation. The proposed light poles will be serviced by two new lighting load centers. Load center A is located at Sta. 129+41.40, 47.7 LT, just North of 15th Street W. and load center B is located at Sta. 187+24.9, 46.5' LT, approximately 670' North of 1st Street E. Additionally, three existing luminaires mounted to TECO power poles are proposed to be replaced with TECO-approved fixtures to supplement intersection lighting. The project stretches approximately 2.2 miles from 12th St East to Dolly Ben Ct on the West side of CR 655 (Rifle Range). Existing utilities will be relocated and/or modified as needed. This project will meet FDOT Standards.

Wabash Avenue Multi-Use Trail, Polk County, FL

This project included the construction of a 10-foot wide multi-use path on the east side of Wabash Avenue from Ariana Street to Jesse Keen Elementary School (Approximately half a mile), and construction of a 5-foot sidewalk from Jesse Keen Elementary School to Hickory Street (approximately 0.25 mile). The project also included the construction of a pedestrian crossover island at Jesse Keen Elementary School and widening of the roadway to three lanes between Highland Street and Wayman Street to provide a left turn lane into the Jesse Keen Elementary School parking lot. Drainage structures, concrete flumes and/or pipes were installed to maintain existing drainage. Modifications to existing end treatments will be performed, as needed, to accommodate maintenance of existing drainage to ensure no adverse impacts occur. Where needed, retaining wall and handrail were installed. Existing utilities were relocated or adjusted as needed.

Brent Wilkins, PE, DBIA

SENIOR PROJECT ENGINEER

Brent is an accomplished professional engineer with more than 15 years of experience in the construction management industry. Brent has built a career defined by his exceptional leadership and technical expertise, particularly in managing complex infrastructure projects from start to finish. Brent leads multiple project teams, applying his extensive experience in project planning, cost control, and quality assurance. He manages high-profile projects, including roadway, bridge, rehabilitation, drainage, concrete, and asphalt paving. His ability to balance technical knowledge with project management skills ensures the seamless execution of projects, meeting strict adherence to plans and specifications. Brent's forward-thinking approach prioritizes budget management, time tracking, and the efficient handling of administrative processes, all while maintaining high standards of quality.

I-4/SR 400 from East of McIntosh Road to East of County Line Road, FDOT District Seven, FL - Senior Project Engineer. The improvements under this contract consist of construction of milling and resurfacing I-4/SR 400 from East of McIntosh Road to East of County Line Road. This includes existing mainline travel lanes, ramps, collector distributor (CD) and frontage roads throughout the project limits. Traffic monitoring sites, upgrading/replacing guardrail, installing new signing and roadway pavement marking along with minor sidewalk improvements adjacent to frontage roads and drainage work are also included. Construction Cost: $37M

N Sunlake Boulevard Phase 1, Segments 1, 2, and 3 projects, Pasco County, FL - Senior Project Engineer. The project was in a corridor east of the Suncoast Parkway, west of US 41, and south of SR 52. The project consisted of construction of approximately 4.3 miles of N. Sunlake Boulevard, including nine bridges that span environmentally sensitive areas, as well as a roundabout just south of the connection with SR 52. Components of construction included roadway elements such as mass grading, clearing and grubbing, erosion and sedimentation control, drainage, embankment, excavation, stabilization, base, asphalt paving, signing and pavement marking. Bridge construction included over 2,200 LF of bridges constructed using concrete pile foundations with bent caps, Florida I-Beams, and concrete deck surface. Other construction components included traffic monitoring sites, lighting, landscaping, and utilities. Construction Cost: $70M

2023 CEI Continuing Services (Inspection) Bartow Operations Center Contract, FDOT District One, FL - Consultant Engineer. This five-year contract involves providing CEI inspection staff support for District One on a wide range of construction projects in multiple counties for the Bartow Operations Center and Heartland Operations Center. Brent is responsible for scheduling inspection staff based on availability and project needs. Construction Cost: Varies

Matt Tocknell

PROJECT ADMINISTRATOR

Matt brings 28 years of expertise in inspecting roadway and bridge construction projects. He has contributed to preparing monthly progress and final estimate submissions, led field crews, and supported Project Administrators and Contract Support Specialists in all aspects of Project Management and Contract Administration. Matt's hands-on experience encompasses various inspections such as drill shafts, auger cast piles, steel and H-pile bridge piles, asphalt, and concrete, as well as stormwater pipe installations. Additionally, he is proficient in FDOT programs like MAC, PrC, and EDMS.

2023 CEI Continuing Services (Inspection) Bartow Operations Center Contract, FDOT District One, FL - Project Administrator. The five-year contract involves providing CEI inspection staff support for District One on a wide range of construction projects in multiple counties for the Bartow Operations Center and Heartland Operations Center. Construction Cost: Varies

- TWO 04 SR 17 at Hillcrest Avenue Drainage Improvements in Polk County. Construction Cost: $2.1M
- TWO 02 SR 600 (US 17) from Buff Avenue to South Blvd in Polk County. Construction Cost: $3.9

2020 CEI Continuing Services (Inspection) Bartow Operations Center Contract, FDOT District One, FL - Project Administrator. The five-year contract involves providing CEI inspection staff support for District One on a wide range of construction projects in multiple counties for the Bartow Operations Center and Heartland Operations Center. Construction Cost: Varies

I-4 CSX Bridge Project, FDOT District One, FL - Senior Inspector. This contract entailed significant enhancements, including the construction of two new CSX Railroad bridges spanning I-4. Roadway improvements encompassed milling and resurfacing, installation of pavement markings, guardrails, and miscellaneous drainage adjustments along the stretch between Bella Vista Street and Kathleen in Polk County. Matt was responsible for the daily inspection of Contractor operations for the I-4 at CSX bridge project. He oversaw pile driving, conducting sampling and testing, and delivering reports to the MAC. Additionally, Matt was accountable for maintaining detailed daily records of Contractor activities. Construction Cost: $26.1M

SR 37 (S Florida) Project, FDOT District One, FL - Senior Inspector. The enhancements covered by this contract involved milling and resurfacing, installation of curb and gutter, traffic separators, sidewalks, signage, pavement markings, and signalization along SR 37, spanning 1.253 miles from Ariana Street to Lime Street in Polk County, Florida. Matt served as a mobile inspector, tasked with monitoring traffic management operations, concrete flatwork, milling and resurfacing activities, as well as overseeing sign installations. Construction Cost: $943K

Kimberly Parmer

RESIDENT COMPLIANCE SPECIALIST

Kimberly has more than seven years of experience providing compliance and administrative support on Florida Department of Transportation (FDOT) highway and bridge projects. She is experienced in all compliance requirements: On-the-Job Training, Commercially Useful Function, Disadvantaged Business Enterprise monitoring, labor interviews, bulletin board requirements, payrolls, and all other certifications as required for a project to be within Federal and State Equal Employment Opportunity Office guidelines. She has experience in scanning and attributing documents into Electronic Document Management Systems and Project Solve and is proficient at taking and distributing progress meeting

State Road (SR) 62 from East of SR 37 to Hardee County Line, FDOT District One, FL - Resident Compliance Specialist. Kimberly's responsibilities include all compliance oversight including overseeing EEO and Affirmative Action (AA), DBE Utilizations, and scans documents into the FDOT's electronic filing system Project Solve/EDMS. She also monitors DBE participation. She utilizes FDOT's EOC System. Construction Cost: $2.1M

State Road 70 from East of Lakewood Ranch Blvd to West of Lorraine Road, FDOT District One, FL - Resident Compliance Specialist. Kimberly's responsibilities include all compliance oversight including overseeing EEO and Affirmative Action (AA), DBE Utilizations, and scans documents into the FDOT's electronic filing system Project Solve/EDMS.She also monitors DBE participation. She utilizes FDOT's EOC System. Construction Cost: $4.3M

State Road 64 at Lorraine Road, FDOT District One, FL - Resident Compliance Specialist. Kimberly's responsibilities include all compliance oversight including overseeing EEO and Affirmative Action (AA), DBE Utilizations, and scans documents into the FDOT's electronic filing system Project Solve/EDMS. She also monitors DBE participation and utilizes FDOT's EOC System. Construction Cost: $6.2M

State Road 64 from 9th Street to Braden River, FDOT District One, FL - Resident Compliance Specialist. Kimberly's responsibilities include all compliance oversight including overseeing EEO and Affirmative Action (AA), DBE Utilizations, and scans documents into the FDOT's electronic filing system Project Solve/EDMS. She also monitors DBE participation and utilizes FDOT's EOC System. Construction Cost: $6.9M

State Road 45 from 6th Ave to Manatee Ave W, FDOT District One, FL - Resident Compliance Specialist. Kimberly's responsibilities include all compliance oversight including overseeing EEO and Affirmative Action (AA), DBE Utilizations, electronic certified payroll, and scans documents into the FDOT's electronic filing system Project Solve/EDMS. She also monitors DBE participation and the CUFs. She utilizes FDOT's EOC System, monitors the bulletin board on the job site and conducts EEO labor interviews monthly. Construction Cost: $1.2M

State Road 45 Caribbean Drive to State Road 72, FDOT District One, FL - Resident Compliance Specialist. Kimberly's responsibilities included all compliance oversight including overseeing EEO and Affirmative Action (AA), DBE Utilizations, OJT, electronic certified payroll, and scanned documents into the FDOT's electronic filing system Project Solve/EDMS. Ms. Parmer also monitored DBE participation and the CUFs. She utilized FDOT's EOC System, monitored the bulletin board on the job site and conducted EEO labor interviews monthly. Construction Cost: $9.9M

2023 CEI Continuing Services (Inspection) Bartow Operations Center Contract, FDOT District One, FL - Senior Inspector. The five-year contract involves providing CEI inspection staff support for District One on a wide range of construction projects in multiple counties for the Bartow Operations Center and Heartland Operations Center. Construction Cost: Varies

- Senior Inspector on TWO 11 for the Lee Jackson Highway Sidewalk from Stuart Avenue to Baker Avenue Sidewalk project in Polk County. Construction Cost: $1.3M
- Senior Inspector on TWO 06 for the SR 559 at SR 400 (I-4) Ramp Signalization, Interchange Improvement project in Polk County. Construction Cost: $4.5M

Group 219 Daryl Carter project, FDOT District Five, FL - Inspector. This interim project will add three new ramps connecting Interstate 4 (I-4) to Daryl Carter Parkway: exit ramps from both directions of I-4 to Daryl Carter Parkway and an entrance ramp to eastbound I-4. It will also convert the existing Daryl Carter Parkway overpass to a diverging diamond interchange. Right-of-way acquisition is underway. A westbound I-4 entrance ramp will be built as part of a future project. This project will include construction of a single, buffer-separated, managed lane from west of Daryl Carter Parkway to west of Central Florida Parkway. This managed lane will be constructed in three separate projects with the finished lane extending from west of Sand Lake Road to west of State Road 536. Construction Cost: $86M

Pre-Event Disaster Monitoring, FDOT District Seven, FL - Senior Inspector. This project included cleanup and CEI inspections for Hurricane Milton. Construction Cost: $91K

2020 CEI Continuing Services (Inspection) Bartow Operations Center Contract, FDOT District One, FL - Inspector. Bryan has worked as an Asphalt Plant Inspector for more than 7 years on several projects within FDOT Districts 1, 5, 7 and Several Airports. His hands-on inspection experience includes Earthwork, Concrete Testing, Asphalt Plant, and Asphalt Roadway Inspection. He also provides Vibration Monitoring, and various other tasks. He has a good understanding of the requirements established in the field standards for final estimates and the Construction Project Administration Manual (CPAM) and is very familiar with FDOT Standard Specifications, as well as the MAC system.

Neptune Road Reconstruction Project, Osceola County, FL - Asphalt Plant Inspector. This project involves the reconstruction of Neptune Road from two-lanes to a divided 4-lane roadway between Partin Settlement Road to U.S. 192, a distance of approximately 3.98 miles. Bryan serves as an asphalt plant inspector on this project. Construction Cost: $107M

SR 600 (US 92) Resurfacing From West of Jersey Rd to West of SR 555 (US-17), FDOT District Seven, FL - Inspector. This project involves the resurfacing of US 92 from west of Jersey Road to west of US 17. The scope of work includes milling and resurfacing the existing pavement and outside shoulders along US 92, constructing inside paved shoulders along the median in both directions, widening the existing right-turn lanes to provide keyhole bicycle lanes, replacing the existing median curb, and making minor drainage improvements. Bryan is responsible for overseeing the earthwork and asphalt paving inspections on this project. Construction Cost: $7.4M

Polk Road Milling and Resurfacing, FDOT District One, FL - Inspector. Bryan's role involved overseeing Construction Engineering Inspection (CEI) services for this project covering 4.0 miles of Polk Road. The project included tasks such as pavement milling, resurfacing, turnout construction, shoulder rework, guardrail installation, signing, and pavement markings. Construction Cost: $3.3M

State Road (SR) 25/US 27 from North of Cloverleaf Road to South of SR 66/SR 700/US 98, Highlands County Resurface/Median Modifications, FDOT District One, FL - Inspector. Bryan served as an Inspector on the $10 million US 27 Resurface and Median Modification Project. Project improvements included milling and resurfacing the roadway; the modification of median openings, including the addition of left turn lanes and conversion to directional openings at some locations; guardrail replacement and drainage improvements. Bryan provided asphalt paving inspections and drainage improvement inspections on this 5.9-mile project. Construction Cost: $10M

Key Staff Availability and Locations

The RS&H Team proposed for the CEI Professional Services contract will be available to start the project on day one. The current workload for this team consists of the I-4 project for FDOT (Brent Wilkins, PE, Dewey Norris and Wyatt Dube) and the Bartow Operations Continuing Services contract (Brent Wilkins, Wyatt Dube, Matt Tocknell, Dewey Norris, Jason Kettering, Zach Rodriguez, Tyler Serman, and Scott Romanov). The I-4 Project will be completed in the end of 2025. Brent Wilkins will be 40% available for this contract when the projects start. The Bartow Operations projects are task work order driven, making the rest of the team 100% available to start the assigned projects.

The proposed inspection staff are currently working on tasks for Bartow Operations that are all scheduled to be completed by November 2025, while Matt Tocknell will complete his current tasks no later than summer 2025, making each of them 100% available for this contract.

The entire RS&H project team are local Polk County residents. Our Project Administrator, Matt, lives in Winter Haven and Brent, Wyatt and Dewey live in Lakeland and can all respond to any project within 30 minutes. The team close proximity to the area gives us rapid responsiveness to project related issues and PIO concerns. Matt and Dewey currently work out of the FDOT Bartow Operations Construction office.

Subconsultants

Ardaman & Associates, Inc.

Location: 1525 Centennial Blvd., Bartow, FL 33830

Ardaman is one of Florida's largest geotechnical, materials testing, environmental, and geoscience consulting firms, founded in 1959. Ardaman employs over 400 professional engineers, scientists, technicians, drilling personnel, technical assistants, and support staff. Over their history, they have worked on more than 200,000 projects throughout the state, the US, and worldwide. This vast list of project experience includes services for virtually every type of public and private client associated with development and construction.

AECOM Technical Services, Inc.

Location: 7650 W Courtney Campbell Cswy, Tampa, FL 33607

AECOM is the world's trusted infrastructure consulting firm, delivering professional services throughout the project lifecycle—from advisory, planning, design, and engineering to program and construction management. Their expertise spans across various sectors including transportation, buildings, water, new energy, and the environment. Their clients in both the public and private sectors rely on them to solve their most complex challenges.

DRMP, Inc.

Location: 1125 Bartow Road, Suite 100, Lakeland, FL 33801

DRMP was founded in 1977 in Orlando Florida by a group of engineers and surveyors that joined together to offer their clients a full-service firm with a collaborative approach to produce superior infrastructure. Our focus has been on providing services for State DOT's, the Federal Government, Local Municipalities and Private Developers. We have been providing Construction Engineering and Inspection (CEI) services on highway and bridge projects to clients throughout the southeast since 1999.

Florida Transportation Engineering | MBE/DBE

Location: 12550 Telecom Dr. Temple Terrace, FL 33637

FTE founded in 1989 provides Engineering, Planning, Surveying, and Landscape Architecture services. FTE specializes in control surveying, right-of-way design surveys, and construction surveys. We utilize advanced equipment, including robotic total stations, GPS RTK rovers, and the Leica Pegasus II Ultimate Terrestrial Mobile LiDAR system for high-precision topographic mapping and asset extraction. Our team offers a wide range of surveying services, delivering topographic maps, 3D point clouds, and horizontal and vertical control networks for various engineering applications.

Patel, Greene and Associates, Inc. | MBE/DBE

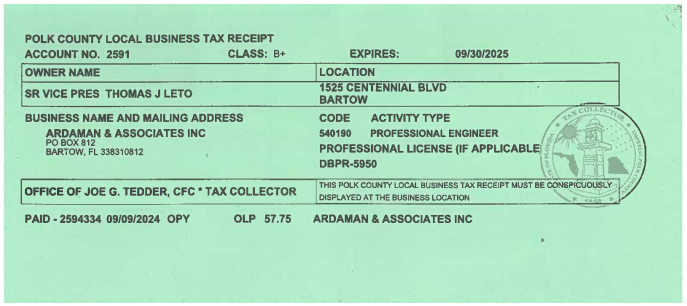
Location: 215 E Main Street, Bartow, FL, 33830

PGA is a leading transportation design and planning firm founded in 2011. PGA provides transportation engineering solutions for the FDOT, municipalities, and other agencies throughout Florida. PGA's Construction Services Group offers construction engineering inspection, as well as construction management, erosion and sediment control inspection (NPDES), plans and shop drawings review, and more.

Quest Corporation of America, Inc. | DBE

Location: 17220 Camelot Court, Land O' Lakes, FL 34638

Quest provides full-service communications and public outreach services. Quest has qualified RCS serving statewide with more than 40 years of combined experience. Their veteran team of compliance professionals support the FDOT and Local Agencies with oversight of EEO, OJT, DBE, and wage requirements on federally funded road and bridge construction projects. Their Resident Compliance Specialists live locally to Polk County and can assist with onsite jobsite bulletin board inspections, OJT requirements, and employee labor interviews.



Roberts Consulting Services, Inc. | DBE

Location: 2003 Havendale Blvd NW, Winter Haven, FL 33881

RCS is headquartered in Polk County, Florida, is a leading provider of high-quality engineering services, strategically positioned to serve projects throughout Polk County and Central Florida. This allows them to efficiently deploy teams and resources, ensuring timely and effective service delivery across the region. As a key partner for Polk County, they have worked on numerous county projects throughout the area, contributing to the region's infrastructure development and success.

Tab 5 - Is the Firm a "Certified Woman or Minority Owned Business?

Although RS&H is not a certified W/MBE, our collaboration with **Florida Transportation Services, Inc.**, **Roberts Consulting Services, Inc.** and **Quest Corporation of America, Inc.** on this project serve to continue the success of W/MBE programs. Our professional relationships are a result of their past excellence on previous jobs reflecting our focus on quality throughout our team. RS&H commits to meeting W/MBE participation goals on this project. We are proud of our repeated A Rating for DBE utilization with the FDOT and continue to devote efforts to maintain that status.

Tab 6 - Interaction with County for Claims Minimization

RS&H proposes to utilize both proactive and reactive approaches to claims avoidance and dispute resolution through extensive experience in construction and management of construction contracts. This approach will be implemented through review of the Contractor's schedule, coordination with utility companies, on-site inspection, submittal schedules and request for information logs. The vehicle for this type of coordination will be the Weekly Progress Meeting in which the Contractor will provide either a written or oral presentation of the proposed activities for the two upcoming weeks. RS&H will analyze this information and compare the actual progress versus the progress proposed by the Contractor, the need for any permits, notices, and most importantly whether the proposed activities by the Contractor will support its own production schedule and milestone. If a potential for claims is detected, the RS&H Team will inform the Contractor, without dictating to the Contractor how to proceed and recommend an alternate course of action.

As mentioned previously, the Contractor's CPM schedule is the most valuable tool for minimizing risk for claims. As area liaisons for RS&H's project controls group, Brent and Matt are well versed in the analysis and determination of potential schedule gaps that often result in claims. They both have extensive experience creating and modifying CPM schedules during their time working as PMs on large construction projects. This experience as Contractors gives them the knowledge of means and methods to determine adequate construction timetables for each item of work. The team will identify potential red flags using Oracle Primavera P6 Professional and Deltek Acumen Fuse. They will require correction prior to baseline and monthly schedule update approvals.

The RS&H Team will keep meticulous logs of submittals, shop drawings, RFIs, and RFMs with detailed dates of submission to all parties. These logs aid in the prevention of review delays that often result in delay claims submitted by the Contractor. These logs are updated in real time and are discussed at every weekly progress meeting. Ball in court action is discussed, and appropriate time frames are reviewed, so all parties are aware of action items.

Under the reactive approach to dispute resolution, RS&H will review any claim presented by the Contractor, make an independent assessment of the series of events leading to it, make an evaluation, and deliver an ultimate recommendation to the County as to the entitlement to a claim. If upon consideration of the documentation prepared by the Contractor it is determined the entitlement to additional compensation and/or extension of contract time is appropriate, RS&H will prepare an independent evaluation of the claim and negotiate with the Contractor to present a complete recommendation to the County as to the deposition of the Contractor's claim.

RS&H strives to reduce and eliminate the likelihood of disputes and claims. Despite stringent efforts, claims will occasionally occur. In the event issues cannot be settled at the project level, RS&H and the project controls group has the experience necessary to successfully defend claims, demonstrated by our successful defense of the Jacksonville Transportation Authority (JTA) on a $10M claim initiated by the Contractor. In instances where the Contractor submits a claim, the RS&H Team will review and analyze the claim, taking into account all contract documents and available documentation.

We will provide an analysis and recommended options, weighing the impacts of each option on the overall project. We are proactive, seeking out potential issues before they become major, and utilize strong communication skills to work through them with the Contractor, EOR, and the County.

Tab 7 - Staff Availability for Work Assignments

RS&H takes pride in being a vital part of the project team in helping the project continually move forward and being completed on time, on budget, and with an emphasis on quality and safety. We constantly work with the Contractor, owner, and other project stakeholders to detect challenges and resolve them before they cause delay to the project.

The RS&H Team proposed for the CEI Professional Services contract will be available to start the project on day one. The current workload for this team consists of the I-4 project for FDOT (Brent Wilkins, PE, Dewey Norris and Wyatt Dube) and the Bartow Operations Continuing Services contract (Brent Wilkins, Wyatt Dube, Matt Tocknell, Dewey Norris, Jason Kettering, Zach Rodriguez, Tyler Serman, and Scott Romanov). The I-4 Project will be completed in the end of 2025. Brent Wilkins will be 40% available for this contract when the projects start. The Bartow Operations projects are task work order driven, making the rest of the team 100% available to start the assigned projects. The proposed inspection staff are currently working on tasks for Bartow Operations that are all scheduled to be completed by November 2025, while Matt Tocknell will complete his current tasks no later than summer 2025, making each of them 100% available for this contract.

RS&H's current workload in Polk County consists of the Continuing Services CEI TWO contract with FDOT Bartow Operations. This contract includes providing CEI inspection services on a wide range of projects, including widening, resurfacing, signalization, ITS, intersection improvements, and safety projects. Our future workload in Polk County will be associated with new TWOs on the Bartow Operations contract.

RS&H has nine associates that call Polk County home and more than 40 associates in surrounding counties. We have been performing CEI services in Florida for over 40 years and have the ability to deliver each aspect of the scope of services. RS&H places an emphasis on cross training our associates, so each has the ability to step in for one another at any time. This is a commitment that has been made to ensure we always have associates available to fill in gaps that may arise on projects.

A successful project is not only an understanding of the scope, plans, and specifications but also having the experience, knowledge, and skills to ensure you can implement these to guarantee a winning project.

The RS&H Team will work closely with their inspection staff through all phases of the construction processes. All our team members have experience on roadway projects in Central Florida. Our Senior Inspectors were specifically chosen for this project based on their years of various roadway experience in order to deliver this project and exceed your expectation.

3.	Pre-approved Equipment (includes purchase and rental of equipment used in project)	Actual Costs

MASTER CONSULTING AGREEMENT

THIS AGREEMENT is entered into as of the Effective Date (defined in Section 1.1 below) by and between Polk County (the "County"), a political subdivision of the State of Florida, situated at 330 W. Church Street, Bartow, Florida 33830, and AECOM Technical Services, Inc. (the "Consultant") a California corporation, located at 300 South Grand Avenue, 9th Floor, Los Angeles, CA 90071 , and whose Federal Employer Identification Number is: 95-2661922.

WHEREAS, the County performs construction, operation, and maintenance services on county roadways; and,

WHEREAS, the County requires certain professional services in connection with the construction engineering and inspection services to assist bring certain projects to completion; and

WHEREAS, the County has solicited for these services via RFP 25-308, an advertised request for proposals (the "RFP"), and has received numerous responsive proposals thereto; and

WHEREAS, pursuant to the RFP, the County has selected the Consultant and the Consultant remains agreeable to providing the County the professional services described herein, and the Consultant represents that it is capable and prepared to do so according to the terms and conditions stated herein;

NOW, THEREFORE, in consideration of the mutual understandings and covenants set forth herein, the parties hereby agree, as follows:

1.0 **Term**

1.1 This Agreement shall take effect on the date of its execution by the County (the "Effective Date").

1.2 The term of this Agreement shall be for a five (5) year time period, commencing upon the Effective Date and remaining in full force and effect thereafter, unless otherwise sooner terminated as provided herein.

2.0 **Services to Be Performed by Consultant**

2.1 Consultant shall perform the services as generally described in (i) the County's Request for Proposals RFP 25-308, to include all attachments and addenda, and (ii) the Consultant's responsive proposal thereto (collectively, (i) and (ii) are "RFP 25-308") all of which are incorporated into this Agreement by this reference, attached hereto as a composite Exhibit "A" and made a part of this

Agreement, and as may be further specifically designated and authorized by the County, in writing (collectively, the "Services"). Such authorization will be referred to as a Consultant Services Authorization ("CSA") or a Contract Purchase Order ("CPO") and all provisions of this Agreement apply to the CSA/CPO with full force and effect as if appearing in full within each CSA/CPO. Each CSA/CPO will set forth a specific Scope of Services, maximum limit of compensation, schedule, liquidated damages and completion date, and shall become effective upon the due execution.

2.2 The Consultant is not authorized to undertake any project without a duly executed CSA/CPO, which shall specify the work to be performed and the time to be completed. Consultant recognizes that the County may employ several different Consultants to perform the work described and that the Consultant has not been employed as the exclusive agent to perform any such services.

2.3 When the Consultant and the County enter into a CSA/CPO where the term of the CSA/CPO expires on a date that is later than the date that the Master Consulting Agreement (MCA) expires, the Consultant and the County agree that the terms of the MCA and any amendments, attachments or provisions thereof are automatically extended until the expiration (including any extension or amendment thereto) or full completion of the requirements of the CSA/CPO have been performed. Cancellation by the County of any remaining work prior to the full completion of the requirements of the CSA/CPO shall cause the terms of the MCA to terminate at the same time. This provision only applies when the expiration of the CSA/CPO extends beyond the expiration of the MCA. It does not apply when a CSA/CPO expires or is cancelled prior to the expiration of the MCA.

3.0 **Compensation**

3.1 General

3.1.1 County shall pay Consultant in accordance with Exhibit "B", "Fee Schedule", which is attached hereto and incorporated by reference as part of this Agreement. The fee schedule identifies all job classifications, which will perform billable services pursuant to this Agreement and the fee for each job classification. Performance of work by personnel in job classifications not listed on the fee schedule will result in nonpayment for such services.

3.1.2 Upon the mutual agreement of the parties, the Fee Schedule, as set out in Exhibit "B" may be adjusted by a written Amendment to the Master Consulting Agreement annually

beginning one year from the Effective Date of this Agreement. Such amendment must be executed by both parties and shall operate prospectively only and shall not alter fee schedules for CSA's/CPO's in effect at the time of the amendment.

3.1.3 Compensation may be negotiated as a not to exceed price or a lump sum amount on a per-project basis, on each individual CSA/CPO.

3.1.4 In the event a not to exceed price is negotiated, compensation shall be billed and paid based on and in accordance with the Hourly Rate Schedule attached hereto and incorporated herein as Exhibit "B". The Hourly Rate Schedule identifies all job classifications which will perform billable services pursuant to this Agreement and the fee for each job classification. Performance of work by personnel in job classifications not listed on the fee schedule will result in nonpayment for such services.

3.1.5 Invoices must reference the applicable CSA/CPO number, using an invoice form approved by the County Auditor.

3.1.6 Each individual invoice shall be due and payable forty-five (45) days after receipt by the County of correct, fully documented, invoice, in form and substance satisfactory to the County with all appropriate cost substantiations attached. All invoices shall be delivered, as applicable based on the particular project:

Polk County Roads and Drainage Division
P.O. Box 9005, Bartow, FL 33830
Attention: Director

3.1.7 In order for both parties herein to close their books and records, the Consultant will clearly state "Final Invoice" on the Consultant's final/last billing to the County. This certifies that all services have been properly performed and all charges and costs have been invoiced to the County. Since this account will thereupon be closed, any and other further charges if not properly included on this final invoice are waived by the Consultant.

3.1.8 Payment of the final invoice shall not constitute evidence of the County's acceptance of the work

3.1.9 Invoices shall be accompanied by time and task records for all billable hours appearing on the invoice. Additional documents may be requested by County and, if so requested, shall

be furnished by Consultant to County Auditor's satisfaction.

3.1.10 By submission of an invoice, the project manager or designated payroll officer is deemed to be attesting to the correctness and accuracy of time charges and requested reimbursements.

3.1.11 Pursuant to Section 3.1.4, if a not to exceed fee is negotiated, invoices shall be accompanied by time and task records for all billable hours appearing on the invoice. Alternatively, if a lump sum amount is negotiated, invoices shall be made upon the completion of each phase of the work in proportion to the Services performed, as specifically set forth in the applicable CSA or CPO. Additional documentation may be requested by the County and, if so requested, shall be furnished by the Consultant to the County Auditor's satisfaction.

3.2 Reimbursable

3.2.1 All requests for payment of out-of-pocket expenses eligible for reimbursement per the negotiated CPO or CSA shall be reimbursed in accordance with the County's Reimbursable Schedule, Exhibit "C", and include copies of paid receipts, invoices or other documentation acceptable to the County's Auditor. Such documentation shall be sufficient to establish that the expense was actually incurred and necessary in the performance of the Scope of Work described in this Agreement, CSA, or CPO.

3.2.2 Mileage and associated travel costs shall be reimbursed in accordance with F.S. 112.061 and County policy for pre-approved out-of-county travel (excluding travel from home offices located outside of Polk County to the Polk County line).

3.2.3 All assets, i.e. durable goods, purchased as reimbursable expenses become the property of the County upon completion of the work for which the asset was utilized. All such assets must be surrendered by delivery to the Polk County Roads and Drainage Division offices upon demand, termination of the Agreement, or the conclusion of the project, whichever occurs first.

3.2.4 Consultant shall maintain a current inventory of all such assets.

4.0 **Insurance**

4.1 General Provisions

4.1.1 Consultant shall maintain, at all times, the following minimum levels of insurance and shall, without in any way altering their liability, obtain, pay for and maintain insurance for

the coverages and amounts of coverage not less than those set forth below and provide the County with a Certificate of Insurance and an opportunity to inspect a certified copy of each policy applicable to this Agreement followed thereafter by an annual Certificate of Insurance satisfactory to the County to evidence such coverage before any work commences.

4.1.2 The County shall be named as an additional insured on all Consultant policies related to the project, excluding professional liability and worker's compensation. The Commercial General Liability and Worker's Compensation Liability policies shall contain a waiver of subrogation in favor of Polk County. All insurance coverage shall be written with an insurer having an A.M. Best Rating of a least the "A" category and size category of VIII.

4.1.3 The Consultant's self-insured retention or deductible per line of coverage shall not exceed $25,000.00 without the permission of the County.

4.1.4 If there is any failure by the Consultant to comply with the provisions of this section, the County may, at its option, on notice to the Consultant, suspend the work for cause until there is full compliance.

4.1.5 County may, at its sole discretion, purchase such insurance at Consultant's expense provided that the County shall have no obligation to do so and if the County shall do so, it shall not relieve Consultant of its obligation to obtain insurance.

4.1.6 The Consultant shall not be relieved of or excused from the obligation to obtain and maintain such insurance amount and coverages.

4.1.7 All Consultants' subconsultants shall be required to include County and Consultant as additional insured on their General Liability Insurance policies.

4.1.8 In the event that subconsultants used by the Consultant do not have insurance, or do not meet the insurance limits, Consultant shall indemnify and hold harmless the County for any claim in excess of the subconsultants' insurance coverage.

4.1.9 The Consultant shall not commence work under this Agreement until all insurance required as stated herein has been obtained and such insurance has been approved by the County.

4.2 Comprehensive Automobile Liability Insurance. $1,000,000.00 combined single limit of liability for bodily injuries, death and property damage resulting from any one occurrence,

including all owned, hired, and non-owned vehicles.

4.3 Commercial General Liability. $1,000,000.00 combined single limit of liability for bodily injuries, death and property damage, and personal injury resulting from any one occurrence, including the following coverages:

4.3.1 Premises and Operations:

Broad Form Commercial General Liability Endorsement to include Blanket Contractual liability (specifically covering, but not limited to, the contractual obligations assumed by the Firm); Personal Injury (with employment and contractual exclusions deleted); and Broad Form Property Damage coverage.

4.3.2 Independent Contractors:

Delete Exclusion relative to collapse, explosion and underground; Property Damage Hazards; Cross Liability Endorsement; and Contractual liability (specifically covering, but not limited to, the contractual obligations assumed by the Firm)

4.4 Umbrella (Excess) Liability Insurance. Umbrella Liability with limits of not less than $1,000,000.00, exclusive of defense costs, to be in excess of all other coverages. Such coverage shall be at least as broad as the primary coverages above, with any excess umbrella layers written on a strict following form basis over the primary coverage. All such policies shall be endorsed to provide defense coverage obligations.

4.5 Professional Liability Insurance. $2,000,000.00 for design errors and omissions, inclusive of defense costs. Consultant shall be required to provide continuing Professional Liability Insurance to cover each project for a period of two (2) years after the project is completed. Insurance requirements may vary depending on projects as determined by the County Director of Risk Management and Insurance. The County may require the Consultant to provide a higher level of coverage for a specific project and time frame.

4.6 Performance, Payment and Other Bonds. Consultant shall furnish Performance and Payment Bonds specific to each project if required and agreed to under the CSA or CPO for the project.

4.7 Worker's Compensation. The Consultant shall provide, pay for, and maintain worker's compensation insurance on all employees, its agents or subcontractors as required by Florida Statutes.

5.0 **Standard of Care**

5.1 Consultant has represented to the County that it has the personnel and experience necessary to perform the work in a professional and workmanlike manner.

5.2 Consultant shall exercise the same degree of care, skill, and diligence in the performance of the Services as is provided by a professional of like experience, knowledge and resources, under similar circumstances.

5.3 Consultant shall, at no additional cost to County, re-perform services which fail to satisfy the foregoing standard of care or otherwise fail to meet the requirement of this Agreement.

5.4 The Consultant warrants that all services shall be performed by skilled and competent personnel to the professional standards in the field.

6.0 **Indemnification**

6.1 General. Having considered the risks and potential liabilities that may exist during the performance of the Services and in consideration of the promises included herein, County and Consultant agree to allocate such liabilities in accordance with this Section.

6.2 Indemnification.

6.2.1 Consultant, to the extent permitted by law, shall indemnify, defend (by counsel reasonably acceptable to County) protect and hold County, and its officers, employees and agents harmless from and against any and all, claims, actions, causes of action, liabilities, penalties, forfeitures, damages, losses and expenses (including, without limitation, attorney's fees costs and expenses incurred during negotiation, through litigation and all appeals therefrom) whatsoever including, but not limited, to those pertaining to the death of or injury to any person, or damage to any property, arising out of or resulting from (i) the failure of Consultant to comply with applicable laws, rules or regulations, (ii) the breach by Consultant of its obligations under this Agreement, (iii) any claim for trademark, patent or copyright infringement arising out of the scope of Consultant's performance or nonperformance of this Agreement, or (iv) the negligent acts, errors or omissions, or intentional or willful misconduct, of Consultant, its professional associates, its subcontractors, agents, and employees provided, however, that Consultant shall not be obligated to defend or indemnify the County with respect to any such claims or damages arising out of the County's sole negligence.

6.2.2 County review, comment and observation of the Consultant's work and performance of this Agreement shall in no manner constitute a waiver of the indemnification provisions of this Agreement.

6.2.3 Consultant agrees that it bears sole legal responsibility for its work and work product, and the work and work product of subconsultants and their employees, and/or for Consultant's performance of this Agreement and its work product(s).

6.3 Survival. Upon completion of all Services, obligations and duties provided for in this Agreement, or in the event of termination of this Agreement for any reason, the terms and conditions of this Agreement shall survive as if the Agreement were in full force and effect.

7.0 **Independent Contractor**

7.1 Consultant undertakes performance of the Services as an independent contractor and shall be wholly responsible for the methods of performance.

7.2 County shall have no right to supervise the methods used, but County shall have the right to observe such performance.

7.3 Consultant shall work closely with County in performing Services under this Agreement.

7.4 The Consultant shall not pledge the County's credit or make it a guarantor of payment or surety for any contract, debt, obligation, judgment, lien or any form of indebtedness and shall have no right to speak for or bind the County in any manner.

7.5 Consultant further warrants and represents that it has no obligation or indebtedness that would impair its ability to fulfill the terms of this Agreement.

8.0 **Authority to Practice**

8.1 The Consultant hereby represents and warrants that it has and will continue to maintain all licenses and approvals required to conduct its business, and that it will at all times conduct its business activities in a reputable manner.

9.0 **Public Records Law**

(a) The Consultant acknowledges the County's obligations under Article I, Section 24, of the Florida Constitution and under Chapter 119, Florida Statutes, to release public records to members of the public upon request and comply in the handling of the materials created under this

Agreement. The Consultant further acknowledges that the constitutional and statutory provisions control over the terms of this Agreement. In association with its performance pursuant to this Agreement, the Consultant shall not release or otherwise disclose the content of any documents or information that is specifically exempt from disclosure pursuant to all applicable laws.

(b) Without in any manner limiting the generality of the foregoing, to the extent applicable, the Contractor acknowledges its obligations to comply with Section 119.0701, Florida Statutes, with regard to public records, and shall:

(1) keep and maintain public records required by the County to perform the services required under this Agreement;

(2) upon request from the County's Custodian of Public Records or his/her designee, provide the County with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law;

(3) ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the term of this Agreement and following completion of this Agreement if the Consultant does not transfer the records to the County; and

(4) upon completion of this Agreement, transfer, at no cost, to the County all public records in possession of the Consultant or keep and maintain public records required by the County to perform the service. If the Consultant transfers all public records to the County upon completion of this Agreement, the Consultant shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Consultant keeps and maintains public records upon completion of this Agreement, the Consultant shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the County, upon request from the County's Custodian of Public Records, in a format that is compatible with the information technology systems of the County.

(c) **IF THE CONSULTANT HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, CONTACT THE COUNTY'S CUSTODIAN OF PUBLIC RECORDS AT:**

RECORDS MANAGEMENT LIAISON OFFICER
POLK COUNTY
330 WEST CHURCH ST.
BARTOW, FL 33830
TELEPHONE: (863) 534-7527
EMAIL: RMLO@POLK-COUNTY.NET

10.0 **Compliance with Laws**

10.1 In performance of the Services, Consultant shall comply with applicable regulatory requirements including federal, state, special district, and local laws, rules, regulations, orders, codes, criteria and standards, including those now in effect and hereafter adopted.

11.0 **Subcontracting**

11.1 The County reserves the right to accept the use of a subcontractor or to reject the selection of a particular subcontractor and to inspect all facilities of any subcontractor.

11.2 If a subcontractor fails to perform or make progress, as required by this Agreement, and it is necessary to replace the subcontractor to complete the work in a timely fashion, the Consultant shall promptly do so, subject to acceptance of the new subcontractor by the County. Failure of a Subcontactor to timely or properly perform its obligations shall not relieve Consultant of its obligations hereunder.

12.0 **Federal and State Taxes**

12.1 The County is exempt from Federal Tax and State Sales and Use Taxes. Upon request, the County will provide an exemption certificate to Consultant. The Consultant shall not be exempted from paying sales tax to its suppliers for materials to fulfill contractual obligations with the County, nor shall the Consultant be authorized to use the County's Tax Exemption Number in securing such materials.

13.0 **Public Entity Crimes**

13.1 The Contractor declares and warrants that neither the Contractor nor any of the Contractor's affiliates, as that term is defined in Section 287.133, Florida Statutes, are subject to the restrictions in Section 287.133, Florida Statutes, regarding the commission of a public entity crime. If during the term of this Agreement, the Contractor or any affiliate is convicted of a public entity crime or is otherwise prohibited from performing work for or transacting business with the County pursuant to Section 287.133, Florida Statutes, then the Contractor shall be in material default of this Agreement, and in such case, the County shall have the rights and remedies as provided herein.

14.0 **County's Responsibilities**

14.1 County shall be responsible for providing access to all County project sites, and providing information in the County's possession that may reasonably be required by Consultant, including; existing reports, studies, financial information, and other required data that are available in the files of the County.

15.0 **Termination of Agreement**

15.1 This Agreement may be terminated by the Consultant upon thirty (30) days prior written notice to the County in the event of substantial failure by the County to perform in accordance with the terms of the Agreement through no fault of the Consultant.

15.2 This Agreement may be terminated by the County with or without cause immediately upon written notice to the Consultant.

15.3 Unless the Consultant is in breach of this Agreement, the Consultant shall be paid for services rendered to the County's satisfaction through the date of termination.

15.4 After receipt of a Termination Notice, as described in this Article 15.0, and except as otherwise directed by the County, the Consultant shall:

15.4.1 Stop work on the date and to the extent specified.

15.4.2 Terminate and settle all orders and subcontracts relating to the performance of the terminated work.

15.4.3 Transfer all work in process, completed work, and other material related to the terminated work to the County.

15.4.4 Continue and complete all parts of the work that have not been terminated.

16.0 **Uncontrollable Forces (Force Majeure)**

16.1 Either party hereunder may be temporarily excused from performance if an Event of Force Majeure directly or indirectly causes its nonperformance. An "Event of Force Majeure" is defined as any event which results in the prevention or delay of performance by a party of its obligations under this Agreement and which is beyond the reasonable control of the nonperforming party. It includes, but is not limited to fire, flood, earthquakes, storms, lightning, epidemic, war, riot, civil disturbance, sabotage, and governmental actions. Neither party shall be excused from performance if non-performance is due to forces which are reasonably preventable, removable, or remediable and which the non-performing party could have, with the exercise of reasonable diligence, prevented, removed, or remedied prior to, during, or immediately after their occurrence. Within five (5) days after the occurrence of an Event of Force Majeure, the non-performing party shall deliver written notice to the other party describing the event in reasonably sufficient detail, along with proof of how the event has precluded the non-performing party from performing its obligations hereunder, and a good faith estimate as to the anticipated duration of the

delay and the means and methods for correcting the delay. The non-performing party's obligations, so far as those obligations are affected by the Event of Force Majeure, shall be temporarily suspended during, but no longer than, the continuance of the Event of Force Majeure and for a reasonable time thereafter as may be required for the non-performing party to return to normal business operations. If excused from performing any obligations under this Agreement due to the occurrence of an Event of Force Majeure, the non-performing party shall promptly, diligently, and in good faith take all reasonable action required for it to be able to commence or resume performance of its obligations under this Agreement. During any such time period, the non-performing party shall keep the other party duly notified of all such actions required for it to be able to commence or resume performance of its obligations under this Agreement.

17.0 **Governing Law and Venue**

17.1 This Agreement shall be governed in all respects by the laws of the State of Florida and any litigation with respect thereto shall be brought only in the courts of Polk County, Florida or the United States District Court, Middle District of Florida located in Hillsborough County, Florida. Each party shall be responsible for its own attorneys' fee and other legal costs and expenses.

18.0 **Non-Discrimination**

18.1 The Consultant warrants and represents that all of its employees are treated equally during employment without regard to race, color, religion, gender, age or national origin.

19.0 **Waiver**

19.1 A waiver by either County or Consultant of any breach of this Agreement shall not be binding upon the waiving party unless such waiver is in writing. In the event of a written waiver, such a waiver shall not affect the waiving party's rights with respect to any other or further breach. The making or acceptance of a payment by either party with knowledge of the existence of a default or breach shall not operate or be construed to operate as a waiver of any subsequent default or breach.

20.0 **Severability**

20.1 The invalidity, illegality, or unenforceability of any provision of this Agreement, or the occurrence of any event rendering any portion or provision of this Agreement void, shall in no way affect the validity or enforceability of any other portion or provision of the Agreement.

20.2 Any void provision shall be deemed severed from the Agreement and the balance

of the Agreement shall be construed and enforced as if the Agreement did not contain the particular portion or provision held to be void.

20.3 The parties further agree to reform the Agreement to replace any stricken provision with a valid provision that comes as close as possible to the intent of the stricken provision.

20.4 The provisions of this section shall not prevent the entire Agreement from being void should a provision which is of the essence of the Agreement be determined to be void.

21.0 **Entirety of Agreement**

21.1 The County and the Consultant agree that this Agreement sets forth the entire Agreement between the parties, and that there are no promises or understandings other than those stated herein.

21.2 This Agreement supersedes all prior agreements, contracts, proposals, representations, negotiations, letters or other communications between the County and Consultant pertaining to the Services, whether written or oral.

21.3 None of the provisions, terms and conditions contained in this Agreement may be added to, modified, superseded or otherwise altered except by written instrument executed by the parties hereto.

22.0 **Modification**

22.1 This Agreement may not be modified unless such modifications are evidenced in writing signed by both County and Consultant. Such modifications shall be in the form of a written Amendment executed by both parties.

23.0 **Successors and Assigns**

23.1 County and Consultant each binds itself and its partners, successors, permitted assigns, and legal representatives to the other party to this Agreement and to the partners, successors, executors, administrators, permitted assigns, and legal representatives of such other party.

23.2 Consultant shall not assign this Agreement without the express written approval of the County by executed amendment, which approval may be withheld in the County's sole discretion.

23.3 In the event of a merger, the surviving corporation shall be substituted for the contracting party to this agreement and such substitution shall be affirmed by the County by executed

amendment.

24.0 **Contingent Fees**

24.1 The Consultant warrants that it has not employed or retained any company or person, other than a bona fide employee working solely for the Consultant to solicit or secure this Agreement and that it has not paid or agreed to pay any person, company, corporation, individual or firm, other than bona fide employee working solely for the Consultant, any fee, commission, percentage, gift or any other consideration contingent upon or resulting from the award or making of this Agreement.

25.0 **Truth-In-Negotiation Certificate**

25.1 Execution of this Agreement by the Consultant shall act as the execution of a Truth-in-Negotiation certificate certifying that the wage rates and costs used to determine the compensation provided for in this Agreement are accurate, complete, and current as of the Effective Date of this Agreement.

25.2 The said rates and costs shall be adjusted to exclude any significant sums should the County determine that the rates and costs were increased due to inaccurate, incomplete or noncurrent wage rates or due to inaccurate representations of fees paid to outside consultants. The County shall exercise its rights under this "Certificate" within one (1) year following payment.

26.0 **Ownership of Documents**

26.1 Consultant shall be required to cooperate with other consultants relative to providing information requested in a timely manner and in the specified form. Any and all documents, records, disks, original drawings, or other information shall become the property of the County for its use and/or distribution as may be deemed appropriate by the County. Consultant is not liable for any damages, injury or costs associated with the County's use or distribution of these documents for purposes other than those originally intended by Consultant.

27.0 **Access and Audits**

27.1 Consultant shall maintain adequate records to justify all charges and costs incurred in performing the work for at least three (3) years after completion of this Agreement. The County shall have access to such books, records, and documents as required in this section for the purpose of inspection or audit during normal business hours at the Consultant's place of business.

27.2 Misrepresentations of billable time or reimbursable expenses as determined by the Auditor to the Polk County Board of County Commissioners shall result in the recovery of any resulting overpayments. The County's cost of recovery shall be the sole expense of the Consultant, including accounting and legal fees, court costs and administrative expenses.

27.3 Intentional misrepresentations of billable hours and reimbursable expenses will be criminally prosecuted to the fullest extent of the law.

27.4 All invoices submitted are subject to audit and demand for refund of overpayment up to three (3) years following completion of all services related to this Agreement.

28.0 **Notice**

28.1 Any notice, demand, communication, or request required or permitted hereunder shall be in writing and delivered in person or sent by Federal-Express or by Certified Mail, postage prepaid as follows:

As to County: Roads and Drainage Division
P.O. Box 9005
Bartow, FL 33830
Attention: Director

As to Consultant: AECOM Technical Services, Inc.
7650 West Courtney
Campbell Causeway
Tampa, FL 33607

28.2 Notices shall be effective when received at the addresses as specified above. Changes in the respective addresses to which such notice is to be directed may be made from time to time by either party by written notice to the other party. Facsimile transmission is acceptable notice effective when received, however, facsimile transmissions received (i.e.; printed) after 5:00 p.m., or on weekends or holidays, will be deemed received on the next business day. The original of the notice must additionally be mailed as required herein.

28.3 Nothing contained in this Article shall be construed to restrict the transmission of routine communications between representatives of Consultant and County.

29.0 **Service of Process**

As to County: County Attorney
County Administration Building
330 W. Church Street, 4th Floor

Bartow, Florida 33830

As to Consultant: AECOM Technical Services, Inc.
7650 West Courtney
Campbell Causeway
Tampa, FL 33607

30.0 **Contract Administration**

30.1 Services of Consultant shall be under the general direction of the Roads and Drainage Division Director, or their successor, who shall act as the County's representative during the term of this Agreement.

31.0 **Key Personnel**

31.1 Consultant shall notify County in the event of key personnel changes, which might affect this Agreement. To the extent possible, notification shall be made within ten (10) days prior to changes. Consultant at County's request shall remove without consequence to the County any Subcontractor or employee of the Consultant and replace him/her with another employee having the required skill and experience. County has the right to reject proposed changes in key personnel. The following personnel shall be considered key personnel:

Name: Karim Shalaby
Name: Virgil Versaggi
Name: Sagar Patel
Name: Jason Berlinsky
Name: Mike Bechard
Name: Amar Patel
Name: Carlos Sousa
Name: Samantha Pitera
Name: Lisette Serrano
Name: Jason Cardalico
Name: Chris Sharp

32.0. **Annual Appropriations**

32.1 Consultant acknowledges that the County, during any fiscal year, shall not expend money, incur any liability, or enter into any agreement which, by its terms, involves the expenditure of

money in excess of the amounts budgeted as available for expenditure during such fiscal year. Any agreement, verbal or written, made in violation of this subsection is null and void, and no money may be paid on such agreement. Nothing herein contained shall prevent the making of agreements for a period exceeding one year, but any agreement so made shall be executory only for the value of the services to be rendered or agreed to be paid for in succeeding fiscal years. Accordingly, the County's performance and obligation to pay under this agreement is contingent upon annual appropriation.

33.0 **Liquidated Damages**

33.1 The parties hereto agree that liquidated damages, in the amount specified in the applicable CSA/CPO, will be assessed against the Consultant for Consultant's failure to meet the final deliverable date in the Performance Schedule in the Scope of Work, but only to the extent and in proportion to Consultant's fault in causing the delay as compared to other causes, and to the extent the Consultant is not delayed by reasons beyond Consultant's reasonable control.

34.0 Employment Eligibility Verification (E-VERIFY)

A. Unless otherwise defined herein, terms used in this Section which are defined in Section 448.095, Florida Statutes, as may be amended from time to time, shall have the meaning ascribed in said statute.

B. Pursuant to Section 448.095(5), Florida Statutes, the contractor hereto, and any subcontractor thereof, must register with and use the E-Verify system to verify the work authorization status of all new employees of the contractor or subcontractor. The contractor acknowledges and agrees that (i) the County and the contractor may not enter into this Agreement, and the contractor may not enter into any subcontracts hereunder, unless each party to this Agreement, and each party to any subcontracts hereunder, registers with and uses the E-Verify system; and (ii) use of the U.S. Department of Homeland Security's E-Verify System and compliance with all other terms of this Certification and Section 448.095, Fla. Stat., is an express condition of this Agreement, and the County may treat a failure to comply as a material breach of this Agreement.

C. By entering into this Agreement, the contractor becomes obligated to comply with the provisions of Section 448.095, Fla. Stat., "Employment Eligibility," as amended from time to time. This includes but is not limited to utilization of the E-Verify System to verify the work authorization status of all newly hired employees, and requiring all subcontractors to provide an affidavit attesting that the subcontractor does not employ, contract with, or subcontract with, an unauthorized alien. The contractor shall maintain a copy of such affidavit for the duration of this Agreement. Failure to comply will lead to termination of this Agreement, or if a subcontractor knowingly violates the statute or Section 448.09(1), Fla. Stat., the subcontract must be terminated immediately. If this Agreement is terminated pursuant to Section 448.095, Fla. Stat., such termination is not a breach of contract and may not be considered as such. Any challenge to termination under this provision must be filed in the Tenth Judicial Circuit Court of Florida no later than 20 calendar days after the date of termination. If this Agreement is terminated for a violation of Section 448.095, Fla. Stat., by the contractor, the contractor may not be awarded a public contract for a period of 1 year after the date of termination. The contractor shall be liable for any additional

costs incurred by the County as a result of the termination of this Agreement. Nothing in this Section shall be construed to allow intentional discrimination of any class protected by law.

35.0 Limitation of Liability.

IN NO EVENT, SHALL THE COUNTY BE LIABLE TO THE CONSULTANT FOR INDIRECT, INCIDENTAL, CONSEQUENTIAL, SPECIAL, EXEMPLARY, OR PUNITIVE DAMAGES OF ANY KIND OR NATURE, INCLUDING LOSS OF PROFIT, WHETHER FORESEEABLE OR NOT, ARISING OUT OF OR RESULTING FROM THE NONPERFORMANCE OR BREACH OF THIS CONTRACT BY THE COUNTY WHETHER BASED IN CONTRACT, COMMON LAW, WARRANTY, TORT, STRICT LIABILITY, CONTRIBUTION, INDEMNITY OR OTHERWISE.

36.0 Scrutinized Companies and Business Operations Certification; Termination.

A. Certification(s).

(i) By its execution of this Agreement, the Vendor hereby certifies to the County that the Vendor is not on the Scrutinized Companies that Boycott Israel List, created pursuant to Section 215.4725, Florida Statutes, nor is the Vendor engaged in a boycott of Israel, nor was the Vendor on such List or engaged in such a boycott at the time it submitted its bid, proposal, quote, or other form of offer, as applicable, to the County with respect to this Agreement.

(ii) Additionally, if the value of the goods or services acquired under this Agreement are greater than or equal to One Million Dollars ($1,000,000), then the Vendor further certifies to the County as follows:

(a) the Vendor is not on the Scrutinized Companies with Activities in Sudan List, created pursuant to Section 215.473, Florida Statutes; and

(b) the Vendor is not on the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, created pursuant to Section 215.473, Florida Statutes; and

(c) the Vendor is not engaged in business operations (as that term is defined in Florida Statutes, Section 287.135) in Cuba or Syria; and

(d) the Vendor was not on any of the Lists referenced in this subsection A(ii), nor engaged in business operations in Cuba or Syria when it submitted its proposal to the County concerning the subject of this Agreement.

(iii) The Vendor hereby acknowledges that it is fully aware of the penalties that may be imposed upon the Vendor for submitting a false certification to the County regarding the foregoing matters.

B. Termination. In addition to any other termination rights stated herein, the County may immediately terminate this Agreement upon the occurrence of any of the following events:

(i) The Vendor is found to have submitted a false certification to the County with respect to any of the matters set forth in subsection A(i) above, or the Vendor is found to have been placed on the Scrutinized Companies that Boycott Israel List or is engaged in a boycott of Israel.

(ii) The Vendor is found to have submitted a false certification to the County with respect to any of the matters set forth in subsection A(ii) above, or the Vendor is found to have been

placed on the Scrutinized Companies with Activities in Sudan List, or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or has been engaged in business operations in Cuba or Syria, and the value of the goods or services acquired under this Agreement are greater than or equal to One Million Dollars ($1,000,000).

37. No Construction Against Drafter

37.1 The Parties acknowledge that this Agreement and all the terms and conditions contained herein have been fully reviewed and negotiated by the Parties. Accordingly, any rule of construction to the effect that ambiguities are to be resolved against the drafting party shall not apply in interpreting this Agreement.

38. Unauthorized Alien(s)

The Consultant shall not employ or utilize unauthorized aliens in the performance of the Services provided pursuant to this Agreement. The County shall consider the employment or utilization of unauthorized aliens a violation of Section 274A(e) of the Immigration and Naturalization Act (8 U.S.C. 1324a) and a cause for the County's unilateral termination of this Agreement. When delivering executed counterparts of this Agreement to the County, the Consultant shall also deliver a completed and executed counterpart of the attached "AFFIDAVIT CERTIFICATION IMMIGRATION LAWS" form.

(THE REMAINDER OF THE PAGE LEFT INTENTIONALLY BLANK)

IN WITNESS WHEREOF, the parties hereto have executed this Agreement as of the Effective Date.

Affidavit Regarding the Use of Coercion for Labor or Services

In compliance with Section 787.06(13), Florida Statutes, this attestation must be completed by an officer or representative of a nongovernmental entity that is executing, renewing, or extending a contract with Polk County, a political subdivision of the State of Florida.

The undersigned, on behalf of the entity listed below (the "Nongovernmental Entity"), hereby attests under penalty of perjury as follows:

1. I am over the age of 18 and I have personal knowledge of the matters set forth herein.

2. I currently serve as an officer or representative of the Nongovernmental Entity.

3. The Nongovernmental Entity does **not** use coercion for labor or services, as those underlined terms are defined in Section 787.06, Florida Statutes.

4. This declaration is made pursuant to Section 92.525, Fla. Stat. and Section 787.06, Fla. Stat. I understand that making a false statement in this declaration may subject me to criminal penalties.

Under penalties of perjury, I J. Larry Sauls, P.E., Vice President (Signatory Name and Title), declare that I have read the foregoing Affidavit Regarding the Use of Coercion for Labor and Services and that the facts stated in it are true.

Further Affiant sayeth naught.

PROPOSAL SUBMITTAL INSTRUCTIONS

Proposers must submit their proposal prior to 2:00 p.m. on the receiving date. Proposals must be submitted in a "sealed" parcel or electronically through Polk County's secure website, Kiteworks. Proposals will be publicly opened at 2:00 p.m. on the receiving date.

Sealed Parcel Submittal:

If you are submitting a sealed parcel proposal submit one (1) original marked ORIGINAL and five (5) copies marked COPY of the proposal in a sealed parcel to the Procurement Division. The parcel should be labeled "RFP #25-308, Roads & Drainage Construction Engineering and Inspection (CEI) Professional Services" and marked with the proposer's name and address. The Proposals may be mailed or delivered to:

Polk County Procurement Division
330 West Church Street, Room 150
Bartow, FL 33830

To assist with labeling the sealed parcel, please cut along the outer border and affix this label. Be sure to include the name of the company submitting the proposal where requested.

Sealed Proposal. DO NOT OPEN	
RFP Number	25-308
RFP Title	Roads & Drainage Construction Engineering and Inspection (CEI) Professional Services
Due Date/Time:	April 9, 2025, prior to 2:00 pm
Submitted by:	
Deliver To:	Polk County Procurement Division 330 West Church Street, Room 150, Bartow, Florida 33830

Proposals may be mailed, express mailed or hand delivered. It is the Proposers responsibility to ensure their package is delivered to the Procurement Division prior to 2:00 p.m. on the Receiving date and time referenced above. Proposals delivered at 2:00 p.m. or later will not be accepted.

Electronic Proposals Submittal:

All prospective Proposers that are interested in submitting their proposals electronically can do so via the County's secure electronic submittal website, Kiteworks. Proposers must email kenbrush@polk-county.net at least 48 hours prior to opening to receive a link to upload their submittal. Please only upload your documents as a PDF or Excel file for the Cost Tab, if applicable. Please use the name convention of your files as follow:

"RFP 25-308 Tab 1"

"RFP 25-308 Tab 2"

"RFP 25-308 Tab 3"

"RFP 25-308 Tab 4"

"RFP 25-308 Tab 5"

"RFP 25-308 Tab 6"

"RFP 25-308 Tab 7"

"RFP 25-308 Tab 8"

For more instructions, a video tutorial has been produced to further explain the electronic solicitation submittal process. It can be found by clicking here for RFP Submittals: https://youtu.be/vkn_7AHgioE. If you need assistance accessing this website due to ADA or any other reason, please email Ken Brush at kenbrush@polk-county.net.

Procurement recommends that Proposers submitting electronically double check the documents submitted into Kiteworks to ensure all requested tab information has been uploaded. Failure to upload the requested tab information may result in the proposal being deemed nonresponsive.

POLK COUNTY
Procurement Division
Fran McAskill
Procurement Director
REQUEST FOR PROPOSAL 25-308
Roads & Drainage Professional Engineering Services for Construction Engineering and Inspection

Sealed proposals will be received in the Procurement Division, **Wednesday, April 9, 2025, prior to 2:00 p.m.**

Attached are important instructions and specifications regarding responses to this Request for Proposal (the "RFP"). The failure of a responding proposer (a "Proposer") to follow these instructions could result in Proposer disqualification from consideration for a contract to be awarded pursuant to this RFP.

This document is issued by Polk County (the "County") which is the sole distributor of this RFP and all addenda and changes to the RFP documents. The County shall record its responses to inquiries and provide any supplemental instructions or additional documents pertaining to this RFP in the form of written addenda to the RFP. The County shall post all such addenda, together with any other information pertaining to this RFP, on the County's website at

http://www.polk-county.net/procurement/procurement-bids. It is the sole responsibility of each Proposer to review the website prior to submitting a responsive proposal (a "Proposal") to this RFP to ensure that that the Proposer has obtained all available instructions, addenda, changes, supporting documents, and any other information pertaining to this RFP.

The County is not responsible for any solicitations issued through subscriber, publications, or other sources not connected with the County and the Proposer should not rely on such sources for information regarding the RFP solicitation.

Questions regarding this RFP must be in writing and must be sent to Ken Brush via email at kenbrush@polk-county.net or via fax at (863) 534-6789. All questions must be received by March 31, 2025, 4:00 p.m.

Proposers and any prospective Proposers shall not contact, communicate with or discuss any matter relating in any way to this RFP with any member of the Polk County Board of County Commissioners or any employee of Polk County other than the County Procurement Director or the individual designated above. This prohibition begins with the issuance of the Request for Proposal and ends upon execution of a contract. Any such communication initiated by a Proposer or prospective proposer shall be grounds for disqualifying the offender from consideration for a contract to be awarded pursuant to this RFP and for contracts to be awarded pursuant to RFPs or Requests for Bid that the County may issue in the future.

A Proposer's responsive Proposal to this RFP may be mailed, express mailed, or hand delivered to:

Polk County Procurement Division
330 West Church Street, Room 150
Bartow, Florida 33830
(863)534-6757

INTRODUCTION

Polk County, a political subdivision of the State of Florida seeks professional CEI Services for Roads and Drainage, and as further defined in the Scope of Services below.

Polk County's Selection Process for consultants' services is in accordance with Section 287.055, Florida Statutes, the Consultants' Competitive Negotiations Act ("CCNA"). The Professional Services Selection Committee will review the qualifications of all submitting firms.

It is the intent of the County to select and negotiate a Master Consulting Agreement with one (1) or more firm(s).

The County will negotiate a fee schedule and or overall lump sum price as part of "Selection Process", Elevation Level 4 Contract Negotiations.

Services under this contract will be in compliance with Section 287.055 of the Florida Statutes referred to as the "Consultants' Competitive Negotiation Act" (CCNA). Polk County's Procurement Procedure's Manual outlines the Procedures for Contracting for Professional Services Covered by CCNA. These procedures outline the process used for the selection of a consulting firm awarded through this RFP process.

The Successful Proposer must register in our new Vendor Database if you have not already done so prior to award of this RFP. A purchase order cannot be issued to a vendor until they have registered. You may register by going to the following link: https://www.polk-county.net/procurement/vendor-registration. Registered vendors will receive a User ID and Password to access their company information. All registered vendors must provide their owner gender, owner ethnicity, corporate status, and a minimum of one (1) commodity code to be considered registered. It is the responsibility of all vendors to update their vendor information. Only registered vendors will receive notifications of future RFP's.

All services must be performed in accordance with applicable Federal, State and Local regulations.

BACKGROUND, PURPOSE AND SCOPE

Background & Purpose:

The County requires the support of professional consultants for CEI (construction management and inspection) services to assist bringing to completion projects in the County's Roads & Drainage work program and support the construction, operation, and maintenance of the County's roadway network.

SCOPE OF SERVICES

The scope of services shall include, but not be limited to utility coordination, railroad crossing coordination during construction, review of value engineering submittals, construction materials testing, construction management, construction inspection, hazardous material assessments that are discovered during construction, initial

evaluations of drainage or flooding problems that occur during construction, coordination with permitting agencies such as FDOT and SWFWMD.

Anticipated projects for the BoCC include roadway construction, reconstruction, maintenance, repair, or replacement related to roadways, drainage (regional or roadway), stormwater management, railroad crossings, environmental mitigation, bridge repairs and replacements, new sidewalks, intersection improvements including roundabouts, turn lanes, street lighting.

The following is a list of typical services that may be requested under this contract. The list is not intended to be all-inclusive:

1. Provide constructability reviews for projects proposed by developers, other agencies, and County projects. This may include attending meetings and/or acting as a committee member.

2. Provide construction support including, but not limited to: bid review and analysis, responses to bid questions (construction related), attend pre-bid meetings, schedule and run pre-construction meetings, construction management, construction inspection, schedule and run construction progress meetings, perform reviews of as-built surveys, final certifications, review pay requests, and assist with project close outs.

3. Provide CEI (construction management and inspection) services including hybrid projects where Consultant and County will jointly staff.

4. Provide Resident Compliance Specialist for LAP (Local Agency Program) projects.

5. Provide engineering staff and inspection staff on loan to the County as needed to supplement the in-house staff in the cases of employee turnover or higher than normal workloads.

6. Perform construction materials testing to ensure adherence of contractor’s work to project specifications.

7. Function as primary point of contact for the County on projects that have an FDOT access permit or construction agreement.

The Consultant shall function as an extension of the County's resources by providing qualified technical and professional personnel to perform duties and responsibilities assigned under the terms of this agreement according to County standards and procedures.

The County shall request Consultant services on an as-needed basis. There is no guarantee that any or all of the services described in this agreement will be assigned during the term of this agreement. Further, the Consultant is providing these services on a non-exclusive basis. The County, at its option, may elect to have any of the services set forth herein performed by other consultants or County staff.

The Consultant's home or branch offices may support this contract.

The County shall request the services on an as-needed basis. There is no guarantee that any or all of the services described in this agreement will be assigned during the term of this agreement. Further, the Consultant is providing these services on a nonexclusive basis. The County, at its option, may elect to have any of the services set forth herein performed by other consultants or County staff.

AGREEMENT
The Master Consulting Agreement will be for five (5) years unless otherwise terminated in accordance with the master service agreement.

EVALUATION CRITERIA
Proposals should not contain information in excess of that requested, must be concise, and must specifically address the issues of this RFP. Unnecessarily elaborate brochures or other presentations beyond those sufficient to present a complete and effective response to this RFP are not desired and may be construed as an indication of the Proposer’s lack of cost consciousness. Elaborate artwork, expensive visual aids, and other presentation aids are neither necessary nor desired unless specifically requested. The Proposal responses shall be contained within a three-ring binder (original and each copy in separate binders). For the purposes of this RFP, one page equals a single sided page. It is requested that the responses be in the same order as the selection and evaluation procedures. The submittals should include the following:

Tab 1 Executive Summary
(Items a-c: Maximum of two (2) pages

a) Name, company name, address, telephone number, and email address.
b) State the number of years in business, as the same company/firm.
c) State the number of full-time employees.
d) Provide documentation showing proper incorporation by the Secretary of State.
e) Provide a copy of the firm’s applicable certification(s) from the State of Florida allowing them to provide the services as outlined in the Scope of Service as well as compliance with F.S. 287.055

Tab 2 Approach to the Project (35 points)
(Maximum of four (4) pages)

a) Provide a short narrative project approach outlining how you propose to staff each type of project that is assigned to your firm. For example, drainage improvements, new sidewalk construction, intersection improvements, signalization projects including drilled shafts and mast arms, street lighting.
b) Please describe your firm's experience and capabilities in dealing with customer complaints which may include adjacent property owners and the traveling public. Please include at least one example of a complaint received and how your firm worked to resolve the issue.
c) Briefly describe firm's experience in coordinating and facilitating utility relocations on the types of projects that are described in the Scope of Services.
d) Briefly describe firm's experience in coordinating with the FDOT Permitting Office on projects where there is an access permit or a construction agreement in place.

Tab 3 Experience, Expertise, Personnel and Technical Resources (35 points)

- Provide a minimum of three (3) and a maximum of five (5) recent projects performed within the past ten (10) years as the prime firm performing the CEI services for road infrastructure projects where the construction costs are under $7.0 million. (Limit response to one (1) page per project)
    - For each project please provide:
        a) Name and location of the project;
        b) Size and cost of the project;
        c) Project representative name, address, phone number, and email address
        d) Start date, date project was completed or is anticipated to be completed; compare to the original date.
        e) The nature of the firm's responsibility on the project;
        f) Identify the key staff and their role in each project;
        g) Identify working relationship of consultants or joint venture on project, if applicable;
        h) Provide the original budget and the final budget of the project. Explain the reason(s) for differences, such as owner requested change, contractor claim, and insufficient plans and specifications.
        i) List of any time extensions created by item h above.
- Provide an organizational chart of the team highlighting the key individuals who will work on this contract.
- The key staff presented in the consultant's response shall be the staff utilized on this contract. Please provide the resumes of the key staff including, but not limited to, the items in the list below (One (1) page maximum per resume):
    a) Name and current position held by the person

b) Name, title and project assignment
c) Experience:
    1) Types of projects.
    2) Size of projects (dollar value of project).
    3) What were their specific project involvements?

- Demonstrate each key staff's availability and office and home location to respond to the needs of the project (Two (2) pages maximum for all key staff member)
- Identify any sub-consultants to be used, if any. For each sub consultant identified please provide:
    - Name of sub-consultant.
    - Address
    - Their locations that can be utilized to expedite a deliverable if required.
    - A brief description of their experience outlining their qualifications to perform the intended services
    - A brief resume for each key personnel that will be assigned to perform the intended services

Tab 4 Is the Firm a "Polk County Entity"? (5 Points)

- There will be a maximum of five (5) points allocated for this Tab. If the Proposer is a Polk County Entity then five (5) points will be allocated. If the Proposer is not a Polk County Entity but is utilizing one or more sub-consultants that are a Polk County Entity to assist in performing the scope of work then the Proposal will be allocated one (1) point for each sub-consultant which is a Polk County Entity up to a maximum of five (5) points. The Polk County Entity sub-consultant(s) must have been identified under Tab 3, Experience, Expertise, Personnel and Technical Resources in order to qualify for point allocation.
- Provide documentation of the Proposers' or sub-consultant's headquarters and local offices, if any, and the amount of time the firm has been located at each such local office. Please also indicate the number of employees at the local office.
- Proposers or sub-consultants will be allocated points if they meet the following Polk County Government definition of Polk County Entity.
    - The term "Polk County Entity" means any business having a physical location within the boundaries of Polk County, Florida, at which employees are located and business activity is managed and controlled on a day to day basis. Additionally, the business must have been located within the boundaries of Polk County for a minimum of 12 months prior to the date the applicable solicitation is issued. This requirement may be evidenced through a recorded deed, an executed lease agreement, or other form of written documentation acceptable to the County. The County shall have the right, but not the obligation, to verify the foregoing requirements.
- In the event a Proposer lists one or more sub-consultants in Tab 4 which is a Polk County Entity and receives point(s) as a result, and after the Proposer is awarded the project, if successful, it is determined that the listed sub-consultant does not

assist in the performance of the scope of work (and is not replaced with an alternative sub-consultant which is a Polk County Entity), then the Proposer acknowledges and agrees that it may be suspended or debarred by the Procurement Director for failure to comply with the conditions, specifications or terms of a proposal or contract with the County or for committing a fraud or misrepresentation in connection with a proposal or contract with the County, in accordance with the Polk County Purchasing Ordinance and Procedures Manual.

Tab 5 Is the Firm a "Certified Woman or Minority Business Enterprise" (5 Points)

- Polk County Board of County Commissioners has a long standing commitment to encouraging the utilization of Women and Minority Businesses that do business with the County as vendors. To that end we encourage all of our prime and professional services vendors to utilize W/MBE vendors where at all possible, irrespective of a company's certification status. Please explain how the submitting firm will encourage minority participation in the project. (Limit response to one page)
- There will be a maximum of five (5) points allocated for this tab. If the Proposer is a Woman or Minority owned business then five (5) points will be allocated. If the Proposer is not a Woman or Minority owned business but is utilizing one or more sub-consultants that are a Women or Minority owned business to assist in performing the scope of work, then the Proposal will be allocated one (1) point for each sub-consultant which meets the County's certification criteria of Women or Minority owned, up to a maximum of five (5) points. The Woman or Minority owned business sub-consultant(s) must have been identified under Tab 3, Experience, Expertise, Personnel and Technical Resources in order to qualify for point allocation.
- Proposers or sub-consultants will be allocated points if they are a certified W/MBE as evidenced by providing the documentation described below.
    - If the Proposer or sub-consultant has a certified W/MBE status, provide documentation of the firms' certified W/MBE status as defined by the Florida Small and Minority Business Act and as defined in Polk County's Purchasing Procedures. Polk County's Purchasing Procedures recognize the following to meet the requirement of a certified W/MBE status:
        - Valid W/MBE Certification from one of the following
            - Florida Minority Supplier Development Council
            - Women Business Enterprise National Council
            - The State of Florida Office of Supplier Diversity
            - Florida Department of Transportation
            - U. S. Small Business Administration
            - Federal Aviation Authority
            - Other Florida governmental agencies

Certifications from other governmental agencies will be considered on a case-by-case basis.

- In the event a Proposer lists one or more sub-consultants in Tab 5 which is a Women or Minority owned business and receives point(s) as a result, and after the Proposer is awarded the project, if successful, it is determined that the listed sub-consultant does not assist in the performance of the scope of work (and is not replaced with an alternative sub-consultant which is a Women or Minority owned business), then the Proposer acknowledges and agrees that it may be suspended or debarred by the Procurement Director for failure to comply with the conditions, specifications or terms of a proposal or contract with the County or for committing a fraud or misrepresentation in connection with a proposal or contract with the County, in accordance with the Polk County Purchasing Ordinance and Procedures Manual.

Tab 6 Interaction with County for Claims Minimization (5 Points)

- Provide description of how CEI staff will work with contractor to minimize claims for time and money. Identify specific strategies that the CEI firm has used on previous projects, such as weekly progress meetings, frequent phone and email conversations with contractor, etc. (Limit response to one (1) page)

Tab 7 – Staff Availability for Work Assignments (5 Points)

- Describe the firms' current and future projected workload. Describe specifically the ability of the firm to provide staff for project assignments as needed. (Limit response to two (1) pages maximum)

Tab 8 Surveys of Past Performance (10 Points)

- Provide reference surveys from past clients for the projects identified under Tab 3.
- Completed surveys. (See Exhibit 1) Procurement will take the average of all surveys and score as follows:
    - Average Score between 9-10 (10 Points)
    - Average Score between 7-8 (8 Points)
    - Average Score between 5-6 (6 Points)
    - Average Score between 3-4 (4 Points)
    - Average Score between 1-2 (2 Points)
    - Average Score of 0 (0 Points)

BID OPENING

Proposers may attend the Bid Opening in person or via conference call by dialing (646) 558-8656 and enter Meeting ID: 327 647 2818. A listing of all proposers will be posted to Procurement's website as soon as possible after bid opening.

Selection Process

Proposals will be evaluated in accordance with this section and all applicable County procurement policies and procedures.

The County shall appoint a selection committee (the "Selection Committee") that will be responsible for evaluating and scoring/ranking the Proposals in accordance with this Section.

The County will use a competitive selection process based on the Elevation Levels described in this Section. At Elevation Levels 2 and 3, the Selection Committee will score and/or rank the Proposals as applicable.

Selection of a final Proposal will be based upon the following steps and factors:

Elevation Level 1 (Procurement Requirements Assessment):

- The County Procurement Division shall review all Proposals for conformance with RFP guidelines and detailed submittal requirements. At the County's discretion, non-conforming Proposals may be eliminated from further consideration and conforming Proposals shall be elevated to Elevation Level 2. Procurement will distribute Proposals and evaluation criteria to the Selection Committee.
- Procurement will also ensure all firms meet the requirement of certification as outlined in Florida Statute 287.055(3)(c).
- The Selection Committee may convene to review questions that arise during individual member review of submitted Proposals before Elevation Level 2 to allow for questions, clarifications, explanations, or other discussion to be held before the review of Proposals is completed.

Elevation Level 2 (Scoring)

- Procurement shall score each Proposal on the following evaluation criteria:
    - Local (Tab 4) - 5 points
    - W/MBE Certification (Tab 5) - 5 points
    - Surveys of Past Performance (Tab 8) - 10 points

    Subtotal Points - 20 points

    by the process stated under each corresponding Tab description as set forth on Pages 8-12.

- Each Selection Committee member shall score each Proposal on the following evaluation criteria:
    - Approach to the Project (Tab 2) - 35 points
    - Experience, Expertise, Personnel and Technical Resources (Tab 3) - 35 points
    - Interaction w/ County for Claims Minimization (Tab 6) - 5 points
    - Staff Availability for Work Assignments (Tab 7) – 5 points

    Subtotal Points-80 points
    by the following process:

1) Each Selection Committee member shall determine which of the following descriptions applies to each of the foregoing evaluation criteria:

- EXCELLENT (1.0): Of the highest or finest quality; exceptional; superior; superb; exquisite; peerless.
  The Proposer provided information for a given criteria that satisfied the requirements and described specifically how and what will be accomplished in such a manner that exhibited an exceptional and superior degree of understanding, skill, and competency, both qualitatively and quantitatively. The facts included in the narrative (including all supporting documentation, diagrams, drawings, charts, and schedules, etc.) demonstrate the Proposer's ability to perform and deliver far beyond expectation.
- VERY GOOD (0.8): To a high degree; better than or above competent and/or skillful.
  The Proposer provided information for a given criteria that satisfied the requirements and described specifically how and what will be accomplished in such a manner that exhibited a very high degree of understanding, skill, and competency, both qualitatively and quantitatively. The facts included in the narrative (including all supporting documentation, diagrams, drawings, charts, and schedules, etc.) demonstrate the Proposer's ability to perform and deliver beyond expectation.
- GOOD (0.6): Having positive or desirable qualities; competent; skilled; above average.
  The Proposer provided information for a given criteria that satisfied the requirements and described specifically how and what will be accomplished in such a manner that exhibited a skillful and above-average degree of understanding, skill, and competency, both qualitatively and quantitatively. The facts included in the narrative (including all supporting documentation, diagrams, drawings, charts, and schedules, etc.) demonstrate the Proposer's ability to perform and deliver at the expected level.
- FAIR (0.4): Average; moderate; mediocre; adequate; sufficient; satisfactory; standard.
  The Proposer provided information for a given criteria that satisfied the requirements and described sufficiently how and what will be accomplished in a manner that exhibited an adequate and average degree of understanding, skill, and competency, both qualitatively and quantitatively. The facts included in the narrative (including all supporting documentation, diagrams, drawings, charts, and schedules, etc.) demonstrate the Proposer's ability to perform and deliver at a level slightly below expectation.
- POOR (0.2): Inadequate; lacking; inferior in quality; of little or less merit; substandard; marginal.
  The Proposer provided information for a given criteria that did not satisfy the requirements and described in an inadequate manner how and what will be accomplished. The information provided simply reiterated a requirement, contained inaccurate statements or references, lacked adequate

information, or was of inferior quality. The facts included in the narrative (including all supporting documentation, diagrams, drawings, charts, and schedules, etc.) demonstrate the Proposer's ability to perform and deliver at a substandard and inferior level.

- UNACCEPTABLE (0.0):
  The Proposer failed to provide any information for a given criteria, provided information that could not be understood, or did not provide the information for a given category as requested.

2) After a Selection Committee member has determined the description applicable for each evaluation criterion, the total points available for such criterion shall be multiplied by the factor associated with the applicable description to produce the number of points allocated for that evaluation criterion. For example, a Selection Committee member classifies the "Experience and Expertise" criterion (which shall be worth 25 points for the purpose of this example) as "Very Good" (which is a description factor multiplier of 0.8). The points that Selection Committee member allocated for that evaluation criterion would be 20, calculated as follows: 25 available points x 0.8 applicable description factor multiplier = 20 points.
3) A Selection Committee member's total score for each Proposal shall equal the sum of the total points allocated for each evaluation criteria.
4) When all Selection Committee members have completed their Proposal evaluations, the individual Selection Committee member's total scores for each Proposal will be added together to produce a final score for each Proposal.
5) Procurement will confirm the calculations for the final score for each Proposal. Then, Procurement shall publish a rank-ordered listing of the Proposals to the Selection Committee with the Proposal receiving the highest point as the highest-ranked Proposal.
6) In accordance with Section 287.055(4)(a), Florida Statutes, if there are three (3) or more Proposers in Elevation Level 2, the Selection Committee must elevate no fewer than the three highest scored of such Proposers to Elevation Level 3 for interviews. If there are only two Proposers in Elevation Level 2, the Selection Committee must elevate those two Proposers to Elevation Level 3 for interviews. If there is only one Proposer in Elevation Level 2, then the Selection Committee may collectively decide if they would like to elevate the Proposer to Elevation Level 3 for interviews or if they would like to recommend the Board authorize staff to enter into Contract Negotiations with the Proposer. In the latter case, after Board approval to authorize staff to negotiate a contract, the Proposer will then be elevated to Elevation Level 4 for contract negotiations.

Elevation Level 3 (Proposer Interviews)
The Selection Committee are required to conduct interviews of the Proposers that it has elevated from Elevation Level 2 to Elevation Level 3.

During an interview, elevated Proposers may be requested to make a presentation focusing on their qualifications, approach to the project and the ability to furnish the

required services. The Selection Committee members will have an opportunity to inquire about any aspect of the RFP and the Proposer's Proposal. After all elevated Proposer interviews, each Selection Committee member will individually rank the Proposers in numerical order beginning at number 1 for the Proposer deemed to be the most highly qualified to perform the required services. In accordance with Section 287.055(4)(b), Florida Statutes, in determining whether a Proposer is qualified, each Selection Committee member shall consider such factors as:

- Ability of Personnel
- Whether a Proposer is a certified minority business enterprise
- Past performance
- Willingness to meet time and budget requirements
- Location
- Recent, current, and projected workloads
- Volume of work previously awarded to each Proposer by the County

Procurement shall receive and compile each Selection Committee member's ranking of each Proposer, and then publish a rank-ordered listing of Proposers to the Selection Committee, based on the combined average rankings given each Proposer. The Selection Committee members will then collectively decide if they would like to recommend the Board authorize staff to enter into Contract Negotiations with all Proposers elevated to Proposer Interviews, starting with the highest-ranked Proposer(s). After Board approval to authorize staff to negotiate a contract, said Proposer(s) will then be elevated to Elevation Level 4 for contract negotiations.

Elevation Level 4 (Contract Negotiations)
If a Proposer is elevated to this level, the User Division, with the assistance of Procurement and the County Attorney's Office, shall negotiate an Agreement with the elevated Proposer(s) in accordance with Section 287.055(5), Florida Statutes.

If after negotiating for a reasonable time period the parties cannot agree on a contract, the County shall, in its sole discretion, terminate further contract negotiations with that Proposer(s). Procurement shall notify the Selection Committee that contract negotiations with the elevated Proposer(s) have terminated. The Selection Committee shall then determine whether to recommend to the Board to approve contract negotiations with the next-highest-ranked Proposer, and so on. If the Selection Committee decides not to recommend contract negotiations with the next-highest-ranked Proposer, or if the County determines there is no other Proposer with whom the County can successfully negotiate a contract, then the RFP Selection Process shall terminate.

After contract negotiations with a Proposer(s) are successfully completed pursuant to Elevation Level 4, the Selection Committee shall recommend to the Board of County Commissioners that it selects such Proposer(s) to provide the services as outlined in the Agreement. The Board of County Commissioners shall make the final decision whether to enter into an Agreement with a Proposer(s).

GENERAL CONDITIONS

CONTACT

After the issuance of any Request for Proposal, prospective proposers shall not contact, communicate with or discuss any matter relating in any way to the Request for Proposal with the Board of County Commissioners, and any employee of Polk County, other than the Procurement Director or as directed in the cover page of the Request for Proposal. This prohibition begins with the issuance of any Request for Proposal and ends upon completion execution of a contract. Such communications initiated by a proposer shall be grounds for disqualifying the offending proposer from consideration for award of the proposal and/or any future proposal.

INSURANCE REQUIREMENTS

The selected firm, if any, shall maintain, at all times, the following minimum levels of insurance and; shall, without in any way altering their liability, obtain, pay for and maintain insurance for the coverages and amounts of coverage not less than those set forth below. Provide to the County original Certificates of Insurance satisfactory to the County to evidence such coverage before any work commences. Polk County, a political subdivision of the State of Florida, shall be an additional named insured on all policies related to the project; excluding workers' compensation and professional liability. The Workers' Compensation and General Liability policies shall contain a waiver of subrogation in favor of Polk County. All insurance coverage shall be written with a company having an A.M. Best Rating of at least the "A" category and size category of VIII. The firm's self-insured retention or deductible per line of coverage shall not exceed $25,000 without the permission of the County. In the event of any failure by the firm to comply with the provisions; the County may, at its option, on notice to the firm suspend the project for cause until there is full compliance. Alternatively, the County may purchase such insurance at the firm's expense, provided that the County shall have no obligation to do so and if the County shall do so, the firm shall not be relieved of or excused from the obligation to obtain and maintain such insurance amounts and coverages.

Worker's Compensation and Employer's Liability Insurance providing statutory benefits, including those that may be required by any applicable federal statute:

Admitted in Florida	Yes
Employer's Liability	$100,000
All States Endorsement	Statutory
Voluntary Compensation	Statutory

Commercial General Liability Insurance. $1,000,000 combined single limit of liability for bodily injuries, death, and property damage, and personal injury resulting from any one occurrence, including the following coverages:

Premises and Operations and Products/Completed Operations;

Broad Form Commercial General Liability Endorsement to include blanket contractual liability (specifically covering, but not limited to, the contractual obligations assumed by the Firm); Personal Injury (with employment and contractual exclusions deleted) and Broad Form Property Damage coverages;

Independent Contractors; Policy must include Separation of Insureds Clause.

Comprehensive Automobile Liability Insurance. $1,000,000 combined single limit of liability for bodily injuries, death, and property damage, and personal injury resulting from any one occurrence, including all owned, hired and non-owned vehicles.

Professional Liability Insurance. $2,000,000 for design errors and omissions, inclusive of defense costs. Selected firm shall be required to provide continuing Professional Liability Insurance to cover the project for a period of two (2) years after the projects are completed.

INDEMNIFICATION

To the maximum extent permitted by law, the Consultant shall indemnify, protect and hold the County, and its officers, employees and agents, harmless from and against any and all, claims, actions, causes of action, liabilities, penalties, forfeitures, damages, losses, and expenses whatsoever (including, without limitation, reasonable attorneys' fees, costs, and expenses incurred during negotiation, through litigation and all appeals therefrom) including, without limitation, those pertaining to the death of or injury to any person, or damage to any property, to the extent arising out of or resulting from (i) the failure of Consultant to comply with applicable laws, rules or regulations, (ii) the breach by Consultant of its obligations under this Agreement, (iii) any claim for trademark, patent, or copyright infringement arising out of the scope of Consultant's performance or nonperformance of this Agreement, or (iv) the negligent acts, errors or omissions, or intentional or willful misconduct, of Consultant or any persons or entities employed or utilized by Consultant in the performance of this Agreement. The obligations imposed by this Section shall survive the expiration or earlier termination of the Agreement.

PUBLIC ENTITY CRIMES STATEMENT

The Consultant declares and warrants that neither the Consultant nor any of the Consultant's affiliates, as that term is defined in Section 287.133, Florida Statutes, are subject to the restrictions in Section 287.133, Florida Statutes, regarding the commission of a public entity crime. If during the term of this Agreement, the Consultant or any affiliate is convicted of a public entity crime or is otherwise prohibited from performing work for or transacting business with the County pursuant to Section 287.133, Florida Statutes, then the Consultant shall be in material default of this Agreement, and in such case, the County shall have the rights and remedies as provided herein.

EQUAL OPPORTUNITY/AFFIRMATIVE ACTION

The County is an equal opportunity/affirmative action employer. The County is committed to equal opportunity employment effort; and expects firms that do business with the County to have a vigorous affirmative action program.

WOMEN/MINORITY BUSINESS ENTERPRISE OUTREACH

The County hereby notifies all Proposers that W/MBEs are to be afforded a full opportunity to participate in any request for proposal by the County and will not be subject to discrimination on the basis of race, color, sex or national origin.

AFFIRMATION

By submitting their proposal, the Proposer affirms that the proposal is genuine and not made in the interest of or on behalf of any undisclosed person, firm or corporation and is not submitted in conformity with any agreement or rules of any group, association, organization or corporation; the Proposer has not directly or indirectly induced or solicited any other person to submit a false or sham proposal; the Proposer has not solicited or induced any person, firm or corporation to refrain from submitting a proposal; and the Proposer has not sought by collusion to obtain for him/herself any advantage over other persons or over the County.

DEVELOPMENT COSTS

Neither the County nor its representative(s) shall be liable for any expenses incurred in connection with preparation of a response to the RFP. Proposers should prepare their proposals simply and economically, providing a straightforward and concise description of the proposer's ability to meet the requirements of the RFP.

ADDENDA

The County may record its responses to inquiries and any supplemental instructions in the form of written addenda. The addenda will be posted on the County's website at https://www.polk-county.net/procurement-bids. It is the sole responsibility of the proposers to check the website to ensure that all available information has been received prior to submitting a proposal.

CODE OF ETHICS

If any proposer violates or is a party to a violation of the code of ethics of Polk County or the State of Florida, with respect to this proposal, such proposer may be disqualified from performing the work described in this proposal or from furnishing the goods or services for which the proposal is submitted and shall be further disqualified from bidding on any future proposals for work, goods, or services for the County.

DRUG FREE WORKPLACE

Preference shall be given to businesses with Drug Free Workplace (DFW) programs. Whenever two or more proposals, which are equal with respect to price, quality and service, are received by the County for the procurement of commodities or contractual services, a proposal received from a business that has provided a statement that it is a DFW shall be given preference in the award process.

APPLICABLE LAWS AND COURTS

This RFP and any resulting agreements shall be governed in all respects by the laws of the State of Florida and any litigation with respect thereto shall be brought only in the courts of Polk County, Florida or the United States District Court, Middle District of Florida,

located in Hillsborough County, Florida. The proposer shall comply with all applicable federal, state and local laws and regulations.

CONTRACTUAL MATTERS
A contract in substantially the same form as attached here to as Attachment "A" (Master Consulting Agreement) will be executed between the County and the successful Proposer(s).

All contracts are subject to final approval of the Polk County Board of County Commissioners. Persons or firms who incur expenses or change position in anticipation of a contract prior to the Board's approval do so at their own risk.

PROPOSAL ACCEPTANCE PERIOD
A proposal shall be binding upon the offeror and irrevocable by it for one hundred and twenty (120) calendar days following the proposal opening date. Any proposal in which offeror shortens the acceptance period may be rejected.

ADDITION/DELETION
The County reserves the right to add to or delete any item from this proposal or resulting agreements when deemed to be in the best interest of the County.

PROPRIETARY INFORMATION
In accordance with Chapter 119 of the Florida Statutes (Public Records Law), and except as may be provided by other applicable State and Federal Law, all proposers should be aware that Request for Proposals and the responses thereto are in the public domain. However, the proposers are required to identify specifically any information contained in their proposals which they consider confidential and/or proprietary and which they believe to be exempt from disclosure, citing specifically the applicable exempting law. Proposers should provide a redacted copy of proposal with submittal, or must provide within thirty (30) days from the Proposal due date.

All proposals received from proposers in response to this Request for Proposal will become the property of the County and will not be returned to the proposers. In the event of contract award, all documentation produced as part of the contract will become the exclusive property of the County.

REVIEW OF PROPOSAL FILES
In accordance with Chapter 119.071 of the Florida Statutes, the responses received for this Request for Proposal are exempt from review for thirty (30) days after the Bid Opening Date or at Recommendation of Award, whichever event occurs first.

Should the RFP be cancelled and re-solicited for any reason, proposal responses shall remain exempt from disclosure for a period not to exceed twelve (12) months or at Recommendation of Award of the subsequent solicitation.

RFP PROTEST: Any proposer desiring to file a protest, with respect to a recommended award of any RFP, shall do so by filing a written protest. The written protest must be in

the possession of the Procurement Division within three (3) working days of the Notice of Recommended Award mailing date. All proposers who submitted a proposal will be sent a Notice of Recommended Award, unless only one proposal was received.

A copy of the protest procedures may be obtained from the Polk County Procurement Division or can be downloaded from the County's website at https://www.polk-county.net/procurement/protest-procedures.

FAILURE TO FOLLOW PROTEST PROCEDURE REQUIREMENTS WITHIN THE TIME FRAMES PRESCRIBED HEREIN AS ESTABLISHED BY POLK COUNTY, FLORIDA, SHALL CONSTITUTE A WAIVER OF THE PROPOSER'S RIGHT TO PROTEST AND ANY RESULTING CLAIM.

UNAUTHORIZED ALIEN(S) The Consultant agrees that unauthorized aliens shall not be employed nor utilized in the performance of the requirements of this solicitation. The County shall consider the employment or utilization of unauthorized aliens a violation of Section 274A(e) of the Immigration and Naturalization Act (8 U.S.C. 1324a). Such violation shall be cause for unilateral termination of this Agreement by the County. As part of the response to this solicitation, the successful consultant will complete and submit the form "AFFIDAVIT CERTIFICATION IMMIGRATION LAWS."

EMPLOYMENT ELIGIBILITY VERIFICATION (E-Verify)

A. Unless otherwise defined herein, terms used in this Section which are defined in Section 448.095, Florida Statutes, as may be amended from time to time, shall have the meaning ascribed in said statute.

B. Pursuant to Section 448.095(5), Florida Statutes, the contractor hereto, and any subcontractor thereof, must register with and use the E-Verify system to verify the work authorization status of all new employees of the contractor or subcontractor. The contractor acknowledges and agrees that (i) the County and the contractor may not enter into this Agreement, and the contractor may not enter into any subcontracts hereunder, unless each party to this Agreement, and each party to any subcontracts hereunder, registers with and uses the E-Verify system; and (ii) use of the U.S. Department of Homeland Security's E-Verify System and compliance with all other terms of this Certification and Section 448.095, Fla. Stat., is an express condition of this Agreement, and the County may treat a failure to comply as a material breach of this Agreement.

C. By entering into this Agreement, the contractor becomes obligated to comply with the provisions of Section 448.095, Fla. Stat., "Employment Eligibility," as amended from time to time. This includes but is not limited to utilization of the E-Verify System to verify the work authorization status of all newly hired employees, and requiring all subcontractors to provide an affidavit attesting that the subcontractor does not employ, contract with, or subcontract with, an unauthorized alien. The contractor shall maintain a copy of such affidavit for the duration of this Agreement. Failure to comply will lead to termination of this Agreement, or if a subcontractor knowingly violates the statute or Section 448.09(1), Fla. Stat., the subcontract must be terminated immediately. If this Agreement is terminated pursuant to Section 448.095, Fla. Stat., such termination is not a breach of contract and may not be considered as such. Any challenge to termination

under this provision must be filed in the Tenth Judicial Circuit Court of Florida no later than 20 calendar days after the date of termination. If this Agreement is terminated for a violation of Section 448.095, Fla. Stat., by the contractor, the contractor may not be awarded a public contract for a period of 1 year after the date of termination. The contractor shall be liable for any additional costs incurred by the County as a result of the termination of this Agreement. Nothing in this Section shall be construed to allow intentional discrimination of any class protected by law.

LIMITATIONS

This request does not commit Polk County to award a contract. Proposers will assume all costs incurred in the preparation of their response to this RFP. The County reserves the right to: 1) accept or reject qualifications and/or proposals in part or in whole; 2) request additional qualification information; 3) limit and determine the actual contract services to be included in a contract; 4) obtain information for use in evaluating submittals from any source and 5) reject all submittals.

ATTORNEY'S FEES AND COSTS: Each party shall be responsible for its own legal and attorney's fees, costs and expenses incurred in connection with any dispute or any litigation arising out of, or relating to this Agreement, including attorney's fees, costs and expenses incurred for any appellate or bankruptcy proceedings.

Prohibition Against Considering Vendor Interests: In accordance with Section 287.05701, Florida Statutes, the County may not (i) request documentation of or consider a Vendor's social, political, or ideological interests when determining if the Vendor is a responsible vendor; or (ii) give preference to a Vendor based on the Vendor's social, political, or ideological interests.

PUBLIC RECORD LAWS

(a) The Consultant acknowledges the County's obligations under Article I, Section 24, of the Florida Constitution and under Chapter 119, Florida Statutes, to release public records to members of the public upon request and comply in the handling of the materials created under this Agreement. The Consultant further acknowledges that the constitutional and statutory provisions control over the terms of this Agreement. In association with its performance pursuant to this Agreement, the Consultant shall not release or otherwise disclose the content of any documents or information that is specifically exempt from disclosure pursuant to all applicable laws.

(b)Without in any manner limiting the generality of the foregoing, to the extent applicable, the Consultant acknowledges its obligations to comply with Section 119.0701, Florida Statutes, with regard to public records, and shall:

(1)keep and maintain public records required by the County to perform the services required under this Agreement;

(2)upon request from the County's Custodian of Public Records or his/her designee, provide the County with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law;

(3)ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the term of this Agreement and following completion of this Agreement if the Consultant does not transfer the records to the County; and

(4)upon completion of this Agreement, transfer, at no cost, to the County all public records in possession of the Consultant or keep and maintain public records required by the County to perform the service. If the Consultant transfers all public records to the County upon completion of this Agreement, the Consultant shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Consultant keeps and maintains public records upon completion of this Agreement, the Consultant shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the County, upon request from the County's Custodian of Public Records, in a format that is compatible with the information technology systems of the County.

(c) **IF THE CONSULTANT HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONSULTANT'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, CONTACT THE COUNTY'S CUSTODIAN OF PUBLIC RECORDS AT:**

Scrutinized Companies and Business Operations Certification; Termination.

A. Certification(s).
   i. By its execution of this Agreement, the Vendor hereby certifies to the County that the Vendor is not on the Scrutinized Companies that Boycott Israel List, created pursuant to Section 215.4725, Florida Statutes, nor is the Vendor engaged in a boycott of Israel, nor was the Vendor on such List or engaged in such a boycott at the time it submitted its bid, proposal, quote, or other form of offer, as applicable, to the County with respect to this Agreement.
   ii. Additionally, if the value of the goods or services acquired under this Agreement are greater than or equal to One Million Dollars ($1,000,000), then the Vendor further certifies to the County as follows:
      a) the Vendor is not on the Scrutinized Companies with Activities in Sudan List, created pursuant to Section 215.473, Florida Statutes; and
      b) the Vendor is not on the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, created pursuant to Section 215.473, Florida Statutes; and

c) the Vendor is not engaged in business operations (as that term is defined in Florida Statutes, Section 287.135) in Cuba or Syria; and
d) the Vendor was not on any of the Lists referenced in this subsection A(ii), nor engaged in business operations in Cuba or Syria when it submitted its proposal to the County concerning the subject of this Agreement.

iii. The Vendor hereby acknowledges that it is fully aware of the penalties that may be imposed upon the Vendor for submitting a false certification to the County regarding the foregoing matters.

B. Termination. In addition to any other termination rights stated herein, the County may immediately terminate this Agreement upon the occurrence of any of the following events:

i. The Vendor is found to have submitted a false certification to the County with respect to any of the matters set forth in subsection A(i) above, or the Vendor is found to have been placed on the Scrutinized Companies that Boycott Israel List or is engaged in a boycott of Israel.

ii. The Vendor is found to have submitted a false certification to the County with respect to any of the matters set forth in subsection A(ii) above, or the Vendor is found to have been placed on the Scrutinized Companies with Activities in Sudan List, or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or has been engaged in business operations in Cuba or Syria, and the value of the goods or services acquired under this Agreement are greater than or equal to One Million Dollars ($1,000,000).

Proposers Incorporation Information

The Successful vendor must complete and submit this form prior to award. The Successful vendor must invoice using the company name listed above.

EXHIBIT 1
DETAILED INSTRUCTIONS ON HOW TO PREPARE AND SEND PERFORMANCE SURVEYS

The objective of this process is to identify the past performance of the Consultant submitting a proposal package. This is accomplished by sending survey forms to past customers. The customers should return the forms directly to the Consultant. The Consultant is to include all surveys in their proposal package.

Sending the Survey

The surveys shall be sent to all clients for whom the Consultant has identified under Tab 3. Surveys should correlate to all projects identified under Tab 3.

If more surveys are included, then Procurement will only use those identified under Tab 3.

1. The Consultant shall complete the following information for each customer that a survey will be sent

CLIENT NAME	Name of the company that the work was performed for (i.e. Hillsborough County).
FIRST NAME	First name of the person who will answer customer satisfaction questions.
LAST NAME	Last name of the person who will answer customer satisfaction questions.
PHONE NUMBER	Current phone number for the reference (including area code).
EMAIL ADDRESS	Current email address for the reference.
PROJECT NAME	Name of the project (CEI Services for Hillsborough County), Etc.
COST OF SERVICES	Cost of services ($1,000,000)
DATE COMPLETE	Date when the services were completed. (i.e. 5/31/2023)

2. The Consultant is responsible for verifying that their information is accurate prior to submission for references.

3. The survey must contain different services/projects. You cannot have multiple people evaluating the same job. However, one person may evaluate several different jobs.

4. The past projects can be either completed or on-going.

5. The past client/owner must evaluate and complete the survey.

Preparing the Surveys

1. The Consultant is responsible for sending out a performance survey to the clients that have been identified under Tab 3. The survey can be found on the next page.
2. The Consultant should enter the past clients' contact information, and project information on each survey form for each reference. The Consultant should also enter their name as the Consultant being surveyed.
3. The Consultant is responsible for ensuring all references/surveys are included in their submittal under Tab 8.
4. Polk County Procurement may contact the reference for additional information or to clarify survey data. If the reference cannot be contacted, there will be no credit given for that reference.

Survey Questionnaire – Polk County

RFP 25-308, Roads & Drainage Construction Engineering and Inspection (CEI) Professional Services

To: _____ (Name of Person completing survey)

_____ (Name of Client Company/Consultant)

Phone Number: _____ Email: _____

Subject: Past Performance Survey of Similar work:

Project name: _____

Name of Vendor being surveyed: _____

Cost of Services: Original Cost: _____ Ending Cost: _____

Contract Start Date: _____ Contract End Date: _____

Rate each of the criteria on a scale of 1 to 10, with 10 representing that you were very satisfied (and would hire the Consultant /individual again) and 1 representing that you were very unsatisfied (and would never hire the Consultant /individual again). Please rate each of the criteria to the best of your knowledge. If you do not have sufficient knowledge of past performance in a particular area, leave it blank.

NO	CRITERIA	UNIT	SCORE
1	Ability to manage cost	(1-10)	
2	Ability to maintain project schedule (complete on-time/early)	(1-10)	
3	Quality of workmanship	(1-10)	
4	Professionalism and ability to manage	(1-10)	
5	Close out process	(1-10)	
6	Ability to communicate with Client's staff	(1-10)	
7	Ability to resolve issues promptly	(1-10)	
8	Ability to follow protocol	(1-10)	
9	Ability to maintain proper documentation	(1-10)	
10	Appropriate application of technology	(1-10)	
11	Overall Client satisfaction and comfort level in hiring	(1-10)	
12	Ability to offer solid recommendations	(1-10)	
13	Ability to facilitate consensus and commitment to the plan of action among staff	(1-10)

EMPLOYMENT ELIGIBILITY VERIFICATION (E-VERIFY) CERTIFICATION

(Florida Statutes, Section 448.095)

PROJECT NAME: Construction Engineering and Inspection (CEI) Professional Services

The undersigned, as an authorized officer of the contractor identified below (the "**Contractor**"), having full knowledge of the statements contained herein, hereby certifies to Polk County, a political subdivision of the State of Florida (the "**County**"), by and on behalf of the Contractor in accordance with the requirements of Section 448.095, Florida Statutes, as related to the contract entered into by and between the Contractor and the County on or about the date hereof, whereby the Contractor will provide labor, supplies, or services to the County in exchange for salary, wages, or other remuneration (the "**Contract**"), as follows:

1. Unless otherwise defined herein, terms used in this Certification which are defined in Section 448.095, Florida Statutes, as may be amended from time to time, shall have the meaning ascribed in said statute.

2. Pursuant to Section 448.095(5), Florida Statutes, the Contractor, and any subcontractor under the Contract, must register with and use the E-Verify system to verify the work authorization status of all new employees of the Contractor or subcontractor. The Contractor acknowledges and agrees that (i) the County and the Contractor may not enter into the Contract, and the Contractor may not enter into any subcontracts thereunder, unless each party to the Contract, and each party to any subcontracts thereunder, registers with and uses the E-Verify system; and (ii) use of the U.S. Department of Homeland Security's E-Verify System and compliance with all other terms of this Certification and Section 448.095, Fla. Stat., is an express condition of the Contract, and the County may treat a failure to comply as a material breach of the Contract.

3. By entering into the Contract, the Contractor becomes obligated to comply with the provisions of Section 448.095, Fla. Stat., "Employment Eligibility," as amended from time to time. This includes but is not limited to utilization of the E-Verify System to verify the work authorization status of all newly hired employees, and requiring all subcontractors to provide an affidavit attesting that the subcontractor does not employ, contract with, or subcontract with, an unauthorized alien. The Contractor shall maintain a copy of such affidavit for the duration of the Contract. Failure to comply will lead to termination of the Contract, or if a subcontractor knowingly violates the statute or Section 448.09(1), Fla. Stat., the subcontract must be terminated immediately. If the Contract is terminated pursuant to Section 448.095, Fla. Stat., such termination is not a breach of contract and may not be considered as such. Any challenge to termination under this provision must be filed in the Tenth Judicial Circuit Court of Florida no later than 20 calendar days after the date of termination. If the Contract is terminated for a violation of Section 448.095, Fla. Stat., by the Contractor, the Contractor may not be awarded a public contract for a period of 1 year after the date of termination. The Contractor shall be liable for any additional costs incurred by the County as a result of the termination of the Contract. Nothing in this Certification shall be construed to allow intentional discrimination of any class protected by law.

RFP 25-308, Roads & Drainage Construction Engineering and Inspection (CEI) Professional Services
Addendum #1(Continued)

Question 1: Can project examples required in Tab 3 include project experience of key staff prior to joining the submitting firm?

Answer 1: No. The projects to be identified are to be projects that have been performed by the Proposer submitting a Proposal.

Tab 3 Experience, Expertise, Personnel and Technical Resources (35 points) States:

Provide a minimum of three (3) and a maximum of five (5) recent projects performed within the past ten (10) years **as the prime firm** performing the CEI services for road infrastructure projects where the construction costs are under $7.0 million. (Limit response to one (1) page per project)

- For each project please provide:
    a) Name and location of the project;
    b) Size and cost of the project;
    c) Project representative name, address, phone number, and email address
    d) Start date, date project was completed or is anticipated to be completed; compare to the original date.
    e) The nature of the firm's responsibility on the project;
    f) Identify the key staff and their role in each project;
    g) Identify working relationship of consultants or joint venture on project, if applicable;
    h) Provide the original budget and the final budget of the project. Explain the reason(s) for differences, such as owner requested change, contractor claim, and insufficient plans and specifications.
    i) List of any time extensions created by item h above.

- Provide an organizational chart of the team highlighting the key individuals who will work on this contract.
- The key staff presented in the consultant's response shall be the staff utilized on this contract. Please provide the resumes of the key staff including, but not limited to, the items in the list below (One (1) page maximum per resume):
    a) Name and current position held by the person
    b) Name, title and project assignment
    c) Experience:
        1) Types of projects.
        2) Size of projects (dollar value of project).
        3) What were their specific project involvements?
- Demonstrate each key staff's availability and office and home location to respond to the needs of the project (Two (2) pages maximum for all key staff member)
- Identify any sub-consultants to be used, if any. For each sub consultant identified please provide:
    - Name of sub-consultant.
    - Address

- Their locations that can be utilized to expedite a deliverable if required.
- A brief description of their experience outlining their qualifications to perform the intended services
- A brief resume for each key personnel that will be assigned to perform the intended services

Question 2: Can project examples required in Tab 3 include project experience from subconsultants?

Answer 2: No, please see answer to question number 1 above.

Question 3: RFP 25-308, Roads/Drainage CEI and wish to clarify the County's instructions for Tab 7 – Staff Availability for Work Assignments (RFP Pg 12) which states "Limit response to two (1) pages maximum." Since pages is plural it appears the intent is for two pages, but there is a conflict so should the number 1 be the number 2, as in (2) pages maximum?

Answer 3: That is correct. The statement on page 12, Tab 7, should read as follows:

Tab 7 – Staff Availability for Work Assignments (5 Points)

- **Describe the firms' current and future projected workload. Describe specifically the ability of the firm to provide staff for project assignments as needed. (Limit response to two (2) pages maximum)**

Bartow, Florida 33830

RE: RFP 25-308 | Roads & Drainage Construction Engineering and Inspection (CEI) Professional Services

Dear Members of the Selection Committee:

AECOM Technical Services, Inc. (AECOM) is excited to present our qualifications to provide Continuing Construction Engineering and Inspection (CEI) Services on a Task Authorization (TA) Basis. We have assembled a team of professionals with the expertise and experience required for the success of your projects in this contract. Our proven management ability, depth and breadth of staff, team member experience, work quality, team reliability, and local presence are the cornerstones that make AECOM perfect for this contract.

AECOM is a full-service Architecture/Engineering (A/E) and CEI firm with over 1,200 talented people throughout Florida, including more than 600 in Central Florida, and over 140+ CEI personnel statewide. We pride ourselves on providing our clients with CEI services that bring projects in on time and within budget, while providing maximum safety and convenience to the public. AECOM is very aware of the importance of this contract, and in coordination with Polk County, we will be proactive in addressing public comments or concerns on any projects assigned. It is our experience that communicating project progress early and often keeps the public and stakeholders informed thereby minimizing potential issues. AECOM is prequalified with the Florida Department of Transportation (FDOT) to provide CEI and design services and has a uniquely clear understanding of the requirements necessary to successfully manage and deliver various projects under this contract. We have developed strong relationships with the County's key personnel involved in roadway construction including traffic operations, and utility coordination. Our team has a deep understanding of the County's priorities and is thoroughly familiar with its processes and procedures.

Our **Senior Project Engineer, Karim Shalaby, PE**, has over 15 years of construction and CEI experience and will be the main contact and team lead. He brings superior project management skills including comprehensive budget and schedule control. He has tasked-based contract experience with Polk County and others including Osceola County and Seminole County. Karim's past experience also includes 10 years as a construction contractor working on very high-profile projects such as the I-4 Ultimate and the Orlando Airport Terminal C, and he brings extensive hands-on contractor experience to the County's projects. Karim will manage all aspects of this contract, including assigning the appropriate staff based on each scope, and will be Polk County's main point of contact.

We have a wide range of talented CEI staff across Orlando and Central Florida available for this contract. They include Project Administrators, Contract Support Specialists, Inspectors and Senior Inspectors. All proposed inspection staff are fully certified per FDOT requirements and bring a wealth of knowledge and experience necessary to perform the full scope of work required for this contract. Several of our team members have a record of performance delivering on prior Polk County task work order projects including CR 547 at Holly Road, Four Corners Boulevard at US 27, and 80 Ft Road and SR 60 Intersection Improvement projects.

Our team has strong experience with task driven contracts, and we commit to seamless execution of the contract.

AECOM will provide many of the services required under this contract and has teamed up with several firms to increase the depth of resources. We recognize the County's desires to include Polk County firms and W/MBE firms. Our teaming partners include: **Keystone Civil, Inc.**, a woman owned firm that will provide inspection services; **Madrid Engineering Group/CPWG**, a Polk County Entity that will serve as our materials testing laboratory; **Test Lab, Inc.**, a DBE/MBE firm that will provide vibration monitoring services as needed; and **Quest Corporation of America, Inc.,** another DBE/MBE company that will assist the County and project team by providing public information and stakeholder coordination throughout the life of the projects. We have enthusiastically teamed with these subconsultants based on previous project experience, their level of professionalism, and work quality.

ORGANIZATIONAL STRUCTURE

Our Bartow office will serve as a local resource offering direct support to our team. AECOM has an extensive network of offices ready to provide full support as needed and are committed to exceeding the County's expectations. Our Corporate Headquarters in Tampa houses a team of highly skilled structural, roadway, drainage, and environmental engineers who are available to assist if required. Our strong management, qualified inspection staff and corporate support has allowed us to be successful on hundreds of CEI projects. The County will have access to our depth of resources with CEI personnel located throughout the State of Florida. Services provided to our clients include the following:

- Construction Engineering & Inspection (CEI)
- Claims Analysis
- Constructability Reviews
- Construction Management
- Contractor QC Programs
- Cost Estimating
- Expert Witness Services
- Materials Testing
- Program Management
- Maintenance of Traffic
- Environmental Monitoring
- Project Scheduling

As your trusted partner, AECOM is dedicated to fostering clear transparent communication, proactive problem-solving, and innovative solutions tailored to the unique needs of your county. Together, we can build infrastructure that enhances connectivity, supports economic development, and improves the quality of life for residents. We look forward to the opportunity to contribute to the success of your projects and to strengthen the foundation of your community for generations to come.

OUR COMMITMENT TO POLK COUNTY

AECOM is committed to the establishment and maintenance of a safe and efficient work environment for all employees free from the effects of alcohol, illegal drugs, and other controlled substances. AECOM has implemented a Substance Abuse Policy and Prevention Program involving substance abuse testing and employee assistance programs.

As you read this proposal you will gain an understanding about our effective project team, our similar contract experience, our understanding of task driven contracts, how we will deliver successful projects to Polk County, and, most importantly, how we are committed to continuing our successful relationship with you. We thank you for this opportunity to present our qualifications and look forward to discussing any questions you may have.

Respectfully submitted,

AECOM Technical Services, Inc.

J. Larry Sauls, PE, Vice President

The Successful vendor must complete and submit this form prior to award. The Successful vendor must invoice using the company name listed above.

Form **W-9**
(Rev. October 2018)
Department of the Treasury
Internal Revenue Service

Request for Taxpayer Identification Number and Certification

▶ **Go to *www.irs.gov/FormW9* for instructions and the latest information.**

Give Form to the requester. Do not send to the IRS.

Print or type. See **Specific Instructions** on page 3.

1 Name (as shown on your income tax return). Name is required on this line; do not leave this line blank.

AECOM TECHNICAL SERVICES, INC.

2 Business name/disregarded entity name, if different from above

3 Check appropriate box for federal tax classification of the person whose name is entered on line 1. Check only **one** of the following seven boxes.

☐ Individual/sole proprietor or single-member LLC ☑ C Corporation ☐ S Corporation ☐ Partnership ☐ Trust/estate

☐ Limited liability company. Enter the tax classification (C=C corporation, S=S corporation, P=Partnership) ▶ _____

Note: Check the appropriate box in the line above for the tax classification of the single-member owner. Do not check LLC if the LLC is classified as a single-member LLC that is disregarded from the owner unless the owner of the LLC is another LLC that is **not** disregarded from the owner for U.S. federal tax purposes. Otherwise, a single-member LLC that is disregarded from the owner should check the appropriate box for the tax classification of its owner.

☐ Other (see instructions) ▶

4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):

Exempt payee code (if any) 5

Exemption from FATCA reporting code (if any) D

(Applies to accounts maintained outside the U.S.)

5 Address (number, street, and apt. or suite no.) See instructions.

1178 PAYSPHERE CIRCLE

Requester's name and address (optional)

6 City, state, and ZIP code

CHICAGO, IL 60674

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN,* later.

Note: If the account is in more than one name, see the instructions for line 1. Also see *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Social security number

			–			–				

or

Employer identification number

9	5	–	2	6	6	1	9	2	2

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

Sign Here **Signature of U.S. person** ▶ Ginger L Claridge **Date** ▶ 01/05/2024

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9.*

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)
- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, *later.*

DOCUMENTATION OF INCORPORATION FROM STATE OF FLORIDA

State of Florida
Department of State

I certify from the records of this office that AECOM TECHNICAL SERVICES, INC. is a California corporation authorized to transact business in the State of Florida, qualified on August 21, 1995.

The document number of this corporation is F95000004014.

AECOM PROFESSIONAL FLORIDA LICENSES/CERTIFICATIONS

FDOT

Florida Department of Transportation

RON DESANTIS
GOVERNOR

605 Suwannee Street
Tallahassee, FL 32399-0450

JARED W. PERDUE, P.E.
SECRETARY

March 31, 2025

Jeff Blazowski, Vice President Transportation Lead
AECOM TECHNICAL SERVICES, INC.
7650 West Courtney Campbell Causeway, Suite 700
Tampa, FL 33607

Dear Mr. Blazowski:

The Florida Department of Transportation has reviewed your application for prequalification package and determined that the data submitted is adequate to technically prequalify your firm for the following professional services types of work per Rule 14-75, F.A.C.:

2.0 - Project Development & Environmental (PDE) Studies

3.1 - Minor Highway Design
3.2 - Major Highway Design
3.3 - Controlled Access Highway Design

4.1.1 - Miscellaneous Structures
4.1.2 - Minor Bridge Design
4.2.1 - Major Bridge Design - Concrete
4.2.2 - Major Bridge Design - Steel
4.2.3 - Major Bridge Design - Segmental
4.3.1 - Complex Bridge Design - Concrete
4.3.2 - Complex Bridge Design - Steel

5.1 - Conventional Bridge Inspection
5.3 - Complex Bridge Inspection
5.4 - Bridge Load Rating

6.1 - Traffic Engineering Studies
6.2 - Traffic Signal Timing
6.3.1 - Intelligent Transportation Systems Analysis and Design
6.3.2 - Intelligent Transportation Systems Implementation
6.3.3 - Intelligent Transportation Traffic Engineering Systems Communications
6.3.4 - Intelligent Transportation Systems Software Development

7.1 - Signing, Pavement Marking and Channelization
7.2 - Lighting
7.3 - Signalization

9.1 - Soil Exploration
9.4.1 - Standard Foundation Studies

10.1 - Roadway Construction Engineering Inspection
10.3 - Construction Materials Inspection
10.4 - Minor Bridge & Miscellaneous Structures CEI
10.5.1 - Major Bridge CEI - Concrete
10.5.2 - Major Bridge CEI - Steel

11.0 - Engineering Contract Administration and Management

13.3 - Policy Planning
13.4 - Systems Planning
13.5 - Subarea/Corridor Planning
13.6 - Land Planning/Engineering
13.7 - Transportation Statistics

14.0 - Architect

15.0 - Landscape Architect

21.0 - Acquisition, Negotiation, Closing, and Order of Taking

24.0 - Acquisition Relocation Assistance

25.0 - Right of Way Clearing and Leasing

Your firm is now technically prequalified with the Department for Professional Services in the above referenced work types. The overhead audit has been accepted, and your firm may pursue projects in the referenced work types with fees of any dollar amount. This status shall be valid until April 01, 2026, for contracting purposes.

Approved Rates

Home Overhead	Field Overhead	Premium Overtime	Home Direct Expense	Field Direct Expense
121.29%	104.11%	Excluded	10.84%	14.02%*

*Rent and utilities excluded from field office rate. These costs will be directly reimbursed on contracts that require the consultant to provide field office.

Per Title 23, U.S. Code 112, there are restrictions on sharing indirect cost rates. Refer to Code for additional information.

Should you have any questions, please feel free to contact me by email at marie.castaneda@dot.state.fl.us or by phone at 850-414-4597.

EMPLOYMENT ELIGIBILITY VERIFICATION (E-VERIFY) CERTIFICATION

(Florida Statutes, Section 448.095)

PROJECT NAME: Construction Engineering and Inspection (CEI) Professional Services

The undersigned, as an authorized officer of the contractor identified below (the "**Contractor**"), having full knowledge of the statements contained herein, hereby certifies to Polk County, a political subdivision of the State of Florida (the "**County**"), by and on behalf of the Contractor in accordance with the requirements of Section 448.095, Florida Statutes, as related to the contract entered into by and between the Contractor and the County on or about the date hereof, whereby the Contractor will provide labor, supplies, or services to the County in exchange for salary, wages, or other remuneration (the "**Contract**"), as follows:

1. Unless otherwise defined herein, terms used in this Certification which are defined in Section 448.095, Florida Statutes, as may be amended from time to time, shall have the meaning ascribed in said statute.

2. Pursuant to Section 448.095(5), Florida Statutes, the Contractor, and any subcontractor under the Contract, must register with and use the E-Verify system to verify the work authorization status of all new employees of the Contractor or subcontractor. The Contractor acknowledges and agrees that (i) the County and the Contractor may not enter into the Contract, and the Contractor may not enter into any subcontracts thereunder, unless each party to the Contract, and each party to any subcontracts thereunder, registers with and uses the E-Verify system; and (ii) use of the U.S. Department of Homeland Security's E-Verify System and compliance with all other terms of this Certification and Section 448.095, Fla. Stat., is an express condition of the Contract, and the County may treat a failure to comply as a material breach of the Contract.

3. By entering into the Contract, the Contractor becomes obligated to comply with the provisions of Section 448.095, Fla. Stat., "Employment Eligibility," as amended from time to time. This includes but is not limited to utilization of the E-Verify System to verify the work authorization status of all newly hired employees, and requiring all subcontractors to provide an affidavit attesting that the subcontractor does not employ, contract with, or subcontract with, an unauthorized alien. The Contractor shall maintain a copy of such affidavit for the duration of the Contract. Failure to comply will lead to termination of the Contract, or if a subcontractor knowingly violates the statute or Section 448.09(1), Fla. Stat., the subcontract must be terminated immediately. If the Contract is terminated pursuant to Section 448.095, Fla. Stat., such termination is not a breach of contract and may not be considered as such. Any challenge to termination under this provision must be filed in the Tenth Judicial Circuit Court of Florida no later than 20 calendar days after the date of termination. If the Contract is terminated for a violation of Section 448.095, Fla. Stat., by the Contractor, the Contractor may not be awarded a public contract for a period of 1 year after the date of termination. The Contractor shall be liable for any additional costs incurred by the County as a result of the termination of the Contract. Nothing in this Certification shall be construed to allow intentional discrimination of any class protected by law.

Executed this 19th day of March, 2025.

TAB 2

Approach to the Project

AECOM

Delivering a better world

TAB 2 APPROACH TO THE PROJECT

PROJECT UNDERSTANDING

AECOM is excited to support Polk County in executing its construction program through this contract, with work assigned on a task-by-task basis under the direction of the County's Project Manager or their designee. To meet the demands of this initiative, we have assembled a highly skilled team with extensive experience in delivering exemplary projects. Our team's proven management ability, reliability, depth of staff, team member experience, work quality, responsiveness, and local presence are the cornerstones of this AECOM team.

Acting as an extension of Polk County, our project approach is to take full ownership of the projects from preconstruction through final acceptance. Our **CEI Project Manager, Karim Shalaby, PE** will prepare a Project Execution Plan (PXP) at the start of each project. This PXP will be used in developing a strategic plan to fully document and communicate the plan to all project team members and ensure successful execution of the project. The PXP will include stakeholder information, scope of services, staffing plan, project schedule, budget data, quality assurance program, and other pertinent information necessary to effectively build a cost-effective project that meets the needs of the Polk County. We will establish communication and information sharing with the Engineer of record and ensure the project has been thoroughly vetted prior to construction activities commencing.

Interpretation of the Scope

The Scope of Services for this contract will utilize Task Authorizations (TA) to provide CEI personnel directly to Polk County for construction projects. AECOM will oversee, organize, and manage every aspect of these construction projects. As the CEI consultant, we will lead pre-construction activities, oversee field construction, and ensure thorough documentation of all materials and activities. Regardless of the work required under this contract, AECOM's extensive and skilled team is equipped to meet the County's needs.

To deliver on this scope, Polk County requires a team that proactively offers solutions for seamless project execution, understands the intricacies and critical aspects of construction, and effectively addresses stakeholder needs and concerns—**AECOM is that team.** We are committed to your success and promise to deliver CEI services you can rely on, ensuring that these projects are completed efficiently and in complete compliance.

Contract Approach

AECOM is committed to providing comprehensive CEI services to Polk County through Task Authorizations (TA), ensuring that every aspect of construction projects is meticulously managed. As the CEI consultant, AECOM will lead pre-construction activities, oversee field construction, and ensure thorough documentation of all materials and activities for each project. Our skilled team is equipped to meet the County's needs, offering proactive solutions for seamless project execution, understanding the intricacies of construction, and addressing stakeholder concerns effectively. We promise to deliver reliable CEI services, ensuring projects are completed in compliance with the plans and specifications.

Our contract approach emphasizes communication and organization to exceed Polk County's expectations. Led by Senior Project Engineer Karim Shalaby, PE, our team is not only industry-savvy but also deeply knowledgeable about the requirements necessary to construct and document construction projects. We will initiate a Kickoff Meeting to align with the County's expectations and introduce AECOM's processes. Weekly progress meetings will facilitate ongoing communication and strategic staffing for upcoming projects. Our team is prepared to provide maximum staffing coverage, offering a diverse, experienced, and highly qualified management and inspection staff to support a wide range of construction projects, from roadway widening, bridge construction, intersection improvements and pedestrian facilities, our team has the competent staff to fulfill all CEI requirements.

Task Authorization Process

The TA development process will be defined by the project, which type of inspection services will be required, and the date services are authorized to begin. This delivery method offers maximum flexibility to Polk County by providing premier CEI staff based on type of work being performed. Karim understands our team must be proactive, flexible, accurate, and responsive to successfully management this contract.

AECOM has developed a systematic, 5-step TA development and delivery process that anticipates the County's needs and delivers the required services as an extension of County staff. This programmatic approach enables us to perform multiple TAs concurrently. It includes:

1. **TA Identification:** We will obtain the latest plans to review and develop a manhour estimate to determine the number of inspection staff needed based on anticipated contract duration.

2. **TA Development and Processing:** After receiving an approved manhour estimate from Polk County, Karim will develop an estimated Fee Sheet based on contract billing rates. Once finalized, the Fee Sheet will be sent to the County where Karim will coordinate with the County's PM to define each task's particulars and create the required contractual documents for execution.

3. **TA Execution:** Once staff selection has been made by the County, Karim will immediately notify them to discuss the project assignment particulars and ensure they are ready for mobilization.

4. **TA Amendment:** If additional funds are required to complete the project, we will process an Amendment Request promptly, striving to allow sufficient time for processing, approval, and execution.

5. **TA Completion:** For projects that have been Final Accepted, accomplish the contract objectives.

Karim will communicate with the County PM to ensure all required documents have been submitted by the inspector(s). He will promptly submit final invoices and process the required documentation so that any unused funds can be re-encumbered for use on other assignments. Our team strives to close out the project as efficiently and expeditiously as possible, confirming all invoices have been completed before commencing closeout procedures.

Personnel Review and Approval: Once a TA has been approved, Karim will thoroughly review the eligible staff resumes to gauge their expertise and experience for the task being considered. There is a substantial difference between an inspector being "certified" versus "qualified." While an inspector may hold all the necessary certifications for a particular work element, they may not have gained the necessary field experience to be qualified for assignments. Karim will only submit qualified candidates and will follow-up periodically with the County's PM to verify the CEI staff's performance, especially for new projects, and immediately address any issues noted.

Performance Measures

AECOM recognizes the importance of completing a project on time and within budget. Our inspection team will work closely with the Contractor to help them anticipate and avoid potential job-delaying issues. We know performance expectations are high and are committed to exceeding Polk County's goals and objectives.

Budget Control

Budget control is a critical aspect of managing CEI TWO-based contracts, and AECOM employs a structured approach to ensure financial oversight and accountability throughout the project lifecycle. Our team meticulously tracks expenditures against the approved budget, utilizing advanced project management tools to monitor costs in real-time and identify potential variances early. By maintaining open communication with the contractor, we ensure that any necessary adjustments are discussed and implemented promptly to avoid budget overruns. Additionally, we emphasize detailed documentation and reporting to provide transparency and facilitate informed decision-making. This proactive approach allows us to deliver projects within budget while maintaining the highest standards of quality and efficiency.

Communication

Clear and consistent communication is essential for the success of any CEI project. By maintaining open lines of communication, directions become easier to understand, reducing ambiguity and misinterpretations, and fostering greater trust among all stakeholders. AECOM emphasizes communication to ensure contract requirements are met and projects succeed. Our local team, led by proactive Senior Project Engineer, Karim Shalaby, guarantees professional and productive communication, whether in person, via email, or by phone. Karim's communication skills ensure that everyone, from the contractor to the County, is always fully informed.

Our inspection staff exhibit high-level participation and professionalism by maintaining accurate field records, taking project photos, and keeping action item logs. They monitor projects for safety concerns, such as proper MOT, and provide inspection reports, project-related correspondence, and detailed daily work reports. They identify and report discrepancies and document field decisions in accordance with CEI management. Equipped with mobile offices, including laptops with wireless internet access, tablets, digital cameras, smartphones, and scanner/printer units, our inspectors ensure uninterrupted communication and facilitate daily documentation of accurate, detailed inspection. observations.

Project Staffing

AECOM employs a systematic approach to staffing task work order-based contracts, ensuring efficient resource allocation and continuity across assignments. Upon receipt of a task order, the Project Manager reviews the scope of work and selects a Task Order Manager with the appropriate skill set and site knowledge, including familiarity with regulatory requirements. Together with discipline leaders and subconsultants, the team identifies and mobilizes qualified personnel tailored to the task's needs. This includes leveraging AECOM's robust resource management tools to balance workloads and share resources among task orders when practical. Staff assigned to this contract is illustrated on the Organizational Chart shown in TAB 7.

Staff assigned to a task order remain dedicated for its duration, with backup staffing plans in place to address unexpected demands or personnel changes. AECOM's matrix organization allows for seamless coordination, ensuring timely, cost-effective performance while maintaining flexibility to adapt to fluctuating project requirements. Additionally, we collaborate with SBE/DBE subconsultants to assign specialized personnel as needed. Once a task order is completed, team members may be reassigned to other projects within their regional or local operating units depending on the timing of future task assignments.

Constructability Review

No set of design plans are perfect. We understand the importance of identifying potential construction issues ahead of time so that cost-effective solutions can be developed and implemented before they impact the project schedule and budget. Prior to construction commencing, AECOM will perform an in-depth constructability review of the project plans, and address any irregularities or inconsistencies. This review will set the start of construction on solid footing and help minimize future disputes.

Utility Relocations

AECOM employs a structured and proactive approach to managing utility relocations, ensuring minimal disruptions to project timelines and public services. Our process begins with thorough coordination during the preconstruction phase, where we engage with utility providers to identify potential conflicts and establish clear relocation schedules. We review design plans meticulously to pinpoint utility impacts and collaborate with stakeholders to develop strategies that align with project goals.

During construction, our team maintains close communication with utility companies, contractors, and project owners to monitor progress and address any unforeseen challenges promptly. We engage our expertise in conflict resolution to mitigate delays, ensuring that relocations are completed efficiently and in compliance with all regulatory requirements. Additionally, we prioritize public safety and service continuity by implementing temporary measures, such as rerouting utilities, where necessary. By fostering strong partnerships with utility providers and employing rigorous oversight, AECOM ensures that utility relocations are seamlessly integrated into the overall construction process, minimizing risks and maintaining project momentum.

Maintenance of Traffic (MOT)

Proper MOT on a construction project is important from both a safety and public relations point of view. AECOM will verify that the Contractor implements the MOT Plan per the contract documents. From experience we have found that noise and dust and the most common complaints on construction projects. Our team will discuss this with the Contractor at the Pre-Construction Meeting to ensure the industry's best practices are implemented. Further, our field staff will verify MOT devices are approved and installed for efficiency and effectiveness to ensure the safety of the traveling public. Any deficiencies that are not immediate safety hazards are to be corrected within 24-hours.

Permitting

AECOM's management team excels in coordinating access permits and in-place construction agreements to ensure seamless project execution. Our approach begins with a thorough review of all relevant permits and agreements during preconstruction to identify specific requirements or constraints that may impact construction activities. We collaborate closely with regulatory agencies, local authorities, and stakeholders to fully understand the conditions and stipulations tied to these permits and agreements.

Throughout the project, we maintain open communication with all involved parties, providing timely updates and addressing any emerging issues. We ensure compliance with the terms of access permits and agreements, including adherence to designated access routes, specified timeframes, and necessary safety measures. By integrating these requirements into our project management processes, AECOM minimizes disruptions and ensures regulatory compliance. Our proactive coordination efforts streamline construction operations, mitigate conflicts, and foster positive relationships with regulatory bodies and the community.

Environmental

Projects assigned may run through environmentally sensitive land. AECOM will take a proactive role in ensuring the Contractor complies with all environmental permit requirements. When required, our team will also make sure a thorough survey is completed for endangered species along with additional preemptive measures listed below.

1. We will meet with the Contractor(s) to address any permitting concerns related to wetlands and/or protected species prior to initiation of construction activities.

2. We will review and establish a strong working knowledge of state and federal environmental permit criteria pertaining to these projects. Based on this knowledge, we will examine construction documents and utility agreements to ensure consistency with state and federal permit requirements and thresholds.

3. We will verify the Contractor(s) is conducting inspection, preparing reports and monitoring all stormwater pollution prevention measure associated with the project.

Community Outreach and Public Information

As we have learned firsthand working on the West Pipkin Road project, public engagement and community outreach is an ongoing continuous effort throughout the life of the project. We understand the impacts a roadway construction project can have on residents and businesses. We teamed with **Quest Corporation of America, Inc. (Quest)** to efficiently and effectively handle public information and address citizen concerns. AECOM has worked closely with Quest on many projects and enjoy a great working relationship with their team. They will keep stakeholders abreast of project activities – emergency responders, elected/appointed officials, and FDOT, to name a few. They will compose media-related announcements for the project as well as coordinate meetings with the public. Quest will work closely with Polk County's Community Outreach staff to ensure information dissemination is in the County's preferred format and frequency. Quest is also particularly adept with social media usage and live interviews in support of notifications to the traveling public regarding ongoing traffic issues on active construction projects.

Addressing Unexpected Issues

Unexpected issues are an inevitable part of any project, and the response from the project manager and team is crucial to determining the project's success. Effective communication is the cornerstone of issue prevention and resolution. Should an unexpected issue arise, our project manager will act swiftly to gather all relevant facts and promptly report and discuss them with the County Project Manager. Together, they will evaluate alternatives and implement the most suitable solution to keep the project on track and within budget.

AECOM adheres strictly to authorized work protocols. Any proposed changes to the negotiated assignment scope will be

thoroughly discussed between the AECOM Project Manager and Polk County. Our project manager will prepare a draft amendment to the scope, detailing the changes and providing a draft cost estimate for the additional work. These documents will be forwarded to the County for review and feedback. Following this, the finalized scope amendment and cost estimate will be presented as a formal task work order for approval and signature by the appropriate County personnel.

On-Site Project Safety

AECOM has a corporate commitment to Safety exhibited by direct involvement from our **Vice President of CEI Services, Larry Sauls, PE**. Our team begins each meeting with a safety moment to remind each of our project team members of its importance in our daily lives. We also participate in Contractor tailgate meetings and hold special joint meetings when beginning a new work activity on the job. In addition, AECOM holds monthly safety staff meetings to maintain and reinforce awareness on safety protocol.

Materials and Testing Services

The Materials Testing and Acceptance services required for this project will be coordinated through **Madrid Engineering Group/CPWG**, who are FDOT-certified for testing construction materials. We will begin the Materials Testing and Acceptance process by reviewing the Contract Documents including any geotechnical testing required or coordination needed. For those materials requiring sampling and testing for acceptance, our PA and CSS will use a standard spreadsheet for the entry of Quality Control (QC) test results performed by the contractor, Verification (V) test results performed by AECOM as the CEI, and Resolution (R) test results should the need arise. A third-party engineering and testing laboratory shall be used in the event Resolution testing is required. Our CEI inspection staff will observe, inspect, and report daily Contractor construction activities to ensure the work is performed with strict adherence to the approved contract documents and the project is constructed in reasonable conformity with such documents. For non-FDOT projects, we have developed proven spreadsheets that accurately track materials testing information. We will share this information with the Contractor and their QC Team weekly so if any materials issues arise, we can resolve quickly.

Documentation

AECOM's staff demonstrates proficiency in utilizing various software tools, including SharePoint, electronic timesheets, mobile inspector applications, and spreadsheets, to document materials testing and sampling results efficiently. These tools support the project review process and ensure comprehensive and routine documentation. Digital records for all project documentation are securely maintained on AECOM's SharePoint site and the Tampa server, ensuring safe recordkeeping throughout the contract duration. Our CEI staff meticulously document the Contractor's work and inspection activities in Daily Work Reports (DWRs), prepared daily by inspectors to capture all site activities, including contractor operations, site visits, and significant events. Observations of quality assurance issues or defects are promptly communicated to the Contractor and documented in the DWR. AECOM prioritizes thorough documentation from the project's inception, maintaining detailed records of daily operations, manpower, equipment, and events, including weather impacts and incidents such as traffic or construction accidents, to ensure safety and continuous improvement.

Digital Photography/Videography

Documenting project sites is a crucial yet often underestimated task that provides valuable and typically indisputable information during the construction process. Issues frequently arise during construction that necessitate reviewing pre-construction photographic or video documentation, which also serves as a key element in defending claims against stakeholders such as the County. Throughout the project, our team ensures the documentation of as-built conditions in an electronic working set of plans. These are reviewed monthly by our Senior Project Engineer as part of our Quality Assurance Program, with a complete and accurate set delivered to the County upon project completion. This precision is essential for facilitating future modifications or additions by clearly identifying existing conditions. Additionally, as-builts are vital for permit closeouts, ensuring compliance with all permit requirements, including specifications for elevations, drainage structures, swales, and floodplain compensation areas. Our team also conducts thorough reviews of certified as-builts submitted by the Contractor to ensure all standards are met.

Project Closeout

As projects approach completion, AECOM ensures that all closeout duties are meticulously monitored and accomplished. This includes reviewing as-built drawings, shop drawings, Operations and Maintenance (O&M) Manuals, and warranties for completeness and accuracy. To streamline this process, we adopt a proactive approach by finalizing documentation throughout the project lifecycle. Utilizing tools like Adobe or Bluebeam, we incorporate plan changes such as RFIs into the as-builts electronically, avoiding last-minute rushes. Additionally, as per the latest Standard Specifications, contractors are required to submit certified as-built drawings and surveys for all surface water management systems, signed and sealed by a licensed professional in Florida. This requirement is communicated early to ensure adequate review time before submission to permitting agencies.

AECOM's success in project closeouts stems from early communication and collaboration with contractors, owners, and maintenance teams for elements like signalization that require ongoing attention post-acceptance. Deficiency lists are actively maintained and discussed during weekly meetings to track and resolve outstanding issues efficiently. This structured approach ensures seamless project completion and compliance with all regulatory and contractual obligations.

RFP #25-308 Roads & Drainage Construction Engineering and Inspection Professional Services

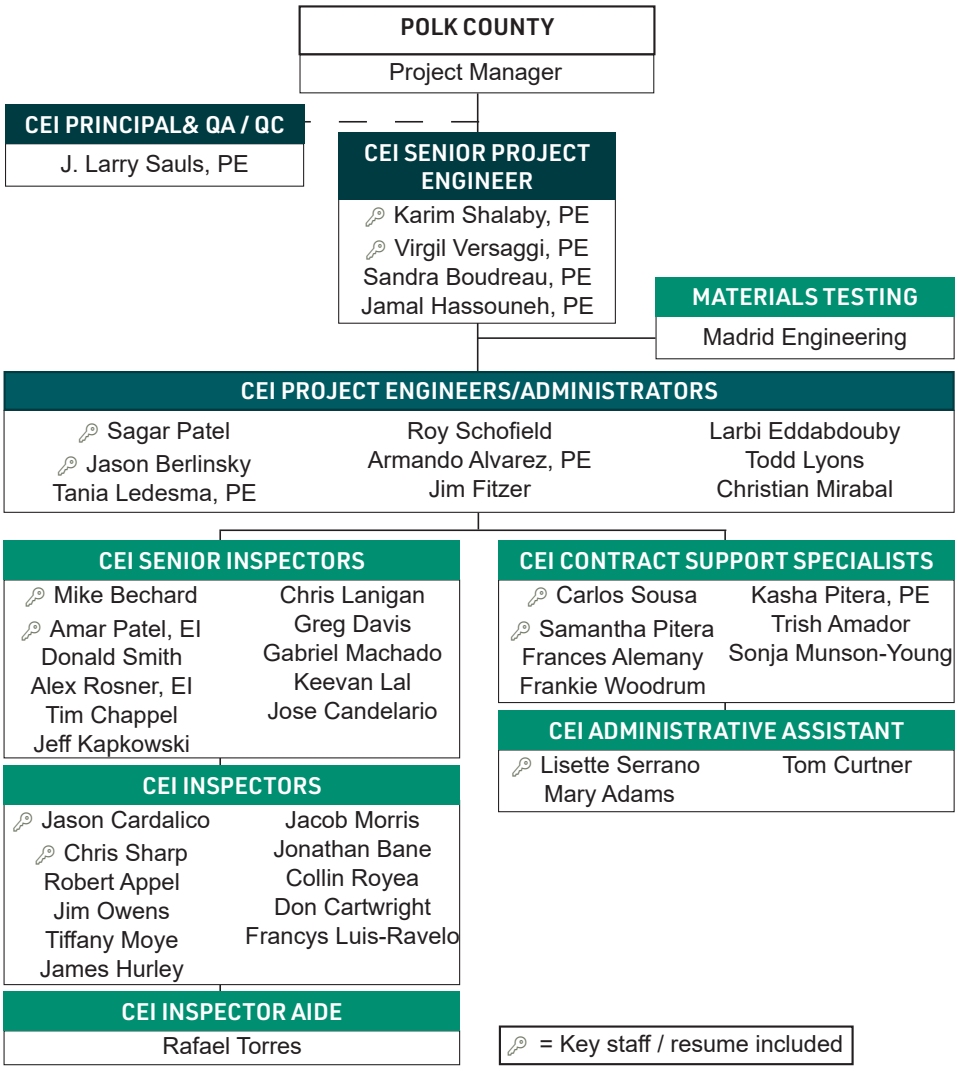
This Task Work Order-based contract is a $3M contract to manage and provide scheduling of CEI staff for projects administered by Hillsborough County including resurfacing with rail coordination, sidewalks, transportation maintenance, claims analysis projects. Other responsibilities include coordination of staff between projects, providing manhour estimates for upcoming projects, budget tracking of staff hours, and review and approval of monthly invoices.

TEAM ORGANIZATIONAL CHART

As depicted on the organizational chart, Karim Shalaby, PE will act as your primary point of contact. Our team is streamlined to facilitate all work and communication. We have the depth of resources to support this contract as required. We also have experts to assist with any type of need that may arise. In addition, our team will partner with local subconsultants for support services as necessary.



RESUMES OF AECOM TEAM PERSONNEL

On the following pages are one-page resumes of AECOM personnel named on the below Team Organizational Chart. Resumes for the identified subconsultant firms are included in the Subconsultant's Qualifications and Resume Section of Tab 3.

Karim S. Shalaby, PE

CEI Senior Project Engineer / Contract Manager

Mr. Shalaby is a Civil Engineer and Project Manager with field and management experience working in heavy-civil highway construction. In his 15 years in the construction industry, Mr. Shalaby has 10 years working directly on the contractor's side with extensive hands-on construction experience working on large, public-private-partnership (P3), joint venture, and design-build projects. He has brought these valuable contractor and construction management expertise to the owner's side since 2020 managing a variety of CEI projects representing different owners, government and local agencies across the Central Florida region.

Senior Project Engineer, Polk County West Pipkin Road Improvements, Lakeland, FL – Project # 5400128 (5/2023 – Present). Senior Project Engineer on this $44M roadway reconstruction and improvement project on W. Pipkin Road from Medulla Road to Florida Ave S (SR-37) for Polk County, Florida. The scope includes new roadway construction, roadway widening, milling and resurfacing, utility relocation, drainage, concrete box culvert construction, lighting, signalization, maintenance of traffic, sidewalks and signing & pavement markings.

Senior Project Engineer, Polk County Four Corners Blvd at US 27 Intersection, Four Corners, FL – Project # 5400169 (3/2024 – 11/2024). Senior Project Engineer on this intersection improvement project for Polk County, Florida. The main scope includes adding and extending turn lanes, upgrading existing traffic and pedestrian signals, milling and resurfacing, concrete sidewalks, and signing and pavement markings.

Senior Project Engineer, Polk County CR 547 at Holly Hill Rd/Orchid Dr Intersection, Davenport, FL – Project # 5400167 (3/2023 – 10/2023). Senior Project Engineer on this intersection improvement project for Polk County, Florida. The main scope includes construction of a new mast arm signalized intersection, roadway widening, milling and resurfacing, concrete sidewalks, driveways and signing and pavement markings.

Senior Project Engineer, Osceola County Boggy Creek Road Widening & Reconstruction, Kissimmee, FL – Project # ITB-23-13689-MM (10/2023 – Present). Senior Project Engineer on this $90M roadway widening and reconstruction project on Boggy Creek Road from Simpson Road to Narcoossee Road for Osceola County, Florida. The scope includes new roadway construction, roadway widening, milling and resurfacing, utility relocation, drainage, concrete box culvert construction, lighting, watermain and sewer force-main relocation, signalization, maintenance of traffic, sidewalks and signing & pavement markings.

Senior Project Engineer, Seminole County Lake Mary Blvd at Country Club Road Intersection, Lake Mary, FL – Project # CC-5761-24/MAG (9/2024 – Present). Senior Project Engineer on this intersection improvement project for Seminole County, Florida. The main scope includes construction of a new mast arm signalized intersection, drilled shafts, roadway widening, milling and resurfacing, concrete sidewalks, driveways and signing and pavement markings.

Senior Project Engineer, FDOT, District 5, Orlando Operations CEI Group 248, Orlando, FL – Contract # CAT78 (9/2024 – Present). Senior Project Engineer on this CEI Group 248 for FDOT District 5's Orlando Ops. The group includes two milling and resurfacing projects:

- *447104-1 SR 500 (Orange Blossom Trail) from SR 50 to SR 414 Ramps*
- *448801-1 SR 416 (Silver Star Rd) from SR-438 (Princeton St) to SR-500 (US 441)*

Both projects involve asphalt resurfacing, roadway widening, safety improvements, traffic signal upgrades, and sidewalk improvements.

Virgil Versaggi, PE

CEI Senior Project Engineer

Mr. Virgil Versaggi has over 16 years of construction inspection and engineering. He has gained practical experience in the field of transportation engineering including aspects of planning, environmental engineering, traffic operations, surveying and mapping and bridge maintenance and utility coordination. Virgil has successfully completed projects that included new construction, design-build, expansion of existing highway systems, foundations, final estimates, quality control, survey, reports, supplemental agreements, claims, and change orders, and unexpected and planed utility coordination/relocation/impacts.

Experience

Senior Project Engineer, SR 55 (US 19) from W. Jump Court to County Road 44 (W. Ft. Island Trail), FDOT District Seven, Citrus County, FL (01/25-Present). This is a $52M construction project consisting of the reconstruction of SR 55 (US 19) including widening, milling, and resurfacing, drainage, sidewalk/shared use path, signing, pavement marking, signalization, lighting, and utility relocations from W. Jump Ct., northerly 4.805 miles, to County Road 44 (W. Ft. Island Trail). The project stormwater ponds discharge directly to Outstanding Florida Waters and environmental considerations are extremely important. The project geology includes a limestone layer close to the existing ground elevation contributing to numerous subsurface anomalies requiring remediation by compaction grouting and shallow subsurface polyurethane injection grouting. The project corridor is adjacent to the Crystal River Airport and includes numerous large businesses requiring communication and coordination for ingress/egress. There are four UWHCA's included with the project and 9 other UAOs through the corridor. The project also went through a default of the original contractor. AECOM continues to successfully guide the Surety and Completion Contractor through issue resolution to complete construction of the project.

Senior Project Engineer, SR 30 (US 98) from West of SR 377 (US 319) to Ochlocknee Bay Bridge, FDOT District Three, Franklin County, FL (09/24-Present) This project is a two-lane rural resurfacing, restoration, and rehabilitation (RRR) project consists of roadway milling and resurfacing, signing and pavement markings, and installation of articulating block slope protection. Project Value: $15M

Senior Project Engineer, CEI Services for Heartland Ops Campus – Peace River, Hardee County, FL (07/24- Present). This $40M+ (Federally Funded) for the construction of a new FDOT Heartland Operations Center in District 1. Project consists of roadway widening, site development, and building construction [H1I32 Contract:]

Senior Project Engineer, Design-Build Gateway Express Lanes, Pinellas County, FL (05/23-Present). Responsible for the structural and roadway construction of the Gateway Expressway, a connection from US-19 to I-275 and Bayside Bridge to I-275 in a very urban area (elevated roadway) and widening of I-275 (concrete pavement) to create express toll lanes (federally funded). Coordination and supervision of in-house and sub-consultant inspectors; assigning daily tasks to CEI personnel; reviewing daily reports for completeness and accuracy; addressing contractor constructability concerns and issues; utility coordination for relocation and identification/protection of infrastructure; tracking and recording pay quantities for periodic and final estimates; reviewing and negotiating Notice of Intents; processing and tracking change orders; coordination of shop drawings; processing and responding to RFI's, RFM's and NCR's; reviewing contractor monthly schedules; tracking and processing weather days; coordinating and conducting Progress and Pre-Activity Meetings; addressing concerns of local residents, businesses and stakeholders; coordinating bridge inspection closeout activities with the EOR, County, and FDOT for inspection and acceptance; and overseeing closeout of project. Project Value: $625M

Sagarkumar ("Sagar") J. Patel

CEI Project Engineer / Administrator

Mr. Sagar Patel is technically knowledgeable in designing and supervising large-scale public work construction projects, such as roads, bridges, tunnels, dams, and buildings. He has experience in estimating, surveying, inspecting and other general Civil Engineering activities as well as demonstrated knowledge and application of FDOT Standard Plans and Specifications for Road and Bridge Construction. Mr. Patel is also proficient in Bluebeam, Primavera P6, AutoCAD, Civil 3D, Revit, ArcGIS, MicroStation, MS Project, MS Office.

CEI Project Administrator, W Pipkin Road Widening, Polk County, FL (04/23-Present). This $44M county project consists of reconstructing West Pipkin Road from an existing two-lane configuration to a four-lane urban section in Lakeland, Florida. The limits of construction begin at Medulla Road and extends 3.8 miles to the east and ends at S Florida Ave (SR 37). The scope of work includes, but is not limited to, utility adjustments, maintenance of traffic, and roadway construction including drainage, temporary sheet piling, retaining walls, curb and gutter, concrete sidewalk and driveways, ponds, fencing, sod, traffic signal installation with pedestrian features, lighting, signage, and pavement markings.

CEI Project Administrator, Four Corners Blvd. and US 27 (SR 25), Polk County, FL (03/24-11/24). The $1.3M project consists of the Four Corner Blvd. widening at US 27 which includes eastbound left, thru, and a right turn lane, westbound lane, and an extension of the northbound left turn lane on US 27. The work includes, but is not limited to, roadway construction, including modifications to existing signalization and pedestrian features, signing and pavement markings, maintenance of traffic, and Utility relocation.

CEI Project Administrator, CR 547 at Orchid Dr. / Holly Hill Rd Intersection Project (04/23-10/23). The $1.7M proposed improvements included a traffic signal, sidewalk, and dedicated turn lanes on all four legs of the intersection. This includes eastbound left and right turn lanes, a northbound left turn lane, a southbound left turn lane and a westbound left turn lane.

Major Projects

448036-1 – Alt US 19/SR 595/5th Ave. N from SR 687/4th St. N to N of 58th St. N
449128-1 – Alt US 19/SR 595/5th Ave. N from 22nd St N to 55th St N
256774-2 – US 19 (SR 55) from N of SR 580 (Main St.) to Northside Dr.
256774-3 – US 19 (SR 55) from Northside Dr. to N of CR 95
405600-2-52-45 – SR 600(N. Dale Mabry Highway) at W. Tampa Bay Blvd., Hillsborough (Fast Response Project)

CEI Project Administrator, Thomasson Drive Beautification Project, Collier County, FL (06/21-08/21). This $6M pay item project is in Collier County on Thomasson Drive between Hamilton Avenue and Orchard Lane. AECOM provided CEI services for the improvements under this contract which consisted of constructing a roundabout, roadway widening, milling and resurfacing, excavation, embankment, subgrade, base, drainage improvements, performance turf, curb and gutter, lighting, landscaping, irrigation, hardscaping, signing and pavement markings. Responsibilities included obtaining final field measurements of work completed, checking final quantities and calculations, performing plan quantity analyses, assisting with the preparation of the final estimate package and reviewing final as-builts. This was a value-added, non-billable role.

Jason Berlinsky

CEI Project Administrator

Jason Berlinsky has over 36 years of experience in heavy highway construction including equipment operation, construction surveying, inspection, supervision, and construction contract management. His background includes MSE retaining wall construction, bridge structures, mass excavation, clearing and grubbing, finish grading, stabilized subgrade, base operations, paving. He has successfully delivered projects through both design-bid-build and design-build methodologies.

Experience

Project Administrator, SR 55 (US 19) from W. Jump Court to County Road 44 (W. Ft. Island Trail), FDOT District Seven, Citrus County, FL (11/18-Present). This is a $52M construction project consisting of the reconstruction of SR 55 (US 19) including widening, milling, and resurfacing, drainage, sidewalk/shared use path, signing, pavement marking, signalization, lighting, and utility relocations from W. Jump Ct., northerly 4.805 miles, to County Road 44 (W. Ft. Island Trail). The project stormwater ponds discharge directly to Outstanding Florida Waters and environmental considerations are extremely important. The project geology includes a limestone layer close to the existing ground elevation contributing to numerous subsurface anomalies requiring remediation by compaction grouting and shallow subsurface polyurethane injection grouting. The project corridor is adjacent to the Crystal River Airport and includes numerous large businesses requiring communication and coordination for ingress/egress. There are four UWHCA's included with the project and 9 other UAOs through the corridor. The project also went through a default of the original contractor. AECOM continues to successfully guide the Surety and Completion Contractor through issue resolution to complete construction of the project. [FPID: 405822-3-52-01] *FDOT Reference: Alehandro Pina, Project Manager (352) 848-2543*

Project Administrator, SR 35 (US 17) from DeSoto County Line to CR 634 (Sweetwater Road), FDOT District One, Hardee County, FL (8/16-10/18). This $23.5M A+B/Incentive-Disincentive construction project consisted of widening, reconstruction, widening of Bridge No. 060001, reconstruction of Bridge No. 060063, new construction of Bridge Nos. 060061 and 060062, soundwall construction, drainage improvements, signing and pavement marking for SR 35 (US 17) from DeSoto County Line northerly approximately 4.952 miles to CR 634 (Sweetwater Road). *FDOT Reference: Randall James, PE, Project Manager (863) 491-1802.*

CEI Project Manager, Various Continuing Services, District Wide and Hybrid Contracts, FDOT Districts One and Seven, FL (2013-2017). Responsible for coordination and communication of staffing requests, preparation, and issuance of subconsultant task work orders and contracts, submittal of ARF's & AARF's, Consultant Fee Sheet preparation, timesheet approval correspondence, budget tracking report submittals, monthly invoice submittals and Project Cost Redistribution posting. *FDOT Reference: Conrad Campbell (813) 323-1205.*

Project Administrator, US 41 (SR 45) from I-275 to Hillsborough County Line and US 41 (SR 45) at Piney Point Road and Dock Street (Port Manatee), FDOT District One, Manatee County, FL (12/15-10/16). This $17M A+B/Incentive-Disincentive roadway construction project included reconstruction and widening of US 41 and modifications to the US41 Port Manatee entrances and Piney Point and Dock Streets. The project included concrete pavement construction, milling and resurfacing, I-275 ramp improvements, urban and rural drainage improvements, box culvert construction, lighting, signalization, landscaping, Port Manatee architectural sign construction, signing and marking, and utility adjustments. Coordination with CSX was also required for paving operations. [FPIDs: 196114-2-52-01 and 196114-3-52-01] *FDOT Reference: Alex Adames, Project Manager (941) 708-4402*

Project Administrator, Honore Avenue/Pinebrook Road Extension Phase VII, FDOT District One, Sarasota County, FL (5/14-5/16). This $11.5M construction project consisted of over 3.5 miles of new two-lane divided roadway between Laurel Road and SR 681. The project included a five-span, 413 LF bridge over Fox Creek utilizing AASHTO Type III beams, over 4,000 LF of 18-inch and 24-inch prestressed concrete pile, over 250,000 pounds of reinforcing steel and just under 1,000 CY of structural concrete. The project also included MOT, erosion control, earthwork with two pond liners, over 16,000 LF of storm drainage, subgrade, base, asphalt, curb & gutter, landscaping, signing, pavement markings and two new signalized intersections at SR 681 and Laurel Road. *County Reference: Robbin Levar, Project Manager (941) 650-9815.*

Michael A. Bechard

CEI Senior Inspector

Mr. Michael Bechard started on the ground floor in the construction engineering and inspection field. He utilizes his civil engineering degree by applying the principals he learned in several of his classes, including Capstone Transportation Design, Transportation Engineering II, Geotechnical Engineering II, Transportation & Society, Concrete Construction Materials, Concepts of Steel Design, Water Resources, and Environmental Systems Engineering, to his new role. Additionally, he is proficient in AutoCAD (2014).

Experience

Senior Inspector, W Pipkin Road Widening, Polk County, FL (01/25-Present). This $42M county project consists of reconstructing West Pipkin Road from an existing two-lane configuration to a four-lane urban section in Lakeland, Florida. The limits of construction begin at Medulla Road and extends 3.8 miles to the east and ends at S Florida Ave (SR 37). The scope of work includes, but is not limited to, utility adjustments, maintenance of traffic, and roadway construction including drainage, temporary sheet piling, retaining walls, curb and gutter, concrete sidewalk and driveways, ponds, fencing, sod, traffic signal installation with pedestrian features, lighting, signage, and pavement markings. [Polk County Project No.: 5400128] *Polk County Reference: Doug Gable, Project Manager (863) 535-2285.*

Senior Inspector, I-75 at SR 72 Interchange Improvements, FDOT District One, Sarasota County, FL (09/21-01/25). Project administration and CEI services on this $53M Interchange Improvement project. This contract consists of improvements for the interchange at SR 93 (I-75) and SR 72 (Clark Road) in Sarasota County in the form of a Diverging Diamond Interchange (DDI). The proposed improvements for SR 93 include widening to provide auxiliary lanes for each on and off ramp south of the SR 72 interchange, widening for a 12-foot auxiliary lane north of the SR 72 interchange in each direction, milling and resurfacing the existing mainline pavement and reconstruction of all of the ramps at the SR 72 interchange. The proposed improvements along SR 72 provided an eight-lane divided DDI with 11-foot travel lanes and a seven-foot-wide buffered bike lane in each direction of travel. Additional improvements included noise walls, signing and marking, lighting, signalization, ITS and utility work items. [FPID: 201277-3-52-01] *FDOT Reference: Marléna Gore, Project Manager (863) 272-5008.*

Senior Inspector, Resurfacing Projects FY20, Sarasota County, FL (02/21-09/21). Resurfacing FY20 Increment 1 and 2 included ADA improvements, milling and resurfacing of roadways throughout Sarasota County and within various communities. *County Reference: Ronnie Hart, Project Manager (941) 882-0605.*

Senior Inspector, FDOT Manatee Operations Continuing Services Contracts C9L46 and C9V61, FDOT District One, Manatee County, FL (09/18-02/21). Construction engineering and inspection services on various projects under this continuing services contract. *FDOT Reference: Greg Falcone, Project Oversight (941) 708-4425.*

Senior Inspector, Cortez Road (SR 684) from East of 119th Street W. to 86th Street W. and Cortez Road (SR 684) from 123rd Street W. to East of 119th Street W., FDOT District One, Manatee County, FL (01/20-02/21). Improvements include roadway widening, drainage, intersection improvements, milling and resurfacing, sidewalks, curb and gutter, signing and pavement markings, signalization and lighting on Cortez Road [FPIDs: 436551-52-01, 436551-52-02 and 436551-2-52-01] *FDOT Reference: Christopher McInnis, Project Administrator (941) 893-7130.*

Senior Inspector, Longboat Key Bascule Bridge Repair, Bridge No. 130057, SR 789 over Longboat Key Pass. FDOT District One, Manatee County, FL (07/19-01/20). Bridge rehabilitation consisted of structural, mechanical and electrical repairs to Bridge No. 130057. Repairs included cathodic protection pile Jackets, cathodic protection system, spalls, beam strand splices, cracks, structural steel, epoxy overlay, coating and movable bridge machinery. [FPID: 436415-1-52-01] *FDOT Reference: Juan Carrillo, PE, Project Manager (941) 465-050*

Inspector, West Pipkin Road Widening, Polk County, FL (04/22-Present). This $42M, 3.5-mile project widens the existing West Pipkin Road from 2 to 4 lanes. The widened roadway includes a center median, four 11-foot lanes and a six-foot bike lane in each direction, curb and gutter, and sidewalks. The full-depth construction consists of a flexible pavement design with stabilized subgrade, limerock base, and asphalt pavement. Other project elements include significant utility adjustments; extensive drainage and pond construction; earthwork which includes subsoil excavation; a variety of structures such as temporary sheet pile walls, gravity walls, and box culverts; pedestrian railing; signing and pavement markings; roadway lighting; and signalization. *County Reference: Doug Gable, PE, Project Manager (863) 535-2285.*

Inspector, Hillsborough County Sidewalk Repairs, Tampa, FL (03/21-04/22). Monitored, inspected, and documented sidewalk repair activities. Prepared daily work reports, maintained records of all testing, determined acceptability of materials and completed work, facilitated meetings with the Contractor, County, and Utility Owners, reviewed Contractor's monthly pay applications, schedule updates, and as-built plans, provided interpretation of project documents. *County Reference: Chris Frock, Project Manager: (813) 508-1364*

Previous Experience

Civil and Software Engineering/Assistant Engineer, Bureau of Structural Evaluation & Bridge Management, New Jersey Department of Transportation, Trenton, NJ (03/16-02/21). Performed Bridge inspection and asset management inspection of NBIS bridges/culverts, tunnels, fascia mounted sign structures, and high mast light poles. Reviewed plans and load rate of the bridges. Assisted project manager and RE in construction procedures in emergencies. All functions of Bridge management systems (BMS) at admin level. Developed, tested (quality assurance), and maintained new versions of the inspection data storage software - CONNECT Edition (Combis 7.5), AASHTOWare's Bridge Management (BrM 5.2.3), Elements Deterioration Modeling (Markovian Model), Bridge Health Index, and Action-Benefit-Cost Model. Created and managed work candidates. Performed data transfer from Combis 7.5 to BrM 5.2.3. Troubleshot various issues encountered by users, both government employees and consultants. Monitored, verified, and rated several different consultant's work. Conducted scope of work and negotiation meetings with consulting companies. Reviewed and processed invoices and process closeouts from consulting companies to verify accuracy and completeness. Reviewed and approved MOT and underwater vendor's proposals. Reviewed and evaluated work orders, load ratings and inspection reports of consultants and new team members. Assisted training coordinator in conducting trainings for bridge inspection crew. *Reference: Mahesh K Patel (908) 227-1082.*

Fulfillment Associate, Amazon, Lakeland, FL (10/15-12/15). Worked in various areas of the warehouse such as Receiving, Picking, Packing, and Placing. Worked with various tools and heavy machinery in the warehouse such as a pallet jack, conveyor, vertical reciprocating conveyor (VRC) etc.

Project Engineer, Pioneer Contracting Co, Inc., Odenton, MD (01/13-04/13). Created over 25 proposals. Performed engineering drawings and plans review. Replaced pedestals by jack lift and sealed cracks at various locations on bridge with epoxy injections. Managed a crew of three, machinery, and equipment throughout MDOT bridge project. *Reference: B.B. Patel (443) 871-3800.*

Jason Cardalico

CEI Inspector

Mr. Jason Cardalico has over 22 years of experience in the construction, inspection, documentation and monitoring of construction projects, including FDOT roadway projects in most FDOT Districts. His experience includes embankment, utilities, muck removal and documentation, roadway construction, bridge construction, signalization, striping, final measurements and final estimates.

Inspector, Solid Waste Influent Pumping Station (Thirsty Duct) Improvements, Stormwater Swale Fabiform, Facility Clarifier Phase 2 St. Petersburg, FL (05/23-12/24). This $8.4M project is to construct a 60-foot diameter clarifier and 30-foot diameter thickener to improve operational capacities for consistency with our Florida Department of Environmental Protection Operating Permit. Contract No. 23-0028-ITB.

Previous Experience

Quality Control Inspector, RADISE International, Tampa, FL (05/22-03/23). Performed verification of procedures, inspection, testing, and sampling for concrete, steel, and soil operations on FDOT construction projects.

Owner and Operator, Mana Makeover, LLC, Tampa, FL (03/17-03/23). Managed, planned, and executed residential remodels, including framing, drywall, tile, flooring, and painting, as well as estimating, customer relations, and scheduling.

Lab Manager, Materials Testing and Laboratory Services, LLC, Tampa, FL (05/19-06/20). Performed laboratory analysis of construction materials according to specified methods and standards. Designed and provided oversight during the building and certification of a new laboratory.

CMT Project Manager, Cardno ATC, Tampa, FL (03/14-03/17). Responsible for planning, procurement, and execution of inspections on commercial and DOT construction projects. Managed material testing and inspections, bid proposals, and document reviews for other projects. Also provided client support.

Inspector/Field Technician, Universal Engineering, Tampa, FL (03/08-02/14). Responsible for verification of procedures, testing, and sampling for concrete, steel, and soil operations on commercial and DOT construction projects.

Foreman, Low-Cost Concrete Inc./James Bragg Contracting, Inc., Tampa, FL (01/03-3/08). Provided oversight during the forming and pouring of concrete as well as the designing and finishing of concrete by methods of stencil work, spraying acrylic, or staining.

Inspector, West Pipkin Road Widening, Polk County, FL (07/24-Present). This 3.5-mile project widens the existing West Pipkin Road from two to four lanes. The widened roadway includes a center median, four 11-foot lanes and a 6-foot bike lane in each direction, curb and gutter, and sidewalks. The full-depth construction consists of a flexible pavement design with stabilized subgrade, limerock base, and asphalt pavement. Other project elements include significant utility adjustments, extensive drainage and pond construction, earthwork including subsoil excavation, a variety of structures such as temporary sheet pile walls, box culverts, pedestrian railing, signing and pavement markings, roadway lighting, and signalization. Project Value: $44M

Inspector's Aide, Hillsborough County Transportation Maintenance, Hillsborough County, FL (10/19-07/24). This contract involves performing daily inspections of completed work, communicating deficiencies and coordinating with the contractors as well as County staff. Work includes fence repair, guardrail repair, handrail repair, tree trimming and removal, street sweeping, litter and debris removal, mowing, ADA truncated dome repair, Jet-Vac services, ditch cleaning, pavement markings, signs, pipe replacements, and miscellaneous construction.

Prior Experience

Engineering Technician II, Terracon Environmental Services, Lakeland, FL (11/15-10/19). Responsible for performing field test and inspections on construction material (soil, concrete, asphalt, steel and aggregates), and collecting and transporting material samples with identifying documentation to laboratory for testing and analysis. Performed material testing and calculations, and prepared and submitted proper documentation of data and observation by written and digital reports. Monitored all jobs sites to ensure environmental safety regulatory guidelines were followed, that all equipment was fully functional, and reported on any safety issues or concerns. Communicated with project managers, engineer technicians, foreman, and client representatives regarding site projects, material testing and data sheet results.

QMI-Qualified Mechanical Inspector/T&E - Engineer and Conductor, Road & Rail Services, Mulberry, FL (03/15-11/15). Performed air brake tests, inspections and repairs on freight cars. Also, repaired and replaced coupling elements, brakes, journal bearings, wheels, and freight car parts. Inspected and delivered rail cars to phosphate plants. Recorded and transferred data to facility log and manifest. Duties alternated between locomotive operator and ground conductor.

Production Coordinator, BE Aerospace - Boeing Company, Macon, GA (02/12-04/14). Supervised daily operations including data input of Receiving and Shipping manifest for inbound and outbound shipments, and managed email correspondence, invoices and product ordering. Verified and inspected inventory from shipments, labeled and stocked warehouse accordingly, and performed and logged audits on inventory. Scanned customer product using two bag JIT System, pulling parts from the warehouse and assembling customer kits for delivery. Transported customer orders multiple times a day to Boeing Facility. Instructed employees and ensured OSHA and company safety guidelines were followed.

QC Supervisor/Shift Lead/Safety Manger, Anchor Glass Container, Macon, GA (06/06-02/12). Supervised up to 10 quality control personnel working in high temperatures. Instructed weekly safety meetings, educated and ensured staff were compliant with the SOP's according to OSHA standards as well as the company's safety guidelines. Performed inspections on proper use and wear of safety equipment and oversaw employee injuries and completion of medical documentation. Maintained and operated heavy machinery. Inspected glass containers for product defects, molds for proper fitting and replacing as needed. Collected test data of defects i.e., weight, temperatures, grades, moisture content, and quantities inspected and graded using calipers, micrometers and other measurement tools.

Carlos Sousa

CEI Contract Support Specialist

Mr. Carlos Sousa has over 33 years of Contract Support Specialist (CSS) experience working on Florida Department of Transportation (FDOT) projects. His continued project involvement and strong educational background makes him an asset to any team. His excellent work ethic gives him an edge in the construction engineering and inspection industry. Carlos is familiar with utilizing e-Construction, which is a paperless electronic means of communicating. This includes the collection, review, approval, and distribution of highway construction contract documents in a paperless environment mainly accomplished by utilizing digital signatures and project collaboration sites, with the support of other technology (i.e., PSSP, PDF software, and CAD). It also involves preparing electronic Final As-Built Plans, processing monthly and final estimates packages, contract changes (supplemental agreements and work orders, etc.), daily work reports, contractor correspondence, e-field books, ITSFM, MAC Material Certification Compliance, PTS, Bluebeam Revu Extreme, CIM, CPPR, ERC, SiteManager entries and final estimates quality assurance reviews.

Experience

Contract Support Specialist, SR 93 (I-75) from Toll Plaza to the Collier County Line 30 miles, FDOT District Four, Broward County, FL (10/24-Present). This improvement project consists of 2 contracts, E4X54 approximately $27.9M and T4676 approximately $24.5M. The improvements under this Contract consist of, but not limited to, milling and resurfacing, MOT (standard, special detour, traffic control (miscellaneous, milling, resurfacing), guardrail (general, double face, rub rail, shallow post, transition, end treatment, reset, removal pavement markings (RPM, painted, profiled thermoplastic, thermoplastic), signing (single-post, single column, multicolumn, panel,) , retroreflective sign strip), rumple strip (raised, ground-in), and sod along State Road 93 (I-75/Alligator Alley).

Contract Support Specialist, SR 30 (US 98) from W of SR 377 (US 319) to Ochlockonee Bay Bridge, FDOT District three, Franklin County, FL (08/23-11/24). This $15.5M project included improvements that consisted of milling and resurfacing. Other incidental work includes signing and pavement marking improvements on SR 30 (US 98) from West of SR 377 (US 319) to Ochlockonee Bay Bridge in Franklin County.

Contract Support Specialist, Pre-Event TS/Hurricane CEI, FDOT District One, FL (09/22-09/23). Assisting District One with emergency response related to Hurricane Ian disaster recovery. Responsible for tracking pay items, as-builts, closeout, Material Certification Package, and final estimate submittal to District for 100+ task work orders spanning 12 counties.

Contract Support Specialist, D7 Construction Processing Group CEI: FDOT District Seven, Gadsden County, FL (06/22-03/23). Responsible for CSS duties associated with SA/WO in-house processing including funding for all the jobs in FDOT D7 (District-Wide).

Contract Support Specialist, FDOT District Four, St. Lucie County, FDOT District Four, St. Lucie County, FL (08/22-01/23). The improvements under this contract consist of bulkhead seawall repairs, spall repairs in the beams and piles, and other incidental construction for SR 716 / Port St. Lucie Blvd over Long Creek and North Fork St. Lucie River (Bridge Nos. 940139, 940144, 940140, and 940145). As Contract Support Specialist responsible for closeout, Material Certification Package, and final estimate submittal to District.

Contract Support Specialist, Advanced Traffic Management System (ATMS), Phase 1 - Design-Build, FDOT District Four, Fort Pierce County, St. Lucie County, FL (05/20-02/22). Responsible for close out, Material Certification Package and final estimate submittal to District. This project included the design, installation, integration, and test of all field elements, including ATMS, traffic controller cabinets, closed-circuit television (CCTV) cameras, nonintrusive travel time system (TTS) detectors, and fiber optics communications cable and transmission equipment along SR 5/US 1 and SR 70 in St. Lucie County. Project is the 2022 FTBA 'Best in Construction' Award winner.

Samantha Pitera

CEI Contract Support Specialist

Ms. Samantha Pitera is a Contract Support Specialist with experience working as a Senior Inspector with clients such as Metropolitan Transit Authority (MTA) Bridges and Tunnels, NYSDOT, and New Jersey Transit Authority (NJTA). Her experience includes involvement with pay estimates, change orders, progress meetings, maintaining quantity records, updating as-build redline drawings, and utilizing the CapEx system. Ms. Pitera's expertise includes construction inspection services for highway and ITS infrastructure projects, with field experience including milling and Hot Mix Asphalt (HMA) paving, pavement excavation, guide rail, highway lighting, landscaping, bridge deck demolition with catch/shielding, drilled shafts, concrete curbs, bridge bearing installation, work zone traffic control (WZTC), day/night lane closures, electrical conduits underground and on structures, installation of fiber optic cables, single-mode fiber optic trunk cable, fiber optic cable splicing, fiber optic inner ducts, cleaning of existing conduits, variable message signs, excavation for sign foundations, and concrete slump and air entrainment tests.

Contract Support Specialist (CSS) / Resident Project Representative (RPR), Lee County Port Authority FMY South Quadrant Ramps, Rehabilitation of Airside Pavement Hangers and General Aviation Center, Lee County, FL (10/23-Present). This project consists of 2 separate contracts. The scope includes demolition and rebuilding of the existing tenant facilities, building 9 new airplane hangars, a new office building, pavilion area, outdoor restrooms, and installing all new drainage system. There is also the repaving of the ramp and part of the perimeter road as well as the south farm area. [60697797, 60697799] *Lee County Port Authority Reference: Scott Sheets (239) 590-4717.*

Contract Support Specialist (CSS), West Pipkin Road Widening, Polk County, FL (05/23-10/23). This $42M, 3.5-mile project widens the existing West Pipkin Road from two to four lanes. The widened roadway includes a center median, four 11-foot lanes and a six-foot bike lane in each direction, curb and gutter, and sidewalks. The full-depth construction consists of a flexible pavement design with stabilized subgrade, limerock base, and asphalt pavement. Other project elements include significant utility adjustments; extensive drainage and pond construction; earthwork which includes subsoil excavation; a variety of structures such as temporary sheet pile walls, gravity walls, and box culverts; pedestrian railing; signing and pavement markings; roadway lighting; and signalization. Responsibilities include pay quantity tracking, preparation of monthly pay applications, and processing submittals. *County Reference: Doug Gable, PE, Project Manager (863) 535-2285.*

Prior Experience

CSS, Resurfacing from I-84 from Bowen Road to CT State Line, NYSDOT District 8, NY (10/22-03/23). Responsibilities included reviewing all inspector daily reports to ensure accuracy with contract plans and proper payments; preparing monthly pay estimates including calculating and paying for fuel and asphalt adjustments, tracking all contract quantities paid via master spreadsheet; and organizing and tracking submissions and responses for submittal and RFIs to ensure timely review and approval. Prepared cost estimates for change orders and time extensions and submitting for approval utilizing AASHTO Site Manager. Coordinated with contractor superintendent as well as inspection field staff to resolve quantity discrepancies. Attended all progress meetings and reported meeting minutes. Reviewed contractor and subcontractor certified payroll and audited EEO program EBO monthly to ensure contractor compliance with program goals. [D264612] *Reference: Stephen Germinaro, Engineer-In-Charge (845) 476-4966.*

CSS/Senior Inspector, Corrective Pavement, NYSDOT Region 8, Westchester, Putnam, and Dutchess Counties, NY (06/16-07/19). This term agreement work involved repaving with 50 and 60 series asphalt on various NYSDOT roadways throughout Region 8. Work elements also included cleaning and replacing damaged catch basins along this route. Responsibilities included reviewing all inspector daily reports to ensure accuracy with contract plans and proper payments; preparing monthly pay estimates and tracking all contract quantities paid via master spreadsheet; and organizing and tracking submissions and responses for submittal and RFIs to ensure timely review and approval. *Reference: Dina Colavito, Engineer-In-Charge (914) 804-1578.*

Ms. Lisette Serrano has over 25 years of experience with skills focused on executive and staffing support, including financial management/invoicing, contract coordination, meeting management and customer service. Lisette is an excellent team communicator with an attention to organization details, file/record keeping and overall coordination of all administrative details on projects allowing others on the team to focus on the construction of the project.

Experience

CEI Secretary/Clerk Typist Field, Multiple FDOT District Seven Projects, Brooksville Ops Center, FL (10/24-Present) Provides support on various projects. Tasks included but not limited to, using various computer programs (Microsoft Excel, Word, Adobe, EDMS, PSSP, etc.) for required document control and tracking. Management of weekly meeting agendas and minutes, file all project documentation into FDOT based shared program (PSSP / EDMS).

CEI Administrative Assistant, SR 55 (US 19) from W. Jump Ct. to W. Ft. Island Trail, FDOT District Seven, Citrus County, Florida (11/22-Present). This construction project consists of the reconstruction of SR 55 (US 19) including widening, milling, and resurfacing, drainage, sidewalk/shared use path, signing, pavement marking, signalization, lighting, and utility relocations from W. Jump Ct., northerly 4.805 miles, to County Road 44 (W. Ft. Island Trail). The project stormwater ponds discharge directly to Outstanding Florida Waters and environmental considerations are extremely important. The project geology includes a limestone layer close to the existing ground elevation contributing to numerous subsurface anomalies requiring remediation by compaction grouting and shallow subsurface polyurethane injection grouting. The project corridor is adjacent to the Crystal River Airport and includes numerous large businesses requiring communication and coordination for ingress/egress. There are four UWHCA's included with the project and nine other UAOs through the corridor. The project also went through a default of the original contractor. AECOM continues to successfully guide the Surety and Completion Contractor through issue resolution to complete construction of the project. Project Value: $52M

Prior Experience

Executive Secretary, Citrus County Board of County Commissioners, Lecanto, FL (04/18-11/22). Provided Executive Secretary support to the County Community Services Director and other directors for documents such as reports, internal and external correspondence, meeting agendas and minutes, payroll, and monthly billing statements. Managed and maintained calendar for the Community Services Director. Responded to inquiries, requests, and issues, often via telephone, from citizens, vendors, co-workers, and other county divisions, and aided in their resolution. Tracked Division assets through inventory and verified with the Finance department on an annual basis. Served as Back up Timekeeper (Trainer) for payroll system used to input and monitor payroll for the Division using TimeClock Plus software.

Staff Assistant, City of Inverness, FL (08/17-03/18). Performed office routines and practices associated with a busy, yet productive and smoothly run office. Displayed at all times a friendly/helpful rapport with co-workers, vendors, subcontractors, and community residents that called and/or walked into the office using effective, positive interpersonal communication skills. Maintained calendar of scheduling appointments and scheduling use of assigned facilities; monitored deadlines and planned meetings. Worked closely with water and sewer subcontractor on a daily basis creating/sending out work orders for maintenance, reads, repairs. Maintained records as required. Received and routed incoming calls. Handled office communications. Assisted Public Works Director with planning and arranging meetings. Assisted with processing requisitions, purchase orders, receiving, budgets and monitoring of funds as assigned per fiscal year. Collected and compiled relevant data for meetings and reports. Attended meetings and conferences when requested. Cross trained for back-up to other staff. Performed other tasks consistent with the goals and objectives of this position and/or other duties as assigned by the supervisor.

Senior Clerk, State of Florida Department of Revenue, Lecanto, FL (02/15-08/17). Provided clerical and administrative support to manager as needed. Prepared documents, assembled files, and other paperwork while completing daily assigned task. Assisted customers with document drop off by reviewing for accuracy and forwarding or filing as appropriate. Manned the front desk when needed which included answering and routing calls, greeting visitors, handling routine questions, and managing lobby traffic. Provided quality customer service and safeguarded confidential information on a daily basis.

STAFF'S AVAILABILITY AND LOCATION

Our staff of highly qualified professionals and technicians is of sufficient depth and breadth that we can, as necessary, immediately assign additional staff on short notice to meet any unforeseen manpower requirements without sacrificing the quality of our work. This strength is what makes AECOM ideally suited to undertake this contract. We have consistently demonstrated our ability to perform technically demanding assignments of all sizes within strict time frames.

The staffing availability for the key members of the project team and their office/residential locations are shown in the table below.

TAB 4

Is the Firm a "Polk County Entity"?

AECOM

Delivering a better world

TAB 4 IS THE FIRM A "POLK COUNTY ENTITY"?

PRIME CONSULTANT: AECOM

AECOM Technical Services, Inc. is a premier, fully integrated professional and technical services firm that provides a blend of global reach, local knowledge, innovation and technical excellence in delivering customized and creative solutions that meet the needs of our client's projects. Since 2015, the global headquarters of AECOM Technical Services, inc. has been located at:

300 South Grand Avenue
9th Floor
Los Angeles, CA 90071

As stated previously, the project will be performed by our Bartow office, with support from the AECOM Tampa office, located at 7650 West Courtney Campbell Causeway since November 1989 and the AECOM Orlando office, located at 150 N Orange Avenue since 2007, as well as five specialty consultants. AECOM has maintained an active professional office in Polk County continuously since 1997, as indicated by the lease on the following pages. Our office location is:

AECOM Technical Services, Inc.
212 East Main Street
Bartow, FL 33830

We presently have 4 full-time employees in this office. In addition, other AECOM personnel use this location when working with other local agencies such as Polk TPO, FDOT District One, City of Lakeland and Bartow Airport Authority.

SUBCONSULTANTS

Two of the subconsultants identified in Tab 3 are also Polk County entities. They are:

MADRID ENGINEERING GROUP D/B/A MADRID CPWG

2030 State Road 60 East
Bartow, Florida 33830

- In Polk County continuously since 1994
- Headquartered in Bartow
- 50 full-time staff in Bartow

KEYSTONE CIVIL, INC.

8201 Tomkow Road
Lakeland, Florida 33809

- In Polk County continuously since 2021
- 2 full-time staff in Lakeland

Leases for these offices are also included on the following pages.

LEASE RENEWAL

This Lease Renewal is made as of the **1st** day of **April 2022**, between **Tait Lane, Jr. and Margrette Lane Rhoden, as Co-Trustees of the Nelle Kennedy Stuart Terry Revocable Trust,** whose address is Post Office Box 1382, Bartow, Florida 33831-1382, hereinafter referred to as **"Lessor"**, which term shall mean and include the heirs, successor and assigns, wherever the context hereinafter so requires or admits, and **AECOM, a Delaware Corporation** (formerly **URS Corporation** which was formerly **URS Greiner, Inc.)** whose address is One California Plaza, 300 South Grand Avenue, Suite 900, Los Angeles, California 90071, hereinafter referred to as **"Lessee"**, which term shall mean and include the said Lessee and its successors and assigns, whenever the context hereinafter so requires or admits.

RECITALS

A. The parties entered into a Lease dated April 1, 1997, hereinafter the **"Original Lease"**, wherein the Tenant leased from the Landlord certain real property located in Bartow, Florida, being more particularly described in the Original Lease.

B. The parties, by Lease Renewals, have extended the Lease term, and it is the parties' intent to now extend the Lease for an additional two (2) year term.

'Now, therefore, for Ten Dollars and other good and valuable consideration including the rights and obligations created hereunder, the Landlord and Tenant agree as follows:

1. Article 2 of the Original Lease, entitled "Term", is hereby amended to provide that the term of the renewal period created hereunder shall commence on April 1, 2022, and shall run for two (2) years, expiring on March 31, 2024, at 11:59 p.m. All conditions and covenants of this Lease shall remain in full force and effect during the Lease.

2. Article 3 of the Original lease, entitled "Rent:, is hereby amended to read: The rent for the two (2) year term commencing on the Commencement Date, shall be One Thousand Eight Hundred Forty Dollars ($1,840.00) per month. All rental payments shall be made to the Lessor at the address specified above. Lessee shall pay the rent as specified herein and in Paragraph 4 of the Original Lease. In addition, Lessee shall pay any sales and/or use taxes that arise in connection with the rental of the property. Such rent and taxes as aforesaid shall be payable without notice or demand. In addition to the monthly rent, the Lessee agrees to pay Fifty Dollars ($50.00) per month to the Lessor for maintenance of the HVAC system servicing their office.

3. The parties further agree that the space to be rented by the Lessee shall be their original space of 1,680 square feet, plus the vacant space north of and adjacent to the rental space now being occupied by said Lessee, which space is approximately 650

additional square feet, all of which is located at 212 East Main Street, Bartow, Florida 33830.

In Witness Whereof, the parties have set their hands and seals below.

COMMERCIAL LEASE AGREEMENT

THIS COMMERCIAL LEASE AGREEMENT (the "Lease") is made and entered into by and between 2030 SR 60, LLC, a Florida limited liability company, whose present mailing address is 2030 State Road 60 East, Bartow, FL, 33830-4268 (the "Landlord") and MADRID ENGINEERING GROUP, INC. d/b/a Madrid CPWG whose present mailing address is 2030 State Road 60 East, Bartow, Florida 33830-4268 (the "Tenant").

RECITALS

In consideration of the rents provided for below, and for the other covenants, terms, conditions, and agreements set forth below, Landlord and Tenant agree as follows:

1. LEASED PROPERTY. Landlord hereby leases to Tenant, and Tenant hereby leases from Landlord, certain real property located in Polk County, Florida, the street address of which is 2030 State Road 60 East, Bartow, Florida 33830, the legal description of which is set forth in Exhibit "A" attached hereto, together with the improvements presently located thereon ("Parcel 1"), and a portion of the building located at 2040 State Road 60 East, Bartow, Florida 33830 (the "Building"), the legal description of the real property on which the Building is located is set forth in Exhibit "B" attached hereto ("Parcel 2") and a drawing of the portion of the Building leased by Tenant is set forth in Exhibit "B-1" (collectively Parcel 1 and the portion of the Building leased by Tenant referred to herein as the "Leased Property"). The Tenant will have non-exclusive use with any other tenants and invitees of the conference room, bathrooms, entrance and breakroom in the Building.

2. PARKING AND DRIVEWAYS. In addition to the Leased Property, Tenant shall have the non-exclusive use of parking spaces located on the Parcel 1, and the non-exclusive use of the parking spaces located on Parcel 2, subject to the terms of this Lease and to reasonable rules and regulations as may be prescribed from time to time by Landlord. Landlord and all of the tenants of the Building and their invitees shall have shared, non-exclusive use of the driveway on Parcel 1 for ingress and egress to Parcel 2.

3. LEASE TERM. The term of this Lease shall be three (3) years and three (3) months, which shall be deemed to have commenced on September 11, 2023, and which shall end at midnight on December 31, 2026 (the "Lease Term").

4. RENT. Tenant shall pay to Landlord, at the address set forth above, or at such other address or addresses or by electronic funds transfer as Landlord may designate from time to time, as rent for the Leased Property for the Lease Term, the total sum of $161,753.52 per year, payable in equal monthly installments of $12,579.63 each, plus sales tax (initial monthly rent plus sales tax of $13,479.46). Upon the execution of this Lease, Tenant has paid to Landlord the sum of $10,000, representing the rent for the first month of the Lease Term, plus the sales tax thereon, the receipt of which is hereby acknowledged by Landlord. Each subsequent monthly installment of rent shall be due and payable in advance and without demand on the date of each calendar month during the Lease Term corresponding on the date on which the Lease Term commences, it being understood and agreed by Tenant that time is of the essence with respect to the payment of each monthly

installment of rent. If any installment of rent is not paid in full within five (5) days after the due date, a late charge of $100.00, plus an additional late charge of $20.00 for each day after such ten-day period until the rent is paid in full, shall become due and payable with the overdue rent payment. Tenant shall pay all rent in the manner aforesaid, together with any sales tax thereon required to be paid by Tenant or required to be collected by Landlord under the laws of the State of Florida as they now exist or may hereafter be amended (the current rate being six and 50/100 percent (6.50%)), in current legal tender of the United States of America without any set-off or deduction whatsoever. In addition, if any check given to Landlord by Tenant in payment of any obligation arising under this Lease is dishonored for any reason, an additional charge of $50.00 shall become immediately due and payable to Landlord.

5. USE OF LEASED PROPERTY. Unless Landlord otherwise consents in advance, with such consent to be within Landlord's sole and absolute discretion, the Leased Property shall be used only as offices and the provision of engineering services and all activities reasonably related thereto. In all events, Tenant shall not make, suffer, or permit any unlawful or offensive use of the Leased Property, or any part thereof, or permit any nuisance thereon or therein.

Landlord shall designate a location at the Leased Property where Tenant may place a sign advertising Tenant's business. Such sign shall be subject to Landlord's reasonable approval, which approval shall be obtained by Tenant prior to the placement of such sign. In all events, any signs located at the Leased Property shall be in good taste so as not to detract from the general appearance of the Leased Property or of any adjoining property. Without Landlord's prior written consent (which consent shall be within Landlord's sole and absolute discretion), Tenant shall not place any signs at any other location at the Leased Property.

Tenant shall not conduct "Quitting Business," or "Lost Our Lease," or "Bankruptcy," or other sales of such nature on the Leased Property without Landlord's prior consent, which consent shall be within Landlord's sole and absolute discretion.

6. SECURITY DEPOSIT. Upon the execution of this Lease, Tenant has deposited with Landlord the sum of $10,000.00 as a security deposit, the receipt of which is hereby acknowledged by Landlord, as security for the faithful performance by Tenant of all of Tenant's obligations under this Lease. If Tenant faithfully performs all of Tenant's obligations under this Lease and complies with all of the covenants, conditions, and agreements of this Lease applicable to Tenant, and if the Leased Property is returned to Landlord in a clean condition and in as good condition as the same is at the commencement of the Lease Term, excepting only ordinary wear and tear, then Landlord shall return the security deposit to Tenant within thirty (30) days after Tenant vacates the Leased Property upon the expiration of the Lease Term or any extension thereof. In no event shall the security deposit be construed as rent. Landlord shall have the right, in all events, to deduct from the security deposit: (a) the costs of making any repairs or performing any maintenance with respect to the Leased Property otherwise required to be made or performed by Tenant under any provision of this Lease and of repairing any damage to the Leased Property caused by anyone other than Landlord; and (b) any other damages which Landlord may be entitled to receive from Tenant, upon the expiration or sooner termination of this Lease. Nothing in this paragraph shall be construed as in any way limiting any damages or other amounts which Landlord may be entitled to receive from Tenant.

In the event of a sale of the Leased Property, Landlord shall have the right to transfer the security deposit to the new owner, and Landlord shall thereupon be released by Tenant from all liability for the return of the security deposit to Tenant. In such event, Tenant agrees to look solely to the new owner for the return of the security deposit. The foregoing provisions shall apply to every transfer or assignment made of the security deposit to any new owner.

7. COMPLIANCE WITH LAWS.

(a) Compliance with Laws. Tenant, at Tenant's sole expense, shall promptly and fully comply with all federal, state, county, and city laws and ordinances, and all rules of any duly constituted authority, present and future, affecting or respecting the use or occupancy of the Leased Property, and with any directions of any public officer (pursuant to law) having jurisdiction over the Leased Property and the operation of Tenant's business thereon.

(b) Compliance with Environmental Laws. In addition, Tenant will not use, generate, manufacture, produce, store, release, discharge, or dispose of on, under, or about the Leased Property or transport to or from the Leased Property any Hazardous Substance (as defined below) or allow any other person or entity to do so in violation of any Environmental Laws (as defined below). Tenant will keep and maintain the Leased Property in compliance with and shall not cause or permit the Leased Property to be in violation of any Environmental Laws (as defined below). Tenant will give prompt written notice to Landlord of any proceedings or inquiry by any governmental authority with respect to the presence of any Hazardous Substance (as defined below) on the Leased Property and Tenant's discovery of any occurrence or condition on the Leased Property which could give rise to a violation of any Environmental Laws (as defined below). Tenant shall be responsible for fully complying with all Environmental Laws (as defined below) concerning the use and occupancy of the Leased Property.

(c) Definitions. As used herein, the term "Hazardous Substance" or "Hazardous Substances" means any hazardous or toxic substances, materials or wastes, including, but not limited to, those substances, materials and wastes listed in the United States Department of Transportation Hazardous Materials Table (49 CFR 172.101, and amendments thereto), or listed by the Environmental Protection Agency as hazardous substances (40 CFR Part 302, and amendments thereto), or such substances, materials and wastes which are or become regulated under any applicable local, state or federal law including, without limitation, any material, waste or substance which is (i) petroleum or a petroleum product, (ii) asbestos, (iii) polychlorinated biphenyls, (iv) designated as a "hazardous substance" pursuant to Section 311 of the Clean Water Act, 33 U.S.C. §1251, et seq. (33 U.S.C. §1321), or listed pursuant to Section 307 of the Clean Water Act (33 U.S.C. §1317), (v) defined as a "hazardous waste" pursuant to Section 1004 of the Resource Conservation and Recovery Act, 42 U.S.C. §6901, et seq. (42 U.S.C. §6903), (vi) defined as a "hazardous substance" pursuant to Section 101 of the Comprehensive Environmental Response, Compensation, and Liability Act, 42 U.S.C. §9601, et seq. (42 U.S.C. §9601), or (vii) defined as a "hazardous substance," a "hazardous waste," or a "hazardous material" by any other applicable local, state or federal law, ordinance, rule or regulation. The term “Environmental Laws,” as used herein, shall mean all local, state and federal laws, ordinances, rules, regulations and orders relating to industrial hygiene, environmental protection, or the use, analysis, generation, manufacture, storage, disposal or transportation of any Hazardous Substances.

(d) Indemnity. Tenant will indemnify, defend and hold Landlord harmless from and against any and all claims, liability, loss and damage whatsoever with respect to any notice of violation or penalties charged against Landlord or imposed upon the Leased Property because of Tenant's failure to comply with this paragraph 7. Furthermore, Tenant shall, at Tenant's sole expense, obtain all licenses or permits required for the conduct of Tenant's business on the Leased Property.

8. UTILITIES AND SERVICES. Tenant shall use the Leased Property, and each and every part thereof, at Tenant's sole cost and expense. Tenant shall be responsible for the arrangement of and timely payment for all charges for services used, rendered, or supplied upon or in connection with the Leased Property, including, without limitation, electricity, water, sewer, garbage removal, natural gas, telephone, cable television, and other services. Tenant shall also be responsible for all connection charges for any utilities. Upon Landlord's request, at any time and from time to time, Tenant shall provide Landlord with evidence satisfactory to Landlord that all such charges have been paid in full.

9. CONDITION OF LEASED PROPERTY; REPAIRS AND MAINTENANCE. Tenant's taking possession of the Leased Property shall be deemed conclusive evidence that Tenant has accepted the Leased Property in an "as is" condition. Landlord makes no warranty or representation whatsoever concerning the condition of the Leased Property.

Landlord shall be responsible for maintaining the exterior walls or and roof of the Leased Property, and for major repairs to the air conditioning and heating system. Tenant shall be responsible for all other maintenance, repairs, and replacements with respect to the Leased Property, including, by way of illustration and not by way of limitation, the interior of the Leased Property, the plumbing and plumbing fixtures, and minor maintenance, repairs, and replacements with respect to the air conditioning and heating system. If the cost of any maintenance, repair, or replacement is $1,000.00 or less, it shall be considered "minor." If the cost of any maintenance, repair, or replacement exceeds $1,000.00, it shall be considered "major." In the event that any major maintenance, repair, or replacement becomes necessary with respect to the air conditioning and heating system, Tenant shall be responsible for payment of the first $1,000.00 of the cost of such maintenance, repair, or replacement. Tenant shall be responsible for replacing the air conditioning filter at least one every two (2) months, and the cost of repairing any damage to the air conditioning and heating system caused by failure to replace the filter at least every two (2) months shall be paid by Tenant. Tenant shall replace all glass in the windows or doors damaged or broker during the Lease Term or any extension thereof, unless such damage is caused by fire or other casualty covered under standard fire and extended coverage insurance. In addition, Tenant, at Tenant's sole expense, shall be responsible for the repair of any damage caused to the Leased Property by anyone other than Landlord. All maintenance, repairs and replacements required to be made by Tenant shall be made promptly, as and when necessary, and shall be in quality and class at least equal to the original work.

Tenant shall notify Landlord as soon as possible after the discovery of any item which needs to be repaired (and which Landlord is responsible for the repair of) so that damage to the Leased Property may be avoided by prompt action to remedy any defect or item needing repair. Landlord shall under a duty to perform repairs within a reasonable time pursuant to this paragraph only upon proper notice from Tenant.

Tenant shall fully perform all of Tenant's duties under this paragraph promptly and without notice. However, if Tenant fails or refuses to perform any required maintenance or to make any required repairs and replacements within a maximum period of ten (10) days after notice from Landlord, then Landlord may, but shall not be obligated to, perform any such maintenance or make any such repairs and replacements for Tenant's account, and the total amount expended therefore shall be paid by Tenant within ten (10) days after demand by Landlord.

10. ALTERATIONS, ADDITIONS, AND IMPROVEMENTS. Tenant shall not make any alterations, additions, or improvements to the Leased Property, except for very minor alterations, additions, or improvements necessary for the conduct of Tenant's business upon the Leased Property, without Landlord's prior written consent, which consent shall be within Landlord's sole and absolute discretion. Notwithstanding the foregoing, if Tenant makes any un-authorized alterations, additions, or improvements to the Leased Property, Landlord shall have the right to require Tenant to immediately place the affected part of the Leased Property into the same condition as it existed upon the commencement of the Lease Term.

In the event that Landlord consents to the making of any alterations, additions, or improvements to the Leased Property by Tenant, Tenant shall not undertake to make any such alterations, additions, or improvements until Tenant has procured and paid for all required permits and authorizations of the various municipal departments and governmental divisions having jurisdiction of the Leased Property. Furthermore, all work done in connection with any alterations, additions, or improvements shall be performed in a good and workmanlike manner and in compliance with all applicable laws, orders, rules, regulations, and requirements of all federal, state, and municipal governments and the appropriate departments, commissions, boards, and officers thereof applicable to the Leased Property, and Tenant shall procure certificates of occupancy or other certificates which may be required by any applicable law. At all times when any alterations, additions, or improvements are in progress, there shall be maintained, at Tenant's sole expense, worker's compensation insurance in accordance with the laws covering all persons employed in connection therewith, and general liability insurance for the mutual benefit of Landlord and Tenant expressly covering the additional hazards due thereto. All alterations, additions, or improvements made by Tenant shall be at Tenant's sole expense.

With respect to any alterations, additions, or improvements made by Tenant to the Leased Property, upon the expiration or sooner termination of this Lease, unless Tenant purchases the Leased Property from Landlord, Landlord shall have the option of requiring Tenant to either: (a) remove all such alterations, additions, or improvements, thereby restoring the Leased Property to substantially the same condition which it is in at the commencement of the Lease Term; or (b) return the Leased Property, including all alterations, additions, and improvements made by Tenant, to Landlord. In the event that Tenant is permitted by Landlord to remove any alterations, additions, and improvements, Tenant, at Tenant's sole expense, shall promptly repair any damage caused to the Leased Property as a result of any such removal. Landlord may, at Landlord's sole option, require Tenant to furnish a deposit to cover the estimated costs of repairing any such damage before permitting the removal of any alterations, additions, or improvements from the Leased Property.

11. TAXES. Landlord shall pay all real property taxes assessed with respect to the Leased Property. Tenant shall pay all tangible personal property taxes assessed with respect to any

tangible personal property at any time located in, upon, or under the Leased Property and all taxes assessed with respect to Tenant's leasehold improvements, furniture, fixtures, and equipment, as well as all applicable sales taxes. All taxes which Tenant is required to pay pursuant to this paragraph shall be paid at least thirty (30) days prior to the time that the same would become delinquent. Upon Landlord's request, at any time and from time to time, Tenant shall promptly furnish to Landlord evidence satisfactory to Landlord that Tenant has paid in full all taxes which Tenant is obligated to pay pursuant to this paragraph.

12. CONSTRUCTION LIENS. Landlord's interest in the Leased Property shall not be subject to any lien under the Florida Construction Lien Law or any other applicable lien law as a result of any remodeling, alterations, additions, or improvements made by Tenant, or anyone claiming through Tenant, or as a result of the installation of any trade fixtures, equipment, or furnishings by Tenant, or by anyone claiming through Tenant; and all persons or entities dealing with Tenant must look solely to the credit of Tenant and Tenant's assets for payment and not to Landlord or Landlord's assets. Tenant shall not permit the Leased Property to be subject to any lien for labor, services, or materials furnished at Tenant's request, and Tenant will ensure that all amounts owed for labor, services, or materials are promptly paid. If any construction lien, or notice of claim thereof, is filed against the Leased Property, with respect to labor, services, or materials furnished or to be furnished to Tenant or to anyone claiming through Tenant, Tenant shall cause the same to be withdrawn, discharged, or removed by deposit, bonding proceedings, or otherwise, within ten (10) days after receiving notice of such claim of lien. Tenant will indemnify, protect, hold harmless and defend Landlord from and against any and all costs, expenses, claims, liabilities, losses and damages (including attorneys' fees) resulting from any claim of lien or attempt to claim a lien against the Leased Property as a result of any remodeling, alterations, additions, or improvements made by Tenant or at Tenant's request, as a result of the installation of any trade fixtures, equipment, or furnishings by Tenant or at Tenant's request, or as a result of any labor, services, or materials furnished at Tenant's request.

13. PROPERTY INSURANCE. Landlord shall insure the Leased Property against loss by fire and other casualties desired by Landlord. Tenant shall be responsible for insuring any personal property, including trade fixtures, owned by Tenant against loss by fire and other casualties desired by Tenant. In no event shall Landlord ever be liable for any loss of or damage to Tenant's personal property or trade fixtures, nor shall Landlord ever be liable for any loss of or damage to any improvements made to the Leased Property by Tenant.

Tenant shall in no event use or permit the use of the Leased Property in any manner so as to invalidate or conflict with the fire and extended coverage insurance policies purchased by Landlord, or that would increase risks covered by such insurance. If any act or omission of Tenant causes the insurance premiums for such fire and extended coverage insurance to be increased, Tenant shall pay to Landlord, upon demand, the amount of any such increase.

Furthermore, Tenant shall not keep upon the Leased Property any article or thing of a dangerous, inflammable, or explosive character that might unreasonably increase the danger of fire or that might be considered hazardous by a responsible insurance carrier. Tenant shall use every reasonable precaution to protect the Leased Property against fire, explosion, and other casualties. Tenant shall provide fire extinguishers in size and number as required by any applicable fire codes, regulations, and by insurance underwriters. Such fire extinguishers shall be

on the Leased Property and be fully operable at all times. Tenant shall also comply with all Rules and Regulations related to safety and fire prevention.

14. PUBLIC LIABILITY INSURANCE. Throughout the Lease Term and any extension thereof, Tenant, at Tenant's sole expense, shall provide and keep in force, for the benefit of Landlord and Tenant, respectively, comprehensive general liability insurance on the entire Leased Property naming Landlord and Tenant as insureds, with a minimum single limit of $1,000,000.00. The insurance shall protect Landlord and Tenant, jointly and severally, against any and all claims for injuries to or death of persons, and for damage to, destruction of, or loss of use of property occurring in, upon, or about the Leased Property. Such insurance shall be issued by an insurance company having at least an A-rating and in form satisfactory to Landlord, and shall provide for at least ten (10) days' prior written notice to Landlord in the event of cancellation or material change. A copy of such insurance policy or policies and all renewals thereof shall be furnished to Landlord prior to the commencement of the Lease Term, and thereafter from time to time upon Landlord's request, together with evidence satisfactory to Landlord that premiums have been paid and that such insurance remains in force.

15. DENIAL OF SUBROGATION RIGHTS. Neither Landlord nor Tenant shall be liable to the other for any business interruption, or for any loss of or damage to property or injury to or death of persons occurring in, upon, or about the Leased Property or in any manner arising out of or connected with Tenant's use and occupancy of the Leased Property, whether or not caused by the negligence or other fault of Landlord or Tenant, or their respective agents, employees, subtenants, licensees, or assignees, to the extent that such business interruption, loss of or damage to property, or injury to or death of persons is covered by insurance, regardless of whether or not such insurance is payable to or protects Landlord or Tenant, or both. Nothing in this paragraph shall be construed to impose any other or greater liability upon either Landlord or Tenant than would have existed in the absence of this paragraph. This release shall remain in effect only so long as it does not prevent the insured from recovering under such policies.

16. INDEMNIFICATION AND WAIVER BY TENANT. Landlord shall not be liable, in any manner whatsoever, for any injury to or death of any person or for any damage to, destruction of, or loss of use of any property which at any time may be suffered or sustained by any person or entity arising out of or resulting from any failure of Tenant to perform or comply with any of the covenants, terms, conditions, and agreements required to be performed or complied with by Tenant under the terms of this Lease (hereinafter referred to as "Tenant's Defaults"), nor for any such injury, death, damage, destruction, or loss of use arising out of or resulting from any act or omission, negligent or otherwise, of Tenant or any employee, agent, contractor, or subtenant of Tenant (hereinafter referred to as "Tenant's Acts or Omissions"). Tenant shall indemnify, protect, defend, and hold Landlord harmless, and Landlord's heirs, devisees, personal representatives, successors, and assigns, from and against any and all claims, demands, actions, causes of action, liability, loss, and damage whatsoever on account of any such injury, death, damage, destruction, or loss of use attributable in any manner to Tenant's Defaults or Tenant's Acts or Omissions, and from and against any and all costs and expenses, including attorneys' fees incurred at the trial level and in connection with all appellate proceedings, arising therefrom. Furthermore, Tenant hereby waives any and all claims against Landlord for any injury to or death of any person or for any damage to, destruction of, or loss of use of any property which at any time may be suffered or sustained by Tenant, or by any employee, agent, contractor, or

subtenant of Tenant, or by any other person or entity, arising out of or resulting from the use or condition of the Leased Property or arising out of or resulting from any acts of any person or entity or the acts of Landlord or Landlord's agents (unless such acts amount to active gross negligence or willful misconduct). The foregoing indemnification agreement and waiver shall continue in full force and effect notwithstanding any termination of this Lease. Furthermore, such indemnification agreement and waiver shall not be construed as limiting or otherwise affecting in any manner the liability of any insurer under the terms of any liability insurance policy procured by Landlord or Tenant.

2. DAMAGE TO OR DESTRUCTION OF LEASED PROPERTY. If during the Lease Term or any extension thereof the Leased Property is partially or totally destroyed by fire or other casualty or peril normally insured against by standard fire and extended coverage insurance policies, then the following shall be applicable:

(a) If the damage or destruction is such that in Landlord's reasonable opinion (to be given to Tenant not later than ten (10) days after notice to Landlord by Tenant of the happening of such damage or destruction) cannot be repaired within the shorter of the period until the end of the Lease Term or one hundred eighty (180) days from the date of such opinion, and Landlord does not notify Tenant that Landlord will pay the difference of the costs of repair or reconstruction to the insurance proceeds, then either Landlord or Tenant may, within ten (10) days next succeeding the giving of such opinion by Landlord, terminate this Lease by giving notice to the other of such termination. In that event, this Lease shall terminate and the rent and all other payments for which Tenant may be liable under the terms of this Lease shall be prorated and paid in full to the date of such destruction or damage. If neither Landlord nor Tenant so terminate this Lease, then Landlord shall repair the damage with reasonable diligence and the rent shall abate from the date of the happening of the damage or destruction until the damage or destruction is repaired to the extent necessary to enable Tenant to use and occupy the Leased Property.

(b) If the damage or destruction is such that in Landlord's reasonable opinion (to be given to Tenant not later than ten (10) days after notice to Landlord by Tenant of the happening of such damage or destruction) it can be repaired within the shorter of the period until the end of the Lease Term or one hundred eighty (180) days from the date of such opinion, then the rent shall abate from the date of the happening of such damage or destruction until the damage is repaired to the extent necessary to enable Tenant to use and occupy the Leased Property, and Landlord shall repair the damage with reasonable diligence. Notwithstanding the giving of such opinion by Landlord, Landlord shall not be liable to Tenant if Landlord does not actually repair such damage within such one hundred eighty-day period.

(c) If, in Landlord's reasonable opinion (to be given to Tenant not later than ten (10) days after notice to Landlord by Tenant of the happening of such damage or destruction) the damage can be repaired as set forth in subparagraph (b) above within the shorter of the period until the end of the Lease Term or one hundred eighty (180) days from the date of such opinion and the damage or destruction is such that the Leased Property is capable of being partially used by Tenant, then, until such damage has been repaired, the rent shall abate in the proportion which that part of the Leased Property which is rendered unfit for occupancy bears to the whole of the Leased Property, and Landlord shall repair the damage with reasonable diligence. Notwithstanding the

giving of such opinion by Landlord, Landlord shall not be liable to Tenant if Landlord does not actually repair such damage within such applicable period.

(d) Landlord and Tenant shall fully cooperate with each other regarding the settlement and adjustment of insurance claims. If Landlord is to repair any such damage or destruction, Tenant will remove any fixtures, equipment, furniture, inventory, or other items of personal property from the Leased Property as required by Landlord in order to repair and/or reconstruct the improvements constituting a part of the Leased Property. Also, Landlord shall have the free and uninterrupted right of possession of the Leased Property to repair and reconstruct the improvements constituting a part of the Leased Property, and such right will extend to Landlord's employees, contractors, subcontractors, laborers, and suppliers.

(e) In no event shall Landlord be responsible for repairing or reconstructing any improvements made to the Leased Property by Tenant, unless such damage is cause by fire or other casualty covered under standard fire and extended coverage insurance. Furthermore, in no event shall Landlord be liable for any loss of or damage to Tenant's personal property or trade fixtures.

17. PLUMBING LEAKS. Landlord shall not be liable to Tenant for any damage caused by or from plumbing, gas, water, steam, or other pipes or sewage or the bursting, leaking, or running of any cistern, tank, washstand, water closet or water pipe in, above, upon, or about the Leased Property. Nor shall Landlord be liable to Tenant for damage caused by water being upon or coming through the roof, skylight, trapdoor, or otherwise, nor for any damage arising from any act or negligence of any other tenants or occupants of the building of which the Leased Property is a part or any owners or occupants of adjoining or contiguous property, unless such damage is as a result of Landlord's active, gross negligence.

18. CONDEMNATION. If the Leased Property is taken by reason of the exercise of the power of eminent domain, or by private purchase in lieu thereof, this Lease shall terminate on the date title to the Leased Property vests in the taking authority, and the rent shall be prorated to the date of such termination. If a portion of the Leased Property is so taken and the part not so taken is, in Landlord's opinion, insufficient for the operation of Tenant's business thereon (such opinion to be delivered to Tenant within ten (10) days after title to such portion of the Leased Property vests in the taking authority), then either Landlord or Tenant may terminate this Lease at any time within thirty (30) days after such opinion is given, by giving the other notice of termination of this Lease, and the rent and all other payments for which Tenant may be liable under the terms of this Lease shall be prorated to the effective date of termination. If neither party gives such notice to the other of the termination of this Lease, this Lease shall continue in full force and effect as to that portion of the Leased Property not so taken under the same terms and conditions set forth in this Lease, except that the rent thereafter payable shall be reduced by such equitable amount as shall be agreed upon by Landlord and Tenant through good faith negotiations, taking into account the amount of the Leased Property so taken, the extent to which Tenant's ability to use and occupy the Leased Property is diminished, and other pertinent factors. Landlord shall, at Landlord's expense, make such restoration as may be reasonably required, provided that the total cost thereof does not exceed the net proceeds of the condemnation award which Landlord receives upon such partial taking, and provided further that in no event shall Landlord be responsible for restoring any alterations, additions, or improvements made to the Leased Property by Tenant. All damages and compensation awarded or paid upon such total or partial taking shall belong to

Landlord as compensation for the diminution in value of Landlord's interest in this Lease and in the Leased Property. Nothing contained in this paragraph shall be construed so as to preclude Tenant from prosecuting any claim directly against the taking authority for loss of business, or depreciation of, damage to, or the cost of removal of, or for the value of trade fixtures, furniture, equipment, and other personal property belonging to Tenant, provided that no such claim diminishes or otherwise adversely affects Landlord's condemnation award.

19. DEFAULT BY TENANT. The occurrence of any of the following shall constitute an event of default by Tenant:

(a) Delinquency in the payment of any installment of rent or additional rent payable under this Lease, if such delinquency continues for a period of more than ten (10) days after such rent or additional rent becomes due and payable.

(b) Failure by Tenant to perform, comply with, or abide by any of the terms, covenants, and conditions contained in this Lease applicable to Tenant, other than those referred to in the foregoing subparagraph (a), for a period of more than ten (10) days after notice thereof from Landlord to Tenant, except for any default not susceptible of being cured within such ten-day period, in which event the time permitted for Tenant to cure such default shall be extended for as long as shall be reasonably necessary to cure such default, provided that Tenant commences promptly and proceeds diligently to cure such default, and provided further that such period of time shall not be so extended as to jeopardize Landlord's interest in this Lease or as to subject Landlord or Tenant to any civil or criminal liabilities.

(c) Filing by Tenant in any Court pursuant to any statute, either of the United States or any state, of a petition in bankruptcy or insolvency, or for reorganization, or for the appointment of a receiver or trustee of all or a portion of Tenant's property, or an assignment by Tenant for the benefit of creditors.

(d) Filing against Tenant in any Court pursuant to any statute, either of the United States or of any state, of a petition in bankruptcy or insolvency, or for reorganization, or for the appointment of a receiver or trustee of all or a portion of Tenant's property, if within ninety (90) days after the commencement of any such proceeding against Tenant, such petition is not dismissed.

(e) Tenant's dissolution, or other termination of existence, merger, or consolidation with another entity, insolvency, forfeiture of right to do business, or business failure.

(f) If Tenant abandons the Leased Property or if the Leased Property becomes and remains vacant for a period in excess of ten (10) days.

(g) If Tenant's interest under this Lease is sold under execution or other legal process, or if Tenant's interest under this Lease is assigned by operation of law.

20. REMEDIES IN EVENT OF DEFAULT BY TENANT. Upon the occurrence of any event of default by Tenant, Landlord may, at Landlord's sole option, terminate Tenant's right to possession of the Leased Property and lawfully resume possession of the Leased Property for Tenant's account. Such action by Landlord shall not constitute or be deemed an acceptance by

Landlord of a surrender of the Leased Property by Tenant. In such event, all rent for the balance of the Lease Term or any extension thereof shall become immediately due and payable. Tenant shall immediately pay Landlord: (i) the amount of all remaining rent due under this Lease for the entire Lease Term (and any extension thereof, if applicable) pursuant to the above acceleration provision; (ii) the amount of rent and additional rent accrued and unpaid on the date on which Landlord elects to terminate this Lease and resumes possession of the Leased Property for Tenant's account; and (iii) any damages resulting from Tenant's failure to perform, comply with, or abide by any term, covenant, or condition of this Lease except the covenant to pay rent. Upon the full payment by Tenant to Landlord of the aforementioned accelerated rent, Tenant shall be entitled to receive any rent actually received by Landlord attributable to the Leased Property for the period for which the rent herein reserved was to be paid, less all costs incurred by Landlord in connection with any reletting of the Leased Property, including, without limitation, attorney's fees, broker's commissions, advertising, and the costs of repairing, renovating, refurbishing, and remodeling the Leased Property; provided, however, that Landlord shall have no obligation to attempt to relet the Leased Property. In the event Landlord does relet the Leased Property, Landlord shall never be liable to Tenant for any failure to collect any rent due upon any such reletting. Notwithstanding anything herein to the contrary, in no event shall Landlord be liable to Tenant for any amount by which rent received from any reletting of the Leased Property exceeds the amount of rent which Tenant is required to pay under the terms of this Lease.

Notwithstanding the foregoing provisions of this paragraph, Landlord shall not be precluded from pursuing any other remedy which Landlord may have by reason of common law, statute, or otherwise.

If Landlord employs an attorney on account of a breach or threatened breach by Tenant of any of the terms, covenants, conditions, or agreements contained in this Lease, Tenant shall pay over to Landlord, upon demand, all attorneys' fees incurred by Landlord in connection therewith. In addition, if Landlord institutes any legal action by reason of any default or threatened default by Tenant under the terms of this Lease, Tenant shall pay all costs of such action, including attorney's fees incurred at the pre-trial level, the trial level, and in connection with all appellate proceedings.

21. ASSIGNMENT AND SUBLETTING. Tenant shall not assign this Lease nor sublet or permit the Leased Property, or any part thereof, to be used by others, without Landlord's prior written consent, which consent shall be in Landlord’s sole and absolute discretion. If Tenant assigns, mortgages, or encumbers this Lease, or sublets or permits the Leased Property or any part thereof to be used by others, without having obtained Landlord's prior written consent, any such assignment, mortgage, encumbrance, or subletting shall be void, and shall, at Landlord's sole option, terminate this Lease without prejudice to any of Landlord's rights and remedies under this Lease. No subleasing or assignment by Tenant shall operate to relieve Tenant of any obligation or liability arising under the terms of this Lease unless Landlord specifically agrees in writing that such proposed subleasing or assignment shall so release Tenant.

22. INSPECTION AND ACCESS. Landlord, and Landlord's agents and employees, may enter the Leased Property at all reasonable times to inspect the Leased Property, and to show the Leased Property to prospective tenants or purchasers, provided that such inspection or showing does not unreasonably interfere with Tenant's business being conducted upon the Leased

Property. Furthermore, Landlord shall have the right to place a "For Rent" sign or a "For Sale" sign at the Leased Property before the expiration of the Lease Term.

23. LANDLORD'S RIGHT TO PERFORM TENANT'S OBLIGATIONS. If Tenant defaults in the performance of or compliance with any covenant, condition, or agreement in this Lease applicable to Tenant, Landlord may, after ten (10) days' notice to Tenant (or without notice if in Landlord's opinion an emergency exists) perform such covenant, condition, or agreement for Tenant's account and at Tenant's sole expense. In such event, Tenant shall, upon demand, reimburse Landlord for the total amount incurred in order to effect such cure, including, without limitation, court costs and attorneys' fees.

24. LANDLORD'S LIEN ON TENANT'S PROPERTY. To secure payment of all rent, additional rent, and other sums due and payable under the provisions of this Lease, and to secure the performance of or compliance with all other covenants, conditions, and agreements applicable to Tenant under this Lease, except insofar as such is precluded by applicable law, Landlord shall have and is hereby given a lien on all furniture, equipment, trade fixtures, inventory, and other personal property of any kind whatsoever belonging to Tenant, and any improvements or additions placed upon the Leased Property by Tenant, which may be located in, upon, or at the Leased Property at any time while this Lease is in effect. If this Lease is terminated under the provisions of the paragraph hereof entitled "Remedies in Event of Default by Tenant," Landlord may take possession of all property enumerated in the foregoing sentence and sell as much of such property as is reasonably required in order to satisfy such lien. If requested by Landlord, Tenant shall execute all necessary financing statements in form satisfactory to Landlord, with respect to the lien herein granted, and Landlord shall have all of the rights of a secured party under Article 9 of the Florida Uniform Commercial Code. To satisfy such lien, Landlord shall retain, out of the proceeds of such sale or sales, an amount equal to the total costs and expenses of such sale or sales (including attorneys' fees) plus the amount of all rent, additional rent, and other sums due and owing by Tenant under the provisions of this Lease, and any damages due to the failure of Tenant to perform or comply with any of the covenants, conditions, and agreements applicable to Tenant under this Lease, other than the covenant to pay rent, with any excess from such proceeds to be paid over to Tenant. The remedy provided in this paragraph shall not be exclusive, and Landlord may invoke such other remedies as are provided in this Lease or are otherwise available by law to Landlord prior to, concurrently with, or subsequent to enforcing the remedy provided for in this paragraph.

25. SURRENDER. Except as otherwise provided herein, Tenant shall, on the last day of the Lease Term or any extension thereof, peacefully surrender and deliver up the Leased Property into the possession of Landlord, or Landlord's heirs, personal representatives, successors, or assigns, in a clean and sanitary condition and in as good condition as the same is at the commencement of the Lease Term, excepting only ordinary wear and tear and damage caused by fire or other casualty not Tenant's fault and covered under standard fire and extended coverage insurance. Upon vacating the Leased Property, Tenant shall surrender all keys to Landlord. Tenant shall remove all signs or symbols placed on or about the Leased Property, and shall restore the portion of the Leased Property on which such signs or symbols were placed to the same condition as such portion was prior to such placement, at Tenant's sole expense. At the expiration or sooner termination of the Lease Term or any extension thereof, any trade fixtures, equipment, furnishings, inventory, or other personal property belonging to Tenant which remains

on the Leased Property shall be conclusively deemed abandoned by Tenant, and Landlord may dispose of any of such items in any manner, without any liability whatsoever.

26. HOLDOVER. If Tenant remains on the Leased Property after the expiration or sooner termination of this Lease without having executed a new written lease agreement with Landlord, such holding over shall not constitute a renewal or extension of this Lease. Landlord may, at Landlord's option, elect to treat Tenant as one who continues in possession after the end of the term, and be entitled to all of the remedies against Tenant provided by law in that situation, including recovery of double rent, or Landlord may, at Landlord's option, elect to treat Tenant as a tenant from month-to-month only, subject to all of the terms, conditions, and provisions of this Lease, consistent with a month-to-month tenancy except the rent which shall be at a rate specified by Landlord.

27. WAIVER. The failure of Landlord to insist in one or more instances upon the strict performance of or compliance with any of the terms, covenants, conditions, or agreements of this Lease, or to exercise any option herein conferred, shall not be considered as waiving or relinquishing for the future any of such terms, covenants, conditions, agreements, or options, but the same shall continue and shall remain in full force and effect. The receipt of rent or any part thereof, whether the rent be that specifically reserved or that which may become payable under any of the covenants herein contained, and whether the same be received from Tenant or from any one claiming under or through Tenant or otherwise shall not be deemed to operate as a waiver of Landlord's rights to enforce the payment of rent or charges of any kind previously due or which may thereafter become due, or the right to terminate this Lease and to recover possession of the Leased Property or to exercise any of the rights or remedies reserved to Landlord hereunder or which Landlord may have at law, in equity, or otherwise.

28. ENTIRE AGREEMENT. This Lease contains the entire agreement between the parties as to the Leased Property and shall not be modified in any manner except by an instrument in writing executed by the parties or their respective successors in interest.

29. NOTICES. All notices, consents, or other communications permitted or required to be given under this Lease shall be given in writing and delivered in person or sent by certified mail, return receipt requested and postage prepaid, to the parties at their respective addresses as set forth above. Notices delivered in person shall be effective when delivered; provided, however, that notices to be delivered to any party that is a corporation shall be delivered to an officer, director, employee, or agent of such party. Notices forwarded by certified mail shall be deemed effective upon receipt, or in any event not later than five (5) days after deposit in the United States mails, postage prepaid. If the last day for giving any notice or performing any act under this Lease falls on a Saturday, Sunday, or on a day on which the United States Post Office is not open, the time shall be extended to the next day that is not a Saturday, Sunday or Post Office holiday. Any party wishing to change the person designated to receive any notice or the address for any notice may do so by complying with the notice provisions of this paragraph.

30. SEVERABILITY. Whenever possible, each part of this Lease shall be interpreted in such a manner as to be valid under applicable law. However, if it shall be found that any part of this Lease is illegal or unenforceable, such part or parts shall be of no force and effect to the

extent of such illegality or unenforceability, without invalidating the legal and enforceable remainder of such part or parts or any other part of this Lease.

31. BINDING EFFECT. Except as otherwise provided herein, the terms, covenants, conditions, and agreements of this Lease shall be binding upon and shall inure to the benefit of the parties hereto and their respective heirs, personal representatives, successors, and assigns.

32. COVENANT OF QUIET ENJOYMENT. Tenant, upon the payment of the rent herein reserved and upon the faithful performance of or compliance with all of the covenants, conditions, and agreements of this Lease applicable to Tenant, shall at all times during the Lease Term and any extension thereof peacefully and quietly enjoy the Leased Property without any disturbance from Landlord or from any person or entity claiming through Landlord.

33. BROKERS. Landlord and Tenant each warrant and represent to the other that no broker or anyone else entitled to claim any commission was involved in the negotiations relative to this Lease. Landlord and Tenant each agree to indemnify and hold the other harmless from and against and in respect of any claim for brokerage or other commissions relative to this Lease, and the transactions contemplated by this Lease.

34. SUBORDINATION TO MORTGAGES. This Lease and Tenant's interest in the Leased Property is and shall be subject and subordinate to all mortgages which now affect or which may hereafter affect the Leased Property, and to all renewals, modifications, consolidations, replacements, and extensions thereof. Although no instrument or act on Tenant's part shall be necessary to effectuate such subordination, Tenant shall, nevertheless, sign such subordination instruments as may be required from time to time by any mortgagee who now holds or may hereafter hold a mortgage encumbering the Leased Property. In addition, Tenant shall complete and sign any estoppel document which any such mortgage holder requires, which shall confirm the terms of this Lease.

35. MISCELLANEOUS PROVISIONS.

(a) Relationship of Parties. Neither the execution of this Lease nor the performance of any of the terms and obligations hereof shall ever be deemed or construed to have the effect of creating, between Landlord and Tenant, the relationship of principal and agent, or of a partnership, or of a joint venture, and the relationship between the parties hereto created hereby shall always be and remain that of landlord and tenant.

(b) Joint and Several Liability. If Tenant is composed of more than one person or entity, they shall be jointly and severally liable under the terms of this Lease.

(c) Language. Whenever used in this Lease, the singular number shall include the plural, the plural number shall include the singular, and the use of any gender shall include all genders where the context so permits.

(d) Consents by Landlord. The consent of Landlord to any act by Tenant requiring Landlord's consent shall not be deemed to waive or render unnecessary Landlord's consent to any subsequent similar act by Tenant.

(e) Amounts Deemed Additional Rent. All amounts payable to Landlord under this Lease (other than the rent specifically reserved in paragraph 4 hereof) shall be deemed additional rent payable hereunder.

(f) Interest on Delinquent Payments. If any rent or additional rent payable under this Lease is not paid to Landlord by Tenant within ten (10) days after the same becomes due and payable, the amount thereof shall bear interest at the highest lawful rate from the time such amount became due and payable until paid in full.

(g) Counterparts. This Lease may be executed in counterparts, each of which shall be deemed an original, but all of which together shall be deemed to be one and the same agreement. A signed copy of this Lease delivered by facsimile, e-mail or other means of electronic transmission shall be deemed to have the same legal effect as delivery of an original signed copy of this Lease.

(h) Governing Law. This Lease and all instruments or documents related thereto shall be construed in accordance with Florida law.

(i) Venue. The venue of any legal proceeding brought in connection with this Lease or any aspect of the relationship between the parties shall be in the county where the Leased Property is located.

(j) Exhibits. Any exhibits attached to this Lease are specifically incorporated herein by reference as if the same were fully set forth herein.

(k) Paragraph Titles. Paragraph titles are used solely for convenience herein and shall not be used in interpreting or construing any provision of this Lease.

(l) WAIVER OF JURY TRIAL. LANDLORD AND TENANT HEREBY AGREE THAT ANY CONTROVERSY WHICH MAY ARISE UNDER THIS LEASE OR OUT OF THE RELATIONSHIP ESTABLISHED BY THIS LEASE WOULD INVOLVE COMPLICATED AND DIFFICULT FACTUAL AND LEGAL ISSUES AND THAT, THEREFORE, ANY ACTION BROUGHT BY LANDLORD OR TENANT AGAINST EITHER OF THEM, WHETHER ARISING OUT OF THIS LEASE OR OTHERWISE, SHALL BE DETERMINED BY A JUDGE SITTING WITHOUT A JURY.

(m) Radon Gas. RADON IS A NATURALLY OCCURRING RADIOACTIVE GAS THAT, WHEN IT HAS ACCUMULATED IN A BUILDING IN SUFFICIENT QUANTITIES, MAY PRESENT HEALTH RISKS TO PERSONS WHO ARE EXPOSED TO IT OVER TIME. LEVELS OF RADON THAT EXCEED FEDERAL AND STATE GUIDELINES HAVE BEEN FOUND IN BUILDINGS IN FLORIDA. ADDITIONAL INFORMATION REGARDING RADON AND RADON TESTING MAY BE OBTAINED FROM YOUR COUNTY PUBLIC HEALTH UNIT.

For Your Information: What You Need To Know About Tangible Personal Property

Every individual or firm doing business and located in Polk County is also subject to the tangible personal property requirement.

An initial tangible personal property tax return is required to be filed with the Polk County Property Appraiser`s Office by April 1st of the year after the business opens. The initial return is required if the business owns or leases any personal property, without regard to the value of that personal property. In subsequent years, however, no return is required unless the combined value of all business equipment is more than 25,000 dollars.

To file an initial tangible personal property tax return or for additional information, visit Polk County Property Appraiser`s Office website, polkpa.org.

Second Amendment to Office Lease Agreement

THIS AGREEMENT is made as of this 14th day of May 2024, by **Bandit Tomkow, LLC as Assignee of Macedonian Service Foundation, Incorporated** ("Lessor") and **Keystone Civil, Inc.** ("Lessee"), under the following circumstances.

A. By Lease Agreement commenced on February 15, 2021 (the "Lease"), Lessor leased to Lessee the office Premises located at 8201 Tomkow Road, Lakeland, Florida 33809.

B. The parties entered into the First Amendment to Office Lease Agreement dated May 01, 2022.

C. The parties now desire to amend the Lease as herein provided.

NOW, THEREFORE, for good and valuable consideration, the receipt and adequacy of which is hereby acknowledged, the parties hereto agree as follows.

1. The Lease term end date in Section 1.01(A) is hereby amended to "May 30, 2025."

2. Except as amended hereby, the Lease is not otherwise altered or amended, and Lessor and Lessee do hereby ratify, adopt and confirm its terms and provisions. The Lease, as modified, remains in full force and effect in accordance with its terms and provisions.

IN WITNESS WHEREOF, the parties hereto intending to be legally bound hereby have executed this Amendment as of the date written above.

First Amendment to Office Lease Agreement

THIS AGREEMENT is made as of this 1st day of May 2022, by **Bandit Tomkow, LLC as Assignee of Macedonian Service Foundation, Incorporated** ("Lessor") and **Keystone Civil, Inc.** ("Lessee"), under the following circumstances.

A. By Lease Agreement commenced on February 15, 2021 (the "Lease"), Lessor leased to Lessee the office Premises located at 8201 Tomkow Road, Lakeland, Florida 33809.

B. The parties now desire to amend the Lease as herein provided.

NOW, THEREFORE, for good and valuable consideration, the receipt and adequacy of which is hereby acknowledged, the parties hereto agree as follows.

1. The Lease term end date in Section 1.01(A) is hereby amended from "May 30, 2022" to "May 30, 2024."

2. Except as amended hereby, the Lease is not otherwise altered or amended, and Lessor and Lessee do hereby ratify, adopt and confirm its terms and provisions. The Lease, as modified, remains in full force and effect in accordance with its terms and provisions.

IN WITNESS WHEREOF, the parties hereto intending to be legally bound hereby have executed this Amendment as of the date written above.

ASSIGNMENT OF LEASE, ACCEPTANCE AND CONSENT

This Assignment of Lease, Acceptance and Consent, entered into this 29 day of July, 2021, by and between MACEDONIAN SERVICE FOUNDATION, INCORPORATED, a Florida Not for Profit Corporation (Assignor), BANDIT TOMKOW, LLC, a Florida limited liability company (Assignee), and KEYSTONE CIVIL, INC., a Florida Corporation (Tenant).

IN CONSIDERATION of the mutual promises and covenants herein contained, and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties hereto agree as follow:

1. Assignor hereby assigns, transfers, and conveys to Assignee, all of its right, title and interest in and to that certain Lease dated January 12, 2021 (hereinafter referred to as the "Lease"), for premises at 8201 Tomkow Road, Lakeland, FL 33809.

2. Assignee hereby accepts the assignment of the Lease and agrees to be bound by all terms and conditions thereof, and to perform all obligations required of the Landlord thereunder, irrespective of when such obligations arose, and of whatever nature.

3. Tenant hereby consents to the aforementioned assignment of the Lease.

LEASE

Between

Macedonian Service Foundation, Incorporated

Landlord

&

Keystone Civil, Inc.

Tenant

Dated: **January 12, 2021**

PREMISES: The building and land that composes 8201 Tomkow Road, Lakeland, Florida, 33809, front office space only; does not include highlighted office space on Attachment A. or the warehouse.

LEASE

THIS LEASE (this "Lease") is made effective as of the 15th day of January, 2021 by and between **Macedonian Service Foundation, Inc.**, d/b/a Macedonian Missionary Service, 8201 Tomkow Road, Lakeland, Florida, 33809, ("Landlord"), and **Keystone Civil, Inc**, ("Tenant"), having a principal place of business at 2635 Windguard Circle, Suite 102, Wesley Chapel, Florida, 33544.

WITNESSETH:

The parties hereto, for themselves, their heirs, executors, administrators, legal representatives, successors and assigns, hereby covenant and agree as follows:

ARTICLE 1

Definitions, Demise, Premises, Terms, Rent

Section 1.01 **Definitions.** The following terms shall have the meanings hereinafter set forth throughout this Lease.

(A) "Base Rent" shall, mean the base rent payable by Tenant during the Term, as follows: Four Thousand dollars, $4,000.00, plus 6.5% sales tax, Two Hundred and Sixty dollars, $260.00, ($4,260.00), per month beginning on **February 15th for a fifteen month lease and ending on May 30, 2022.**

Tenant reserves option to renew the lease for three (3) additional months at the rate of $4,000.00 + 6.5% tax.

Term: The Tenant agrees to pay for utilities Three Hundred and Fifty dollars, $350.00, a month for electric, water, sewer and garbage pick-up.

"Landlord's Notice Address" is to be: PO Box 756, Somerset, Kentucky, 42502.

Permitted Uses: General business operations. Which shall include storage, distribution, operations, and general administrative office use.

Premises shall mean that property commonly known as: 8201 Tomkow Road, Lakeland, Florida, 33809; which includes approximately 6,000 square feet of office space; which does not include office space highlighted on Attachment A or the warehouse.

Property shall mean that certain real property on which the Building is situated, located at 8201 Tomkow Road, Lakeland, Florida, 33809.

Security Deposit shall be equal to one month's rent, $4,000.00. In addition the Landlord will also need to have the first month's rent **at lease execution**. (A total of $8,260.00 will be due and payable January 15, 2021.)

Tenant's Notice Address shall be: 2635 Windguard Circle, Suite 102, Wesley Chapel, Florida, 33544.

Section 1.02

Tenant has inspected the Premises and is satisfied with the physical condition thereof, including all equipment and appurtenances and agrees to accept the Premises in their present "AS IS" condition.

Section 1.03 **Use.** The Premises shall be used and occupied by Tenant solely for the Permitted Uses, including related office use thereof, and for no other purpose without the prior written consent of Landlord, which consent may be withheld for good cause. No representations or warranties, express or implied, are given by Landlord as to the present or future suitability of the Premises for the specific use of the Premises contemplated by Tenant's business. Tenant acknowledges that it has entered into this Lease and shall accept possession of the Premises subject to all applicable zoning, municipal, county, and state laws, ordinances and regulations governing and regulating the use of the Premises contemplated by the conduct of Tenant's business. Tenant, at its sole cost and expense, shall obtain and keep in effect during the Term, all permits, licenses, and other authorizations necessary to permit Tenant to use and occupy the Premises for the Permitted Uses. Without limiting the generality of the foregoing, Tenant shall not use or store any gasoline, flammable, or so-called "Red Label" materials in or about the Premises. All equipment used within the Premises shall be subject to approval by Landlord's insurance carriers and shall be Underwriters Laboratory or Factory Mutual approved for the uses intended, evidence of which shall be furnished to landlord upon request.

ARTICLE 2

Alterations and Additions

Section 2.01 **Alterations.** Except for Landlord's Work, Tenant shall accept the Premises in its present "AS IS" condition.

ARTICLE 3

Tenant's Covenants and Rights

Section 3.01 Assignment and Subletting.

(A) Tenant covenants that it shall not, by operation of law or otherwise, assign, sublet, encumber or mortgage this Lease, or any part thereof, or permit the Premises to be used by others without the prior written consent of Landlord in each instance, which consent shall not be unreasonably withheld. The consent by Landlord to any assignment, mortgage, encumbrance, subletting or use of the Premises by others shall not constitute a waiver of Landlord's right to withhold its consent to any other assignment, subletting, mortgage, encumbrance or use by others of the Premises. Whether or not Landlord's consent shall be granted to any proposed assignment or subletting, Tenant shall reimburse Landlord for the Reasonable expenses, including attorneys' fees and disbursements, incurred by Landlord in connection with Tenant's request for such consent. In addition, Tenant shall pay to Landlord, as Additional Rent, all reasonable direct and indirect expenses incurred by Landlord due to any such assignee or sublease taking possession of the Premises. The prohibitions set forth in this Section 3.01 and Tenant's agreement thereto are material inducements to Landlord to enter into this Lease with Tenant, and any breach or attempted breach thereof shall constitute an Event of Default (as defined in Section 6.01 hereof) for which no notice or opportunity to cure need be given. For the purposes of this Section 3.01, (i) the transfer or issuance of a majority of the issued and outstanding capital stock of any corporate tenant, or of a corporate subtenant, or the transfer or issuance of a majority of the total interest in any partnership tenant or subtenant, however accomplished, whether in a single transaction or in a series of related or unrelated transactions, shall be deemed an assignment of this Lease, or of such sublease, as the case may be, except that the transfer of the outstanding capital stock of any corporate tenant, or subtenant, shall not be deemed to include the sale of such stock by persons or parties through the "over-the-counter market" or through any recognized stock exchange, other than by those deemed to be a "control person" within the meaning of the Securities Exchange Act of 1934, as amended, (ii) a takeover agreement or similar agreement whereby the obligations of Tenant under this Lease are assumed by another party shall be deemed a transfer of this Lease, (iii) any person or legal representative of Tenant, to whom Tenant's interest under this Lease passes by operation of law, or otherwise, shall be bound by the provisions of this Section 3.01, (iv) a modification, amendment or extension of a sublease shall be deemed a sublease and (v) if Tenant consists of more than one person, a purported assignment, voluntary, involuntary, or by operation of law by any of the persons executing this Lease shall be deemed a voluntary assignment of this Lease by Tenant.

(B) No consent by Landlord to an assignment of this Lease shall be effective until Tenant shall deliver to Landlord an agreement in form and substance satisfactory to Landlord pursuant to which such assignee assumes and agrees to be bound by all of the terms, covenants, conditions, provisions, and agreements of this Lease. In no event shall Tenant be released from its obligations hereunder as a result of any assignment of this Lease, and the Tenant named herein and any assignee of such Tenant who assumes the obligations of the named Tenant under this Lease, from and after such assignment, shall be jointly and severally liable for performance of all obligations of Tenant under this Lease.

(C) If the rent and other sums payable to Tenant by an assignee or sub-lessee for or in

connection with an assignment of this Lease or the sublease of all or any part of the Premises shall be in excess (the "Excess") of the Base Rent and any Additional Rent provided for in this Lease (allocated on a per-square-foot basis in the event of a sublease of less than all of the Premises), Tenant shall so notify Landlord and shall pay Landlord the Excess as and when received by Tenant.

Section 3.02 **Utilities.** *Landlord shall keep all utilities in Macedonian Service Foundation, Inc. Tenant agrees to pay utilities in the amount of Three Hundred and Fifty dollars ($350.00) per month, which includes: water, electric and garbage; payable to Macedonian Service Foundation, Inc.*

Section 3.03 HVAC; Fire Protection System. Tenant shall have the right to use the existing heating, air-conditioning, and ventilation equipment in the Premises, if any. All such equipment shall be maintained, repaired, and replaced, as necessary, by Landlord at its sole expense and shall be surrendered by Tenant to Landlord at the end of the Term together with the Premises. Landlord makes no representation or warranty as to the condition or capacity of such equipment other than that such equipment is in good working order.

Section 3.04 **Cleaning.** Tenant, at its expense, shall keep the Premises clean and in good order to the reasonable satisfaction of Landlord and Landlord shall pay for all garbage removal as incurred. Tenant shall store all rubbish and refuse in locations and in a manner as may be designated by Landlord from time to time. Landlord shall arrange for the removal of garbage and other refuse.

Section 3.05 **Care of Premises; Repairs.** Tenant shall maintain and repair the Premises during the Term and preserve same in the condition delivered to Tenant on the Commencement date, normal wear and tear excepted and shall make all repairs and replacements to the interior of the Premises; provided, however, that Landlord shall make repairs to the following structural items: the roof, exterior walls, concrete floors, pavement and supporting columns, as and when necessary in order to preserve the Premises in good working order and condition in accordance with the terms and provisions of this Lease. Landlord agrees to keep and maintain in good working order and condition the waste and sewer systems, fire protection sprinkler system, plumbing, air-conditioning, electrical and heating and ventilating systems and equipment in and/or servicing the Premises. Landlord's obligation shall be to keep the following structural items in good repair: the roof, exterior walls, concrete floors, pavement and supporting columns of the Building. In addition, Landlord shall repair or replace, at Tenant's expense, any damage done to the Building or any part thereof caused by Tenant or Tenant's agents, employees, contractors, invitees or visitors. Upon the expiration of the Term or other termination of this Lease, Tenant shall peaceably surrender to Landlord the Premises, broom clean, in the same condition as existed on the Commencement Date, excepting only ordinary wear and tear. Any property of Tenant not removed at or prior to the Expiration Date or prior termination of this Lease shall, at Landlord's election, be deemed abandoned, and shall become the property of the Landlord.

Section 3.06 **Compliance with Law.**

(A) Tenant's obligations under this section 3.06 are limited solely to conditions caused by Tenant during its occupancy of the Premises. Under no circumstances shall Tenant be liable

for conditions or events at the Premises which predated Tenant's occupancy, or for conditions or events which Tenant did not directly cause. Tenant, at its expense, shall comply with all laws, orders and regulations of any governmental authorities and with any directive of any public officer which shall impose any violation, order, or duty upon Landlord or Tenant with respect to the Premises or the use or occupancy thereof including, without limitation, any governmental law or statute, rule, regulation, ordinance, code, policy or rule of common law now or hereafter in effect relating to the environment, health, safety or any substances, materials or wastes regulated by any governmental authority or deemed or defined as a "hazardous substance," "hazardous material," "toxic substance," "toxic pollutant," "contaminant," "pollutant," "solid waste," "hazardous waste" or words of similar import under applicable laws and regulations of the United States, the state in which the property is located and the political subdivisions thereof having jurisdiction over the property, including, without limitation, oil and petroleum products, natural or synthetic gas, asbestos in any form, urea, formaldehyde and radon gas (collectively, "Hazardous Materials").

(B) Tenant shall provide Landlord with copies of all communications and related materials regarding the Premises with any (i) governmental agency relating to any law, statute, rule, regulation, article, code, policy or rule of common law, and any judicial interpretation thereof relating to Hazardous Materials (collectively, "Environmental Laws") or (ii) person with respect to any claim relating in any way to any Environmental Law (each, an "Environmental Claim"). Landlord or its agents may perform an environmental inspection of the Premises at Landlord's expense at any time during the Term, the costs of which shall be borne by Tenant if such environmental inspection discloses that Tenant is in violation of its obligations under this Section.

(C) At any time and from time to time during the Term, Landlord may perform, at Landlord's sole cost and expense, an environmental site assessment report concerning the Premises, prepared by an environmental consulting firm chosen by Landlord, indicating the presence or absence of Hazardous Materials caused or permitted by Tenant and the potential cost of any compliance, removal, or remedial action in connection with any such Hazardous Materials on the Premises. Tenant shall grant and hereby grants to Landlord and its agents access to the Premises and specifically grants Landlord an irrevocable nonexclusive license to undertake such an assessment.

(D) Tenant agrees to defend, indemnify, and hold harmless the Indemnitees as defined herein from and against all obligations (including removal and remedial actions), losses, claims, suits, judgments, liabilities, penalties, damages (including consequential and punitive damages) costs and expenses (including attorney's and consultants' fees and expenses) of any kind or nature whatsoever that may at any time be incurred by, imposed on, or asserted against such Indemnitees directly or indirectly based on, or arising or resulting from (a) the actual or alleged presence of Hazardous Materials on the Premises or in the Building which is caused or permitted by Tenant and (b) any Environmental claim relating in any way to Tenant's operation or use of the Premises or the Building. The provisions of this Subsection (D) shall survive the expiration or sooner termination of this Lease.

(E) Tenant shall not do or permit to be done any act or thing in, on or about the Premises or

store anything therein which will in any way increase the existing rate of, or adversely affect, or cause a cancellation of, any fire or other insurance policies covering the property or any of its contents. In, addition, Tenant shall pay or cause to be paid before delinquency, any and all taxes levied or assessed and payable during the Term upon all of Tenant's leasehold improvements, equipment, furniture, fixtures, and other personal property located in the Premises. If at any time during the Term of this Lease any Superintendent of Insurance, or any other insurance authority or insurance company imposes a penalty or surcharge on Landlord's fire insurance premiums by reason of Tenant's placement or use of storage racks or bins, method of storage or the nature of Tenant's inventory, Tenant agrees to pay, as Additional Rent, the amount of such increase on demand, and shall modify the placement of Tenant's inventory as required by Superintendent of Insurance or any such insurance authority or insurance company.

Section 3.07 Tenant's Insurance.

(A) Tenant shall procure and maintain throughout the Term of this Lease, at its expense, comprehensive general liability insurance providing coverage for bodily injury (including death) and property damage and products liability insurance, as necessary. This policy shall contain a broad form contractual liability endorsement insuring Tenant's obligations hereunder (A) hereof with a combined single limit of at least One Million Dollars ($1,000,000) per occurrence, or such greater amounts as Landlord may require. Tenant shall also procure fire and extended coverage insurance covering Tenant's personal property, fixtures, equipment and improvements, in an amount equal to the replacement value of the same and containing the waiver of subrogation required in section 6.03 of this Lease, state worker's compensation and employer's liability insurance and such other insurance as Landlord may reasonably require from time to time.

(B) All of the foregoing insurance policies (with. the exception of worker's compensation insurance to the extent not available, under statutory law) shall name Landlord, any holder of a Mortgage and such other parties as Landlord shall designate as an additional insured as their respective interests may appear, and shall provide that any loss shall be payable to Landlord and any other additional insured parties as their respective interests may appear. All insurance required hereunder shall be placed with companies which are rated A:XI or better by Best's Insurance Guide and licensed to do business in the state in which the property is located and written as primary policies, with any other policies, including Landlord's policy, serving as excess coverage. Tenant shall deliver duplicate original copies of all such policies and all endorsements thereto, prior to the Commencement Date, or, in the case of renewals thereto, fifteen (15) days prior to the expiration of the prior insurance policy, together with evidence that such policies are fully paid for, and that no change or non-renewal thereof shall be effective except upon thirty (30) days' prior written notice from the insurer to Landlord. If Tenant shall fail at any time to procure and/or maintain the insurance required herein, Landlord may procure such insurance on Tenant's behalf and the cost thereof shall be payable, upon demand, as Additional Rent.

Section 3.08 Tenant's Indemnification.

(A) Tenant shall indemnify, defend, and hold harmless Landlord and its officers, directors, employees, attorneys, and agents (collectively, the "Indemnitees") from and against any and all claims, demands, causes of action, judgments, costs, expenses, and all losses and damages

(including consequential and punitive damages) arising from Tenant's use of the Premises or from the conduct of its business or from any acts permitted or suffered by Tenant in or about the Premises, and shall further indemnify, defend and hold harmless the Indemnitees from and against any and all claims arising from any breach in Tenant's performance under this Lease, or arising from any act, omission, or negligence of willful or criminal misconduct of Tenant, or any officer, agent, employee, independent contractor, guest, or invitee thereof, and from all costs, attorneys' fees, and disbursements, and liabilities incurred in the defense of any such claim or any action or proceeding in any way related to this Lease. Upon notice from Landlord, Tenant shall defend any such claim, demand, cause of action, or suit at Tenant's expense by counsel satisfactory to Landlord. As a material part of the consideration to Landlord for this Lease, Tenant hereby assumes all risk of damage to property or injury to persons in, upon, or about the Premises from any cause within Tenant's control. Tenant shall give immediate notice to Landlord in case of casualty or accidents in the Premises. The provisions of this Section shall survive the expiration or sooner termination of this Lease.

(B) All personal property of Tenant, including goods, wares, merchandise, inventory, trade fixtures, and other personal property of Tenant, shall be stored at the sole risk of Tenant. Landlord or its agents shall not be liable for any loss or damage to persons or property resulting from fire, explosion, falling plaster, steam, gas, electricity, water or rain which may leak from any part of the property or from the pipes, appliances, or plumbing works therein, or from the roof, street or subsurface or from any other places resulting from dampness or any other cause whatsoever, or from the act or negligence of any other tenant or any officer, agent, employee, contractor, or guest of any such tenant, except personal injury caused by or due to the gross negligence or willful or criminal misconduct of Landlord. In addition, Landlord or its agents shall not be liable for (i) interference with the electrical service, ventilation, or for any latent defect in the Premises, (ii) any loss or damage for which Tenant is required to insure, or (iii) any loss or damage resulting from any construction, Alterations or repair required or permitted to be performed by Tenant under this Lease.

Section 3.09 **Personal Property Taxes and Rental Taxes.**

(A) Tenant shall pay or cause to be paid before delinquency, any and all taxes levied or assessed, **(including the State of Florida mandated lease fee which is presently 6.5%)** and payable during the Term upon all of Tenant's leasehold improvements, equipment, furniture, fixtures, and other personal property located in the Premises.

(B) Tenant shall pay any and all sales, excise, and other taxes (excluding Landlord's income taxes) levied, imposed, or assessed by the United States of American, the State of Florida, or any political subdivision thereof or other taxing authority upon the Base Rent or any Additional Rent payable hereunder. **Landlord shall be solely responsible for real estate taxes levied against the property.**

Section 3.10 **Security Deposit.** Concurrently with the execution of this Lease, Tenant has deposited with Landlord the Security Deposit as security for the payment by Tenant of all Base

Rent and any Additional Rent and for the faithful performance of all the terms, covenants, and conditions hereof. Landlord shall not be required to segregate the Security Deposit from other funds of Landlord or pay interest thereon, unless required by applicable law. If, at any time during the Term, Tenant does not fulfill any of its obligations under this Lease, Landlord shall have the right to use all or part of the Security Deposit to satisfy such obligations. If any portion of the Security Deposit is used, applied, or retained by Landlord as herein permitted, then within five (5) days after written demand therefore, Tenant shall deposit with Landlord an amount sufficient to restore the Security Deposit to its original or adjusted amount. If Tenant fully performs every term, covenant, condition and obligation of this Lease during the Term, the Security Deposit (or any balance thereof), without interest, shall be returned to Tenant after the expiration of the Term. Landlord may deliver the Security Deposit to any purchaser of Landlord's interest in the Premises if such interest is sold, in which event Landlord shall be discharged from any further liability with respect to the Security Deposit. The Security Deposit shall not be construed as liquidated damages, and if Landlord's claims hereunder exceed the Security Deposit, Tenant shall remain liable for the balance of such claims.

Section 3.11 **Signs.** Tenant shall not place or permit to be placed any signs upon (i) the roof of the property without Landlord's prior written approval which approval shall not be unreasonably withheld or delayed provided any proposed sign is placed only in those locations as may be designated by Landlord. Upon request of Landlord, Tenant shall immediately remove any sign, advertising material or lettering which Tenant has placed or permitted to be placed upon the exterior or interior surface of any door or window or at any point inside the Premises, on the exterior of the property if required in connection with any cleaning, maintenance, or repairs to the property or which in Landlord's reasonable opinion, is of such a nature as to not be in keeping with the standards of the property and if Tenant fails to do so, Landlord may without liability remove the same at Tenant's expense. Tenant shall comply with such regulations as may from time to time be promulgated by Landlord governing signs, advertising material, or lettering. Subject to the provisions of this Lease, Tenant will provide standard exterior signage at Tenant's sole cost. Exterior signage/building identity will be consistent with Polk County Zoning Ordinances and also the City of Mulberry, Florida.

ARTICLE 4

Landlord's Covenants and Rights

Section 4.01 **Quiet Enjoyment and Subordination.**

(A) Landlord covenants and agrees that, upon performance by Tenant of all of the terms, covenants, obligations, conditions, and provisions hereof on Tenant's part to be kept and performed, Tenant shall have, hold, and enjoy the Premises, subject and subordinate to the terms and conditions of this Lease.

(B) This Lease is subject and subordinate to any reciprocal easement agreements or any other easements (each, an "Easement"); all ground or underlying leases (each, a "Superior Lease"); any

mortgage, deed of trust, or deed to secure debt (each, a "Mortgage"); and to any renewals, modifications, increases, extensions, replacements, and substitutions of any thereof now or hereafter affecting the Premises. This provision shall be self-operative and no further instrument of subordination shall be required; provided, however, that Tenant shall execute and deliver, upon request, such further instrument(s) in recordable form confirming this subordination as may be requested by Landlord, or the holder of any Mortgage or the lessor under any Superior Lease. Notwithstanding anything to the contrary contained herein, at the option of the holder of any Mortgage, this Lease shall be made superior to such Mortgage by the insertion therein of a declaration that this Lease is superior. In connection therewith, Landlord shall cause to be delivered to Tenant a subordination, non-disturbance, and attornment agreement ("SNDA") in a form reasonably satisfactory to Tenant, duly executed by any such mortgagee, obligating such mortgagee or any successor to the mortgagee to be bound by this Lease and by all of Tenant's rights under this Lease, provided Tenant is not in default beyond any applicable cure period under the terms of this Lease.

(C) Tenant agrees that Landlord may assign the rents and its interest in this Lease to the holder of any Mortgage. In the event of such an assignment, Tenant shall give the holder of such Mortgage a copy of any request for performance by Landlord or any notice of default by Landlord, and, in the event Landlord fails to cure any such default, Tenant shall give such holder a reasonable period, commencing on the last day on which Landlord could cure such default, in which to cure same.

Section 4.02 **Alterations and Entry by Landlord.**

(A) Landlord may from time to time: (i) make repairs, replacements, changes, or additions to the structure, systems, facilities, and equipment in the Premises. Landlord, its agents, and representatives shall have the right to enter the Premises at all reasonable times for any purpose permitted hereunder, including, but not limited to, showing the Premises to prospective tenants, purchasers, or mortgagees, accompanied by an agent of Tenant if Tenant so desires; provided, however, at any time in case of any emergency, Landlord, its agents and representatives shall have the right to enter the Premises without the Tenant's agent present. Tenant shall give Landlord a key for all of the doors of the Premises which Landlord agrees to use for emergency purposes only.

(B) In performing its covenants under this Article 5, Landlord shall use reasonable efforts to minimize interference with the conduct of Tenant's business in connection with the performance by Landlord of any work or the provision of any services required or permitted hereunder, but Landlord shall not be required to use overtime or premium time labor.

Section 4.03 **Landlord's Right to Cure.** All agreements, covenants, and conditions to be performed by Tenant under this Lease shall be at Tenant's expense and without any abatement of Base Rent or any Additional Rent. If Tenant shall fail to perform any act or to pay any sum of money (other than Base Rent) required of Tenant hereunder, then Landlord may, without waiving or releasing Tenant from any of its obligations hereunder, make such payment or perform such act on behalf of Tenant. All sums paid and all costs incurred by Landlord in taking such action shall be deemed Additional Rent and shall be paid to Landlord on demand.

ARTICLE 5

Eminent Domain, Casualty

Section 5.01 **Eminent Domain.**

(A) If, during the Term, all of the Premises shall be taken (or temporarily taken for a period of one (1) year or more) by a public authority under any statute or by right of eminent domain, or purchased under threat of such taking, this Lease shall automatically terminate on the date on which the condemning authority takes possession of the Premises ("Date of Such Taking"). Notwithstanding the foregoing, if more than one-third (1/3) of the number of rentable square feet in the Premises is so taken or purchased, Tenant shall have the right to terminate this Lease by giving Landlord notice no later than thirty (30) days after the Date of Such Taking, and thereupon this Lease shall terminate on the last day of the month following the month in which notice is given. In both of such events, Tenant shall have no claim for the value of any unexpired Term of this Lease.

(B) If, during the Term, part of the property is so taken or purchased, and if, in Landlord's opinion, substantial alteration of the property is necessary or desirable as a result thereof, whether or not the Premises are affected, Landlord shall have the right to terminate this Lease by giving Tenant at least thirty (30) days' written notice of such termination, and thereupon this Lease shall terminate on the date set forth in such notice.

(C) If a portion of the Premises is so taken, and no rights of termination herein conferred are timely exercised, the Term of this Lease shall expire with respect to the portion so taken on the Date of Such Taking. Landlord shall restore and re-demise the Premises to the extent required to exclude from the Premises that portion so taken; provided, however, that Landlord's obligation to restore and re-demise the remainder of the Premises shall be limited to the funds available to Landlord from the condemnation award or other consideration paid for the affected portion of the Premises. In no event shall Landlord be obligated to replace or restore any improvements to the Premises or alterations thereof installed therein by or on behalf of Tenant, nor shall Landlord be obligated to replace, repair, or restore Tenant's leasehold improvements, personal property, furniture, fixtures, equipment, or the like. Upon any such taking, Landlord shall be entitled to receive and retain the entire award or consideration for the affected portion of the property, and Tenant shall not have any claim against Landlord for the value of its property or its leasehold estate or the unexpired Term of the Lease, or for costs of removal or relocation, or business interruption expense or any other damages arising out of such taking.

(D) If all or any portion of the Premises shall be condemned or taken for governmental occupancy for a period of less than one year, this Lease shall continue in full force and effect and Tenant shall continue to pay in full all Base Rent and any Additional Rent herein reserved, without reduction or abatement.

Section 5.02 **Damage by Fire or Other Casualty.**

(A) If the Premises shall be partially damaged by fire or other casualty, then the damage shall be repaired by Landlord, except as otherwise provided herein, from the insurance proceeds actually paid to Landlord. In such event, the Base Rent and Additional Rent due hereunder shall be equitably abated in the proportion which the part of the Premise not usable by Tenant bears, to the entire. Premises until the damage is repaired by Landlord as required hereunder. Tenant shall give immediate written notice to Landlord of any damage caused to the Premises by fire or other casualty.

(B) If the Premises, are substantially damaged and deemed by Tenant to be unusable. Tenant shall report such damage to Landlord, and the Term shall immediately expire.

Section 5.03 **Subrogation.** Notwithstanding anything to the contrary contained herein, Landlord and Tenant hereby mutually waive and release their respective rights of recovery against one another and their officers, agents, and employees for any damage to real or personal property, including resulting loss of use, interruption of business, and other expenses occurring as a result of the use or occupancy of the Premises to the extent of insurance coverage which would be included in a standard "all-risk" or special form policy of property insurance. Landlord and Tenant agree that all policies of insurance shall contain provisions or endorsements thereto waiving the insurer's rights of subrogation with respect to claims against the other, and, unless the policies permit waiver of subrogation without notice to the insurer, each shall notify its insurance companies of the existence of the waiver and indemnity provisions set forth in this Lease.

Section 5.04 **Radon Gas Disclosure.** Radon is a naturally occurring radioactive gas that, when it has accumulated in a building in sufficient quantities, may present health risks to persons who are exposed to it over time. Levels of radon that exceed Federal and state guidelines have been found in buildings in Florida. Additional information regarding radon and radon testing may be obtained from your county public health unit.

ARTICLE 6

Events of Default, Remedies

Section 6.01 **Events of Default.** In addition to any other event specified in this Lease as an event of default, the occurrence of any one or more of the following events during the Term (each, individually, an "Event of Default" and collectively, "Events of Default") shall constitute a breach of this Lease by Tenant and Landlord may exercise the rights set forth herein of this Lease or as otherwise provided at law or in equity: (1) Tenant shall fail to pay any sum payable to Landlord hereunder within five (5) days after the same shall become due and payable; or (2) Tenant fails to perform any of the other covenants, agreements, terms, or conditions of this Lease to be performed by Tenant (other than any default curable by the payment of money), and, unless expressly provided elsewhere in this Lease that no notice and/or opportunity to cure such default is to be afforded Tenant, such default shall continue for a period of thirty (30) days after written notice thereof from Landlord to Tenant, or, in the case of a default which cannot with due diligence be cured within thirty (30) days, Tenant fails to commence such cure promptly within such thirty (30)

day period and thereafter diligently prosecute such cure to completion, unless expressly provided elsewhere in this Lease that no notice and/or opportunity to cure is to be afforded Tenant with respect to any given default or breach; or (3) Tenant or any guarantor of Tenant's obligations hereunder ("Guarantor") shall file a voluntary petition in bankruptcy or shall be adjudicated a bankrupt or insolvent within the meaning of the United States Bankruptcy Code, as amended (the "Code"), or shall file any petition or answer seeking any reorganization, composition, readjustment, or similar relief under any present or future bankruptcy or other applicable law, or shall seek or consent to or acquiesce in the appointment of any trustee, receiver, liquidator, or other Custodian for any substantial part of Tenant's properties or any part of the Premises; or (4) any Guarantor of this Lease shall default beyond any applicable notice and/or grace period under such guaranty; or (5) the Premises shall be effectively abandoned by Tenant for a period of thirty (30) days.

Section 6.02 **Remedies upon Default.**

(A) Upon the occurrence of any Event of Default, Landlord shall have the option to pursue any one or more of the following remedies without notice or demand whatsoever, in addition to, or in lieu of, any and all remedies available to Landlord under the laws of the state in which the. property is located:

(1) Landlord may give Tenant written notice of its election to terminate this Lease, effective on the date specified therein, whereupon Tenant's right to possession of the Premises shall cease and this Lease, except as to Tenant's liability determined in accordance herein below, shall be terminated.

(2) Landlord and its agents may immediately re-enter and take possession of the Premises, or any part thereof, either by summary proceedings, or by any other applicable action or proceeding, or by force or otherwise and may repossess same as Landlord's former estate and expel Tenant and those claiming through or under Tenant, and remove the effects of both or either, without being deemed guilty in any manner of trespass, and without prejudice to any remedies for arrears of rent or Tenant's breach of covenants or conditions.

(3) Should Landlord elect to re-enter as provided hereinabove or should Landlord take possession pursuant to legal proceedings or pursuant to any notice provided by law, Landlord may, from time to time, without terminating this Lease, re-let the Premises or any part thereof in Landlord's or Tenant's name, but for the account of Tenant, for such term or terms (which may be greater or less than the period which would otherwise have constituted the balance of the Term) and on such terms and conditions as Landlord, in its sole discretion, may determine, and Landlord may collect and receive the rents therefore without affecting any liability of Tenant under this Lease. Landlord shall have no obligation to re-let the Premises and shall in no event be liable for failure to re-let the Premises or, in the event of any such re-letting, for refusal or failure to collect any rent due upon such re-letting, and no such refusal or failure shall affect any liability of Tenant under this Lease. No such re-entry or taking possession of the Premises by Landlord shall be construed as an election on Landlord's part to terminate this Lease unless a written notice of such intention be given to Tenant. No notice from Landlord hereunder or under a forcible

entry and detainer statute or similar law shall constitute an election by Landlord to terminate this Lease unless such notice specifically so states. Landlord reserves the right following any such re-entry and/or re-letting to exercise its right to terminate this Lease by giving Tenant written notice thereof.

(B) Tenant, on its own behalf and on behalf of all persons claiming through or under Tenant, including all creditors, does further hereby waive any and all rights which Tenant and all such persons might otherwise have under any present or future law to redeem the Premises, or to reenter or repossess the Premises, or to restore the operation of this Lease, after (i) Tenant shall have been dispossessed by a judgment or by warrant of any court or judge, or (ii) any expiration or termination of this Lease and the Term, whether such dispossession, reentry, expiration, or termination shall be by operation of law or pursuant to the provisions of this Lease. The words "reenter," reentry," and "reentered" as used in this Lease shall not be deemed to be restricted to their technical legal meanings. In the event of a breach or threatened breach by Tenant, or any persons claiming through or under Tenant, of any term, covenant, or condition of this Lease on Tenant's part to be observed or performed, Landlord shall have the right to enjoin such breach and the right to invoke any other remedy allowed by law or in equity as if reentry, summary proceedings and other special remedies were not provided in this Lease for such breach.

(C) (1) If this Lease is terminated, Tenant shall remain liable to Landlord for damages in an amount equal to the Base Rent and any Additional Rent due hereunder as of the date of termination of this Lease plus the Base Rent and any Additional Rent which would have been owing by Tenant hereunder for the balance of the Term (collectively, the "Aggregate Gross Rent") had this Lease not been, terminated, less the net proceeds, if any, received as a result of any re-letting including, without limitation, all repossession costs, brokerage commissions, legal expenses, attorneys' fees, expenses of employees, alteration and repair costs, and expenses of preparation for such re-letting (collectively, the "Re-letting Costs"). Landlord shall be entitled to collect Base Rent, any Additional Rent and all other damages from Tenant monthly on the days on which Base Rent and any Additional Rent would have been payable hereunder if this Lease had not been terminated. Alternatively, at the option of Landlord, in the event this Lease is so terminated, Landlord shall be entitled to recover forthwith against Tenant, as liquidated damages and not as a penalty, the then value of the Aggregate Gross Rent and Re-letting Costs less the aggregate rental value of the Premises for what otherwise would have been the unexpired balance of the Term. If Landlord shall re-let the Premises for the period which otherwise would have constituted the unexpired portion of the Term (or any part thereof), the amount of rent and other sums payable by the tenant there under shall be deemed prima facie to the rental value for the Premises (or the portion thereof so re-let) for the term of such re-letting. Tenant shall in no event be entitled to any rents collected or payable in respect of any re-letting, whether or not such rents shall exceed the Base Rent and any Additional Rent reserved in this Lease.

(2) In the event Landlord does not elect to terminate this Lease, but takes possession, Tenant shall pay to Landlord the Base Rent and any Additional Rent which would be payable hereunder if such repossession had not occurred, less the net proceeds received by Landlord, if any, of any re-letting of the Premises by Landlord after deducting the Re-

letting Costs to the extent not paid to Landlord pursuant to the following sentence. Tenant shall pay rent and all other sums due to Landlord, monthly, on the days on which Base Rent would have been payable hereunder if possession had not been retaken.

(D) This Lease shall continue in effect for so long as Landlord does not terminate Tenant's right to possession, and Landlord may enforce all its rights and remedies under this Lease, including the right to recover the Base Rent and any Additional Rent, as the same become due under this Lease.

Section 6.03 Landlord's Lien and Security Interest.

(A) In addition to the statutory "Landlord's Lien," if any, to secure payment of all rentals and other sums of money becoming due hereunder from Tenant and to secure payment of any damages or loss which Landlord may suffer by reason of a breach by Tenant hereunder, Tenant hereby grants to Landlord a valid security interest in all property of Tenant presently or hereafter situated in or about the Premises, and all proceeds therefrom, and such property shall not be removed therefrom without the consent of Landlord until all arrearages in Base Rent and any Additional Rent then due to Landlord hereunder shall first have been paid and discharged and all the terms, covenants, and conditions hereof have been fully performed by Tenant. The provisions of this Section, except as provided by the statutory "Landlord's Lien," if any, shall constitute a security agreement under the Uniform Commercial Code, as amended from time to time (the "UCC"), and Tenant agrees to execute as debtor such financing statement or statements as Landlord may now or hereafter reasonably request in order that such security interest(s) may be protected pursuant to the UCC.

ARTICLE 7

Miscellaneous Provisions

Section 7.01 Administrative Service Charges. Tenant acknowledges that any failure by it to timely pay any of its obligations hereunder will result in and cause monetary loss to Landlord, the exact amount of such costs being extremely difficult and impracticable to fix. Therefore, in addition to any other rights and remedies provided Landlord, any and all payments which remain unpaid for ten (10) days after the respective due date, will be subject to an administrative service charge of five percent (5%) of the total overdue amount. The parties agree that this charge represents a fair and reasonable estimate of the costs Landlord will incur by reason of such late payment by Tenant.

Section 7.02 Late Charges. In addition to the administrative service charge described in Section 8.01, all amounts which shall remain unpaid for five (5) days after their respective due dates shall bear interest from the due date, at the lesser of (i) the prime rate or (ii) the maximum legal rate of interest allowed by the state in which the property is located.

Section 7.03 Holding Over. If Tenant remains in possession of the Premises after the expiration or other termination of the Term, then, at Landlord's option, Tenant shall be deemed to be occupying the Premises as a month-to-month tenant only, at a monthly rental equal to one and one-half (1 ½) times the sum of the Base Rent and any Additional Rent payable hereunder during

the last month of the Term. Tenant shall defend, indemnify, and hold Landlord harmless from and against any and all claims, losses, and liabilities for damages resulting from failure to surrender possession upon the Expiration Date or sooner end of the Term, and such obligations shall survive the expiration or sooner termination of this Lease.

Section 7.04 **Notices.** Any and all notices required or which either party herein may desire to give to the other (each, a "Notice") shall be made in writing and shall be given by certified or registered mail, postage prepaid, return receipt requested, or by a nationally recognized overnight courier, and shall be deemed to be given on the third (3rd) business day after the date of posting in a United States Post Office or one day after delivery to the overnight courier, and shall be delivered to Tenant's Notice Address or Landlord's Notice Address, as appropriate. The parties agree that copies of all Notices to be delivered to Landlord and Tenant hereunder shall be simultaneously delivered to the specified addresses for copies set forth herein, respectively, if any. Either party may designate a different address or addresses for communications intended for it. Anything contained herein to the contrary notwithstanding any bills or invoices for Base Rent, any Additional Rent, or any Landlord's Operating Statement may be given by hand or by mail (which need not be registered or certified) and, if so given, shall be deemed given on the date of delivery or refusal, if by hand, or on the third (3rd) business day following the date of posting, if mailed. Landlord may act through its managing agent for the Building or through any other person who may from time to time be designated by Landlord in writing.

Section 7.05 **Authority of Tenant.**

(A) If Tenant is a corporation, partnership, limited liability company, joint venture, or unincorporated association, each individual executing this Lease on behalf of such entity represents and warrants that he or she is duly authorized to execute and deliver this Lease on behalf of such entity and that this Lease is binding upon such entity in accordance with its terms. If this Lease is executed by more than one tenant, Tenant's obligations hereunder shall be the joint and several obligations of each tenant executing this Lease.

(B) Nothing contained in this Lease shall create any relationship between the parties hereto other than that of Landlord and Tenant, and Landlord shall not be deemed to be a partner of Tenant in the conduct of its business, or a joint venturer or a member of a joint or common enterprise with Tenant.

Section 7.06 **Brokerage.** Tenant represents and warrants that it has dealt only with Broker and/or with Landlord and its direct employees, and no other broker or agent, in connection with the negotiation or execution of this Lease. Tenant agrees to indemnify and hold Landlord harmless from and against any and all damage, loss, cost, or expense including, without limitation, all attorneys' fees and disbursements incurred by reason of any claim of or liability to any other broker or other person for commissions or other compensation or charges with respect to the negotiation, execution, and delivery of this Lease, and such obligations shall survive the expiration or sooner termination of this Lease.

Section 7.07 Definition of Landlord. The term "Landlord" as used in this Lease shall mean only the owner of the Building, or the tenant under a Superior Lease. In the event of any transfer of title to or lease of the Building, the transferor shall be entirely freed and relieved of all covenants and obligations of Landlord hereunder without further agreement between the parties or their successors in interest and Tenant shall look solely to the successor in interest of the transferor as Landlord under this Lease. This Lease shall not be affected by such transfer or lease, and Tenant agrees to attorn to the transferee or assignee, such attornment to be effective and self-operative without the execution of any further instrument by the parties to this Lease.

Section 7.08 Entire Agreement.

(A) Tenant acknowledges and agrees that it has not relied upon any statements, representations, agreements, or warranties except those expressed in this Lease; and that this, Lease contains the entire agreement of the parties. No amendment or modification of this Lease shall be binding or valid unless expressed in writing and executed and delivered by Landlord and Tenant. Except as otherwise specifically provided herein, the terms, covenants, and conditions contained in this Lease shall bind and inure to the benefit of the respective heirs, successors, executors, administrators, and assigns of each of the parties hereto.

(B) The submission of this document for examination and review does not constitute an option, an offer to lease space, or an agreement to lease space. This document shall have no binding effect on the parties hereto unless and until executed and delivered, by both Landlord and Tenant and will be effective only upon Landlord's execution and delivery of same. Except as expressly contained herein, (i) neither Landlord nor Landlord's agent or attorneys have made representations, warranties, or promises with respect to the Premises, or this Lease; (ii) Tenant has inspected the Premises and agrees to take same in its "as-is" condition; and (iii) Landlord shall have no obligation to do any work in and to the Premises in order to prepare the Premises for occupancy and use by Tenant.

Section 7.09 Force Majeure. Any obligation which is delayed or not performed due to acts of God, strike, riot, shortages of labor or materials, war, governmental laws or action, or lack thereof, or any other causes of any kind whatsoever which are beyond Tenant's or Landlord's reasonable control, shall not constitute a default hereunder and shall be performed within a reasonable time after the end of such cause for delay or nonperformance.

Section 7.10 No Setoff. This Lease shall be construed as though the covenants herein between Landlord and Tenant are independent, and Tenant shall not be entitled to any setoff, offset, abatement, or deduction of rent or other amounts due Landlord hereunder if Landlord fails to perform its obligations hereunder. In no event shall Landlord, any holder of a Mortgage and/or lessor under a Superior Lease be responsible for any consequential damages incurred by Tenant as a result of any default by Landlord.

Section 7.11 Interpretation.

(A) Any remedy or election given pursuant to any provision in this Lease shall be cumulative with all other remedies at law or in equity unless otherwise specifically provided herein.

(B) This Lease shall be construed in accordance with the laws of the state in which the property is located. Unless herein waived, Landlord and Tenant acknowledge that all of the applicable statutes of such state are superimposed on the rights, duties, and obligations of Landlord and Tenant hereunder.

(C) Landlord and Tenant each acknowledge and warrant that each has been represented by independent counsel and has executed this Lease after being fully advised by said counsel as to its effect and significance. This Lease is the result of negotiations between the parties and their respective attorneys and shall be construed in an even and fair manner, regardless of the party who drafted this Lease.

(D) In all instances where Tenant is required by the terms and provisions of this Lease to pay any sum of money or to do any act at a particular indicated time or within any indicated period, it is understood and agreed that time is of the essence.

(E) If any term or provision of this Lease or the application thereof to any person or circumstances shall, to any extent, be illegal, invalid, or unenforceable, the remainder of this Lease, or the application of such term or provision to persons or circumstances other than those to which it is held invalid or unenforceable, shall not be affected thereby, and all other terms and provisions of this Lease shall be valid and enforced to the fullest extent permitted by law.

Section 7.12 **Limitation of Landlord's Liability.** Notwithstanding anything to the contrary provided in this Lease, neither Landlord, nor any general or limited partner in or of Landlord, whether direct or indirect, nor any direct or indirect partners in such partners, nor any disclosed or undisclosed officers, shareholders, principals, directors, employees, partners, servants or agents of Landlord, nor any of the foregoing, nor any investment adviser or other holder of any equity interest in Landlord, their successors, assigns, agents, or any mortgagee in possession shall have any personal liability with respect to any provisions of this Lease and, if Landlord is in breach or default with respect to its obligations or otherwise, Tenant shall look solely to Landlord's interest in the Building for the satisfaction of Tenant's remedies.

Section 7.13 **Short Form Lease.** Tenant shall not record this Lease or a memorandum hereof without the prior written consent of Landlord. Upon Landlord's request, Tenant agrees to execute and acknowledge a short form lease in recordable form which is satisfactory to Landlord. Further, upon Landlord's request, Tenant agrees to execute and acknowledge a termination of lease in recordable form upon the Expiration Date or sooner termination of the Term.

Section 7.14 **Mortgagee Requirements and Estoppel.**

(A) If any present or prospective holder of a Mortgage shall require a change or changes in this Lease as a condition of its approval of this Lease, and if within thirty (30) days after notice from

Landlord Tenant fails or refuses to execute the amendment or amendments of this Lease effecting such change or changes as are stated by Landlord to be necessary to secure the approval of such present or prospective holder of a Mortgage, Landlord shall have the right to cancel this Lease at any time prior to the Commencement Date.

(B) At any time and from time to time upon written request by Landlord, Tenant hereby agrees to deliver within ten (10) days after request, a certificate to Landlord or to any present or proposed mortgagee, lessor under a Superior Lease or purchaser, in the form supplied, certifying that this Lease is unmodified and in full force and effect (or, if there have been modifications, that the same is in full force and effect as modified, and stating the modification), that there are no defenses or offsets thereto (or stating those claimed by Tenant), the dates to which Base Rent and Additional Rent have been paid and as to any other information reasonably requested by the same.

Section 7.15 **No Waiver.** The failure of Landlord to exercise its rights in connection with this Lease or any breach or violation of any term, covenant or condition herein contained shall not be deemed to be a waiver of such term, covenant or condition or any subsequent breach of the same or any other term, covenant or condition herein contained.

Section 7.16 **No Merger.** The voluntary or other surrender of possession of the Premises by Tenant, or a mutual cancellation of this Lease, shall not result in a merger of Landlord's and Tenant's estates, and shall, at the option of Landlord, either terminate any or all existing subleases or subtenancies, or operate as an assignment to Landlord of any or all of such subleases or subtenancies.

Section 7.17 **Attorney's Fees.** In the event of any action or proceeding brought by Landlord against Tenant under this Lease, Landlord shall be entitled to recover court costs and the fees and disbursements of its attorneys in such action or proceeding (whether at the administrative, trial, or appellate levels) in such amount as the court or administrative body may judge reasonable.

Section 7.19 **JURY TRIAL AND COUNTERCLAIM WAIVER.** LANDLORD AND TENANT HEREBY WAIVE TRIAL BY JURY IN ANY ACTION, PROCEEDING OR COUNTERCLAIM BROUGHT BY EITHER OF THE PARTIES HERETO AGAINST THE OTHER OR THEIR SUCCESSORS IN RESPECT OF ANY MATTER ARISING OUT OF OR IN CONNECTION WITH THIS LEASE, THE RELATIONSHIP OF LANDLORD AND TENANT, TENANT'S USE OR OCCUPANCY OF THE PREMISES, AND/OR ANY CLAIM FOR INJURY OR DAMAGE, OR ANY EMERGENCY OR STATUTORY REMEDY. IN THE EVENT LANDLORD COMMENCES ANY SUMMARY PROCEEDINGS OR ACTION FOR NONPAYMENT OF BASE RENT OR ANY ADDITIONAL RENT, TENANT SHALL NOT INTERPOSE ANY COUNTERCLAIM OF ANY NATURE OR DESCRIPTION (UNLESS SUCH COUNTERCLAIM SHALL BE MANDATORY) IN ANY SUCH PROCEEDING OR ACTION, BUT SHALL BE RELEGATED TO AN INDEPENDENT ACTION AT LAW.

IN WITNESS WHEREOF, Landlord and Tenant have respectively executed this Lease as of the day and year first above written

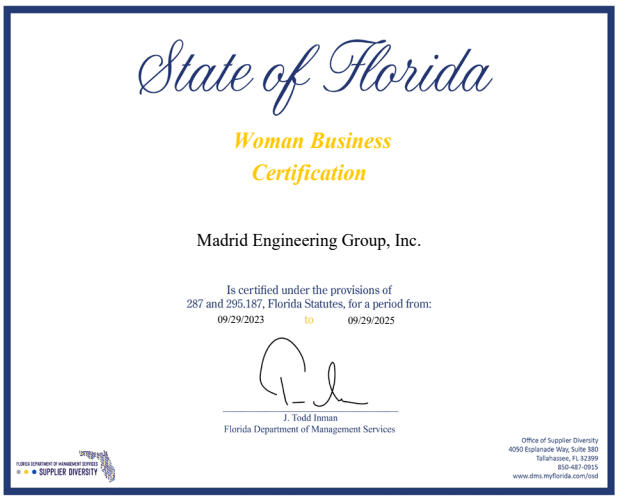
TAB 5

Is the Firm a "Certified Woman or Minority Business Enterprise"?

AECOM



Delivering a better world

TAB 5 IS THE FIRM A "CERTIFIED WOMAN OR MINORITY BUSINESS ENTERPRISE"?

AECOM is not a certified Woman or Minority Business Enterprise (W/MBE), but several of our subconsultants are certified. A central element of our firm's management strategy is designed to enhance opportunities for W/MWBE organizations. We have consistently met our clients' subcontracting goals, and we hereby commit to meeting the goals that you established for this project.

For contracts such as this one for Polk County, we typically compose a streamlined team that includes only W/MBEs in disciplines that we feel sure will be needed. However, beyond that, we feel it is more prudent to augment our project teams with additional W/MBE participants after the scope of work for a project has been fully defined. That way, we can carefully match the skills to specific tasks and can work in concert with the County in choosing the W/MBE firms for that project team.

Three of the subconsultants we have named in Tab 3 are certified by the State of Florida Department of Management Services – Office of Supplier Diversity as an MBE firm and by the Florida Department of Transportation (FDOT) as a DBE firm. These subconsultants include **Test Lab, Inc., Quest Corporation of America, Inc.,** and **Madrid CPWG**. Proof of their certification is provided here.

ANNIVERSARY DATE – Annually on 09/24

The Florida Department of Transportation (Department) has certified,
TEST LAB INC
under the Florida's Unified Certification Program (UCP) as a Disadvantaged Business Enterprise (DBE), in accordance with Title 49 Part 26, Code of Federal Regulations (CFR).

DBE Certification does not expire. It is contingent upon the firm maintaining eligibility annually through this office. We will notify Owners of their responsibilities in advance of the anniversary date.

We have listed the firm in the Florida's DBE Certification Directory, found at the following link:
http://www3b.dot.state.fl.us/EqualOpportunityOfficeBusinessDirectory/

Prime contractors and consultants must verify the firm's DBE certification status, and identify eligible work area(s) through the Directory. The Department makes available DBE Support Service Providers, offering managerial and technical assistance at no cost.

Contact us at (850) 414-4747 or via email DBECert.Help@dot.state.fl.us with your questions or concerns. Thank you.

TAB 6

Interaction with Contractor for Claims Minimization

AECOM

Delivering a better world

TAB 6 INTERACTION WITH CONTRACTOR FOR CLAIMS MINIMIZATION

Requests for additional compensation and time claims frequently occur on construction projects. AECOM addresses both contractor requests and claims using a structured three-step process.

• **First step** involves being proactive by anticipating and addressing potential issues before they arise. This proactive approach includes a meticulous review of contract documents, comprehensive progress meetings, and thorough investigations of existing site conditions. Our team excels in this proactive strategy, earning appreciation from both clients and contractors.

• **Second step** focuses on understanding the underlying reasons for the issue. While contractors often identify what is wrong, they may not fully investigate why the issue occurred. Our staff takes a broader perspective to identify the events leading to the current condition, which is crucial for determining responsibility for the issue. If the claim involves time, we engage our scheduling expert, **Brooke Bryington**, to analyze the CPM schedule and assess whether a time extension is justified. Brooke is included in all NOI acknowledgments to ensure awareness of the issues from the outset.

• **Third step** involves organizing all the collected information and preparing to present the findings to the client. We take pride in thoroughly analyzing information before sharing it and providing resolution options to our client, Polk County, along with our recommendations. We consider it our responsibility to present multiple resolution options, emphasizing the benefits and consequences of each, to ensure the best outcome for all stakeholders. This approach distinguishes AECOM from our competitors.

Our team leverages progress meetings as a strategic tool to assist in preventing claims on the project. During these meetings, we address all construction-related issues, including the construction schedule, contract time, contract payments, material testing, utilities, temporary traffic control, permit and/or National Pollutant Discharge Elimination System (NPDES) compliance, errors and omissions, and shop drawing/submittal issues. Following each meeting, we create an action item list with assigned due dates and distribute them via email to ensure the project continues to progress smoothly.

Efficient communications with the Contractor can go a long way to avoiding claims. We emphasize the following key principles to ensure we effectively convey project information to the contractor:

1) Maintain an open dialogue to encourage collaborative problem-solving.
2) Foster trust through teamwork;
3) Stay proactive by anticipating the contractor's progress and identifying issues early;
4) Deliver prompt responses and establish short yet achievable timelines for deliverables; and
5) Clearly document and track action items.

Our highly skilled team has extensive experience delivering CEI services for a wide range of clients on projects of varying complexity. Over the course of these projects, we have encountered numerous challenges and consistently applied innovative, "outside the box" thinking alongside standard construction methods and tools to resolve them. This proactive approach is critical to ensuring project success in terms of both time and cost, providing Polk County with the best opportunity to achieve a successful outcome for all stakeholders.

When a Notice of Intent (NOI) to claim is submitted, our team immediately shifts into high alert. We begin by acknowledging the NOI in accordance with the contract documents, ensuring the contractor has met their notification obligations. If the claim involves a utility owner, they are promptly informed. Our team closely monitors the situation, paying extra attention to field activities related to the NOI, which is documented in detail through the inspector's daily construction reports.

We address NOIs during progress meetings and require the contractor to submit all contractually required supporting documents in a timely manner, often including weekly records. These records are meticulously compared to AECOM's documentation and the contract terms, with any discrepancies being promptly addressed with the contractor. Our goal is to resolve NOIs efficiently, whether through agreed payment to the contractor or through written confirmation from the contractor formally withdrawing the NOI.

If the contractor decides to pursue the NOI and we determine there is no entitlement, the next step will involve the submission of a formal claim. We will ensure the claim is submitted in a timely manner and certified in accordance with the specification requirements. Our team will then thoroughly review the claim, referencing contract language to either support or deny each aspect of it. A formal response will be prepared and presented to the County for concurrence. Once concurrence is received, the response will be shared with the contractor, and we will await their next step, which may include rebuttals or a request for escalation. Fortunately, with AECOM's proactive and collaborative approach, issues rarely escalate to this stage.

AECOM always prioritize our client's best interests when managing claims. While we strive to be proactive and prevent claims whenever possible, we recognize that some situations are unavoidable. In such cases, our extensive expertise ensures Polk County has the best opportunity for a positive resolution.

RFP #25-308 Roads & Drainage Construction Engineering and Inspection Professional Services

TAB 7

Timely Completion of Projects

AECOM

Delivering a better world

TAB 7 TIMELY COMPLETION OF PROJECTS

CURRENT AND FUTURE PROJECTED WORKLOAD

Our approach to Construction Engineering and Inspection (CEI) projects is designed to ensure timely completion without compromising quality or compliance. By leveraging advanced project management tools, proactive scheduling, and real-time communication, we maintain strict adherence to project timelines. Our experienced team collaborates closely with contractors and stakeholders to identify potential challenges early and implement effective solutions, minimizing delays. Through diligent oversight and efficient workflows, we are committed to delivering Thompson Nursery Road on time, on budget, while exceeding our client's expectations.

CURRENT AND FUTURE PROJECT WORKLOAD

AECOM commits the availability of the key staff shown on our organization chart. Prior to selecting specific people for this contract, we examined their existing and projected workloads and confirmed their availability for commitment to you when his/her skills are required. We have determined that they have no obligations, whether present or future, that would prevent them from delivering the Thompson Nursery Road project. This team can fulfill every technical specialty that may be required, and our depth of additional talented staff gives us flexibility to support other specialty requirements that may arise. One of the advantages of being a large firm with great depth of resources is the ability to accept new projects while honoring our commitments to our existing ones.

The key staff assigned to this project bring extensive experience in addressing potential challenges and have a successful history of working together. Their expertise and continuity emphasize five key factors that deliver added value:

- Our Senior Project Engineer brings valuable dual experience, having worked both as a Contractor and in CEI roles. This unique perspective provides him with an in-depth understanding of potential contractor strategies and tactics, enabling proactive management to ensure fairness and project success.
- A project team that possesses the experience and expertise needed to successfully oversee the completion of the Thompson Nursery Road project.
- A project team that possesses the experience and expertise needed to successfully oversee the completion of the Thompson Nursery Road project.
- Our seasoned and proven project management team is adept at overseeing simultaneous tasks. This capability is essential for ensuring close coordination with various agencies and organizations, while also offering hands-on supervision of technical and production work.
- Ample technical and production resources are available to complete work within the contractual time frames, or even faster if required.

Our expertise enables us to provide an additional layer of review for any subconsultant work while also anticipating potential challenges throughout the project. This foresight allows us to address issues proactively and develop solutions that minimize impacts on project schedules and budgets.

HANDLING DAILY SCOPE OF SERVICES

Contract Administration

Our team is committed to ensuring the Thompson Nursery Road project is executed in reasonable conformity with plans, specifications, and permits. We bring a comprehensive approach to contract administration to deliver projects on time, within budget, and to the satisfaction of all stakeholders. Our management excels in administering contracts, monitoring, inspecting, and documenting contractor work. We prioritize clear communication and coordination among all stakeholders, including the Engineer of Record (EOR), contractors, and client representatives. Our project management approach focuses on proactive issue resolution, ensuring that potential challenges are addressed promptly to prevent claims and delays.

AECOM employs robust controls to manage both budget and schedule effectively. Our Contract Support Specialists (CSS) monitor weekly progress, track expenditures, and forecast potential budget adjustments. We maintain a database of pay item data for transparency and ease of evaluation. Schedule control is achieved through daily observations, two-week look-ahead plans, and monthly updates to keep the project on track.

Our commitment to CEI services excellence is demonstrated by providing a team of qualified, experienced professionals dedicated to achieving project goals while maintaining the highest standards of quality, safety, and communication.

Utility Relocations

Utility relocations often involve multiple stakeholders and tight timelines. Our team will coordinate with the different utility owners to understand their schedule and coordinate with the contractor to incorporate that in their overall project schedule. Our utility

coordinator, Brent Postma, will be actively involved in that process and will ensure coordination and communication is streamlined and effective.

Clear communication is essential for successful utility relocations. AECOM facilitates regular coordination meetings with utility owners, contractors, and project stakeholders to address issues and maintain alignment. We also provide public involvement support, ensuring that affected communities are informed about utility relocation activities and potential impacts.

Our expertise in utility relocations ensures these critical activities are completed efficiently, safely, and in alignment with project goals. Our proven methodologies, experienced team, and commitment to excellence allow us to take a proactive approach to utility relocations to minimize disruptions and mitigate potential risks.

Inspection Services

AECOM is a global leader in providing high-quality inspection services for infrastructure projects. Our proactive, detail-oriented approach to inspection ensures projects are constructed in compliance with approved plans, specifications and regulatory requirements.

Our inspection staff provide clients with the highest level of quality assurance and oversight. They are proficient in monitoring and documenting all aspects of construction, including earthwork, paving, structures, utilities, and environmental compliance. They perform daily field inspections to verify that construction activities align with the approved plans and specifications; monitor contractor operations; measuring quantities; and ensuring compliance with safety protocols. Daily Work Reports are prepared to document progress, identify potential issues, and provide recommendations for corrective actions when necessary. Additionally, they will monitor environmental compliance as authorized in permits and regulations, minimizing the project's impact on natural resources and surrounding communities.

Our inspectors will maintain detailed records of construction activities, including photographic documentation, daily logs, and as-built drawings. This comprehensive documentation ensures transparency and accountability throughout the project lifecycle. Additionally, they will serve as our eyes and ears in the field, acting as the first line of defense for safety. They are fully empowered to speak up and take action whenever they observe any concerns. We embed safety into every facet of our operations, from conducting daily tailgate meetings to performing comprehensive safety audits. Our risk management strategies focus on the early identification and mitigation of potential issues, ensuring that our projects progress smoothly and safely.

Materials Testing and Acceptance

Our inspection team works closely with certified materials testing laboratories to verify the quality of construction materials. This includes testing for soil compaction, concrete strength, asphalt density, and other critical parameters. Our inspectors ensure that all materials meet project specifications and are installed correctly to maintain the integrity and durability of the infrastructure.

AECOM will ensure that only approved products meeting the APL and any specific county requirements are used on the project. We collaborate closely with contractors and suppliers, verifying compliance through thorough documentation, certification reviews, and inspection processes.

Quality Assurance

Quality is at the core of AECOM's operations. Our Quality Assurance (QA) Program ensures that all technical and management functions meet the highest standards. This includes a project-specific QA Plan tailored to the contract's requirements, with regular reviews and audits to maintain compliance and enhance performance. Our QA processes are designed to "do it right the first time," minimizing rework and maximizing efficiency.

SUCCESSFUL PROJECT DELIVERY

The success of any project hinges on a dedicated core team remaining actively engaged throughout its duration. We have assembled a strong team of qualified, experienced individuals capable of fulfilling all contract duties. AECOM strategically adjusts staffing levels to match the contractor's activity, increasing staff during peak times and reducing when activities slow. Our carefully selected staff possess the necessary experience and cross-trained skills to ensure additional coverage when needed. Karim Shalaby, PE, serves as the single point of contact, ensuring seamless communication and collaboration to drive project success. Polk County can easily reach Mr. Shalaby, who remains readily available no matter the time of day. Our team has a proven track record of working together on various projects for Polk County and are adept at keeping projects on schedule and within budget.

As clients increasingly adopt "e-Construction" practices, our team is well-versed in remote work within a fully electronic environment. We bridge any physical distance through comprehensive electronic construction record procedures, with inspectors using BlueBeam for as-builts and digital signatures for document approvals. Each team member is committed to building a collaborative partnership with the Contractor, maintaining the project schedule while upholding contract and quality standards to minimize the risk of frivolous claims. We prioritize face-to-face communication and open dialogue from the Kick-Off Meeting to the Closeout Meeting. Our team is flexible, adapting to partners' preferred communication methods without hesitation.**AECOM is dedicated to supporting Polk County under this contract by delivering a successful final project on time and within budget.**

3.	Pre-approved Equipment (includes purchase and rental of equipment used in project)	Actual Costs

MASTER CONSULTING AGREEMENT

THIS AGREEMENT is entered into as of the Effective Date (defined in Section 1.1 below) by and between Polk County (the "County"), a political subdivision of the State of Florida, situated at 330 W. Church Street, Bartow, Florida 33830, and Eisman & Russo, Inc. (the "Consultant") a Florida corporation, located at 6455 Powers Ave, Jacksonville, FL 32217, and whose Federal Employer Identification Number is: 59-2606484.

WHEREAS, the County performs construction, operation, and maintenance services on county roadways; and,

WHEREAS, the County requires certain professional services in connection with the construction engineering and inspection services to assist bring certain projects to completion; and

WHEREAS, the County has solicited for these services via RFP 25-308, an advertised request for proposals (the "RFP"), and has received numerous responsive proposals thereto; and

WHEREAS, pursuant to the RFP, the County has selected the Consultant and the Consultant remains agreeable to providing the County the professional services described herein, and the Consultant represents that it is capable and prepared to do so according to the terms and conditions stated herein;

NOW, THEREFORE, in consideration of the mutual understandings and covenants set forth herein, the parties hereby agree, as follows:

1.0 **Term**

1.1 This Agreement shall take effect on the date of its execution by the County (the "Effective Date").

1.2 The term of this Agreement shall be for a five (5) year time period, commencing upon the Effective Date and remaining in full force and effect thereafter, unless otherwise sooner terminated as provided herein.

2.0 **Services to Be Performed by Consultant**

2.1 Consultant shall perform the services as generally described in (i) the County's Request for Proposals RFP 25-308, to include all attachments and addenda, and (ii) the Consultant's responsive proposal thereto (collectively, (i) and (ii) are "RFP 25-308") all of which are incorporated into this Agreement by this reference, attached hereto as a composite Exhibit "A" and made a part of this

Agreement, and as may be further specifically designated and authorized by the County, in writing (collectively, the "Services"). Such authorization will be referred to as a Consultant Services Authorization ("CSA") or a Contract Purchase Order ("CPO") and all provisions of this Agreement apply to the CSA/CPO with full force and effect as if appearing in full within each CSA/CPO. Each CSA/CPO will set forth a specific Scope of Services, maximum limit of compensation, schedule, liquidated damages and completion date, and shall become effective upon the due execution.

2.2 The Consultant is not authorized to undertake any project without a duly executed CSA/CPO, which shall specify the work to be performed and the time to be completed. Consultant recognizes that the County may employ several different Consultants to perform the work described and that the Consultant has not been employed as the exclusive agent to perform any such services.

2.3 When the Consultant and the County enter into a CSA/CPO where the term of the CSA/CPO expires on a date that is later than the date that the Master Consulting Agreement (MCA) expires, the Consultant and the County agree that the terms of the MCA and any amendments, attachments or provisions thereof are automatically extended until the expiration (including any extension or amendment thereto) or full completion of the requirements of the CSA/CPO have been performed. Cancellation by the County of any remaining work prior to the full completion of the requirements of the CSA/CPO shall cause the terms of the MCA to terminate at the same time. This provision only applies when the expiration of the CSA/CPO extends beyond the expiration of the MCA. It does not apply when a CSA/CPO expires or is cancelled prior to the expiration of the MCA.

3.0 **Compensation**

3.1 General

3.1.1 County shall pay Consultant in accordance with Exhibit "B", "Fee Schedule", which is attached hereto and incorporated by reference as part of this Agreement. The fee schedule identifies all job classifications, which will perform billable services pursuant to this Agreement and the fee for each job classification. Performance of work by personnel in job classifications not listed on the fee schedule will result in nonpayment for such services.

3.1.2 Upon the mutual agreement of the parties, the Fee Schedule, as set out in Exhibit "B" may be adjusted by a written Amendment to the Master Consulting Agreement annually

beginning one year from the Effective Date of this Agreement. Such amendment must be executed by both parties and shall operate prospectively only and shall not alter fee schedules for CSA's/CPO's in effect at the time of the amendment.

3.1.3 Compensation may be negotiated as a not to exceed price or a lump sum amount on a per-project basis, on each individual CSA/CPO.

3.1.4 In the event a not to exceed price is negotiated, compensation shall be billed and paid based on and in accordance with the Hourly Rate Schedule attached hereto and incorporated herein as Exhibit "B". The Hourly Rate Schedule identifies all job classifications which will perform billable services pursuant to this Agreement and the fee for each job classification. Performance of work by personnel in job classifications not listed on the fee schedule will result in nonpayment for such services.

3.1.5 Invoices must reference the applicable CSA/CPO number, using an invoice form approved by the County Auditor.

3.1.6 Each individual invoice shall be due and payable forty-five (45) days after receipt by the County of correct, fully documented, invoice, in form and substance satisfactory to the County with all appropriate cost substantiations attached. All invoices shall be delivered, as applicable based on the particular project:

Polk County Roads and Drainage Division
P.O. Box 9005, Bartow, FL 33830
Attention: Director

3.1.7 In order for both parties herein to close their books and records, the Consultant will clearly state "Final Invoice" on the Consultant's final/last billing to the County. This certifies that all services have been properly performed and all charges and costs have been invoiced to the County. Since this account will thereupon be closed, any and other further charges if not properly included on this final invoice are waived by the Consultant.

3.1.8 Payment of the final invoice shall not constitute evidence of the County's acceptance of the work

3.1.9 Invoices shall be accompanied by time and task records for all billable hours appearing on the invoice. Additional documents may be requested by County and, if so requested, shall

be furnished by Consultant to County Auditor's satisfaction.

3.1.10 By submission of an invoice, the project manager or designated payroll officer is deemed to be attesting to the correctness and accuracy of time charges and requested reimbursements.

3.1.11 Pursuant to Section 3.1.4, if a not to exceed fee is negotiated, invoices shall be accompanied by time and task records for all billable hours appearing on the invoice. Alternatively, if a lump sum amount is negotiated, invoices shall be made upon the completion of each phase of the work in proportion to the Services performed, as specifically set forth in the applicable CSA or CPO. Additional documentation may be requested by the County and, if so requested, shall be furnished by the Consultant to the County Auditor's satisfaction.

3.2 Reimbursable

3.2.1 All requests for payment of out-of-pocket expenses eligible for reimbursement per the negotiated CPO or CSA shall be reimbursed in accordance with the County's Reimbursable Schedule, Exhibit "C", and include copies of paid receipts, invoices or other documentation acceptable to the County's Auditor. Such documentation shall be sufficient to establish that the expense was actually incurred and necessary in the performance of the Scope of Work described in this Agreement, CSA, or CPO.

3.2.2 Mileage and associated travel costs shall be reimbursed in accordance with F.S. 112.061 and County policy for pre-approved out-of-county travel (excluding travel from home offices located outside of Polk County to the Polk County line).

3.2.3 All assets, i.e. durable goods, purchased as reimbursable expenses become the property of the County upon completion of the work for which the asset was utilized. All such assets must be surrendered by delivery to the Polk County Roads and Drainage Division offices upon demand, termination of the Agreement, or the conclusion of the project, whichever occurs first.

3.2.4 Consultant shall maintain a current inventory of all such assets.

4.0 **Insurance**

4.1 General Provisions

4.1.1 Consultant shall maintain, at all times, the following minimum levels of insurance and shall, without in any way altering their liability, obtain, pay for and maintain insurance for

the coverages and amounts of coverage not less than those set forth below and provide the County with a Certificate of Insurance and an opportunity to inspect a certified copy of each policy applicable to this Agreement followed thereafter by an annual Certificate of Insurance satisfactory to the County to evidence such coverage before any work commences.

4.1.2 The County shall be named as an additional insured on all Consultant policies related to the project, excluding professional liability and worker's compensation. The Commercial General Liability and Worker's Compensation Liability policies shall contain a waiver of subrogation in favor of Polk County. All insurance coverage shall be written with an insurer having an A.M. Best Rating of a least the "A" category and size category of VIII.

4.1.3 The Consultant's self-insured retention or deductible per line of coverage shall not exceed $25,000.00 without the permission of the County.

4.1.4 If there is any failure by the Consultant to comply with the provisions of this section, the County may, at its option, on notice to the Consultant, suspend the work for cause until there is full compliance.

4.1.5 County may, at its sole discretion, purchase such insurance at Consultant's expense provided that the County shall have no obligation to do so and if the County shall do so, it shall not relieve Consultant of its obligation to obtain insurance.

4.1.6 The Consultant shall not be relieved of or excused from the obligation to obtain and maintain such insurance amount and coverages.

4.1.7 All Consultants' subconsultants shall be required to include County and Consultant as additional insured on their General Liability Insurance policies.

4.1.8 In the event that subconsultants used by the Consultant do not have insurance, or do not meet the insurance limits, Consultant shall indemnify and hold harmless the County for any claim in excess of the subconsultants' insurance coverage.

4.1.9 The Consultant shall not commence work under this Agreement until all insurance required as stated herein has been obtained and such insurance has been approved by the County.

4.2 Comprehensive Automobile Liability Insurance. $1,000,000.00 combined single limit of liability for bodily injuries, death and property damage resulting from any one occurrence,

including all owned, hired, and non-owned vehicles.

4.3 Commercial General Liability. $1,000,000.00 combined single limit of liability for bodily injuries, death and property damage, and personal injury resulting from any one occurrence, including the following coverages:

4.3.1 Premises and Operations:

Broad Form Commercial General Liability Endorsement to include Blanket Contractual liability (specifically covering, but not limited to, the contractual obligations assumed by the Firm); Personal Injury (with employment and contractual exclusions deleted); and Broad Form Property Damage coverage.

4.3.2 Independent Contractors:

Delete Exclusion relative to collapse, explosion and underground; Property Damage Hazards; Cross Liability Endorsement; and Contractual liability (specifically covering, but not limited to, the contractual obligations assumed by the Firm)

4.4 Umbrella (Excess) Liability Insurance. Umbrella Liability with limits of not less than $1,000,000.00, exclusive of defense costs, to be in excess of all other coverages. Such coverage shall be at least as broad as the primary coverages above, with any excess umbrella layers written on a strict following form basis over the primary coverage. All such policies shall be endorsed to provide defense coverage obligations.

4.5 Professional Liability Insurance. $2,000,000.00 for design errors and omissions, inclusive of defense costs. Consultant shall be required to provide continuing Professional Liability Insurance to cover each project for a period of two (2) years after the project is completed. Insurance requirements may vary depending on projects as determined by the County Director of Risk Management and Insurance. The County may require the Consultant to provide a higher level of coverage for a specific project and time frame.

4.6 Performance, Payment and Other Bonds. Consultant shall furnish Performance and Payment Bonds specific to each project if required and agreed to under the CSA or CPO for the project.

4.7 Worker's Compensation. The Consultant shall provide, pay for, and maintain worker's compensation insurance on all employees, its agents or subcontractors as required by Florida Statutes.

5.0 **Standard of Care**

5.1 Consultant has represented to the County that it has the personnel and experience necessary to perform the work in a professional and workmanlike manner.

5.2 Consultant shall exercise the same degree of care, skill, and diligence in the performance of the Services as is provided by a professional of like experience, knowledge and resources, under similar circumstances.

5.3 Consultant shall, at no additional cost to County, re-perform services which fail to satisfy the foregoing standard of care or otherwise fail to meet the requirement of this Agreement.

5.4 The Consultant warrants that all services shall be performed by skilled and competent personnel to the professional standards in the field.

6.0 **Indemnification**

6.1 General. Having considered the risks and potential liabilities that may exist during the performance of the Services and in consideration of the promises included herein, County and Consultant agree to allocate such liabilities in accordance with this Section.

6.2 Indemnification.

6.2.1 Consultant, to the extent permitted by law, shall indemnify, defend (by counsel reasonably acceptable to County) protect and hold County, and its officers, employees and agents harmless from and against any and all, claims, actions, causes of action, liabilities, penalties, forfeitures, damages, losses and expenses (including, without limitation, attorney's fees costs and expenses incurred during negotiation, through litigation and all appeals therefrom) whatsoever including, but not limited, to those pertaining to the death of or injury to any person, or damage to any property, arising out of or resulting from (i) the failure of Consultant to comply with applicable laws, rules or regulations, (ii) the breach by Consultant of its obligations under this Agreement, (iii) any claim for trademark, patent or copyright infringement arising out of the scope of Consultant's performance or nonperformance of this Agreement, or (iv) the negligent acts, errors or omissions, or intentional or willful misconduct, of Consultant, its professional associates, its subcontractors, agents, and employees provided, however, that Consultant shall not be obligated to defend or indemnify the County with respect to any such claims or damages arising out of the County's sole negligence.

6.2.2 County review, comment and observation of the Consultant's work and performance of this Agreement shall in no manner constitute a waiver of the indemnification provisions of this Agreement.

6.2.3 Consultant agrees that it bears sole legal responsibility for its work and work product, and the work and work product of subconsultants and their employees, and/or for Consultant's performance of this Agreement and its work product(s).

6.3 Survival. Upon completion of all Services, obligations and duties provided for in this Agreement, or in the event of termination of this Agreement for any reason, the terms and conditions of this Agreement shall survive as if the Agreement were in full force and effect.

7.0 **Independent Contractor**

7.1 Consultant undertakes performance of the Services as an independent contractor and shall be wholly responsible for the methods of performance.

7.2 County shall have no right to supervise the methods used, but County shall have the right to observe such performance.

7.3 Consultant shall work closely with County in performing Services under this Agreement.

7.4 The Consultant shall not pledge the County's credit or make it a guarantor of payment or surety for any contract, debt, obligation, judgment, lien or any form of indebtedness and shall have no right to speak for or bind the County in any manner.

7.5 Consultant further warrants and represents that it has no obligation or indebtedness that would impair its ability to fulfill the terms of this Agreement.

8.0 **Authority to Practice**

8.1 The Consultant hereby represents and warrants that it has and will continue to maintain all licenses and approvals required to conduct its business, and that it will at all times conduct its business activities in a reputable manner.

9.0 **Public Records Law**

(a) The Consultant acknowledges the County's obligations under Article I, Section 24, of the Florida Constitution and under Chapter 119, Florida Statutes, to release public records to members of the public upon request and comply in the handling of the materials created under this

Agreement. The Consultant further acknowledges that the constitutional and statutory provisions control over the terms of this Agreement. In association with its performance pursuant to this Agreement, the Consultant shall not release or otherwise disclose the content of any documents or information that is specifically exempt from disclosure pursuant to all applicable laws.

(b) Without in any manner limiting the generality of the foregoing, to the extent applicable, the Contractor acknowledges its obligations to comply with Section 119.0701, Florida Statutes, with regard to public records, and shall:

(1) keep and maintain public records required by the County to perform the services required under this Agreement;

(2) upon request from the County's Custodian of Public Records or his/her designee, provide the County with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law;

(3) ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the term of this Agreement and following completion of this Agreement if the Consultant does not transfer the records to the County; and

(4) upon completion of this Agreement, transfer, at no cost, to the County all public records in possession of the Consultant or keep and maintain public records required by the County to perform the service. If the Consultant transfers all public records to the County upon completion of this Agreement, the Consultant shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Consultant keeps and maintains public records upon completion of this Agreement, the Consultant shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the County, upon request from the County's Custodian of Public Records, in a format that is compatible with the information technology systems of the County.

(c) **IF THE CONSULTANT HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, CONTACT THE COUNTY'S CUSTODIAN OF PUBLIC RECORDS AT:**

RECORDS MANAGEMENT LIAISON OFFICER
POLK COUNTY
330 WEST CHURCH ST.
BARTOW, FL 33830
TELEPHONE: (863) 534-7527
EMAIL: RMLO@POLK-COUNTY.NET

10.0 **Compliance with Laws**

10.1 In performance of the Services, Consultant shall comply with applicable regulatory requirements including federal, state, special district, and local laws, rules, regulations, orders, codes, criteria and standards, including those now in effect and hereafter adopted.

11.0 **Subcontracting**

11.1 The County reserves the right to accept the use of a subcontractor or to reject the selection of a particular subcontractor and to inspect all facilities of any subcontractor.

11.2 If a subcontractor fails to perform or make progress, as required by this Agreement, and it is necessary to replace the subcontractor to complete the work in a timely fashion, the Consultant shall promptly do so, subject to acceptance of the new subcontractor by the County. Failure of a Subcontactor to timely or properly perform its obligations shall not relieve Consultant of its obligations hereunder.

12.0 **Federal and State Taxes**

12.1 The County is exempt from Federal Tax and State Sales and Use Taxes. Upon request, the County will provide an exemption certificate to Consultant. The Consultant shall not be exempted from paying sales tax to its suppliers for materials to fulfill contractual obligations with the County, nor shall the Consultant be authorized to use the County's Tax Exemption Number in securing such materials.

13.0 **Public Entity Crimes**

13.1 The Contractor declares and warrants that neither the Contractor nor any of the Contractor's affiliates, as that term is defined in Section 287.133, Florida Statutes, are subject to the restrictions in Section 287.133, Florida Statutes, regarding the commission of a public entity crime. If during the term of this Agreement, the Contractor or any affiliate is convicted of a public entity crime or is otherwise prohibited from performing work for or transacting business with the County pursuant to Section 287.133, Florida Statutes, then the Contractor shall be in material default of this Agreement, and in such case, the County shall have the rights and remedies as provided herein.

14.0 **County's Responsibilities**

14.1 County shall be responsible for providing access to all County project sites, and providing information in the County's possession that may reasonably be required by Consultant, including; existing reports, studies, financial information, and other required data that are available in the files of the County.

15.0 **Termination of Agreement**

15.1 This Agreement may be terminated by the Consultant upon thirty (30) days prior written notice to the County in the event of substantial failure by the County to perform in accordance with the terms of the Agreement through no fault of the Consultant.

15.2 This Agreement may be terminated by the County with or without cause immediately upon written notice to the Consultant.

15.3 Unless the Consultant is in breach of this Agreement, the Consultant shall be paid for services rendered to the County's satisfaction through the date of termination.

15.4 After receipt of a Termination Notice, as described in this Article 15.0, and except as otherwise directed by the County, the Consultant shall:

15.4.1 Stop work on the date and to the extent specified.

15.4.2 Terminate and settle all orders and subcontracts relating to the performance of the terminated work.

15.4.3 Transfer all work in process, completed work, and other material related to the terminated work to the County.

15.4.4 Continue and complete all parts of the work that have not been terminated.

16.0 **Uncontrollable Forces (Force Majeure)**

16.1 Either party hereunder may be temporarily excused from performance if an Event of Force Majeure directly or indirectly causes its nonperformance. An "Event of Force Majeure" is defined as any event which results in the prevention or delay of performance by a party of its obligations under this Agreement and which is beyond the reasonable control of the nonperforming party. It includes, but is not limited to fire, flood, earthquakes, storms, lightning, epidemic, war, riot, civil disturbance, sabotage, and governmental actions. Neither party shall be excused from performance if non-performance is due to forces which are reasonably preventable, removable, or remediable and which the non-performing party could have, with the exercise of reasonable diligence, prevented, removed, or remedied prior to, during, or immediately after their occurrence. Within five (5) days after the occurrence of an Event of Force Majeure, the non-performing party shall deliver written notice to the other party describing the event in reasonably sufficient detail, along with proof of how the event has precluded the non-performing party from performing its obligations hereunder, and a good faith estimate as to the anticipated duration of the

delay and the means and methods for correcting the delay. The non-performing party's obligations, so far as those obligations are affected by the Event of Force Majeure, shall be temporarily suspended during, but no longer than, the continuance of the Event of Force Majeure and for a reasonable time thereafter as may be required for the non-performing party to return to normal business operations. If excused from performing any obligations under this Agreement due to the occurrence of an Event of Force Majeure, the non-performing party shall promptly, diligently, and in good faith take all reasonable action required for it to be able to commence or resume performance of its obligations under this Agreement. During any such time period, the non-performing party shall keep the other party duly notified of all such actions required for it to be able to commence or resume performance of its obligations under this Agreement.

17.0 **Governing Law and Venue**

17.1 This Agreement shall be governed in all respects by the laws of the State of Florida and any litigation with respect thereto shall be brought only in the courts of Polk County, Florida or the United States District Court, Middle District of Florida located in Hillsborough County, Florida. Each party shall be responsible for its own attorneys' fee and other legal costs and expenses.

18.0 **Non-Discrimination**

18.1 The Consultant warrants and represents that all of its employees are treated equally during employment without regard to race, color, religion, gender, age or national origin.

19.0 **Waiver**

19.1 A waiver by either County or Consultant of any breach of this Agreement shall not be binding upon the waiving party unless such waiver is in writing. In the event of a written waiver, such a waiver shall not affect the waiving party's rights with respect to any other or further breach. The making or acceptance of a payment by either party with knowledge of the existence of a default or breach shall not operate or be construed to operate as a waiver of any subsequent default or breach.

20.0 **Severability**

20.1 The invalidity, illegality, or unenforceability of any provision of this Agreement, or the occurrence of any event rendering any portion or provision of this Agreement void, shall in no way affect the validity or enforceability of any other portion or provision of the Agreement.

20.2 Any void provision shall be deemed severed from the Agreement and the balance

of the Agreement shall be construed and enforced as if the Agreement did not contain the particular portion or provision held to be void.

20.3 The parties further agree to reform the Agreement to replace any stricken provision with a valid provision that comes as close as possible to the intent of the stricken provision.

20.4 The provisions of this section shall not prevent the entire Agreement from being void should a provision which is of the essence of the Agreement be determined to be void.

21.0 **Entirety of Agreement**

21.1 The County and the Consultant agree that this Agreement sets forth the entire Agreement between the parties, and that there are no promises or understandings other than those stated herein.

21.2 This Agreement supersedes all prior agreements, contracts, proposals, representations, negotiations, letters or other communications between the County and Consultant pertaining to the Services, whether written or oral.

21.3 None of the provisions, terms and conditions contained in this Agreement may be added to, modified, superseded or otherwise altered except by written instrument executed by the parties hereto.

22.0 **Modification**

22.1 This Agreement may not be modified unless such modifications are evidenced in writing signed by both County and Consultant. Such modifications shall be in the form of a written Amendment executed by both parties.

23.0 **Successors and Assigns**

23.1 County and Consultant each binds itself and its partners, successors, permitted assigns, and legal representatives to the other party to this Agreement and to the partners, successors, executors, administrators, permitted assigns, and legal representatives of such other party.

23.2 Consultant shall not assign this Agreement without the express written approval of the County by executed amendment, which approval may be withheld in the County's sole discretion.

23.3 In the event of a merger, the surviving corporation shall be substituted for the contracting party to this agreement and such substitution shall be affirmed by the County by executed

amendment.

24.0 **Contingent Fees**

24.1 The Consultant warrants that it has not employed or retained any company or person, other than a bona fide employee working solely for the Consultant to solicit or secure this Agreement and that it has not paid or agreed to pay any person, company, corporation, individual or firm, other than bona fide employee working solely for the Consultant, any fee, commission, percentage, gift or any other consideration contingent upon or resulting from the award or making of this Agreement.

25.0 **Truth-In-Negotiation Certificate**

25.1 Execution of this Agreement by the Consultant shall act as the execution of a Truth-in-Negotiation certificate certifying that the wage rates and costs used to determine the compensation provided for in this Agreement are accurate, complete, and current as of the Effective Date of this Agreement.

25.2 The said rates and costs shall be adjusted to exclude any significant sums should the County determine that the rates and costs were increased due to inaccurate, incomplete or noncurrent wage rates or due to inaccurate representations of fees paid to outside consultants. The County shall exercise its rights under this "Certificate" within one (1) year following payment.

26.0 **Ownership of Documents**

26.1 Consultant shall be required to cooperate with other consultants relative to providing information requested in a timely manner and in the specified form. Any and all documents, records, disks, original drawings, or other information shall become the property of the County for its use and/or distribution as may be deemed appropriate by the County. Consultant is not liable for any damages, injury or costs associated with the County's use or distribution of these documents for purposes other than those originally intended by Consultant.

27.0 **Access and Audits**

27.1 Consultant shall maintain adequate records to justify all charges and costs incurred in performing the work for at least three (3) years after completion of this Agreement. The County shall have access to such books, records, and documents as required in this section for the purpose of inspection or audit during normal business hours at the Consultant's place of business.

27.2 Misrepresentations of billable time or reimbursable expenses as determined by the Auditor to the Polk County Board of County Commissioners shall result in the recovery of any resulting overpayments. The County's cost of recovery shall be the sole expense of the Consultant, including accounting and legal fees, court costs and administrative expenses.

27.3 Intentional misrepresentations of billable hours and reimbursable expenses will be criminally prosecuted to the fullest extent of the law.

27.4 All invoices submitted are subject to audit and demand for refund of overpayment up to three (3) years following completion of all services related to this Agreement.

28.0 **Notice**

28.1 Any notice, demand, communication, or request required or permitted hereunder shall be in writing and delivered in person or sent by Federal-Express or by Certified Mail, postage prepaid as follows:

As to County: Roads and Drainage Division
P.O. Box 9005
Bartow, FL 33830
Attention: Director

As to Consultant: Eisman & Russo, Inc.
6455 Powers Ave
Jacksonville, FL 32217

28.2 Notices shall be effective when received at the addresses as specified above. Changes in the respective addresses to which such notice is to be directed may be made from time to time by either party by written notice to the other party. Facsimile transmission is acceptable notice effective when received, however, facsimile transmissions received (i.e.; printed) after 5:00 p.m., or on weekends or holidays, will be deemed received on the next business day. The original of the notice must additionally be mailed as required herein.

28.3 Nothing contained in this Article shall be construed to restrict the transmission of routine communications between representatives of Consultant and County.

29.0 **Service of Process**

As to County: County Attorney
County Administration Building
330 W. Church Street, 4th Floor
Bartow, Florida 33830

As to Consultant: Eisman & Russo, Inc.
6455 Powers Ave
Jacksonville, FL 32217

30.0 **Contract Administration**

30.1 Services of Consultant shall be under the general direction of the Roads and Drainage Division Director, or their successor, who shall act as the County's representative during the term of this Agreement.

31.0 **Key Personnel**

31.1 Consultant shall notify County in the event of key personnel changes, which might affect this Agreement. To the extent possible, notification shall be made within ten (10) days prior to changes. Consultant at County's request shall remove without consequence to the County any Subcontractor or employee of the Consultant and replace him/her with another employee having the required skill and experience. County has the right to reject proposed changes in key personnel. The following personnel shall be considered key personnel:

Name: Tony Mahfoud

Name: Ashley Vickers

Name: David Sadler

Name: Dan Foss

Name: Jessical Woss

Name: Marielena Gombar

Name: Ben Harris

Name: Ron Western

Name: Gonzalo Silva

Name: Donald Brassart

Name: Tracy Fluke

Name: John Baker

Name: Mike Huggins

Name: Naomi Armstrong

Name: Kara Davis

Name: John Mobley

Name: Taylor Harris

Name: Jorge Rapozo

Name: Seth Hedrick

Name: Ben Foss

Name: Robert Pohl

Name: Tavion Williams

32.0. **Annual Appropriations**

32.1 Consultant acknowledges that the County, during any fiscal year, shall not expend money, incur any liability, or enter into any agreement which, by its terms, involves the expenditure of money in excess of the amounts budgeted as available for expenditure during such fiscal year. Any agreement, verbal or written, made in violation of this subsection is null and void, and no money may be paid on such agreement. Nothing herein contained shall prevent the making of agreements for a period exceeding one year, but any agreement so made shall be executory only for the value of the services to be rendered or agreed to be paid for in succeeding fiscal years. Accordingly, the County's performance and obligation to pay under this agreement is contingent upon annual appropriation.

33.0 **Liquidated Damages**

33.1 The parties hereto agree that liquidated damages, in the amount specified in the applicable CSA/CPO, will be assessed against the Consultant for Consultant's failure to meet the final deliverable date in the Performance Schedule in the Scope of Work, but only to the extent and in proportion to Consultant's fault in causing the delay as compared to other causes, and to the extent the Consultant is not delayed by reasons beyond Consultant's reasonable control.

34.0 Employment Eligibility Verification (E-VERIFY)

A. Unless otherwise defined herein, terms used in this Section which are defined in Section 448.095, Florida Statutes, as may be amended from time to time, shall have the meaning ascribed in said statute.

B. Pursuant to Section 448.095(5), Florida Statutes, the contractor hereto, and any subcontractor thereof, must register with and use the E-Verify system to verify the work authorization status of all new employees of the contractor or subcontractor. The contractor acknowledges and agrees that (i) the County and the contractor may not enter into this Agreement, and the contractor may not enter into any subcontracts hereunder, unless each party to this Agreement, and each party to any subcontracts hereunder, registers with and uses the E-Verify system; and (ii) use of the U.S. Department of Homeland Security's E-Verify System and compliance with all other terms of this Certification and Section 448.095,

Fla. Stat., is an express condition of this Agreement, and the County may treat a failure to comply as a material breach of this Agreement.

C. By entering into this Agreement, the contractor becomes obligated to comply with the provisions of Section 448.095, Fla. Stat., "Employment Eligibility," as amended from time to time. This includes but is not limited to utilization of the E-Verify System to verify the work authorization status of all newly hired employees, and requiring all subcontractors to provide an affidavit attesting that the subcontractor does not employ, contract with, or subcontract with, an unauthorized alien. The contractor shall maintain a copy of such affidavit for the duration of this Agreement. Failure to comply will lead to termination of this Agreement, or if a subcontractor knowingly violates the statute or Section 448.09(1), Fla. Stat., the subcontract must be terminated immediately. If this Agreement is terminated pursuant to Section 448.095, Fla. Stat., such termination is not a breach of contract and may not be considered as such. Any challenge to termination under this provision must be filed in the Tenth Judicial Circuit Court of Florida no later than 20 calendar days after the date of termination. If this Agreement is terminated for a violation of Section 448.095, Fla. Stat., by the contractor, the contractor may not be awarded a public contract for a period of 1 year after the date of termination. The contractor shall be liable for any additional costs incurred by the County as a result of the termination of this Agreement. Nothing in this Section shall be construed to allow intentional discrimination of any class protected by law.

35.0 Limitation of Liability.

IN NO EVENT, SHALL THE COUNTY BE LIABLE TO THE CONSULTANT FOR INDIRECT, INCIDENTAL, CONSEQUENTIAL, SPECIAL, EXEMPLARY, OR PUNITIVE DAMAGES OF ANY KIND OR NATURE, INCLUDING LOSS OF PROFIT, WHETHER FORESEEABLE OR NOT, ARISING OUT OF OR RESULTING FROM THE NONPERFORMANCE OR BREACH OF THIS CONTRACT BY THE COUNTY WHETHER BASED IN CONTRACT, COMMON LAW, WARRANTY, TORT, STRICT LIABILITY, CONTRIBUTION, INDEMNITY OR OTHERWISE.

36.0 Scrutinized Companies and Business Operations Certification; Termination.

A. Certification(s).

(i) By its execution of this Agreement, the Vendor hereby certifies to the County that the Vendor is not on the Scrutinized Companies that Boycott Israel List, created pursuant to Section 215.4725, Florida Statutes, nor is the Vendor engaged in a boycott of Israel, nor was the Vendor on such List or engaged in such a boycott at the time it submitted its bid, proposal, quote, or other form of offer, as applicable, to the County with respect to this Agreement.

(ii) Additionally, if the value of the goods or services acquired under this Agreement are greater than or equal to One Million Dollars ($1,000,000), then the Vendor further certifies to the County as follows:

(a) the Vendor is not on the Scrutinized Companies with Activities in Sudan List, created pursuant to Section 215.473, Florida Statutes; and

(b) the Vendor is not on the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, created pursuant to Section 215.473, Florida Statutes; and

(c) the Vendor is not engaged in business operations (as that term is defined in Florida Statutes, Section 287.135) in Cuba or Syria; and

(d) the Vendor was not on any of the Lists referenced in this subsection A(ii), nor engaged in business operations in Cuba or Syria when it submitted its proposal to the County concerning the subject of this Agreement.

(iii) The Vendor hereby acknowledges that it is fully aware of the penalties that may be imposed upon the Vendor for submitting a false certification to the County regarding the foregoing matters.

B. Termination. In addition to any other termination rights stated herein, the County may immediately terminate this Agreement upon the occurrence of any of the following events:

(i) The Vendor is found to have submitted a false certification to the County with respect to any of the matters set forth in subsection A(i) above, or the Vendor is found to have been placed on the Scrutinized Companies that Boycott Israel List or is engaged in a boycott of Israel.

(ii) The Vendor is found to have submitted a false certification to the County with respect to any of the matters set forth in subsection A(ii) above, or the Vendor is found to have been placed on the Scrutinized Companies with Activities in Sudan List, or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or has been engaged in business operations in Cuba or Syria, and the value of the goods or services acquired under this Agreement are greater than or equal to One Million Dollars ($1,000,000).

37. No Construction Against Drafter

37.1 The Parties acknowledge that this Agreement and all the terms and conditions contained herein have been fully reviewed and negotiated by the Parties. Accordingly, any rule of construction to the effect that ambiguities are to be resolved against the drafting party shall not apply in interpreting this Agreement.

38. Unauthorized Alien(s)

The Consultant shall not employ or utilize unauthorized aliens in the performance of the Services provided pursuant to this Agreement. The County shall consider the employment or utilization of unauthorized aliens a violation of Section 274A(e) of the Immigration and Naturalization Act (8 U.S.C. 1324a) and a cause for the County's unilateral termination of this Agreement. When delivering executed counterparts of this Agreement to the County, the Consultant shall also deliver a completed and executed counterpart of the attached "AFFIDAVIT CERTIFICATION IMMIGRATION LAWS" form.

(THE REMAINDER OF THE PAGE LEFT INTENTIONALLY BLANK)

IN WITNESS WHEREOF, the parties hereto have executed this Agreement as of the Effective Date.

Affidavit Regarding the Use of Coercion for Labor or Services

In compliance with Section 787.06(13), Florida Statutes, this attestation must be completed by an officer or representative of a nongovernmental entity that is executing, renewing, or extending a contract with Polk County, a political subdivision of the State of Florida.

The undersigned, on behalf of the entity listed below (the "Nongovernmental Entity"), hereby attests under penalty of perjury as follows:

1. I am over the age of 18 and I have personal knowledge of the matters set forth herein.

2. I currently serve as an officer or representative of the Nongovernmental Entity.

3. The Nongovernmental Entity does **not** use coercion for labor or services, as those underlined terms are defined in Section 787.06, Florida Statutes.

4. This declaration is made pursuant to Section 92.525, Fla. Stat. and Section 787.06, Fla. Stat. I understand that making a false statement in this declaration may subject me to criminal penalties.

Under penalties of perjury, I JEFF SULLIVAN (Signatory Name and Title), declare that I have read the foregoing Affidavit Regarding the Use of Coercion for Labor and Services and that the facts stated in it are true.

Further Affiant sayeth naught.

PROPOSAL SUBMITTAL INSTRUCTIONS

Proposers must submit their proposal prior to 2:00 p.m. on the receiving date. Proposals must be submitted in a “sealed” parcel or electronically through Polk County’s secure website, Kiteworks. Proposals will be publicly opened at 2:00 p.m. on the receiving date.

Sealed Parcel Submittal:

If you are submitting a sealed parcel proposal submit one (1) original marked ORIGINAL and five (5) copies marked COPY of the proposal in a sealed parcel to the Procurement Division. The parcel should be labeled “RFP #25-308, Roads & Drainage Construction Engineering and Inspection (CEI) Professional Services” and marked with the proposer’s name and address. The Proposals may be mailed or delivered to:

Polk County Procurement Division
330 West Church Street, Room 150
Bartow, FL 33830

To assist with labeling the sealed parcel, please cut along the outer border and affix this label. Be sure to include the name of the company submitting the proposal where requested.

Sealed Proposal. DO NOT OPEN	
RFP Number	25-308
RFP Title	Roads & Drainage Construction Engineering and Inspection (CEI) Professional Services
Due Date/Time:	April 9, 2025, prior to 2:00 pm
Submitted by:	
Deliver To:	Polk County Procurement Division 330 West Church Street, Room 150, Bartow, Florida 33830

Proposals may be mailed, express mailed or hand delivered. It is the Proposers responsibility to ensure their package is delivered to the Procurement Division prior to 2:00 p.m. on the Receiving date and time referenced above. Proposals delivered at 2:00 p.m. or later will not be accepted.

Electronic Proposals Submittal:

All prospective Proposers that are interested in submitting their proposals electronically can do so via the County's secure electronic submittal website, Kiteworks. Proposers must email kenbrush@polk-county.net at least 48 hours prior to opening to receive a link to upload their submittal. Please only upload your documents as a PDF or Excel file for the Cost Tab, if applicable. Please use the name convention of your files as follow:

"RFP 25-308 Tab 1"

"RFP 25-308 Tab 2"

"RFP 25-308 Tab 3"

"RFP 25-308 Tab 4"

"RFP 25-308 Tab 5"

"RFP 25-308 Tab 6"

"RFP 25-308 Tab 7"

"RFP 25-308 Tab 8"

For more instructions, a video tutorial has been produced to further explain the electronic solicitation submittal process. It can be found by clicking here for RFP Submittals: https://youtu.be/vkn_7AHgioE. If you need assistance accessing this website due to ADA or any other reason, please email Ken Brush at kenbrush@polk-county.net.

Procurement recommends that Proposers submitting electronically double check the documents submitted into Kiteworks to ensure all requested tab information has been uploaded. Failure to upload the requested tab information may result in the proposal being deemed nonresponsive.

POLK COUNTY
Procurement Division
Fran McAskill
Procurement Director
REQUEST FOR PROPOSAL 25-308
Roads & Drainage Professional Engineering Services for Construction Engineering and Inspection

Sealed proposals will be received in the Procurement Division, **Wednesday, April 9, 2025, prior to 2:00 p.m.**

Attached are important instructions and specifications regarding responses to this Request for Proposal (the "RFP"). The failure of a responding proposer (a "Proposer") to follow these instructions could result in Proposer disqualification from consideration for a contract to be awarded pursuant to this RFP.

This document is issued by Polk County (the "County") which is the sole distributor of this RFP and all addenda and changes to the RFP documents. The County shall record its responses to inquiries and provide any supplemental instructions or additional documents pertaining to this RFP in the form of written addenda to the RFP. The County shall post all such addenda, together with any other information pertaining to this RFP, on the County's website at

http://www.polk-county.net/procurement/procurement-bids. It is the sole responsibility of each Proposer to review the website prior to submitting a responsive proposal (a "Proposal") to this RFP to ensure that that the Proposer has obtained all available instructions, addenda, changes, supporting documents, and any other information pertaining to this RFP.

The County is not responsible for any solicitations issued through subscriber, publications, or other sources not connected with the County and the Proposer should not rely on such sources for information regarding the RFP solicitation.

Questions regarding this RFP must be in writing and must be sent to Ken Brush via email at kenbrush@polk-county.net or via fax at (863) 534-6789. All questions must be received by March 31, 2025, 4:00 p.m.

Proposers and any prospective Proposers shall not contact, communicate with or discuss any matter relating in any way to this RFP with any member of the Polk County Board of County Commissioners or any employee of Polk County other than the County Procurement Director or the individual designated above. This prohibition begins with the issuance of the Request for Proposal and ends upon execution of a contract. Any such communication initiated by a Proposer or prospective proposer shall be grounds for disqualifying the offender from consideration for a contract to be awarded pursuant to this RFP and for contracts to be awarded pursuant to RFPs or Requests for Bid that the County may issue in the future.

A Proposer's responsive Proposal to this RFP may be mailed, express mailed, or hand delivered to:

Polk County Procurement Division
330 West Church Street, Room 150
Bartow, Florida 33830
(863)534-6757

INTRODUCTION

Polk County, a political subdivision of the State of Florida seeks professional CEI Services for Roads and Drainage, and as further defined in the Scope of Services below.

Polk County's Selection Process for consultants' services is in accordance with Section 287.055, Florida Statutes, the Consultants' Competitive Negotiations Act ("CCNA"). The Professional Services Selection Committee will review the qualifications of all submitting firms.

It is the intent of the County to select and negotiate a Master Consulting Agreement with one (1) or more firm(s).

The County will negotiate a fee schedule and or overall lump sum price as part of "Selection Process", Elevation Level 4 Contract Negotiations.

Services under this contract will be in compliance with Section 287.055 of the Florida Statutes referred to as the "Consultants' Competitive Negotiation Act" (CCNA). Polk County's Procurement Procedure's Manual outlines the Procedures for Contracting for Professional Services Covered by CCNA. These procedures outline the process used for the selection of a consulting firm awarded through this RFP process.

The Successful Proposer must register in our new Vendor Database if you have not already done so prior to award of this RFP. A purchase order cannot be issued to a vendor until they have registered. You may register by going to the following link: https://www.polk-county.net/procurement/vendor-registration. Registered vendors will receive a User ID and Password to access their company information. All registered vendors must provide their owner gender, owner ethnicity, corporate status, and a minimum of one (1) commodity code to be considered registered. It is the responsibility of all vendors to update their vendor information. Only registered vendors will receive notifications of future RFP's.

All services must be performed in accordance with applicable Federal, State and Local regulations.

BACKGROUND, PURPOSE AND SCOPE

Background & Purpose:

The County requires the support of professional consultants for CEI (construction management and inspection) services to assist bringing to completion projects in the County's Roads & Drainage work program and support the construction, operation, and maintenance of the County's roadway network.

SCOPE OF SERVICES

The scope of services shall include, but not be limited to utility coordination, railroad crossing coordination during construction, review of value engineering submittals, construction materials testing, construction management, construction inspection, hazardous material assessments that are discovered during construction, initial

evaluations of drainage or flooding problems that occur during construction, coordination with permitting agencies such as FDOT and SWFWMD.

Anticipated projects for the BoCC include roadway construction, reconstruction, maintenance, repair, or replacement related to roadways, drainage (regional or roadway), stormwater management, railroad crossings, environmental mitigation, bridge repairs and replacements, new sidewalks, intersection improvements including roundabouts, turn lanes, street lighting.

The following is a list of typical services that may be requested under this contract. The list is not intended to be all-inclusive:

1. Provide constructability reviews for projects proposed by developers, other agencies, and County projects. This may include attending meetings and/or acting as a committee member.

2. Provide construction support including, but not limited to: bid review and analysis, responses to bid questions (construction related), attend pre-bid meetings, schedule and run pre-construction meetings, construction management, construction inspection, schedule and run construction progress meetings, perform reviews of as-built surveys, final certifications, review pay requests, and assist with project close outs.

3. Provide CEI (construction management and inspection) services including hybrid projects where Consultant and County will jointly staff.

4. Provide Resident Compliance Specialist for LAP (Local Agency Program) projects.

5. Provide engineering staff and inspection staff on loan to the County as needed to supplement the in-house staff in the cases of employee turnover or higher than normal workloads.

6. Perform construction materials testing to ensure adherence of contractor’s work to project specifications.

7. Function as primary point of contact for the County on projects that have an FDOT access permit or construction agreement.

The Consultant shall function as an extension of the County's resources by providing qualified technical and professional personnel to perform duties and responsibilities assigned under the terms of this agreement according to County standards and procedures.

The County shall request Consultant services on an as-needed basis. There is no guarantee that any or all of the services described in this agreement will be assigned during the term of this agreement. Further, the Consultant is providing these services on a non-exclusive basis. The County, at its option, may elect to have any of the services set forth herein performed by other consultants or County staff.

The Consultant's home or branch offices may support this contract.

The County shall request the services on an as-needed basis. There is no guarantee that any or all of the services described in this agreement will be assigned during the term of this agreement. Further, the Consultant is providing these services on a nonexclusive basis. The County, at its option, may elect to have any of the services set forth herein performed by other consultants or County staff.

AGREEMENT

The Master Consulting Agreement will be for five (5) years unless otherwise terminated in accordance with the master service agreement.

EVALUATION CRITERIA

Proposals should not contain information in excess of that requested, must be concise, and must specifically address the issues of this RFP. Unnecessarily elaborate brochures or other presentations beyond those sufficient to present a complete and effective response to this RFP are not desired and may be construed as an indication of the Proposer’s lack of cost consciousness. Elaborate artwork, expensive visual aids, and other presentation aids are neither necessary nor desired unless specifically requested. The Proposal responses shall be contained within a three-ring binder (original and each copy in separate binders). For the purposes of this RFP, one page equals a single sided page. It is requested that the responses be in the same order as the selection and evaluation procedures. The submittals should include the following:

Tab 1 Executive Summary

(Items a-c: Maximum of two (2) pages

a) Name, company name, address, telephone number, and email address.
b) State the number of years in business, as the same company/firm.
c) State the number of full-time employees.
d) Provide documentation showing proper incorporation by the Secretary of State.
e) Provide a copy of the firm’s applicable certification(s) from the State of Florida allowing them to provide the services as outlined in the Scope of Service as well as compliance with F.S. 287.055

Tab 2 Approach to the Project (35 points)
(Maximum of four (4) pages)

a) Provide a short narrative project approach outlining how you propose to staff each type of project that is assigned to your firm. For example, drainage improvements, new sidewalk construction, intersection improvements, signalization projects including drilled shafts and mast arms, street lighting.
b) Please describe your firm's experience and capabilities in dealing with customer complaints which may include adjacent property owners and the traveling public. Please include at least one example of a complaint received and how your firm worked to resolve the issue.
c) Briefly describe firm's experience in coordinating and facilitating utility relocations on the types of projects that are described in the Scope of Services.
d) Briefly describe firm's experience in coordinating with the FDOT Permitting Office on projects where there is an access permit or a construction agreement in place.

Tab 3 Experience, Expertise, Personnel and Technical Resources (35 points)

- Provide a minimum of three (3) and a maximum of five (5) recent projects performed within the past ten (10) years as the prime firm performing the CEI services for road infrastructure projects where the construction costs are under $7.0 million. (Limit response to one (1) page per project)
    - For each project please provide:
        a) Name and location of the project;
        b) Size and cost of the project;
        c) Project representative name, address, phone number, and email address
        d) Start date, date project was completed or is anticipated to be completed; compare to the original date.
        e) The nature of the firm's responsibility on the project;
        f) Identify the key staff and their role in each project;
        g) Identify working relationship of consultants or joint venture on project, if applicable;
        h) Provide the original budget and the final budget of the project. Explain the reason(s) for differences, such as owner requested change, contractor claim, and insufficient plans and specifications.
        i) List of any time extensions created by item h above.
- Provide an organizational chart of the team highlighting the key individuals who will work on this contract.
- The key staff presented in the consultant's response shall be the staff utilized on this contract. Please provide the resumes of the key staff including, but not limited to, the items in the list below (One (1) page maximum per resume):
    a) Name and current position held by the person

b) Name, title and project assignment
c) Experience:
    1) Types of projects.
    2) Size of projects (dollar value of project).
    3) What were their specific project involvements?

- Demonstrate each key staff's availability and office and home location to respond to the needs of the project (Two (2) pages maximum for all key staff member)
- Identify any sub-consultants to be used, if any. For each sub consultant identified please provide:
    - Name of sub-consultant.
    - Address
    - Their locations that can be utilized to expedite a deliverable if required.
    - A brief description of their experience outlining their qualifications to perform the intended services
    - A brief resume for each key personnel that will be assigned to perform the intended services

Tab 4 Is the Firm a "Polk County Entity"? (5 Points)

- There will be a maximum of five (5) points allocated for this Tab. If the Proposer is a Polk County Entity then five (5) points will be allocated. If the Proposer is not a Polk County Entity but is utilizing one or more sub-consultants that are a Polk County Entity to assist in performing the scope of work then the Proposal will be allocated one (1) point for each sub-consultant which is a Polk County Entity up to a maximum of five (5) points. The Polk County Entity sub-consultant(s) must have been identified under Tab 3, Experience, Expertise, Personnel and Technical Resources in order to qualify for point allocation.
- Provide documentation of the Proposers' or sub-consultant's headquarters and local offices, if any, and the amount of time the firm has been located at each such local office. Please also indicate the number of employees at the local office.
- Proposers or sub-consultants will be allocated points if they meet the following Polk County Government definition of Polk County Entity.
    - The term "Polk County Entity" means any business having a physical location within the boundaries of Polk County, Florida, at which employees are located and business activity is managed and controlled on a day to day basis. Additionally, the business must have been located within the boundaries of Polk County for a minimum of 12 months prior to the date the applicable solicitation is issued. This requirement may be evidenced through a recorded deed, an executed lease agreement, or other form of written documentation acceptable to the County. The County shall have the right, but not the obligation, to verify the foregoing requirements.
- In the event a Proposer lists one or more sub-consultants in Tab 4 which is a Polk County Entity and receives point(s) as a result, and after the Proposer is awarded the project, if successful, it is determined that the listed sub-consultant does not

assist in the performance of the scope of work (and is not replaced with an alternative sub-consultant which is a Polk County Entity), then the Proposer acknowledges and agrees that it may be suspended or debarred by the Procurement Director for failure to comply with the conditions, specifications or terms of a proposal or contract with the County or for committing a fraud or misrepresentation in connection with a proposal or contract with the County, in accordance with the Polk County Purchasing Ordinance and Procedures Manual.

Tab 5 Is the Firm a "Certified Woman or Minority Business Enterprise" (5 Points)

- Polk County Board of County Commissioners has a long standing commitment to encouraging the utilization of Women and Minority Businesses that do business with the County as vendors. To that end we encourage all of our prime and professional services vendors to utilize W/MBE vendors where at all possible, irrespective of a company's certification status. Please explain how the submitting firm will encourage minority participation in the project. (Limit response to one page)
- There will be a maximum of five (5) points allocated for this tab. If the Proposer is a Woman or Minority owned business then five (5) points will be allocated. If the Proposer is not a Woman or Minority owned business but is utilizing one or more sub-consultants that are a Women or Minority owned business to assist in performing the scope of work, then the Proposal will be allocated one (1) point for each sub-consultant which meets the County's certification criteria of Women or Minority owned, up to a maximum of five (5) points. The Woman or Minority owned business sub-consultant(s) must have been identified under Tab 3, Experience, Expertise, Personnel and Technical Resources in order to qualify for point allocation.
- Proposers or sub-consultants will be allocated points if they are a certified W/MBE as evidenced by providing the documentation described below.
    - If the Proposer or sub-consultant has a certified W/MBE status, provide documentation of the firms' certified W/MBE status as defined by the Florida Small and Minority Business Act and as defined in Polk County's Purchasing Procedures. Polk County's Purchasing Procedures recognize the following to meet the requirement of a certified W/MBE status:
        - Valid W/MBE Certification from one of the following
            - Florida Minority Supplier Development Council
            - Women Business Enterprise National Council
            - The State of Florida Office of Supplier Diversity
            - Florida Department of Transportation
            - U. S. Small Business Administration
            - Federal Aviation Authority
            - Other Florida governmental agencies

Certifications from other governmental agencies will be considered on a case-by-case basis.

- In the event a Proposer lists one or more sub-consultants in Tab 5 which is a Women or Minority owned business and receives point(s) as a result, and after the Proposer is awarded the project, if successful, it is determined that the listed sub-consultant does not assist in the performance of the scope of work (and is not replaced with an alternative sub-consultant which is a Women or Minority owned business), then the Proposer acknowledges and agrees that it may be suspended or debarred by the Procurement Director for failure to comply with the conditions, specifications or terms of a proposal or contract with the County or for committing a fraud or misrepresentation in connection with a proposal or contract with the County, in accordance with the Polk County Purchasing Ordinance and Procedures Manual.

Tab 6 Interaction with County for Claims Minimization (5 Points)

- Provide description of how CEI staff will work with contractor to minimize claims for time and money. Identify specific strategies that the CEI firm has used on previous projects, such as weekly progress meetings, frequent phone and email conversations with contractor, etc. (Limit response to one (1) page)

Tab 7 – Staff Availability for Work Assignments (5 Points)

- Describe the firms' current and future projected workload. Describe specifically the ability of the firm to provide staff for project assignments as needed. (Limit response to two (1) pages maximum)

Tab 8 Surveys of Past Performance (10 Points)

- Provide reference surveys from past clients for the projects identified under Tab 3.
- Completed surveys. (See Exhibit 1) Procurement will take the average of all surveys and score as follows:
    - Average Score between 9-10 (10 Points)
    - Average Score between 7-8 (8 Points)
    - Average Score between 5-6 (6 Points)
    - Average Score between 3-4 (4 Points)
    - Average Score between 1-2 (2 Points)
    - Average Score of 0 (0 Points)

BID OPENING

Proposers may attend the Bid Opening in person or via conference call by dialing (646) 558-8656 and enter Meeting ID: 327 647 2818. A listing of all proposers will be posted to Procurement's website as soon as possible after bid opening.

Selection Process

Proposals will be evaluated in accordance with this section and all applicable County procurement policies and procedures.

The County shall appoint a selection committee (the "Selection Committee") that will be responsible for evaluating and scoring/ranking the Proposals in accordance with this Section.

The County will use a competitive selection process based on the Elevation Levels described in this Section. At Elevation Levels 2 and 3, the Selection Committee will score and/or rank the Proposals as applicable.

Selection of a final Proposal will be based upon the following steps and factors:

Elevation Level 1 (Procurement Requirements Assessment):

- The County Procurement Division shall review all Proposals for conformance with RFP guidelines and detailed submittal requirements. At the County's discretion, non-conforming Proposals may be eliminated from further consideration and conforming Proposals shall be elevated to Elevation Level 2. Procurement will distribute Proposals and evaluation criteria to the Selection Committee.
- Procurement will also ensure all firms meet the requirement of certification as outlined in Florida Statute 287.055(3)(c).
- The Selection Committee may convene to review questions that arise during individual member review of submitted Proposals before Elevation Level 2 to allow for questions, clarifications, explanations, or other discussion to be held before the review of Proposals is completed.

Elevation Level 2 (Scoring)

- Procurement shall score each Proposal on the following evaluation criteria:
    - Local (Tab 4) - 5 points
    - W/MBE Certification (Tab 5) - 5 points
    - Surveys of Past Performance (Tab 8) - 10 points

    Subtotal Points - 20 points

    by the process stated under each corresponding Tab description as set forth on Pages 8-12.

- Each Selection Committee member shall score each Proposal on the following evaluation criteria:
    - Approach to the Project (Tab 2) - 35 points
    - Experience, Expertise, Personnel and Technical Resources (Tab 3) - 35 points
    - Interaction w/ County for Claims Minimization (Tab 6) - 5 points
    - Staff Availability for Work Assignments (Tab 7) – 5 points

    Subtotal Points-80 points
    by the following process:

1) Each Selection Committee member shall determine which of the following descriptions applies to each of the foregoing evaluation criteria:

- EXCELLENT (1.0): Of the highest or finest quality; exceptional; superior; superb; exquisite; peerless.
  The Proposer provided information for a given criteria that satisfied the requirements and described specifically how and what will be accomplished in such a manner that exhibited an exceptional and superior degree of understanding, skill, and competency, both qualitatively and quantitatively. The facts included in the narrative (including all supporting documentation, diagrams, drawings, charts, and schedules, etc.) demonstrate the Proposer's ability to perform and deliver far beyond expectation.
- VERY GOOD (0.8): To a high degree; better than or above competent and/or skillful.
  The Proposer provided information for a given criteria that satisfied the requirements and described specifically how and what will be accomplished in such a manner that exhibited a very high degree of understanding, skill, and competency, both qualitatively and quantitatively. The facts included in the narrative (including all supporting documentation, diagrams, drawings, charts, and schedules, etc.) demonstrate the Proposer's ability to perform and deliver beyond expectation.
- GOOD (0.6): Having positive or desirable qualities; competent; skilled; above average.
  The Proposer provided information for a given criteria that satisfied the requirements and described specifically how and what will be accomplished in such a manner that exhibited a skillful and above-average degree of understanding, skill, and competency, both qualitatively and quantitatively. The facts included in the narrative (including all supporting documentation, diagrams, drawings, charts, and schedules, etc.) demonstrate the Proposer's ability to perform and deliver at the expected level.
- FAIR (0.4): Average; moderate; mediocre; adequate; sufficient; satisfactory; standard.
  The Proposer provided information for a given criteria that satisfied the requirements and described sufficiently how and what will be accomplished in a manner that exhibited an adequate and average degree of understanding, skill, and competency, both qualitatively and quantitatively. The facts included in the narrative (including all supporting documentation, diagrams, drawings, charts, and schedules, etc.) demonstrate the Proposer's ability to perform and deliver at a level slightly below expectation.
- POOR (0.2): Inadequate; lacking; inferior in quality; of little or less merit; substandard; marginal.
  The Proposer provided information for a given criteria that did not satisfy the requirements and described in an inadequate manner how and what will be accomplished. The information provided simply reiterated a requirement, contained inaccurate statements or references, lacked adequate

information, or was of inferior quality. The facts included in the narrative (including all supporting documentation, diagrams, drawings, charts, and schedules, etc.) demonstrate the Proposer's ability to perform and deliver at a substandard and inferior level.

- UNACCEPTABLE (0.0):
  The Proposer failed to provide any information for a given criteria, provided information that could not be understood, or did not provide the information for a given category as requested.

2) After a Selection Committee member has determined the description applicable for each evaluation criterion, the total points available for such criterion shall be multiplied by the factor associated with the applicable description to produce the number of points allocated for that evaluation criterion. For example, a Selection Committee member classifies the "Experience and Expertise" criterion (which shall be worth 25 points for the purpose of this example) as "Very Good" (which is a description factor multiplier of 0.8). The points that Selection Committee member allocated for that evaluation criterion would be 20, calculated as follows: 25 available points x 0.8 applicable description factor multiplier = 20 points.
3) A Selection Committee member's total score for each Proposal shall equal the sum of the total points allocated for each evaluation criteria.
4) When all Selection Committee members have completed their Proposal evaluations, the individual Selection Committee member's total scores for each Proposal will be added together to produce a final score for each Proposal.
5) Procurement will confirm the calculations for the final score for each Proposal. Then, Procurement shall publish a rank-ordered listing of the Proposals to the Selection Committee with the Proposal receiving the highest point as the highest-ranked Proposal.
6) In accordance with Section 287.055(4)(a), Florida Statutes, if there are three (3) or more Proposers in Elevation Level 2, the Selection Committee must elevate no fewer than the three highest scored of such Proposers to Elevation Level 3 for interviews. If there are only two Proposers in Elevation Level 2, the Selection Committee must elevate those two Proposers to Elevation Level 3 for interviews. If there is only one Proposer in Elevation Level 2, then the Selection Committee may collectively decide if they would like to elevate the Proposer to Elevation Level 3 for interviews or if they would like to recommend the Board authorize staff to enter into Contract Negotiations with the Proposer. In the latter case, after Board approval to authorize staff to negotiate a contract, the Proposer will then be elevated to Elevation Level 4 for contract negotiations.

Elevation Level 3 (Proposer Interviews)

The Selection Committee are required to conduct interviews of the Proposers that it has elevated from Elevation Level 2 to Elevation Level 3.

During an interview, elevated Proposers may be requested to make a presentation focusing on their qualifications, approach to the project and the ability to furnish the

required services. The Selection Committee members will have an opportunity to inquire about any aspect of the RFP and the Proposer's Proposal. After all elevated Proposer interviews, each Selection Committee member will individually rank the Proposers in numerical order beginning at number 1 for the Proposer deemed to be the most highly qualified to perform the required services. In accordance with Section 287.055(4)(b), Florida Statutes, in determining whether a Proposer is qualified, each Selection Committee member shall consider such factors as:

- Ability of Personnel
- Whether a Proposer is a certified minority business enterprise
- Past performance
- Willingness to meet time and budget requirements
- Location
- Recent, current, and projected workloads
- Volume of work previously awarded to each Proposer by the County

Procurement shall receive and compile each Selection Committee member's ranking of each Proposer, and then publish a rank-ordered listing of Proposers to the Selection Committee, based on the combined average rankings given each Proposer. The Selection Committee members will then collectively decide if they would like to recommend the Board authorize staff to enter into Contract Negotiations with all Proposers elevated to Proposer Interviews, starting with the highest-ranked Proposer(s). After Board approval to authorize staff to negotiate a contract, said Proposer(s) will then be elevated to Elevation Level 4 for contract negotiations.

Elevation Level 4 (Contract Negotiations)
If a Proposer is elevated to this level, the User Division, with the assistance of Procurement and the County Attorney's Office, shall negotiate an Agreement with the elevated Proposer(s) in accordance with Section 287.055(5), Florida Statutes.

If after negotiating for a reasonable time period the parties cannot agree on a contract, the County shall, in its sole discretion, terminate further contract negotiations with that Proposer(s). Procurement shall notify the Selection Committee that contract negotiations with the elevated Proposer(s) have terminated. The Selection Committee shall then determine whether to recommend to the Board to approve contract negotiations with the next-highest-ranked Proposer, and so on. If the Selection Committee decides not to recommend contract negotiations with the next-highest-ranked Proposer, or if the County determines there is no other Proposer with whom the County can successfully negotiate a contract, then the RFP Selection Process shall terminate.

After contract negotiations with a Proposer(s) are successfully completed pursuant to Elevation Level 4, the Selection Committee shall recommend to the Board of County Commissioners that it selects such Proposer(s) to provide the services as outlined in the Agreement. The Board of County Commissioners shall make the final decision whether to enter into an Agreement with a Proposer(s).

GENERAL CONDITIONS

CONTACT

After the issuance of any Request for Proposal, prospective proposers shall not contact, communicate with or discuss any matter relating in any way to the Request for Proposal with the Board of County Commissioners, and any employee of Polk County, other than the Procurement Director or as directed in the cover page of the Request for Proposal. This prohibition begins with the issuance of any Request for Proposal and ends upon completion execution of a contract. Such communications initiated by a proposer shall be grounds for disqualifying the offending proposer from consideration for award of the proposal and/or any future proposal.

INSURANCE REQUIREMENTS

The selected firm, if any, shall maintain, at all times, the following minimum levels of insurance and; shall, without in any way altering their liability, obtain, pay for and maintain insurance for the coverages and amounts of coverage not less than those set forth below. Provide to the County original Certificates of Insurance satisfactory to the County to evidence such coverage before any work commences. Polk County, a political subdivision of the State of Florida, shall be an additional named insured on all policies related to the project; excluding workers' compensation and professional liability. The Workers' Compensation and General Liability policies shall contain a waiver of subrogation in favor of Polk County. All insurance coverage shall be written with a company having an A.M. Best Rating of at least the "A" category and size category of VIII. The firm's self-insured retention or deductible per line of coverage shall not exceed $25,000 without the permission of the County. In the event of any failure by the firm to comply with the provisions; the County may, at its option, on notice to the firm suspend the project for cause until there is full compliance. Alternatively, the County may purchase such insurance at the firm's expense, provided that the County shall have no obligation to do so and if the County shall do so, the firm shall not be relieved of or excused from the obligation to obtain and maintain such insurance amounts and coverages.

Worker's Compensation and Employer's Liability Insurance providing statutory benefits, including those that may be required by any applicable federal statute:

Admitted in Florida	Yes
Employer's Liability	$100,000
All States Endorsement	Statutory
Voluntary Compensation	Statutory

Commercial General Liability Insurance. $1,000,000 combined single limit of liability for bodily injuries, death, and property damage, and personal injury resulting from any one occurrence, including the following coverages:

Premises and Operations and Products/Completed Operations;

Broad Form Commercial General Liability Endorsement to include blanket contractual liability (specifically covering, but not limited to, the contractual obligations assumed by the Firm); Personal Injury (with employment and contractual exclusions deleted) and Broad Form Property Damage coverages;

Independent Contractors; Policy must include Separation of Insureds Clause.

Comprehensive Automobile Liability Insurance. $1,000,000 combined single limit of liability for bodily injuries, death, and property damage, and personal injury resulting from any one occurrence, including all owned, hired and non-owned vehicles.

Professional Liability Insurance. $2,000,000 for design errors and omissions, inclusive of defense costs. Selected firm shall be required to provide continuing Professional Liability Insurance to cover the project for a period of two (2) years after the projects are completed.

INDEMNIFICATION

To the maximum extent permitted by law, the Consultant shall indemnify, protect and hold the County, and its officers, employees and agents, harmless from and against any and all, claims, actions, causes of action, liabilities, penalties, forfeitures, damages, losses, and expenses whatsoever (including, without limitation, reasonable attorneys' fees, costs, and expenses incurred during negotiation, through litigation and all appeals therefrom) including, without limitation, those pertaining to the death of or injury to any person, or damage to any property, to the extent arising out of or resulting from (i) the failure of Consultant to comply with applicable laws, rules or regulations, (ii) the breach by Consultant of its obligations under this Agreement, (iii) any claim for trademark, patent, or copyright infringement arising out of the scope of Consultant's performance or nonperformance of this Agreement, or (iv) the negligent acts, errors or omissions, or intentional or willful misconduct, of Consultant or any persons or entities employed or utilized by Consultant in the performance of this Agreement. The obligations imposed by this Section shall survive the expiration or earlier termination of the Agreement.

PUBLIC ENTITY CRIMES STATEMENT

The Consultant declares and warrants that neither the Consultant nor any of the Consultant's affiliates, as that term is defined in Section 287.133, Florida Statutes, are subject to the restrictions in Section 287.133, Florida Statutes, regarding the commission of a public entity crime. If during the term of this Agreement, the Consultant or any affiliate is convicted of a public entity crime or is otherwise prohibited from performing work for or transacting business with the County pursuant to Section 287.133, Florida Statutes, then the Consultant shall be in material default of this Agreement, and in such case, the County shall have the rights and remedies as provided herein.

EQUAL OPPORTUNITY/AFFIRMATIVE ACTION

The County is an equal opportunity/affirmative action employer. The County is committed to equal opportunity employment effort; and expects firms that do business with the County to have a vigorous affirmative action program.

WOMEN/MINORITY BUSINESS ENTERPRISE OUTREACH

The County hereby notifies all Proposers that W/MBEs are to be afforded a full opportunity to participate in any request for proposal by the County and will not be subject to discrimination on the basis of race, color, sex or national origin.

AFFIRMATION

By submitting their proposal, the Proposer affirms that the proposal is genuine and not made in the interest of or on behalf of any undisclosed person, firm or corporation and is not submitted in conformity with any agreement or rules of any group, association, organization or corporation; the Proposer has not directly or indirectly induced or solicited any other person to submit a false or sham proposal; the Proposer has not solicited or induced any person, firm or corporation to refrain from submitting a proposal; and the Proposer has not sought by collusion to obtain for him/herself any advantage over other persons or over the County.

DEVELOPMENT COSTS

Neither the County nor its representative(s) shall be liable for any expenses incurred in connection with preparation of a response to the RFP. Proposers should prepare their proposals simply and economically, providing a straightforward and concise description of the proposer's ability to meet the requirements of the RFP.

ADDENDA

The County may record its responses to inquiries and any supplemental instructions in the form of written addenda. The addenda will be posted on the County's website at https://www.polk-county.net/procurement-bids. It is the sole responsibility of the proposers to check the website to ensure that all available information has been received prior to submitting a proposal.

CODE OF ETHICS

If any proposer violates or is a party to a violation of the code of ethics of Polk County or the State of Florida, with respect to this proposal, such proposer may be disqualified from performing the work described in this proposal or from furnishing the goods or services for which the proposal is submitted and shall be further disqualified from bidding on any future proposals for work, goods, or services for the County.

DRUG FREE WORKPLACE

Preference shall be given to businesses with Drug Free Workplace (DFW) programs. Whenever two or more proposals, which are equal with respect to price, quality and service, are received by the County for the procurement of commodities or contractual services, a proposal received from a business that has provided a statement that it is a DFW shall be given preference in the award process.

APPLICABLE LAWS AND COURTS

This RFP and any resulting agreements shall be governed in all respects by the laws of the State of Florida and any litigation with respect thereto shall be brought only in the courts of Polk County, Florida or the United States District Court, Middle District of Florida,

located in Hillsborough County, Florida. The proposer shall comply with all applicable federal, state and local laws and regulations.

CONTRACTUAL MATTERS
A contract in substantially the same form as attached here to as Attachment "A" (Master Consulting Agreement) will be executed between the County and the successful Proposer(s).

All contracts are subject to final approval of the Polk County Board of County Commissioners. Persons or firms who incur expenses or change position in anticipation of a contract prior to the Board's approval do so at their own risk.

PROPOSAL ACCEPTANCE PERIOD
A proposal shall be binding upon the offeror and irrevocable by it for one hundred and twenty (120) calendar days following the proposal opening date. Any proposal in which offeror shortens the acceptance period may be rejected.

ADDITION/DELETION
The County reserves the right to add to or delete any item from this proposal or resulting agreements when deemed to be in the best interest of the County.

PROPRIETARY INFORMATION
In accordance with Chapter 119 of the Florida Statutes (Public Records Law), and except as may be provided by other applicable State and Federal Law, all proposers should be aware that Request for Proposals and the responses thereto are in the public domain. However, the proposers are required to identify specifically any information contained in their proposals which they consider confidential and/or proprietary and which they believe to be exempt from disclosure, citing specifically the applicable exempting law. Proposers should provide a redacted copy of proposal with submittal, or must provide within thirty (30) days from the Proposal due date.

All proposals received from proposers in response to this Request for Proposal will become the property of the County and will not be returned to the proposers. In the event of contract award, all documentation produced as part of the contract will become the exclusive property of the County.

REVIEW OF PROPOSAL FILES
In accordance with Chapter 119.071 of the Florida Statutes, the responses received for this Request for Proposal are exempt from review for thirty (30) days after the Bid Opening Date or at Recommendation of Award, whichever event occurs first.

Should the RFP be cancelled and re-solicited for any reason, proposal responses shall remain exempt from disclosure for a period not to exceed twelve (12) months or at Recommendation of Award of the subsequent solicitation.

RFP PROTEST: Any proposer desiring to file a protest, with respect to a recommended award of any RFP, shall do so by filing a written protest. The written protest must be in

the possession of the Procurement Division within three (3) working days of the Notice of Recommended Award mailing date. All proposers who submitted a proposal will be sent a Notice of Recommended Award, unless only one proposal was received.

A copy of the protest procedures may be obtained from the Polk County Procurement Division or can be downloaded from the County's website at https://www.polk-county.net/procurement/protest-procedures.

FAILURE TO FOLLOW PROTEST PROCEDURE REQUIREMENTS WITHIN THE TIME FRAMES PRESCRIBED HEREIN AS ESTABLISHED BY POLK COUNTY, FLORIDA, SHALL CONSTITUTE A WAIVER OF THE PROPOSER'S RIGHT TO PROTEST AND ANY RESULTING CLAIM.

UNAUTHORIZED ALIEN(S) The Consultant agrees that unauthorized aliens shall not be employed nor utilized in the performance of the requirements of this solicitation. The County shall consider the employment or utilization of unauthorized aliens a violation of Section 274A(e) of the Immigration and Naturalization Act (8 U.S.C. 1324a). Such violation shall be cause for unilateral termination of this Agreement by the County. As part of the response to this solicitation, the successful consultant will complete and submit the form "AFFIDAVIT CERTIFICATION IMMIGRATION LAWS."

EMPLOYMENT ELIGIBILITY VERIFICATION (E-Verify)

A. Unless otherwise defined herein, terms used in this Section which are defined in Section 448.095, Florida Statutes, as may be amended from time to time, shall have the meaning ascribed in said statute.

B. Pursuant to Section 448.095(5), Florida Statutes, the contractor hereto, and any subcontractor thereof, must register with and use the E-Verify system to verify the work authorization status of all new employees of the contractor or subcontractor. The contractor acknowledges and agrees that (i) the County and the contractor may not enter into this Agreement, and the contractor may not enter into any subcontracts hereunder, unless each party to this Agreement, and each party to any subcontracts hereunder, registers with and uses the E-Verify system; and (ii) use of the U.S. Department of Homeland Security's E-Verify System and compliance with all other terms of this Certification and Section 448.095, Fla. Stat., is an express condition of this Agreement, and the County may treat a failure to comply as a material breach of this Agreement.

C. By entering into this Agreement, the contractor becomes obligated to comply with the provisions of Section 448.095, Fla. Stat., "Employment Eligibility," as amended from time to time. This includes but is not limited to utilization of the E-Verify System to verify the work authorization status of all newly hired employees, and requiring all subcontractors to provide an affidavit attesting that the subcontractor does not employ, contract with, or subcontract with, an unauthorized alien. The contractor shall maintain a copy of such affidavit for the duration of this Agreement. Failure to comply will lead to termination of this Agreement, or if a subcontractor knowingly violates the statute or Section 448.09(1), Fla. Stat., the subcontract must be terminated immediately. If this Agreement is terminated pursuant to Section 448.095, Fla. Stat., such termination is not a breach of contract and may not be considered as such. Any challenge to termination

under this provision must be filed in the Tenth Judicial Circuit Court of Florida no later than 20 calendar days after the date of termination. If this Agreement is terminated for a violation of Section 448.095, Fla. Stat., by the contractor, the contractor may not be awarded a public contract for a period of 1 year after the date of termination. The contractor shall be liable for any additional costs incurred by the County as a result of the termination of this Agreement. Nothing in this Section shall be construed to allow intentional discrimination of any class protected by law.

LIMITATIONS

This request does not commit Polk County to award a contract. Proposers will assume all costs incurred in the preparation of their response to this RFP. The County reserves the right to: 1) accept or reject qualifications and/or proposals in part or in whole; 2) request additional qualification information; 3) limit and determine the actual contract services to be included in a contract; 4) obtain information for use in evaluating submittals from any source and 5) reject all submittals.

ATTORNEY'S FEES AND COSTS: Each party shall be responsible for its own legal and attorney's fees, costs and expenses incurred in connection with any dispute or any litigation arising out of, or relating to this Agreement, including attorney's fees, costs and expenses incurred for any appellate or bankruptcy proceedings.

Prohibition Against Considering Vendor Interests: In accordance with Section 287.05701, Florida Statutes, the County may not (i) request documentation of or consider a Vendor's social, political, or ideological interests when determining if the Vendor is a responsible vendor; or (ii) give preference to a Vendor based on the Vendor's social, political, or ideological interests.

PUBLIC RECORD LAWS

(a) The Consultant acknowledges the County's obligations under Article I, Section 24, of the Florida Constitution and under Chapter 119, Florida Statutes, to release public records to members of the public upon request and comply in the handling of the materials created under this Agreement. The Consultant further acknowledges that the constitutional and statutory provisions control over the terms of this Agreement. In association with its performance pursuant to this Agreement, the Consultant shall not release or otherwise disclose the content of any documents or information that is specifically exempt from disclosure pursuant to all applicable laws.

(b)Without in any manner limiting the generality of the foregoing, to the extent applicable, the Consultant acknowledges its obligations to comply with Section 119.0701, Florida Statutes, with regard to public records, and shall:

(1)keep and maintain public records required by the County to perform the services required under this Agreement;

(2)upon request from the County's Custodian of Public Records or his/her designee, provide the County with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law;

(3)ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the term of this Agreement and following completion of this Agreement if the Consultant does not transfer the records to the County; and

(4)upon completion of this Agreement, transfer, at no cost, to the County all public records in possession of the Consultant or keep and maintain public records required by the County to perform the service. If the Consultant transfers all public records to the County upon completion of this Agreement, the Consultant shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Consultant keeps and maintains public records upon completion of this Agreement, the Consultant shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the County, upon request from the County's Custodian of Public Records, in a format that is compatible with the information technology systems of the County.

(c) **IF THE CONSULTANT HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONSULTANT'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, CONTACT THE COUNTY'S CUSTODIAN OF PUBLIC RECORDS AT:**

Scrutinized Companies and Business Operations Certification; Termination.

A. Certification(s).
   i. By its execution of this Agreement, the Vendor hereby certifies to the County that the Vendor is not on the Scrutinized Companies that Boycott Israel List, created pursuant to Section 215.4725, Florida Statutes, nor is the Vendor engaged in a boycott of Israel, nor was the Vendor on such List or engaged in such a boycott at the time it submitted its bid, proposal, quote, or other form of offer, as applicable, to the County with respect to this Agreement.
   ii. Additionally, if the value of the goods or services acquired under this Agreement are greater than or equal to One Million Dollars ($1,000,000), then the Vendor further certifies to the County as follows:
      a) the Vendor is not on the Scrutinized Companies with Activities in Sudan List, created pursuant to Section 215.473, Florida Statutes; and
      b) the Vendor is not on the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, created pursuant to Section 215.473, Florida Statutes; and

c) the Vendor is not engaged in business operations (as that term is defined in Florida Statutes, Section 287.135) in Cuba or Syria; and
d) the Vendor was not on any of the Lists referenced in this subsection A(ii), nor engaged in business operations in Cuba or Syria when it submitted its proposal to the County concerning the subject of this Agreement.

iii. The Vendor hereby acknowledges that it is fully aware of the penalties that may be imposed upon the Vendor for submitting a false certification to the County regarding the foregoing matters.

B. Termination. In addition to any other termination rights stated herein, the County may immediately terminate this Agreement upon the occurrence of any of the following events:

i. The Vendor is found to have submitted a false certification to the County with respect to any of the matters set forth in subsection A(i) above, or the Vendor is found to have been placed on the Scrutinized Companies that Boycott Israel List or is engaged in a boycott of Israel.

ii. The Vendor is found to have submitted a false certification to the County with respect to any of the matters set forth in subsection A(ii) above, or the Vendor is found to have been placed on the Scrutinized Companies with Activities in Sudan List, or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or has been engaged in business operations in Cuba or Syria, and the value of the goods or services acquired under this Agreement are greater than or equal to One Million Dollars ($1,000,000).

Proposers Incorporation Information

(Submittal Page)

The following section should be completed by all bidders and submitted with their bid submittal:

Company Name: _____

DBA/Fictitious Name (if applicable): _____

TIN #: _____

Address: _____

City: _____

State: _____

Zip Code: _____

County: _____

Note: Company name must match legal name assigned to the TIN number. A current W9 should be submitted with your bid submittal.

Contact Person: _____

Phone Number: _____

Cell Phone Number: _____

Email Address: _____

Type of Organization (select one type)

- □ Sole Proprietorship
- □ Partnership
- □ Non-Profit
- □ Sub Chapter
- □ Joint Venture
- □ Corporation
- □ LLC
- □ LLP
- □ Publicly Traded
- □ Employee Owned

State of Incorporation: _____

The Successful vendor must complete and submit this form prior to award. The Successful vendor must invoice using the company name listed above.

EXHIBIT 1
DETAILED INSTRUCTIONS ON HOW TO PREPARE AND SEND PERFORMANCE SURVEYS

The objective of this process is to identify the past performance of the Consultant submitting a proposal package. This is accomplished by sending survey forms to past customers. The customers should return the forms directly to the Consultant. The Consultant is to include all surveys in their proposal package.

Sending the Survey

The surveys shall be sent to all clients for whom the Consultant has identified under Tab 3. Surveys should correlate to all projects identified under Tab 3.

If more surveys are included, then Procurement will only use those identified under Tab 3.

1. The Consultant shall complete the following information for each customer that a survey will be sent

CLIENT NAME	Name of the company that the work was performed for (i.e. Hillsborough County).
FIRST NAME	First name of the person who will answer customer satisfaction questions.
LAST NAME	Last name of the person who will answer customer satisfaction questions.
PHONE NUMBER	Current phone number for the reference (including area code).
EMAIL ADDRESS	Current email address for the reference.
PROJECT NAME	Name of the project (CEI Services for Hillsborough County), Etc.
COST OF SERVICES	Cost of services ($1,000,000)
DATE COMPLETE	Date when the services were completed. (i.e. 5/31/2023)

2. The Consultant is responsible for verifying that their information is accurate prior to submission for references.

3. The survey must contain different services/projects. You cannot have multiple people evaluating the same job. However, one person may evaluate several different jobs.

4. The past projects can be either completed or on-going.

5. The past client/owner must evaluate and complete the survey.

Preparing the Surveys

1. The Consultant is responsible for sending out a performance survey to the clients that have been identified under Tab 3. The survey can be found on the next page.
2. The Consultant should enter the past clients' contact information, and project information on each survey form for each reference. The Consultant should also enter their name as the Consultant being surveyed.
3. The Consultant is responsible for ensuring all references/surveys are included in their submittal under Tab 8.
4. Polk County Procurement may contact the reference for additional information or to clarify survey data. If the reference cannot be contacted, there will be no credit given for that reference.

Survey Questionnaire – Polk County

RFP 25-308, Roads & Drainage Construction Engineering and Inspection (CEI) Professional Services

To: _____ (Name of Person completing survey)

_____ (Name of Client Company/Consultant)

Phone Number: _____ Email: _____

Subject: Past Performance Survey of Similar work:

Project name: _____

Name of Vendor being surveyed: _____

Cost of Services: Original Cost: _____ Ending Cost: _____

Contract Start Date: _____ Contract End Date: _____

Rate each of the criteria on a scale of 1 to 10, with 10 representing that you were very satisfied (and would hire the Consultant /individual again) and 1 representing that you were very unsatisfied (and would never hire the Consultant /individual again). Please rate each of the criteria to the best of your knowledge. If you do not have sufficient knowledge of past performance in a particular area, leave it blank.

NO	CRITERIA	UNIT	SCORE
1	Ability to manage cost	(1-10)	
2	Ability to maintain project schedule (complete on-time/early)	(1-10)	
3	Quality of workmanship	(1-10)	
4	Professionalism and ability to manage	(1-10)	
5	Close out process	(1-10)	
6	Ability to communicate with Client's staff	(1-10)	
7	Ability to resolve issues promptly	(1-10)	
8	Ability to follow protocol	(1-10)	
9	Ability to maintain proper documentation	(1-10)	
10	Appropriate application of technology	(1-10)	
11	Overall Client satisfaction and comfort level in hiring	(1-10)	
12	Ability to offer solid recommendations	(1-10)	
13	Ability to facilitate consensus and commitment to the plan of action among staff	(1-10)

EMPLOYMENT ELIGIBILITY VERIFICATION (E-VERIFY) CERTIFICATION

(Florida Statutes, Section 448.095)

PROJECT NAME: Construction Engineering and Inspection (CEI) Professional Services

The undersigned, as an authorized officer of the contractor identified below (the "**Contractor**"), having full knowledge of the statements contained herein, hereby certifies to Polk County, a political subdivision of the State of Florida (the "**County**"), by and on behalf of the Contractor in accordance with the requirements of Section 448.095, Florida Statutes, as related to the contract entered into by and between the Contractor and the County on or about the date hereof, whereby the Contractor will provide labor, supplies, or services to the County in exchange for salary, wages, or other remuneration (the "**Contract**"), as follows:

1. Unless otherwise defined herein, terms used in this Certification which are defined in Section 448.095, Florida Statutes, as may be amended from time to time, shall have the meaning ascribed in said statute.

2. Pursuant to Section 448.095(5), Florida Statutes, the Contractor, and any subcontractor under the Contract, must register with and use the E-Verify system to verify the work authorization status of all new employees of the Contractor or subcontractor. The Contractor acknowledges and agrees that (i) the County and the Contractor may not enter into the Contract, and the Contractor may not enter into any subcontracts thereunder, unless each party to the Contract, and each party to any subcontracts thereunder, registers with and uses the E-Verify system; and (ii) use of the U.S. Department of Homeland Security's E-Verify System and compliance with all other terms of this Certification and Section 448.095, Fla. Stat., is an express condition of the Contract, and the County may treat a failure to comply as a material breach of the Contract.

3. By entering into the Contract, the Contractor becomes obligated to comply with the provisions of Section 448.095, Fla. Stat., "Employment Eligibility," as amended from time to time. This includes but is not limited to utilization of the E-Verify System to verify the work authorization status of all newly hired employees, and requiring all subcontractors to provide an affidavit attesting that the subcontractor does not employ, contract with, or subcontract with, an unauthorized alien. The Contractor shall maintain a copy of such affidavit for the duration of the Contract. Failure to comply will lead to termination of the Contract, or if a subcontractor knowingly violates the statute or Section 448.09(1), Fla. Stat., the subcontract must be terminated immediately. If the Contract is terminated pursuant to Section 448.095, Fla. Stat., such termination is not a breach of contract and may not be considered as such. Any challenge to termination under this provision must be filed in the Tenth Judicial Circuit Court of Florida no later than 20 calendar days after the date of termination. If the Contract is terminated for a violation of Section 448.095, Fla. Stat., by the Contractor, the Contractor may not be awarded a public contract for a period of 1 year after the date of termination. The Contractor shall be liable for any additional costs incurred by the County as a result of the termination of the Contract. Nothing in this Certification shall be construed to allow intentional discrimination of any class protected by law.

RFP 25-308, Roads & Drainage Construction Engineering and Inspection (CEI) Professional Services
Addendum #1(Continued)

Question 1: Can project examples required in Tab 3 include project experience of key staff prior to joining the submitting firm?

Answer 1: No. The projects to be identified are to be projects that have been performed by the Proposer submitting a Proposal.

Tab 3 Experience, Expertise, Personnel and Technical Resources (35 points) States:

Provide a minimum of three (3) and a maximum of five (5) recent projects performed within the past ten (10) years **as the prime firm** performing the CEI services for road infrastructure projects where the construction costs are under $7.0 million. (Limit response to one (1) page per project)

- For each project please provide:
    a) Name and location of the project;
    b) Size and cost of the project;
    c) Project representative name, address, phone number, and email address
    d) Start date, date project was completed or is anticipated to be completed; compare to the original date.
    e) The nature of the firm's responsibility on the project;
    f) Identify the key staff and their role in each project;
    g) Identify working relationship of consultants or joint venture on project, if applicable;
    h) Provide the original budget and the final budget of the project. Explain the reason(s) for differences, such as owner requested change, contractor claim, and insufficient plans and specifications.
    i) List of any time extensions created by item h above.

- Provide an organizational chart of the team highlighting the key individuals who will work on this contract.
- The key staff presented in the consultant's response shall be the staff utilized on this contract. Please provide the resumes of the key staff including, but not limited to, the items in the list below (One (1) page maximum per resume):
    a) Name and current position held by the person
    b) Name, title and project assignment
    c) Experience:
        1) Types of projects.
        2) Size of projects (dollar value of project).
        3) What were their specific project involvements?
- Demonstrate each key staff's availability and office and home location to respond to the needs of the project (Two (2) pages maximum for all key staff member)
- Identify any sub-consultants to be used, if any. For each sub consultant identified please provide:
    - Name of sub-consultant.
    - Address

- Their locations that can be utilized to expedite a deliverable if required.
- A brief description of their experience outlining their qualifications to perform the intended services
- A brief resume for each key personnel that will be assigned to perform the intended services

Question 2: Can project examples required in Tab 3 include project experience from subconsultants?

Answer 2: No, please see answer to question number 1 above.

Question 3: RFP 25-308, Roads/Drainage CEI and wish to clarify the County's instructions for Tab 7 – Staff Availability for Work Assignments (RFP Pg 12) which states "Limit response to two (1) pages maximum." Since pages is plural it appears the intent is for two pages, but there is a conflict so should the number 1 be the number 2, as in (2) pages maximum?

Answer 3: That is correct. The statement on page 12, Tab 7, should read as follows:

Tab 7 – Staff Availability for Work Assignments (5 Points)

- **Describe the firms' current and future projected workload. Describe specifically the ability of the firm to provide staff for project assignments as needed. (Limit response to two (2) pages maximum)**

Bartow, FL 33830

Re: RFP #25-308, Roads & Drainage Construction Engineering & Inspection (CEI) Professional Services

Eisman & Russo, Inc. (E&R) is pleased to present our qualifications to provide **CEI Services under a Master Consulting Agreement** to assist bringing to completion projects in Polk County's Roads & Drainage work program and support the construction, operation, and maintenance of the County's roadway network. The E&R team includes subconsultants 3G Engineering & Consulting Services (DBE); Elipsis Engineering and Consulting (DBE), MTN Resources (DBE); Roberts Consulting Group (DBE); Nova Engineering and Environmental; Patel, Greene & Associates (DBE); Foundation & Geotechnical Engineering (SBE); and MSC Environmental Services.

E&R is a Florida headquartered company with multiple offices throughout the state including Local Offices in Polk County consistently for nearly seven years, growing our South Florida presence alongside the communities we serve. E&R is prequalified by FDOT for CEI services, and our project team possesses all the qualifications and experience required by Polk County for CEI services. In the past fifteen years, E&R has performed CEI for over $2.6 billion in construction projects for FDOT and municipalities in Florida.

Our team's experience ranges from providing CEI services on projects from $2 million in construction costs to over $500 million and many **Task Work Order (TWO)** based projects ranging from $50,000 to $5 million. We serve as a catalyst to the construction process and utilize the "Engineering" in CEI. Our proposed staff have extensive experience in all of the services identified in RFP #25-308. Our team will provide the following benefits to Polk County for a **TWO-type contract**:

- Local team with a local office and the ability for immediate responsiveness to your needs.
- Familiar with the County's processes and procedures having worked in and for the County for many years.
- **Project team is lead by Lakeland Resident Dan Foss, PE** with 38 years of experience including positions with FDOT, FHWA and as a consultant
- **E&R is your Local CEI Team – *Almost all E&R CEI staff live in Polk County.***
- Dan Foss and our Project Administrators are very familiar with TWO contracts and their often times need for rapid response, adaptable staff, and ability to successfully perform short-term assignments.
- Our CEI inspection staff are experienced in working as in-house/embedded staff for ongoing support.
- Proposed Senior Project Engineer and team have successfully completed many projects in Polk County:
  - ✓ SR 60 from CR 555 to Broadway Ave and E Van Fleet Rd to Peace River in Bartow, 2.3 miles of construction (Scheduled completion is July 2025), $7M
  - ✓ US 17 from 9th St NW to Oak Hammock Loop (Ft. Meade to Bartow), 7.5 miles of mill and resurface and widening, new signals, $12.8 M (Scheduled completion in January 2026)
  - ✓ SR 542 from Buckeye Loop Rd to US 27, 3.7 miles widening 2 to 4 lanes, new alignment, and $4.1M UWHCA for the City of Winter Haven and Town of Dundee, $46.1M
  - ✓ US 27 at SR 60 Interchange reconstruction and widening, new alignment, new configuration, 10 utilities with significant relocations, $44.7M
  - ✓ SR 542 from 1st Street to Buckeye Loop Road, 3 miles of widening to a 3-lane urban facility including UWHCA work for the City of Winter Haven
- All team members are CEI FDOT qualified and cross-trained.

In closing, below and in the final pages of Tab 1 – Executive Summary is Polk County additionally specifically requested information.

a) Eisman & Russo, Inc.

   dfoss@eismanrusso.com; 813-205-6135
b) Eisman & Russo, Inc. was established in 1985 (40 years in business)
c) 170 full time employees; 28 licensed Professional Engineers/Geologist
d) State of Florida Incorporation document in the following pages.
e) A screenshot of our firm's FBPR/Florida Professional Engineering license is in the following pages. We have also included a copy of our Florida Department of Transportation Prequalifications letter for the 2024-25 year.

We appreciate the opportunity to present our qualifications to Polk County and look forward to a favorable response that enables Eisman & Russo, Inc. to continue to serve the Polk County community.

Sincerely,
EISMAN & RUSSO, INC.

Dan Foss, PE
Senior Project Engineer/ Principal

State of Florida
Department of State

I certify from the records of this office that EISMAN & RUSSO, INC. is a corporation organized under the laws of the State of Florida, filed on November 18, 1985.

The document number of this corporation is H85663.

I further certify that said corporation has paid all fees due this office through December 31, 2025, that its most recent annual report/uniform business report was filed on January 21, 2025, and that its status is active.

I further certify that said corporation has not filed Articles of Dissolution.

Given under my hand and the Great Seal of the State of Florida at Tallahassee, the Capital, this the Twenty-first day of January, 2025

Secretary of State

Tracking Number: 1640831004CC

To authenticate this certificate,visit the following site,enter this number, and then follow the instructions displayed.

RON DESANTIS
GOVERNOR

Florida Department of Transportation
605 Suwannee Street
Tallahassee, FL 32399-0450

JARED W. PERDUE, P.E.
SECRETARY

June 19, 2024

Antonio Mahfoud, President/CEO
EISMAN & RUSSO, INC.
6455 Powers Avenue
Jacksonville, Florida 32217

Dear Mr. Mahfoud:

The Florida Department of Transportation has reviewed your application for prequalification package and determined that the data submitted is adequate to technically prequalify your firm for the following professional services types of work per Rule 14-75, F.A.C.:

3.1	Minor Highway Design
3.2	Major Highway Design
6.1	Traffic Engineering Studies
7.1	Signing, Pavement Marking and Channelization
7.3	Signalization
10.1	Roadway Construction Engineering Inspection
10.4	Minor Bridge & Miscellaneous Structures CEI
10.5.1	Major Bridge CEI - Concrete
10.5.2	Major Bridge CEI - Steel
10.5.3	Major Bridge CEI - Segmental

Your firm is now technically prequalified with the Department for Professional Services in the above referenced work types. The overhead audit has been accepted, and your firm may pursue projects in the referenced work types with fees of any dollar amount. This status shall be valid until June 30, 2025, for contracting purposes.

Approved Rates

Home Overhead	Field Overhead	Facilities Capital Cost of Money	Premium Overtime	Home Direct Expense	Field Direct Expense
147.45%	118.34%	1.097%	Reimbursed	2.00%	16.14%*

*Rent and utilities excluded from field office rate. These costs will be directly reimbursed on contracts that require the consultant to provide field office.

Per Title 23, U.S. Code 112, there are restrictions on sharing indirect cost rates. Refer to Code for additional information.

Should you have any questions, please feel free to contact me by email at carliayn.kell@dot.state.fl.us or by phone at 850-414-4597.

Sincerely,

Carliayn Kell
Professional Services
Qualification Administrator

March 20, 2025

POLK COUNTY, A POLITICAL SUBDIVISION OF THE STATE OF FLORIDA

ADDENDUM #1
RFP 25-308, Roads & Drainage Construction Engineering and Inspection (CEI) Professional Services

This addendum is issued to clarify, add to, revise and/or delete items of the RFP Documents for this work. This Addendum is a part of the RFP Documents and acknowledgment of its receipt should be noted on the Addendum.

Contained within this addendum: questions and answers

All references in the bid documents to Michael Guerrero and email michaelguerrero@polk-county.net are hereby replaced by Ken Brush and email kenbrush@polk-county.net.

Ken Brush
Procurement Contracts Manager

APPROACH TO PROJECT

Eisman & Russo's (E&R) philosophy is to work as an extension of Polk County staff and be a catalyst for the construction process for this **Master Consulting Agreement for CEI Professional Services / Task Work Order (CEI/TWO)** for CEI support services to assist in all aspects of construction program management and inspection helping to efficiently and timely bring to completion projects in the County's Roads & Drainage work program and support the construction, operation, and maintenance of the County's roadway network.

PROJECT UNDERSTANDING

This section addresses a general approach to potential tasks that may be identified by Polk County under **CEI/TWO** contract. The activities discussed herein demonstrate our CEI and related engineering disciplines as requested in the RFP.

The E&R team members are carefully selected local professionals, *almost all of whom live in Polk County*, are keenly aware of the engineering challenges facing Polk County staff: "do more with fewer resources" and "meet the growing needs of the County's taxpayers — *with a limited budget*". It is this experience, combined with our in-depth knowledge of the Polk County community needs that make E&R the ideal partner to provide **CEI/TWO** services in support of and as an extension of Polk County. E&R local staff have worked cooperatively with Polk County staff for over 20 years in supporting County projects; we have seen that the County's staff takes its mission and vision to heart. To that end, our team will ensure that the County's goals and objectives are met and exceeded.

GENERAL APPROACH

It is our understanding that CEI services under this contract will be based on a **Task Work Order (TWO)** approach. Our designated Senior Project Engineer and Project Administrators are very familiar with the TWO services contracts. Our extensive familiarity with this type of contract has led to the development of **E&R's streamlined processes** from the development of CEI scope of services to final construction certification. We are confident that this practical and proven process will successfully serve this contract as well.

Assignments under this contract may include CEI for management of construction projects, inspection services, and various support services for construction for roadways, maintenance and safety projects, minor bridge rehabilitation/culvert replacements, bike and pedestrian trails, drainage and stormwater, and miscellaneous small projects as requested by the County. In addition, we may be requested to provide in-house/embedded staff to work under the direct supervision of County staff or provide inspectors in a "hybrid" CEI team led by Polk County.

As reflected in our **Project Team Organizational Chart in Tab 3 (Page 13)**, we have allocated sufficient resources to handle any particular task and/or combination of the various tasks referenced in the scope of potential work, always ensuring that all anticipated schedules will be met without any delays. E&R will proactively coordinate with the County staff and obtain a potential list of projects with anticipated timelines for the various critical milestones to be met. Subsequently, we will develop specific action items for all critical milestone activities under each TWO.

THE E&R TEAM'S UNDERSTANDING OF POLK COUNTY NEEDS, EXPECTATIONS & OBJECTIVES

Having worked in and with Polk County staff for over 20 years and have developed an in-depth knowledge of your requirements. The E&R team will ensure the County's short-term and long-term goals and objectives are achieved by implementing the following strategies:

- Pull from the local team of experienced professionals able to start and tackle multiple construction projects immediately with "No Learning Curve" (Quality/Quantity)
- Spearhead the construction effort with minimum supervision from County staff
- Maintain communication of construction project events and issues to Polk County Project Manager while at the same time not over communicate issues that are expected to be managed by our staff. **We will always provide solutions to any issues.**
- Develop consistency of project delivery and tracking formats
- Create efficiency through resource sharing and workload leveling in CEI staffing (Best Value)
- Create construction dollar savings opportunities via timing and scheduling of the bidding process
- Provide constructability and bidability reviews of design plans and provide innovative cost and time saving ideas
- Proactively track utilities coordination and adherence to relocation schedules and locations to eliminate delay
- Maintain good environmental (Stormwater Pollution Prevention Plans), permit compliance and safety reports

- Use our extensive knowledge of FDOT and relationships with District 1 staff to facilitate success in coordination of Permits and Construction Agreements as well as compliance with DBE/EEO/OJT requirements through our highly knowledgeable and experienced Resident Compliance Specialist (RCS staff
- Support Polk County with plan reviews, coordination, and interaction with developers and others proposing projects
- Provide materials testing to ensure contract conformance and, when needed, effectively obtain corrective action
- Use expertise to efficiently and cost effectively address any hazardous materials assessment and remediation

APPROACH TO CEI SERVICES

We tailor our approach to CEI based on the specific needs of the County utilizing local, flexible and talented staffing resources; small, central administrative staff familiar with the County's internal processes and procedures; and the ability to provide assistance on multiple tasks as included in the Scope of Services. Our ability to convert a TWO into an effective work plan has seen much success historically. We review our standard work plan, then modify or emphasize particular work elements, customizing it for each specific TWO.

Preconstruction – Immediately upon contract selection, the E&R team begins proper planning to identify specific activities that must take place prior to bidding and construction commencement including:

- Constructability Review – We conduct an in-depth constructability review. More than just a plans review, we study the plans to make certain that the project is constructible as designed and develop value added alternatives. We identify issues, omissions and completeness of documents and we coordinate our review comments with the EOR thus avoiding extra costs or time during construction.
- MOT and Safety Review – We review phasing to ensure it is well defined and provides well delineated routes for motorists, bicyclists, and pedestrians. Minimizing travel delays and increasing safety is our goal.
- Bidability Review – We review plans, specifications, pay items, and quantities to ensure they are cohesive and comprehensive
- Bid Tabulations – We review contractor bids to ensure they are complete and evaluate unit prices outside the norm of what it should cost to determine if the unbalancing is significant (materially unbalanced) which could lead to a higher overall project cost.
- Pre-CQC Meeting – We conduct a Contractor Quality Control (CQC) preconstruction meeting with representatives from the County, the verification testing laboratory and the CQC team. This meeting will review CQC specifications, outline testing procedures, establish operational procedures, review responsibilities, exchange all contact information and resolve any questions.
- Communication - We establish and maintain a thorough program reaching out to all stakeholders from task start to finish.
- Partnering - The E&R team is committed to the principles and objectives of partnering in improving communications, increasing trust, managing project goals and expediting decision-making time. We do formal and informal partnering.
- Permits – Our deep connections with FDOT Permitting allows us to facilitate resolution and expedite permit issuance then ensure construction meets expectations for smooth close-out. We are also very experienced in Resource Agency Permitting. We ensure that proper permits and provisions are included in the bid documents.
- Preconstruction Meeting –We conduct a preconstruction conference involving the County staff, contractors, utilities, and all other interested parties. During this meeting, our team and the contractor will establish a framework for handling and resolving issues. Subsequent, area focused, meetings are scheduled with utilities, as well as any other affected stakeholders.
- Utility Coordination – During design we help refine utility relocation needs and schedules to provide the most beneficial UWS for the project. When "prior to construction" relocations are needed we monitor progress, inspect installations to ensure correct locations, address conflicts, and ensure timely completion. Preconstruction we contact all utility owners and coordinate information sharing meetings with the contractor including site visits to identify early any conflicts and begin immediately to resolve them. Relocation of utilities in a timely manner is critical to meeting the County's schedule and not causing the contractor delays.
- Public Involvement – We develop a contact list of the business owners and residents along the corridor for each project. We work to maintain a responsive, effective and positive public information program. We will present a positive public image through coordination with and support for Polk County's Project Manager. We strive for our projects to be "good neighbors."
- Adjacent, Active & Anticipated Projects – We identify adjacent and anticipated state or private projects and establish the proper level of communication to coordinate and identify conflicting activities.

Immediately after construction contract award, we interact with the contractor and make preparations for the start of construction. These activities include:

- Informal meetings with the contractor about early submittals for long lead-time procurement or early works, preliminary work schedule, and potential design concerns. We expedite shop drawing reviews with the EOR and RFI(s), if necessary.
- Coordinate with Polk County regarding innovative ideas, Cost Savings Initiatives, and Alternative TTCPs to save costs and time.
- Fifteen days prior to project start we set up office files and computer logs, set up field books, establish material testing protocols, conduct pre-work meetings (Preconstruction Conference, Pre-Utility Meetings, etc.)

Construction – When construction begins, the E&R team performs all required CEI duties including but not limited to:

- Safety – Safety is priority number one on every project whether large or small. We work with the contractor and review safety measures for trucks and equipment entering the work zone. We perform daily safety review checklists to include job-site protection and report hazardous conditions to the contractor for immediate correction. Additionally, we request soil tracking devices to avoid tracking material onto adjacent county streets. Our team monitors material storage to ensure it is protected and prevent it from becoming a safety concern.
- Maintenance of Traffic (MOT) Inspection – We perform periodic inspection of the MOT particularly prior to and immediately after any traffic shift to ensure it is operating as expected. Deficiencies are reported immediately to the contractor for correction.
- Inspection of Contractor's Work – Inspectors review the plans, specifications, and standards to ensure that all construction complies with the contract documents. All activities are properly documented on a Daily Report of Construction, and all work items are documented in the appropriate field books, plans, computation book, and log sheets. Any deficient work is discussed with the contractor for immediate correction or, when necessary, quickly elevated to appropriate management levels so no delay results.
- Survey Control – E&R inspection staff has the capability to use Rovers for survey to gain efficiency when the contractor is using machine guidance, for accuracy of quantities like subsoil excavation, and to verify work so if necessary there can be immediate corrective action.
- Contractor Quality Control (CQC) – Our CTQP personnel are well-versed in the CQC specifications. We initiate effective support of the contractor's QC efforts. Our staff works closely with contractor personnel to assist in issues of clarification, training, reporting procedures and/or analysis. Verification Testing will be provided by RCS or Nova Engineering. Monthly reviews are made of all CQC records to confirm that the appropriate testing and required controls are being performed and documented.
- Contract Compliance – Our team of qualified RCS professionals will monitor the Contractor's operations to ensure compliance with DBE, EEO, and OJT requirements and record keeping to maintain eligibility for federal funding and meet LAP certification.
- Environmental Monitoring – Inspectors monitor contractor compliance with permit conditions for wetlands, protected species, water discharge, erosion control, and others. We monitor erosion control practices daily including frequent turbidity monitoring our in-house digital equipment and environmental training to ensure that the contractor flags impacted areas and prevent illicit impacts to adjacent wetlands, assuring all water quality measures are at or below permit requirements. The con- tractor will be informed of any deficiencies and will be advised to correct them immediately.
- Pay Item Quantities – Pay items are measured daily and discrepancies reconciled before each monthly estimate.
- Contract Administration – Our SPE and PA conduct weekly progress meetings involving contractors, utility owners and County staff to, identify issues, provide resolutions, document compliance, coordinate upcoming public notification/interaction needs, and address upcoming work and inspection needs. We resolve problems that arise in the field, manage changed field conditions and respond to any claims that the contractor may submit. We are proactive and avoid claims by looking ahead and identifying potential conflicts before they impact the contractor's schedule.
- Critical Path Method (CPM) – We collaborate with the contractor in CPM development ensuring it includes: critical procurement times; all permit conditions; UWSs correctly tied to project phasing; appropriate schedule logic; and reasonable activity durations. Critical Path and upcoming milestones are tracked and discussed at each progress meeting with recovery plans if behind. Each monthly CPM Update is evaluated for claims potential. CPM is evaluated for and coordinated with the contractor for necessary revisions.

Post-Construction – After construction is complete, we perform all necessary closeout activities, deliver the final estimate package, coordinate with maintenance, and provide all other project deliverables within the required timeframes. We also commit to being available to resolve ongoing disputes that may extend beyond the construction contract and bring them to resolution.

- Final Estimates – After final acceptance, we deliver a precise and accurate final estimate to the County. Any discrepancies are reconciled with the contractor prior to submittal of the final estimate package.

Documentation – The E&R team provides thorough and accurate documentation on all construction projects. We have developed programs, forms, and procedures to maintain a detailed account of project events. Below is a partial list of the documentation we maintain:

- Engineer's Weekly Summary of Events – Provided weekly to the County to disclose activities, time and project status. Controlling Item of Work Plan – Submitted by contractor and reviewed by the Project Administrator.
- Daily MOT Inspection Report – Reviewed for completeness and accuracy.
- Daily Safety Report – Reviewed for completeness and accuracy.
- Daily Report of Construction – Daily events, activities, pay items and quantities, work effort, and all other pertinent information.
- Correspondence Logs – Correspondence is scanned, organized and logged for easy retrieval.
- Submittals Control Log – Shop drawings are tracked from initial submittal to final approval.
- Issues Log – A log of all project issues which tracks issues, time outstanding, and the "ball in court" responsible for action with due date, and final resolution date including comments regarding resolution.
- RFI Log – Like the Issues Log, it tracks the length of time an issue is outstanding and the person responsible for each issue.
- Photographs & Video – A digital media log is maintained to document job progress or unique issues. Pictures and videos are taken at regular intervals before and during construction.
- Engineer's Cost Estimate – Provides detail for costs associated with extra or unforeseen work.
- Field Books – Tracks and identifies where items were installed and the quantities.
- Daily Striping Log – Tracks where and when striping is placed.
- Density Log Books – Ensure compaction is performed in accordance with Specifications
- Time File - Tracks contract days, time extensions, weather days, etc.

APPROACHES TO SCENARIOS IN THE RFP

Approach to staffing each type of project assigned to us – We will assign a management and inspection team that is "right-sized" for the project and tailored to the project needs. Because our staff is local and cross-trained we can assign consistent, part-time management for smaller projects and use inspection staff that are qualified for work items on the project. We have multiple staff with experience on more technical aspects like signals, interconnect (ITS), and drilled shafts that will be assigned to signal projects. We also have very experienced structures staff in case there are needs for box culvert or bridge repairs. Our flexibility allows us to efficiently provide appropriate project teams for any project size, complexity, and schedule (even emergencies).

Experience and capabilities in dealing with customer complaints – We are committed to thorough public engagement prior to and during construction. We coordinate with local officials and stakeholders like business groups, homeowner associations, schools, trucking associations, etc. We walk projects before starting and meet adjacent residents and business owners so they know who to talk to about concerns. At every weekly progress meeting we discuss upcoming activities, driveway closures, and items that need to be discussed with property owners before they happen. We coordinate with the owner regarding the best times and methods for constructing their driveways. By doing all these things we avoid most complaints, but when they do arise we immediately review the issue, develop plans to resolve the complaint when possible, and always call the person complaining to let them know what we have done. For example, on a recent project we received a complaint that the pavement markings for a lane shift were not providing adequate guidance and vehicles were changing lanes incorrectly. We reviewed the situation and even though the pavement markings were consistent with the plans we recognized that the complaint was valid, so we directed the contractor to replace the skips in the transition with a solid white line and place RPMs at 5' centers through the transition. We called the person who identified the issue, told them what we were going to do, and thanked them for helping us significantly improve traffic flow and safety.

Describe our firm's experience in coordinating and facilitating utility relocations – We strive to provide utility relocation input as early as possible including during design if possible to help refine utility relocation needs and schedules to provide the most beneficial UWS for the project. When "prior to construction" relocations are needed we monitor progress, inspect installations to ensure correct locations, address conflicts, and ensure timely completion. Preconstruction we contact all utility owners and coordinate information sharing meetings with the contractor including site visits to identify early any conflicts and begin immediately to resolve them. During construction, when conflicts arise or unknown facilities are discovered, we work diligently to identify the owner and a resolution to minimize impacts.

Describe our firm's experience coordinating with the FDOT Permitting Office – Many of our staff have worked side-by-side with FDOT Permitting staff; we have managed permitting personnel, evaluated permits, and inspected permit compliance. Our long term, trusting relationships with FDOT permitting staff allows us to effectively coordinate permit issuance, issue resolution, and facilitate timely and satisfactory permit close-out.

EXPERIENCE, EXPERTISE, PERSONNEL & TECHNICAL RESOURCES

SIMILAR PROJECT EXPERIENCE

Eisman & Russo, Inc. (E&R) is extremely proud of our record of past professional accomplishments and experience in Construction Engineering & Inspection services. We have successfully completed hundreds of CEI projects for the FDOT and Florida municipalities from General Engineering Consultant (GEC)/Task Work Order (TWO) miscellaneous services to projects upwards of $500 million in construction value.

As an extension of Polk County staff, we understand that the requirements and goals of individual project assignments are as unique as the places they are located. To effectively meet the needs of the individual assignment, the team must have the resources and flexibility to readily respond to the varied and unique aspects of each assignment. With local and available CEI resources, the E&R team is fully focused on meeting the County's needs on this contract.

Our CEI culture is to take ownership of a project, be a catalyst for solutions, and exercise good professional judgment making decisions and keeping the project moving; **we are comfortable using the "Engineering" in CEI**. We embrace Partnering as critical to success and have a clear history of partnering and being a catalyst to the construction process which can be evidenced on past projects by our contractors achieving incentives, completing projects on time and on budget and having virtually no claims.

SR 60, FDOT DISTRICT 1, POLK COUNTY

Client: FDOT District 1 **(Performance Survey Completed in Tab 8)**
Reference: Jay Wolfe
Contact Information: 863.519.4126; Jay.Wolfe@dot.state.fl.us
Date: 12/2024 to Estimated completion 7/2025

Project Description: The project includes 2.3 miles of milling and resurfacing including an innovative high friction surface treatment. There are improvements to sidewalks, guardrail, drainage, bridge repairs, signing and pavement markings, lighting and signalization. This is a federally-funded project requiring EEO compliance for trainees, payroll, labor interviews, and DBE utilization.

Key Elements:

- Highly visible project adjacent to the FDOT District 1 Headquarters in Bartow requiring significant coordination averting issues and minimizing public concerns
- Coordination with CSX Railroad for compliance with railroad insurance requirements, emergency plan, means and methods approvals, and flaggers
- Closure and reconfiguration of FDOT District 1 driveway access to SR 60 requiring extensive coordination and outreach with District 1 Headquarters staff
- Use of high friction surface treatment and the required submittals, demonstration section, and documentation
- Working closely with Polk County Signals to maintain current signals and provide acceptable replacements as part of the project

Original Budget: $7 Million
Final Budget: To be determined
Reason for Discrepancy, if any: N/A
List of Time Extensions, if any: N/A

Proposed Key E&R Staff (Role):

- Dan Foss, PE, Sr. Project Engineer
- Ben Harris, Project Administrator
- Mike Huggins, CSS
- Taylor Harris, Sr. Inspector
- Jorge Rapozo, Sr. Inspector
- Tavion Williams, Inspector Aide

PERIWINKLE WAY BRIDGE OVER SHELL HARBOR CANAL ON SANIBEL ISLAND - EMERGENCY REPAIRS, FDOT DISTRICT 1, LEE COUNTY

Client: FDOT District 1 **(Performance Surveys Completed in Tab 8)**
Reference: Brian Blair, PE
Contact Information: 863.519.2300; Brian.Blair@dot.state.fl.us
Date: 10/2022 to 2/2023

Project Description: Bridge #126500 suffered a very significant scour event from Hurricane Ian. The approach slabs collapsed, seawalls lost panels and bottom support, slope pavement lost most panels, and sidewalks and utilities buried below the embankment were significantly damaged. Also, scour eroded the channel by 7' below the prior channel bottom. E&R staff oversaw damage assessment, development of repair plans and estimate, and provided CEI for repairs.

Key Elements:

- Highly accelerated pace of construction to restore vital access
- Extensive coordination with Local Officials, FDOT, FHWA, and Law Enforcement
- Innovation in methods and materials to adapt to limited resource and equipment availability and extremely tight work area especially restoring the channel bottom under the bridge with less than 5' clearance

Proposed Key E&R Staff (Role):

- Dan Foss, PE, Sr. Project Engineer
- Ben Harris, Project Administrator
- Marielena Gombar, CSS/RCS
- Jessica Woss, RCS

Original Budget: $2.8 Million; **Final Budget:** $2.8 Million
Reason for Discrepancy, if any: None
List of Time Extensions, if any: None

PINE ISLAND CAUSEWAY - EMERGENCY REPAIRS, FDOT DISTRICT 1, LEE COUNTY

Client: FDOT District 1 **(Performance Surveys Completed in Tab 8)**
Reference: Brian Blair, PE
Contact Information: 863.519.2300; Brian.Blair@dot.state.fl.us
Date: 9/2022 to 11/2022

Project Description: Pine Island Causeway and bridges sustained major damage from Hurricane Ian making it impassable, stranding survivors on the island and inhibiting search and rescue operations. E&R staff oversaw damage assessment, development of repair plans and estimate, and provided CEI for repairs. Damage assessment and emergency repairs began immediately after the storm passed and temporary access was restored within 3 days on a temporary riding surface which was then paved shortly after opening.

Key Elements:

- Restoration was critical because it was the only access to Pine Island
- **Restored temporary access in 3 days**
- Extensive coordination with Local Officials, FDOT, FHWA, and Law Enforcement
- Innovation in methods and materials to maximize speed of restoration and minimize delays/disruptions
- Innovative measures for EEO compliance to address dozens of independent truckers, many subcontractors, and 24-hour operations without impacting production

Proposed Key E&R Staff (Role):

- Dan Foss, PE; Sr. Project Engineer
- Ben Harris, Project Administrator
- Naomi Armstrong, Sr. Inspector
- Taylor Harris, Inspector
- Jorge Rapozo, Inspector

Original Budget: $5.5 Million; **Final Budget:** $5.5 Million
Reason for Discrepancy, if any: None; **List of Time Extensions, if any:** None

SUMTER COUNTY LOCAL AGENCY PROGRAM (LAP) PROJECTS GROUPING

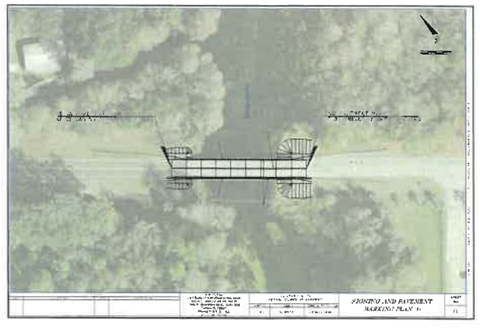
Client: Sumter County **(Performance Surveys Completed for two of this grouping are in Tab 8)**
Reference: Shailesh Patel,PE
Contact Information: c: 352.571.0043
Shailesh.Patel@sumtercountyfl.gov

Proposed Key E&R Staff (Role):
- Dan Foss, PE, QA/QC
- Ben Harris, Project Administrator

C-478 SAFETY IMPROVEMENTS
Date: 4/2020 to 10/2020

Project Description: E&R provided CEI for this Federally-funded LAP project that included approximately 1.1 miles of roadway safety improvements to mill & resurface, correct cross-slope, addition of 5-ft. paved shoulders (8-ft total shoulder), driveway reconstruction, regrade soil adjacent to roadway, thermoplastic striping, installing centerline and edge line profiled thermoplastic markings, and signing including new intersection warning, grade crossing advance warning, double-sided chevron alignment, and curve/speed advisory signs. Drainage improvements were limited to regrading roadside swales.

Original Budget: $785,165.23; **Final Budget:** $828,592
Reason for Discrepancy, if any: Plan error; EOR did not include mail boxes, Type B stabilization, Base Group 1, Milling & Paving for a shoulder.
List of Time Extensions, if any: 150-day project completed in 153 days due to weather

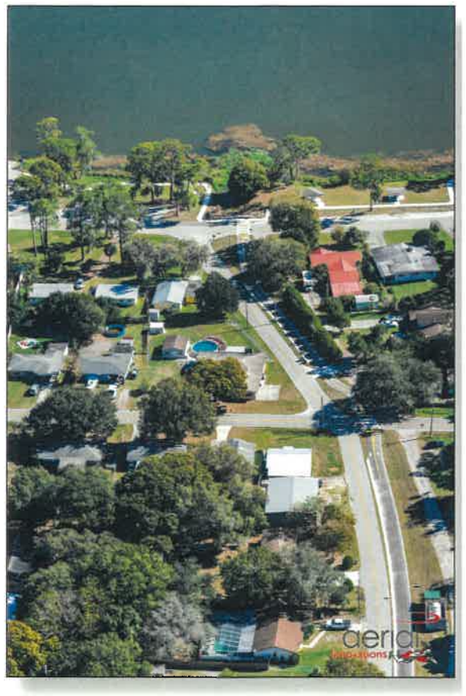


CR 470 SAFETY IMPROVEMENTS
Date: 4/2019 to 6/2019

The project consisted of improvements in two locations in a 3-mile length of CR 470; each section was approximately 1,200'. Improvements consisted of widening, drainage, swales, driveways, milling & resurfacing and final striping.

Original Budget: $411,770; **Final Budget:** $410,567. Successfully negotiated miter end section replacement while still coming in under budget.
Reason for Discrepancy, if any: Early Completion
List of Time Extensions, if any: 90-day project completed in 81 days

CR 575 SAFETY IMPROVEMENTS
Date: 11/2018 to 1/2019



The project consisted of adding paved shoulders, improving drainage at driveways, sodding signing & pavement markings and final surface (thermoplastic) striping. Also, the project included relocating Gopher Tortoise from the vicinity of the project to an offsite protected location.

Original Budget: $355,585; **Final Budget:** $333,513
Reason for Discrepancy, if any: Exceptional CEI
List of Time Extensions, if any: 80-day project completed in 94 days due to weather and holidays

INWOOD MULTI-USE PATH PROJECT, POLK COUNTY AVENUE S NW TO WEST OF LAKE CANNON DRIVE

Client: Polk County
Reference: William Lorenzo, PE
Contact Information: 863.535.2286, WilliamLorenzo@polk-county.net
Date: 6/2021 to 2/2022

Project Description: E&R provided CEI services for this FDOT Local Agency Program (LAP) funded multi-use path project that included 0.94 miles of 10' wide asphalt and 0.40 miles of 5' wide concrete sidewalk, ADA upgrades, drainage improvements, signing & pavement markings, and installation of two solar-powered flashing beacons.

CEI services included not only the traditional CEI services but also those required elements of federal-aid-projects including 1273 Compliance, DBE/EEO Compliance (Title VII), Affirmative Action, On-the-Job Training, Wage Rate Compliance, "Buy American", and DOL Employee Verification.

Key Elements:

- Public Involvement
- Resident Compliance Specialist
- Public Safety Improvements
- Environmental Inspection & Compliance with Permit Documents
- Materials Testing
- Quality Control Plans

Original Budget: $1.19 Million; **Final Budget:** $1.05 Million
Reason for Discrepancy, if any: Contingency funds not used
List of Time Extensions, if any: 3 days (added for weather)

Proposed Key E&R Staff (Role):

- Dan Foss, PE, QA/QC
- Ben Harris, QA/QC

Subconsultants:

- Madrid Engineering
- Aerial Innovations, Inc.

QUALIFICATIONS & EXPERIENCE

Eisman & Russo, Inc. (E&R) is an engineering firm with extensive resources well-equipped to oversee all phases of project construction — from conceptual planning and engineering design to pre-construction, construction and post-construction services. A Florida-headquartered firm, E&R was founded in 1985 with a commitment to delivering high-quality planning, engineering design and construction management services tailored to the needs of the markets we serve. E&R has developed a strong local presence in Polk County, **with dedicated local staff readily available to support County projects**. We have forged solid business relationships and partnerships with state, regional and local agencies, utility authorities and regulatory and environmental agencies, earning an unparalleled reputation for delivering on our promises while exceeding client expectations.

The E&R team possesses all the qualifications and experience required by Polk County for the **CEI Professional Services** contract for Roads & Drainage Construction Engineering & Inspection (CEI) Professional Services listed in RFP 25-308. Eisman & Russo is licensed by the State of Florida to perform engineering services and we are prequalified by the FDOT to provide services, specifically as required by Polk County in the types of services identified in the RFP. E&R currently has 13 offices in the state of Florida with over 170 full time employees and 28 licensed Professional Engineers. Our Southwest Florida CEI team of 25 employees includes 3 Professional Engineers, 1 Professional Geologist, supported by Project Administrators, Contract Support Specialists, Resident Compliance Specialists, and an Inspection staff of Utility Coordinators, Senior Inspectors, Inspectors and Inspector Aides.

E&R has extensive experience in environmental permitting, asset management, utilities and stormwater systems, US Army Corps of Engineers (USACE) dredge/fill permits and jurisdictional determinations, FDEP water and sewer permits and certifications, and Southwest Florida Water Management District (SWFWMD) permits.

STAFF EXPERTISE

Our team is led by **Lakeland Resident Dan Foss, PE, Senior Project Engineer** who has completed multiple projects in and around Polk County. Dan has 38 years of experience that includes positions with the FDOT and FHWA and as a consultant with responsibilities for planning and environment, design, quality initiatives, and construction engineering and inspection (CEI) as well as construction management.

The E&R team members have all of the required technical education and training to perform Construction Engineering & Inspection (CEI) services for Polk County. Our staff is qualified in asphalt paving, concrete paving, earthwork, stormwater, maintenance of traffic, pile driving and drilled shafts as demonstrated in the CTQP/Training Matrix on the previous page.

Resumes including project experience and credentials of key team members are in the final pages of this section.

KEY STAFF AVAILABILITY

Almost all proposed **E&R staff reside in Polk County**, ensuring their ready availability to provide prompt and efficient services. Their close proximity allows for quick response times, enhanced familiarity with local conditions, and a strong commitment to the community's needs. This local presence enables us to deliver reliable CEI support with no delays. Staff availability (office & home location) is further discussed in *Tab 7: Staff Availability for Work Assignments*.

OFFICE LOCATION

E&R has had a steady presence in Polk County for nearly seven years. Our office location is 301 S. Woodlawn Ave in the City of Bartow with 15 full-time CEI staff.

In business for nine years, **3G Engineering & Consulting Services** provides Construction Engineering & Inspection Services, has 15 employees, and has one office in Orlando. 3G Engineering is a DBE firm.

Specializing in CEI and construction materials testing, **Elipsis Engineering and Consulting**, has been in business for over 15 years, providing CEI and Materials Testing services to clients from various industries, including government, private, and non-profit sectors. Elipsis has offices in Lakeland and Winter Garden and is a DBE firm.

MTN Resources has been doing business with the FDOT and engineering community for more than 15 years providing Contract Support Services, Contract Compliance (EEO, OJT, Federal Wage Rate, etc.), and other administrative services. MTN provides services throughout the state with multiple locations. MTN is a DBE firm.

Roberts Consulting Services is a full-service engineering firm specializing in Construction Materials Testing, Construction Engineering and Inspection (CEI), and QA/QC services. RCS was founded in 2013, is located in Winter Haven and is a DBE firm.

Nova Engineering and Environmental was established in 1996. NOVA has a broad range of services that includes Geotechnical Engineering, Environmental Consulting, Construction Materials Testing and Special Inspection (CMT/SI), as well as Facilities Consulting and Forensic/Structural Engineering (Hazardous Materials Investigation & Testing). Nova has 19 locations with 3 to serve Polk County: two in Tampa and one in Altamonte Springs.

PGA provides comprehensive transportation engineering design including facilities preservation. PGA's Facilities Preservation group offers a wide range of services, including bridge structures, high performance coatings on concrete, and building envelope consulting. PGA is pre-qualified with the FDOT and is a DBE firm. PGA has seven offices including Bartow.

Foundation & Geotechnical Engineering is a certified SBE firm providing foundation engineering and testing services for design and construction of foundations. FGE specializes in deep foundation design and testing, capacity enhancement, rehabilitation/remediation, QA/VT, as well as geotechnical engineering and testing services. FGE is located in Plant City, FL.

MSC Environmental Services was established in 2007. MSC provides environmental support for CEI teams located in FDOT Districts 1 and 3. Services include protected species surveys, environmental resource and water use permitting, and environmental due diligence. MSC provides field research and inspection services on site from their Nokomis, FL headquarters.

Mr. Foss has 38 years of experience having served in positions within the Federal Highway Administration (FHWA), Florida Department of Transportation (FDOT), and as a consultant with responsibilities for planning and environment, design, quality initiatives, and construction engineering and inspection (CEI) as well as construction management resulting in a broad range of experience including design of major roadway expansions, design of new alignment toll road, planning and construction of Intelligent Transportation Systems (ITS), construction contract development, CEI, **General Engineering Consultant (GEC) management**, and significant experience with alternative delivery methods including CM @ Risk, D-B and Public Private Partnerships.

Project Experience

SR 60 from CR 555 to Broadway Ave and from E Van Fleet Rd to Peace River Overflow Bridges, District 1, Polk County. Senior Project Engineer. E&R is providing CEI services for 2.3 miles of milling and resurfacing, high friction surface treatment, sidewalk, guardrail, drainage, bridge repairs, lighting and signalization. The project is high profile and requires significant coordination because it is adjacent to the District 1 Headquarters in Bartow and includes reconfiguration of one of the entrances to the District Office. 12/2024 to Est. Completion: 7/2025. Est. Construction cost: $7M. (Reference: Jay Wolfe, 863-519-4126)

Emergency/Permanent Repairs of Hurricane Ian Damage, District 1, Lee County. Program Manager/SPE. Provided support for District 1 Hurricane Ian recovery contracting including support for scope and RFP development, procurement, and issuing TWOs, and field oversight of construction on 5 Hurricane Recovery Contracts: 1) **Sanibel Causeway Emergency/ Permanent Repairs**, **Phased Design-Build** (H1I17), repairs to three bridges and two causeways to restore access to Sanibel Island **completed in 15 days**. Permanent D-B work includes repairs to bridges and causeways including additional resiliency measures. FM No. 4519361G290. D-B Cost: $80M, 9/2022 to 12/2023; 2) **Sanibel Causeway Emergency/ Permanent Repairs**, **Phased Design-Build** (H1I13), approach roadway and drainage repairs including resiliency measures. FM No. 4519361G201. D-B Cost: $25M, 9/2022 to 12/2023; 3) **Pine Island Causeway Temporary Repairs** (H1I11 TWO #01), repairs of roadway and bridge approaches **restoring access to traffic in 3 days.** FM No. 4519371G201. Cost: $5.5M, 9/2022 to 11/2022; 4) **Periwinkle Way Temporary Repairs** (H1I11 TWO #06), repairs of roadway and bridge approaches FM No. 4519371G201. Cost: $2.8M, 10/2022 to 2/2023; and 5) **Pine Island Causeway Permanent Repairs**, **Phased Design-Build**, restoring causeway, drainage, and abutments to Little Pine Island Bridge including additional resiliency measures. FM No. 45193725201. D-B Cost: $12M. 11/2022 to Est. Completion 12/2024. (References: Jon Sands, PE, 863.519.2223 and Kayla Sapp, PE, 863.519.2300)

US 27 at SR 60, FDOT District 1, Polk County. Senior Project Engineer. E&R provided CEI services for the replacement of the US 27/SR 60 interchange with a Single Point Urban Interchange, widening over a mile of both US 27 and SR 60 to 6-lanes with 7' buffered bike lanes, sidewalks and closed drainage systems. US 27 pavement is a 9" plain concrete on 4" of Asphalt Base; two new ramps are 8.5" plain concret)e pavement. SR 60 asphalt widening and mill & resurface with overbuild and shifted about 50' north across US 27. Project additionally included replacement of the SR 60 bridge over US 27 with a 264', single span, weathering steel bridge as well as 16 walls of varying types including temporary and permanent Sheet Pile, Wire Reinforcement Walls, Retaining Walls, Noise Wall and MSE Walls, full roadway lighting, new signals, two new ponds with impermeable liners, and frontage roads/realignment of local roads. FM No. 41924345201. Construction Cost: $44.2M. 7/2020 to 4/2024. (Reference: Stacy Hill, 863.471.4852

Ms. Vickers has 19 years of experience on various construction projects that have included the construction of interstate widening and interchange reconstruction, concrete pavement, placement and relocation of underground drainage, water, sewer, utilities, UWHCA, asphalt placement, drilled shafts, pile driving, bridge work, Schnabel Wall, barrier wall, street lighting, signalization, ITS and speed and fog detectors. She has additionally served as Contract Support Specialist and Assistant Project Administrator. Duties have included performing concrete testing and inspection services, environmental monitoring and tracking and reporting of project progress and project issues as well as assembling final estimate packages.

Project Experience

SR 35 (US 17) from 9th Street NW to N of Oak Hammock Loop, District 1, Polk County. Senior Project Engineer. This 7.5 mile milling and resurfacing project includes widening for inside shoulders, keyhole bike lanes and turn lanes, and overbuild to correct cross slope. The project also provides signalization upgrades, sidewalk replacement, bus boarding and alignment pads, and median reconstruction. 1/2025 to Est. completion 1/2026. Est Construction Cost: $16.1 Million (Reference: Jay Wolfe, 863-519-4126)

SR 25 (US 27) from N of SR 540 to N of Kokomo Rd, Design-Build, District 1, Polk County. Senior Project Engineer. E&R provided CEI services for this Design-Build project that included milling and resurfacing approximately 5.4 miles of SR 25 (US 27), intersection widening and adding a new traffic signal at CR 546 (Kokomo Rd), stormwater facilities, signing and pavement marketing, lighting, and reconstruction of shoulders and sidewalk. 10/2022 to 11/2024. Construction Cost: $24M. (Reference: Tracy Padula, 863.519.4110)

SR 542 from Buckeye Loop Rd. to US 27, District 1, Polk County. Project Administrator. E&R provided CEI services for the widening of SR 542 from 2 to 4 lanes with closed drainage, bike lanes and sidewalks. The project included the replacement of two bridge box culverts, provides 4000' of new alignment, full roadway lighting with 157 poles, new/replaced signals, ITS and multiple types of walls both temporary and permanent including anchored, cantilever, MSE, gravity and a noise wall. Ten ponds were constructed, and 6 utilities had relocation work during construction including UWHCA work for two local agency utilities for installation/replacement of water lines, sewer lines and reuse lines. FM No. 41066635201. Construction Cost: $46.1M, 8/2020 to 4/2023. (Reference: Jay Wolfe, 863.519.4126)

SR 542 from 1st Street to Buckeye Loop Road, FDOT District 1, Polk County. Project Administrator. Eisman & Russo provided CEI for this 2.4 mile project to reconstruct to a 3-lane urban section with new curb & gutter, closed drainage, sidewalks and bike lanes. The eastern and western ends were widened with black base and the existing roadway milled & resurfaced with cross slope correction. The midsection (1.3 mile) was reconstructed, widened, realigned and grade raised. The project included a UWHCA with the City of Winter Haven to install new, remove existing water and sewer lines utilizing significant directional drilling. The corridor is heavily traveled by vehicle, pedestrian and bicyclist in a constrained right-of-way with many businesses, medical facilities, schools, and residences. ***The project received a 2021 ACEC-FL / FDOT Outstanding Project Award (Roadway).*** FM No. 41066625201. Construction Cost: $19.6M. 10/2018 to 12/2020. (Reference: Jay Wolfe, 863.519.4126)

SR 25 (US 27) and SR 471 (Group 161), FDOT District 5, Lake County. Project Administrator. E&R provided CEI services on two projects (Group 161). The projects were constructed simultaneously and included milling and resurfacing, and on US 27 widening, drainage, driveway, guardrail and side road work. Construction Cost: $13M. 8/2017 to 12/2018. (Reference: Karen Madrid, 352.326.7736)

Prior to joining Eisman & Russo in 2019, Mr. Sadler served for over thirty years with the Florida Department of Transportation (FDOT) in various positions in its Construction Program including Project Engineer/Manager, Resident Engineer, State Construction Engineer, and Director, Office of Construction. Through these positions, he has been involved with direct field engineering and inspection of projects, troubleshooting and claims resolutions, disputes resolution process, contract defaults and other administrative actions, contractor and consultant pre-qualifications and contract evaluations, contract specifications and Design Standards development, statewide quality assurance programs, alternative contracting methods procedures and specifications including Design-Build, CM@Risk, A+B, Lane Rentals, Public Private Partnerships.

Project Experience

East-West Rail Project, Non-Stop Cocoa to Orlando, Brevard and Orange Counties. Senior Project Engineer. E&R provided quality control services for the contractor, Granite Construction, to ensure the rail project is constructed according to contract requirements. The 1095-day, $585M construction project received Notice-to-Proceed June 2019 and is **a 35.5-mile new railroad that consists of 6 double-track and 12 single-track bridges as well as 3 double-track underpasses under existing roadways.** The project has over 5.6 million cubic yards of embankment and over 1 million square feet of MSE walls. It includes approximately 40,000 LF of drainage pipe installation as well as excavation of several retention ponds, including a nearly 100-acre retention pond adjacent to the railway. The railway crosses many existing roadways including I-95 in Brevard County and connects to a Vehicle Maintenance Facility (VMF) at the west end near Orlando International Airport. Construction Cost: $585M. 6/2019 to 8/2024. (Reference: David Ballard, Granite Construction, 919.730.6271)

Director, Office of Construction (8/2008 to 1/2019), in addition to leading his staff in their duties and assignment, FDOT let over 4100 construction projects totaling more than $29B. Mr. Sadler was involved directly with the following notable projects:

Flagler Memorial Bridge D4 – Issues were with the settlement of the existing piers during installation of new drilled shaft foundations, cracking of first-of-its-kind arched prestressed beams, operations of the bascule gears and lift span performance, and periodic reviews.

I-4/Crosstown Connector D7 – Issues were with foundations, pier column section designs, cracking in precast superstructure segments, railroad flagger coordination, claims resolution, periodic project reviews.

I-595 Expressway P3 D4 – Involved with project start up issues, contract interpretations, MOT phasing, workmanship issues, claims resolution, and periodic project reviews.

SR 826/SR 836 DBF D6 – Involved in MOT phasing, drainage installation, Precast yard issues, periodic project reviews.

I-4 Ultimate P3 D5 – Involved in drilled shaft foundation claim issues, workmanship/design related issues, MOT phasing, periodic project reviews.

Led Statewide Quality Assurance Program with a staff of 27 providing reviews for all critical aspects of construction, monitoring performance and addressing changes needed to ensure contract compliance. During this timeframe, Mr. Sadler was also in charge of the FDOT's Contract Administration Office and its staff of 11 that was charged with contractor prequalifications and central office lettings.

During the 10 years as Director, there were countless issues brought to Mr. Sadler for his input, guidance, and direction.

Eisman & Russo CONSULTING ENGINEERS

John A. Barker, Jr., PE, PG
Principal Engineer/ Geotechnical Engineer

AREA OF EXPERTISE
FDOT Materials and Geotechnical Engineering

YEARS OF EXPERIENCE
39 Years
20 Years as Geotechnical Engineering Consultant
12 Years FDOT/Turnpike Materials Engineer

EDUCATION
Bachelor of Sciences (BS) Civil Engineering, University of Florida, 1985
BS, Geology, University of Florida, 1985

PROFESSIONAL REGISTRATION
Professional Engineer, Florida No. 42465, 2/22/1990
Professional Geologist, Florida No. 1210, 2/26/1991

TIN: B62646161

Mr. Barker has 39 years of geotechnical engineering and construction materials testing experience, including managing a branch office for a geotechnical and materials consultant. He also has five years of project management experience (geotechnical, pavement design, and environmental) with a major design consultant and served for 12 years with the Florida Department of Transportation (FDOT).

He has a thorough understanding of FDOT's geotechnical and materials testing requirements and strong relationships with the FDOT State Materials Office and each District Materials and Research office. While working at FDOT, he led development of several processes including Contractor Quality Control, Independent Assurance (IA), District Project Certification, and Materials Model. Since working for a private consultant, he developed 2 Developmental Specifications at the request of the FDOT State Materials Office.

His ability to communicate with staff is demonstrated by receiving the FDOT Role Model of the Year and Leader of the Year awards. His ability to effectively communicate with FDOT is further demonstrated by being selected on **26** FDOT contracts as prime consultant. His ability to effectively communicate with Design Consultants, CEI Consultants, and Contractors is demonstrated by being selected on **27** design/build projects and by Contractors on over **100** FDOT CQC contracts.

Since 2004 Mr. Barker has held the position of Senior Vice President and Director of Transportation Services and Major Projects for the largest geotechnical and materials testing consultant in Florida. During the past 15 years, he has led the geotechnical and CQC teams on **27** successful teams on FDOT design/build projects with an aggregate construction cost of over **$5B**. He has proven his communication skills and ability to manage concurrent assignments by managing **7** concurrent design/build projects with an aggregate construction cost of over **$4B**

- FDOT **District Materials Engineer**, Districts 1 & 7 – 1998 to 2004
- FDOT **Assistant District Materials Engineer**, Districts 1 & 7 – 1995 to 1998
- Turnpike **District Materials Engineer** – 1992 to 1995

Project Experience

FDOT DISTRICTWIDE/STATEWIDE CONTRACTS – Project Director for **26** Geotechnical, Materials Testing, and Pavement Evaluation contracts directly for the FDOT. In this capacity John was responsible for all services, deliverables, and customer satisfaction for the FDOT.

Geotechnical services under these contracts include subsurface exploration, laboratory testing, preparation of various roadway, structures, and wall reports, performing emergency sinkhole exploration, geophysical investigation services (GPR) and remediation recommendations, and providing consulting services to the FDOT.

Materials Testing services under these contracts include performing laboratory testing, providing Asphalt Plant VT inspections, concrete testing & inspection, earthwork testing & inspection, and performing Deep Foundation testing including PDA, CSL and PIT testing.

Pavement Coring and Evaluation services under these contracts include reviewing available information in SLDs, lane closure restrictions, and aerial photographs, providing MOT, obtaining pavement cores, documenting pavement core locations, determining layer thicknesses and types, developing PECD sheets, providing PSER reports, and inputting data into the Department's PCR system.

Mr. Harris has 26 years of experience in federal, state, and municipal construction project management including oversight of major road, bridge, interstate and interchange construction projects. He worked as an **Operations Manager and as a Construction Manager for the FDOT**. His proactive approach to dealing with challenging contracts allows him to bring projects to a successful completion within allowable time and with minimal cost overruns. Ben has worked on diverse types of contracts including design/build contracts for widening 6 miles of US 27 in Polk County and the I-4 @ SR 559 Design/Build Interchange project. He has managed several roadway widening projects. He also has substantial emergency repair experience including Pine Island Causeway, Sanibel Causeway, and 70 roadway repair tasks resulting from Hurricane Ian damage and SR 60 emergency restoration of major roadway damage from Hurricane Charley, as well as several emergency contracts for restoring damage to bridges and drainage systems from Hurricane Wilma and Tropical Storm Fay.

Project Experience

SR 60 from CR 555 to Broadway Ave and from E Van Fleet Rd to Peace River Overflow Bridges, District 1, Polk County. Project Administrator. E&R is providing CEI services for 2.3 miles of milling and resurfacing, high friction surface treatment, sidewalk, guardrail, drainage, bridge repairs, lighting and signalization. The project is high profile and requires significant coordination because it is adjacent to the District 1 Headquarters in Bartow and includes reconfiguration of one of the entrances to the District Office. 12/2024 to Est. Completion: 7/2025. Est. Construction Cost: $7M. (Reference: Jay Wolfe, 863-519-4126)

Emergency/Permanent Repairs of Hurricane Ian Damage, District 1, Lee County. Project Administrator. Provided support for District 1 Hurricane Ian recovery contracting including support for scope and RFP development, procurement, and issuing TWOs, and construction project management on 4 Hurricane Recovery Contracts: 1) **Sanibel Causeway Emergency/Permanent Repairs**, **Phased Design-Build** (H1I17), repairs to three bridges and two causeways to restore access to Sanibel Island **completed in 15 days**. Permanent D-B work includes repairs to bridges and causeways including additional resiliency measures. FM No. 4519361G290. D-B Cost: $80M, 9/2022 to 10/2022; 2) **Sanibel Causeway Emergency/Permanent Repairs**, **Phased Design-Build** (H1I13), approach roadway and drainage repairs including resiliency measures. FM No. 4519361G201. D-B Cost: $25M, 9/2022 to 10/2022; 3) **Pine Island Causeway Temporary Repairs** (H1I11 TWO #01), repairs of roadway and bridge approaches **restoring access to traffic in 3 days.** FM No. 4519371G201. Cost: $5M, 9/2022 to 10/2022; and 4) **Districtwide Roadway Repairs** (H1I08) with 70 TWOs throughout District 1 ranging from small tasks completed in a week to $1M tasks taking several months to complete. Completed and closed out all TWOs and contract requirements **within 1 year** of extraordinary damage from Hurricane Ian. Cost: $6.5M. 10/2022 to 11/2023. (References: Jon Sands, PE, 863.519.2223 and Kayla Sapp, PE, 863.519.2300)

C-478 Safety Improvement LAP Project, Sumter County. QA/QC. E&R provided CEI Services for this Federally-funded LAP project that included approximately 1.1 miles of roadway safety improvements to mill & resurface, correct cross-slope, addition of 5-ft. paved shoulders (8-ft total shoulder), driveway reconstruction, regrade soil adjacent to roadway, thermoplastic striping, installing centerline and edge line profiled thermoplastic markings, and signing including new intersection warning, grade crossing advance warning, double-sided chevron alignment, and curve/speed advisory signs. Drainage improvements were limited to regrading roadside swales. 5/2020 to 10/2020. Construction Cost: $785,165.23 (Reference: Steven Cohoon, PE, 352.689.4400)

Mr. Westrem has over 39 years of experience in construction engineering. His experience includes a wide range of projects and roles from inspection through project management. Mr. Westrem has served as PA, Assistant PA and CSS on multiple projects and has significant experience overseeing field operations as Senior Inspector for both Roadway and Bridge projects. His experience includes administration of construction management and materials systems and preparation/processing of a variety of documents such as supplemental agreements and work orders, final estimates and as-built plans.

Project Experience

SR 25 (US 27) from S of Tower St to N of Tower St and from Shoreline Dr to Davis & Gaines Rd, District 1, Polk County. Project Administrator. E&R is providing CEI services for 6.5 miles of milling and resurfacing with shoulder widening, keyhole widening, turn lane and directional median improvements, drainage, signal improvements, sidewalk, and landscaping. The project also includes a new concrete pavement intersection at US 27 and Tower St./ Dal Hall Blvd. 11/2024 to Est. completion 7/2026. Est Construction Cost: $27.8 Million (Reference: Stacy Hill 863-471-4852)

US 27 at SR 60, FDOT District 1, Polk County. Lead Senior Bridge Inspector/ Assistant Project Administrator. E&R provided CEI services for the replacement of the US 27/SR 60 interchange with a Single Point Urban Interchange, widening over a mile of both US 27 and SR 60 to 6-lanes with 7' buffered bike lanes, sidewalks and closed drainage systems. US 27 pavement is a 9" plain concrete on 4" of Asphalt Base; two new ramps are 8.5" plain concrete pavement. SR 60 asphalt widening and mill & resurface with overbuild and shifted about 50' north across US 27. Project additionally included replacement of the SR 60 bridge over US 27 with a 264', single span, weathering steel bridge as well as 16 walls of varying types, full roadway lighting, new signals, two new ponds with impermeable liners, and realignment of local roads. Cost: $44.7M. 7/2023 to 4/2024. (Ref: Stacy Hill, 863.471.4852)

Heartland Operations Center, FDOT District 1. Project Administrator. Mr. Westrem served as In-house PA for multiple projects including:

US 27 at SR 70, Highlands County. Project Administrator for reconstruction and widening of this major intersection using concrete pavement. The project also included milling and resurfacing, drainage, signalization, and lighting. FM No.: 439827-1-52-01. Construction Cost: $7.9M. 12/2021 to 8/2023. (Reference, Dennis Day, 863.471.4865)

SR 35 (US 17), Hardee County. Project Administrator for 0.6 miles of milling and resurfacing, drainage improvements, sidewalk, and signing. FM No. 444883-1-52-01. Construction Cost: $1.3M. 1/2022 to 7/2022. (Reference: Dennis Day, 863.471.4865)

LOST Trail over Harney Pond, FDOT District 1, Glades County. Project Administrator. This project constructed a new pedestrian bridge on the Lake Okeechobee Scenic Trail. Required significant coordination with the Corps of Engineers regarding Herbert Hoover Dam and maintaining dike integrity. FM No. 435103-1-52-01. Construction Cost: $1.9M. 11/2021 to 9/2022. (Reference: Dennis Day, 863.471.4865)

SR 82 from Shawnee Rd to Alabama Rd, District 1, Lee County. Senior Inspector. E&R provided CEI services on this 3 mile widening from 2 to 6 lanes. This A+B project also had an accelerated schedule and incentives for early completion. The project included a new closed drainage system, 6.5' bike lanes, 5' sidewalk and 10' shared-use path. The approximate 500,000 CY of fill to raise the grade by 2' to 7' was imported from an off-site borrow area. Project work included utility coordination, drainage improvements and work on 3 canals, installation of complete roadway lighting and side street work. FM No. 425841-2-52-01. Construction Cost: $22.2M. 6/2019 to 7/2020. (Reference: Josephine Mak, PE, 239.985.7840)

Mr. Silva has extensive experience in the road and bridge construction industry. His knowledge includes bridge construction, reconstruction, and rehabilitation; asphalt milling and resurfacing; earthwork construction; storm water installation; and inspection of roadway projects. His skills include planning and scheduling, materials testing and oversight, density testing on roadway construction and drainage installation, concrete and asphalt material inspection and testing, maintenance of traffic reporting, MAC, documentation of pay quantities, and site inspections. He has experience with various types of construction contracts and the Florida Department of Transportation (FDOT) construction operating procedures and methods of construction including performing internal Quality Assurance on various projects. Mr. Silva is a conscientious, detail-oriented, team performer with a willingness to work with others to solve problems while ensuring the production of a high-quality product.

Project Experience

SR 35 (US 17) from 9th Street NW to N of Oak Hammock Loop, District 1, Polk County. Project Administrator. This 7.5 mile milling and resurfacing project includes widening for inside shoulders, keyhole bike lanes and turn lanes, and overbuild to correct cross slope. The project also provides signalization upgrades, sidewalk replacement, bus boarding and alignment pads, and median reconstruction. 1/2025 to Est. Completion 1/2026. Est. Construction Cost: $16.1 Million (Reference: Jay Wolfe, 863-519-4126)

SR 25 (US 27) from N of SR 540 to N of Kokomo Rd, Design-Build, District 1, Polk County. Assistant Project Administrator. E&R provided CEI services for this Design-Build project that included milling and resurfacing approximately 5.4 miles of SR 25 (US 27), intersection widening and adding a new traffic signal at CR 546 (Kokomo Rd), stormwater facilities, signing and pavement marking, lighting, and reconstruction of shoulders and sidewalk. 1/2024 to 11/2024. Construction Cost: $24M. (Reference: Tracy Padula, 863.519.4110)

SR 528/ SR 436 Interchange Improvements and SR 528 Widening from SR 436 to Goldenrod Rd, Central Florida Expressway Authority. Sr. Inspector. This project consisted of the SR 528 / SR 436 Interchange Improvements and SR 528 Widening from SR 436 to Goldenrod. This project was considered a Project of Critical Concern as it is the "Gateway to Orlando" from the Orlando International Airport. Construction activities included the construction of seven new bridge structures, demolition, utility relocation/coordination, drainage, grading, paving, signage, striping, lighting, Intelligent Transportation System (ITS), and other incidentals necessary for the proposed improvements under a compressed schedule. Construction Cost: $118M. 5/2021 to 1/2024. (Reference: Ben Dreiling, PE, 407.690.5000)

SR 542 from 1st Street to Buckeye Loop Road, FDOT District 1. Sr. Inspector. Eisman & Russo provided CEI for this 2.4 mile project to reconstruct to a 3-lane urban section with new curb & gutter, closed drainage, sidewalks and bike lanes. The eastern and western ends were widened with black base and the existing roadway milled & resurfaced with cross slope correction. The midsection (1.3 mile) was reconstructed, widened, realigned and grade raised. The project included a $3.7M UWHCA with the City of Winter Haven to install new, remove existing water and sewer lines. ***The project received a 2021 ACEC-FL / FDOT Outstanding Project Award (Roadway).*** Construction Cost: $19.6M. 10/2018 to 5/2019. (Reference: Jay Wolfe, 863.519.4126)

Mr. Brassart has over 11 years of engineering and construction experience. He has worked in a variety of positions from Inspector to Senior Inspector and Project Administrator acquiring excellent knowledge in field and office operations. A graduate of the University of South Florida with a BS in Civil engineering, he has served as a Contractor Field Engineer/Assistant Superintendent monitoring and performing various roadway construction activities as well as having an extensive background in Construction Design. As a Project Administrator, responsibilities include overseeing construction operations and managing the performance of the contractors, oversight of inspection staff while ensuring contractor compliance with all contract documents and specifications, tracks project progress, coordinates administrative aspects of projects, analyzes project related issues, notifies contractor of non-compliance and corrective action.

Project Experience

I-75 Improvements from S of SR 44 to SR 200, FDOT District 5, Sumter and Marion County, FL. Project Administrator. E&R is providing CEI services for this Phased Design-Build (PDB) Project. The improvements to the corridor include the widening of I-75 for northbound and southbound auxiliary lanes for a 22.5-mile segment, the SR 44 bridge widening and bridge replacement at three separate locations – CR 462 near the community of Royal, CR 475, and SW 66th St – as well as the milling and resurfacing of I-75 and ramps and local roads. Drainage improvements will include installation and modification to the existing drainage system, grading roadside ditches and swales within the R/W and constructing stormwater management facilities. Additional work includes signalization, mast arm and sign support, and MSE walls. This project will also include correction of lighting deficiencies and replacement of ITS infrastructure. Est. Construction Cost: $220M. 9/2024 to Est. Completion: 10/2028. (Reference: Kenneth Campbell, 352.895.4067)

Group 180 – SR 500 (US 441); SR 19 (Bay St); Lake-Wekiva Trail; SR 19 (S Central Ave), FDOT District 5, Lake County. Project Administrator. E&R is providing CEI services on four projects: Major reconstruction on US 441 (SR 500), Lake-Wekiva Trail, and two projects on SR 19. US 441 is a main artery that will be widened from 4 to 6 lanes and the improvements are broken into multiple typical sections from mill & resurface to overbuild, to widening, to full reconstruction, **Schnabel and Sound Walls**, new curb & gutter, sidewalk, bike lane and, in areas, major drainage improvements for a closed drainage system, ponds, signalization, lighting, and demolition of an existing overpass. Both SR 19 projects, Bay St and Central Ave, are mill & resurface projects. The Lake-Wekiva Trail project is a 3D modeling pilot project using Automated Machine Guidance. FM No. 430975-5; 439138-1; 238395-5; 437938-1. 7/2020 to 3/2025. Construction Cost: $52M. (Reference: Eric Jaggers, 352.326.7715)

Reconstructing Turnpike Mainline, MP 269.4-273.3, FTE, Orange County. Project Engineer/Project Administrator. Work consisted of Milling & Resurfacing of Florida's Turnpike Mainline (SR 91) from MP 269.4 to MP 273.3 in Orange County Florida. Work included repairing the full depth cracking (in Select Areas) that was identified in the two Middle Travel Lanes in the Northbound and Southbound Directions as well as keep all lanes and shoulders on the same milling and resurfacing cycle. Multiple traffic switches were added to allow for a complex Maintenance of traffic schematic and ensure positive drainage while completing all levels of Milling and Resurfacing. As the Project Engineer, Mr. Brassart assisted the Senior Project Engineer in overseeing the operations of the construction project and managing the performance of the contractors. Supervised inspection staff while ensuring contractor compliance with all contract documents and specifications. Tracked project progress, coordinated administrative, analyzed issues, notified contractor of non-compliance and corrective action. FM No. 43945716201. Construction Cost: $12,161,595.79. 5/2019 to 4/2020. (Reference: Christopher NeSmith, PE, 954.214.7981)

Mr. Fluke has 26 years of experience in construction engineering inspection of major road and bridge projects. Areas of responsibility include inspection of construction activities, project coordination with contractor's field personnel, project final measurement preparation and documentation, density log book preparation and documentation, asphalt milling and paving inspection, structural concrete inspection, materials sampling and testing and supervision of lower level employees. Mr. Fluke is familiar with FDOT policies and procedures, proficient in using PrC, MAC, and he has attended numerous FDOT-sponsored training events.

Project Experience

Bartow Operations Center, FDOT District 1, Polk County. Project Administrator. Managing as in-house PA 20+ projects varying in scope from major widening and mill and resurface and bridge replacement projects, to signals, to landscaping. Examples follow. (Reference: Kirby Radford, 863.519.4107).

SR 17 from 5th Ave to Crooked Lake Dr. Project Administrator for improvements consisting of full depth reclamation, milling and resurfacing, shoulder widening, drainage improvements, turnout construction and signing and pavement markings in Polk County. The total roadway length was .9 miles; 9/2024 to Current. Construction Cost: $2.5M.

SR 700(US 98) from E of Old Stokes Rd to SR 25 (US 27). Project Administrator for improvements consisting of milling and resurfacing, signing and pavement marking, modification and replacement of the traffic separator, and drainage improvements in Polk County. The total roadway length was 1.8 miles; 9/2024 to 4/2025. Cost: $2.6M.

SR 563 (Harden Blvd.); From S of Beaker Rd to Forest Park St. Project Administrator for improvements consisting of milling and resurfacing, signing and pavement markings, reconstructing curb ramps, adding sidewalk, and drainage in Polk County. The total roadway length was 2.3 miles; 4/2024 to 4/2025. Construction Cost: $6.1M.

SR 544 (Havendale Blvd.) at US17 (8th St NW). Project Administrator for improvements consisting of intersection improvements including new mast arms, signal heads and equipment, sidewalk, curb ramps, milling and resurfacing, signing and pavement marking, and pavement widening for the extension of the concrete traffic separator in Polk County. The total roadway length was .3 miles; 4/2024 to 2/2025. Construction Cost: $2.1M.

SR 655 (Recker Hwy) from Coleman Rd. to CR 542. Project Administrator for improvements consisting of milling and resurfacing, drainage improvements, curb and gutter, pedestrian enhancements, signalization and lighting in Polk County. The total roadway length was 1.8 miles; 1/2023 to 2/2024. Construction Cost: $4.6M.

SR 471 from SR 35(US 98) to Sumter County Line. Project Administrator for improvements consisting of milling and resurfacing, guardrail replacement, turn lane widening, overbuild and signing and pavement markings in Polk County. The total roadway length was 2.4 miles; 10/2023 to 8/2024. Construction Cost: $5.1M.

SR 35 (US 17) from N. of Bridge 160233 to S. Lunn Rd. Project Administrator for improvements consisting of milling and resurfacing, widening for keyholes, sidewalk, guardrail drainage, signing and pavement markings and lighting construction in Polk County. The total roadway length was 3.1 miles; 9/2022 to 11/2023. Cost: $5.8M.

SR 555 (US 17) from SR 544 (Havendale Blvd.) to Brigham Rd. Project Administrator for improvements consisting of sidewalk construction, milling and resurfacing, base work, drainage improvements, curb and gutter, pedestrian traffic signals, highway signing, lighting, interconnect and other incidental construction in Polk County. The total roadway length was 1.5 miles; 6/2022 to 10/2023. Construction Cost: $2.8M.

Mr. Huggins has over seven years of experience on FDOT projects. He began his construction career working with a materials testing firm performing the required QC testing for earthwork, concrete, asphalt operations and drilled shaft inspections. He then moved to CEI, where he has played a significant role in the verification testing of materials (with a heavy emphasis on earthwork and asphalt).

Project Experience

SR 35 (US 17) from 9th Street NW to N of Oak Hammock Loop, District 1, Polk County. Contract Support Specialist. This 7.5 mile milling and resurfacing project includes widening for inside shoulders, keyhole bike lanes and turn lanes, and overbuild to correct cross slope. The project also provides signalization upgrades, sidewalk replacement, bus boarding and alignment pads, and median reconstruction. 1/2025 to Est. Completion 1/2026. Est Construction Cost: $16.1 Million (Reference: Jay Wolfe, 863-519-4126)

SR 60 from CR 555 to Broadway Ave and from E Van Fleet Rd to Peace River Overflow Bridges, District 1, Polk County. Contract Support Specialist. E&R is providing CEI services for 2.3 miles of milling and resurfacing, high friction surface treatment, sidewalk, guardrail, drainage, bridge repairs, lighting and signalization. The project is high profile and requires significant coordination because it is adjacent to the District 1 Headquarters in Bartow and includes reconfiguration of one of the entrances to the District Office. 12/2024 to Est. Completion: 7/2025. Est. Construction Cost: $7M. (Reference: Jay Wolfe, 863-519-4126)

SR 25 (US 27) from N of SR 540 to N of Kokomo Rd, Design-Build, District 1, Polk County. Assistant Contract Support Specialist / Inspector. E&R provided CEI services for this Design-Build project that included milling and resurfacing approximately 5.4 miles of SR 25 (US 27), intersection widening and adding a new traffic signal at CR 546 (Kokomo Rd), stormwater facilities, signing and pavement marking, lighting, and reconstruction of shoulders and sidewalk. 5/2023 to 11/2024. Construction Cost: $24M. (Reference: Tracy Padula, 863.519.4110)

SR 542 from Buckeye Loop Rd. to US 27, District 1, Polk County. Inspector. E&R provided CEI services for the widening of SR 542 from 2 to 4 lanes with closed drainage, bike lanes and sidewalks. The project included the replacement of two bridge box culverts, providing 4000' of new alignment, full roadway lighting with 157 poles, new/replaced signals, ITS and multiple types of walls both temporary and permanent including anchored, cantilever, MSE, gravity and a noise wall. Ten ponds were constructed, and 6 utilities had relocation work during construction including ***a $3.7M UWHCA work for the City of Winter Haven and Town of Dundee*** for installation/replacement of water lines, sewer lines and reuse lines. FM No. 41066635201. Construction Cost: $44.2M. 10/2021 to 4/2023. (Reference: Jay Wolfe, 863.519.4126)

SunTrax Vehicle Test Facility, Turnpike, Polk County. Inspector. This project consisted of providing all labor, materials, equipment and incidentals necessary for the construction of the SunTrax Connected / Automated Vehicle Test Facility within the 190-acre site in Auburndale, Florida. Improvements included building two miles of test track with four toll facilities designed to test self-driving cars and new toll technology. The project also included two buildings, one designed as the new Turnpike Operations building and one for storage and maintenance, and stormwater management facilities to accommodate the infield improvements. FM No. 43730045201. Construction Cost: $118M. 12/2018 to 4/2019

Ms. Armstrong has held progressively more responsible positions in areas of construction inspection and materials compliance. Ms. Armstrong has managed field staff, ensuring coverage of operations, and confirming compliance with specification requirements. She has expertise in earthwork operations, sampling & testing, and documentation in MAC including the new Electronic Logbook program in which she had leadership roles in training and implementation. She also has Quality Control experience as QC Manager and QC Inspector, commercial materials testing and laboratory technician. Ms. Armstrong added great value to projects in District 1 as Asst CSS, where she performed her role well, which included reviewing field quantities, verifying them, inputting them in FDOT PrC, running monthly estimates, updating project As-Builts using Bluebeam and coordinating with the PA and Sr. Inspectors on project progress.

Project Experience

I-75 Improvements from S of SR 44 to SR 200, FDOT District 5, Sumter and Marion County, FL. Contract Support Specialist. E&R is providing CEI services for this Phased Design-Build (PDB) Project. The improvements to the corridor include the widening of I-75 for northbound and southbound auxiliary lanes for a 22.5-mile segment, the SR 44 bridge widening and bridge replacement at three separate locations – CR 462 near the community of Royal, CR 475, and SW 66th St – as well as the milling and resurfacing of I-75 and ramps and local roads. Ms. Davis joined E&R in January 2025 with many years of experience in CADD drafting, Surveying & Mapping, Roadway Design and Operations Manager. She worked for nearly 10 years with the FDOT in Bartow performing such duties as contract plans for specifications, performing complex engineering/geometric calculations in the development of project design, Public Meeting presentations and workshops, and ensured that federal, state, and local rules, regulations and guidelines were followed. Ms. Davis is very proficient in planning, coordinating and overseeing operations and maintenance and long range project programing.

Project Experience

SR 25 (US 27) from S of Tower St to N of Tower St and from Shoreline Dr to Davis & Gaines Rd, District 1, Polk County. Inspector. E&R is providing CEI services for 6.5 miles of milling and resurfacing with shoulder widening, keyhole widening, turn lane and directional median improvements, drainage, signal improvements, sidewalk, and landscaping. The project also includes a new concrete pavement intersection at US 27 and Tower St./ Dal Hall Blvd. 11/2024 to Est. completion 7/2026. Est Construction Cost: $27.8M (Reference: Stacy Hill 863-471-4852)

PRIOR EXPERIENCE:

Hardee County Road & Bridge Department, 2023 to 2024, Operations Manager. Responsible for the effective supervision and administration of Traffic Operations personnel; Planned, coordinated, and managed the operations and maintenance of traffic signals, streetlights, traffic signs and pavement markings; Responsible for ongoing Asset Management Needs Assessment and documentation; and Assisted with maintenance activities, entered work orders for general road maintenance.

FDOT, Bartow, 2019 to 2023, Roadway Designer IV. Managed two Roadway Designers; Coordinated with Access Management, Drainage, Utilities, Traffic Operations, Right-of-Way, Environmental departments, and local municipalities; Developed and maintained project schedules; Prepared and presented detailed presentations for public meetings and workshops; and Interpreted plans, specifications, design standards, and manuals.

FDOT, Bartow, 2017 to 2019, Roadway Designer II and III. Developed and prepared contract plans for specifications; Performed complex engineering/geometric calculations in the development of project design; and Interpreted plans, specification, design standards, and manuals.

FDOT, Bartow, 2016 to 2017, Surveying & Mapping Technician. Interpreted plans, specifications, design standards, and manuals; Analyzed deeds and maps; Processed field data collected by survey crews ensures the data is complete and accurate; Prepared and maintained reports, records, files, and correspondence; Knowledge of CADD applications.

DeSoto County Property Appraiser Office, Arcadia, GIS Technician. Conducted research for chain of title issue; Verified the accuracy of plats and legal descriptions for splits and combines for cadastral maps; Kept detailed and accurate records of sales for property ownership; Created, maintained, and updated databases using ArcGIS; Calculated and analyzed data for plat closures and accuracy of legal descriptions; Experienced in basic real estate transactions and related documents; Used ESRI desktop software for drafting cadastral maps.

(Registered 4/3-4/2025)

Mrs. Woss has over 24 years of experience and that crosses the real estate, medical and engineering fields. She has managed contracts and handled payroll for major consultant engineering firms that work on large road and bridge projects for FDOT and numerous counties and municipalities.

Project Experience

Emergency/Permanent Repairs of Hurricane Ian Damage, District 1, Lee County. Resident Compliance Specialist. Provided oversight and review of compliance with Federal requirements for 5 Hurricane Recovery Contracts: 1) **Sanibel Causeway Emergency/Permanent Repairs**, **Phased Design-Build** (H1I17), repairs to three bridges and two causeways to restore access to Sanibel Island completed in 15 days. Permanent D-B work includes repairs to bridges and causeways including additional resiliency measures. FM No. 4519361G290. D-B Cost: $80M, 9/2022 to Est. Completion 10/2025; 2) **Sanibel Causeway Emergency/Permanent Repairs**, **Phased Design-Build** (H1I13), approach roadway and drainage repairs including resiliency measures. FM No. 4519361G201. D-B Cost: $25M, 9/2022 to Est. Completion 10/2025; 3) **Pine Island Causeway Temporary Repairs** (H1I11 TWO #01), repairs of roadway and bridge approaches restoring access to traffic in 3 days. FM No. 4519371G201. Cost: $5.5M, 9/2022 to 10/2022; 4) **Periwinkle Way Temporary Repairs** (H1I11 TWO #06), repairs of roadway and bridge approaches FM No. 4519371G201. Cost: $2.8M, 10/2022 to 12/2022; and 5) **Districtwide Roadway Repairs** (H1I08) with 68 TWOs throughout District 1 ranging from small tasks completed in a week to $1M tasks taking several months to complete. Cost: $6.5M, 10/2022 to 1/2023. (References Kati Sherrard, PE, 863-519-2590 and Kayla Sapp, PE, 863-2300).

Keller Williams, Ft. Myers Beach. Office Manager / Contract Coordinator. Responsibilities included contract management and closings for numerous real estate listings, processing payroll, assisting the marketing director with writing and uploading MLS listings and assisting on open houses. 8/2020 to 10/2022.

Royal Palm Coast Realtor Association, Ft. Myers, FL. Office Manager. Responsibilities included processing membership applications providing assistance answering questions regarding membership and dues, Supra (electronic keys/apps for realtors to show houses), managing the store and keeping inventory of all items purchased, assisting in continuing education, and managing the south branch office. 2/2016 to 6/2020 (Reference: Bonnie Messmer, 518.727.6353)

Eisman & Russo, Inc., Ft. Myers, FL. Office Manager. Responsible for document management for all roadway and bridge inspection records and correspondence for construction projects on Interstate 75 and US 41 totaling over $116M. Organized, labelled and scanned all required documents into the FDOT's Electronic Document Management System (EDMS). 9/2015 to 1/2016.

Kisinger Campo and Associates, Tampa, FL. Project Administrator. Responsibilities for this engineering firm included administering contracts, processing payroll, invoicing, compiling necessary information for supplemental agreements, and tracking and budgeting funds on several major roadway and bridge construction projects in Florida, Georgia, and North Carolina. 11/2003 to 9/2006. (Reference: Ron Gott, 813.871.5331)

WSP (formerly Parsons Brinckerhoff), Tampa, FL. Project Administrator. Responsibilities for this engineering firm included accounts receivable, accounts payable, invoicing and budgeting for roadway and bridge construction projects. 6/2000 to 11/2003. (Reference: Dee McGee, 813.287.2626)

Ms. Gombar performs the duties as a Resident Compliance Specialist, Contract Support Specialist, and as administrative assistant on various FDOT and Local Agency projects. She provides contract management, documentation for payment, progress & final estimate processing, and as-built documentation. She also has expertise in compliance with Federal requirements for EEO, OJT, and Payroll having served for many years overseeing Districtwide compliance. Marielena is focused on quality assurance and quality control is a proven quick study to master the tasks assigned, is very organized in her assignments, and takes on all assignments with an enthusiastic attitude.

Project Experience

SR 25 (US 27) from S of Tower St to N of Tower St and from Shoreline Dr to Davis & Gaines Rd, District 1, Polk County. Contract Support Specialist. E&R is providing CEI services for 6.5 miles of milling and resurfacing with shoulder widening, keyhole widening, turn lane and directional median improvements, drainage, signal improvements, sidewalk, and landscaping. The project also includes a new concrete pavement intersection at US 27 and Tower St./ Dal Hall Blvd. 11/2024 to Est. completion 7/2026. Est Construction Cost: $27.8M (Reference: Stacy Hill 863-471-4852)

US 27 at SR 60, FDOT District 1, Polk County. Associate CSS. E&R provided CEI services for the replacement of the US 27/SR 60 interchange with a Single Point Urban Interchange, widening over a mile of both US 27 and SR 60 to 6-lanes with 7' buffered bike lanes, sidewalks and closed drainage systems. US 27 pavement is a 9" plain concrete on 4" of Asphalt Base; two new ramps are 8.5" plain concrete pavement. SR 60 asphalt widening and mill & resurface with overbuild and shifted about 50' north across US 27. Project additionally included replacement of the SR 60 bridge over US 27 with a 264', single span, weathering steel bridge as well as 16 walls of varying types including temporary and permanent Sheet Pile, Wire Reinforcement Walls, Retaining Walls, Noise Wall and MSE Walls, full roadway lighting, new signals, two new ponds with impermeable liners, and frontage roads/realignment of local roads. FM No. 41924345201. Construction Cost: $44.7M. 7/2020 to 4/2024. (Reference: Stacy Hill, 863.471.4852)

Emergency/Permanent Repairs of Hurricane Ian Damage, District 1, Lee County. Contract Support Specialist. Provided contract documentation, contractor payment review, and oversight of compliance staff for 3 Hurricane Recovery Contracts: 1) **Sanibel Causeway Emergency/Permanent Repairs**, **Phased Design-Build** (H1I17), repairs to three bridges and two causeways to restore access to Sanibel Island **completed in 15 days**. Permanent D-B work includes repairs to bridges and causeways including additional resiliency measures. FM No. 4519361G290. D-B Cost: $80M, 9/2022 to 1/2023; 2) **Sanibel Causeway Emergency/Permanent Repairs**, **Phased Design-Build** (H1I13), approach roadway and drainage repairs including resiliency measures. FM No. 4519361G201. D-B Cost: $25M, 9/2022 to Est. Completion 12/2023; and 3) **Periwinkle Way Temporary Repairs** (H1I11 TWO #06), repairs of roadway and bridge approaches FM No. 4519371G201. Cost: $2.8M, 10/2022 to 12/2022. (Reference Kati Sherrard, PE, 863-519-2590).

District Compliance Specialist, FDOT District 4. Responsible for oversight of Resident Compliance Specialists on FDOT federally funded construction projects for District 4. Assisted with meetings and training for Compliance Staff and contractors. Maintained files and created reports for all areas of compliance program. 5/2018 to 11/2022. (Reference: Sharon Singh Hagyan, FDOT, DCCM, 954.777.4190)

Mr. Mobley has held progressively more responsible positions involving all aspects of roadway and bridge inspection, including asphalt and concrete paving, earthwork and drainage construction, surcharge of sinkholes, MSE walls, drilled shaft foundations and audible striping. He has managed field inspection staff to ensure appropriate coverage of operations, quality inspection services and accurate documentation. Mr. Mobley had prior experience as a Quality Control inspector, commercial materials testing and soils lab technician.

Project Experience

SR 35 (US 17) from 9th Street NW to N of Oak Hammock Loop, District 1, Polk County. Assistant Project Administrator/Lead Senior Inspector. This 7.5 mile milling and resurfacing project includes widening for inside shoulders, keyhole bike lanes and turn lanes, and overbuild to correct cross slope. The project also provides signalization upgrades, sidewalk replacement, bus boarding and alignment pads, and median reconstruction. 1/2025 to Est. Completion 1/2026. Est Construction Cost: $16.1M (Ref: Jay Wolfe, 863-519-4126)

SR 25 (US 27) from N of SR 540 to N of Kokomo Rd, Design-Build, District 1, Polk County. Lead Senior Inspector. E&R provided CEI services for this Design-Build project that included milling and resurfacing approximately 5.4 miles of SR 25 (US 27), intersection widening and adding a new traffic signal at CR 546 (Kokomo Rd), stormwater facilities, signing and pavement marking, lighting, and reconstruction of shoulders and sidewalk. 10/2022 to 11/2024. Construction Cost: $24M. (Reference: Tracy Padula, 863.519.4110)

US 27 at SR 60, FDOT District 1, Polk County. Assistant Project Administrator. E&R provided CEI services for the replacement of the US 27/SR 60 interchange with a Single Point Urban Interchange, widening over a mile of both US 27 and SR 60 to 6-lanes with 7' buffered bike lanes, sidewalks and closed drainage systems. US 27 pavement is a 9" plain concrete on 4" of Asphalt Base; two new ramps are 8.5" plain concrete pavement. SR 60 asphalt widening and mill & resurface with overbuild and shifted about 50' north across US 27. Project additionally included replacement of the SR 60 bridge over US 27 with a 264', single span, weathering steel bridge as well as 16 walls of varying types including temporary and permanent Sheet Pile, Wire Reinforcement Walls, Retaining Walls, Noise Wall and MSE Walls, full roadway lighting, new signals, two new ponds with impermeable liners, and frontage roads/realignment of local roads. FM No. 41924345201. Construction Cost: $47.2M. 7/2020 to 10/2022. (Reference: Stacy Hill, 863.471.4852)

SR 542 from Buckeye Loop Rd. to US 27, District 1, Polk County. Lead Senior Inspector. E&R provided CEI services for the widening of SR 542 from 2 to 4 lanes with closed drainage, bike lanes and sidewalks. The project included the replacement of two bridge box culverts, provides 4000' of new alignment, full roadway lighting with 157 poles, new/replaced signals, ITS and multiple types of walls both temporary and permanent including anchored, cantilever, MSE, gravity and a noise wall. Ten ponds were constructed, and 6 utilities had relocation work during construction including UWHCA work for two local agency utilities for installation/replacement of water lines, sewer lines and reuse lines. FM No. 41066635201. Construction Cost: $46.1. 8/2020 to 4/2023. (Reference: Jay Wolfe, 863.519.4126)

Polk County Scour Countermeasure at Various Locations. Senior Inspector. Project consisted of installation of bank and shore protection adjacent to bridge and treatment of crack and spalls within the barrels of the box culvert. The difficulty of this project was maintaining the flow of the Withlacoochee River as work was pursued as well as environmental and erosion control concerns. 2/2016 to 3/2016. Mr. Harris has nearly four years working in CEI, preceded by experience in surveying and construction, specializing in roadway projects. He started at E&R in 2021 as an Inspector Aide, soon promoted to Inspector due to his skills and dedication and now serves as Senior Inspector. He has earned the necessary certifications and training to conduct field inspections for FDOT and municipal projects. Before joining E&R, he gained hands-on experience in GPS data collection and worked as a grade checker and equipment operator for a major civil construction company.

Project Experience

SR 60 from CR 555 to Broadway Ave and from E Van Fleet Rd to Peace River Overflow Bridges, District 1, Polk County. Senior Inspector. E&R is providing CEI services for 2.3 miles of milling and resurfacing, high friction surface treatment, sidewalk, guardrail, drainage, bridge repairs, lighting and signalization. The project is high profile and requires significant coordination because it is adjacent to the District 1 Headquarters in Bartow and includes reconfiguration of one of the entrances to the District Office. 12/2024 to Est. Completion: 7/2025. Est. Construction Cost: $7M. (Reference: Jay Wolfe, 863-519-4126)

US 27/SR 25 from Lake Louisa Rd to Cluster Oak Dr, Group 243, FDOT District 5. Inspector This project consists of milling and resurfacing of a six lane road, turn lanes, signal improvements, sidewalk and ADA ramp improvements, and signing and pavement markings. Group Construction Cost: $30M. 5/2024 to 11/2024. (Reference: Karen Madrid, 352.326.7736)

SR 25/US 27 at SR 60, FDOT District 1, Polk County. Inspector. E&R provided CEI services for the replacement of the US 27/SR 60 interchange with a Single Point Urban Interchange, widening over a mile of both US 27 and SR 60 to 6-lanes with 7' buffered bike lanes, sidewalks and closed drainage systems. US 27 pavement is a 9" plain concrete on 4" of Asphalt Base; two new ramps are 8.5" plain concrete pavement. 44th Avenue Over I-75, FDOT Interstate Office Oversight Support, District 1, Manatee County. Senior Inspector. E&R is provided technical and on-site support for FDOT PM in the oversight of the Manatee County permit project constructing a new, 2-span, steel bridge over I-75. **Task Work Order #24 under GEC Contract CAE38.** Construction Cost: $15M. 2/2024 to 1/2025 (Reference: Alex Ruiz, 941.465.0840)

Group 180 – SR 500 (US 441); SR 19 (Bay St); Lake-Wekiva Trail; SR 19 (S Central Ave), FDOT District 5, Lake County. Inspector. E&R provided CEI services on four projects: Major reconstruction on US 441 (SR 500), Lake-Wekiva Trail, and two projects on SR 19. US 441 is a main artery widened from 4 to 6 lanes with multiple typical sections from mill & resurface to overbuild to widening to full reconstruction, new curb & gutter, sidewalk, bike lane and, in areas, major drainage improvements for a closed drainage system, ponds, signalization, lighting, and demolition of an existing overpass. Both SR 19 projects, Bay St and Central Ave, are mill & resurface projects. FM Nos. 430975-5; 439138-1; 238395-5; 437938-1. Construction Cost: $52M. 3/2024 to 12/2024. (Reference: Eric Jaggers, 352.326.7715)

SR 25 (US 27) at SR 60, FDOT District 1, Polk County. Inspector. E&R provided CEI services for the replacement of the US 27/SR 60 interchange with a Single Point Urban Interchange, widening over a mile of both US 27 and SR 60 to 6-lanes with 7' buffered bike lanes, sidewalks and closed drainage systems. US 27 pavement is a 9" plain concrete on 4" of Asphalt Base; two new ramps are 8.5" plain concrete pavement. SR 60 asphalt widening and mill & resurface with overbuild and shifted about 50' north across US 27. Project additionally included replacement of the SR 60 bridge over US 27 with a 264', single span, weathering steel bridge as well as 16 walls of varying types including temporary and permanent Sheet Pile, Wire Reinforcement Walls, Retaining Walls, Noise Wall and MSE Walls, full roadway lighting, new signals, two new ponds with impermeable liners, and frontage roads/realignment of local roads. FM No. 41924345201. Construction Cost: $47.2M. 8/2021 to 4/2024. (Reference: Stacy Hill, 863.471.4852)

Emergency/Permanent Repairs of Hurricane Ian Damage, District 1, Lee County. Inspector. Provided construction oversight and inspection for 2 Hurricane Recovery Contracts: 1) **Pine Island Causeway Temporary Repairs** (H1I11 TWO #01), repairs of roadway and bridge approaches **restoring access to traffic in 3 days.** FM No. 4519371G201. Cost: $5.5M, 9/2022 to 10/2022; and 2) **Districtwide Roadway Repairs** (H1I08) with 68 TWOs throughout District 1 ranging from small tasks completed in a week to $1M tasks taking several months to complete. Cost: $6.5M, 10/2022 to 11/2023. (Reference Kayla Sapp, PE, 863-519-2300).

Mr. Hedrick has 8 years of experience in CEI Inspection and Public Works. He joined E&R in 2021, beginning as an Inspector Aide, advancing to Inspector by securing essential certifications and has now advanced to Senior Inspector. His tenure has been marked by proficient field inspection across projects within FDOT District 1. In his capacity, Mr. Hedrick undertakes an array of responsibilities, including roadway inspection, oversight of contractor daily operations, performing materials sampling and verification testing, adept plans interpretation, and proficient field surveying and computations.

Project Experience

SR 25 (US 27) from S of Tower St to N of Tower St and from Shoreline Dr to Davis & Gaines Rd, District 1, Polk County. Senior Inspector. E&R is providing CEI services for 6.5 miles of milling and resurfacing with shoulder widening, keyhole widening, turn lane and directional median improvements, drainage, signal improvements, sidewalk, and landscaping. The project also includes a new concrete pavement intersection at US 27 and Tower St./ Dal Hall Blvd. 11/2024 to Est. completion 7/2026. Est Construction Cost: $27.8M (Reference: Stacy Hill 863-471-4852)

SR 25 (US 27) at SR 60, FDOT District 1, Polk County. Inspector. E&R provided CEI services for the replacement of the US 27/SR 60 interchange with a Single Point Urban Interchange, widening over a mile of both US 27 and SR 60 to 6-lanes with 7' buffered bike lanes, sidewalks and closed drainage systems. US 27 pavement is a 9" plain concrete on 4" of Asphalt Base; two new ramps are 8.5" plain concrete pavement. SR 60 asphalt widening and mill & resurface with overbuild and shifted about 50' north across US 27. Mr. Pohl has 8 years of construction experience, including 2 years in CEI. He has grown in competency from his work in roadway widening and resurfacing, sidewalk construction, drainage improvements, and signalization on the SR 25 (US 27) milling/resurfacing and widening project. He has also independently overseen various operations for cleanup and repair of hurricane damage.

Project Experience

SR 35 (US 17) from 9th Street NW to N of Oak Hammock Loop, District 1, Polk County. Inspector. This 7.5 mile milling and resurfacing project includes widening for inside shoulders, keyhole bike lanes and turn lanes, and overbuild to correct cross slope. The project also provides signalization upgrades, sidewalk replacement, bus boarding and alignment pads, and median reconstruction. 1/2025 to Est. Completion 1/2026. Est. Construction Cost: $16.1 Million (Reference: Jay Wolfe, 863-519-4126)

SR 60 from CR 555 to Broadway Ave and from E Van Fleet Rd to Peace River Overflow Bridges, District 1, Polk County. Inspector. E&R is providing CEI services for 2.3 miles of milling and resurfacing, high friction surface treatment, sidewalk, guardrail, drainage, bridge repairs, lighting and signalization. The project is high profile and requires significant coordination because it is adjacent to the District 1 Headquarters in Bartow and includes reconfiguration of one of the entrances to the District Office. 12/2024 to Est. Completion: 7/2025. Est. Construction Cost: $8.3M. (Reference: Jay Wolfe, 863-519-4126)

Emergency/Permanent Clean-up and Repairs of Hurricane Milton Damage, FDOT D7, Hillborough, Pinellas, and Pasco Counties. Inspector. Provided oversight of clean-up operations, signal repairs, adequacy of MOT, and construction oversight and inspection for operations throughout District 7. 10/2024 to 11/2024. (Reference: Eric Rose, 941.914.6144)

SR 25 (US 27) from N of SR 540 to N of Kokomo Rd, Design-Build, District 1, Polk County. Inspector Aide. E&R is providing CEI services for this Design-Build project that includes milling and resurfacing approximately 5.4 miles of SR 25 (US 27), intersection widening and adding a new traffic signal at CR 546 (Kokomo Rd), stormwater facilities, signing and pavement marketing, lighting, and reconstruction of shoulders and sidewalk. 2/2024 to Est. completion 10/2024. Est. construction cost: $23.1M. (Reference: Tracy Padula, 863.519.4110)

Sean Co., Haines City, FL. Pool Builder. Responsibilities included operation of small equipment, reading blueprints, supervised small crews; took measurements and constructed forms, and prepped for concrete pools; also plumbed and tiled pools. 2/2021 to 12/2023.

Farming Innovation, Davenport, FL. Equipment Operator / Ranch Hand. Operated small and large equipment, as well as serviced and maintained equipment. Performed and assisted with estimates on various jobs; tree removal, tree trimming and stump grinding; oversaw and supervised crew/workers; operated specialized agriculture equipment for hedging, topping, and land clearing. 4/2017 to 2/2021.

Dora Landscaping, Orlando, FL. Labor / Equipment Operator. 1/2017 to 4/2017

Beacon Landscaping, Haines City, FL. Labor / Equipment Operator. 1/2016 to 1/2017

Eagle Marine, Daphne, AL. Metal Fabricator. Read plans, took measurements, cut metal, an welded to perform repair work for cargo ships and barges, hull repair work. 12/2014 to 1/2016.

Alec Osborn

CEI Inspector

Years of Experience: 5 years in construction industry

Expertise:

Construction Engineering Inspection and Quality Control

Education:
High School Diploma

TIN: O21601696

Certifications:

- **CTQP Asphalt Paving Level I & II**
- **CTQP Final Estimates Level I**
- **CTQP Earthwork Construction Inspection Level I**
- **CTQP Concrete Field Inspector Level I (Registered)**
- **FDOT Advanced MOT (Registered)**
- **FDOT Critical Structures Construction Issues**

Mr. Osborn is a self-motivated professional that has over 5 years of experience in the construction industry, most of which he spent on widening and resurfacing projects in direct contact with asphalt operations. He is knowledgeable in plans reading, following specifications, design standards, and procedures. He performs testing and inspection with multiple crews and provides great communication with co-workers, supervisors and engineering staff. He has experience collaborating with multidisciplinary teams and private/governmental entities. He is able to prioritize several complex assignments and perform them timely without sacrificing quality.

As a CEI Inspector, Mr. Osborn is responsible for performing highly complex technical assignments in field engineering and inspection of road construction, surveying and construction layout, making and checking engineering computations, inspecting construction work including thermoplastic striping, conducting field material tests for earthwork, concrete, and other civil engineering field tests. He monitors all contractor operations to include full oversight of pavement operations including asphalt milling and paving, placement of the structural and friction courses, utility box installation, base repair, drainage installation and repair, striping installation, and landscaping. He reads construction plans and specifications and interprets for construction control purposes. Mr. Osborn monitors and inspects traffic control and erosion control devices and ensures the Contractor has provided access to all residences and businesses whenever construction interferes with the existing means of access, and material has been placed, as needed, for driveways and sidewalks to residences and businesses to continuously provide safe, stable and reasonable access for vehicles and pedestrians and identifies any discrepancies or potential issues. He maintains detailed accurate records and reports of daily operations and significant events electronically; and tracks the quantities of various items. Mr. Osborn has assisted with maintaining a continually updated system of ledgers for tracking pay items and ensures the projects is constructed to the standards and specifications. **Some of the contracts/projects Mr. Osborn has worked on include:**

Owner: Florida Department of Transportation – District One
Project & Description: 444906-1/438013-1 SR 572 Roundabout and Resurfacing from Airport Drive to Pipkin Creek Rd
Contract Amount: $12.6 Million
Narrative: The improvements under this Contract consist of milling and resurfacing, widening, overbuild, drainage improvements, median modifications, intersection lighting, signalization, signing and pavement markings, and utility relocations on SR 572 (Drane Field Road) at Waring Road in Polk County and along SR 572 from Drane Field Road to Pipkin Creek Road. As part of these improvements, a new roundabout is being constructed at the intersection of SR 572 (Drane Field Road) and Waring Rd. (01/25-Current)

Owner: Florida Department of Transportation – District Seven
Project & Description: 441660-1 SR 582/E Fowler Ave from W of Tampa Bypass Canal to US 301/SR 41
Contract Amount: $6.1 Million
Narrative: Improvements under this Contract consist of repaving Fowler Avenue (SR 582) from west of the Tampa Bay Canal (east of I-75) to US 301 in Hillsborough County. Other improvements include replacing the existing drainage ditch with a closed reinforced concrete pipe system and installing sidewalks along both sides of Fowler Avenue. (11/23-11/24)

*Project Experience is employee's project experience and may be from employment with previous employer

ROBERTS CONSULTING SERVICES, INC

Nicholas Lombard
Inspector

Mr. Lombard has worked as a CEI Inspector and a QC Inspector for over 4 years on several projects within District One, Five, and Seven. His hands-on inspection experience includes, earthwork, drilled shaft, concrete testing, as well as Asphalt Paving. Mr. Lombard has good understanding of the requirements established in the field standards for final estimates and the Construction Project Administration Manual (CPAM).

PRIOR EXPERIENCE

July 2024 – Current
196-022-6-52-01; Inspector; SR 64 & Lorraine Rd and 145th Street East Roundabout
The improvements on State Road 64 at the intersection of Lorraine Road south and 145th Street to the north in Manatee County is being converted from an existing signalized intersection into a modern roundabout. The improvements under this contract consist of multi-lane roundabout construction and will include the following: milling and resurfacing, base work, shoulder treatment, drainage improvements, curb and gutter, lighting, signing, and pavement marking, landscaping, sidewalks, intelligent transportation system relocation, and utility updates. Mr. Lombard is responsible for the testing and inspection of Earthwork, Concrete and Asphalt on this $6.1 Million FDOT project.

November 2021 – July 2024
CFX Project CFX 417-149; Inspector, 417 Widening
The Central Florida Expressway Authority is widening State Road 417 (Central Florida GreeneWay) from Landstar Boulevard to Boggy Creek Road. This 3.7-mile project will add a lane in each direction, expanding the expressway from four to six travel lanes. Eleven sound walls are proposed in this segment. Wider median shoulders that can temporarily accommodate additional traffic during emergency response events, such as traffic accidents or hurricane evacuations are being added. Mr. Lombard is responsible for the testing and inspection of Earthwork, Concrete, Auger Cast Piles, and Asphalt. This is one of five widening projects on SR 417 between International Drive and SR 528 (Martin B. Andersen Beachline)
Project Administrator: David Smith, (407) 948-3946

June 2021 – November 2021
20-004-0-2020; Inspector: Hardee County CR-663 Milling and Resurfacing Project:
Mr. Lombard currently serves as an Inspector on Hardee County, CR 663 Milling and Resurfacing project. Mr. Lombard is responsible for all aspects of the roadway operation. The project consists of pavement milling and resurfacing for 7.84 miles of CR-663 and includes approximately 127,500 square yards of milling, 28,450 Tons of asphalt and placing 24,525 square yards of sod along the edge of pavement, along with associated pavement marking and signing. ***Project Manager: Todd Boehmer, P.E., (863) 381-3012***

June 2020 – June 2021
444187-1-52-01; Inspector: Florida Department of Transportation (FDOT) District 1, District 5, District 7 and Various Polk County roadway projects: Mr. Lombard currently serves as an Inspectors on several projects within the above-mentioned Districts. He is providing asphalt paving inspections for The Middlesex Corporation which includes lap projects, design build projects as well as bid-built projects whereas the project involves replacing the existing roadway and inspecting the drainage improvements on several small LAP Projects. ***Project Manager: Bill Berry, (863) 838-7926***

October 2024 – Present
Sr. Inspector, *437659-1-G2-01* Emergency Roadway Repair SR 45/US 41 @ Caloosahatchee River Bridge This project involves the repair of the storm surge damage to the US/41 Caloosahatchee River Bridge in Lee County, Florida. Work includes pre and post inspections, tracking quantities delivered to the project and ensure repairs meet FDOT Specifications. Mr. Frasher is inspecting all aspects of construction on this project including, earthwork, concrete and asphalt. ***FDOT Project Administrator, Tony Piedra, PE (954) 881-6272***

March 2024 – September 2024
Inspector, SR 600 (US 92) Resurfacing From West of Jersey Rd to West of SR 555
This project involves the resurfacing of US 92 from west of Jersey Road to west of US 17. The scope of work includes milling and resurfacing the existing pavement and outside shoulders along US 92, constructing inside paved shoulders along the median in both directions, widening the existing right-turn lanes to provide keyhole bicycle lanes, replacing the existing median curb, and making minor drainage improvements. Mr. Frasher is responsible for overseeing the earthwork and asphalt paving inspections on this $7.4 million project. ***FDOT Construction Project Administrator, William Tony George, (813) 244-3159***

August 2020 – March 2024
Inspector, Wekiva Parkway, Section 8
This project involves the construction of 2.6 miles of limited access toll road from Orange Boulevard to east of Rinehart Road. The project includes the new Wekiva Parkway interchange at I-4 that will connect with State Road 417, completing the beltway around Central Florida. Work on this project includes bridges, drainage, lighting, signage and pavement markings, utilities, and other roadway features. Mr. Frasher is responsible for asphalt paving inspections on this $253 million project. ***DOT Construction Project Administrator, Eric Jaggers, (352) 326-7715***

January 2023 – July 2023
Inspector, Hardee County BOCC/Florida Department of Transportation District 1, Polk Road Milling and Resurfacing. Mr. Frasher role involved overseeing Construction Engineering Inspection (CEI) services for this $3.3 Million project covering 4.0 miles of Polk Road. The project included tasks such as pavement milling, resurfacing, turnout construction, shoulder rework, guardrail installation, signing, and pavement markings.
Christopher Simpron, Hardee County Public Works Director, (863) 773-3272

ROBERTS CONSULTING SERVICES, INC

John "Kris" Huggins
Asphalt Plant Inspector

Mr. Huggins has worked as an Earthwork, Asphalt Paving, and Asphalt Plant Inspector for over 5 years on several projects within FDOT District's 1, 5, & 7. His hands-on inspection experience includes Earthwork, Concrete Testing, Asphalt Plant and Asphalt Roadway Inspection. He also provides Vibration Monitoring, and various other tasks. Mr. Huggins has a good understanding of the requirements established in the field standards for final estimates and the Construction Project Administration Manual (CPAM). He is very familiar with FDOT Standard Specifications, as well as the MAC system.

PRIOR EXPERIENCE

March 2024 – Current
447433-1-52-01 SR 600 (US 17); Resurfacing, Base Work, & Drainage Improvements
Mr. Huggins is currently serving as an inspector on a milling and resurfacing project in Polk County. This project encompasses earthwork, concrete, and asphalt work. His daily responsibilities include coordinating with the contractor and the Florida Department of Transportation (FDOT), overseeing all testing procedures and inspection staff, analyzing construction plans and making necessary modifications to adapt to field conditions, preparing as-built construction plans, and managing signing and pavement marking
Project Administrator: Joseph Thompson (863) 519-4159

January 2024 – March 2024
445470-1-52-01, 445471-1-52-01; Resurfacing SR 700 (US 98), South of Ft. Meade
Mr. Huggins trained as an inspector on this Resurfacing Project in Polk County. This project includes Earthwork, Concrete, and Asphalt. Mr. Huggins has spent time on this project training with Senior Inspectors. His daily operations including coordination with the contractor and the FDOT, monitoring of all testing procedures and inspection staff, analysis of construction plans and modification to meet field conditions, preparation of as-built construction plans, and field preparation of monthly estimates for contract payment.
Training Manager: Cory Meyer (863) 409-1651

January 2020 – February 2024
Inspector - Florida Department of Transportation District 5, Various Asphalt Projects. Mr. Huggins serves as the Asphalt Roadway and Asphalt Plant Technician for the Middlesex Corp on numerous projects throughout FDOT District 5. The projects included paving multilane interstate highways as well as city street resurfacing. He also serves as an Asphalt Plant Technician, he is responsible for performing rice, gradation, density, extractions testing and more and entering results into MAC.
Project Manager: Jeff James (407) 508-0137

September 2022 – May 2023
Asphalt Plant Inspector – Lakeland Linder International Airport Taxiway P Rehabilitation. Mr. Huggins serves as an asphalt plant inspector for the Taxiway P Rehabilitation Project. He is responsible for tracking tonnages and performing verification testing at the asphalt plant per FAA P-401. He is responsible for performing rice, gradation, density, extractions testing and more.
Project Manager: Todd Zimmerman – (321) 228-1067

Michael Conn
MSC Environmental, LLC.
Project Manager/Senior Scientist

EXPERIENCE:
21Years

EDUCATION:
BA, Environmental Science, Hobart College, 1997

TRAINING & QUALIFICATIONS:
FDEP Certified Stormwater, Erosion and Sediment Inspector

MSHA Certified

NAUI Certified Nitrox Diver

As a Senior Environmental Scientist, Michael has extensive experience providing environmental support to Construction Engineering and Inspection (CEI) firms during the construction of linear transportation projects for the FDOT and local municipalities. This work necessitates familiarity with State, local, and federal environmental resource permit regulations, NPDES requirements, protected species regulations, and erosion and sediment control best management practices. Michael has four years of direct regulatory experience with the Florida Department of Environmental Protection (FDEP) and the U.S. Army Corps of Engineers (ACOE) where he worked on a variety of tasks involving permit applications for impacts to wetlands, surface waters, and state-owned submerged lands, as well as permit applications to safeguard compliance with Section 10 of the Rivers and Harbors Act, Section 404 of the Clean Water Act, and the Endangered Species Act.

FDOT District 1, SR-82 from Shawnee Road to Alabama Road, Lee County, FL

Michael served as Senior Scientist in support of the CEI team, overseeing all environmental components of the widening of SR-82 in this location. He conducted routine inspections and provided recommendations to maintain compliance ERP, NPDES permit compliance. Michael also performed preliminary Northern caracara nest monitoring and coordinated with the U.S. Fish and Wildlife Service and South Florida Water Management District (SFWMD). Scott Woss, Eisman Russo, 239-699-7588, FPID 425841-2-52-01. Start 6/2019 End: 10/2020

FDOT District 1, SR 82 for 3.2 miles from Gator Slough Lane to SR 29, Collier County, FL

Michael provides support to the CEI team, overseeing environmental components of the project. He conducts routine inspections and delivers subsequent recommendations to the Project Administrator. Multiple wetlands, surface waters, and protected wildlife species are present within project corridor that require continued attention and additional protection measures. Felipe Baez-De La Cruz, AIM Engineering & Surveying, Inc., FPID: 430849-1-62-01, Start: 11/2019 End: 7/24/2021

FDOT District 1, SR-82 from Shawnee to Alabama, Lee County, FL

Michael served as Senior Scientist in support of the CEI team, overseeing all environmental components of the widening of SR-82 in this location. He conducted routine inspections and provided recommendations to maintain compliance ERP, NPDES permit compliance. Michael also performed preliminary Northern caracara nest monitoring and coordinated with the U.S. Fish and Wildlife Service and South Florida Water Management District (SFWMD) to modify the ERP to reflect current caracara protective measures. James DeLisle, KCI Technologies, Inc., 239-223-1664, FPID 425841-3-62-01, 425841-4-62-01 and 425841-6-62-01 Start 7/9/2018 End 5/14/2021

FDOT District 1, Interchange Reconstruction at I-75 and U.S. 301, Manatee County, FL

Michael is currently serving as the Senior Scientist in support of the CEI team to oversee all environmental components of the project during construction. He participates in weekly FDOT and CEI team progress meetings with the roadway contractor to discuss project status, site conditions and potential impacts of upcoming work. He performs periodic project site inspections to ensure compliance with the Southwest Florida Water Management District (SWFWMD) and USACE environmental resource permits and the erosion and sediment control plan. Edwin Santana, Metric Engineering, 941-960-2179, FPID 201032-5-52-01, 201032-5-56-01, 201032-5-56-02, Start: 3/2021 End: Ongoing

Christopher L. Lewis, P.E.
Senior Geotechnical Engineer

Office Location: Plant City, FL
Experience: 33 years
Education:
B.S., Geotechnical Engineering, University of South Florida (1997)
M.S., Geotechnical Engineering, University of South Florida (1999)
Professional Registration(s):
P.E.: Florida - No. 58092 (Feb. 2002)
Certification:
PDCA PDA Proficiency - Master
Asphalt Plant – Level I (L20011273)

Current Responsibilities:

Mr. Lewis has worked in various capacities of construction for 32 years. He has 27 years experience in foundation engineering for numerous projects throughout the United States and abroad. Over the last 27 years he has been involved with several high profile design and construction phase load test programs including: the Woodrow Wilson Bridge, the Cooper River Bridge, the Tiapei Financial Center the LA-1 Bridges and most recently the Pensacola Bay bridge and I-4 Ultimate. Responsibilities on these projects included reviewing and assisting in the development of specifications, developing and implementing load test programs, reducing raw data to provide design values and report results.

His specialties include: Pile Driving Analyzer (PDA), WEAP, CAPWAP Analysis, Embedded Data Collector (EDC), pile capacity evaluation, Pile Integrity Testing (PIT), Rapid Load Testing (Statnamic and RLT), static load testing, foundation design, crosshole sonic logging, and instrumentation. Current PDCA PDA ranking is Master level. He also has a thorough knowledge of Florida Department of Transportation 455 Specification and the operating procedures of FDOT.

Work History:

1991 - 1996 - Central Concrete Products- responsibilities included supervision of up to 4 crews, constructed FDOT gravity walls, curb and gutter, foundations for minor bridges, outfall structures, etc. Worked with engineers in resolving issues with conflict structures. Also, was required to have plan reading skills and an understanding of the FDOT specification.

1996 - 1998 - University of South Florida/FHWA - research for the development of a new method to interpret rapid load testing data. This work included performing and analyzing rapid, dynamic and static load tests.

1998 - 2004 - Applied Foundation Testing - Advanced from Engineering Intern to Geotechnical Engineer. Responsibilities included office and lab management as well as foundation testing and engineering.

2004 - Present - Foundation & Geotechnical Engineering- Founder/Principal Engineer responsible for business development, office management as well as foundation engineering tasks.

Summary of Relevant Experience:

I-95 HOV Widening-South of PGA Blvd. to South of Donald Ross Road - Training on auger cast pile installation, dynamically monitor test piles, observe and evaluate drilled shaft installation, CSL testing, review of CAPWAPS and WEAPs used in recommendations for production pile lengths and criteria. From: 8/08 to 10/11 **-Reference:** Project Manager:Matt GisondiDistrict Geotechnical Engineer - Phone No.: 954-677-7038
Corridor Length ≈ 4 miles

NW 74th Street Interchange - North of Sunrise Blvd. to Atlantic Blvd. - Dynamically monitor test piles, CAPWAPs, WEAPs, establish production pile lengths and driving criteria. Perform pile integrity testing to evaluate driven piles. From: 11/06 to 9/09- **Reference:** Project Manager: Wing Heung, Turnpike Lead Geotechnical Engineer - Telephone No.: 954-934-1154
Corridor Length ≈ 2 miles

Thomas J Petty Jr.
Senior Geotechnical Technician

Office Location: Plant City, FL
Experience: 16 years
Education:
B.A., Environmental Studies/Geology, Eckerd College (2007)
Certification:
PDCA PDA Proficiency - Master
CTQP - Pile Driving Inspector TIN#P30083084

Current Responsibilities:

Mr. Petty has 16 years experience in the field of geotechnical engineering and foundation engineering for several projects throughout the United States. Over the last 15 years he has been involved with the management and testing of many projects including Interstate 275 Improvements, Interstate 95 Interchanges Operational Improvements, FLL International Airport Runway Expansion over US Highway 1, and Gulf Intracoastal Waterway West Closure Complex.

His specialties include: Pile Driving Analyzer (PDA), WEAP Analysis, CAPWAP Analysis, Cross-Hole Sonic Logging (CSL), Thermal Integrity Profiling (TIP) and Static Load Testing. Current PDCA PDA ranking is Master level. He also has a well-rounded knowledge of Florida Department of Transportation 455 Specification and the operating procedures of FDOT.

Work History:

2006 - 2007 – Geo-Technologies – Staff Scientist, responsibilities included supervision of up to 2 drilling crews, soil classification, elevation surveys, coordination of geotechnical subsurface investigations, and preparation and reporting of site recommendations for shallow foundations.

2007 - 2018 – Professional Service Industries (PSI) – Senior Project Manager and Principal Consultant, responsibilities included management and implementation of high-strain dynamic pile testing programs, performed CAPWAP and WEAP analysis, prepared drive criteria letters and foundation certification packages, coordination of PDA testing personnel, as well as review and quality control for high-strain dynamic pile testing data and analysis company wide.

2018 - Present – Foundation & Geotechnical Engineering, LLC (FGE) – Senior Project Manager, responsible for office management and coordination of field testing personnel, project management and implementation of high-strain dynamic pile testing programs, perform CAPWAP & WEAP analysis, prepare and review drive criteria and foundation certification packages, perform testing and analysis for drilled shafts using both Cross-Hole Sonic Logging and Thermal Integrity Profiling test methods.

Summary of Relevant Experience:

I-95 Interchanges Operational Improvements, Broward and Palm Beach Counties – Project Specialist – Coordination of PDA testing and pile inspection personnel, dynamically monitor test piles and production piles, CAPWAP analyses, preparation of foundation certification packages for 6 bridge structures. From 4/15 to 10/17 – **Reference:** Matt Gisondi, P.E., FDOT District Geotechnical Engineer (954-677-7038)
Corridor Length ≈ 48 miles

Interstate 75 Widening from North of CR 54 to North of SR 52, Pasco County – Project Specialist - Dynamically monitor production piles, CAPWAP analyses, preparation of foundation certification packages. From 6/15 to 2/17 - **Reference:** Teresa Puckett, P.E., FDOT District Geotechnical Engineer (863-519-4246).
Corridor Length ≈ 6.7 miles

Interstate 275 Reconstruction from East of SR 60 to Downtown Tampa, Hillsborough County – Project Specialist – Dynamically monitor test piles, CAPWAP and WEAP analyses, preparation of pile length letters, pile installation criteria letters and foundation certification packages for 19 bridge structures. From 7/12 to 6/16 – **Reference:** Teresa Puckett, P.E., FDOT District Geotechnical Engineer (863-519-4246).
Corridor Length ≈ 4.2 miles

SHAWN CULLEN
Certified Welding Inspector

PROFESSIONAL EXPERIENCE

Mr. Cullen has been in the construction industry since 1994. Mr. Cullen has experience with laboratory testing of concrete, masonry, and soil samples, along with performing threshold inspections of concrete, masonry, formwork, and reinforcement placement. Mr. Cullen joins us from our Tampa office as Certified Welding Inspector.

GUSTAVE GREAUX

CEI Bridge Paint/Repair Inspector

Gus is a CEI Bridge Inspector with Patel, Greene and Associates (PGA). He has worked in the construction field for over 44 years and is a highly skilled tradesmen in painting, mechanical, electrical, and plumbing. In addition to his construction skills, he has been working as a Quality Assurance (QA) coating inspector on commercial buildings (new construction and repaints), industrial coatings, and bridge painting projects. He has performed QA coating inspection on structural steel in fabrication shops, duplex paint systems over hot-dipped galvanized (HDG) steel, emergency heat straightening projects and maintenance bridge painting (FDOT and municipal).

Experience

Mid-Florida Credit Union Amphitheater, Sound Wall, Hillsborough County, FL, Mid-Florida Credit Union, Quality Assurance Inspector: Gus performed periodic Quality Assurance (QA) of abrasive blasting, surface preparation, and coating application of structural steel beams and columns, light gauge framing, and corrugated wall and roof panels associated with the sound wall. This was a challenging project in regard to scheduling. Coatings-related equipment and supplies were not allowed to be visible to the public during events held at the amphitheater during painting activities. Gus verified conformance with project documents regarding the abrasive blasting, surface preparation, and coating application of high-performance coating systems. ***FPID:*** *N/A;* ***Reference:*** *Jaime Ghitelman, PE; 954.980.0665;* ***Dates:*** *3/2024 – 6/2024*

Pinellas Gateway Expressway, 10 Steel and Concrete Bridges, Pinellas County, FL, FDOT District Seven, Quality Assurance Coatings Inspector: Gus performed full-time Quality Assurance (QA) of surface preparation and coating application of structural steel and concrete during the new construction of 10 bridge structures. Gus verified conformance with surface preparation and coating application of high-performance coating systems. ***FPID:*** *433880-1 and 424501-2;* ***Reference:*** *Raymon Monson, PE; 727.212.4852;* ***Dates:*** *12/2022 – 2/2023 and 11/2023 - 03/2024*

CEI Services for Polk Parkway Bridge Painting, Polk County, FL, Florida's Turnpike Enterprise, CEI Bridge Paint/Repair Inspector: This project included localized concrete repairs and spot repair/full over-coat application on seven bridges along SR570/Polk Parkway. Gus provided full-time monitoring of the painting and concrete, as well as maintenance of traffic operations for compliance with Technical Special Provisions and the Temporary Traffic Control Plan. ***FPID:*** *428972-1 and 431123-2;* ***Reference:*** *Yared Worku, PE, Construction Project Manager, 352.870.9632;* ***Dates:*** *8/2023-11/2024*

Apollo Beach Extension – Paseo Al Mar Boulevard over I-75 (Bridge No. 104495), Hillsborough County, FL, FDOT District Seven, Quality Assurance Coatings Inspector: Gus provided full-time Quality Assurance Inspections for the surface preparation and application of a high-performance coating system during the new construction of this elevated flyover bridge with four lanes, bike paths, and sidewalks at Paseo al Mar Boulevard over I-75. ***FPID:*** *438752-1;* ***Reference:*** *Kevin Daugherty, P.E., Project Engineer, 239.336.9272;* ***Dates:*** *4/2022-05/2022*

ISTVAN "STEVE" ZSIBOK

CEI Bridge Paint/Repair Senior Inspector

Steve is a CEI Bridge Inspector with Patel, Greene and Associates (PGA). He has over 18 years of experience in the field of bridge, commercial and residential inspections, sandblasting, and protective coatings. Prior to joining PGA, Steve spent years as a full-time Quality Control Inspector for a major construction and rehabilitation company. Throughout his career, Steve coordinated extensively with engineers and contractors to ensure timely completion of projects. This has allowed him to develop excellent working relationships and further his knowledge and understanding of specifications, industrial painting operations, and applicable environmental laws and regulations. Steve has also prepared Quality Control (QC) procedures for paint operations and multiple other project-level documents.

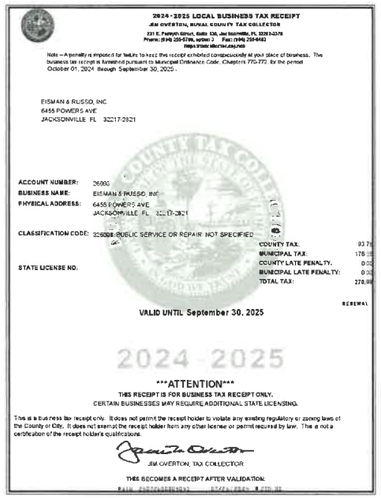
POLK COUNTY ENTITY



Eisman & Russo, Inc. (E&R) has been a dedicated part of Polk County for nearly seven years, growing alongside the community we serve. Our journey began in September 2018 with our first local office in Winter Haven. As our projects expanded, so did our presence — supporting transportation infrastructure needs and County initiatives with offices in Winter Haven (September 2018 — May 2024), Lake Wales (August 2020 – September 2024) and Lake Hamilton (May 2023 – December 2024). Today, our permanent location at 301 S. Woodlawn Ave in the City of Bartow reinforces our long-standing commitment to Polk County's infrastructure and development.

Our current location includes 15 full-time CEI staff and puts us just minutes away from the Polk County Roads & Drainage Division on Sheffield Road.

COMMITMENT TO SMALL, MINORITY AND LOCAL BUSINESSES

The **Eisman & Russo, Inc. (E&R)** team is comprised of multiple, diversified subconsultants. E&R is dedicated to creating and expanding opportunities and cultivating growth of small, local and minority business enterprises which adds value to Polk County and the community we serve.

COMMITMENT TO DIVERSITY AMONG DIRECTORS, OFFICERS, MEMBERS AND/OR EMPLOYEES THAT MAKE UP EISMAN & RUSSO

E&R considers all applicants for employment. It is our policy not to discriminate against any employee or applicant for employment because of race, color, religion, creed, national origin, sex or age. We ensure and maintain a working environment free of harassment, intimidation and coercion. E&R maintains a highly active Affirmative Action Plan. We have worked diligently to develop maximum diversity in both our workforce and our subconsultant relationships.

E&R historically provides opportunities for minorities and women to receive employment, training, and promotion to higher positions within the organization. We actively recruit talented individuals who have a strong desire to work in engineering-related fields and provide them the opportunity to achieve their goals. **As of February 2025, Eisman & Russo's workforce diversity participation is greater than 40% (women and minorities with many of our staff being veterans and military).**

COMMITMENT TO DIVERSITY

E&R Employees	Total Number	Percent Minority
African-American	6	3.6%
Hispanic	28	16.7%
Asian	6	3.6%
Native American	1	0.6%
2 or more races	3	1.8%
Woman	24	14.4%
Total Employees	167	40.7%

COMMITMENT TO DIVERSITY WITHIN THE COMMUNITY AND BEYOND

Polk County understands that diversity is key to the County's economic engine and that the economic growth potential of any community is based on its commitment to creating opportunity for all those who qualify. E&R is likewise committed to being a partner with Polk County to foster an environment that creates opportunity for all. Through our involvement in Construction Career Days (CCD), we continually seek opportunities to recruit graduating minority students for training and career opportunities in the field of engineering. We have upheld our joint commitment to creating diversity in the workforce and have improved the quality of life for the successful trainee and company participants. An example of E&R's commitment in the utilization of DBE/SBE/MBE firms is verified in our FDOT DBE UTILIZATION GRADES over the past five years with an average A+ grade equaling over 20% minority subconsultant utilization.

COMMITMENT TO UTILIZE MINORITY, WOMEN-OWNED, SMALL BUSINESSES

E&R understands the need to support minority and women-owned business goals established by the Polk County Board of County Commissioners and we have included the below listed subconsultants on our project team for the Thompson Nursery Road project. *Copies of their minority certifications are in the following pages*.

DBE * Firm	Address/ Phone	Service
3G Engineering & Consulting Services*	10244 E Colonial Dr, #112, Orlando, FL 32817 (407.437.2623)	CEI
Elipsis Engineering and Consulting*	6790 New Tampa Hwy, Lakeland, FL 33815 (407.982.7275)	CEI
MTN Resources, LLC*	719 Laurel Way, Casselberry, FL 32707 (407.756.6165)	EEO Compliance
Roberts Consulting Group*	117 Quailwood Dr, Winter Haven, FL 33880 (863.412.2533)	Materials/CEI/Asphalt
Patel, Greene & Associates*	215 E Main St, Bartow, FL 33830 (863.533.7317)	Coatings Specialists/CEI

CONTRACTOR CLAIMS MINIMIZATION

We are catalysts to effective construction and proactively manage projects, working with contractors and utilities to facilitate timely completion and mitigate problems to minimize claims and impacts to residents and businesses. Our team has very successfully worked with a variety of contractors with various reputations for cooperation, claims, and completion; however, our partnering approach and dedicated focus on helping achieve a fair conclusion to all issues has resulted in good projects from all contractors. Many of the contractors with which we have a proven, successful history are also well known to Polk County staff including Jr. Davis Construction Co, Ajax Paving Industries, Prince Contracting, Cobb Site Development, and Watson Civil Construction.

This same approach extends to working with local utility owners when installing facilities for them as part of projects and has resulted in local utility owners being very pleased with our dedication to providing an excellent product, on-schedule, avoiding claims, and initiating cost savings. As an example, we did multiple utility installations (over $6M) for the City of Winter Haven and they provided a 95% satisfaction with our performance on previous questionnaires.

Our first initiative toward claims avoidance is to help ensure the contract plans and specifications are clear, consistent, feasible, and as "air-tight" as possible so we engage at many points during the project development. We review concepts and preliminary designs for feasibility and cost/time savings alternatives, work with utility companies to refine UWS(s) to focus on critical areas and particularly "prior to construction" work, perform constructability reviews of the Phase IV plans, and at 100% plans we perform a final bidability review to help ensure a cohesive plan set. Throughout the process we coordinate with clients and design EORs to discuss our findings and collaborate on the best way to utilize our comments to improve the project and minimize potential for cost or time claims.

Once a contract is awarded, we start meeting informally with the contractor to begin building working relationships, discuss project constraints, and collaboratively develop the approach to a successful project. As the initial base line schedule is developed our review looks to ensure all activities are accurately accounted for but beyond that we look for avenues to help the contractor advance his schedule and shorten the critical path. We suggest concurrent work opportunities, including rephasing of work or additional work areas to mitigate issues or to provide more efficient construction to gain float in the schedule. This forward thinking helps build a reserve of float time which can be used to minimize claims if there are delays. This schedule advancement has the added benefit of increasing the potential for finishing early, saving money for our clients, and providing a new roadway facility to the traveling public. This team's most recent project, US 27 at SR 60, started with the contractor submitting an initial claim for 575 days and 1.2 million dollars. Through intense schedule analysis, innovation, and daily contractor interactions, the E&R team found opportunities for concurrent work in concrete pavement activities by combining multiple MOT phases into a single phase. Additionally, E&R found an opportunity to gain significant time by working with the City of Lake Wales and the freight community to allow the closure of the US 27 over a 3-day weekend instead of the 3 months of nightly closures for setting the steel girders. E&R championed this endeavor through the FDOT Executive team to the Governor's office. As a result of this and other time-saving measures, the contractor dropped their initial claim and the project was completed on budget, seven months ahead of schedule.

Claim minimization is a daily effort. Our Project Administrator (PA) walks the project every morning with the contractor's PM to review areas of concern prior to the contractor's work starting. This proactive identification of problems allows the PA to immediately resolve those issues he can and gives time to consult with other parties to address more complex issues. Early identification not only eliminates claims for rework, but it also allows the PA and PM to find other work areas while the issue is resolved which avoids/minimizes extra cost claims. For example, on our US 27/SR 60 project our PA and contractor PM discussing upcoming storm drainage operations on the new Frontage Road determined utility relocations were not as they should be, so to avoid delay the PA identified work in a separate phase on SR 60 placing storm drain and the PM moved his crews there. This eliminated a cost claim for idle labor and equipment and provided time to have the utility fully relocate and not delay the contractor when they returned to Frontage Road.

Our experience is that items discussed weekly at progress meetings ensure all parties are engaged in fixing issues prior to them becoming a delay or claim. We discuss schedule, each utility in detail, as well as RFI's, RFM's and other submittals. We ask at each meeting if the contractor sees any potential issues or concerns. All concerns are tracked with "ball-in-court" accountability until resolution.

Utilities are critical to a successful project and key in claims minimization. The utility work schedule may not always align with the temporary traffic control plans. New utility lines need to be placed before existing lines can be taken out of service and removed. Our focus on these critical interactions during schedule reviews and discussion of upcoming work activities allows us to get ahead of potential utility conflicts which can result in costly delay claims. Case in point, on our SR 542 project, the E&R team determined there was a conflict with storm sewer installation and existing Duke Distribution poles that were to be replaced with new facilities at the right-of way line. E&R coordinated a field meeting with Duke Energy and all sub-leased utilities on the poles to develop a plan of action that, when implemented, successfully relocated all poles well before the contractor's drainage crew reached the location eliminating a major claim.

STAFF AVAILABILITY FOR WORK ASSIGNMENTS

The **Eisman & Russo (E&R)** team is proud to partner with Polk County in a **Master Consulting Agreement for CEI** support services to assist bringing to completion projects in the County's Roads & Drainage work program and support the construction, operation, and maintenance of the County's roadway network.

The nature of this contract with individual Task Work Order (TWO) assignments ranging from long and mid-term, detailed assignments, to "quick burn", single-tasked assignments to meet a specific need. In addition, some assignments may include *miscellaneous services*-type assignments such as providing *in-house or embedded staff* in support of County staff.

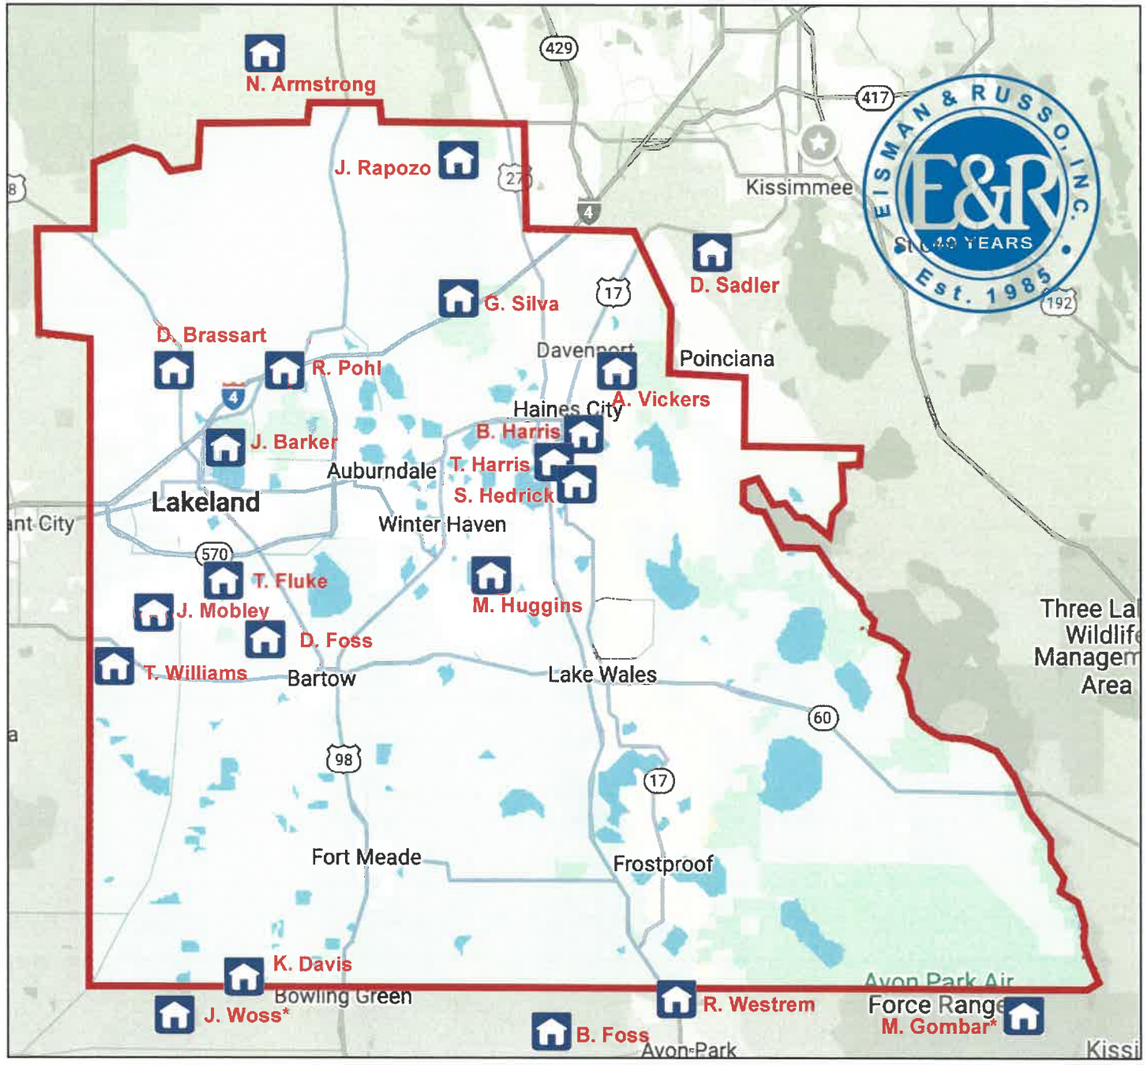
Each of these types of assignments has its unique process for initiation and execution. On the detailed assignments, the project effort, deliverables and schedule can be developed in advance of the project, much like scope development and negotiations on an individual contract. In these types of assignments, E&R will meet with County staff and agree on the terms of the assignment in advance of undertaking the work.

As an extension of Polk County staff, we understand that the requirements and goals of individual assignments are as unique as the places that they are located. To effectively meet the needs of the individual assignment, the team has the resources and flexibility to readily respond to the varied and unique aspects of each assignment. **E&R is your Local CEI Team — *Almost all E&R CEI staff live in Polk County.***

EMBEDDED STAFF & QUICK ASSIGNMENTS

In the "quick burn" type of project, the time frame to complete the assignment often does not allow for a formal scope development and negotiations process. It is therefore incumbent on the team (both the Polk County and E&R) to work together in a mutually respectful process where the assignment is undertaken while the work order is being negotiated. In general, the scope of work for this type of project is easily quantifiable, therefore, the parties can verbally agree on the effort, subject to the final estimation of the costs.

Eisman & Russo, in serving in GEC roles for more than 10 years, has found that there are certain activities that require ongoing services and embedded E&R staff. In these cases, preparing individual work orders is time consuming and not cost-effective. We therefore set up ongoing task orders to provide these services and work against an allowance for these assignments. Typical of these types of assignments are: Project Administration, Pre- and Progress Meeting Attendance, Damage Assessments, Cost Estimation, Value Engineering Reviews, and Utility Coordination.



OFFICE & HOME LOCATION

E&R has had a steady presence in Polk County for nearly seven years. Our office location is 301 S. Woodlawn Ave in the City of Bartow with 15 full-time CEI staff. E&R has developed a strong local presence in Polk County, **with dedicated local staff readily available to support County projects**. We recognize that our staffing workload will be modified to match the County's needs as task assignments ramp up and down.

Below is a list of E&R's Local CEI Team. *A locator map is on the following page.*

Dan Foss, PE - Lakeland	2756 High Ridge Drive	Dave Sadler, PE - St. Cloud	4879 Calasans Avenue

PAST PERFORMANCE SURVEYS

Eisman & Russo, Inc. is pleased to present five Performance Surveys for projects in Tab 3.

Survey Questionnaire – Polk County

RFP 25-308, Roads & Drainage Construction Engineering and Inspection (CEI) Professional Services

To: Jay Wolfe (Name of Person completing survey)

FDOT Construction Project Manager (Name of Client Company/Consultant)

Phone Number: 863-519-4126 Email: jay.wolfe@dot.state.fl.us

Subject: Past Performance Survey of Similar work:

Project name: SR 60 from CR 555 to Broadway Ave and SR 60 from Van Fleet Dr to Peace River Overflow Bridges

Name of Vendor being surveyed: Eisman & Russo, Inc

Cost of Services: Original Cost: $7 Million Ending Cost: Not Complete Yet

Contract Start Date: 12/2024 Contract End Date: Est. Completion 8/25

Rate each of the criteria on a scale of 1 to 10, with 10 representing that you were very satisfied (and would hire the Consultant /individual again) and 1 representing that you were very unsatisfied (and would never hire the Consultant /individual again). Please rate each of the criteria to the best of your knowledge. If you do not have sufficient knowledge of past performance in a particular area, leave it blank.

NO	CRITERIA	UNIT	SCORE
1	Ability to manage cost	(1-10)	10
2	Ability to maintain project schedule (complete on-time/early)	(1-10)	10
3	Quality of workmanship	(1-10)	10
4	Professionalism and ability to manage	(1-10)	10
5	Close out process	(1-10)	10
6	Ability to communicate with Client's staff	(1-10)	10
7	Ability to resolve issues promptly	(1-10)	10
8	Ability to follow protocol	(1-10)	10
9	Ability to maintain proper documentation	(1-10)	10
10	Appropriate application of technology	(1-10)	10
11	Overall Client satisfaction and comfort level in hiring	(1-10)	10
12	Ability to offer solid recommendations	(1-10)	10
13	Ability to facilitate consensus and commitment to the plan of action among staff	(1-10)	10

Board of County Commissioners

REIMBURSABLE COST SCHEDULE

1.	Subcontractor Services	Actual Costs
2.	Travel & Mileage Expenses	In accordance with Chapter 112.061, F.S.; and further defined in the Polk County Employee Handbook for pre-approved out-of-county travel (excluding travel from home offices located outside of Polk County to the Polk County line).
3.	Pre-approved Equipment (includes purchase and rental of equipment used in project)	Actual Costs

MASTER CONSULTING AGREEMENT

THIS AGREEMENT is entered into as of the Effective Date (defined in Section 1.1 below) by and between Polk County (the "County"), a political subdivision of the State of Florida, situated at 330 W. Church Street, Bartow, Florida 33830, and WSB LLC (the "Consultant") a limited liability company, located at 701 Xenia Avenue S, Suite 300, Minneapolis, MN 55416, and whose Federal Employer Identification Number is: 41-1820018.

WHEREAS, the County performs construction, operation, and maintenance services on county roadways; and,

WHEREAS, the County requires certain professional services in connection with the construction engineering and inspection services to assist bring certain projects to completion; and

WHEREAS, the County has solicited for these services via RFP 25-308, an advertised request for proposals (the "RFP"), and has received numerous responsive proposals thereto; and

WHEREAS, pursuant to the RFP, the County has selected the Consultant and the Consultant remains agreeable to providing the County the professional services described herein, and the Consultant represents that it is capable and prepared to do so according to the terms and conditions stated herein;

NOW, THEREFORE, in consideration of the mutual understandings and covenants set forth herein, the parties hereby agree, as follows:

1.0 **Term**

1.1 This Agreement shall take effect on the date of its execution by the County (the "Effective Date").

1.2 The term of this Agreement shall be for a five (5) year time period, commencing upon the Effective Date and remaining in full force and effect thereafter, unless otherwise sooner terminated as provided herein.

2.0 **Services to Be Performed by Consultant**

2.1 Consultant shall perform the services as generally described in (i) the County's Request for Proposals RFP 25-308, to include all attachments and addenda, and (ii) the Consultant's responsive proposal thereto (collectively, (i) and (ii) are "RFP 25-308") all of which are incorporated into this Agreement by this reference, attached hereto as a composite Exhibit "A" and made a part of this

Agreement, and as may be further specifically designated and authorized by the County, in writing (collectively, the "Services"). Such authorization will be referred to as a Consultant Services Authorization ("CSA") or a Contract Purchase Order ("CPO") and all provisions of this Agreement apply to the CSA/CPO with full force and effect as if appearing in full within each CSA/CPO. Each CSA/CPO will set forth a specific Scope of Services, maximum limit of compensation, schedule, liquidated damages and completion date, and shall become effective upon the due execution.

2.2 The Consultant is not authorized to undertake any project without a duly executed CSA/CPO, which shall specify the work to be performed and the time to be completed. Consultant recognizes that the County may employ several different Consultants to perform the work described and that the Consultant has not been employed as the exclusive agent to perform any such services.

2.3 When the Consultant and the County enter into a CSA/CPO where the term of the CSA/CPO expires on a date that is later than the date that the Master Consulting Agreement (MCA) expires, the Consultant and the County agree that the terms of the MCA and any amendments, attachments or provisions thereof are automatically extended until the expiration (including any extension or amendment thereto) or full completion of the requirements of the CSA/CPO have been performed. Cancellation by the County of any remaining work prior to the full completion of the requirements of the CSA/CPO shall cause the terms of the MCA to terminate at the same time. This provision only applies when the expiration of the CSA/CPO extends beyond the expiration of the MCA. It does not apply when a CSA/CPO expires or is cancelled prior to the expiration of the MCA.

3.0 **Compensation**

3.1 General

3.1.1 County shall pay Consultant in accordance with Exhibit "B", "Fee Schedule", which is attached hereto and incorporated by reference as part of this Agreement. The fee schedule identifies all job classifications, which will perform billable services pursuant to this Agreement and the fee for each job classification. Performance of work by personnel in job classifications not listed on the fee schedule will result in nonpayment for such services.

3.1.2 Upon the mutual agreement of the parties, the Fee Schedule, as set out in Exhibit "B" may be adjusted by a written Amendment to the Master Consulting Agreement annually

beginning one year from the Effective Date of this Agreement. Such amendment must be executed by both parties and shall operate prospectively only and shall not alter fee schedules for CSA's/CPO's in effect at the time of the amendment.

3.1.3 Compensation may be negotiated as a not to exceed price or a lump sum amount on a per-project basis, on each individual CSA/CPO.

3.1.4 In the event a not to exceed price is negotiated, compensation shall be billed and paid based on and in accordance with the Hourly Rate Schedule attached hereto and incorporated herein as Exhibit "B". The Hourly Rate Schedule identifies all job classifications which will perform billable services pursuant to this Agreement and the fee for each job classification. Performance of work by personnel in job classifications not listed on the fee schedule will result in nonpayment for such services.

3.1.5 Invoices must reference the applicable CSA/CPO number, using an invoice form approved by the County Auditor.

3.1.6 Each individual invoice shall be due and payable forty-five (45) days after receipt by the County of correct, fully documented, invoice, in form and substance satisfactory to the County with all appropriate cost substantiations attached. All invoices shall be delivered, as applicable based on the particular project:

Polk County Roads and Drainage Division
P.O. Box 9005, Bartow, FL 33830
Attention: Director

3.1.7 In order for both parties herein to close their books and records, the Consultant will clearly state "Final Invoice" on the Consultant's final/last billing to the County. This certifies that all services have been properly performed and all charges and costs have been invoiced to the County. Since this account will thereupon be closed, any and other further charges if not properly included on this final invoice are waived by the Consultant.

3.1.8 Payment of the final invoice shall not constitute evidence of the County's acceptance of the work

3.1.9 Invoices shall be accompanied by time and task records for all billable hours appearing on the invoice. Additional documents may be requested by County and, if so requested, shall

be furnished by Consultant to County Auditor's satisfaction.

3.1.10 By submission of an invoice, the project manager or designated payroll officer is deemed to be attesting to the correctness and accuracy of time charges and requested reimbursements.

3.1.11 Pursuant to Section 3.1.4, if a not to exceed fee is negotiated, invoices shall be accompanied by time and task records for all billable hours appearing on the invoice. Alternatively, if a lump sum amount is negotiated, invoices shall be made upon the completion of each phase of the work in proportion to the Services performed, as specifically set forth in the applicable CSA or CPO. Additional documentation may be requested by the County and, if so requested, shall be furnished by the Consultant to the County Auditor's satisfaction.

3.2 Reimbursable

3.2.1 All requests for payment of out-of-pocket expenses eligible for reimbursement per the negotiated CPO or CSA shall be reimbursed in accordance with the County's Reimbursable Schedule, Exhibit "C", and include copies of paid receipts, invoices or other documentation acceptable to the County's Auditor. Such documentation shall be sufficient to establish that the expense was actually incurred and necessary in the performance of the Scope of Work described in this Agreement, CSA, or CPO.

3.2.2 Mileage and associated travel costs shall be reimbursed in accordance with F.S. 112.061 and County policy for pre-approved out-of-county travel (excluding travel from home offices located outside of Polk County to the Polk County line).

3.2.3 All assets, i.e. durable goods, purchased as reimbursable expenses become the property of the County upon completion of the work for which the asset was utilized. All such assets must be surrendered by delivery to the Polk County Roads and Drainage Division offices upon demand, termination of the Agreement, or the conclusion of the project, whichever occurs first.

3.2.4 Consultant shall maintain a current inventory of all such assets.

4.0 **Insurance**

4.1 General Provisions

4.1.1 Consultant shall maintain, at all times, the following minimum levels of insurance and shall, without in any way altering their liability, obtain, pay for and maintain insurance for

the coverages and amounts of coverage not less than those set forth below and provide the County with a Certificate of Insurance and an opportunity to inspect a certified copy of each policy applicable to this Agreement followed thereafter by an annual Certificate of Insurance satisfactory to the County to evidence such coverage before any work commences.

4.1.2 The County shall be named as an additional insured on all Consultant policies related to the project, excluding professional liability and worker's compensation. The Commercial General Liability and Worker's Compensation Liability policies shall contain a waiver of subrogation in favor of Polk County. All insurance coverage shall be written with an insurer having an A.M. Best Rating of a least the "A" category and size category of VIII.

4.1.3 The Consultant's self-insured retention or deductible per line of coverage shall not exceed $25,000.00 without the permission of the County.

4.1.4 If there is any failure by the Consultant to comply with the provisions of this section, the County may, at its option, on notice to the Consultant, suspend the work for cause until there is full compliance.

4.1.5 County may, at its sole discretion, purchase such insurance at Consultant's expense provided that the County shall have no obligation to do so and if the County shall do so, it shall not relieve Consultant of its obligation to obtain insurance.

4.1.6 The Consultant shall not be relieved of or excused from the obligation to obtain and maintain such insurance amount and coverages.

4.1.7 All Consultants' subconsultants shall be required to include County and Consultant as additional insured on their General Liability Insurance policies.

4.1.8 In the event that subconsultants used by the Consultant do not have insurance, or do not meet the insurance limits, Consultant shall indemnify and hold harmless the County for any claim in excess of the subconsultants' insurance coverage.

4.1.9 The Consultant shall not commence work under this Agreement until all insurance required as stated herein has been obtained and such insurance has been approved by the County.

4.2 Comprehensive Automobile Liability Insurance. $1,000,000.00 combined single limit of liability for bodily injuries, death and property damage resulting from any one occurrence,

including all owned, hired, and non-owned vehicles.

4.3 Commercial General Liability. $1,000,000.00 combined single limit of liability for bodily injuries, death and property damage, and personal injury resulting from any one occurrence, including the following coverages:

4.3.1 Premises and Operations:

Broad Form Commercial General Liability Endorsement to include Blanket Contractual liability (specifically covering, but not limited to, the contractual obligations assumed by the Firm); Personal Injury (with employment and contractual exclusions deleted); and Broad Form Property Damage coverage.

4.3.2 Independent Contractors:

Delete Exclusion relative to collapse, explosion and underground; Property Damage Hazards; Cross Liability Endorsement; and Contractual liability (specifically covering, but not limited to, the contractual obligations assumed by the Firm)

4.4 Umbrella (Excess) Liability Insurance. Umbrella Liability with limits of not less than $1,000,000.00, exclusive of defense costs, to be in excess of all other coverages. Such coverage shall be at least as broad as the primary coverages above, with any excess umbrella layers written on a strict following form basis over the primary coverage. All such policies shall be endorsed to provide defense coverage obligations.

4.5 Professional Liability Insurance. $2,000,000.00 for design errors and omissions, inclusive of defense costs. Consultant shall be required to provide continuing Professional Liability Insurance to cover each project for a period of two (2) years after the project is completed. Insurance requirements may vary depending on projects as determined by the County Director of Risk Management and Insurance. The County may require the Consultant to provide a higher level of coverage for a specific project and time frame.

4.6 Performance, Payment and Other Bonds. Consultant shall furnish Performance and Payment Bonds specific to each project if required and agreed to under the CSA or CPO for the project.

4.7 Worker's Compensation. The Consultant shall provide, pay for, and maintain worker's compensation insurance on all employees, its agents or subcontractors as required by Florida Statutes.

5.0 **Standard of Care**

5.1 Consultant has represented to the County that it has the personnel and experience necessary to perform the work in a professional and workmanlike manner.

5.2 Consultant shall exercise the same degree of care, skill, and diligence in the performance of the Services as is provided by a professional of like experience, knowledge and resources, under similar circumstances.

5.3 Consultant shall, at no additional cost to County, re-perform services which fail to satisfy the foregoing standard of care or otherwise fail to meet the requirement of this Agreement.

5.4 The Consultant warrants that all services shall be performed by skilled and competent personnel to the professional standards in the field.

6.0 **Indemnification**

6.1 General. Having considered the risks and potential liabilities that may exist during the performance of the Services and in consideration of the promises included herein, County and Consultant agree to allocate such liabilities in accordance with this Section.

6.2 Indemnification.

6.2.1 Consultant, to the extent permitted by law, shall indemnify, defend (by counsel reasonably acceptable to County) protect and hold County, and its officers, employees and agents harmless from and against any and all, claims, actions, causes of action, liabilities, penalties, forfeitures, damages, losses and expenses (including, without limitation, attorney's fees costs and expenses incurred during negotiation, through litigation and all appeals therefrom) whatsoever including, but not limited, to those pertaining to the death of or injury to any person, or damage to any property, arising out of or resulting from (i) the failure of Consultant to comply with applicable laws, rules or regulations, (ii) the breach by Consultant of its obligations under this Agreement, (iii) any claim for trademark, patent or copyright infringement arising out of the scope of Consultant's performance or nonperformance of this Agreement, or (iv) the negligent acts, errors or omissions, or intentional or willful misconduct, of Consultant, its professional associates, its subcontractors, agents, and employees provided, however, that Consultant shall not be obligated to defend or indemnify the County with respect to any such claims or damages arising out of the County's sole negligence.

6.2.2 County review, comment and observation of the Consultant's work and performance of this Agreement shall in no manner constitute a waiver of the indemnification provisions of this Agreement.

6.2.3 Consultant agrees that it bears sole legal responsibility for its work and work product, and the work and work product of subconsultants and their employees, and/or for Consultant's performance of this Agreement and its work product(s).

6.3 Survival. Upon completion of all Services, obligations and duties provided for in this Agreement, or in the event of termination of this Agreement for any reason, the terms and conditions of this Agreement shall survive as if the Agreement were in full force and effect.

7.0 **Independent Contractor**

7.1 Consultant undertakes performance of the Services as an independent contractor and shall be wholly responsible for the methods of performance.

7.2 County shall have no right to supervise the methods used, but County shall have the right to observe such performance.

7.3 Consultant shall work closely with County in performing Services under this Agreement.

7.4 The Consultant shall not pledge the County's credit or make it a guarantor of payment or surety for any contract, debt, obligation, judgment, lien or any form of indebtedness and shall have no right to speak for or bind the County in any manner.

7.5 Consultant further warrants and represents that it has no obligation or indebtedness that would impair its ability to fulfill the terms of this Agreement.

8.0 **Authority to Practice**

8.1 The Consultant hereby represents and warrants that it has and will continue to maintain all licenses and approvals required to conduct its business, and that it will at all times conduct its business activities in a reputable manner.

9.0 **Public Records Law**

(a) The Consultant acknowledges the County's obligations under Article I, Section 24, of the Florida Constitution and under Chapter 119, Florida Statutes, to release public records to members of the public upon request and comply in the handling of the materials created under this

Agreement. The Consultant further acknowledges that the constitutional and statutory provisions control over the terms of this Agreement. In association with its performance pursuant to this Agreement, the Consultant shall not release or otherwise disclose the content of any documents or information that is specifically exempt from disclosure pursuant to all applicable laws.

(b) Without in any manner limiting the generality of the foregoing, to the extent applicable, the Contractor acknowledges its obligations to comply with Section 119.0701, Florida Statutes, with regard to public records, and shall:

(1) keep and maintain public records required by the County to perform the services required under this Agreement;

(2) upon request from the County's Custodian of Public Records or his/her designee, provide the County with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law;

(3) ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the term of this Agreement and following completion of this Agreement if the Consultant does not transfer the records to the County; and

(4) upon completion of this Agreement, transfer, at no cost, to the County all public records in possession of the Consultant or keep and maintain public records required by the County to perform the service. If the Consultant transfers all public records to the County upon completion of this Agreement, the Consultant shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Consultant keeps and maintains public records upon completion of this Agreement, the Consultant shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the County, upon request from the County's Custodian of Public Records, in a format that is compatible with the information technology systems of the County.

(c) **IF THE CONSULTANT HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, CONTACT THE COUNTY'S CUSTODIAN OF PUBLIC RECORDS AT:**

RECORDS MANAGEMENT LIAISON OFFICER
POLK COUNTY
330 WEST CHURCH ST.
BARTOW, FL 33830
TELEPHONE: (863) 534-7527
EMAIL: RMLO@POLK-COUNTY.NET

10.0 **Compliance with Laws**

10.1 In performance of the Services, Consultant shall comply with applicable regulatory requirements including federal, state, special district, and local laws, rules, regulations, orders, codes, criteria and standards, including those now in effect and hereafter adopted.

11.0 **Subcontracting**

11.1 The County reserves the right to accept the use of a subcontractor or to reject the selection of a particular subcontractor and to inspect all facilities of any subcontractor.

11.2 If a subcontractor fails to perform or make progress, as required by this Agreement, and it is necessary to replace the subcontractor to complete the work in a timely fashion, the Consultant shall promptly do so, subject to acceptance of the new subcontractor by the County. Failure of a Subcontactor to timely or properly perform its obligations shall not relieve Consultant of its obligations hereunder.

12.0 **Federal and State Taxes**

12.1 The County is exempt from Federal Tax and State Sales and Use Taxes. Upon request, the County will provide an exemption certificate to Consultant. The Consultant shall not be exempted from paying sales tax to its suppliers for materials to fulfill contractual obligations with the County, nor shall the Consultant be authorized to use the County's Tax Exemption Number in securing such materials.

13.0 **Public Entity Crimes**

13.1 The Contractor declares and warrants that neither the Contractor nor any of the Contractor's affiliates, as that term is defined in Section 287.133, Florida Statutes, are subject to the restrictions in Section 287.133, Florida Statutes, regarding the commission of a public entity crime. If during the term of this Agreement, the Contractor or any affiliate is convicted of a public entity crime or is otherwise prohibited from performing work for or transacting business with the County pursuant to Section 287.133, Florida Statutes, then the Contractor shall be in material default of this Agreement, and in such case, the County shall have the rights and remedies as provided herein.

14.0 **County's Responsibilities**

14.1 County shall be responsible for providing access to all County project sites, and providing information in the County's possession that may reasonably be required by Consultant, including; existing reports, studies, financial information, and other required data that are available in the files of the County.

15.0 **Termination of Agreement**

15.1 This Agreement may be terminated by the Consultant upon thirty (30) days prior written notice to the County in the event of substantial failure by the County to perform in accordance with the terms of the Agreement through no fault of the Consultant.

15.2 This Agreement may be terminated by the County with or without cause immediately upon written notice to the Consultant.

15.3 Unless the Consultant is in breach of this Agreement, the Consultant shall be paid for services rendered to the County's satisfaction through the date of termination.

15.4 After receipt of a Termination Notice, as described in this Article 15.0, and except as otherwise directed by the County, the Consultant shall:

15.4.1 Stop work on the date and to the extent specified.

15.4.2 Terminate and settle all orders and subcontracts relating to the performance of the terminated work.

15.4.3 Transfer all work in process, completed work, and other material related to the terminated work to the County.

15.4.4 Continue and complete all parts of the work that have not been terminated.

16.0 **Uncontrollable Forces (Force Majeure)**

16.1 Either party hereunder may be temporarily excused from performance if an Event of Force Majeure directly or indirectly causes its nonperformance. An "Event of Force Majeure" is defined as any event which results in the prevention or delay of performance by a party of its obligations under this Agreement and which is beyond the reasonable control of the nonperforming party. It includes, but is not limited to fire, flood, earthquakes, storms, lightning, epidemic, war, riot, civil disturbance, sabotage, and governmental actions. Neither party shall be excused from performance if non-performance is due to forces which are reasonably preventable, removable, or remediable and which the non-performing party could have, with the exercise of reasonable diligence, prevented, removed, or remedied prior to, during, or immediately after their occurrence. Within five (5) days after the occurrence of an Event of Force Majeure, the non-performing party shall deliver written notice to the other party describing the event in reasonably sufficient detail, along with proof of how the event has precluded the non-performing party from performing its obligations hereunder, and a good faith estimate as to the anticipated duration of the

delay and the means and methods for correcting the delay. The non-performing party's obligations, so far as those obligations are affected by the Event of Force Majeure, shall be temporarily suspended during, but no longer than, the continuance of the Event of Force Majeure and for a reasonable time thereafter as may be required for the non-performing party to return to normal business operations. If excused from performing any obligations under this Agreement due to the occurrence of an Event of Force Majeure, the non-performing party shall promptly, diligently, and in good faith take all reasonable action required for it to be able to commence or resume performance of its obligations under this Agreement. During any such time period, the non-performing party shall keep the other party duly notified of all such actions required for it to be able to commence or resume performance of its obligations under this Agreement.

17.0 **Governing Law and Venue**

17.1 This Agreement shall be governed in all respects by the laws of the State of Florida and any litigation with respect thereto shall be brought only in the courts of Polk County, Florida or the United States District Court, Middle District of Florida located in Hillsborough County, Florida. Each party shall be responsible for its own attorneys' fee and other legal costs and expenses.

18.0 **Non-Discrimination**

18.1 The Consultant warrants and represents that all of its employees are treated equally during employment without regard to race, color, religion, gender, age or national origin.

19.0 **Waiver**

19.1 A waiver by either County or Consultant of any breach of this Agreement shall not be binding upon the waiving party unless such waiver is in writing. In the event of a written waiver, such a waiver shall not affect the waiving party's rights with respect to any other or further breach. The making or acceptance of a payment by either party with knowledge of the existence of a default or breach shall not operate or be construed to operate as a waiver of any subsequent default or breach.

20.0 **Severability**

20.1 The invalidity, illegality, or unenforceability of any provision of this Agreement, or the occurrence of any event rendering any portion or provision of this Agreement void, shall in no way affect the validity or enforceability of any other portion or provision of the Agreement.

20.2 Any void provision shall be deemed severed from the Agreement and the balance

of the Agreement shall be construed and enforced as if the Agreement did not contain the particular portion or provision held to be void.

20.3 The parties further agree to reform the Agreement to replace any stricken provision with a valid provision that comes as close as possible to the intent of the stricken provision.

20.4 The provisions of this section shall not prevent the entire Agreement from being void should a provision which is of the essence of the Agreement be determined to be void.

21.0 **Entirety of Agreement**

21.1 The County and the Consultant agree that this Agreement sets forth the entire Agreement between the parties, and that there are no promises or understandings other than those stated herein.

21.2 This Agreement supersedes all prior agreements, contracts, proposals, representations, negotiations, letters or other communications between the County and Consultant pertaining to the Services, whether written or oral.

21.3 None of the provisions, terms and conditions contained in this Agreement may be added to, modified, superseded or otherwise altered except by written instrument executed by the parties hereto.

22.0 **Modification**

22.1 This Agreement may not be modified unless such modifications are evidenced in writing signed by both County and Consultant. Such modifications shall be in the form of a written Amendment executed by both parties.

23.0 **Successors and Assigns**

23.1 County and Consultant each binds itself and its partners, successors, permitted assigns, and legal representatives to the other party to this Agreement and to the partners, successors, executors, administrators, permitted assigns, and legal representatives of such other party.

23.2 Consultant shall not assign this Agreement without the express written approval of the County by executed amendment, which approval may be withheld in the County's sole discretion.

23.3 In the event of a merger, the surviving corporation shall be substituted for the contracting party to this agreement and such substitution shall be affirmed by the County by executed

amendment.

24.0 **Contingent Fees**

24.1 The Consultant warrants that it has not employed or retained any company or person, other than a bona fide employee working solely for the Consultant to solicit or secure this Agreement and that it has not paid or agreed to pay any person, company, corporation, individual or firm, other than bona fide employee working solely for the Consultant, any fee, commission, percentage, gift or any other consideration contingent upon or resulting from the award or making of this Agreement.

25.0 **Truth-In-Negotiation Certificate**

25.1 Execution of this Agreement by the Consultant shall act as the execution of a Truth-in-Negotiation certificate certifying that the wage rates and costs used to determine the compensation provided for in this Agreement are accurate, complete, and current as of the Effective Date of this Agreement.

25.2 The said rates and costs shall be adjusted to exclude any significant sums should the County determine that the rates and costs were increased due to inaccurate, incomplete or noncurrent wage rates or due to inaccurate representations of fees paid to outside consultants. The County shall exercise its rights under this "Certificate" within one (1) year following payment.

26.0 **Ownership of Documents**

26.1 Consultant shall be required to cooperate with other consultants relative to providing information requested in a timely manner and in the specified form. Any and all documents, records, disks, original drawings, or other information shall become the property of the County for its use and/or distribution as may be deemed appropriate by the County. Consultant is not liable for any damages, injury or costs associated with the County's use or distribution of these documents for purposes other than those originally intended by Consultant.

27.0 **Access and Audits**

27.1 Consultant shall maintain adequate records to justify all charges and costs incurred in performing the work for at least three (3) years after completion of this Agreement. The County shall have access to such books, records, and documents as required in this section for the purpose of inspection or audit during normal business hours at the Consultant's place of business.

27.2 Misrepresentations of billable time or reimbursable expenses as determined by the Auditor to the Polk County Board of County Commissioners shall result in the recovery of any resulting overpayments. The County's cost of recovery shall be the sole expense of the Consultant, including accounting and legal fees, court costs and administrative expenses.

27.3 Intentional misrepresentations of billable hours and reimbursable expenses will be criminally prosecuted to the fullest extent of the law.

27.4 All invoices submitted are subject to audit and demand for refund of overpayment up to three (3) years following completion of all services related to this Agreement.

28.0 **Notice**

28.1 Any notice, demand, communication, or request required or permitted hereunder shall be in writing and delivered in person or sent by Federal-Express or by Certified Mail, postage prepaid as follows:

As to County: Roads and Drainage Division
P.O. Box 9005
Bartow, FL 33830
Attention: Director

As to Consultant: WSB LLC
701 Xenia Avenue S
Suite 300
Minneapolis, MN 55416

28.2 Notices shall be effective when received at the addresses as specified above. Changes in the respective addresses to which such notice is to be directed may be made from time to time by either party by written notice to the other party. Facsimile transmission is acceptable notice effective when received, however, facsimile transmissions received (i.e.; printed) after 5:00 p.m., or on weekends or holidays, will be deemed received on the next business day. The original of the notice must additionally be mailed as required herein.

28.3 Nothing contained in this Article shall be construed to restrict the transmission of routine communications between representatives of Consultant and County.

29.0 **Service of Process**

As to County: County Attorney
County Administration Building
330 W. Church Street, 4th Floor

Bartow, Florida 33830

As to Consultant: WSB LLC
701 Xenia Avenue S
Suite 300
Minneapolis, MN 55416

30.0 **Contract Administration**

30.1 Services of Consultant shall be under the general direction of the Roads and Drainage Division Director, or their successor, who shall act as the County's representative during the term of this Agreement.

31.0 **Key Personnel**

31.1 Consultant shall notify County in the event of key personnel changes, which might affect this Agreement. To the extent possible, notification shall be made within ten (10) days prior to changes. Consultant at County's request shall remove without consequence to the County any Subcontractor or employee of the Consultant and replace him/her with another employee having the required skill and experience. County has the right to reject proposed changes in key personnel. The following personnel shall be considered key personnel:

Name: Udin Ogeer-Dwarica

Name: Chris Hiehle

Name: Chris Nolen

Name: Andrew Bailey

Name: Monica Costa

Name: Siva Bathula

32.0. **Annual Appropriations**

32.1 Consultant acknowledges that the County, during any fiscal year, shall not expend money, incur any liability, or enter into any agreement which, by its terms, involves the expenditure of money in excess of the amounts budgeted as available for expenditure during such fiscal year. Any agreement, verbal or written, made in violation of this subsection is null and void, and no money may be paid on such agreement. Nothing herein contained shall prevent the making of agreements for a period exceeding one year, but any agreement so made shall be executory only for the value of the services to be rendered or agreed to be paid for in succeeding fiscal years. Accordingly, the County's performance and

obligation to pay under this agreement is contingent upon annual appropriation.

33.0 **Liquidated Damages**

33.1 The parties hereto agree that liquidated damages, in the amount specified in the applicable CSA/CPO, will be assessed against the Consultant for Consultant's failure to meet the final deliverable date in the Performance Schedule in the Scope of Work, but only to the extent and in proportion to Consultant's fault in causing the delay as compared to other causes, and to the extent the Consultant is not delayed by reasons beyond Consultant's reasonable control.

34.0 Employment Eligibility Verification (E-VERIFY)

A. Unless otherwise defined herein, terms used in this Section which are defined in Section 448.095, Florida Statutes, as may be amended from time to time, shall have the meaning ascribed in said statute.

B. Pursuant to Section 448.095(5), Florida Statutes, the contractor hereto, and any subcontractor thereof, must register with and use the E-Verify system to verify the work authorization status of all new employees of the contractor or subcontractor. The contractor acknowledges and agrees that (i) the County and the contractor may not enter into this Agreement, and the contractor may not enter into any subcontracts hereunder, unless each party to this Agreement, and each party to any subcontracts hereunder, registers with and uses the E-Verify system; and (ii) use of the U.S. Department of Homeland Security's E-Verify System and compliance with all other terms of this Certification and Section 448.095, Fla. Stat., is an express condition of this Agreement, and the County may treat a failure to comply as a material breach of this Agreement.

C. By entering into this Agreement, the contractor becomes obligated to comply with the provisions of Section 448.095, Fla. Stat., "Employment Eligibility," as amended from time to time. This includes but is not limited to utilization of the E-Verify System to verify the work authorization status of all newly hired employees, and requiring all subcontractors to provide an affidavit attesting that the subcontractor does not employ, contract with, or subcontract with, an unauthorized alien. The contractor shall maintain a copy of such affidavit for the duration of this Agreement. Failure to comply will lead to termination of this Agreement, or if a subcontractor knowingly violates the statute or Section 448.09(1), Fla. Stat., the subcontract must be terminated immediately. If this Agreement is terminated pursuant to Section 448.095, Fla. Stat., such termination is not a breach of contract and may not be considered as such. Any challenge to termination under this provision must be filed in the Tenth Judicial Circuit Court of Florida no later than 20 calendar days after the date of termination. If this Agreement is terminated for a violation of Section 448.095, Fla. Stat., by the contractor, the contractor may not be awarded a public contract for a period of 1 year after the date of termination. The contractor shall be liable for any additional costs incurred by the County as a result of the termination of this Agreement. Nothing in this Section shall be construed to allow intentional discrimination of any class protected by law.

35.0 Limitation of Liability.

IN NO EVENT, SHALL THE COUNTY BE LIABLE TO THE CONSULTANT FOR INDIRECT, INCIDENTAL, CONSEQUENTIAL, SPECIAL, EXEMPLARY, OR PUNITIVE DAMAGES OF ANY KIND OR NATURE, INCLUDING LOSS OF PROFIT, WHETHER FORESEEABLE OR

NOT, ARISING OUT OF OR RESULTING FROM THE NONPERFORMANCE OR BREACH OF THIS CONTRACT BY THE COUNTY WHETHER BASED IN CONTRACT, COMMON LAW, WARRANTY, TORT, STRICT LIABILITY, CONTRIBUTION, INDEMNITY OR OTHERWISE.

36.0 Scrutinized Companies and Business Operations Certification; Termination.

A. Certification(s).

(i) By its execution of this Agreement, the Vendor hereby certifies to the County that the Vendor is not on the Scrutinized Companies that Boycott Israel List, created pursuant to Section 215.4725, Florida Statutes, nor is the Vendor engaged in a boycott of Israel, nor was the Vendor on such List or engaged in such a boycott at the time it submitted its bid, proposal, quote, or other form of offer, as applicable, to the County with respect to this Agreement.

(ii) Additionally, if the value of the goods or services acquired under this Agreement are greater than or equal to One Million Dollars ($1,000,000), then the Vendor further certifies to the County as follows:

(a) the Vendor is not on the Scrutinized Companies with Activities in Sudan List, created pursuant to Section 215.473, Florida Statutes; and

(b) the Vendor is not on the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, created pursuant to Section 215.473, Florida Statutes; and

(c) the Vendor is not engaged in business operations (as that term is defined in Florida Statutes, Section 287.135) in Cuba or Syria; and

(d) the Vendor was not on any of the Lists referenced in this subsection A(ii), nor engaged in business operations in Cuba or Syria when it submitted its proposal to the County concerning the subject of this Agreement.

(iii) The Vendor hereby acknowledges that it is fully aware of the penalties that may be imposed upon the Vendor for submitting a false certification to the County regarding the foregoing matters.

B. Termination. In addition to any other termination rights stated herein, the County may immediately terminate this Agreement upon the occurrence of any of the following events:

(i) The Vendor is found to have submitted a false certification to the County with respect to any of the matters set forth in subsection A(i) above, or the Vendor is found to have been placed on the Scrutinized Companies that Boycott Israel List or is engaged in a boycott of Israel.

(ii) The Vendor is found to have submitted a false certification to the County with respect to any of the matters set forth in subsection A(ii) above, or the Vendor is found to have been placed on the Scrutinized Companies with Activities in Sudan List, or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or has been engaged in business operations in Cuba or Syria, and the value of the goods or services acquired under this Agreement are greater than or equal to One Million Dollars ($1,000,000).

37. No Construction Against Drafter

37.1 The Parties acknowledge that this Agreement and all the terms and conditions contained

herein have been fully reviewed and negotiated by the Parties. Accordingly, any rule of construction to the effect that ambiguities are to be resolved against the drafting party shall not apply in interpreting this Agreement.

38. Unauthorized Alien(s)

The Consultant shall not employ or utilize unauthorized aliens in the performance of the Services provided pursuant to this Agreement. The County shall consider the employment or utilization of unauthorized aliens a violation of Section 274A(e) of the Immigration and Naturalization Act (8 U.S.C. 1324a) and a cause for the County's unilateral termination of this Agreement. When delivering executed counterparts of this Agreement to the County, the Consultant shall also deliver a completed and executed counterpart of the attached "AFFIDAVIT CERTIFICATION IMMIGRATION LAWS" form.

(THE REMAINDER OF THE PAGE LEFT INTENTIONALLY BLANK)

IN WITNESS WHEREOF, the parties hereto have executed this Agreement as of the Effective Date.

PROPOSAL SUBMITTAL INSTRUCTIONS

Proposers must submit their proposal prior to 2:00 p.m. on the receiving date. Proposals must be submitted in a “sealed” parcel or electronically through Polk County’s secure website, Kiteworks. Proposals will be publicly opened at 2:00 p.m. on the receiving date.

Sealed Parcel Submittal:

If you are submitting a sealed parcel proposal submit one (1) original marked ORIGINAL and five (5) copies marked COPY of the proposal in a sealed parcel to the Procurement Division. The parcel should be labeled “RFP #25-308, Roads & Drainage Construction Engineering and Inspection (CEI) Professional Services” and marked with the proposer’s name and address. The Proposals may be mailed or delivered to:

Polk County Procurement Division
330 West Church Street, Room 150
Bartow, FL 33830

To assist with labeling the sealed parcel, please cut along the outer border and affix this label. Be sure to include the name of the company submitting the proposal where requested.

Sealed Proposal. DO NOT OPEN	
RFP Number	25-308
RFP Title	Roads & Drainage Construction Engineering and Inspection (CEI) Professional Services
Due Date/Time:	April 9, 2025, prior to 2:00 pm
Submitted by:	
Deliver To:	Polk County Procurement Division 330 West Church Street, Room 150, Bartow, Florida 33830

Proposals may be mailed, express mailed or hand delivered. It is the Proposers responsibility to ensure their package is delivered to the Procurement Division prior to 2:00 p.m. on the Receiving date and time referenced above. Proposals delivered at 2:00 p.m. or later will not be accepted.

Electronic Proposals Submittal:

All prospective Proposers that are interested in submitting their proposals electronically can do so via the County's secure electronic submittal website, Kiteworks. Proposers must email kenbrush@polk-county.net at least 48 hours prior to opening to receive a link to upload their submittal. Please only upload your documents as a PDF or Excel file for the Cost Tab, if applicable. Please use the name convention of your files as follow:

"RFP 25-308 Tab 1"

"RFP 25-308 Tab 2"

"RFP 25-308 Tab 3"

"RFP 25-308 Tab 4"

"RFP 25-308 Tab 5"

"RFP 25-308 Tab 6"

"RFP 25-308 Tab 7"

"RFP 25-308 Tab 8"

For more instructions, a video tutorial has been produced to further explain the electronic solicitation submittal process. It can be found by clicking here for RFP Submittals: https://youtu.be/vkn_7AHgioE. If you need assistance accessing this website due to ADA or any other reason, please email Ken Brush at kenbrush@polk-county.net.

Procurement recommends that Proposers submitting electronically double check the documents submitted into Kiteworks to ensure all requested tab information has been uploaded. Failure to upload the requested tab information may result in the proposal being deemed nonresponsive.

POLK COUNTY
Procurement Division
Fran McAskill
Procurement Director
REQUEST FOR PROPOSAL 25-308
Roads & Drainage Professional Engineering Services for Construction Engineering and Inspection

Sealed proposals will be received in the Procurement Division, **Wednesday, April 9, 2025, prior to 2:00 p.m.**

Attached are important instructions and specifications regarding responses to this Request for Proposal (the "RFP"). The failure of a responding proposer (a "Proposer") to follow these instructions could result in Proposer disqualification from consideration for a contract to be awarded pursuant to this RFP.

This document is issued by Polk County (the "County") which is the sole distributor of this RFP and all addenda and changes to the RFP documents. The County shall record its responses to inquiries and provide any supplemental instructions or additional documents pertaining to this RFP in the form of written addenda to the RFP. The County shall post all such addenda, together with any other information pertaining to this RFP, on the County's website at

http://www.polk-county.net/procurement/procurement-bids. It is the sole responsibility of each Proposer to review the website prior to submitting a responsive proposal (a "Proposal") to this RFP to ensure that that the Proposer has obtained all available instructions, addenda, changes, supporting documents, and any other information pertaining to this RFP.

The County is not responsible for any solicitations issued through subscriber, publications, or other sources not connected with the County and the Proposer should not rely on such sources for information regarding the RFP solicitation.

Questions regarding this RFP must be in writing and must be sent to Ken Brush via email at kenbrush@polk-county.net or via fax at (863) 534-6789. All questions must be received by March 31, 2025, 4:00 p.m.

Proposers and any prospective Proposers shall not contact, communicate with or discuss any matter relating in any way to this RFP with any member of the Polk County Board of County Commissioners or any employee of Polk County other than the County Procurement Director or the individual designated above. This prohibition begins with the issuance of the Request for Proposal and ends upon execution of a contract. Any such communication initiated by a Proposer or prospective proposer shall be grounds for disqualifying the offender from consideration for a contract to be awarded pursuant to this RFP and for contracts to be awarded pursuant to RFPs or Requests for Bid that the County may issue in the future.

A Proposer's responsive Proposal to this RFP may be mailed, express mailed, or hand delivered to:

Polk County Procurement Division
330 West Church Street, Room 150
Bartow, Florida 33830
(863)534-6757

INTRODUCTION

Polk County, a political subdivision of the State of Florida seeks professional CEI Services for Roads and Drainage, and as further defined in the Scope of Services below.

Polk County's Selection Process for consultants' services is in accordance with Section 287.055, Florida Statutes, the Consultants' Competitive Negotiations Act ("CCNA"). The Professional Services Selection Committee will review the qualifications of all submitting firms.

It is the intent of the County to select and negotiate a Master Consulting Agreement with one (1) or more firm(s).

The County will negotiate a fee schedule and or overall lump sum price as part of "Selection Process", Elevation Level 4 Contract Negotiations.

Services under this contract will be in compliance with Section 287.055 of the Florida Statutes referred to as the "Consultants' Competitive Negotiation Act" (CCNA). Polk County's Procurement Procedure's Manual outlines the Procedures for Contracting for Professional Services Covered by CCNA. These procedures outline the process used for the selection of a consulting firm awarded through this RFP process.

The Successful Proposer must register in our new Vendor Database if you have not already done so prior to award of this RFP. A purchase order cannot be issued to a vendor until they have registered. You may register by going to the following link: https://www.polk-county.net/procurement/vendor-registration. Registered vendors will receive a User ID and Password to access their company information. All registered vendors must provide their owner gender, owner ethnicity, corporate status, and a minimum of one (1) commodity code to be considered registered. It is the responsibility of all vendors to update their vendor information. Only registered vendors will receive notifications of future RFP's.

All services must be performed in accordance with applicable Federal, State and Local regulations.

BACKGROUND, PURPOSE AND SCOPE

Background & Purpose:

The County requires the support of professional consultants for CEI (construction management and inspection) services to assist bringing to completion projects in the County's Roads & Drainage work program and support the construction, operation, and maintenance of the County's roadway network.

SCOPE OF SERVICES

The scope of services shall include, but not be limited to utility coordination, railroad crossing coordination during construction, review of value engineering submittals, construction materials testing, construction management, construction inspection, hazardous material assessments that are discovered during construction, initial

evaluations of drainage or flooding problems that occur during construction, coordination with permitting agencies such as FDOT and SWFWMD.

Anticipated projects for the BoCC include roadway construction, reconstruction, maintenance, repair, or replacement related to roadways, drainage (regional or roadway), stormwater management, railroad crossings, environmental mitigation, bridge repairs and replacements, new sidewalks, intersection improvements including roundabouts, turn lanes, street lighting.

The following is a list of typical services that may be requested under this contract. The list is not intended to be all-inclusive:

1. Provide constructability reviews for projects proposed by developers, other agencies, and County projects. This may include attending meetings and/or acting as a committee member.

2. Provide construction support including, but not limited to: bid review and analysis, responses to bid questions (construction related), attend pre-bid meetings, schedule and run pre-construction meetings, construction management, construction inspection, schedule and run construction progress meetings, perform reviews of as-built surveys, final certifications, review pay requests, and assist with project close outs.

3. Provide CEI (construction management and inspection) services including hybrid projects where Consultant and County will jointly staff.

4. Provide Resident Compliance Specialist for LAP (Local Agency Program) projects.

5. Provide engineering staff and inspection staff on loan to the County as needed to supplement the in-house staff in the cases of employee turnover or higher than normal workloads.

6. Perform construction materials testing to ensure adherence of contractor’s work to project specifications.

7. Function as primary point of contact for the County on projects that have an FDOT access permit or construction agreement.

The Consultant shall function as an extension of the County's resources by providing qualified technical and professional personnel to perform duties and responsibilities assigned under the terms of this agreement according to County standards and procedures.

The County shall request Consultant services on an as-needed basis. There is no guarantee that any or all of the services described in this agreement will be assigned during the term of this agreement. Further, the Consultant is providing these services on a non-exclusive basis. The County, at its option, may elect to have any of the services set forth herein performed by other consultants or County staff.

The Consultant's home or branch offices may support this contract.

The County shall request the services on an as-needed basis. There is no guarantee that any or all of the services described in this agreement will be assigned during the term of this agreement. Further, the Consultant is providing these services on a nonexclusive basis. The County, at its option, may elect to have any of the services set forth herein performed by other consultants or County staff.

AGREEMENT
The Master Consulting Agreement will be for five (5) years unless otherwise terminated in accordance with the master service agreement.

EVALUATION CRITERIA
Proposals should not contain information in excess of that requested, must be concise, and must specifically address the issues of this RFP. Unnecessarily elaborate brochures or other presentations beyond those sufficient to present a complete and effective response to this RFP are not desired and may be construed as an indication of the Proposer’s lack of cost consciousness. Elaborate artwork, expensive visual aids, and other presentation aids are neither necessary nor desired unless specifically requested. The Proposal responses shall be contained within a three-ring binder (original and each copy in separate binders). For the purposes of this RFP, one page equals a single sided page. It is requested that the responses be in the same order as the selection and evaluation procedures. The submittals should include the following:

Tab 1 Executive Summary
(Items a-c: Maximum of two (2) pages

a) Name, company name, address, telephone number, and email address.
b) State the number of years in business, as the same company/firm.
c) State the number of full-time employees.
d) Provide documentation showing proper incorporation by the Secretary of State.
e) Provide a copy of the firm’s applicable certification(s) from the State of Florida allowing them to provide the services as outlined in the Scope of Service as well as compliance with F.S. 287.055

Tab 2 Approach to the Project (35 points)
(Maximum of four (4) pages)

a) Provide a short narrative project approach outlining how you propose to staff each type of project that is assigned to your firm. For example, drainage improvements, new sidewalk construction, intersection improvements, signalization projects including drilled shafts and mast arms, street lighting.
b) Please describe your firm's experience and capabilities in dealing with customer complaints which may include adjacent property owners and the traveling public. Please include at least one example of a complaint received and how your firm worked to resolve the issue.
c) Briefly describe firm's experience in coordinating and facilitating utility relocations on the types of projects that are described in the Scope of Services.
d) Briefly describe firm's experience in coordinating with the FDOT Permitting Office on projects where there is an access permit or a construction agreement in place.

Tab 3 Experience, Expertise, Personnel and Technical Resources (35 points)

- Provide a minimum of three (3) and a maximum of five (5) recent projects performed within the past ten (10) years as the prime firm performing the CEI services for road infrastructure projects where the construction costs are under $7.0 million. (Limit response to one (1) page per project)
    - For each project please provide:
        a) Name and location of the project;
        b) Size and cost of the project;
        c) Project representative name, address, phone number, and email address
        d) Start date, date project was completed or is anticipated to be completed; compare to the original date.
        e) The nature of the firm's responsibility on the project;
        f) Identify the key staff and their role in each project;
        g) Identify working relationship of consultants or joint venture on project, if applicable;
        h) Provide the original budget and the final budget of the project. Explain the reason(s) for differences, such as owner requested change, contractor claim, and insufficient plans and specifications.
        i) List of any time extensions created by item h above.
- Provide an organizational chart of the team highlighting the key individuals who will work on this contract.
- The key staff presented in the consultant's response shall be the staff utilized on this contract. Please provide the resumes of the key staff including, but not limited to, the items in the list below (One (1) page maximum per resume):
    a) Name and current position held by the person

b) Name, title and project assignment
c) Experience:
    1) Types of projects.
    2) Size of projects (dollar value of project).
    3) What were their specific project involvements?

- Demonstrate each key staff's availability and office and home location to respond to the needs of the project (Two (2) pages maximum for all key staff member)
- Identify any sub-consultants to be used, if any. For each sub consultant identified please provide:
    - Name of sub-consultant.
    - Address
    - Their locations that can be utilized to expedite a deliverable if required.
    - A brief description of their experience outlining their qualifications to perform the intended services
    - A brief resume for each key personnel that will be assigned to perform the intended services

Tab 4 Is the Firm a "Polk County Entity"? (5 Points)

- There will be a maximum of five (5) points allocated for this Tab. If the Proposer is a Polk County Entity then five (5) points will be allocated. If the Proposer is not a Polk County Entity but is utilizing one or more sub-consultants that are a Polk County Entity to assist in performing the scope of work then the Proposal will be allocated one (1) point for each sub-consultant which is a Polk County Entity up to a maximum of five (5) points. The Polk County Entity sub-consultant(s) must have been identified under Tab 3, Experience, Expertise, Personnel and Technical Resources in order to qualify for point allocation.
- Provide documentation of the Proposers' or sub-consultant's headquarters and local offices, if any, and the amount of time the firm has been located at each such local office. Please also indicate the number of employees at the local office.
- Proposers or sub-consultants will be allocated points if they meet the following Polk County Government definition of Polk County Entity.
    - The term "Polk County Entity" means any business having a physical location within the boundaries of Polk County, Florida, at which employees are located and business activity is managed and controlled on a day to day basis. Additionally, the business must have been located within the boundaries of Polk County for a minimum of 12 months prior to the date the applicable solicitation is issued. This requirement may be evidenced through a recorded deed, an executed lease agreement, or other form of written documentation acceptable to the County. The County shall have the right, but not the obligation, to verify the foregoing requirements.
- In the event a Proposer lists one or more sub-consultants in Tab 4 which is a Polk County Entity and receives point(s) as a result, and after the Proposer is awarded the project, if successful, it is determined that the listed sub-consultant does not

assist in the performance of the scope of work (and is not replaced with an alternative sub-consultant which is a Polk County Entity), then the Proposer acknowledges and agrees that it may be suspended or debarred by the Procurement Director for failure to comply with the conditions, specifications or terms of a proposal or contract with the County or for committing a fraud or misrepresentation in connection with a proposal or contract with the County, in accordance with the Polk County Purchasing Ordinance and Procedures Manual.

Tab 5 Is the Firm a "Certified Woman or Minority Business Enterprise" (5 Points)

- Polk County Board of County Commissioners has a long standing commitment to encouraging the utilization of Women and Minority Businesses that do business with the County as vendors. To that end we encourage all of our prime and professional services vendors to utilize W/MBE vendors where at all possible, irrespective of a company's certification status. Please explain how the submitting firm will encourage minority participation in the project. (Limit response to one page)
- There will be a maximum of five (5) points allocated for this tab. If the Proposer is a Woman or Minority owned business then five (5) points will be allocated. If the Proposer is not a Woman or Minority owned business but is utilizing one or more sub-consultants that are a Women or Minority owned business to assist in performing the scope of work, then the Proposal will be allocated one (1) point for each sub-consultant which meets the County's certification criteria of Women or Minority owned, up to a maximum of five (5) points. The Woman or Minority owned business sub-consultant(s) must have been identified under Tab 3, Experience, Expertise, Personnel and Technical Resources in order to qualify for point allocation.
- Proposers or sub-consultants will be allocated points if they are a certified W/MBE as evidenced by providing the documentation described below.
    - If the Proposer or sub-consultant has a certified W/MBE status, provide documentation of the firms' certified W/MBE status as defined by the Florida Small and Minority Business Act and as defined in Polk County's Purchasing Procedures. Polk County's Purchasing Procedures recognize the following to meet the requirement of a certified W/MBE status:
        - Valid W/MBE Certification from one of the following
            - Florida Minority Supplier Development Council
            - Women Business Enterprise National Council
            - The State of Florida Office of Supplier Diversity
            - Florida Department of Transportation
            - U. S. Small Business Administration
            - Federal Aviation Authority
            - Other Florida governmental agencies

Certifications from other governmental agencies will be considered on a case-by-case basis.

- In the event a Proposer lists one or more sub-consultants in Tab 5 which is a Women or Minority owned business and receives point(s) as a result, and after the Proposer is awarded the project, if successful, it is determined that the listed sub-consultant does not assist in the performance of the scope of work (and is not replaced with an alternative sub-consultant which is a Women or Minority owned business), then the Proposer acknowledges and agrees that it may be suspended or debarred by the Procurement Director for failure to comply with the conditions, specifications or terms of a proposal or contract with the County or for committing a fraud or misrepresentation in connection with a proposal or contract with the County, in accordance with the Polk County Purchasing Ordinance and Procedures Manual.

Tab 6 Interaction with County for Claims Minimization (5 Points)

- Provide description of how CEI staff will work with contractor to minimize claims for time and money. Identify specific strategies that the CEI firm has used on previous projects, such as weekly progress meetings, frequent phone and email conversations with contractor, etc. (Limit response to one (1) page)

Tab 7 – Staff Availability for Work Assignments (5 Points)

- Describe the firms' current and future projected workload. Describe specifically the ability of the firm to provide staff for project assignments as needed. (Limit response to two (1) pages maximum)

Tab 8 Surveys of Past Performance (10 Points)

- Provide reference surveys from past clients for the projects identified under Tab 3.
- Completed surveys. (See Exhibit 1) Procurement will take the average of all surveys and score as follows:
    - Average Score between 9-10 (10 Points)
    - Average Score between 7-8 (8 Points)
    - Average Score between 5-6 (6 Points)
    - Average Score between 3-4 (4 Points)
    - Average Score between 1-2 (2 Points)
    - Average Score of 0 (0 Points)

BID OPENING

Proposers may attend the Bid Opening in person or via conference call by dialing (646) 558-8656 and enter Meeting ID: 327 647 2818. A listing of all proposers will be posted to Procurement's website as soon as possible after bid opening.

Selection Process

Proposals will be evaluated in accordance with this section and all applicable County procurement policies and procedures.

The County shall appoint a selection committee (the "Selection Committee") that will be responsible for evaluating and scoring/ranking the Proposals in accordance with this Section.

The County will use a competitive selection process based on the Elevation Levels described in this Section. At Elevation Levels 2 and 3, the Selection Committee will score and/or rank the Proposals as applicable.

Selection of a final Proposal will be based upon the following steps and factors:

Elevation Level 1 (Procurement Requirements Assessment):

- The County Procurement Division shall review all Proposals for conformance with RFP guidelines and detailed submittal requirements. At the County's discretion, non-conforming Proposals may be eliminated from further consideration and conforming Proposals shall be elevated to Elevation Level 2. Procurement will distribute Proposals and evaluation criteria to the Selection Committee.
- Procurement will also ensure all firms meet the requirement of certification as outlined in Florida Statute 287.055(3)(c).
- The Selection Committee may convene to review questions that arise during individual member review of submitted Proposals before Elevation Level 2 to allow for questions, clarifications, explanations, or other discussion to be held before the review of Proposals is completed.

Elevation Level 2 (Scoring)

- Procurement shall score each Proposal on the following evaluation criteria:
    - Local (Tab 4) - 5 points
    - W/MBE Certification (Tab 5) - 5 points
    - Surveys of Past Performance (Tab 8) - 10 points

    Subtotal Points - 20 points

    by the process stated under each corresponding Tab description as set forth on Pages 8-12.

- Each Selection Committee member shall score each Proposal on the following evaluation criteria:
    - Approach to the Project (Tab 2) - 35 points
    - Experience, Expertise, Personnel and Technical Resources (Tab 3) - 35 points
    - Interaction w/ County for Claims Minimization (Tab 6) - 5 points
    - Staff Availability for Work Assignments (Tab 7) – 5 points

    Subtotal Points-80 points
    by the following process:

1) Each Selection Committee member shall determine which of the following descriptions applies to each of the foregoing evaluation criteria:

- EXCELLENT (1.0): Of the highest or finest quality; exceptional; superior; superb; exquisite; peerless.
  The Proposer provided information for a given criteria that satisfied the requirements and described specifically how and what will be accomplished in such a manner that exhibited an exceptional and superior degree of understanding, skill, and competency, both qualitatively and quantitatively. The facts included in the narrative (including all supporting documentation, diagrams, drawings, charts, and schedules, etc.) demonstrate the Proposer's ability to perform and deliver far beyond expectation.
- VERY GOOD (0.8): To a high degree; better than or above competent and/or skillful.
  The Proposer provided information for a given criteria that satisfied the requirements and described specifically how and what will be accomplished in such a manner that exhibited a very high degree of understanding, skill, and competency, both qualitatively and quantitatively. The facts included in the narrative (including all supporting documentation, diagrams, drawings, charts, and schedules, etc.) demonstrate the Proposer's ability to perform and deliver beyond expectation.
- GOOD (0.6): Having positive or desirable qualities; competent; skilled; above average.
  The Proposer provided information for a given criteria that satisfied the requirements and described specifically how and what will be accomplished in such a manner that exhibited a skillful and above-average degree of understanding, skill, and competency, both qualitatively and quantitatively. The facts included in the narrative (including all supporting documentation, diagrams, drawings, charts, and schedules, etc.) demonstrate the Proposer's ability to perform and deliver at the expected level.
- FAIR (0.4): Average; moderate; mediocre; adequate; sufficient; satisfactory; standard.
  The Proposer provided information for a given criteria that satisfied the requirements and described sufficiently how and what will be accomplished in a manner that exhibited an adequate and average degree of understanding, skill, and competency, both qualitatively and quantitatively. The facts included in the narrative (including all supporting documentation, diagrams, drawings, charts, and schedules, etc.) demonstrate the Proposer's ability to perform and deliver at a level slightly below expectation.
- POOR (0.2): Inadequate; lacking; inferior in quality; of little or less merit; substandard; marginal.
  The Proposer provided information for a given criteria that did not satisfy the requirements and described in an inadequate manner how and what will be accomplished. The information provided simply reiterated a requirement, contained inaccurate statements or references, lacked adequate

information, or was of inferior quality. The facts included in the narrative (including all supporting documentation, diagrams, drawings, charts, and schedules, etc.) demonstrate the Proposer's ability to perform and deliver at a substandard and inferior level.

- UNACCEPTABLE (0.0):
  The Proposer failed to provide any information for a given criteria, provided information that could not be understood, or did not provide the information for a given category as requested.

2) After a Selection Committee member has determined the description applicable for each evaluation criterion, the total points available for such criterion shall be multiplied by the factor associated with the applicable description to produce the number of points allocated for that evaluation criterion. For example, a Selection Committee member classifies the "Experience and Expertise" criterion (which shall be worth 25 points for the purpose of this example) as "Very Good" (which is a description factor multiplier of 0.8). The points that Selection Committee member allocated for that evaluation criterion would be 20, calculated as follows: 25 available points x 0.8 applicable description factor multiplier = 20 points.
3) A Selection Committee member's total score for each Proposal shall equal the sum of the total points allocated for each evaluation criteria.
4) When all Selection Committee members have completed their Proposal evaluations, the individual Selection Committee member's total scores for each Proposal will be added together to produce a final score for each Proposal.
5) Procurement will confirm the calculations for the final score for each Proposal. Then, Procurement shall publish a rank-ordered listing of the Proposals to the Selection Committee with the Proposal receiving the highest point as the highest-ranked Proposal.
6) In accordance with Section 287.055(4)(a), Florida Statutes, if there are three (3) or more Proposers in Elevation Level 2, the Selection Committee must elevate no fewer than the three highest scored of such Proposers to Elevation Level 3 for interviews. If there are only two Proposers in Elevation Level 2, the Selection Committee must elevate those two Proposers to Elevation Level 3 for interviews. If there is only one Proposer in Elevation Level 2, then the Selection Committee may collectively decide if they would like to elevate the Proposer to Elevation Level 3 for interviews or if they would like to recommend the Board authorize staff to enter into Contract Negotiations with the Proposer. In the latter case, after Board approval to authorize staff to negotiate a contract, the Proposer will then be elevated to Elevation Level 4 for contract negotiations.

Elevation Level 3 (Proposer Interviews)
The Selection Committee are required to conduct interviews of the Proposers that it has elevated from Elevation Level 2 to Elevation Level 3.

During an interview, elevated Proposers may be requested to make a presentation focusing on their qualifications, approach to the project and the ability to furnish the

required services. The Selection Committee members will have an opportunity to inquire about any aspect of the RFP and the Proposer's Proposal. After all elevated Proposer interviews, each Selection Committee member will individually rank the Proposers in numerical order beginning at number 1 for the Proposer deemed to be the most highly qualified to perform the required services. In accordance with Section 287.055(4)(b), Florida Statutes, in determining whether a Proposer is qualified, each Selection Committee member shall consider such factors as:

- Ability of Personnel
- Whether a Proposer is a certified minority business enterprise
- Past performance
- Willingness to meet time and budget requirements
- Location
- Recent, current, and projected workloads
- Volume of work previously awarded to each Proposer by the County

Procurement shall receive and compile each Selection Committee member's ranking of each Proposer, and then publish a rank-ordered listing of Proposers to the Selection Committee, based on the combined average rankings given each Proposer. The Selection Committee members will then collectively decide if they would like to recommend the Board authorize staff to enter into Contract Negotiations with all Proposers elevated to Proposer Interviews, starting with the highest-ranked Proposer(s). After Board approval to authorize staff to negotiate a contract, said Proposer(s) will then be elevated to Elevation Level 4 for contract negotiations.

Elevation Level 4 (Contract Negotiations)
If a Proposer is elevated to this level, the User Division, with the assistance of Procurement and the County Attorney's Office, shall negotiate an Agreement with the elevated Proposer(s) in accordance with Section 287.055(5), Florida Statutes.

If after negotiating for a reasonable time period the parties cannot agree on a contract, the County shall, in its sole discretion, terminate further contract negotiations with that Proposer(s). Procurement shall notify the Selection Committee that contract negotiations with the elevated Proposer(s) have terminated. The Selection Committee shall then determine whether to recommend to the Board to approve contract negotiations with the next-highest-ranked Proposer, and so on. If the Selection Committee decides not to recommend contract negotiations with the next-highest-ranked Proposer, or if the County determines there is no other Proposer with whom the County can successfully negotiate a contract, then the RFP Selection Process shall terminate.

After contract negotiations with a Proposer(s) are successfully completed pursuant to Elevation Level 4, the Selection Committee shall recommend to the Board of County Commissioners that it selects such Proposer(s) to provide the services as outlined in the Agreement. The Board of County Commissioners shall make the final decision whether to enter into an Agreement with a Proposer(s).

GENERAL CONDITIONS

CONTACT

After the issuance of any Request for Proposal, prospective proposers shall not contact, communicate with or discuss any matter relating in any way to the Request for Proposal with the Board of County Commissioners, and any employee of Polk County, other than the Procurement Director or as directed in the cover page of the Request for Proposal. This prohibition begins with the issuance of any Request for Proposal and ends upon completion execution of a contract. Such communications initiated by a proposer shall be grounds for disqualifying the offending proposer from consideration for award of the proposal and/or any future proposal.

INSURANCE REQUIREMENTS

The selected firm, if any, shall maintain, at all times, the following minimum levels of insurance and; shall, without in any way altering their liability, obtain, pay for and maintain insurance for the coverages and amounts of coverage not less than those set forth below. Provide to the County original Certificates of Insurance satisfactory to the County to evidence such coverage before any work commences. Polk County, a political subdivision of the State of Florida, shall be an additional named insured on all policies related to the project; excluding workers' compensation and professional liability. The Workers' Compensation and General Liability policies shall contain a waiver of subrogation in favor of Polk County. All insurance coverage shall be written with a company having an A.M. Best Rating of at least the "A" category and size category of VIII. The firm's self-insured retention or deductible per line of coverage shall not exceed $25,000 without the permission of the County. In the event of any failure by the firm to comply with the provisions; the County may, at its option, on notice to the firm suspend the project for cause until there is full compliance. Alternatively, the County may purchase such insurance at the firm's expense, provided that the County shall have no obligation to do so and if the County shall do so, the firm shall not be relieved of or excused from the obligation to obtain and maintain such insurance amounts and coverages.

Worker's Compensation and Employer's Liability Insurance providing statutory benefits, including those that may be required by any applicable federal statute:

Admitted in Florida	Yes
Employer's Liability	$100,000
All States Endorsement	Statutory
Voluntary Compensation	Statutory

Commercial General Liability Insurance. $1,000,000 combined single limit of liability for bodily injuries, death, and property damage, and personal injury resulting from any one occurrence, including the following coverages:

Premises and Operations and Products/Completed Operations;

Broad Form Commercial General Liability Endorsement to include blanket contractual liability (specifically covering, but not limited to, the contractual obligations assumed by the Firm); Personal Injury (with employment and contractual exclusions deleted) and Broad Form Property Damage coverages;

Independent Contractors; Policy must include Separation of Insureds Clause.

Comprehensive Automobile Liability Insurance. $1,000,000 combined single limit of liability for bodily injuries, death, and property damage, and personal injury resulting from any one occurrence, including all owned, hired and non-owned vehicles.

Professional Liability Insurance. $2,000,000 for design errors and omissions, inclusive of defense costs. Selected firm shall be required to provide continuing Professional Liability Insurance to cover the project for a period of two (2) years after the projects are completed.

INDEMNIFICATION

To the maximum extent permitted by law, the Consultant shall indemnify, protect and hold the County, and its officers, employees and agents, harmless from and against any and all, claims, actions, causes of action, liabilities, penalties, forfeitures, damages, losses, and expenses whatsoever (including, without limitation, reasonable attorneys' fees, costs, and expenses incurred during negotiation, through litigation and all appeals therefrom) including, without limitation, those pertaining to the death of or injury to any person, or damage to any property, to the extent arising out of or resulting from (i) the failure of Consultant to comply with applicable laws, rules or regulations, (ii) the breach by Consultant of its obligations under this Agreement, (iii) any claim for trademark, patent, or copyright infringement arising out of the scope of Consultant's performance or nonperformance of this Agreement, or (iv) the negligent acts, errors or omissions, or intentional or willful misconduct, of Consultant or any persons or entities employed or utilized by Consultant in the performance of this Agreement. The obligations imposed by this Section shall survive the expiration or earlier termination of the Agreement.

PUBLIC ENTITY CRIMES STATEMENT

The Consultant declares and warrants that neither the Consultant nor any of the Consultant's affiliates, as that term is defined in Section 287.133, Florida Statutes, are subject to the restrictions in Section 287.133, Florida Statutes, regarding the commission of a public entity crime. If during the term of this Agreement, the Consultant or any affiliate is convicted of a public entity crime or is otherwise prohibited from performing work for or transacting business with the County pursuant to Section 287.133, Florida Statutes, then the Consultant shall be in material default of this Agreement, and in such case, the County shall have the rights and remedies as provided herein.

EQUAL OPPORTUNITY/AFFIRMATIVE ACTION

The County is an equal opportunity/affirmative action employer. The County is committed to equal opportunity employment effort; and expects firms that do business with the County to have a vigorous affirmative action program.

WOMEN/MINORITY BUSINESS ENTERPRISE OUTREACH

The County hereby notifies all Proposers that W/MBEs are to be afforded a full opportunity to participate in any request for proposal by the County and will not be subject to discrimination on the basis of race, color, sex or national origin.

AFFIRMATION

By submitting their proposal, the Proposer affirms that the proposal is genuine and not made in the interest of or on behalf of any undisclosed person, firm or corporation and is not submitted in conformity with any agreement or rules of any group, association, organization or corporation; the Proposer has not directly or indirectly induced or solicited any other person to submit a false or sham proposal; the Proposer has not solicited or induced any person, firm or corporation to refrain from submitting a proposal; and the Proposer has not sought by collusion to obtain for him/herself any advantage over other persons or over the County.

DEVELOPMENT COSTS

Neither the County nor its representative(s) shall be liable for any expenses incurred in connection with preparation of a response to the RFP. Proposers should prepare their proposals simply and economically, providing a straightforward and concise description of the proposer's ability to meet the requirements of the RFP.

ADDENDA

The County may record its responses to inquiries and any supplemental instructions in the form of written addenda. The addenda will be posted on the County's website at https://www.polk-county.net/procurement-bids. It is the sole responsibility of the proposers to check the website to ensure that all available information has been received prior to submitting a proposal.

CODE OF ETHICS

If any proposer violates or is a party to a violation of the code of ethics of Polk County or the State of Florida, with respect to this proposal, such proposer may be disqualified from performing the work described in this proposal or from furnishing the goods or services for which the proposal is submitted and shall be further disqualified from bidding on any future proposals for work, goods, or services for the County.

DRUG FREE WORKPLACE

Preference shall be given to businesses with Drug Free Workplace (DFW) programs. Whenever two or more proposals, which are equal with respect to price, quality and service, are received by the County for the procurement of commodities or contractual services, a proposal received from a business that has provided a statement that it is a DFW shall be given preference in the award process.

APPLICABLE LAWS AND COURTS

This RFP and any resulting agreements shall be governed in all respects by the laws of the State of Florida and any litigation with respect thereto shall be brought only in the courts of Polk County, Florida or the United States District Court, Middle District of Florida,

located in Hillsborough County, Florida. The proposer shall comply with all applicable federal, state and local laws and regulations.

CONTRACTUAL MATTERS
A contract in substantially the same form as attached here to as Attachment "A" (Master Consulting Agreement) will be executed between the County and the successful Proposer(s).

All contracts are subject to final approval of the Polk County Board of County Commissioners. Persons or firms who incur expenses or change position in anticipation of a contract prior to the Board's approval do so at their own risk.

PROPOSAL ACCEPTANCE PERIOD
A proposal shall be binding upon the offeror and irrevocable by it for one hundred and twenty (120) calendar days following the proposal opening date. Any proposal in which offeror shortens the acceptance period may be rejected.

ADDITION/DELETION
The County reserves the right to add to or delete any item from this proposal or resulting agreements when deemed to be in the best interest of the County.

PROPRIETARY INFORMATION
In accordance with Chapter 119 of the Florida Statutes (Public Records Law), and except as may be provided by other applicable State and Federal Law, all proposers should be aware that Request for Proposals and the responses thereto are in the public domain. However, the proposers are required to identify specifically any information contained in their proposals which they consider confidential and/or proprietary and which they believe to be exempt from disclosure, citing specifically the applicable exempting law. Proposers should provide a redacted copy of proposal with submittal, or must provide within thirty (30) days from the Proposal due date.

All proposals received from proposers in response to this Request for Proposal will become the property of the County and will not be returned to the proposers. In the event of contract award, all documentation produced as part of the contract will become the exclusive property of the County.

REVIEW OF PROPOSAL FILES
In accordance with Chapter 119.071 of the Florida Statutes, the responses received for this Request for Proposal are exempt from review for thirty (30) days after the Bid Opening Date or at Recommendation of Award, whichever event occurs first.

Should the RFP be cancelled and re-solicited for any reason, proposal responses shall remain exempt from disclosure for a period not to exceed twelve (12) months or at Recommendation of Award of the subsequent solicitation.

RFP PROTEST: Any proposer desiring to file a protest, with respect to a recommended award of any RFP, shall do so by filing a written protest. The written protest must be in

the possession of the Procurement Division within three (3) working days of the Notice of Recommended Award mailing date. All proposers who submitted a proposal will be sent a Notice of Recommended Award, unless only one proposal was received.

A copy of the protest procedures may be obtained from the Polk County Procurement Division or can be downloaded from the County's website at https://www.polk-county.net/procurement/protest-procedures.

FAILURE TO FOLLOW PROTEST PROCEDURE REQUIREMENTS WITHIN THE TIME FRAMES PRESCRIBED HEREIN AS ESTABLISHED BY POLK COUNTY, FLORIDA, SHALL CONSTITUTE A WAIVER OF THE PROPOSER'S RIGHT TO PROTEST AND ANY RESULTING CLAIM.

UNAUTHORIZED ALIEN(S) The Consultant agrees that unauthorized aliens shall not be employed nor utilized in the performance of the requirements of this solicitation. The County shall consider the employment or utilization of unauthorized aliens a violation of Section 274A(e) of the Immigration and Naturalization Act (8 U.S.C. 1324a). Such violation shall be cause for unilateral termination of this Agreement by the County. As part of the response to this solicitation, the successful consultant will complete and submit the form "AFFIDAVIT CERTIFICATION IMMIGRATION LAWS."

EMPLOYMENT ELIGIBILITY VERIFICATION (E-Verify)

A. Unless otherwise defined herein, terms used in this Section which are defined in Section 448.095, Florida Statutes, as may be amended from time to time, shall have the meaning ascribed in said statute.

B. Pursuant to Section 448.095(5), Florida Statutes, the contractor hereto, and any subcontractor thereof, must register with and use the E-Verify system to verify the work authorization status of all new employees of the contractor or subcontractor. The contractor acknowledges and agrees that (i) the County and the contractor may not enter into this Agreement, and the contractor may not enter into any subcontracts hereunder, unless each party to this Agreement, and each party to any subcontracts hereunder, registers with and uses the E-Verify system; and (ii) use of the U.S. Department of Homeland Security's E-Verify System and compliance with all other terms of this Certification and Section 448.095, Fla. Stat., is an express condition of this Agreement, and the County may treat a failure to comply as a material breach of this Agreement.

C. By entering into this Agreement, the contractor becomes obligated to comply with the provisions of Section 448.095, Fla. Stat., "Employment Eligibility," as amended from time to time. This includes but is not limited to utilization of the E-Verify System to verify the work authorization status of all newly hired employees, and requiring all subcontractors to provide an affidavit attesting that the subcontractor does not employ, contract with, or subcontract with, an unauthorized alien. The contractor shall maintain a copy of such affidavit for the duration of this Agreement. Failure to comply will lead to termination of this Agreement, or if a subcontractor knowingly violates the statute or Section 448.09(1), Fla. Stat., the subcontract must be terminated immediately. If this Agreement is terminated pursuant to Section 448.095, Fla. Stat., such termination is not a breach of contract and may not be considered as such. Any challenge to termination

under this provision must be filed in the Tenth Judicial Circuit Court of Florida no later than 20 calendar days after the date of termination. If this Agreement is terminated for a violation of Section 448.095, Fla. Stat., by the contractor, the contractor may not be awarded a public contract for a period of 1 year after the date of termination. The contractor shall be liable for any additional costs incurred by the County as a result of the termination of this Agreement. Nothing in this Section shall be construed to allow intentional discrimination of any class protected by law.

LIMITATIONS

This request does not commit Polk County to award a contract. Proposers will assume all costs incurred in the preparation of their response to this RFP. The County reserves the right to: 1) accept or reject qualifications and/or proposals in part or in whole; 2) request additional qualification information; 3) limit and determine the actual contract services to be included in a contract; 4) obtain information for use in evaluating submittals from any source and 5) reject all submittals.

ATTORNEY'S FEES AND COSTS: Each party shall be responsible for its own legal and attorney's fees, costs and expenses incurred in connection with any dispute or any litigation arising out of, or relating to this Agreement, including attorney's fees, costs and expenses incurred for any appellate or bankruptcy proceedings.

Prohibition Against Considering Vendor Interests: In accordance with Section 287.05701, Florida Statutes, the County may not (i) request documentation of or consider a Vendor's social, political, or ideological interests when determining if the Vendor is a responsible vendor; or (ii) give preference to a Vendor based on the Vendor's social, political, or ideological interests.

PUBLIC RECORD LAWS

(a) The Consultant acknowledges the County's obligations under Article I, Section 24, of the Florida Constitution and under Chapter 119, Florida Statutes, to release public records to members of the public upon request and comply in the handling of the materials created under this Agreement. The Consultant further acknowledges that the constitutional and statutory provisions control over the terms of this Agreement. In association with its performance pursuant to this Agreement, the Consultant shall not release or otherwise disclose the content of any documents or information that is specifically exempt from disclosure pursuant to all applicable laws.

(b)Without in any manner limiting the generality of the foregoing, to the extent applicable, the Consultant acknowledges its obligations to comply with Section 119.0701, Florida Statutes, with regard to public records, and shall:

(1)keep and maintain public records required by the County to perform the services required under this Agreement;

(2)upon request from the County's Custodian of Public Records or his/her designee, provide the County with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law;

(3)ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the term of this Agreement and following completion of this Agreement if the Consultant does not transfer the records to the County; and

(4)upon completion of this Agreement, transfer, at no cost, to the County all public records in possession of the Consultant or keep and maintain public records required by the County to perform the service. If the Consultant transfers all public records to the County upon completion of this Agreement, the Consultant shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Consultant keeps and maintains public records upon completion of this Agreement, the Consultant shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the County, upon request from the County's Custodian of Public Records, in a format that is compatible with the information technology systems of the County.

(c) **IF THE CONSULTANT HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONSULTANT'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, CONTACT THE COUNTY'S CUSTODIAN OF PUBLIC RECORDS AT:**

RECORDS MANAGEMENT LIAISON OFFICER

Scrutinized Companies and Business Operations Certification; Termination.

A. Certification(s).
   i. By its execution of this Agreement, the Vendor hereby certifies to the County that the Vendor is not on the Scrutinized Companies that Boycott Israel List, created pursuant to Section 215.4725, Florida Statutes, nor is the Vendor engaged in a boycott of Israel, nor was the Vendor on such List or engaged in such a boycott at the time it submitted its bid, proposal, quote, or other form of offer, as applicable, to the County with respect to this Agreement.
   ii. Additionally, if the value of the goods or services acquired under this Agreement are greater than or equal to One Million Dollars ($1,000,000), then the Vendor further certifies to the County as follows:
      a) the Vendor is not on the Scrutinized Companies with Activities in Sudan List, created pursuant to Section 215.473, Florida Statutes; and
      b) the Vendor is not on the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, created pursuant to Section 215.473, Florida Statutes; and

c) the Vendor is not engaged in business operations (as that term is defined in Florida Statutes, Section 287.135) in Cuba or Syria; and
d) the Vendor was not on any of the Lists referenced in this subsection A(ii), nor engaged in business operations in Cuba or Syria when it submitted its proposal to the County concerning the subject of this Agreement.

iii. The Vendor hereby acknowledges that it is fully aware of the penalties that may be imposed upon the Vendor for submitting a false certification to the County regarding the foregoing matters.

B. Termination. In addition to any other termination rights stated herein, the County may immediately terminate this Agreement upon the occurrence of any of the following events:

i. The Vendor is found to have submitted a false certification to the County with respect to any of the matters set forth in subsection A(i) above, or the Vendor is found to have been placed on the Scrutinized Companies that Boycott Israel List or is engaged in a boycott of Israel.

ii. The Vendor is found to have submitted a false certification to the County with respect to any of the matters set forth in subsection A(ii) above, or the Vendor is found to have been placed on the Scrutinized Companies with Activities in Sudan List, or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or has been engaged in business operations in Cuba or Syria, and the value of the goods or services acquired under this Agreement are greater than or equal to One Million Dollars ($1,000,000).

Proposers Incorporation Information

- □ Publicly Traded
- □ Employee Owned

State of Incorporation: _____

The Successful vendor must complete and submit this form prior to award. The Successful vendor must invoice using the company name listed above.

EXHIBIT 1
DETAILED INSTRUCTIONS ON HOW TO PREPARE AND SEND PERFORMANCE SURVEYS

The objective of this process is to identify the past performance of the Consultant submitting a proposal package. This is accomplished by sending survey forms to past customers. The customers should return the forms directly to the Consultant. The Consultant is to include all surveys in their proposal package.

Sending the Survey

The surveys shall be sent to all clients for whom the Consultant has identified under Tab 3. Surveys should correlate to all projects identified under Tab 3.

If more surveys are included, then Procurement will only use those identified under Tab 3.

1. The Consultant shall complete the following information for each customer that a survey will be sent

CLIENT NAME	Name of the company that the work was performed for (i.e. Hillsborough County).
FIRST NAME	First name of the person who will answer customer satisfaction questions.
LAST NAME	Last name of the person who will answer customer satisfaction questions.
PHONE NUMBER	Current phone number for the reference (including area code).
EMAIL ADDRESS	Current email address for the reference.
PROJECT NAME	Name of the project (CEI Services for Hillsborough County), Etc.
COST OF SERVICES	Cost of services ($1,000,000)
DATE COMPLETE	Date when the services were completed. (i.e. 5/31/2023)

2. The Consultant is responsible for verifying that their information is accurate prior to submission for references.

3. The survey must contain different services/projects. You cannot have multiple people evaluating the same job. However, one person may evaluate several different jobs.

4. The past projects can be either completed or on-going.

5. The past client/owner must evaluate and complete the survey.

Preparing the Surveys

1. The Consultant is responsible for sending out a performance survey to the clients that have been identified under Tab 3. The survey can be found on the next page.
2. The Consultant should enter the past clients' contact information, and project information on each survey form for each reference. The Consultant should also enter their name as the Consultant being surveyed.
3. The Consultant is responsible for ensuring all references/surveys are included in their submittal under Tab 8.
4. Polk County Procurement may contact the reference for additional information or to clarify survey data. If the reference cannot be contacted, there will be no credit given for that reference.

Survey Questionnaire – Polk County

RFP 25-308, Roads & Drainage Construction Engineering and Inspection (CEI) Professional Services

To: _____ (Name of Person completing survey)

_____ (Name of Client Company/Consultant)

Phone Number: _____ Email: _____

Subject: Past Performance Survey of Similar work:

Project name: _____

Name of Vendor being surveyed: _____

Cost of Services: Original Cost: _____ Ending Cost: _____

Contract Start Date: _____ Contract End Date: _____

Rate each of the criteria on a scale of 1 to 10, with 10 representing that you were very satisfied (and would hire the Consultant /individual again) and 1 representing that you were very unsatisfied (and would never hire the Consultant /individual again). Please rate each of the criteria to the best of your knowledge. If you do not have sufficient knowledge of past performance in a particular area, leave it blank.

NO	CRITERIA	UNIT	SCORE
1	Ability to manage cost	(1-10)	
2	Ability to maintain project schedule (complete on-time/early)	(1-10)	
3	Quality of workmanship	(1-10)	
4	Professionalism and ability to manage	(1-10)	
5	Close out process	(1-10)	
6	Ability to communicate with Client's staff	(1-10)	
7	Ability to resolve issues promptly	(1-10)	
8	Ability to follow protocol	(1-10)	
9	Ability to maintain proper documentation	(1-10)	
10	Appropriate application of technology	(1-10)	
11	Overall Client satisfaction and comfort level in hiring	(1-10)	
12	Ability to offer solid recommendations	(1-10)	
13	Ability to facilitate consensus and commitment to the plan of action among staff	(1-10)

EMPLOYMENT ELIGIBILITY VERIFICATION (E-VERIFY) CERTIFICATION

(Florida Statutes, Section 448.095)

PROJECT NAME: Construction Engineering and Inspection (CEI) Professional Services

The undersigned, as an authorized officer of the contractor identified below (the "**Contractor**"), having full knowledge of the statements contained herein, hereby certifies to Polk County, a political subdivision of the State of Florida (the "**County**"), by and on behalf of the Contractor in accordance with the requirements of Section 448.095, Florida Statutes, as related to the contract entered into by and between the Contractor and the County on or about the date hereof, whereby the Contractor will provide labor, supplies, or services to the County in exchange for salary, wages, or other remuneration (the "**Contract**"), as follows:

1. Unless otherwise defined herein, terms used in this Certification which are defined in Section 448.095, Florida Statutes, as may be amended from time to time, shall have the meaning ascribed in said statute.

2. Pursuant to Section 448.095(5), Florida Statutes, the Contractor, and any subcontractor under the Contract, must register with and use the E-Verify system to verify the work authorization status of all new employees of the Contractor or subcontractor. The Contractor acknowledges and agrees that (i) the County and the Contractor may not enter into the Contract, and the Contractor may not enter into any subcontracts thereunder, unless each party to the Contract, and each party to any subcontracts thereunder, registers with and uses the E-Verify system; and (ii) use of the U.S. Department of Homeland Security's E-Verify System and compliance with all other terms of this Certification and Section 448.095, Fla. Stat., is an express condition of the Contract, and the County may treat a failure to comply as a material breach of the Contract.

3. By entering into the Contract, the Contractor becomes obligated to comply with the provisions of Section 448.095, Fla. Stat., "Employment Eligibility," as amended from time to time. This includes but is not limited to utilization of the E-Verify System to verify the work authorization status of all newly hired employees, and requiring all subcontractors to provide an affidavit attesting that the subcontractor does not employ, contract with, or subcontract with, an unauthorized alien. The Contractor shall maintain a copy of such affidavit for the duration of the Contract. Failure to comply will lead to termination of the Contract, or if a subcontractor knowingly violates the statute or Section 448.09(1), Fla. Stat., the subcontract must be terminated immediately. If the Contract is terminated pursuant to Section 448.095, Fla. Stat., such termination is not a breach of contract and may not be considered as such. Any challenge to termination under this provision must be filed in the Tenth Judicial Circuit Court of Florida no later than 20 calendar days after the date of termination. If the Contract is terminated for a violation of Section 448.095, Fla. Stat., by the Contractor, the Contractor may not be awarded a public contract for a period of 1 year after the date of termination. The Contractor shall be liable for any additional costs incurred by the County as a result of the termination of the Contract. Nothing in this Certification shall be construed to allow intentional discrimination of any class protected by law.

RFP 25-308, Roads & Drainage Construction Engineering and Inspection (CEI) Professional Services
Addendum #1(Continued)

Question 1: Can project examples required in Tab 3 include project experience of key staff prior to joining the submitting firm?

Answer 1: No. The projects to be identified are to be projects that have been performed by the Proposer submitting a Proposal.

Tab 3 Experience, Expertise, Personnel and Technical Resources (35 points) States:

Provide a minimum of three (3) and a maximum of five (5) recent projects performed within the past ten (10) years **as the prime firm** performing the CEI services for road infrastructure projects where the construction costs are under $7.0 million. (Limit response to one (1) page per project)

- For each project please provide:
    a) Name and location of the project;
    b) Size and cost of the project;
    c) Project representative name, address, phone number, and email address
    d) Start date, date project was completed or is anticipated to be completed; compare to the original date.
    e) The nature of the firm's responsibility on the project;
    f) Identify the key staff and their role in each project;
    g) Identify working relationship of consultants or joint venture on project, if applicable;
    h) Provide the original budget and the final budget of the project. Explain the reason(s) for differences, such as owner requested change, contractor claim, and insufficient plans and specifications.
    i) List of any time extensions created by item h above.

- Provide an organizational chart of the team highlighting the key individuals who will work on this contract.
- The key staff presented in the consultant's response shall be the staff utilized on this contract. Please provide the resumes of the key staff including, but not limited to, the items in the list below (One (1) page maximum per resume):
    a) Name and current position held by the person
    b) Name, title and project assignment
    c) Experience:
        1) Types of projects.
        2) Size of projects (dollar value of project).
        3) What were their specific project involvements?
- Demonstrate each key staff's availability and office and home location to respond to the needs of the project (Two (2) pages maximum for all key staff member)
- Identify any sub-consultants to be used, if any. For each sub consultant identified please provide:
    - Name of sub-consultant.
    - Address

- Their locations that can be utilized to expedite a deliverable if required.
- A brief description of their experience outlining their qualifications to perform the intended services
- A brief resume for each key personnel that will be assigned to perform the intended services

Question 2: Can project examples required in Tab 3 include project experience from subconsultants?

Answer 2: No, please see answer to question number 1 above.

Question 3: RFP 25-308, Roads/Drainage CEI and wish to clarify the County's instructions for Tab 7 – Staff Availability for Work Assignments (RFP Pg 12) which states "Limit response to two (1) pages maximum." Since pages is plural it appears the intent is for two pages, but there is a conflict so should the number 1 be the number 2, as in (2) pages maximum?

Answer 3: That is correct. The statement on page 12, Tab 7, should read as follows:

Tab 7 – Staff Availability for Work Assignments (5 Points)

- **Describe the firms' current and future projected workload. Describe specifically the ability of the firm to provide staff for project assignments as needed. (Limit response to two (2) pages maximum)**

REQUEST FOR PROPOSAL

25-308 Roads & Drainage Professional Engineering Services for Construction Engineering and Inspection

WSB LLC is delighted to submit our qualifications in response to the REQUEST FOR PROPOSAL 25-308 Roads & Drainage Professional Engineering Services for Construction Engineering and Inspection. WSB is a local FDOT prequalified professional engineering service provider in the required Major Work Groups 10.1 (Roadway Construction Engineering Inspection), 10.3 (Construction Material Inspection), and 10.4 (Minor Bridge and Miscellaneous Structures Construction Engineering Inspection). The WSB Team is excited to develop a true "partnering project culture" conducive to fostering a cooperative relationship amongst Polk County, the selected Contractor, and our CEI team.

We are pleased to offer our professional expertise to Polk County and will ensure the success of this contract; both from a construction administration and financial management perspective. We will operate as an extension of your staff to ensure that the County receives the product envisioned at project conception.

Our assembled team consists of highly qualified personnel with extensive roadway experience as well as recent experience working together. Our firm and proposed personnel have completed and are currently working on projects with many local municipalities such as Polk County, the City of Lakeland, and FDOT Districts 5 and 7.

Our proposed management team has thoroughly reviewed the Request for Proposal and are confident that we are the most qualified team to support the vision and needs of Polk County. Coupled with the professionals of our subconsultant partners, **DRMP, NADIC, Madrid** - Materials, **SSMC** - Survey, **KOW** - CEI, Mainline - CEI, **DMRP** - CEI & Design, Geodata - Survey, we know our strong team will provide nothing short of excellent results for the county.

WSB is committed to performing in a timely fashion and has an extensive background in meeting deadlines. We have successfully managed and continue to manage numerous contracts with similar services for Counties, Cities, municipalities as well as every FDOT District and Florida's Turnpike, over the past decade, which means we have a thorough understanding of how these contracts work. This contract is a Task based contract that our proposed Project Manager/Administrator Chris Hiehle, P.E., understands.

The main contact and office local to the County that will be utilized for this contract is:

Chris Hiehle, PE | Project Manager | Central Florida Office
2280 US HIGHWAY 92 E | PLANT CITY, FL 33563 | EMAIL: CHIEHLE@WSBENG.COM | PHONE: 813.760.1289

WSB is committed to achieving excellence in our service to Polk County. We achieve excellent customer service by being proactive, responsive, and transparent. Our team has the experience and qualifications to successfully support Polk County, and we look forward to the opportunity to work with you on this contract.

Sincerely,

Roderick Myrick, P.E. | VP of
Strategy and CEI Southeast

Jon Chigio, COO
WSB LLC
701 Xenia Avenue South, Suite 300
Minneapolis, Minnesota 55416

Dear Mr. Chigio:

The Florida Department of Transportation has reviewed your application for prequalification package and determined that the data submitted is adequate to technically prequalify your firm for the following professional services types of work per Rule 14-75, F.A.C.:

3.1	Minor Highway Design
3.2	Major Highway Design
7.1	Signing, Pavement Marking and Channelization
7.2	Lighting
7.3	Signalization
9.2	Geotechnical Classification Laboratory Testing
9.3	Highway Materials Testing
9.4.1	Standard Foundation Studies
10.1	Roadway Construction Engineering Inspection
10.3	Construction Materials Inspection
10.4	Minor Bridge & Miscellaneous Structures CEI
10.5.1	Major Bridge CEI - Concrete
13.5	Subarea/Corridor Planning
13.6	Land Planning/Engineering

Your firm is now technically prequalified with the Department for Professional Services in the above referenced work types. The overhead audit has been accepted, and your firm may pursue projects in the referenced work types with fees of any dollar amount. This status shall be valid until June 30, 2025, for contracting purposes

Approved Rates

Home Overhead	Field Overhead	Facilities Capital Cost of Money	Premium Overtime	Home Direct Expense	Field Direct Expense	Published Fee Schedule

Tab 2
Approach to the Project

2. Project Approach

APPROACH TO MANAGING THE CONTRACT

Our approach to this contract is straightforward yet highly effective: provide qualified personnel to the County in a timely manner and execute assigned tasks properly and efficiently. This approach, successfully implemented by our **Project Manager, Chris Hiehle, P.E.,** has been refined through experience with prior contracts.

RAPID MOBILIZATION AND STAFFING STRATEGY

One of the key components of this assignment is the ability to mobilize staff efficiently for multiple concurrent tasks. We recognize that the County requires a pool of highly qualified personnel available on an as-needed basis throughout the contract's duration. Our commitment is to supply the most capable professionals for each project in an expeditious manner.

Our firm employs a structured and strategic staffing approach, assembling teams tailored to the unique requirements of each assignment. By leveraging our extensive network of multidisciplinary experts, we ensure every project is executed with efficiency and precision. To streamline staffing decisions, we maintain a comprehensive staffing matrix—a dynamic resource that provides a snapshot of staff qualifications and experience, enabling Chris to identify the best personnel for each task. This approach allows WSB to efficiently allocate resources while ensuring adherence to schedules and budgets by scaling staff levels accordingly.

FLEXIBILITY AND ADAPTABILITY

One of our firm's defining strengths is our ability to adapt staffing levels based on the scope and complexity of each project. Whether ramping up for large-scale infrastructure improvements or deploying specialized teams for smaller assignments, we ensure optimal resource allocation. This adaptability guarantees timely project completion while maintaining cost-efficiency.

At the onset of the contract, we will collaborate with **Joe Montoya, P.E.**, to assess immediate and long-term County needs. Based on this evaluation, we will develop a preliminary staffing plan for review, which will be reassessed monthly to remain aligned with County priorities.

Our robust personnel pool enables us to swiftly accommodate evolving project demands. At present, we have a fully staffed CEI team ready to deploy, as well as a state-certified laboratory for material testing and quality control personnel to support various construction oversight needs. Additionally, we maintain a diverse team of specialty inspectors, including:

- Level 3 Signal/ITS Inspectors
- Certified Bridge Inspectors
- Miscellaneous Structures Specialists
- Environmental Specialists
- Resident Compliance Specialists, proficient in Federal Aid compliance and LAP program requirements.

EXPERIENCE AND CAPABILITIES IN HANDLING CUSTOMER COMPLAINTS

Proactive Stakeholder Engagement

Customer satisfaction is central to our operations. We recognize that infrastructure projects can directly impact adjacent property owners and the traveling public, making it crucial to address concerns efficiently and professionally. Our proactive and transparent communication strategy fosters trust and minimizes disruption. Key elements of our approach include:

- **Early Engagement:** Conducting pre-construction outreach through informational meetings and direct stakeholder communication.
- **Ongoing Accessibility:** Establishing clear points of contact for residents and businesses, ensuring timely responses to inquiries or concerns.
- **Dedicated Resolution Team:** Assigning specialists to manage public concerns and swiftly implement solutions.

EXAMPLE OF A RESOLVED COMPLAINT

During the Lake Wilson Road Widening Project, several residents of an adjacent subdivision raised concerns regarding newly installed highway lighting, citing excessive spillover that illuminated their yards and windows at night.

Resolution Approach:

- We promptly contacted the affected residents to acknowledge their concerns and assure them of a solution.
- Our team coordinated with the contractor and Engineer of Record (EOR) to adjust the light fixtures, angling them strategically to reduce spillover.
- We conducted photometric assessments to confirm compliance with project specifications while mitigating the disturbance to residents.
- A follow-up discussion with the affected homeowners ensured the modifications met their expectations, reinforcing community trust in our responsiveness.

Our commitment to open dialogue and swift issue resolution enhances stakeholder confidence and fosters positive public perception of our projects.

UTILITY RELOCATIONS EXPERIENCE

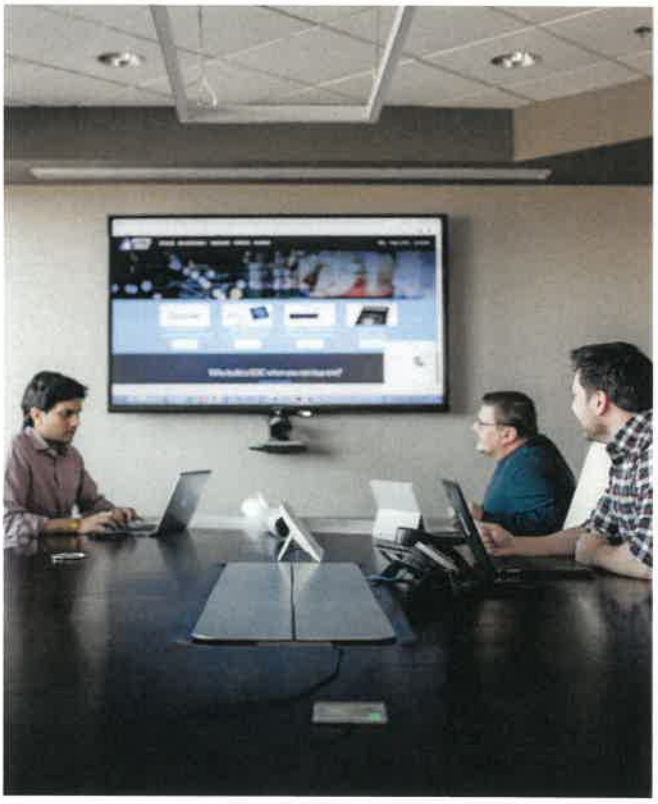
Strategic Utility Coordination

Utility relocations are a critical yet complex aspect of many infrastructure projects. Our firm has extensive experience coordinating with utility providers to ensure seamless integration of relocation activities into the overall project timeline. Our approach includes:

- **Establishing Key Contacts:** Securing multiple points of contact within utility organizations, including management-level representatives.
- **Routine Follow-ups:** Continuously tracking utility work scheduling, engineering approvals, procurement timelines, and installation schedules.
- **Survey and GPS Monitoring:** Utilizing GPS Rovers to monitor installation locations, ensuring utilities are positioned correctly to prevent conflicts with planned infrastructure.

LESSONS LEARNED AND PREVENTIVE MEASURES

On a previous project, a utility provider relocated its facilities out of the roadway—but inadvertently placed them directly in the path of planned storm drainage infrastructure. Early detection of this misalignment allowed us to coordinate an expedited relocation, preventing costly delays and avoiding contractor disruption.



During the Lake Wilson Road Widening Project, multiple unforeseen utility conflicts emerged. Through direct collaboration with utility companies, we facilitated real-time documentation updates, implemented design modifications, and expedited relocation efforts. This proactive approach prevented delays and ensured the project remained on schedule.

COORDINATION WITH THE FDOT PERMITTING OFFICE

Navigating FDOT Compliance and Approvals

Successfully navigating the Florida Department of Transportation's (FDOT) permitting processes is a hallmark of our firm's expertise. We have a proven track record of managing projects that require access permits and construction agreements.

- **Early Engagement:** Proactive coordination with FDOT representatives enables us to identify concerns and address them before formal approval, reducing processing delays.
- **Meticulous Documentation:** We maintain detailed records throughout the permitting process, ensuring transparency and compliance.
- **Relationships:** By leveraging our expertise and strong relationships with FDOT, we deliver projects that meet state standards and exceed client expectations.

Chris Hiehle, PE

100% Available

PROJECT MANAGER/SENIOR PROJECT ENGINEER

Chris is experienced in all aspects of transportation operations. In addition to his CEI experience, he has over 10 years of experience in both FDOT Maintenance and Construction contract administration. Chris takes an innovative approach and focuses on the long-term maintenance of each project. He partners with stakeholders ranging from local municipalities, permitting agencies, and contractors. He successfully developed MOA agreements during his time with the FDOT Heartland Operations Office in District One. Through this effort, a mutually beneficial relationship between local government agencies and FDOT was strengthened. Chris supervised a staff of contract coordinators and inspectors overseeing the maintenance work program for six counties. He has administered many construction contracts and has experience in issue resolution, CPM schedule analysis, claims analysis, utility coordination, permitting compliance, contract modification, payment applications, constructability reviews, material testing, quality assurance and quality control.

Polk County, Lake Wilson Road Widening, Cost: $19 million

CLIENT: POLK COUNTY, FL

PROJECT DURATION: 2022 - 2024

This project includes widening and reconstruction of Lake Wilson Road from Ronald Reagan Parkway to CR 532, including all new drainage, ponds, signals and signing and pavement markings. Duties include reviewing contractor pay applications, reviewing and providing recommendations to Contractor's Requests for Information (RFI) and change orders, overseeing coordination with the County and stakeholders as needed, and general oversight of contract administration and the CEI Team.

SR 408 Milling and Resurfacing from I-4 to the Lake Underhill Bridge | Orange County, FL

CLIENT: CENTRAL FLORIDA EXPRESSWAY AUTHORITY, FL

PROJECT DURATION: 2021 - CURRENT

This project consisted of milling and resurfacing, new signing and new signal detection devices which required coordination with the City of Orlando. This project incorporated an alternate strategy, paving FC-5 from the low side to the high side during the rainy season which substantially reduced project delays due to rain/bleeding. Additionally, the CEI used laser to "string line" all bridge decks ensuring smooth tie-ins.

SR 3 at Mustang Way Intersection Improvements | Brevard County, FL

CLIENT: FDOT D5

PROJECT DURATION: 2022 - 2024

The improvements under this contract consist of the replacement of 2 strain poles with span wire with 4 new mast arms at the intersection of Mustang Way and SR 3. Other improvements included minor drainage, increased radius at the northwest corner, new sidewalk, new pedestrian signals and resurfacings. Mr. Bailey is responsible for overall oversight and coordination of construction, including reviewing inspector's daily work reports and quantity calculations, reviewing monthly estimates, processing change orders, and general oversight of the inspection staff.

Reedy Creek Improvement District, Fiber Optic Expansion Phase II, Orange County; Cost $5M

CLIENT: FDOT D5

PROJECT DURATION: 2022 - 2023

Senior Project Engineer - Scope consists of District wide fiber expansion and DMS panel installations. Phase II of this project includes the construction of the following communication fiber runs; H, I, J and DMS Sites 4A, 4B, 4C, 5A, 5B, 6A, 6B, 8, 9 and 10 as shown within the issued plans. All DMS sites will require the installation of DMS panels (supplied by others) and the installation of associated secondary electrical service. Additionally, DMS Sites 6B and 9 require the construction of new overhead truss assemblies. This project also includes, but not limited to: Guardrail, Erosion Control, Maintenance of Traffic, and Sod Restoration.06/2022 – 02/2023

City of Lakeland Continuing Services Contract | Lakeland, FL

CLIENT: CITY OF LAKELAND, FL

PROJECT DURATION: 2017 - 2022

For this five-year continuing CEI services contract, WSB served as an extension of the City staff by providing professional contract support, management, coordination, and qualified/committed inspection staff for various projects. Our team monitored the Contractor(s) and ensured they adhered to all applicable Local Agency, County, and FDOT specifications and standards, as applicable per plans and contract. The WSB team provided CEI oversight on the following projects under this contract:

City of Lakeland Project No.: 005779 / JPA Financial Project ID: 429813-1-58-01 | The major components of this project included poles and span wire, addition of dual left turn lanes on the eastbound approach, addition of a concrete traffic separator between the westbound lane and the eastbound to northbound left turn lane, resurfacing the roadway from east of Chestnut Road to east of Wabash Avenue & from Lanier Street to north of US-92 on Wabash Avenue, pedestrian improvements, and minor drainage improvements.

City of Lakeland, FM: 446988-1-52-0 | This project consists of the addition of Concrete Strain Pole Signalized intersection at State Road 33 and I-4's exit 38, with its respective underground infrastructure, Fiber interconnect, Signing & Pavement Markings, Service Points, ITC CCTVs cameras, Signal Cabinets, Controller, UPS, and Loop assemblies.

Improvements to NE 36th Ave from just South of NE 19th Place to just North of NE 26th St. | Marion County, FL

CLIENT: FDOT D5

PROJECT DURATION: 2019 - 2021

Project improvements consist of the reconstruction of NE 36th Ave. from a 2-lane rural roadway to a 4-lane divided urban roadway. Two (2) new bridges (on 24" concrete piles utilizing Florida I-Beams), will be built over the CSX RR and the Access Road. Additional improvements include MSE wall construction, flexible pavement & concrete pavement construction, milling & resurfacing, construction of closed-drainage conveyance systems & new ponds, side street reconstruction, installation of new signing & pavement markings, installation of new mast-arm signals on drilled shafts, new LED roadway lighting, and utility adjustments.

I-75 Florida Regional Advanced Mobility Elements (FRAME) | Contract T5662 | Marion & Sumter Counties, FL

CLIENT: FDOT D5

PROJECT DURATION: 2019 - 2021

This project included the installation of fiber optic cable, conduit, loops and roadside units (RSUs) that included Dedicated Short-Range Communications (DSRC) radios. The installation of RSUs allowed for the transmission of Signal Phase and Timing (SPAT) data, CV emergency vehicle preemption (EVP), and CV transit signal priority (TSP) applications. This project also included signalized intersections located parallel to I-75 in Sumter and Marion Counties in order to provide Connected Vehicle (CV) functionality as well as signal data optimization within this region of District 5.

Siva Bathula

I-4 Florida's Regional Advanced Mobility Elements (FRAME) | Contract E7P15 | Hillsborough, Polk, Osceola, and Orange Counties, FL

CLIENT: FDOT D 7
PROJECT DURATION: JAN 2024 – APR 2025

The Improvements under this Contract consist of the I-4 Florida's Regional Advanced Mobility Elements (FRAME) project, which includes the installation of roadside units (RSUs) that include dual-mode Dedicated Short-Range Communications (DSRC) and Cellular Vehicle-to-Everything (C-V2X) radios. The installation of RSUs will allow for the transmission of Signal Phase and Timing (SPAT) data, CV emergency vehicle preemption (EVP), and CV transit signal priority (TSP) applications in Hillsborough, Polk, Osceola, and Orange Counties, Florida. Siva's duties include preparing meeting agendas and taking/distributing meeting minutes (Pre-Con, progress, pre-activity), preparing work orders and supplemental agreements (as needed), running monthly estimates with PTS/SM, responding to QARs, checking PSSP, Bluebeam as-built plans, acquiring weekly/monthly required forms (Certifications, FDOT Forms, etc.), and preparing for final estimate.

I-4 Florida's Regional Advanced Mobility Elements (FRAME) | Contract T7483 | Hillsborough County, FL

CLIENT: FDOT D 7
PROJECT DURATION: NOV 2022 - NOV 2024

The improvements under this contract consist of the SR 400 (I-4) Florida's Regional Advanced Mobility Elements (FRAME) project, which includes the installation of roadside units (RSUs) that include dual-mode Dedicated Short-Range Communications (DSRC) and Cellular Vehicle-to-Everything (C-V2X) radios. The installation of RSUs will allow for the transmission of Signal Phase and Timing (SPAT) data, CV emergency vehicle preemption (EVP), and CV transit signal priority (TSP) applications in Hillsborough County, Florida. Siva's duties include preparing meeting agendas and taking/distributing meeting minutes (Pre-Con, progress, pre-activity), preparing work orders and supplemental agreements (as needed), running monthly estimates with PTS/SM, responding to QARs, checking PSSP, Bluebeam as-built plans, acquiring weekly/monthly required forms (Certifications, FDOT Forms, etc.), and preparing for final estimate.

District-Wide Push Button-Traffic Signals | District-wide, FL

CLIENT: FDOT D 7
PROJECT DURATION: AUG 2021 - FEB 2023

The intent of this contract is to provide a means whereby the Department can provide a quick response for implementing roadway improvements including installing/repairing/modifying traffic signalization improvements, installation of wrong-way vehicle detection systems, minor widening for turn lane extensions, implementation of Automated Traffic Signal Performance Measures (ATSPM) systems, and other work as provided for in the Contract documents for a period of two (2) years or until the contracted amount has been reached. Responsibilities of Siva include the preparation of meeting agendas, the drafting and distribution of meeting minutes, running of monthly estimates with PTS/SM, responding to QARs, and the acquisition of weekly/monthly required forms from contractors (e.g., Certifications, FDOT Forms, etc.) for the preparation of a final estimate.

CFX SR 429 Widening from Tilden Rd to Florida's Turnpike, Orange County | Cost $97.7 million

CLIENT: ORANGE COUNTY

PROJECT DURATION: SEP 2022 - PRESENT

Assistant Project Administrator - The work consists of widening SR 429 from Tilden Road to Florida's Turnpike from four (4) general use lanes to six (6) general use lanes. Specifically, the project consists of widening to the inside (median) to accommodate an additional general use travel lane in each direction with full depth shoulders for a portion of the remainder of median areas to facilitate hard shoulder running in the future. Also included is the widening of the mainline bridges within the project limits to accommodate the appropriate shoulder widths, additional general use lanes, and ramp modifications as shown in the bidding documents. The work also includes, but is not limited to, construction of sound barriers, overhead sign structures and intelligent transportation systems infrastructure in Orange County. Ms. Costa is responsible for all office administration and tasks. 09/2022 – Present

Universal Studios CEI Services for the Kirkman Extension, Orange County, FL | Cost $200 million

CLIENT: ORANGE COUNTY

PROJECT DURATION: JAN 2021 - SEP 2022

Assistant Project Administrator – This project was for CEI for the Kirkman Road extension that consists of seven Bridges, including a Single Point Urban Interchange (SPUI) at Sand Lake Rd., a signature elevated Curved Steel Girder Bridge, dedicated bike lanes, dedicated bus lanes, six-lane Roadway, soil cement, asphalt, MSE Walls, Traffic Signals, Cantilever Signs, Truss Signs, Pile driving, drilled shafts, piling, erosion control, Ground Mounted Signs, striping, new utility corridor, sanitary sewer, reclaimed water main, potable water main, embankment, mass grading, storm sewer and ITS. The project also included extensive coordination with stakeholders, Lockheed Martin, Orange County, and Rosen Hotels. 01/2021 – 09/2022

SR 482/Sand Lake Road Widening & John Young Parkway Flyover Bridge | Orange County, FL

CLIENT: FDOT DISTRICT 5

PROJECT DURATION: SEP 2019 - SEP 2022

This project was for CEI services for widening and reconstruction of three miles of SR 482 (Sand Lake Road) and construction of a steel structure flyover bridge on John Young Parkway over SR 482. The widening of Sand Lake Road includes widening of four bridges over Kirkman Road and the replacement of the Shingle Creek Bridges with a single concrete structure. The project also includes major utility relocations, sanitary sewer, a sanitary sewer lift station, water main, storm sewer, seven drainage ponds, MSE walls, signalization, signing, retaining walls, and sidewalk.

Key Staff Proposed Location

WSB is well-equipped to serve Polk County with both local and highly skilled staff, ensuring a deep understanding of the area's unique needs from past projects with the County. Our team is familiar with the area and includes key staff members who are dedicated, attentive, and responsive to the County's requirements. They are committed to delivering efficient and high-quality results for each project, staying alert to any evolving demands. With our blend of local knowledge and technical expertise, we are confident in our ability to provide tailored solutions and maintain strong communication throughout the project's lifecycle, ensuring a successful and timely outcome for the County.

Office Location: 601 N Hart Blvd , Orlando, FL 32818.

LOCAL FIRM

Madrid Engineering Group, Inc. D/B/A Madrid-CPWG(DBE/SBE) is a local based company that will provide support for **Materials | Geotechnical Services**

Madrid/CPWG is a professional engineering firm that was established in 1992, specializes in construction materials testing, geotechnical engineering, and construction engineering inspection (CEI) services. Madrid/CPWG recently merged their two companies to increase the company size and add additional in-house services and laboratory capabilities to fully service all their clients' needs. Madrid/CPWG is extremely familiar with the scope and needs under this contract as they are currently roviding continuing support to 24 local municipalities in Florida including but not limited to City of Orlando, City of Winter Garden, City of St. Pete Beach, and City of Tampa. Madrid/CPWG has a main office located in Oviedo to service the needs on this contract. WSBand Madrid/ CPWG have an ongoing professional teaming relationship, as they are a sub-consultant on our Professional Services contract with the City of Atlantic Beach and on numerous FDOT projects.

Office Location: 2030 State Rd 60, Bartow, FL 33830

Survey Services

SSMC Was founded in Orlando in 1972, Southeastern Surveying and Mapping Corporation (SSMC) is an independent, 100% employee-owned geomatics services firm providing professional Surveying and Mapping, Subsurface Utility Engineering (SUE), and Geographic Information Systems (GIS) services serving Florida and the Southeastern United States.

Our staff of over 260 personnel includes 18 licensed Professional Surveyors and Mappers, one (1) Professional Engineer, 48 nationally Certified Survey Technicians (CST), two (2) Engineers in Training (EI), three (3) internationally Certified GIS Professionals, one (1) Certified in GIS, 16 licensed unmanned aerial vehicle (UAV) pilots, and dozens of highly experienced survey, computer-aided design (CAD), and GIS technicians. SSMC has extensive experience working

with municipalities, governments, and Federal Agencies across Florida. To maintain our commitment to meeting our customers' needs, SSMC has worked tirelessly to develop highly innovative and needs-specific solutions for numerous municipal, public transportation, private development, and infrastructure improvements. At the forefront of technology, SSMC uses state-of-the-art equipment, leading-edge software, and cutting-edge processes to drive results. SSMC provides the personalized touch of a small company with the resources of a large firm and continually strives to live by our motto, "Proven commitment to our client's success."

DRMP

Materials Testing

DRMP was founded in 1977 in Orlando Florida by a group of engineers and surveyors that joined together to offer their clients a full-service firm with a collaborative approach to produce superior infrastructure. Our focus has been on providing services for State DOT's, the Federal Government, Local Municipalities and Private Developers. We have been providing Construction Engineering and Inspection (CEI) services on highway and bridge projects to clients throughout the southeast since 1999. DRMP's 172 CEI employees deliver the manpower, expertise, and experience to take on infrastructure projects of any size and scope. Our staff provided for this contract will be based out of our Lakeland office located in Polk County.

Office Location: 941 Lake Baldwin Lane, Orlando, FL 32814

CEI Mainline

KOW and Associates, LLC is a certified DBE, MBE, and SBE firm specializing in Construction Engineering and Inspection (CEI) services throughout Central Florida. We are dedicated to exceeding client expectations by delivering exceptional engineering solutions tailored to each project's unique needs.

Our team of experienced and highly qualified professionals brings a combination of technical expertise and strong project management skills that consistently drive results. At KOW and Associates, we take pride in our commitment to quality, efficiency, and reliability—ensuring success from concept to completion.

Is the Firm a "Certified Woman or Minority Business Enterprise"

Is the Firm a "Certified Woman or Minority Business Enterprise"?

WSB is not a certified Woman or Minority Business Enterprise, but we fully understand and support the County's commitment to fostering diverse and inclusive opportunities for women and minority-owned businesses. While our firm may not hold this specific certification, we remain dedicated to promoting to the County's goal by teaming with DBE certified firm, KOW and Associates and Madrid Engineering, which is a W/MBE.

We recognize the vital role that W/MBE play in the industry and actively seek ways to align with the county's goals of promoting their success. By fostering collaboration, our firm contributes to a more diverse and inclusive business landscape.

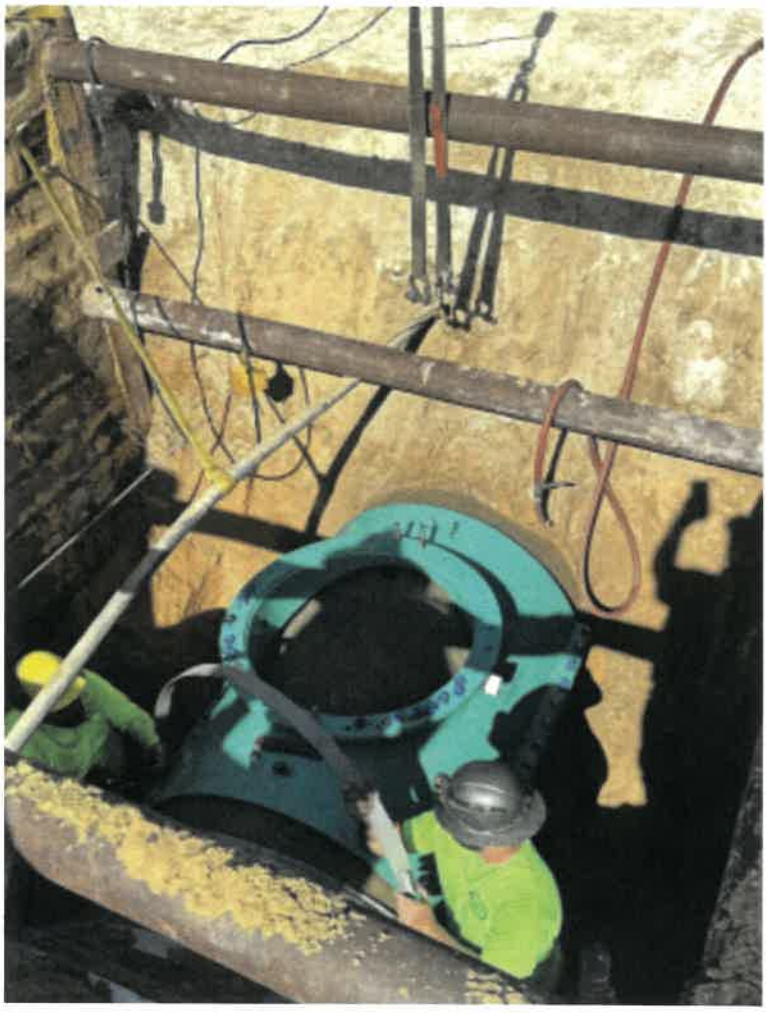
Tab 6

Interaction with County for Claims Minimization

Tab 6
Interaction with County for Claims Minimization



Our methodology for claim mitigation is partnering with the contractor to minimize any delay or rework. We accomplish this with a multiple-strategy approach.

We maintain open and continuous lines of communication with the contractor. The time and place for resolving issues is immediately, not at the weekly progress meeting. The weekly progress meeting is meant to update everyone on the project's overall progress. If an issue requires the EOR for clarification of intent or redesign of some aspect of the plans, the Project Administrator will follow up at regular short intervals. The project administrator is always available on-site to ensure all issues are addressed as quickly as possible. The Inspection staff have standard operating procedures of staying out of their trucks and observing subsurface operations to ensure that communications are quickly escalated if there is a conflict.

We maintain an effective multiple point-of-contact list of utilities that are on the project. We always have the next guy up the food chain's number, however, this is rarely needed due to maintaining positive relationships with key players. Also, the inspectors maintain daily logs of equipment and personnel as they are used and idle on the job. This will minimize cost should the claim be justifiable. We can illustrate this through the recent project on Lake Wilson Road. **The Contractor had submitted more than 45 claims for delay. 90% of these claims were rescinded due to these processes.** The remaining claims were minimized due to the accurate reporting of time, personnel, and equipment that were affected, and the project came in nearly $1M under the final contract value.

Evaluating the issue from the contractor's perspective: Engineers often underestimate the impacts of an unforeseen change and initially assume the contractor is being opportunistic. Our team will meet with the contractor and let them fully explain direct their direct costs as well as other less tangible impacts such as changing phasing or having to change gears. Once the impact is fully known such as a design change or a utility no longer in the way, it is best to agree on cost and time to finalize the issue. When the issues are fresh to the engineer and contractor, it's difficult to fabricate or exaggerate issues. If however, the issue lingers and is settled with the assistance of the county or a Disputes Review Board, it comes down to who can paint the better picture.

Force Account: Ideally, an agreement can be made and a change order processed. Tracking time and material increases administrative efforts and leaves the check book open until complete. If, however, the engineer and contractor are wholly in disagreement regarding impacts, force account can be utilized. Our inspection staff keep stacks of site source record forms in their trucks to begin documenting extra work immediately. Often the willingness alone to utilize force account keeps contractors honest when negotiating.

Tab 7
Staff Availability for Work Assignments

Tab 7
Staff Availability for Work Assignments

Our Team of professionals led by Mr. Hiehle, he will provide an exemplary level of performance to exceed Polk County objectives and expectations.

WSB is a large and accomplished firm with a proven track record of successfully delivering complex projects across various sectors. Over the years, we have built a reputation for excellence, tackling a diverse range of projects across the country and local to Polk County. With a large portfolio and extensive experience, we have developed the capacity to manage multiple projects simultaneously, ensuring that each one receives the attention and expertise it deserves.

WSB is confident in our resources and infrastructure to undertake all aspects of the project's scope for Polk County.

Our team is composed of highly skilled professionals who are experts in their fields, allowing us to offer comprehensive solutions that address all tasks of the project.

We understand the importance of meeting the County's specific needs and ensuring that each project is completed on time and within budget.

We are committed to providing a dedicated, ready, and available team, ensuring that the County's objectives are met with the highest standards of quality. We have structured our operations to be flexible, with proposed personnel and resources readily available to tackle each proposed project task. Our ability to adapt and respond efficiently, guarantees that the project will receive the focus it requires for success.

Below is a chart of our proposed key team member's availability for this project based on current project end dates.

Jon Chiglo, COO
WSB LLC
701 Xenia Avenue South, Suite 300
Minneapolis, Minnesota 55416

Dear Mr. Chiglo:

The Florida Department of Transportation has reviewed your application for prequalification package and determined that the data submitted is adequate to technically prequalify your firm for the following professional services types of work per Rule 14-75, F.A.C.:

3.1	Minor Highway Design
3.2	Major Highway Design
7.1	Signing, Pavement Marking and Channelization
7.2	Lighting
7.3	Signalization
9.2	Geotechnical Classification Laboratory Testing
9.3	Highway Materials Testing
9.4.1	Standard Foundation Studies
10.1	Roadway Construction Engineering Inspection
10.3	Construction Materials Inspection
10.4	Minor Bridge & Miscellaneous Structures CEI
10.5.1	Major Bridge CEI - Concrete
13.5	Subarea/Corridor Planning
13.6	Land Planning/Engineering

Your firm is now technically prequalified with the Department for Professional Services in the above referenced work types. The overhead audit has been accepted, and your firm may pursue projects in the referenced work types with fees of any dollar amount. This status shall be valid until June 30, 2025, for contracting purposes.

Approved Rates

Home Overhead	Field Overhead	Facilities Capital Cost of Money	Premium Overtime	Home Direct Expense	Field Direct Expense	Published Fee Schedule
152.28%*	129.76%*	0.570%*	Reimbursed	5.43%*	13.44%*^	Yes

*Interim Rates
^Rent and utilities excluded from field office rate. These costs will be directly reimbursed on contracts that require the consultant to provide field office.

Per Title 23, U.S. Code 112, there are restrictions on sharing indirect cost rates. Refer to Code for additional information.

Should you have any questions, please feel free to contact me by email at carliayn.kell@dot.state.fl.us or by phone at 850-414-4597.

Form **W-9**
(Rev. October 2018)
Department of the Treasury
Internal Revenue Service

Request for Taxpayer Identification Number and Certification

▶ **Go to *www.irs.gov/FormW9* for instructions and the latest information.**

Give Form to the requester. Do not send to the IRS.

Print or type. See Specific Instructions on page 3.

1 Name (as shown on your income tax return). Name is required on this line; do not leave this line blank.

WSB LLC

2 Business name/disregarded entity name, if different from above

3 Check appropriate box for federal tax classification of the person whose name is entered on line 1. Check only **one** of the following seven boxes.

☐ Individual/sole proprietor or single-member LLC ☐ C Corporation ☐ S Corporation ☐ Partnership ☐ Trust/estate

☑ Limited liability company. Enter the tax classification (C=C corporation, S=S corporation, P=Partnership) ▶ C

Note: Check the appropriate box in the line above for the tax classification of the single-member owner. Do not check LLC if the LLC is classified as a single-member LLC that is disregarded from the owner unless the owner of the LLC is another LLC that is **not** disregarded from the owner for U.S. federal tax purposes. Otherwise, a single-member LLC that is disregarded from the owner should check the appropriate box for the tax classification of its owner.

☐ Other (see instructions) ▶

4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):

Exempt payee code (if any) _____

Exemption from FATCA reporting code (if any) _____

(Applies to accounts maintained outside the U.S.)

5 Address (number, street, and apt. or suite no.) See instructions.

701 Xenia Ave S, Suite 300

Requester's name and address (optional)

6 City, state, and ZIP code

Minneapolis, MN 55416

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN,* later.

Note: If the account is in more than one name, see the instructions for line 1. Also see *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Social security number

			–			–				

or

Employer identification number

4	1	–	1	8	2	0	0	1	8

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

Sign Here **Signature of U.S. person ▶** DeAnna Reseman **Date ▶** 01/10/2024

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9.*

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)
- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, *later.*

Cat. No. 10231X Form **W-9** (Rev. 10-2018)

Company: WSB LLC

RFP 25-308, Roads & Drainage Construction Engineering and Inspection (CEI) Professional Services
Addendum #1(Continued)

Question 1: Can project examples required in Tab 3 include project experience of key staff prior to joining the submitting firm?

Answer 1: No. The projects to be identified are to be projects that have been performed by the Proposer submitting a Proposal.

Tab 3 Experience, Expertise, Personnel and Technical Resources (35 points) States:

Provide a minimum of three (3) and a maximum of five (5) recent projects performed within the past ten (10) years **as the prime firm** performing the CEI services for road infrastructure projects where the construction costs are under $7.0 million. (Limit response to one (1) page per project)

- For each project please provide:
  a) Name and location of the project;
  b) Size and cost of the project;
  c) Project representative name, address, phone number, and email address
  d) Start date, date project was completed or is anticipated to be completed; compare to the original date.
  e) The nature of the firm's responsibility on the project;
  f) Identify the key staff and their role in each project;
  g) Identify working relationship of consultants or joint venture on project, if applicable;
  h) Provide the original budget and the final budget of the project. Explain the reason(s) for differences, such as owner requested change, contractor claim, and insufficient plans and specifications.
  i) List of any time extensions created by item h above.

- Provide an organizational chart of the team highlighting the key individuals who will work on this contract.
- The key staff presented in the consultant's response shall be the staff utilized on this contract. Please provide the resumes of the key staff including, but not limited to, the items in the list below (One (1) page maximum per resume):
  a) Name and current position held by the person
  b) Name, title and project assignment
  c) Experience:
    1) Types of projects.
    2) Size of projects (dollar value of project).
    3) What were their specific project involvements?
- Demonstrate each key staff's availability and office and home location to respond to the needs of the project (Two (2) pages maximum for all key staff member)
- Identify any sub-consultants to be used, if any. For each sub consultant identified please provide:
  - Name of sub-consultant.
  - Address

- Their locations that can be utilized to expedite a deliverable if required.
- A brief description of their experience outlining their qualifications to perform the intended services
- A brief resume for each key personnel that will be assigned to perform the intended services

Question 2: Can project examples required in Tab 3 include project experience from subconsultants?

Answer 2: No, please see answer to question number 1 above.

Question 3: RFP 25-308, Roads/Drainage CEI and wish to clarify the County's instructions for Tab 7 – Staff Availability for Work Assignments (RFP Pg 12) which states "Limit response to two (1) pages maximum." Since pages is plural it appears the intent is for two pages, but there is a conflict so should the number 1 be the number 2, as in (2) pages maximum?

Answer 3: That is correct. The statement on page 12, Tab 7, should read as follows:

Tab 7 – Staff Availability for Work Assignments (5 Points)

- **Describe the firms' current and future projected workload. Describe specifically the ability of the firm to provide staff for project assignments as needed. (Limit response to two (2) pages maximum)**

EMPLOYMENT ELIGIBILITY VERIFICATION (E-VERIFY) CERTIFICATION
(Florida Statutes, Section 448.095)

PROJECT NAME: Construction Engineering and Inspection (CEI) Professional Services

The undersigned, as an authorized officer of the contractor identified below (the "**Contractor**"), having full knowledge of the statements contained herein, hereby certifies to Polk County, a political subdivision of the State of Florida (the "**County**"), by and on behalf of the Contractor in accordance with the requirements of Section 448.095, Florida Statutes, as related to the contract entered into by and between the Contractor and the County on or about the date hereof, whereby the Contractor will provide labor, supplies, or services to the County in exchange for salary, wages, or other remuneration (the "**Contract**"), as follows:

1. Unless otherwise defined herein, terms used in this Certification which are defined in Section 448.095, Florida Statutes, as may be amended from time to time, shall have the meaning ascribed in said statute.

2. Pursuant to Section 448.095(5), Florida Statutes, the Contractor, and any subcontractor under the Contract, must register with and use the E-Verify system to verify the work authorization status of all new employees of the Contractor or subcontractor. The Contractor acknowledges and agrees that (i) the County and the Contractor may not enter into the Contract, and the Contractor may not enter into any subcontracts thereunder, unless each party to the Contract, and each party to any subcontracts thereunder, registers with and uses the E-Verify system; and (ii) use of the U.S. Department of Homeland Security's E-Verify System and compliance with all other terms of this Certification and Section 448.095, Fla. Stat., is an express condition of the Contract, and the County may treat a failure to comply as a material breach of the Contract.

3. By entering into the Contract, the Contractor becomes obligated to comply with the provisions of Section 448.095, Fla. Stat., "Employment Eligibility," as amended from time to time. This includes but is not limited to utilization of the E-Verify System to verify the work authorization status of all newly hired employees, and requiring all subcontractors to provide an affidavit attesting that the subcontractor does not employ, contract with, or subcontract with, an unauthorized alien. The Contractor shall maintain a copy of such affidavit for the duration of the Contract. Failure to comply will lead to termination of the Contract, or if a subcontractor knowingly violates the statute or Section 448.09(1), Fla. Stat., the subcontract must be terminated immediately. If the Contract is terminated pursuant to Section 448.095, Fla. Stat., such termination is not a breach of contract and may not be considered as such. Any challenge to termination under this provision must be filed in the Tenth Judicial Circuit Court of Florida no later than 20 calendar days after the date of termination. If the Contract is terminated for a violation of Section 448.095, Fla. Stat., by the Contractor, the Contractor may not be awarded a public contract for a period of 1 year after the date of termination. The Contractor shall be liable for any additional costs incurred by the County as a result of the termination of the Contract. Nothing in this Certification shall be construed to allow intentional discrimination of any class protected by law.

Executed this 1st day of April, 2025.

EXHIBIT C

Board of County Commissioners

REIMBURSABLE COST SCHEDULE

1.	Subcontractor Services	Actual Costs
2.	Travel & Mileage Expenses	In accordance with Chapter 112.061, F.S.; and further defined in the Polk County Employee Handbook for pre-approved out-of-county travel (excluding travel from home offices located outside of Polk County to the Polk County line).
3.	Pre-approved Equipment (includes purchase and rental of equipment used in project)	Actual Costs

Polk County

Board of County Commissioners

Agenda Item R.27. 8/19/2025

SUBJECT

Approve piggyback with USSI, LLC for labor, equipment, materials, and necessary incidentals for manhole inspection services. ($200,000.00 estimated recurring annual expense)

DESCRIPTION

The Polk County Utilities Division estimates that there are over 10,000 manholes throughout the County that need to be evaluated for asset management purposes as well as for repair services. These services include inspecting manholes, sealing manhole chimneys, installing rain dishes, smoke testing, installation of clean out caps, project reporting, lift station basin infiltration investigation, and the optional installation of cleanout plugs. These services will also result in a central database of manholes throughout the County.

Polk County Utilities requested Procurement piggyback the Seminole County agreement with USSI, LLC. Seminole County solicited an Invitation for Bid (IFB-604974-25/LAS), resulting in an agreement with USSI, LLC for labor, equipment, materials, and necessary incidentals for manhole inspection services. There are no local vendors that provide these services.

The term of the agreement, with all extensions, is through May 20, 2030.

RECOMMENDATION

Request Board approve piggyback agreement with USSI, LLC for labor, equipment, materials, and necessary incidentals for manhole inspection services. ($200,000.00 estimated recurring annual expense)

FISCAL IMPACT

Funding is available for these services within the Utilities' operating budget.

PIGGYBACK AGREEMENT FOR SMOKE TESTING AND I&I SERVICES

THIS PIGGYBACK AGREEMENT (the "Agreement") is entered into as of the Effective Date defined in Section 3A, below, by and between Polk County (the "County"), a political subdivision of the State of Florida, situated at 330 W. Church Street, Bartow, Florida 33830, and USSI, LLC (the "Vendor"), a Florida corporation, 752 Commerce Drive, Suite 15, Venice, Florida 34292, and whose Federal Employer Identification Number is 65-0891727.

WHEREAS, the County's Procurement Ordinance and Procurement Procedures permit it to enter into piggyback purchasing agreements; and

WHEREAS, the County requires the services of a vendor who can provide all labor, equipment, materials, and incidentals necessary to inspect manholes for damage, leakage or other operating or structural problems; and

WHEREAS, the Vendor has contracted with the Seminole County (FL) to provide smoke testing to inspect manholes for damage, leakage or other operating or structural problems pursuant to that certain Contract No. 604974-25/LAS dated as ofMay 21, 2025 (the "Seminole Agreement") which those parties entered into upon Seminole County's award of IFB-604974-25/LAS to Vendor for smoke testing to inspect manholes for damage, leakage or other operating or structural problems; and

WHEREAS, the County and the Vendor have determined that the Seminole Agreement is an acceptable agreement upon which the County and the Vendor may establish a piggyback agreement.

NOW, THEREFORE, in consideration of the promises contained herein, the parties hereby agree, as follows:

1. **Recitals.** The above stated recitals are true and correct.

2. **Terms and Conditions; Conflict.** Except as otherwise stated herein, the terms and conditions of the Seminole Agreement shall form the basis of this Agreement, with the County having the rights, duties, and obligations of "Seminole County" thereunder. A true and correct copy of the Seminole Agreement is attached as Exhibit "A" and incorporated herein. If any provision of this Agreement conflicts with any provision of the Seminole Agreement, then the terms, conditions, and provisions of this Agreement shall control.

3. **Supplemental Terms and Conditions.** The terms and conditions of the Seminole Agreement are hereby modified or supplemented, as follows:

   A. **Term.** The term of this Agreement shall commence on the date (the "Effective Date") the later of the two parties executes the Agreement and, unless sooner terminated pursuant to Section 3.D herein, shall continue until the first to occur of the following: (i) upon expiration or earlier termination of the Seminole Agreement (it being acknowledged and understood that the latest possible termination date for the Seminole Agreement, with all renewal options exercised, is May 20, 2030); or (ii) upon termination by the County, for any reason or no reason, following 30 days' written notice to the Vendor.

B. **Insurance.** The Vendor shall maintain at all times the following minimum levels of insurance and shall, without in any way altering its liability, obtain, pay for and maintain insurance for the coverage and amounts of coverage not less than those set forth below. The Vendor shall provide the County original Certificates of Insurance satisfactory to the County to evidence such coverage before any work commences. The County shall be named as an additional insured on General and Automobile Liability policies. General Liability and Workers' Compensation policies shall contain a waiver of subrogation in favor of Polk County. The commercial General Liability Policy shall (by endorsement if necessary) provide contractual liability coverage for the contractual indemnity stated in Section 10, above. All insurance coverage shall be written with a company having an A.M. Best rating of at least the "A" category and size category of VIII. The Vendor's self-insured retention or deductible per line of coverage shall not exceed $25,000 without the permission of the County. In the event of any failure by the Vendor to comply with the provisions of this Section 11, the County may, at its option, upon notice to the Vendor suspend Vendor's performance of the Services for cause until there is full compliance. Alternatively, the County may purchase such insurance at the Vendor's expense, provided that the County shall have no obligation to do so and if the County shall do so, the Vendor shall not be relieved of or excused from the obligation to obtain and maintain such insurance amounts and coverage.

Comprehensive Automobile Liability Insurance. $1,000,000.00 combined single limit of liability for bodily injuries, death and property damage resulting from any one occurrence, including all owned, hired, and non-owned vehicles.

Commercial General Liability. $1,000,000.00 combined single limit of liability for bodily injuries, death and property damage, and personal injury resulting from any one occurrence, including the following coverages:

Premises and Operations:

> Broad Form Commercial General Liability Endorsement to include Blanket Contractual liability (specifically covering, but not limited to, the contractual obligations assumed by the Firm); Personal Injury (with employment and contractual exclusions deleted); and Broad Form Property Damage coverage.

Independent Contractors:

> Delete Exclusion relative to collapse, explosion and underground; Property Damage Hazards; Cross Liability Endorsement; and Contractual liability (specifically covering, but not limited to, the contractual obligations assumed by the Firm)

Workers Compensation. The Vendor shall provide, pay for, and maintain workers compensation insurance on all employees, its agents or subcontractors as required by Florida Statutes.

Pollution Liability. $1,000,000.00 per occurrence; $1,000,000.00 general aggregate.

C. **Indemnity.** Vendor, to the maximum extent permitted by law, shall indemnify, defend (by counsel reasonably acceptable to County) protect and hold

the County, and its officers, employees and agents harmless from and against any and all, claims, actions, causes of action, liabilities, penalties, forfeitures, damages, losses, and expenses (including, without limitation, attorneys' fees costs and expenses incurred during negotiation, through litigation and all appeals therefrom) whatsoever including, but not limited, to those pertaining to the death of or injury to any person, or damage to any property, arising out of or resulting from (i) the failure of Vendor to comply with applicable laws, rules or regulations, (ii) the breach by Vendor of its obligations under this Agreement, (iii) any claim for trademark, patent or copyright infringement arising out of the scope of Vendor's performance or nonperformance of this Agreement, or (iv) the negligent acts, errors or omissions, or intentional or willful misconduct, of Vendor, its professional associates, subcontractors, agents, and employees provided, however, that Vendor shall not be obligated to defend or indemnify the County with respect to any such claims or damages arising out of the County's sole negligence.

D. Force Majeure. Either party hereunder may be temporarily excused from performance if an Event of Force Majeure directly or indirectly causes its nonperformance. An "Event of Force Majeure" is defined as any event which results in the prevention or delay of performance by a party of its obligations under this Agreement and which is beyond the reasonable control of the nonperforming party. It includes, but is not limited to fire, flood, earthquakes, storms, lightning, epidemic, war, riot, civil disturbance, sabotage, and governmental actions. Neither party shall be excused from performance if non-performance is due to forces which are reasonably preventable, removable, or remediable and which the non-performing party could have, with the exercise of reasonable diligence, prevented, removed, or remedied prior to, during, or immediately after their occurrence. Within five (5) days after the occurrence of an Event of Force Majeure, the non-performing party shall deliver written notice to the other party describing the event in reasonably sufficient detail, along with proof of how the event has precluded the non-performing party from performing its obligations hereunder, and a good faith estimate as to the anticipated duration of the delay and the means and methods for correcting the delay. The non-performing party's obligations, so far as those obligations are affected by the Event of Force Majeure, shall be temporarily suspended during, but no longer than, the continuance of the Event of Force Majeure and for a reasonable time thereafter as may be required for the non-performing party to return to normal business operations. If excused from performing any obligations under this Agreement due to the occurrence of an Event of Force Majeure, the non-performing party shall promptly, diligently, and in good faith take all reasonable action required for it to be able to commence or resume performance of its obligations under this Agreement. During any such time period, the non-performing party shall keep the other party duly notified of all such actions required for it to be able to commence or resume performance of its obligations under this Agreement.

E. Default and Remedy. If Vendor materially defaults in its obligations under this Agreement, then the County shall have the right to (i) immediately terminate this Agreement by delivering written notice to Vendor, and (ii) pursue any and all remedies available in law, equity, and under this Agreement. If the County materially defaults in its obligations under this Agreement, then Vendor shall have the right to immediately terminate this Agreement by delivering written notice to the County and to

seek payment from County for those services Vendor has provided but for which has not yet been paid.

F. **Attorneys' Fees and Costs.** In connection with any dispute or any litigation arising out of, or relating to this Agreement, each party shall be responsible for its own legal and attorneys' fees, costs and expenses, including attorneys' fees, costs, and expenses incurred for any appellate or bankruptcy proceedings.

G. **Dispute Resolution.** Notwithstanding anything in Seminole County's Agreement to the contrary, there shall be no arbitration of any dispute arising or pertaining to this Agreement. The parties shall resolve all such disputes via voluntary and non-binding mediation or negotiation.

H. **LIMITATION OF LIABILITY. IN NO EVENT SHALL THE COUNTY BE LIABLE TO THE VENDOR FOR INDIRECT, INCIDENTAL, CONSEQUENTIAL, SPECIAL, EXEMPLARY, OR PUNITIVE DAMAGES OF ANY KIND OR NATURE WHATSOEVER INCLUDING LOSS OF PROFIT, WHETHER FORESEEABLE OR NOT, ARISING OUT OF OR RESULTING FROM THE NONPERFORMANCE OR BREACH OF THIS CONTRACT BY THE COUNTY WHETHER BASED IN CONTRACT, COMMON LAW, WARRANTY, TORT, STRICT LIABILITY, CONTRIBUTION, INDEMNITY OR OTHERWISE.**

I. **Governing Law.** This Agreement shall be governed in all respects by the Laws of the State of Florida, without regard to conflicts of the laws principles.

J. **Venue.** Any litigation with respect to this Agreement shall be brought and prosecuted only in the courts of Polk County, Florida or in the United States District Court, Middle District of Florida, located in Hillsborough County, Florida.

K. **Notice.** All notices, requests, consents and other communications required or permitted under this Agreement shall be in writing, and shall be, as elected by the person giving such notice, hand delivered by nationally recognized messenger or by courier service, or mailed by registered or certified mail, return receipt requested, and addressed, as follows:

If to the County:	Polk County Utilities Division Attention: Utilities Director 1011 Jim Keene Blvd. Winter Haven, FL 33880
If to Vendor:	USSI, LLC Attention: Tim McRoberts 752 Commerce Dr., Suite 15 Venice, FL 34292

L. **Non-exclusive Agreement.** This Agreement does not grant the Vendor the exclusive right to provide smoke testing to inspect manholes for damage, leakage or other operating or structural problems during the Agreement term. The County may utilize its own personnel to perform such services, or it may employ other

vendors or contractors to provide such services.

M. Public Records Law.

(a) The Contractor acknowledges the County's obligations under Article I, Section 24, of the Florida Constitution and under Chapter 119, Florida Statutes, to release public records to members of the public upon request and comply in the handling of the materials created under this Agreement. The Vendor further acknowledges that the constitutional and statutory provisions control over the terms of this Agreement. In association with its performance pursuant to this Agreement, the Vendor shall not release or otherwise disclose the content of any documents or information that is specifically exempt from disclosure pursuant to all applicable laws.

(b) Without in any manner limiting the generality of the foregoing, to the extent applicable, the Vendor acknowledges its obligations to comply with Section 119.0701, Florida Statutes, with regard to public records, and shall:

(1) keep and maintain public records required by the County to perform the services required under this Agreement;

(2) upon request from the County's Custodian of Public Records or his/her designee, provide the County with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law;

(3) ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the term of this Agreement and following completion of this Agreement if the Vendor does not transfer the records to the County; and

(4) upon completion of this Agreement, transfer, at no cost, to the County all public records in possession of the Vendor or keep and maintain public records required by the County to perform the service. If the Vendor transfers all public records to the County upon completion of this Agreement, the Vendor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Vendor keeps and maintains public records upon completion of this Agreement, the Vendor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the County, upon request from the County's Custodian of Public Records, in a format that is compatible with the information technology systems of the County.

(c) **IF THE VENDOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE VENDOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, CONTACT THE COUNTY'S CUSTODIAN OF PUBLIC RECORDS AT:**

RECORDS MANAGEMENT LIAISON OFFICER
POLK COUNTY
330 WEST CHURCH ST.

BARTOW, FL 33830
TELEPHONE: (863) 534-7527
EMAIL: RMLO@POLK-COUNTY.NET

N. Scrutinized Companies and Business Operations Certification; Termination.

A. Certification(s).

(i) By its execution of this Agreement, the Vendor hereby certifies to the County that the Vendor is not on the Scrutinized Companies that Boycott Israel List, created pursuant to Section 215.4725, Florida Statutes, nor is the Vendor engaged in a boycott of Israel, nor was the Vendor on such List or engaged in such a boycott at the time it submitted its bid, proposal, quote, or other form of offer, as applicable, to the County with respect to this Agreement.

(ii) Additionally, if the value of the goods or services acquired under this Agreement are greater than or equal to One Million Dollars ($1,000,000), then the Vendor further certifies to the County as follows:

(a) the Vendor is not on the Scrutinized Companies with Activities in Sudan List, created pursuant to Section 215.473, Florida Statutes; and

(b) the Vendor is not on the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, created pursuant to Section 215.473, Florida Statutes; and

(c) the Vendor is not engaged in business operations (as that term is defined in Florida Statutes, Section 287.135) in Cuba or Syria; and

(d) the Vendor was not on any of the Lists referenced in this subsection A(ii), nor engaged in business operations in Cuba or Syria when it submitted its proposal to the County concerning the subject of this Agreement.

(iii) The Vendor hereby acknowledges that it is fully aware of the penalties that may be imposed upon the Vendor for submitting a false certification to the County regarding the foregoing matters.

B. Termination. In addition to any other termination rights stated herein, the County may immediately terminate this Agreement upon the occurrence of any of the following events:

(i) the Vendor is found to have submitted a false certification to the County with respect to any of the matters set forth in subsection A(i) above, or the Vendor is found to have been placed on the Scrutinized Companies that Boycott Israel List or is engaged in a boycott of Israel; or

(ii) the Vendor is found to have submitted a false certification to the County with respect to any of the matters set forth in subsection A(ii) above, or the Vendor is found to have been placed on the Scrutinized Companies with Activities in Sudan List, or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or has been engaged in business operations in Cuba or Syria, and the value of the goods or services acquired under this Agreement are greater than or equal to One Million Dollars ($1,000,000).

O. No Construction Against Drafter. The Parties acknowledge that this Agreement and all the terms and conditions contained herein have been fully

reviewed and negotiated by the Parties. Accordingly, any rule of construction to the effect that ambiguities are to be resolved against the drafting party shall not apply in interpreting this Agreement.

P. Public Entity Crimes. The Vendor declares and warrants that neither the Vendor nor any of the Vendor's affiliates, as that term is defined in Section 287.133, Florida Statutes, are subject to the restrictions in Section 287.133, Florida Statutes, regarding the commission of a public entity crime. If during the term of this Agreement, the Vendor or any affiliate is convicted of a public entity crime or is otherwise prohibited from performing work for or transacting business with the County pursuant to Section 287.133, Florida Statutes, then the Vendor shall be in material default of this Agreement, and in such case, the County shall have the rights and remedies as provided herein.

Q. Unauthorized Alien(s)

The Vendor shall not employ or utilize unauthorized aliens in the performance of the Services provided pursuant to this Agreement. The County shall consider the employment or utilization of unauthorized aliens a violation of Section 274A(e) of the Immigration and Naturalization Act (8 U.S.C. 1324a) and a cause for the County's unilateral termination of this Agreement. When delivering executed counterparts of this Agreement to the County, the Vendor shall also deliver a completed and executed counterpart of the attached "AFFIDAVIT CERTIFICATION IMMIGRATION LAWS" form.

R. Employment Eligibility Verification (E-VERIFY)

A. Unless otherwise defined herein, terms used in this Section which are defined in Section 448.095, Florida Statutes, as may be amended from time to time, shall have the meaning ascribed in said statute.

B. Pursuant to Section 448.095(5), Florida Statutes, the contractor hereto, and any subcontractor thereof, must register with and use the E-Verify system to verify the work authorization status of all new employees of the contractor or subcontractor. The contractor acknowledges and agrees that (i) the County and the contractor may not enter into this Agreement, and the contractor may not enter into any subcontracts hereunder, unless each party to this Agreement, and each party to any subcontracts hereunder, registers with and uses the E-Verify system; and (ii) use of the U.S. Department of Homeland Security's E-Verify System and compliance with all other terms of this Certification and Section 448.095, Fla. Stat., is an express condition of this Agreement, and the County may treat a failure to comply as a material breach of this Agreement.

C. By entering into this Agreement, the contractor becomes obligated to comply with the provisions of Section 448.095, Fla. Stat., "Employment Eligibility," as amended from time to time. This includes but is not limited to utilization of the E-Verify System to verify the work authorization status of all newly hired employees, and requiring all subcontractors to provide an affidavit attesting that the subcontractor does not employ, contract with, or subcontract with, an unauthorized alien. The contractor shall maintain a copy of such affidavit for the duration of this Agreement. Failure to comply will lead to termination of

this Agreement, or if a subcontractor knowingly violates the statute or Section 448.09(1), Fla. Stat., the subcontract must be terminated immediately. If this Agreement is terminated pursuant to Section 448.095, Fla. Stat., such termination is not a breach of contract and may not be considered as such. Any challenge to termination under this provision must be filed in the Tenth Judicial Circuit Court of Florida no later than 20 calendar days after the date of termination. If this Agreement is terminated for a violation of Section 448.095, Fla. Stat., by the contractor, the contractor may not be awarded a public contract for a period of 1 year after the date of termination. The contractor shall be liable for any additional costs incurred by the County as a result of the termination of this Agreement. Nothing in this Section shall be construed to allow intentional discrimination of any class protected by law.

S. **Entire Agreement.** This Agreement sets forth the entire understanding and agreement between the parties. This Agreement may only be modified or changed in writing, and such modifications and changes signed by both parties.

(THE REMAINDER OF THE PAGE IS LEFT INTENTIONALLY BLANK; THE AGREEMENT CONTINUES ON THE FOLLOWING PAGE WITH THE PARTIES SIGNATURES.)

IN WITNESS WHEREOF, the parties hereto have executed this Agreement as of the Effective Date.

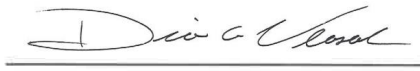
Affidavit Regarding the Use of Coercion for Labor or Services

In compliance with Section 787.06(13), Florida Statutes, this attestation must be completed by an officer or representative of a nongovernmental entity that is executing, renewing, or extending a contract with Polk County, a political subdivision of the State of Florida.

The undersigned, on behalf of the entity listed below (the "Nongovernmental Entity"), hereby attests under penalty of perjury as follows:

1. I am over the age of 18 and I have personal knowledge of the matters set forth herein.

2. I currently serve as an officer or representative of the Nongovernmental Entity.



3. The Nongovernmental Entity does **not** use coercion for labor or services, as those underlined terms are defined in Section 787.06, Florida Statutes.

4. This declaration is made pursuant to Section 92.525, Fla. Stat. and Section 787.06, Fla. Stat. I understand that making a false statement in this declaration may subject me to criminal penalties.

Under penalties of perjury, I Dion Vlasak CEO (Signatory Name and Title), declare that I have read the foregoing Affidavit Regarding the Use of Coercion for Labor and Services and that the facts stated in it are true.

Further Affiant sayeth naught.

TERM CONTRACT FOR SMOKE TESTING AND I&I SERVICES FOR SEMINOLE COUNTY WASTEWATER COLLECTION SYSTEM
(IFB-604974-25/LAS)

THIS AGREEMENT is dated as of the 21st day of May 2025, by and between **USSI LLC.,** duly authorized to conduct business in the State of Florida, whose address is 752 Commerce Drive, #15, Venice, FL 34292, in this Agreement referred to as "CONTRACTOR", and **SEMINOLE COUNTY**, a charter county and political subdivision of the State of Florida, whose address is Seminole County Services Building, 1101 E. 1st Street, Sanford, Florida 32771, in this Agreement referred to as "COUNTY".

W I T N E S S E T H:

WHEREAS, COUNTY desires to retain the services of a competent and qualified contractor to provide smoke testing and all related work on wastewater gravity sewer systems for Seminole County; and

WHEREAS, COUNTY has requested and received expressions of interest for the retention of services of contractors; and

WHEREAS, CONTRACTOR is competent and qualified to provide materials and services to COUNTY, and desires to provide materials and services according to the terms and conditions stated in this Agreement,

NOW, THEREFORE, in consideration of the mutual understandings and covenants set forth in this Agreement, COUNTY and CONTRACTOR agree as follows:

Section 1. Materials and/or Services. COUNTY hereby retains CONTRACTOR to provide materials and services as further described in the Scope of Services attached as Exhibit A and made a part of this Agreement. CONTRACTOR is also bound by all requirements as contained in the solicitation package, all addenda to this package, and CONTRACTOR's

Page 1 of 42

submission in response to this solicitation. Required materials and services will be specifically enumerated, described, and depicted in the Purchase Orders authorizing purchase of specific materials and services. This Agreement standing alone does not authorize the purchase of materials and services or require COUNTY to place any orders for work.

Section 2. Term. This Agreement takes effect on the date of its execution by COUNTY and continues for a period of three (3) years. At the sole option of COUNTY, this Agreement may be renewed for two (2) successive periods not to exceed one (1) year each. Renewals are wholly contingent on the availability of funds. Expiration of the term of this Agreement will have no effect upon Purchase Orders issued pursuant to this Agreement and prior to the expiration date. Obligations entered by both parties under such Purchase Orders will remain in effect until delivery and acceptance of the materials authorized by the respective Purchase Order. The first three (3) months of the initial term are considered probationary. During the probationary period, COUNTY may immediately terminate this Agreement at any time, with or without cause, upon written notice to CONTRACTOR.

Section 3. Authorization for Materials and/or Services. Authorization for provision of materials and services by CONTRACTOR under this Agreement must be in the form of written Purchase Orders issued and executed by COUNTY. A sample Purchase Order is attached as Exhibit B. Each Purchase Order will describe the materials and services required, state the dates for delivery of materials and services, and establish the amount and method of payment. The Purchase Orders must be issued under and incorporate the terms of this Agreement. COUNTY makes no covenant or promise as to the number of available Purchase Orders or that CONTRACTOR will perform any Purchase Order for COUNTY during the life of this Agreement. COUNTY reserves the right to contract with other parties for the services contemplated by this Agreement when it is determined by COUNTY to be in the best interest of COUNTY to do so.

Page 2 of 42

Section 4. Time for Completion. The materials and services to be provided by CONTRACTOR will be delivered, as specified in such Purchase Orders as may be issued under this Agreement, within the time specified in the Purchase Order.

Section 5. Compensation. COUNTY shall compensate CONTRACTOR for the materials and services provided for under this Agreement on a Fixed Fee basis at the rates as outlined in Exhibit C. When a Purchase Order is issued on a Fixed Fee basis, then the applicable Purchase Order Fixed Fee amount will include any and all reimbursable expenses and will be based on the unit pricing attached to this Agreement, or as reduced in the quoting process leading to specific Purchase Orders.

Section 6. Payment and Billing.

(a) CONTRACTOR shall supply all materials and services required by the Purchase Order, but in no event will CONTRACTOR be paid more than the negotiated Fixed Fee amount stated within each Purchase Order.

(b) For Purchase Orders issued on a Fixed Fee basis, CONTRACTOR may invoice the amount due based on the percentage of total Purchase Order materials and services actually provided, but in no event may the invoice amount exceed a percentage of the Fixed Fee amount equal to a percentage of the total services actually completed.

(c) COUNTY shall make payments to CONTRACTOR when requested as materials and services are provided, but not more than once monthly. Each Purchase Order will be invoiced separately. At the close of each calendar month, CONTRACTOR shall render to COUNTY an itemized invoice, properly dated, describing any materials and services provided, the cost of the materials and services provided, the name and address of CONTRACTOR, Purchase Order Number, Contract Number, and any other information required by this Agreement.

(d) Submittal instructions for invoices are as follows:

Certified Copy - Grant Maloy
Clerk of the Circuit Court and Comptroller

Seminole County Clerk of the Circuit Court and Comptroller
eCertified at 05/27/2025 15:55:49 -04:00
eCertified Id: 18E6-6AE7-9381
Page 3 of 42

(1) The original invoice must be emailed to:

AP@SeminoleClerk.org

(2) The original invoice may also be mailed or delivered to:

Director of County Comptroller's Office
Seminole County Board of County Commissioners
P.O. Box 8080
Sanford, FL 32772-8080

(3) A copy of the invoice must be sent to:

Seminole County Utilities Operations Division
500 W Lake Mary Boulevard
Sanford, FL 32773

(e) Upon review and approval of CONTRACTOR's invoice, COUNTY shall pay CONTRACTOR the approved amount in accordance with the terms as set forth in Chapter 218, Part VII, Florida Statutes.

(f) The COUNTY's performance and obligation to pay under this Agreement is wholly contingent upon the COUNTY's receipt of sufficient appropriation.

Section 7. General Terms of Payment and Billing.

(a) Upon satisfactory delivery of materials and services required under this Agreement and upon acceptance of the materials and services by COUNTY, CONTRACTOR may invoice COUNTY for the full amount of compensation provided for under the terms of this Agreement less any amount already paid by COUNTY.

(b) COUNTY may perform or have performed an audit of the records of CONTRACTOR at any time during the term of this Agreement and after final payment to support final payment under this Agreement. Audits may be performed at a time mutually agreeable to CONTRACTOR and COUNTY. Total compensation to CONTRACTOR may be determined subsequent to an audit as provided for in this Section and the total compensation so determined

Page 4 of 42

will be used to calculate final payment to CONTRACTOR. Performance of this audit will not delay final payment as provided by subsection (a) of this Section.

(c) CONTRACTOR shall maintain all books, documents, papers, accounting records, and other evidence pertaining to materials and services provided under this Agreement in such a manner as will readily conform to the terms of this Agreement. CONTRACTOR shall make such materials available at CONTRACTOR's office at all reasonable times during the term of this Agreement and for five (5) years from the date of final payment under the contract for audit or inspection as provided for in subsection (b) of this Section.

(d) In the event any audit or inspection conducted after final payment but within the period provided in paragraph (c) of this Section reveals any overpayment by COUNTY under the terms of the Agreement, CONTRACTOR shall refund such overpayment to COUNTY within thirty (30) days of notice by COUNTY.

Section 8. No Waiver by Forbearance. COUNTY's review of, approval and acceptance of, or payment for the materials or services required under this Agreement does not operate as a waiver of any rights under this Agreement, or of any cause of action arising out of the performance of this Agreement. CONTRACTOR is and will always remain liable to COUNTY in accordance with applicable law for any and all damages to COUNTY caused by CONTRACTOR's negligent or wrongful provision of any of the materials or services provided under this Agreement.

Section 9. Termination.

(a) COUNTY may, by written notice to CONTRACTOR, terminate this Agreement or any Purchase Order issued under this Agreement, in whole or in part, at any time, either for COUNTY's convenience or because of the failure of CONTRACTOR to fulfill its obligations under this Agreement. Upon receipt of such notice, CONTRACTOR shall immediately discontinue all services affected, unless the notice directs otherwise, and deliver to COUNTY all

Page 5 of 42

data, drawings, specifications, reports, estimates, summaries, and any and all such other information and materials of whatever type or nature as may have been accumulated by CONTRACTOR in performing this Agreement, whether completed or in process.

(b) If the termination is for the convenience of COUNTY, CONTRACTOR will be paid compensation for services performed to the date of termination.

(c) If the termination is due to the failure of CONTRACTOR to fulfill its obligations under this Agreement, COUNTY may take over the work and carry it to completion by other agreements or otherwise. In such case, CONTRACTOR will be liable to COUNTY for all reasonable additional costs associated with CONTRACTOR's failure to fulfill its obligations under this Agreement.

(d) CONTRACTOR will not be liable for such additional costs if the failure to perform the Agreement arises without any fault or negligence of CONTRACTOR, but CONTRACTOR will be responsible and liable for the actions by its subcontractors, agents, employees, persons, and entities of a similar type or nature. Matters beyond the fault or negligence of CONTRACTOR include acts of God or of the public enemy, acts of COUNTY in its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, and unusually severe weather, but in every case the failure to perform must be beyond the control and without any fault or negligence of CONTRACTOR.

(e) If after notice of termination for CONTRACTOR's failure to fulfill its obligations under this Agreement it is determined that CONTRACTOR had not so failed, the termination will be conclusively deemed to have been effected for the convenience of COUNTY. In such event, adjustment in the Agreement price will be made as provided in subsection (b) of this Section.

(f) The rights and remedies of COUNTY provided for in this Section are in addition and supplemental to any and all other rights and remedies provided by law or under this Agreement.

Section 10. Conflict with Contract Documents. Wherever the terms of this Agreement conflict with any Purchase Order issued pursuant to it or any other contract documents, including bids or proposals previously submitted by CONTRACTOR, this Agreement will prevail. For the avoidance of doubt, bid/proposals and any other documents submitted by CONTRACTOR are not incorporated into this Agreement, unless expressly stated otherwise.

Section 11. Equal Opportunity Employment. CONTRACTOR shall not discriminate against any employee or applicant for employment for work under this Agreement because of race, color, religion, sex, age, disability, or national origin. CONTRACTOR shall take steps to ensure that applicants are employed and employees are treated during employment without regard to race, color, religion, sex, age, disability, or national origin. This provision includes, but is not limited to the following: employment, upgrading, demotion or transfer, recruitment advertising, layoff or termination, rates of pay or other forms of compensation and selection for training including apprenticeship.

Section 12. No Contingent Fees. CONTRACTOR warrants that it has not employed or retained any company or person other than a bona fide employee working solely for CONTRACTOR to solicit or secure this Agreement and that it has not paid or agreed to pay any person, company, corporation, individual, or firm, other than a bona fide employee working solely for CONTRACTOR, any fee, commission, percentage, gift, or other consideration contingent upon or resulting from award or making of this Agreement. For the breach or violation of this provision, COUNTY will have the right to terminate the Agreement at its sole discretion without liability and

Page 7 of 42

to deduct from the Agreement price or otherwise recover the full amount of such fee, commission, percentage, gift, or consideration.

Section 13. Conflict of Interest.

(a) CONTRACTOR shall not engage in any action that would create a conflict of interest in the performance of its obligations pursuant to this Agreement with COUNTY or violate or cause others to violate the provisions of Chapter 112, Part III, Florida Statutes, relating to ethics in government.

(b) CONTRACTOR hereby certifies that no officer, agent, or employee of COUNTY has any material interest (as defined in Section 112.312(15), Florida Statutes, as over 5%), either directly or indirectly, in the business of CONTRACTOR to be conducted under this Agreement and that no such person will have any such interest at any time during the term of this Agreement.

Section 14. Assignment. Neither this Agreement nor any interest in it may be assigned, transferred, or otherwise encumbered under any circumstances by either party without prior written consent of the other party and in such cases only by a document of equal dignity with this Agreement.

Section 15. Subcontractors. CONTRACTOR shall first secure the prior written approval of COUNTY before engaging or contracting for the services of any subcontractors under this Agreement. CONTRACTOR will remain fully responsible to COUNTY for the services of any subcontractors under this Agreement.

Section 16. Indemnification of COUNTY. To the fullest extent permitted by law, CONTRACTOR shall hold harmless, release, and indemnify COUNTY, its commissioners, officers, employees, and agents from any and all claims, losses, damages, costs, attorney fees, and lawsuits for damages arising from, allegedly arising from, or related to CONTRACTOR's provision of materials or services under this Agreement caused by CONTRACTOR's act or

Page 8 of 42

omission in the performance of this Agreement. This provision is not to be construed as a waiver by COUNTY of its sovereign immunity, except to the extent waived pursuant to Section 768.28, Florida Statutes, as this statute may be amended from time to time.

Section 17. Insurance.

(a) CONTRACTOR, at its sole expense, shall maintain the insurance required under this Section at all times throughout the duration of this Agreement and have this insurance approved by COUNTY's Risk Manager with the Resource Management Department. CONTRACTOR shall immediately provide written notice to the COUNTY upon receipt of notice of cancellation of an insurance policy or a decision to terminate an insurance policy.

(1) CONTRACTOR shall require and ensure that each of its sub-vendors or subcontractors providing services under this Agreement, if any, procures and maintains insurance of the types and to the limits specified in this Agreement until the completion of their respective services.

(2) Neither approval by COUNTY nor failure by COUNTY to disapprove the insurance furnished by CONTRACTOR will relieve CONTRACTOR of its full responsibility for liability, damages, and accidents.

(3) Neither COUNTY's review of the coverage afforded by or the provisions of the policies of insurance purchased and maintained by CONTRACTOR in accordance with this Section, nor COUNTY's decisions to raise or not to raise any objections about either or both, in any way relieves or decreases the liability of CONTRACTOR.

(4) If COUNTY elects to raise an objection to the coverage afforded by or the provisions of the insurance furnished, then CONTRACTOR shall promptly provide to COUNTY such additional information as COUNTY may reasonably request, and CONTRACTOR shall remedy any deficiencies in the policies of insurance within ten (10) days.

Page 9 of 42

(5) COUNTY's authority to object to insurance does not in any way whatsoever give rise to any duty on the part of COUNTY to exercise this authority for the benefit of CONTRACTOR or any other party.

(b) General Requirements.

(1) Before commencing work, CONTRACTOR shall furnish COUNTY with a current Certificate of Insurance on a current ACORD Form signed by an authorized representative of the insurer evidencing the insurance required by this Section and Exhibit D. **The Certificate must have the Agreement number for this Agreement clearly marked on its face**, and including the following as Certificate Holder:

Seminole County, Florida
Seminole County Services Building
1101 East 1st Street
Sanford, Florida 32771

The Certificate of Insurance must evidence and all policies must be endorsed to provide the COUNTY with not less than thirty (30) days (10 days for non-payment) written notice prior to the cancellation or non-renewal of coverage directly from the Insurer and without additional action of the Insured or Broker. Until such time as the insurance is no longer required to be maintained, CONTRACTOR shall provide COUNTY with a renewal or replacement Certificate of Insurance within ten (10) days after the expiration or replacement of the insurance for which a previous certificate has been provided.

(2) In addition to providing the Certificate of Insurance, upon request of the COUNTY, CONTRACTOR shall provide COUNTY with a certified copy of each of the policies of insurance providing the coverage required by this Agreement within thirty (30) days after receipt of the request. Certified copies of policies may only be provided by the Insurer, not the agent or broker.

Page 10 of 42

(3) Deductible and self-insured retention amounts must be declared to and approved by COUNTY and must be reduced or eliminated upon written request from COUNTY. The risk of loss within the deductible amount, if any, in the insurance purchased and maintained pursuant to this document must be borne by CONTRACTOR.

(4) The insurer's cost of defense, including attorney's fees and attorney's fees on appeal, must not be included within the policy limits, but must remain the responsibility of the insurer for all General Liability, Auto Liability, Employers' Liability, and Umbrella Liability coverages.

(5) In the event of loss covered by Property Insurance, the proceeds of a claim must be paid to COUNTY and COUNTY shall apportion the proceeds between COUNTY and CONTRACTOR as their interests may appear.

(6) Additional Insured: Seminole County, Florida, its commissioners, officials, officers, and employees must be included as Additional Insureds under General Liability, Umbrella Liability, Business Auto Liability, Pollution Liability, and Cyber Liability policies. Such is only applicable if the aforementioned policies are required per this Agreement or Exhibit D. Such policies shall provide exception to any "Insured versus Insured" exclusion for claims brought by or on behalf of Additional Insureds.

(7) Coverage: The insurance provided by CONTRACTOR pursuant to this Agreement must apply on a primary and non-contributory basis and any other insurance or self-insurance maintained by the Seminole County Board of County Commissioners or COUNTY's officials, officers, or employees must be in excess of and not contributing with the insurance provided by CONTRACTOR.

(8) Waiver of Subrogation: All policies must be endorsed to provide a Waiver of Subrogation clause in favor of the Seminole County, Florida and its respective officials, officers,

Page 11 of 42

and employees. This Waiver of Subrogation requirement does not apply to any policy that includes a condition that specifically prohibits such an endorsement or voids coverage should the Named Insured enter into such an agreement on a pre-loss basis.

(9) Provision: Commercial General Liability and Umbrella Liability Policies, if required by this Agreement or Exhibit D, must be provided on an occurrence rather than a claims-made basis.

(c) Insurance Company Requirements. Insurance companies providing the insurance must meet the following requirements.

(1) Such companies must be either: (a) authorized by maintaining Certificates of Authority or Letters of Eligibility issued to the companies by the Florida Office of Insurance Regulation to conduct business in the State of Florida, or (b) with respect only to the coverage required by this Agreement for Workers' Compensation/Employers' Liability, authorized as a group self-insurer by Section 624.4621, Florida Statutes, as this statute may be amended from time to time.

(2) In addition, such companies other than those authorized by Section 624.4621, Florida Statutes, as this statute may be amended from time to time, must have and maintain a Best's Rating of "A-" or better and a Financial Size Category of "VII" or better according to A.M. Best Company.

(3) If, during the period which an insurance company is providing the insurance coverage required by this Agreement, an insurance company, (A) loses its Certificate of Authority or Letter of Eligibility, (B) no longer complies with Section 624.4621, Florida Statutes, as this statute may be amended from time to time, or (C) fails to maintain the Best's Rating and Financial Size Category, then CONTRACTOR shall immediately notify COUNTY as soon as CONTRACTOR has knowledge of any such circumstance and, upon request of COUNTY,

Page 12 of 42

immediately replace the insurance coverage provided by the insurance company with a different insurance company meeting the requirements of this Agreement. Until such time as CONTRACTOR has replaced the unacceptable insurer with an insurer acceptable to the COUNTY, CONTRACTOR will be deemed to be in default of this Agreement.

(d) Specifications. Without limiting any of the other obligations or liabilities of CONTRACTOR, CONTRACTOR, at CONTRACTOR's sole expense, shall procure, maintain, and keep in force amounts and types of insurance conforming to the minimum requirements set forth in Exhibit D. Except as otherwise specified in this Agreement, the insurance must become effective prior to the commencement of work by CONTRACTOR and must be maintained in force until final completion or such other time as required by this Agreement. The amounts and types of insurance must conform to the following minimum requirements:

(1) Workers' Compensation/Employers' Liability.

(A) CONTRACTOR's insurance must cover CONTRACTOR and its subcontractors of every tier for those sources of liability which would be covered by the latest edition of the standard Workers' Compensation and Employers Liability Policy (NCCI Form WC 00 00 00 A), as filed for use in Florida by the National Council on Compensation Insurance. In addition to coverage for the Florida Workers' Compensation Act, where appropriate, coverage is to be included for the United States Longshoremen and Harbor Workers' Compensation Act, Federal Employers' Liability Act and any other applicable federal or state law.

(B) Subject to the restrictions of coverage found in the standard Workers' Compensation and Employers Liability Policy, there must be no maximum limit on the amount of coverage for liability imposed by the Florida Workers' Compensation Act, and if applicable, the United States Longshoremen's and Harbor Workers' Compensation Act or any other

Page 13 of 42

coverage customarily insured under Part One of the standard Workers' Compensation and Employers Liability Policy.

(C) The minimum limits to be maintained by CONTRACTOR are as specified in Exhibit D.

(D) If CONTRACTOR asserts an exemption to the provisions of Chapter 440, Florida Statutes, Workers' Compensation, as this statute may be amended from time to time, CONTRACTOR shall provide notification to COUNTY's Risk Manager with the Resource Management Department and shall complete the COUNTY's Workers' Compensation Waiver Request. Approval of exemption is subject to COUNTY's sole discretion. If approved, the named individuals listed in COUNTY'S approved exemption will be the only individuals authorized to perform work under this Agreement.

(E) Any vendor or contractor, including CONTRACTOR, using an employee leasing company must complete the COUNTY'S Leased Employee Affidavit.

(2) Commercial General Liability.

(A) CONTRACTOR's insurance must cover CONTRACTOR for those sources of liability which would be covered by the latest edition of the standard Commercial General Liability Coverage Form (ISO Form CG 00 01), as filed for use in the State of Florida by the Insurance Services Office, or equivalent acceptable to COUNTY. Such coverage must not contain any endorsements excluding or limiting Products/Completed Operations, Contractual Liability, or Separation of Insureds. If CONTRACTOR's work, or work under its direction, control, or sub-contract, requires blasting, explosive conditions, or underground operations, the comprehensive general liability coverage shall contain no exclusion relative to blasting, explosion, collapse of structures, or damage to underground property.

Page 14 of 42

(B) ISO Endorsement CG 20 10 or CG 20 26 and CG 20 37 or their equivalent must be used to provide such Additional Insured status.

(C) The minimum limits to be maintained by CONTRACTOR are as specified in Exhibit D.

(3) Business Auto Liability.

(A) CONTRACTOR's insurance must cover CONTRACTOR for those sources of liability which would be covered by Section II of the latest edition of the standard Business Auto Policy (ISO Form CA 00 01), as filed for use in the State of Florida by the Insurance Services Office. Coverage must include owned, non-owned, and hired autos or any auto. In the event CONTRACTOR does not own automobiles, CONTRACTOR shall maintain coverage for hired and non-owned auto liability, which may be satisfied by way of endorsement to the Commercial General Liability policy or separate Business Auto Liability policy. If the contract involves operations governed by Sections 29 or 30 of the Motor Carrier Act of 1980, endorsement MCS-90 is required.

(B) If CONTRACTOR'S operations involve pollutants as defined in the ISO Form CA 00 01, Form CA9948, Pollution Liability – Broadened Coverage for Covered Autos, is required.

(C) The minimum limits to be maintained by CONTRACTOR are as specified in Exhibit D.

(4) Excess/Umbrella Liability.

(A) CONTRACTOR's insurance must follow form above the Commercial General Liability, Automobile Liability, and Employer's Liability policies.

(B) The minimum limits to be maintained by CONTRACTOR are as specified in Exhibit D.

(5) Pollution Liability.

(A) CONTRACTOR's insurance must cover CONTRACTOR for all of the following:

1. Bodily injury, sickness, disease, mental anguish, or shock sustained by any person, including death.

2. Property damage including physical injury to or destruction of tangible property including the resulting loss of use of such property, cleanup costs, and the loss of use of tangible property that has not been physically injured or destroyed.

3. Defense costs including costs, charges, and expenses incurred in the investigation, adjustment, or defense of claims for such compensatory damages.

(B) If CONTRACTOR is operating a hazardous or non-hazardous treatment, storage, or disposal facility, coverage for losses that arise from the insured facility that is accepting the waste.

(C) Coverage must apply to sudden and non-sudden pollution conditions including the discharge, dispersal, release or escape of smoke, vapors, soot, fumes, acids, alkalis, toxic chemicals, liquids or gases, waste materials or other irritants, contaminants or pollutants into or upon land, the atmosphere or any watercourse or body of water, which results in Bodily Injury or Property Damage.

(D) The minimum limits to be maintained by CONTRACTOR are as specified in Exhibit D.

(e) The maintenance of the insurance coverage set forth in this Section may not be construed to limit or have the effect of limiting CONTRACTOR's liability under the provisions of Section 16 concerning indemnification or any other provision of this Agreement.

Section 18. Dispute Resolution.

(a) In the event of a dispute related to any performance or payment obligation arising under this Agreement, the parties shall exhaust COUNTY administrative dispute resolution procedures prior to filing a lawsuit or otherwise pursuing legal remedies. COUNTY administrative dispute resolution procedures for proper invoice and payment disputes are set forth in Section 22.15, "Prompt Payment Procedures," Seminole County Administrative Code. COUNTY administrative dispute resolution procedures for contract claims related to this Agreement, other than for proper invoice and payment disputes, are set forth in Section 220.11, "Contract Claims," Seminole County Code of Ordinances.

(b) In any lawsuit or legal proceeding arising under this Agreement, CONTRACTOR hereby waives any claim or defense based on facts or evidentiary materials that were not presented for consideration in COUNTY administrative dispute resolution procedures set forth in subsection (a) above of which CONTRACTOR had knowledge and failed to present during COUNTY administrative dispute resolution procedures.

(c) In the event that COUNTY administrative dispute resolution procedures are exhausted and a lawsuit or legal proceeding is filed, the parties shall exercise best efforts to resolve disputes through voluntary mediation and to select a mutually acceptable mediator. The parties participating in the voluntary mediation shall share the costs of mediation equally.

Section 19. Representatives of COUNTY and CONTRACTOR.

(a) It is recognized that questions in the day to day conduct of performance pursuant to this Agreement may arise. Upon request by CONTRACTOR, COUNTY shall designate and advise CONTRACTOR in writing of one or more of its employees to whom to address all communications pertaining to the day to day conduct of this Agreement. The designated

Page 17 of 42

representative will have the authority to transmit instructions, receive information, and interpret and define COUNTY's policy and decisions pertinent to the work covered by this Agreement.

(b) At all times during the normal work week, CONTRACTOR shall designate or appoint one or more representatives who are authorized to act on behalf of CONTRACTOR and bind CONTRACTOR regarding all matters involving the conduct of the performance pursuant to this Agreement, and who will keep COUNTY continually and effectively advised of such designation.

Section 20. All Prior Agreements Superseded. This Agreement incorporates and includes all prior negotiations, correspondence, conversations, agreements, or understandings applicable to the matters contained in this Agreement and the parties agree that there are no commitments, agreements, or understandings concerning the subject matter of this Agreement that are not contained or referred to in this document. Accordingly, it is agreed that no deviation from the terms of this Agreement may be predicated upon any prior representations or agreements, whether oral or written.

Section 21. Modifications, Amendments, or Alterations. No modification, amendment, or alteration in the terms or conditions contained in this Agreement will be effective unless contained in a written amendment executed with the same formality and of equal dignity with this Agreement.

Section 22. Independent Contractor. Nothing in this Agreement is intended or may be construed as in any manner creating or establishing a relationship of co-partners between the parties, or as constituting CONTRACTOR (including its officers, employees, and agents) as an agent, representative, or employee of COUNTY for any purpose or in any manner whatsoever. CONTRACTOR is and will remain forever an independent contractor with respect to all services performed under this Agreement.

Section 23. Employee Status. Persons employed by CONTRACTOR in the performance of services and functions pursuant to this Agreement have no claim to pension, workers' compensation, unemployment compensation, civil service, or other employee rights or privileges granted to COUNTY's officers and employees, either by operation of law or by COUNTY.

Section 24. Services Not Provided For. No claim for services provided by CONTRACTOR not specifically provided for in this Agreement will be honored by COUNTY.

Section 25. Public Records Law.

(a) CONTRACTOR acknowledges COUNTY's obligations under Article 1, Section 24, Florida Constitution and Chapter 119, Florida Statutes, to release public records to members of the public upon request. CONTRACTOR acknowledges that COUNTY is required to comply with Article 1, Section 24, Florida Constitution and Chapter 119, Florida Statutes, in the handling of the materials created under this Agreement and this statute controls over the terms of this Agreement. Upon COUNTY's request, CONTRACTOR shall provide COUNTY with all requested public records in CONTRACTOR's possession, or shall allow COUNTY to inspect or copy the requested records within a reasonable time and at a cost that does not exceed costs as provided under Chapter 119, Florida Statutes.

(b) CONTRACTOR specifically acknowledges its obligations to comply with Section 119.0701, Florida Statutes, with regard to public records and shall perform the following:

(1) CONTRACTOR shall keep and maintain public records that ordinarily and necessarily would be required by COUNTY in order to perform the services required under this Agreement,

(2) CONTRACTOR shall provide COUNTY with access to public records on the same terms and conditions that COUNTY would provide the records and at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.

(3) CONTRACTOR shall ensure public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed, except as authorized by law.

(c) Upon termination of this Agreement, CONTRACTOR shall transfer, at no cost to COUNTY, all public records in possession of CONTRACTOR, or keep and maintain public records required by COUNTY under this Agreement. If CONTRACTOR transfers all public records to COUNTY upon completion of this Agreement, CONTRACTOR shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If CONTRACTOR keeps and maintains the public records upon completion of this Agreement, CONTRACTOR shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to COUNTY, upon request of COUNTY, in a format that is compatible with the information technology systems of COUNTY.

(d) Failure to comply with this Section will be deemed a material breach of this Agreement for which COUNTY may terminate this Agreement immediately upon written notice to CONTRACTOR. CONTRACTOR may also be subject to statutory penalties as set forth in Section 119.10, Florida Statutes.

(e) **IF CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO CONTRACTOR's DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTRACTOR MAY CONTACT THE CUSTODIAN OF PUBLIC RECORDS, THE SEMINOLE COUNTY PURCHASING AND CONTRACTS MANAGER, AT 407-665-7116,**

Section 26. Governing Law, Jurisdiction, and Venue. The laws of the State of Florida govern the validity, enforcement, and interpretation of this Agreement. The sole jurisdiction and venue for any legal action in connection with this Agreement will be in the courts of Seminole County, Florida.

Section 27. Compliance with Laws and Regulations. In providing all services pursuant to this Agreement, CONTRACTOR shall abide by all statutes, ordinances, rules, and regulations pertaining to or regulating the provision of such services, including those now in effect and subsequently adopted. Any violation of these statutes, ordinances, rules, or regulations will constitute a material breach of this Agreement and will entitle COUNTY to terminate this Agreement immediately upon delivery of written notice of termination to CONTRACTOR.

Section 28. Patents and Royalties. Unless otherwise provided, CONTRACTOR is solely responsible for obtaining the right to use any patented or copyrighted materials in the performance of this Agreement. CONTRACTOR, without exception, shall indemnify and save harmless COUNTY and its employees from liability of any nature or kind, including costs and expenses for or on account of any copyrighted, patented, or unpatented invention, process, or article manufactured or supplied by CONTRACTOR. In the event of any claim against COUNTY of copyright or patent infringement, COUNTY shall promptly provide written notification to CONTRACTOR. If such a claim is made, CONTRACTOR shall use its best efforts to promptly purchase for COUNTY the legitimate version of any infringing products or services or procure a license from the patent or copyright holder at no cost to COUNTY that will allow continued use of the service or product. If none of these alternatives are reasonably available, COUNTY shall

return the article on request to CONTRACTOR and receive reimbursement, if any, as may be determined by a court of competent jurisdiction.

Section 29. Notices. Whenever either party desires to give notice to the other, it must be given by written notice, sent by registered or certified United States mail, return receipt requested, addressed to the party for whom it is intended at the place last specified. The place for giving of notice will remain such until it has been changed by written notice in compliance with the provisions of this Section. For the present, the parties designate the following as the respective places for giving of notice:

For COUNTY:

Seminole County Utilities Operations Division
500 W. Lake Mary Boulevard
Sanford, FL 32773

With a copy to:

Seminole County Purchasing & Contracts Division
1301 E. Second Street
Sanford, FL 32771

For CONTRACTOR:

USSI LLC
752 Commerce Drive #15
Venice, FL 34292

Section 30. Rights At Law Retained. The rights and remedies of COUNTY provided for under this Agreement are in addition and supplemental to any other rights and remedies provided by law.

Section 31. Headings and Captions. All headings and captions contained in this Agreement are provided for convenience only, do not constitute a part of this Agreement, and may not be used to define, describe, interpret or construe any provision of this Agreement.

Section 32. E-Verify System Registration.

(a) CONTRACTOR must register with and use the E-Verify system to verify the work

authorization status of all new employees prior to entering into this Agreement with COUNTY. If COUNTY provides written approval to CONTRACTOR for engaging with or contracting for the services of any subcontractors under this Agreement, CONTRACTOR must require certification from the subcontractor that at the time of certification, the subcontractor does not employ, contract, or subcontract with an unauthorized alien. CONTRACTOR must maintain a copy of the foregoing certification from the subcontractor for the duration of the agreement with the subcontractor.

(b) If COUNTY has a good faith belief that CONTRACTOR has knowingly violated this Section, COUNTY shall terminate this Agreement. If COUNTY terminates this Agreement with CONTRACTOR, CONTRACTOR may not be awarded a public contract for at least one (1) year after the date on which this Agreement is terminated. If COUNTY has a good faith belief that a subcontractor knowingly violated this Section, but CONTRACTOR otherwise complied with this Section, COUNTY must promptly notify CONTRACTOR and order CONTRACTOR to immediately terminate its agreement with the subcontractor.

(c) CONTRACTOR shall execute and return the Affidavit of E-Verify Requirements Compliance, attached to this Agreement as Exhibit E, to COUNTY.

Section 33. Foreign Country of Concern Attestation. When providing services to COUNTY involving access to personally identifiable information, as defined in Section 501.171, Florida Statutes, CONTRACTOR shall also execute and return the Foreign Country of Concern Attestation, attached and incorporated to this Agreement as Exhibit F. Through this attestation, CONTRACTOR affirms that it is neither owned nor controlled by a government of a Foreign Country of Concern, nor organized under the laws of such a country, as required by section 287.138, Florida Statutes.

Section 34. Anti-Human Trafficking Affidavit. In accordance with Section 787.06(13), Florida Statutes, CONTRACTOR shall attest under penalty of perjury, that CONTRACTOR does

not use coercion for labor or services as defined in Section 787.06(2), Florida Statutes. Attestations shall be documented using a Human Trafficking Affidavit attached and incorporated to this Agreement as Exhibit G. Such Affidavit shall be required when executing, renewing or extending a contract.

IN WITNESS WHEREOF, the parties have made and executed this Agreement for the purposes stated above.

Exhibit A- Scope of Services

INTRODUCTION AND INTENT
The purpose of these specifications is to provide guidance for contracting services to Seminole County Utilities Department, specifically for smoke testing and related work on wastewater gravity sewer systems operated and maintained by Seminole County Utilities Department.

RESPONSIBILITIES OF CONTRACTOR
The following tasks shall be performed by the Contractor within wastewater pumping station collection basins designated by the County, or specific sewer shed basins identified by the county for the purpose of smoke testing.

SECTION 1. INSPECTING MANHOLES
Inspect manholes for damage, leakage or other operating or structural problems. This inspection should include documentation of adverse conditions (including a photograph) and GPS location. All data should be correlated to the manhole asset number provided by the County Utilities Engineering Department's GIS specialist or designated individual. It is not intended that manhole inspections meet the standards of NASSCO's MACP, but they must provide adequate information to indicate the need for follow up owner investigation and potential action. Should the Contractor provide NASSCO MACP inspections, the County will accept the standard. At a minimum, manhole inspections shall include the following data attributes:

- Owner provided unique identifier
- Date of inspection
- GPS XY coordinates
- Closest street address
- Ring & Cover material
- Chimney material
- Manhole type ("brick" or "pre-cast")
- Manhole lined? ("yes" or "no")
- Liner Type ("none", "cementitious", "epoxy", "other")
- Steps ("yes" or "no")
- Downstream Pipe Material (NASSCO material codes)
- Pipe Size Outgoing
- Pipe Size Incoming
- Manhole Depth (fractional feet)
- Frame Diameter (inches)
- Cover Diameter (inches)
- Ring & Cover Condition
- Manhole Wall Condition
- Step Condition
- Invert Condition
- Roots Present
- Corrosion Present
- General Condition
- Comments
- Flows to Manhole ID

Certified Copy - Grant Maloy

Seminole County Clerk of the Circuit Court and Comptroller
eCertified at 05/27/2025 15:55:49 -04:00
eCertified Id: 18E6-6AE7-9381

Inspection results shall be provided by wastewater lift station basin and organized in a spreadsheet or database table. Results shall be provided electronically. The County reserves the right to specify deliverable format conducive to County specific reporting standards. Should the county require specific deliverables, the County will provide format for Contractor to utilize, or County and Contractor can develop desired deliverables based on metrics agreed upon between both parties.

SECTION 2. SEALING MANHOLE CHIMNEYS

The work covered under this section includes, but is not limited to, all labor, equipment, materials, supervision and any other efforts required to seal the manhole chimney as outlined herein. The intent of the chimney seal is to prevent inflow from the area beneath the rim of the manhole, but above the cone. The chimney includes the ring, cement extensions, lift rings, brick or cement used to raise the manhole ring.

The chimney seal shall be installed using ElastaSeal® internal manhole sealing system or equivalent as approved by the Engineer (approval will be based on parameters below and installed experience in the southeastern United States) that specifies a primer material to stick to the concrete, and a flexible seal. The seal is to be of an aramid fiber reinforced flexible, but resistant, material to account for surface loading changes that create most chimney damage. The sealing materials shall have the following parameters:

Primer coat:

- Specific gravity > 1.0
- >90 % solids as measured by ASTM D2369
- Elongation 650 +/- 50 as measured by ASTM D412
- Adhesive strength > 700 psi on steel or concrete as measured by Eclometer 109
- Tensile strength = 3200 +/- 50 psi as measured by ASTM D412
- Tear resistance =325 +/- IO psi as measured by ASTM D624
- Nonflammable as measured by ASTM D-93 in a Pensky-Martens closed cup
- Temperature Range -65 to 200 F
- Minimal water absorption capacity (<0.5%)

Topcoat:

- Specific gravity> 1.0
- >99 % solids as measured by ASTM D2369
- As applied, solids greater than 70%
- Ultimate Elongation equal to or greater than 850% +/- 50 as measured by ASTM D412
- Elongation as applied equal to or greater than 325% +/- 10 as measured by ASTM D412
- Adhesive strength> 700 psi on steel or concrete as measured by Eclometer 109
- Tensile strength = 2300 +/- 50 psi as measured by ASTM D412
- Tear resistance =345 +/- 10 psi as measured by ASTM D624
- Nonflammable as measured by ASTM D-93 in a Pensky-Martens closed cup
- Temperature Range -65 to 200 F
- Kevlar® fiber (Aramid Fiber Reinforcer)
- Minimal water absorption capacity (<0.5%)
- Shore A Hardness equal to 75 +/- 5 as measured by ASTM 2240

Neither material shall contain VOCs. The final sealing system shall remain flexible with time to

Certified Copy - Grant Maloy
Clerk of the Circuit Court and Comptroller
Seminole County, Florida
Seminole County Clerk of the Circuit Court and Comptroller
eCertified at 05/27/2025 15:55:49 -04:00
eCertified Id: 18E6-6AE7-9381

account for surface loading variations.

Kevlar™ is a registered Trademark of E.I. DuPont Corporation

Seal coat shall be resistant to damage after 14 days of immersion in:

- Salt
- Gasoline
- Hydrogen sulfide
- Antifreeze
- Low pH

Primer and topcoat shall have, as a minimum, a five (5) year warranty. This warranty shall dictate that any repairs within the warranty period shall include the labor and materials necessary to repair or re-coat the manhole chimney.

Installation

- All loose mortar, concrete brick or other materials shall be removed by the Contractor as they would interfere with seal performance and adhesion.
- High pressure sandblast chimney and ring to create a dry, clean surface. Surface shall be clean from dust and moisture.
- Mastic Primer coat shall be applied to clean chimney material and applied in accordance with manufacturer instructions. Coating shall cure for a minimum of 30 minutes or as specified by the manufacturer prior to application of lining
- Lining material shall be applied on top of primer in accordance with manufacturer instructions.
- The primer and lining shall have a finished, dry thickness greater than 120mil.
- The manhole shall be opened once to install primer and liner to minimize disruptions to traffic.
  - NOTE: Concrete must be at least 28 days old with a compressive strength of 3500psi prior to application of sealant.
  - NOTE: If the manhole chimney is in such a state of disrepair that it cannot accommodate the proper installation sealer, the Contractor shall make a notation in the comment section of the manhole inspection report to provide the County the opportunity to repair or replace it.

SECTION 3. INSTALLATION OF RAIN DISHES

The work covered under this section includes, but is not limited to all labor, equipment, materials, supervision and any other efforts required to install rain dishes in manholes. Dishes shall be effective in keeping out rain, sand, dirt chemical spills and other materials from entering manhole.

Certified Copy - Grant Maloy
Clerk of the Circuit Court and Comptroller
Seminole County, Florida
Seminole County Clerk of the Circuit Court and Comptroller
eCertified at 05/27/2025 15:55:49 -04:00
eCertified Id: 18E6-6AE7-9381

The rain dish shall be Inflow Defender™ manhole inflow dish or equivalent, as approved by the County Engineer, consisting of the following:

- The inflow dish body shall be manufactured from high density polyethylene material, comply with UL Standard, 94-HB, and meet all associated ASTM specifications related to Prime HDPE 250. Dish thickness shall be a uniform .125 inches thick. Inflow dish body to be fabricated with molded ribbing members in bowl area for structural integrity. Inflow dish to have smooth radius molded edges for additional strength and prevention of cracking.
- The gasket seal shall be made of closed cell neoprene material and have a pressure sensitive adhesive on one side for adhering to inflow dish body, seating rim. Gasket to be .5 inches wide and shall have a minimum thickness of .125 inches.
- The lift strap shall be made from a woven nylon material, securely adhered to the inflow dish body interior, with a corrosion resistant fastener assembly consisting of no less than two washers with the largest being no smaller than 1.25 inches.
- For proper abatement results, the inflow dish, when installed, must seat fully flush within the manhole frame rim seat area. Frame must be cleaned of all dirt and debris prior to installation.
- Manufacturer shall have five-year warranty on manhole inflow dishes standard. Manufacture date molded into inflow dish body. Gasket Seal does not need to be included in the warranty.
- To ensure proper fit with manholes, inflow dishes will be manufactured to specific measurements field obtained by contractor.

Alternative inflow dish manufacturer must provide engineer with their inflow dish specifications and samples for review and acceptance.

Installation

- Remove manhole cover
- Contractor shall wipe all manhole ring flange area to remove soil and moisture from the interior of ring.
- Measure manhole interior to find smallest diameter.
- Install appropriate rain dish.

A list of manholes receiving rain dishes shall be provided to the County.

SECTION 4. SMOKE TESTING

The Contractor shall furnish all items (labor, equipment, materials and supervision) necessary to complete smoke testing of all assigned basins.
Smoke Testing will be used to determine the sources of entry into the collection system of surface waters (surface inflow) on both public and private property. This includes catch basins, stormwater, ground water, irrigation, or other forms of water intrusion into the collection system.

- The sources of entry into the collection system of illegal connections on both public and private property such as downspout connections or industrial connections, yard drains, or cooling water.
- The sources of entry into the collection system due to broken or missing cleanouts
- Lost manholes.
- Breaks in the main sewers or laterals that leach to the surface

Certified Copy - Grant Maloy
Clerk of the Circuit Court and Comptroller
Seminole County, Florida
Seminole County Clerk of the Circuit Court and Comptroller
eCertified at 05/27/2025 15:55:49 -04:00
eCertified Id: 18E6-6AE7-9381

- Contractor shall document each case of improper entry or damage to the collection system and provide a report which will include the physical address, GPS coordinates, a detailed map indicating the breach point and include photographic proof of same to the County.

Preparations

- Smoke testing of all collections systems may affect occupants of buildings connected to the line being tested. Factors such as defects in the sewer system of buildings, dry traps, defective wax beneath toilets, terminated vents or breaks, missing or unsealed cleanouts of any kind will cause smoke to enter the building. It is imperative to avoid a public relations problem caused by panic or alarm if workers or residents suddenly see smoke in their building.
- Adequate preparation plus notification of all residents by door hanger a minimum of 72 hours in advance of smoke testing shall be the responsibility of the Contractor. All customer notification material must be presented to the Utility for acceptance prior to use.
- It shall be the responsibility of the Contractor to provide adequate notification to the fire department, police department and emergency services of the anticipated smoke testing schedule and to notify the departments at the start of each day in an area to avoid the departments diverting their attention to false alarms caused by smoke testing.
- It shall be the responsibility of the Contractor to ensure that all operators who participate in the smoke testing be fully trained and briefed in the handling of residents and business owners who discover smoke in their buildings or in their yards.
- It shall be the responsibility of the contractor to assure that all operators involved in smoke testing be trained that any smoke in a building is an indication of sewer gases from the sewer entering the building and to advise the homeowner that immediate action to correct the problem is needed for the health and safety of the building occupants.
- The County reserves the right to require contractor to coordinate some or all public communications with the County's Public Information Office or other designated body specified by the County.

Operation

At the start of each operation, the smoke blower will be located over the manhole. (Smoke testing shall not be conducted on windy or wet days). The blower will be started, and liquid smoke will be deployed. Smoke bombs are not to be used. As soon as the liquid smoke has been blown into the manhole, the operators and recorders shall be instructed to move out according to prearranged plans to canvas the area affected by the smoke testing. Observers will look for smoke rising from the ground that may indicate:

- The sources of entry into the collection system of surface waters (surface inflow) on both public and private property. This includes catch basins, storm sewer or irrigation.
- The sources of entry into the collection system of illegal connections on both public and private property such as downspout connections or industrial connections, yard drains, or cooling water.
- The sources of entry into the collection system due to broken or missing cleanouts.
- Lost manholes
- Brakes in the main sewers or laterals that leach to the surface

Observers will pay particular attention to smoke rising around the foundation of the house where the service pipe likely enters the building.

Certified Copy - Grant Maloy
Clerk of the Circuit Court and Comptroller
Seminole County, Florida

Recording
Contractor shall employ electronic means to document each case of improper entry or damage to the collection system. These electronic means shall embed the collected information directly into the file of each defect to avoid recording errors.

As a minimum, smoke testing observations will include:

- Wastewater lift station basin identifier
- The street address
- GPS coordinates of observation
- A digital photograph illustrating the observation (minimum of 5 megapixel)
- Specific notes to permit follow-up activity (source, reason, location)
- Type of break ("lateral", "manhole", "main")
- Ring & Cover Break ("broken", "alignment", " missing", "seating")
- Lateral Break ("open" or "broken")
- Material Type of Cleanout
- Size of Cleanout (diameter)
- Private or Public

The contractor shall locate the observations along with the recorded information on a detailed map and report to the Utility. Locations and call outs for each defect shall be included on the map. Paint a mark on the street, using green temporary marking chalk, to assist the Utility in finding defects for follow-up activity.

Reports will be provided to the Utility no later than five (5) business days from the completion of any given section or basin. Reports will be provided in hardcopy and electronic format.

Smoke Test Result Reporting
Contractor shall document each case of improper entry or damage to the collection system and provide best case estimate as to the flow and cost incurred by the Utility because of the defect. To accomplish this, the observers will:

- Record the type of defect
- Record the severity of the defect
- Record the topography influencing the defect
- Record the volumes of smoke emanating from the defect

Contractor shall apply the recorded information to generate a detailed report to the Utility which will:

- Estimate the number of gallons entering the various defects per one-inch rain fall
- Estimate the number of gallons entering the smoked area per one-inch rain fall
- Estimate the cost to process the inflow entering the various defects per one-inch rain fall
- Estimate the cost to process the inflow entering the smoked area per one-inch rain fall

Provide a detailed estimate of the percentage of inflow and cost to process the inflow, broken down into four categories:

- Lift station
- Chimney Sections
- Ring and Cover
- Laterals

SECTION 5. INSTALLATION OF CLEANOUT CAPS

The work covered under this section includes, but is not limited to all labor, equipment, materials, supervision and any other efforts required to replace cleanout caps where necessary within the Utility's control.

Minor cleanout repairs, limited to replacement of missing or broken cap, coupling or riser (limited to 12" below grade) can be performed by the Contractor provide the homeowner agrees and signs a release. It is expected that the Contractor will attempt to notify the homeowner and acquire approval to perform the repairs (limited to those identified above).

Where applicable, these locations shall be correlated to smoke test observation locations.

SECTION 6. INSTALLATION OF CLEANOUT PLUG (Optional Activity)

The Utility may elect to install cleanout plugs, in lieu of cleanout caps. The County's representative will make this decision based on the potential for repeated damage to cleanout caps resulting in continued inflow into the collection system.

The work covered under this section includes, but is not limited to all labor, equipment, materials, supervision and any other efforts required to install LDL® or equivalent plugs in the broken or open cleanouts within the Utility's control during smoke testing.

The plug shall be an LDL® Clean-Out Plug or equivalent consisting of the following:

- Plug body shall be molded, one-piece, synthetic urethane polymer material designed to align and seal cleanout.
- Inner seal of plug shat 1 consist of a PVC material fabricated with an internal tapered, beveled seat with a thickness of .187 in and overall height of 1.25 in.
- Plug will not permit gases to escape past it.
- Plug will not permit sewage to flow past it.
- Plug will be removable by utility crews from the surface using embedded hardware molded into the plug body with a corrosion resistant material
- Retrieval hasp and hardware shat I be made of corrosion resistant material and shall protrude at least one inch above the plug body and have a thickness of0. I 87 in.
- Plug shall have embedded steel to permit surface detection by metal detector.

Installation

- Remove cleanout cap (broken or otherwise).
- Contractor shall wipe all cleanouts to remove soil and moisture from the interior of cleanout stack. All loose materials shall be removed by Contractor as they would interfere with plug.
- Contractor will scuff the interior of stack with a file hone.
- Swab interior scuffed area with PVC cleaner.
- Swab exterior of inner seal ring of plug with PVC cleaner.
- Apply PVC glue to interior walls of cleanout and exterior of inner seal ring of plug.
- With surface tools, slide inner seal ring into appropriate point in cleanout. Align with depth gauge installation tool. Twist to glue in place.
- Let cure for 60 seconds.
- Install plug.

eCertified at 05/27/2025 15:55:49 -04:00
eCertified Id: 18E6-6AE7-9381

NOTE: If the clean-out stack is in such a state of disrepair that it cannot accommodate the proper installation of the cleanout plug, the Contractor shall make a notation in the comment section of the smoke testing report to provide the Utility the opportunity to repair or replace it.

Where applicable, these locations shall be correlated to smoke test observation locations.

SECTION 7. REPORT

The Contractor shall furnish all items (labor, equipment, materials and supervision) necessary to complete a project report. The project report will provide the Utility with a record of work completed and observations made throughout the project. A spreadsheet containing the following will be provided as part of the report:

Manholes

- Frame - type, size and general condition of frame and cover
- Chimney - type, general condition and existence of liner in chimney
- Barrel and invert - type, general condition
- Pipes - type, sizes, number of pipes in manholes
- Depth and conditions of manhole, noting any invasion of roots or corrosion in manhole structure

Cleanouts (included for all requiring cap replacement)

- Depth and condition of the cleanout, noting any invasion of roots in service line or damage

The Utility shall provide a map of the collection system within the project area. The map will label each manhole and sewer cleanout with a unique identifier. This identifier shall be used to reference to work performed and observations made.

SECTION 8. LIFT STATION BASIN INFILTRATION INVESTIGATION

Conduct field investigation to determine the volume of infiltration entering the collection system through structural defects. Identify gravity mains for follow-up CCTV based on upstream and downstream manhole water levels and estimated flow rates. Investigations should be performed during periods of low use - as defined by the Utility's diurnal curves.

Methodology to be used for the investigation shall be documented and followed. Observed data used to reach conclusions or make recommendations must be provided in the report. Recommendation provided in the report should be prioritize in order of significance.

SECTION 9. EXCEPTIONS

It is the intent of Seminole County to have specific processes completed within this project scope to a standard acceptable to the County. Due to the standard requested, some specific products or processes are outlined in this scope. Should a contractor desire to utilize different materials or processes as outlined in this scope, the County can approve, at the County's discretion, a different

material or process. Before any variance from the original scope is approved, the County and Contractor must come to a specified agreement before the change can take place, and the change cannot increase costs as identified in the bid form.

SECTION 10. EMERGENCY NOTIFICATIONS

As contractors work throughout the Seminole County service area, encounters with unsafe situations may arise. Any unsafe condition uncovered by the contractor must be reported to the County immediately upon discovery. Unsafe condition examples can be a found depression, leaking water or sewer, damaged sewer infrastructure, etc. Some specific instances of dangerous or unusual situations are vertical misalignments, specifically manholes, where a manhole cover ¼ inch or more out of vertical alignment with the sidewalk is actionable to report. If any unsafe or actionable situation is discovered, the contractor shall document the findings and report it to the project manager for Seminole County, or contact the customer service department at 407-665-2110, or via email at wscustomerservice@seminolecountyfl.gov.

Terms and Conditions

1. Acceptance/Entire Agreement. This Purchase Order ("PO") is entered into between Seminole County, Florida ("County") and the Supplier referenced herein (individually, referred to as "Party," and collectively, "Parties"). By accepting this PO, Supplier accepts all Terms and Conditions contained herein. This PO, including specifications and drawings, if any, and referenced documents, such as solicitations and responses constitutes the entire agreement between the Parties. Whenever terms and conditions of Main Agreement, if any, conflict with any PO issued pursuant to Main Agreement, Main Agreement will control.

2. Inspection. Notwithstanding any prior payment or inspection, all goods/services are subject to inspection/rejection by County at any time, including during manufacture, construction or preparation. To the extent a PO requires a series of performances by Supplier, County reserves right to cancel remainder of PO if goods/services provided during the term of PO are non-conforming or otherwise rejected. Without limiting any rights County may have, County, at its sole option, may require Supplier, at Supplier's expense to: (a) promptly repair or replace any or all rejected goods, or to cure or re-perform any or all rejected services; or (b) refund price of any or all rejected goods or services. All rejected goods will be held for Supplier's prompt inspection at Supplier's risk. Nothing contained in PO will relieve Supplier's obligation of testing, inspection and quality control.

3. Packing & Shipping. Unless otherwise specified, all goods must be packed, packaged, marked and prepared for shipment in a manner that is: (a) in accordance with good commercial practice; (b) acceptable to common carriers for shipment at the lowest rate for the particular good; (c) in accordance with local, state, and federal regulations; and (d) protected against weather. Supplier must mark all containers with necessary lifting, handling, shipping information, PO number, date of shipment and the name of the consignee and consignor. An itemized packing sheet must accompany each shipment.

4. Delivery; Risk of Loss. All goods are FOB destination, and risk of loss will remain with Supplier until delivery by Supplier and acceptance by County. Goods delivered by Supplier that are damaged, defective, or otherwise fail to conform to PO may be rejected by County or held by County at Supplier's risk and expense. County may charge Supplier for cost(s) to inspect, unpack, repack, store and re-ship rejected goods.

5. Delivery of Excess Quantities. If Supplier delivers excess quantities of goods without prior written authorization from County, excess quantities of goods may be returned to Supplier at Supplier's expense.

6. Time is of the Essence. Time is of the essence for delivery of goods /services under PO. Failure to meet delivery schedules or deliver within a reasonable time, as determined by County, entitles County to seek all remedies available at law or in equity. County reserves right to cancel any PO and procure goods/services elsewhere if delivery is not timely. Supplier agrees to reimburse County for all costs incurred in enforcing its rights. Failure of County to cancel PO, acceptance, or payment will not be deemed a waiver of County's right to cancel remainder of PO. Delivery date or time in PO may be extended if Supplier provides a written request in advance of originally scheduled delivery date and time and County agrees to delayed delivery in writing prior to originally scheduled delivery date and time.

7. Warranties. Supplier warrants to County that all goods/services covered by PO conform strictly to specifications, drawings or samples specified or furnished by County, and are free from: (a) defects in title; and (b) latent or patent defects in material or workmanship. If no quality is specified by County, Supplier warrants to County that goods/services are of the best grade of their respective kinds, meet or exceed applicable standards for industry represented, are merchantable (as to goods) and are fit for County's particular purpose. Supplier warrants that at the time County accepts the goods/services, the goods/services will have been produced, sold, delivered and furnished in strict compliance with all applicable federal and state laws, regulations, ordinances, rules, labor agreements and working conditions to which goods/services are subject. Supplier warrants the title to goods furnished under PO is valid, transfer of such title to County is rightful and goods are free of any claims or liens of any nature whatsoever, whether rightful or otherwise, of any person, corporation, partnership or association. All applicable manufacturers' warranties must be furnished to County at time of delivery of goods or completion of service. All warranties are cumulative and are in addition to any other express or implied warranties provided by law.

8. Indemnification. To the fullest extent permitted by law, Supplier assumes any and all liability for damages, breach of PO, loss or injury of any kind or nature whatsoever to persons or property caused by, resulting from or related to the goods/services provided under PO. To the fullest extent permitted by law, Supplier shall indemnify and hold harmless County, its commissioners, officers, employees and agents from and against any and all claims, damages, demands, lawsuits, losses, costs and expenses, including attorneys' fees, patent, copyright or trademark infringement, judgments, decrees of whatsoever nature which County may incur as a result of claims, demands, lawsuits or causes of action of any kind or nature arising from, caused by or related to goods/services furnished by Supplier, its officers, employees, agents, partners, principals or subcontractors. Remedies afforded to County by this section are cumulative with and in no way affect any other legal remedy County may have under PO or at law. Supplier's obligations under PO must not be limited by any insurance coverage or by any provision in or exclusion or omission from any policy of insurance.

9. Insurance. Supplier, at its sole expense, shall maintain insurance coverage acceptable to County. All policies must name County as an additional insured. All Insurance Certificates must be provided to the Purchasing and Contracts Division within ten (10) days of request. Supplier shall notify County, in writing, of any cancellation, material change, or alteration to Supplier's Certificate of Insurance.

10. Modifications. PO may be modified or rescinded in writing by County.

11. Material Safety Data Sheets. At time of delivery, Supplier agrees to provide County with a current Material Safety Data Sheet for any hazardous chemicals or toxic substances, as required by law.

12. Pricing. Supplier agrees that pricing included on PO shall remain firm through and until delivery of goods and/or completion of services, unless otherwise agreed to by the Parties in writing.

13. Invoicing & Payment. After delivery of goods/services by Supplier and acceptance by the County, the Supplier must electronically submit an original invoice via email to AP@seminoleclerk.org or may mail the invoice, if electronic invoice is not available, to: Seminole County Clerk of the Circuit Court and Comptroller, P.O. Box 8080, Sanford, Florida 32772. Invoices must be billed at pricing stipulated on PO and must include the County's Purchase Order Number. Thereafter, all payments and interest on any late payments will be paid in compliance with Florida Prompt Payment Act, §218. 70, Florida Statutes.

14. Taxes. County is exempt from Florida sales tax, federal taxes on transportation charges and any federal excise tax. County will not reimburse Supplier for taxes paid.

15. Termination. County may terminate PO, in whole or in part, at any time, either for County's convenience or because of Supplier's failure to fulfill its obligations under PO, by written notice to Supplier. Upon receipt of written notice, Supplier must discontinue all deliveries affected unless written notice directs otherwise. In the event of termination, County will be liable only for materials procured, work completed or services rendered or supplies partially fabricated, within the authorization of PO. In no event will County be liable for incidental or consequential damages by reason of such termination.

16. Equal Opportunity Employer. County is an Equal Employment Opportunity ("EEO") employer, and as such, requires all Suppliers to comply with EEO regulations with regards to race, color, religion, sex, national origin, age, disability or genetic information, as may be applicable to Supplier. Any subcontracts entered into, as authorized by County, must make reference to this clause with the same degree of application being encouraged.

17. Assignment. Supplier may not assign, transfer, or subcontract PO or any right or obligation under it without County's written consent. Any purported assignment, transfer, or subcontract will be null and void.

18. Venue & Applicable Law. The laws of the State of Florida govern validity, enforcement, and interpretation of PO. The sole jurisdiction and venue for any legal action in connection with PO will be in the courts of Seminole County, Florida.

19. Fiscal Non-Funding. In the event sufficient budgeted funds are not available for payment to Supplier for a new fiscal period, County shall notify Supplier of such occurrence and PO will terminate on the last day of the current fiscal period without penalty or expense to County.

20. Public Records. Supplier acknowledges that PO and any related financial records, audits, reports, plans, correspondence and other documents may be subject to disclosure to members of the public pursuant to Chapter 119, Florida Statutes. Supplier shall maintain all public records and, upon request, provide a copy of requested records or allow records to be inspected within a reasonable time. Supplier shall also ensure that any public records that are exempt or confidential from disclosure are not disclosed except as authorized by law. In event Supplier fails to abide by provisions of Chapter 119, Florida Statutes, County may, without prejudice to any other right or remedy and after giving Supplier seven (7) days written notice, during which period Supplier still fails to allow access to such documents, terminate PO. **IF SUPPLIER HAS QUESTIONS REGARDING APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO SUPPLIER'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO PO, CONTACT CUSTODIAN OF PUBLIC RECORDS AT: 407-665-7116, PURCH@SEMINOLECOUNTYFL.GOV, PURCHASING AND CONTRACTS DIVISION, 1301 E. SECOND STREET, SANFORD, FL 32771.**

21. Right to Audit Records. County will be entitled to audit the books and records of Supplier to the extent that the books and records relate to this PO. Supplier must maintain books and records relating to this PO for a period of three (3) years from the date of final payment under the PO, unless the County authorizes otherwise in writing.

22. Severability. If any section, sentence, clause, phrase or portion of PO are, for any reason, held invalid or unconstitutional by any court of competent jurisdiction, such portion will be deemed separate, distinct, and independent and such holding will not affect validity of remaining portion of PO.

23. Headings & Captions. All headings and captions contained in PO are provided for convenience only, do not constitute a part of PO, and may not be used to define, describe, interpret or construe any provision of PO.

AFFIDAVIT OF E-VERIFY REQUIREMENTS COMPLIANCE

The CONSULTANT/CONTRACTOR agrees to comply with section 448.095, Florida Statutes, and to incorporate in all subcontracts the obligation to comply with section 448.095, Florida Statutes.

1. The CONSULTANT/CONTRACTOR shall utilize the U.S. Department of Homeland Security's E-Verify system to verify the employment eligibility of all new employees hired by the CONSULTANT during the term of the Agreement and shall expressly require any subcontractors performing work or providing services pursuant to the Agreement to likewise utilize the U.S. Department of Homeland Security's E-Verify system to verify the employment eligibility of all new employees hired by the subcontractor during the Agreement term.

2. That the CONSULTANT/CONTRACTOR understands and agrees that its failure to comply with the verification requirements of Section 448.095, Florida Statutes or its failure to ensure that all employees and subcontractors performing work under Agreement Number IFB-604974-25/LAS are legally authorized to work in the United States and the State of Florida, constitutes a breach of this Agreement for which Seminole County may immediately terminate the Agreement without notice and without penalty. The CONSULTANT/CONTRACTOR further understands and agrees that in the event of such termination, the CONSULTANT/CONTRACTOR shall be liable to the county for any costs incurred by the County as a result of the CONSULTANT'S/CONTRACTOR'S breach. Polk County

Board of County Commissioners

Agenda Item R.28. 8/19/2025

SUBJECT

Approve Services Authorization 2023-021-01, Modification No. 1 with the University of Central Florida for the Central Regional Utility Service Area - Central Regional Water Treatment Facility Process Monitoring and Performance Assessment project (additional $120,241 lump sum expense).

DESCRIPTION

The County owns and operates a 4.0 million gallon per day (MGD) Central Regional Water Treatment Facility which is the primary source of potable water supply in the Central Service Area. On April 18, 2023, the County approved Services Authorization No. 2023-021-01 for UCF to evaluate the treatment processes to determine the effectiveness of the ozonation process on the water quality, assess the condition of the activated carbon bed, and evaluate the finished water quality entering the distribution system. The County has requested that UCF continue to provide these sampling, evaluation, analysis, and reporting services to verify compliance with the Environmental Protection Agency's Safe Drinking Water Act distribution by-products rules.

The original service authorization in April 2023 was $162,900. This agenda item for Modification No. 1 is for $120,241 for a total of $283,141 for these continuing services.

RECOMMENDATION

Request approval of Services Authorization 2023-021-01, Modification No. 1 with the University of Central Florida for the Central Florida for the Central Regional Utility Service Area - Central Regional Water Treatment Facility Process Monitoring and Performance Assessment project at an additional lump sum cost of $120,241.

FISCAL IMPACT

Funding is available in the Water Plant Operations/Treatment Budget.

Exhibit A

Scope of Services

Services Authorization No. 2023-021-01 MODIFICATION No. 1

Board of County Commissioners of Polk County

Central Regional Utility Service Area

Central Water Treatment Facility Process Monitoring and Performance Assessment

The University of Central Florida Board of Trustees (UCF), a public body corporate, organized under the State of Florida with an office located at 12201 Research Parkway, Suite 501, Orlando, Florida 32826 entered into a Research Agreement (AGREEMENT) with Polk County, Florida (COUNTY), a political subdivision of the State of Florida, on April 18, 2023. Pursuant to this AGREEMENT, the COUNTY has requested UCF's Department of Civil, Environmental and Construction Engineering (CECE) to assess process performance for the ozone and granular activated carbon (GAC) integrated processes at the COUNTY's Central Water Treatment Facility (PROJECT). The Central Water Treatment Facility (WTF) supplies the Central Region Utility Service Area (CRUSA) which is also comprised of other WTFs and interconnected systems. **Subsequent to AGREEMENT 2023-021-01"s original authorization on November 7, 2023, the COUNTY has requested UCF modify the timeline of the investigation to provide additional services with regards the Central WTF (PROJECT's Extended STUDY MODIFICATION).**

A. RESEARCH SCOPE

The COUNTY owns and operates a 4 million gallons per day (MGD) Central WTF that treats groundwater through ozone addition followed by GAC treatment prior to chlorination to remove total sulfide and to meet disinfection the Environmental Protection Agency's Safe Drinking Water Act disinfection by-products (DBPs) regulatory requirements. Approximately twenty percent of the ozonated flow is by-passed around the GAC system to extend the carbon bed's useful life. The plant was first placed on-line in November 2019. The COUNTY has requested that UCF CECE continue to assist in its ongoing evaluation that includes the monitoring and assessment of the COUNTY's Central WTF treatment combined processes. The purpose of this research is to continue to review the effectiveness of the ozone contact and destruct basin with respect to water quality, examine the condition of the activated carbon that comprises the GAC bed, assess the beds are microbiological removal effectiveness of DBP precursors, and evaluate finished water quality and impact of blending bypass into the distribution system in terms of organic, inorganic, and microbial quality entering the water distribution system.

PHASE 100 – PROJECT MANAGEMENT COMPONENT

Task 101 – Project Management and Communication

Continued coordination of UCF research activities with the COUNTY will be required for the PROJECT. This task consists of those needs required for project management for the STUDY to include scheduling and coordinating activities with the COUNTY and others (if required). UCF will communicate to COUNTY operations personnel UCF's data needs so that the appropriate means for gaining access to the appropriate sample location can be established; site-specific details regarding the differentiation between UCF-collected samples and COUNTY-collected samples will be clarified prior to any sampling activities being performed in support of STUDY. UCF quality assurance and quality (QA/QC) control methods will be implemented as the STUDY progresses.

Note: It is established herein that the COUNTY does not require a certification of the analysis for UCF's laboratories as this STUDY is considered non-regulatory applied research.

Task 102 – Site Visits and Progress Conference Calls

This work authorization will allow UCF to perform site visits at the Central WTF for at least twelve (12) site visits. Each site visit will require the collection of water samples by process location for DBP precursor matter (see Section E Responsibilities). In addition, a progress conference call will be held every other month to discuss project schedule and implementation needs.

PHASE 200 – RESEARCH COMPONENT

COUNTY will assist UCF in the collection of aqueous (process water streams) or solid (granular carbon media) process-related samples. UCF will provide the COUNTY with a 'script' (test plan) for the anticipated on-site sample activities, such as sample identification needs, sample bottle storage requirements and GAC sample frequency, as examples. Sample location access will vary depending on whether it is aqueous (e.g., raw supply; process stream; point-of-entry) or solid (activated carbon).

Task 201: Raw Water Supply Quarterly Sampling Events

General Water Quality. The COUNTY's Central WTF is supplied from three wells located on-site as shown in **Photo 1**. These three groundwater wells will be sampled four times (approximately each quarter) during the STUDY for the following water quality parameters: alkalinity, bromide, calcium, chlorine (residual), conductivity, iron, oxidation reduction potential (ORP), pH, sulfate, sulfide (Total), SUVA-254, temperature, total organic carbon (as DOC), turbidity, and UV-254. At the time of each sampling event, process operation related information (flow, time, location) will be collected. Analytical methods, sampling and storage requirements are provided in **Appendix A**.

Photo 1. One of three Central WTF On-site Wells.

Task 202: Process Evaluation

UCF will evaluate the Central WTF's ozone (oxidation system) and GAC (adsorption system) unit operations as described in this Task. Key operation water quality of interest for the ozone and GAC system may in part or whole include alkalinity, bromide, calcium, chlorine (residual), conductivity, iron, nitrate, oxidation reduction potential (ORP), pH, sulfate, sulfide (total), SUVA-254, temperature, total organic carbon (as DOC), turbidity, and UV-254.

Ozone System. The ozone process will be evaluated in terms of water quality and process-control mass transfer and performance effectiveness. Ozonation provides many benefits to the water treatment process, in particular dissolved organics removal (natural organic matter or NOM, and organic micropollutants). Ozone oxidation breaks down long chain molecules into short chained organics such as aldehydes, ketoacids, and carboxylic acids which are more easily biodegradable with the use of a downstream granular activated carbon (GAC). These organic byproducts serve as carbon source for bacteria. The ozone treatment process consists of an ozone generator, feed-gas supply, ozone contactor, and an ozone destruct system. Operation monitoring information (flow, time, location) is necessary for STUDY as well as effluent total trihalomethanes and haloacetic acids. This will include post-ozone evaluations for formaldehyde, acetaldehyde, glyoxal, and methyl glyoxal (the sum referred to as aldehydes), oxalate, and adenosine triphosphate (ATP). **Photo 2** presents a photograph of the ozone contact and destruct chamber.

Photo 2. The ozone contact and destruct chamber

GAC System. The activated-carbon process will be evaluated relative to its process operation performance. This will include process-control water quality evaluations (mass transfer parameter time-series comparisons), water quality, microbiological activity, and other adsorption conditions. There are two sample types which will be collected in this GAC subtask: (a) water quality samples; (b) solid GAC samples directly from the bed to be evaluated by (i) physical and (ii) microbiological means. The Model 12-40 Adsorption System is a unit consisting of one (1) vertical pressure vessel, containing 40,000 pounds of granular activated carbon (GAC); four of the Model 12-40 containers comprise the granular activated carbon process at the Central WTF; each of the four vessels are complete with underdrain and carbon transfer piping. **Photo 3** illustrates the number of and size of the GAC vessels at the facility.

Photo 3. Central WTF Adsorber GAC Adsorption Vessels

a) **Water Quality and Solid GAC Sample Collection Events.** Water will be collected from the 25%, 50% and 75% GAC vessel monitoring locations on each of the four vessels once per month for 13 months. TOC and UV-254 will be collected and correlated for operation needs. After each water sampling, the COUNTY will be required to remove the water sample tap covers at the 25%, 50% and 75% GAC vessel locations to obtain solid carbon media samples. It is planned to obtain the carbon solid samples necessary for the analysis in this component of the research via access to stainless-steel bed sampling locations, as depicted in **Figure 2**. A sampling protocol used for this work is attached as **Appendix B**. After the water quality and solid samples are obtained by UCF, stainless-steel sample ports (once disinfected) will be reinserted/reinstalled back to the GAC vessels by the COUNTY. Parameters of critical interest are TOC, UV-254, sulfate, calcium and alkalinity. Other parameters will be assessed in the investigation as required.

b) Solid Activated Carbon Analysis Collection Events

(i) ***Carbon integrity testing***. To determine how much wear and tear the units have been operating, solids will be assessed for parameter identified in manufacturer specifications. Approximately 250g of carbon will be collected at each of the bed depth sample ports; 25%, 50%, and 75% and will be submitted to the original manufacturer (Calgon Carbon Corporation, A Kuraray Company, 300 GSK Drive, Moon Township, PA 15108) to obtain abrasion resistance (particle integrity), particle size uniformity coefficient (effective size), ash content (inorganic quality), metals content (energy dispersive x-ray). An "Iodine" test for the carbon's surface oxide capacity will be performed (iodine number is a measure of the iodine adsorbed in the pores and, as such, is an indication of the pore volume available in the activated carbon of interest; typically, iodine numbers ranging from 600 to 1100). The results will be compared to historical values collected by the manufacturer at the last time that carbon replacement occurred.

(ii) ***Microbiological testing***. In treatment systems that are operated over longer periods of time, GAC surfaces can be colonized by microorganisms, which will eventually establish active biofilms, giving rise to the so-called biological activated carbon (BAC) process. To continue data evaluations related to identification of microbial species inhabiting the bed, additional testing will occur (CECE and UCF Chemistry Department will perform up to 2 separate evaluations). Approximately 50g of the carbon collected from the 25% and 75% bed depth sample ports will undergo microbial microbiome characterization to determine which microorganisms are present and if any major changes can be seen from prior sampling sessions. DNA will be extracted from GAC samples and sequenced on the Illumina-MiSeq platform and analyzed by the Qiime2 method. Should the budget allow, a limited use of qPCR will be employed to target specific biomarkers to determine what specific enzymatic functions are occurring with the filter beds. The sampling will be coordinated with the County as one unit will be taken out of service for a portion of the operating day so that solid carbon can be collected from one vessel.

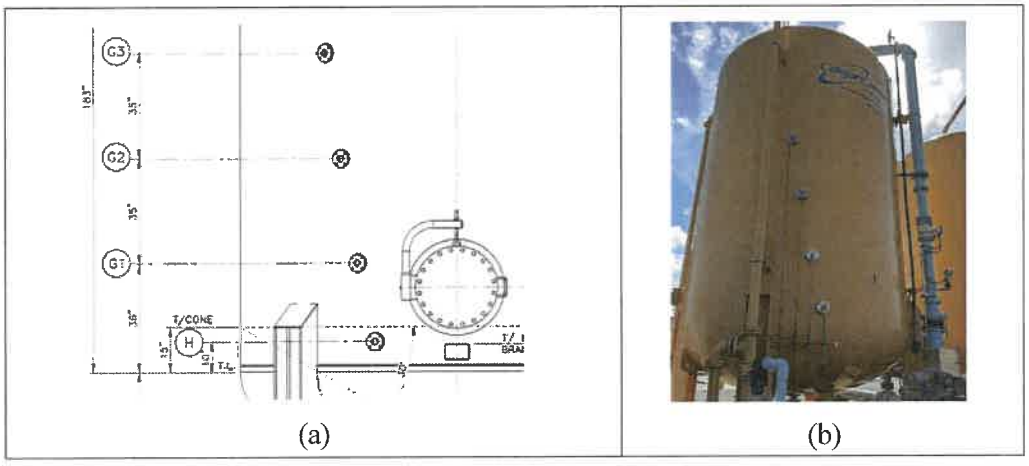

Photo 4. GAC Sample Port Detail (a) Schematic and (b) Vessel 1 Sample Port Locations.

Task 203: Data Compilation and Analysis

UCF will compile the analytical results and observations obtained during the STUDY and perform data analysis on the collected information, considering existing COUNTY or other entity historical data and information in this Task. The analysis will focus on the following: sulfide removal effectiveness of ozone addition; the condition of the activated carbon that comprises the GAC beds and their microbiologically active status; and project a carbon replacement timeline based on water quality uptake and breakthrough information. QA/QC and associated control charts will be developed for water quality parameters (where applicable). Precision and/or accuracy will be reported for specific parameters as needed.

PHASE 300 – REPORTING SERVICES

Task 301: Reporting Component

At the end of month 15 of the PROJECT's Modified STUDY (October 31, 2026), UCF will prepare an electronic version of a DRAFT REPORT and deliver to the COUNTY by e-mail for their review. The COUNTY will provide UCF with one set of combined comments of COUNTY-compiled draft review comments on the DRAFT REPORT within 14 days of receipt.

At the end of month 17 of the PROJECT's Amended STUDY (December 31, 2026), UCF will prepare and deliver to COUNTY a FINAL REPORT, considering COUNTY review comments of the DRAFT REPORT and report format quality requirements. A minimum of one hard copy and one electronic copy will be provided to the COUNTY at completion of the research via electronic mail.

Note: Additional reporting in the form "progress reports" every-other month.

B. SCHEDULE

MODIFICATION No. 1 is expected to require approximately 17 months per the schedule shown in **Table 1**, Schedule by Month. UCF will proceed with the services identified herein immediately upon receipt of an executed copy of this Authorization for MODIFICATION No. 1 from the County (the 17-month extension beginning August 1, 2025, and terminating December 31, 2026). This authorization shall be in full force and effect until the UCF completes all services as described herein and any subsequent modifications hereto.

Table 1. Schedule by Month for MODIFICATION No. 1

C. DELIVERABLES

UCF will provide STUDY findings in a reasonable manner. **Table 2** presents an anticipated schedule of deliverable dates for the STUDY.

Table 2. Deliverables Schedule (Basis: 12 months)

DELIVERABLE ITEM	DUE DATE
a. Task 301. Initial Draft Report for Review by County	End Month 15 (October 31, 2026)
b. Task 301: Final Report	End Month 17 (December 31, 2026)
c. Task 301: Technical Memorandum (TM)	Every other Month (see Table 3 indicating 7 TM events)

D. COMPENSATION

The COUNTY will compensate UCF for the MODIFICATION No. 1 services described herein based on a lump-sum fee of $120,241. Accordingly, $7,073 shall be invoiced in 17 equal monthly installments commencing with the 21st month of the modified term for these services; the cost breakdown for the Amended STUDY is presented in **Table 3**. The Total cost (Original **$162,900** + MODIFICATION No. 1 of **$120,241**) will not exceed **$283,141** without prior mutual agreement of UCF and the COUNTY.

UCF Note: This is a TYPE 1 funded project; Invoicing will be based on an equal and incremental monthly invoice installment.

Table 3. UCF Research Cost for STUDY MODIFICATION No. 1

This research STUDY is a UCF Level (Type) 1 Project.

Task	Description (See Scope for Details)	Cost ($)
101	Project Management and Communication	$2,120
102	Site Visits and Progress Conference Calls	$3,750
201	Raw Water Supply Quarterly Sampling Events	$5,750
202	Process Evaluation	$97,015
203	Data Compilation and Analysis	$8,106
301	Reporting Components	$3,500
MODIFICATION No. 1	Mod.1	**$120,241**
Original Authorization	Original	**$162,900**
Total PROJECT	Total	**$283,141**

E. RESPONSIBILITIES

COUNTY will provide UCF with the following information and services.

- Process-related data gathering activities will require COUNTY and UCF technical personnel to discuss schedule for planning purposes. COUNTY will assist UCF in the collection of aqueous (process water streams) or solid (granular carbon) process-related samples.
- Copies of operations data related to the ozone and GAC process, specifically reports or analysis by the ozone manufacturer or it's representative entities for the Modified period.
- One copy (electronic or paper format) of state of Florida FDEP or Polk County Health Department (PCHD) distribution system water quality parameter quarterly reports for LCR and D/DBP total trihalomethane and haloacetic acid quarterly reports for the distribution system including the LRAA.

- Copies of data and information not associated with official FDEP or PCHD correspondence that is related to the WPF's operational history. UCF shall be allowed to make copies of the operator's daily log sheets (either by photograph or scan copy).
- COUNTY will coordinate activities related to UCF's research involvement to determine site visit times and locations; the COUNTY will provide official representation at meetings where UCF is on-site; meetings with UCF will not occur without the presence of the COUNTY project manager or official designee (operations staff) unless previously agreed.
- COUNTY will provide access to the COUNTY facilities and appurtenances associated with research efforts. The COUNTY will provide personnel to assist in support of the STUDY.

F. Quality Assurance and Quality Control

A quality assurance project plan (QAPP) documents the planning, implementation, and assessment procedures for a particular project, as well as any specific quality assurance and quality control activities. It integrates the technical and quality aspects of the project to provide a "blueprint" for obtaining the type and quality of environmental data and information needed for a specific decision or use. Adherence to the UCF laboratory QAPP will provide better assurance of the reliability and accuracy of the environmental data collected, evaluated, used, or reported during the course of the STUDY.

Sample collection and water quality analyses will be performed in accordance with *Standard Methods for the Examination of Water and Wastewater* and the Environmental Protection Agency's *Methods for Chemical Analysis of Water and Wastes* and *Methods and Guidance for the Analysis of Water*. Only approved protocols will be used during the sample collection and evaluation program. This includes use of parameter specific holding times, container types, sample volumes, and preservative requirements.
Many of the activities performed by UCF will rely upon historical information such as water quality data and reports, in the implementation of this Project. UCF will follow its QAPP for field and laboratory facilities. UCF has developed its plan and is based in part on the document, Guidance for Quality Assurance Project Plans (EPA, Office of Environmental Information, EPA/240/R-02/009, December 2002). The plan has been developed to briefly describe basic activities involved with the acquisition of project information whether generated from direct measurement (laboratory or field) activities, collected from other sources, or compiled from computerized databases (should they exist). Qualitative data and information will also be relied upon in the conduct of this study.

In order to meet the objectives of the study, the QAPP will be utilized for the collection and analysis of data. Regarding the analytical testing of water samples, the appropriate portions of USEPA's Handbook of Analytical Quality Control in Water and Wastewater Laboratories and APHA-AWWA-WEF's Standard Methods for the Examination of Water and Wastewater (SM) shall be employed. In addition, the QAPP developed specifically for the project will be based on the following fundamental principles:

- The achievement of quality is the responsibility of both the person performing the work and his or her supervisor assigned to the work. The degree of application of the QAPP criteria is dependent on the impact of activity (planning, bench and pilot testing, maintenance, operation, etc.) on the objectives of the program. This is accomplished through the prudent use of "graded" quality assurance. The amount and extent of review of quality affecting activities will be commensurate with the importance of the activity to meeting the stated objectives of the overall program.
- Testing activities shall be controlled through the use of test plans, the use and adherence to test protocols and record keeping using technical notebooks and files.

Records and Data Management. The ultimate success of this project depends on the adequacy of the quality of the environmental data collected. For this project, existing and new data will be managed. Several sets of collections logs will be maintained during the field sample collection phase of the research program to document quality procedures that have been adhered to during implementation.

Data management tasks will be used to trace the path of the data from their generation in the field or laboratory to their final use and storage. Standard-of-care record keeping, document control and approaches used for data storage and retrieval on electronic media will be maintained during project implementation. The records, forms and data control methods of importance to the project include the following formats: Field Data Collection Records; Report of Analysis (from the laboratory); Operation Data Summary (taken at time of sampling); and, Instrument and Equipment Inspection, Maintenance and Calibration Logs.

Sample Collection. Sample collection and water quality analyses will be performed. Only approved protocols will be used during the sample collection and evaluation program. This includes use of parameter specific holding times, container types, sample volumes and preservative requirements. Sampling containers (including caps) that do not contain a preservative or dechlorinating agent will be rinsed with the water being collected prior to sample collection. The containers and caps will not be rinsed otherwise. The caps will be carefully handled during container filling to avoid sample contamination. Sufficient sample volumes as per the laboratory SOP will be collected to allow multiple measurements from the sample bottle if the results obtained in the field do not meet quality control (QC) requirements. Samples containing volatile compounds (if any) will be filled to eliminate headspace using appropriate sample containers with caps and Teflon-lined septas. The samples will be transported on the same day of sampling. Samples will be analyzed within appropriate holding times as identified with this QAPP, and proper records will be established for each water sample. Samples to be collected without headspace (to avoid aeration or constituent volatilization) will be checked for air bubbles immediately after sealing the container with the cap and septa. If air bubbles are found, the sample will be opened, filled with additional sample, and repeated until no bubbles are present.

Table A1 provides a typical summary of analytical methods for use in the field. This equipment will be calibrated in the lab or field on the same day of use, checked immediately prior to use in the field and recalibrated if necessary. Calibration will be checked approximately once every 2-hours throughout the duration of testing. These checks include the use of standard solutions (such as pH buffers and potassium iodide for conductivity) and/or blanks. Care will be taken to calibrate instruments approximating the anticipated range of measurement. Equipment calibration activities will be recorded within a field logbook. **Table A2** provides a partial listing of preservation and holding times for water quality analysis, and **Table A3** highlights the typical laboratory water quality analysis that may be performed and is tabulated in terms of the equipment used, the methodology applied, method detection limit, accuracy, precision, and sampling information including volume, container type, preservative and hold time.

G. Additional Provisions

If the research tasks required are different from those items presented herein, or if the COUNTY desires additional research, the resultant changes in scope will serve as a basis for amending the research scope as agreed to by the COUNTY and UCF. Additionally, UCF shall be entitled to rely upon the accuracy of data and information collected and provided by the COUNTY and others without independent review or evaluation. UCF is not responsible for the means, methods, sequences, techniques, or procedures of the COUNTY. Administrative and contractual points of contact for the Specific Authorization presented herein are as stated in the section, "Notices of the Research Agreement" of the Master Agreement.

The remainder of this page has been left intentionally blank.

APPENDIX A

Table A-1. Summary of Analytical Methods Anticipated for Use in the Field (typical)

Test	Method Reference Number (Standard Methods); Instrument	Range / Resolution	Calibration Procedures
Chlorine, total and free	DR 890 Portable Colorimeter – SM 4500-Cl F DPD Colorimetric Method	0 – 5 mg/L Cl_2 range; 0.01 mg/L Cl_2 resolution	Use known concentrations of sodium hypochlorite into chlorine demand-free Milli-Q water (6-point calibration curve from 0 to 4 mg/L)
Conductivity	LaMotte Con 5 Field Probe (with temperature compensation)	0 – 20 mS Range 1 µS resolution	None
Dissolved Oxygen and (Oxidation Reduction Potential)	YSI 550A Sensor	0 – 50 mg/L O_2 Range	Calibrated against manufacturer's internal method and frequent membrane inspection
Hydrogen Sulfide	LaMotte 4630 Drop Count Method	0.01 mg/L S resolution	Check with samples collected for laboratory analysis using zinc acetate preservation method.
pH	LaMotte pH 5 Series Field probe (with temperature compensation)	0 – 14 Range, 0.01 resolution	Commercial pH calibration buffers, pH 4, 7, 10. Calibrated prior to analyzing any batch of samples using 2-point calibration with standard buffers
Temperature	Mercury-filled Celsius Thermometer	0 – 100 °C; 0.1 °C resolution	Calibrated against NIST-certified thermometer
Turbidity	EPA 180.1 Nephelometric Turbidity	0.01-800 NTUs 0.01	Calibrated daily with 10 NTU and full curve annually and as needed.

SM = Standard Methods; N/A = Not Applicable

Table A-2: Preservation and holding times for water quality analysis (typical)

Parameter	Collection Amount/ Vessel	Preservative	Holding Time
Alkalinity	200 mL plastic or glass	Refrigerate 4 °C	14 days
Anions	100 mL plastic or glass	Refrigerate 4 °C	28 days
Cations	100 mL plastic	HNO_3 to pH < 2	6 months
pH	50 mL plastic or glass	N/A	Analyze Immediately
TOC	100 mL glass	Refrigerate 4 °C H_3PO_4 to pH < 2	7 days
UV_{254}, Color, Turbidity	100 mL plastic or glass	N/A	Analyze Immediately

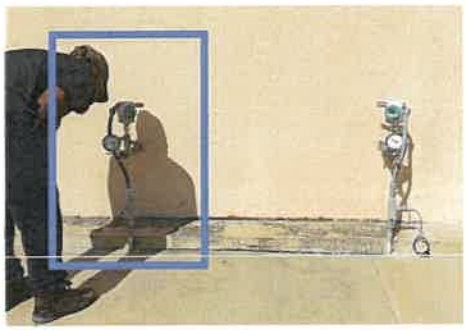
APPENDIX B

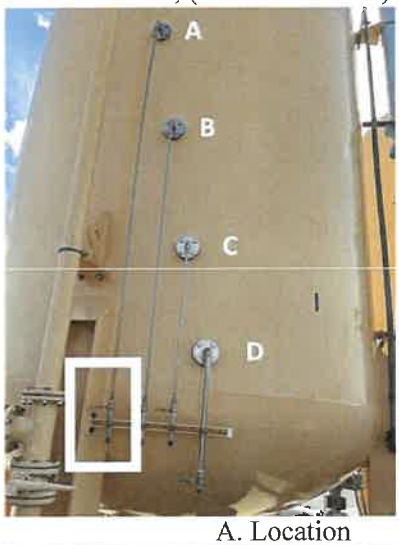
Water Sampling Locations (May be Amended During STUDY)

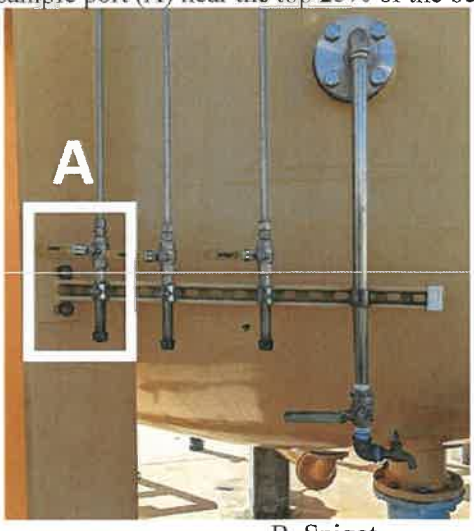
Prepared by Dr. Duranceau's Water Quality Engineering Research Group
Civil, Environmental and Construction Engineering Department, University of Central Florida



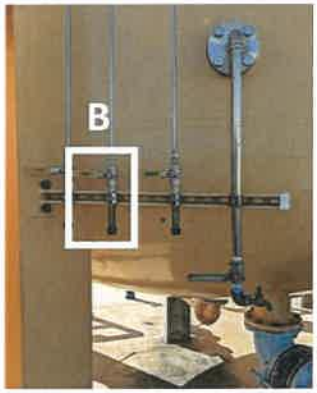
Purpose: Sample sites have been identified for project for collection of waters to assess dissolved organic carbon (DOC), UV254 and other water qualities in support of understanding the Granular Activated Carbon (GAC) contact units onsite for treatment of groundwater to control Disinfection by-product (DBP) formation by the removal of precursors measured as DOC. This is a list of the sites by photos to allow people less familiar with the site to sample water in glass amber bottles to return to UCF for analysis.

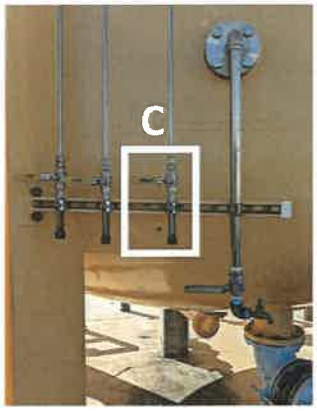
Sampling Protocol: Use an Amber glass bottle with cap, 1. Open bottle, do not touch the inside of the bottle or the cap (if need wear gloves), 2. Rinse the bottle and cap with the sample water 2-3 times, 3. Fill bottle near full and cap, 4. Store in a refrigerator – 4 deg C preferable (39 deg F), until collection by UCF.

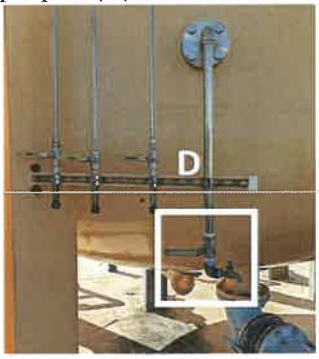


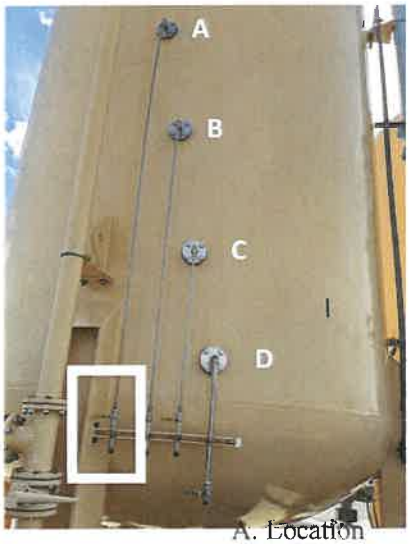


- *Be careful while sampling the GAC vessels. DO NOT let the water flush to quickly or for more than a few seconds before slowing the flow, collect the water within 30 sec to 1 minute to minimize the channelization within the bed (GAC vessels).*
- Central Regional Water Process Facility (WPF) is located at 1655 Old Bartow Eagle Lake Rd, Bartow, FL 33830. Initial site photographs during the original construction and taken over time are presented herein.









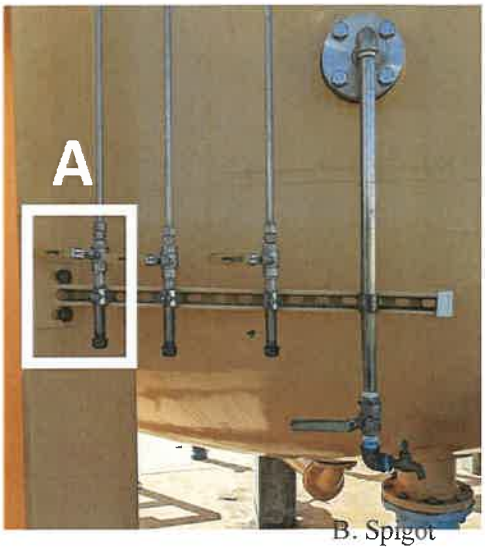


Table 1. Sample port location at the Central Regional Water Treatment Facility (Location May Change Per Visit)

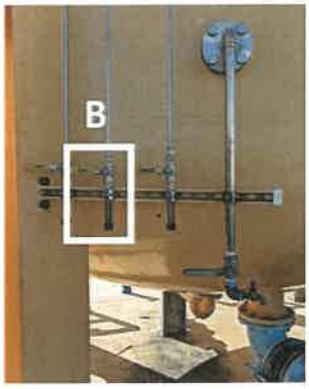
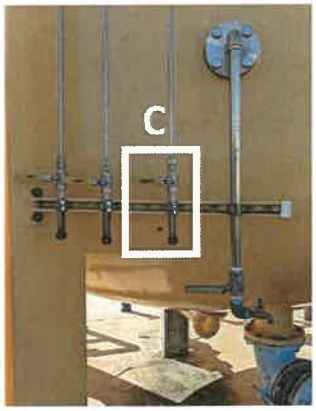
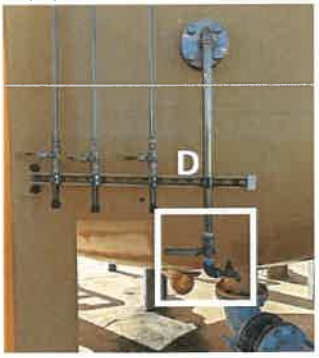
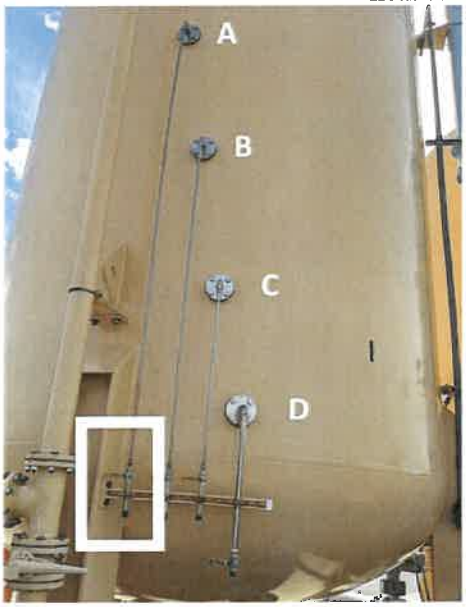
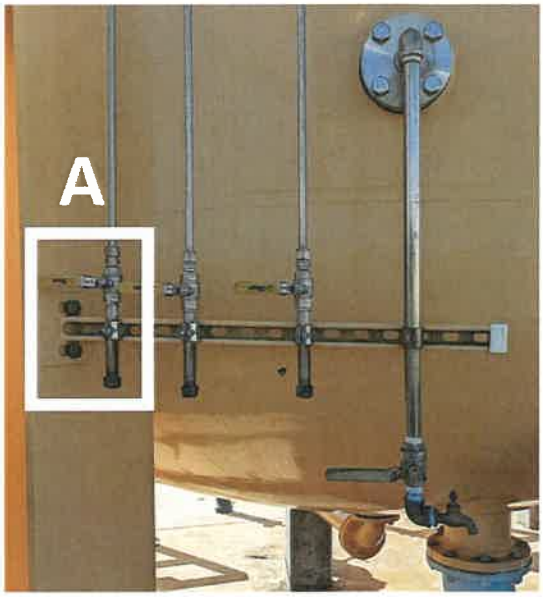




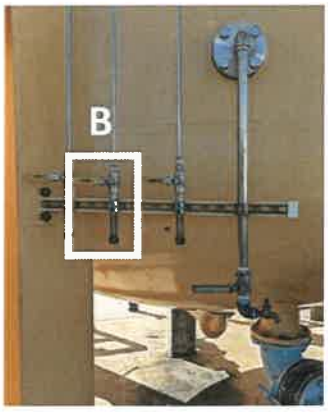


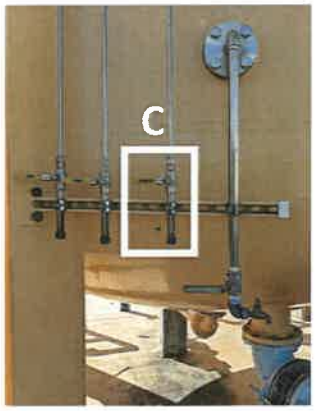
Sample port		
No.	**Ref. ID**	**Spigot Type and Location Description**
1	**Raw**	Raw water tap nested on the air release value on the turn of the pipe coming from the ground, a combination of mixed ground water from up to three wells.  A. Location  B. Spigot
2	**Oz 1**	Ozone destruct chamber 1 (facing the sample ports, left side). Operator Mr. Washington looking at left side, Oz 1.  A. Location  B. Spigot

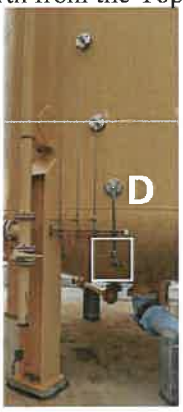


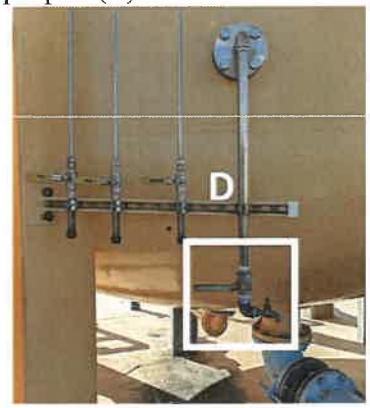


3	**Oz 2**	Ozone destruct chamber 2 (facing the sample ports, right side). Opposite of the sample port Operator Mr. Eckert is observing (left sample port, Oz 1)  A. Location  B. Spigot
4	**By-pass**	Water from the ozone destruct tank (two chambers mixed) that by-passes the GAC vessels, pipe prior to the entrance to the ground, prior to mixing with GAC treated waters. Note: the by-pass line sample ports spigots have been changed to the picture spigot Note: across from GAC Feed line (GAC IN) and same spigot  A. Location  B. Spigot

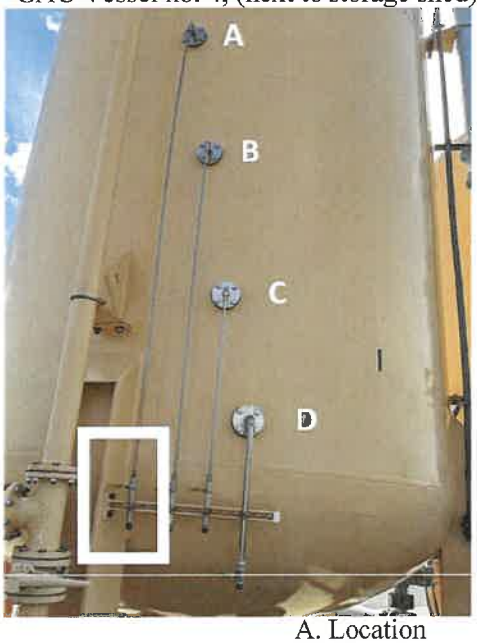


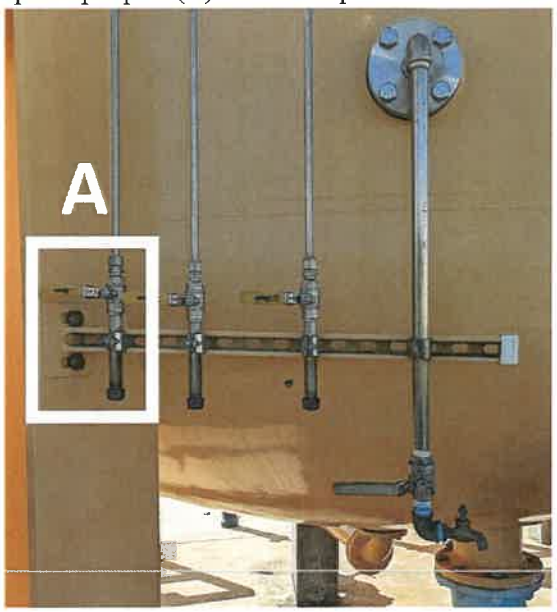




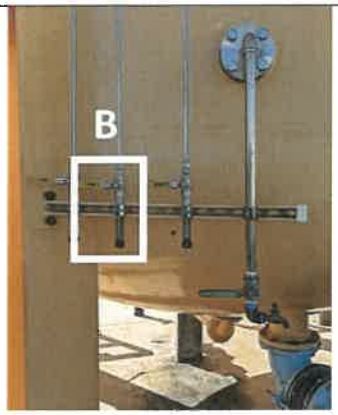


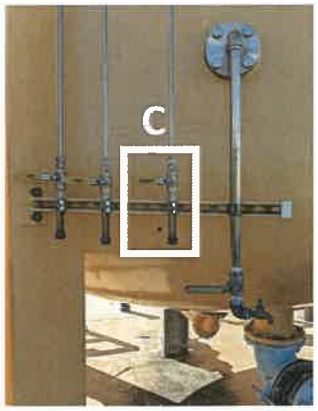
5	**GAC In**	Water from the ozone destruct tank (two chambers mixed) that feeds the GAC vessels. Note: the GAC feed line sample ports spigots have been changed to the picture spigot Note: across from GAC Bypass line and same spigot  A. Location  B. Spigot
6-26	**Intro to GAC Vessels**	The Granular Activated Carbon (GAC) Contact Chambers (Vessels) are labeled 1-4 on the vessel from the roadside view on the manhole, circle access point. Re-labeled here-in for easily viewing. GAC-1 (shown in orange) is located closest to the ozone destruct tank and GAC-4 is located closest to the storage shed. 
6	**GAC 1A**	GAC Vessel no. 1, (around backside) Top sample port (A) near the top 25% of the bed.  A. Location  B. Spigot

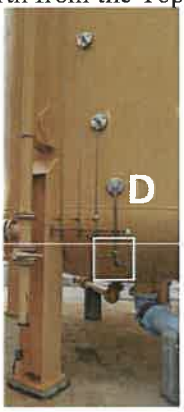


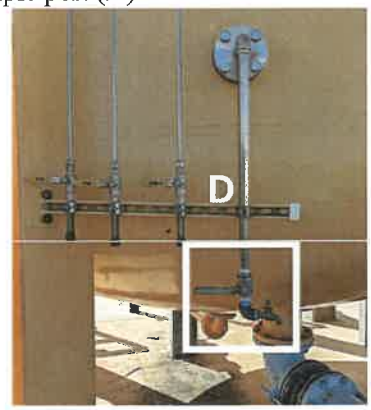


7	**GAC 1B**	GAC Vessel no. 1, (around backside opposite the Ozone destruct tank) Second to Top sample port (B) near the mid 50% of the bed.   A. Location B. Spigot
8	**GAC 1C**	GAC Vessel no. 1, (around backside opposite the Ozone destruct tank) Third to Top sample port (C) near the bottom 75% of the bed.   A. Location B. Spigot
9	**GAC 1D**	GAC Vessel no. 1, (around backside opposite the Ozone destruct tank) Lowest port on the Vessel, Fourth from the Top sample port (D) near the bottom 90% of the bed.   A. Location B. Spigot

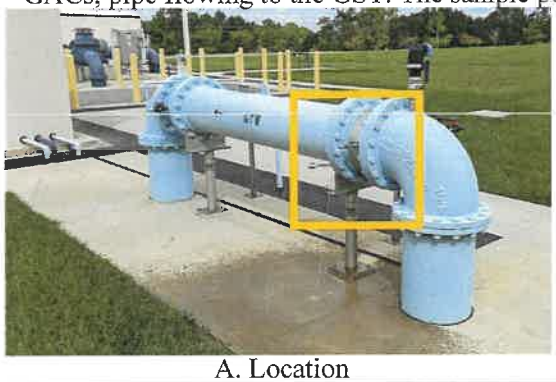








10	**GAC 1 OUT**	GAC 1 OUT sample port is located on the pipe exiting the GAC vessel. This port is tapped on the pipeline.  A. Location  B. Spigot
11	**GAC 2A**	GAC Vessel no. 2, (around backside opposite the Ozone destruct tank) Top sample port (A) near the top 25% of the bed.  A. Location  B. Spigot



12	**GAC 2B**	GAC Vessel no. 2, (around backside opposite the Ozone destruct tank) Second to Top sample port (B) near the mid 50% of the bed.   A. Location B. Spigot
13	**GAC 2C**	GAC Vessel no. 2, (around backside opposite the Ozone destruct tank) Third to Top sample port (C) near the bottom 75% of the bed.   A. Location B. Spigot
14	**GAC 2D**	GAC Vessel no. 2, (around backside opposite the Ozone destruct tank) Lowest port on the Vessel, Fourth from the Top sample port (D) near the bottom 90% of the bed.   A. Location B. Spigot

15	**GAC 2 OUT**	GAC Vessel no. 2 is located second closest to the ozone destruct tank. GAC 2 OUT sample port is located on the pipe exiting the GAC vessel.  A. Location  B. Spigot
16	**GAC 3A**	GAC Vessel no. 3, (around backside opposite the Ozone destruct tank) Top sample port (A) near the top 25% of the bed.  A. Location  B. Spigot

17	**GAC 3B**	GAC Vessel no. 3, (around backside opposite the Ozone destruct tank) Second to Top sample port (B) near the mid 50% of the bed.   A. Location B. Spigot
18	**GAC 3C**	GAC Vessel no. 3, (around backside opposite the Ozone destruct tank) Third to Top sample port (C) near the bottom 75% of the bed.   A. Location B. Spigot
19	**GAC 3D**	GAC Vessel no. 2, (around backside opposite the Ozone destruct tank) Lowest port on the Vessel, Fourth from the Top sample port (D) near the bottom 90% of the bed.   A. Location B. Spigot
20	**GAC 3 OUT**	GAC Vessel no.3 is located second closest to the storage shed. GAC 3 OUT sample port is located on the pipe exiting the GAC vessel.

		 A. Location  B. Spigot
21	**GAC 4A**	GAC Vessel no. 4, (next to storage shed) Top sample port (A) near the top 25% of the bed.  A. Location  B. Spigot
22	**GAC 4B**	GAC Vessel no. 4, (next to storage shed) Second to Top sample port (B) near the mid 50% of the bed.

		  A. Location B. Spigot
23	**GAC 4C**	GAC Vessel no. 4, (next to storage shed) Third to Top sample port (C) near the bottom 75% of the bed.   A. Location B. Spigot
24	**GAC 4D**	GAC Vessel no. 2, (around backside opposite the Ozone destruct tank) Lowest port on the Vessel, Fourth from the Top sample port (D) near the bottom 90% of the bed.   A. Location B. Spigot

25	**GAC 4 Out**	GAC Vessel no. 4 is located closest to the storage shed. GAC 4 OUT sample port is located on the pipe exiting the GAC vessel.   A. Location B. Spigot
26	**Blend**	Sample port is located on the air release on the Pipe next to the storage shed, containing blended water of ozone and GAC prior to the control valve.   A. Location B. Spigot
27	**Pre GST**	Prior to the Ground Storage Tank (GST), next to the chlorination building, downhill of the GACs, pipe flowing to the GST. The sample port is prior to chlorination.   A. Location B. Spigot

28	**GST**	On the Ground Storage Tank, sample port located near the long sidewalk from the GACs  A. Location  B. Spigot
29	**Post GST**	Pipeline above thr ground after the GST tank, next to the chlorinatino building door. Sample port is prior to the chlorination point (first sample port after GST).  A. Location  B. Spigot
30	**POE**	Point of Entry, near the high service pumps on the air release valve (ARV) of the last flow section above ground pipe.  A. Location  B. Spigot

Board of County Commissioners

Agenda Item R.29. 8/19/2025

SUBJECT

Approval of Final Closeout for North Central Landfill Constructed Wetlands Treatment System Contract 2023-022. Change Order decrease of $347,410.52 is needed to close out the contract.

DESCRIPTION

For this final closeout, a contract amount decrease is being requested, in the amount of $347,410.52, as a final reconciliation Change Order No. 3. This amount is the remaining contingency and allowance balance that is on Contract No. 2023-022. Please see the attached documents which are required for proper final closeout: Final Change Order for cost decrease; Signed Final & Substantial Completion Forms; Consent of Surety; Final Pay Application No. 18.

Details:

Final Pay Application No. 18 to Vendor (one-time expense): $566,449.99

Change Order No. 3 (decrease): $347,410.52

Contract Contingency (not used): $100,000.00

Contract Allowance: $250,000.00

Contract Allowance Used: $2,589.48 (see Pay App. No. 18)

$347,410.52 = ($100,000.00+$250,000.00)-$2,589.48)

RECOMMENDATION

Request Board approval for Change Order No. 3, and final closeout for Contract No. 2023-022 (NCLF Constructed Wetlands Treatment System).

FISCAL IMPACT

Funds are available in the Solid Waste Funds.

EXHIBIT XVII: CHANGE ORDER

Project: North Central Landfill Wetlands Treatment Construction **Contract No.:** 2023 022 **Change Order No:** 03

Polk County, a political subdivision of the State of Florida

Contractor: Thalle Construction Co., Inc.

Architect/Engineer: University of Florida

Description of Change Order: Final Reconciliation Change Order for project closeout - removal of remaining Contingency and Allowance Balance

Contract is changed as follows:

Architect/Engineer: David Z Axtell (Signature) Date: 03/19/2025

Original Contract Sum	$ 11,311,000.00
Net change by previously authorized Change Order	$ (899,789.87)
Contract Sum prior to this Change Order	$ 10,411,210.13
Contract Sum will be increased/decreased by this Chang Order in the amount of	$ (347,410.52)
New Contract Sum including this Change Order will be	$ 10,063,799.61

Contract Time will be increased by 0 days

Date of Substantial Completion as of the date of this Change Order therefore is 12/18/2024

The above changes are accepted by:

Contractor: Ed Miller Date: 3-20-2025

You are hereby authorized to make the changes noted above

Division Director: Date: 7/10/2025

Reviewed as to form and legal sufficiency

EXHIBIT XIII: CERTIFICATE OF SUBSTANTIAL COMPLETION

Project: NCLF Leachate Treatment Wetlands Construction County's Project No.: 2023-022

Contractor No.: _____ Contract Date: _____

Notice to Proceed Date: 06/19/2023 Completion Date: 12/18/24

The Work to which this Certificate applies has been inspected by the authorized representatives of Polk County, a political subdivision of the State of Florida (County), Contractor and Professional, and that Work is hereby declared to be substantially complete in accordance with the Contract Documents on 12/18/24. This Certificate of Substantial Completion applies to all Work or a specified portion thereof under the Contract Documents. The warranty period shall begin on the date as established herein.

A list of items to be completed and corrected is attached hereto for final completion of Contract requirements. This list may not be all-inclusive; and the failure to include an item on it does not alter the responsibility of the Contractor to complete all the Work in accordance with the Contract Documents. The items on the list shall be completed or corrected by the Contractor within _____ calendar days of the above date of substantial completion.

This Certificate does not constitute an acceptance of the Work that has not been completed in accordance with the Contract Documents; nor is it a release of Contractor's obligations to complete the Work in accordance with the Contract Documents. Signatories agree the project is substantially complete as of the date established herein and that the project can and will function as intended and that the attached list represents deficient items requiring correction/completion prior to final completion and that this list may be amended by the Professional or County to add any other items to bring the Work in compliance with the Contract Documents. If the list is amended a reasonable time shall be given to complete the items added.

EXHIBIT XIV: CERTIFICATE OF FINAL COMPLETION

Project: Constructed Wetland Treatment System County's Project No.: 2023-022

Contract No.: 2023-022 Contract Date: _____

Notice to Proceed Date: 06/19/2023 Substantial Completion Date: 12/18/24

The Work to which this Certificate applies has been inspected by the authorized representatives of the County, Contractor and Professional; and that Work is hereby declared to be finally complete in accordance with the Contract Documents on 02/03/2025. This Certificate of Final Completion applies to all Work under the Contract Documents.

All punch list items have been completed and corrected for compliance with Contract Documents. This Certificate constitutes acceptance of Work as specified and intended in the Contract Documents. Contractor retains responsibility and obligation to the County for Warranty Work arising after admission and acceptance of final completion. Signatories agree the project is finally complete as of the date of signature such that the project is in complete compliance with Contract Documents and authorized Change Orders.

CERTIFICATION

Resolutions adopted by the Boards of Directors of FEDERAL INSURANCE COMPANY, VIGILANT INSURANCE COMPANY, and PACIFIC INDEMNITY COMPANY on August 30, 2016; WESTCHESTER FIRE INSURANCE COMPANY on December 11, 2006; and ACE AMERICAN INSURANCE COMPANY on March 20, 2009:

"RESOLVED, that the following authorizations relate to the execution, for and on behalf of the Company, of bonds, undertakings, recognizances, contracts and other written commitments of the Company entered into in the ordinary course of business (each a "Written Commitment"):

(1) Each of the Chairman, the President and the Vice Presidents of the Company is hereby authorized to execute any Written Commitment for and on behalf of the Company, under the seal of the Company or otherwise.

(2) Each duly appointed attorney-in-fact of the Company is hereby authorized to execute any Written Commitment for and on behalf of the Company, under the seal of the Company or otherwise, to the extent that such action is authorized by the grant of powers provided for in such person's written appointment as such attorney-in-fact.

(3) Each of the Chairman, the President and the Vice Presidents of the Company is hereby authorized, for and on behalf of the Company, to appoint in writing any person the attorney-in-fact of the Company with full power and authority to execute, for and on behalf of the Company, under the seal of the Company or otherwise, such Written Commitments of the Company as may be specified in such written appointment, which specification may be by general type or class of Written Commitments or by specification of one or more particular Written Commitments.

(4) Each of the Chairman, the President and the Vice Presidents of the Company is hereby authorized, for and on behalf of the Company, to delegate in writing to any other officer of the Company the authority to execute, for and on behalf of the Company, under the Company's seal or otherwise, such Written Commitments of the Company as are specified in such written delegation, which specification may be by general type or class of Written Commitments or by specification of one or more particular Written Commitments.

(5) The signature of any officer or other person executing any Written Commitment or appointment or delegation pursuant to this Resolution, and the seal of the Company, may be affixed by facsimile on such Written Commitment or written appointment or delegation.

FURTHER RESOLVED, that the foregoing Resolution shall not be deemed to be an exclusive statement of the powers and authority of officers, employees and other persons to act for and on behalf of the Company, and such Resolution shall not limit or otherwise affect the exercise of any such power or authority otherwise validly granted or vested."

I, Rupert HD Swindells, Assistant Secretary of FEDERAL INSURANCE COMPANY, VIGILANT INSURANCE COMPANY, PACIFIC INDEMNITY COMPANY, WESTCHESTER FIRE INSURANCE COMPANY and ACE AMERICAN INSURANCE COMPANY (the "Companies") do hereby certify that

(i) the foregoing Resolutions adopted by the Board of Directors of the Companies are true, correct and in full force and effect,
(ii) the foregoing Power of Attorney is true, correct and in full force and effect.

Given under my hand and seals of said Companies at Whitehouse Station, NJ, this April 1, 2025

Rupert HD Swindells, Assistant Secretary

This Power of Attorney is made and executed pursuant to and by authority of the following By-laws and Authorizations of The Ohio Casualty Insurance Company, Liberty Mutual Insurance Company, and West American Insurance Company which resolutions are now in full force and effect reading as follows:

ARTICLE IV – OFFICERS: Section 12. Power of Attorney.
Any officer or other official of the Corporation authorized for that purpose in writing by the Chairman or the President, and subject to such limitation as the Chairman or the President may prescribe, shall appoint such attorneys-in-fact, as may be necessary to act in behalf of the Corporation to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations. Such attorneys-in-fact, subject to the limitations set forth in their respective powers of attorney, shall have full power to bind the Corporation by their signature and execution of any such instruments and to attach thereto the seal of the Corporation. When so executed, such instruments shall be as binding as if signed by the President and attested to by the Secretary. Any power or authority granted to any representative or attorney-in-fact under the provisions of this article may be revoked at any time by the Board, the Chairman, the President or by the officer or officers granting such power or authority.

ARTICLE XIII – Execution of Contracts: Section 5. Surety Bonds and Undertakings.
Any officer of the Company authorized for that purpose in writing by the chairman or the president, and subject to such limitations as the chairman or the president may prescribe, shall appoint such attorneys-in-fact, as may be necessary to act in behalf of the Company to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations. Such attorneys-in-fact subject to the limitations set forth in their respective powers of attorney, shall have full power to bind the Company by their signature and execution of any such instruments and to attach thereto the seal of the Company. When so executed such instruments shall be as binding as if signed by the president and attested by the secretary.

Certificate of Designation – The President of the Company, acting pursuant to the Bylaws of the Company, authorizes Nathan J. Zangerle, Assistant Secretary to appoint such attorneys-in-fact as may be necessary to act on behalf of the Company to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations.

Authorization – By unanimous consent of the Company's Board of Directors, the Company consents that facsimile or mechanically reproduced signature of any assistant secretary of the Company, wherever appearing upon a certified copy of any power of attorney issued by the Company in connection with surety bonds, shall be valid and binding upon the Company with the same force and effect as though manually affixed.

I, Renee C. Llewellyn, the undersigned, Assistant Secretary, The Ohio Casualty Insurance Company, Liberty Mutual Insurance Company, and West American Insurance Company do hereby certify that the original power of attorney of which the foregoing is a full, true and correct copy of the Power of Attorney executed by said Companies, is in full force and effect and has not been revoked.

IN TESTIMONY WHEREOF, I have hereunto set my hand and affixed the seals of said Companies this 1st day of April, 2025.

Polk County

Board of County Commissioners

Agenda Item R.30. 8/19/2025

SUBJECT

Accept Report of Discounts, Errors, Double Assessments, and Insolvencies. (No fiscal impact)

DESCRIPTION

Florida Statute 197.492 states, “On or before the 60th day after the tax certificate sale is adjourned, the tax collector shall certify to the board of county commissioners a report showing the discounts, errors, double assessments, and insolvencies relating to tax collections for which credit is to be given, including in every case except discounts, the names of the parties on whose account the credit is to be allowed. The report may be submitted in an electronic format.”

This agenda item includes the Tax Collector’s Certification and Report of Discounts, Errors, Double Assessments, and Insolvencies signed on July 31, 2025, by the Polk County Tax Collector.

RECOMMENDATION

Request Board accept the Tax Collector’s Report of Discounts, Errors, Double Assessments, and Insolvencies.

FISCAL IMPACT

No fiscal impact.

RECAPITULATION

I, Joe G. Tedder, Tax Collector of Polk County, Florida,

Hereby certify that the within and foregoing is a true list of all ERRORS, INSOLVENCIES, DOUBLE ASSESSMENTS and DISCOUNTS on the Assessment Roll for the year 2024; that all errors and double assessments have been plainly indicated on the Assessment Roll; that the discounts were actually earned for the month as shown; that no exemptions, other than those shown on the Assessment Roll, have been allowed by me except upon a showing of satisfactory proof that each such claim was just and legal; that each item herein marked as insolvent is in fact insolvent and, although diligent search has been made by me I have been unable to find any property upon which levy can be made to enforce the payment of the tax; that I have not collected any of the items shown on this list.

I am, therefore, entitled to credit against the 2024 Assessment Roll in the following amounts:

Errors	$ 2,291,255.60
Insolvencies	$ 0.00
Double Assessments	$ 0.00
Discounts	$ 45,354,448.12
Federal Bankruptcies	$ 304,934.65
Others: (Specify) non E & I corrections (under $5.00).	$ 49,785.27
Others: Lands Available for Sale	$ 13,962.55
Total	$ 48,014,386.19

Dated this the 31st day of July, 2025

Tax Collector, Polk County

TO COUNTY COMMISSIONERS:

READ CAREFULLY THE CERTIFICATE BELOW BEFORE SIGNING.

RECAPITULATION

WE, the undersigned members of the Board of County Commissioners in and for the County of Polk, Florida, hereby certify that we have carefully examined and compared each item in the within and foregoing list and the Tax Collector has stricken from this list and made a separate list of such items, which in our judgment should be collected by the Tax Collector; that to the best of our knowledge, information and belief such list is now correct, just and legal and Hon. Joe G. Tedder, Tax Collector, is therefore entitled to credit on account of said list for the following amount:

Errors	$ 2,291,255.60
Insolvencies	$ 0.00
Double Assessments	$ 0.00
Discounts	$ 45,354,448.12
Federal Bankruptcies	$ 304,934.65
Others: (Specify) non E & I corrections (under $5.00)	$ 49,785.27
Others: Lands Available for Sale	$ 13,962.55
Total	$ 48,014,386.19

Dated this the 31st day of July, 2025

FLORIDA DEPARTMENT OF REVENUE

REPORT OF ERRORS AND INSOLVENCIES

Section 197.492, Florida Statutes

DR-505
R. 01/25
Rule 12D-16.002, F.A.C.
Page 1 of 2
Provisional

Certified to the Board of County Commissioners by Joe G. Tedder, Tax Collector for Polk County, Florida.

Discounts, errors, double assessments, insolvencies, federal bankruptcies, properties in which taxes are below the minimum tax bill under s. 197.212, F.S., and properties assigned to the list of lands available for taxes and exemptions are the only reasons for not collecting personal property taxes. Do not list any personal property tax item unless it is uncollectible. Do not take credit for items which are expected to be collected and remitted later.

Before submitting this list to the board of county commissioners, the tax collector must fill out and sign the certificate at the end of this form as the last page of the report and recapitulate the amount of all taxes that will be credited.

Name of Assessed	Account/ Property ID #	Assessed Value Deleted from Roll	Exempt Value Deleted from Roll	Millage/District Code	Tax Increase	Tax Decrease	Correction #	Litigation/ Insolvent	Reason/ Status
See attached listing									

{table continues as long as needed}

District Type	District Code	District Name	Increase	Decrease	Net

	Increase	Decrease	Net
Correction Totals	182,585.62	2,291,255.60	2,108,669.98
Total Insolvent			
Total Litigation			
Grand Totals	182,585.62	2,291,255.60	2,108,669.98

INSTRUCTIONS

To Tax Collectors:

1. Use this for the last sheet on your report of discounts, errors, double assessments, and insolvencies.
2. Do not list any item without showing the reason for reduction in the right-hand column.
3. As much as possible, group together all items coming under one heading. For instance, place all errors under one heading, all double assessments under another, and exemptions under another heading.
4. For exemptions, specify whether widow, veteran, homestead, disability, or other specified exemption.

Tax Collector Recapitulation

I, Joe G. Tedder, Tax Collector of Polk County, Florida, certify this is a report of all discounts, errors, double assessments, insolvencies, federal bankruptcies, properties in which taxes are below the minimum tax bill, and properties assigned to the list of lands available for taxes on the assessment roll for 20 ; that the discounts were actually earned for the month as shown; that the attached list shows all errors and double assessments as the property appraiser certified; that I have allowed no exemptions, other than those the attached list shows as certified by the property appraiser; that each item marked insolvent on the attached list is in fact insolvent and, although I have made a diligent search, I have been unable to find the tangible personal property to levy on to enforce the payment of the tax; and that I have not collected any of the items on the attached list.

I am entitled to credit against the 2024 assessment roll on the following amounts:

Discounts	45,354,448.12
Errors	2,291,255.60
Double Assessments	
Insolvencies	
Federal Bankruptcies	304,934.65
Properties in which taxes are below the minimum tax bill	49,785.27
Properties assigned to the list of lands available for taxes	13,962.55
Total	48,014,386.19
