When bids are received that are greater than \$3,000,000.00 but do not exceed \$5,000,000.00, and the lowest price is offered by an entity located outside of Polk County, and the next lowest price is offered by an entity located in Polk County, and is within 1% of the lowest price offered, then the Polk County entity shall be given the

opportunity to match the lowest price offered, and if agreement to match the lowest-price is reached, the Polk County entity will be awarded the bid if the Polk County entity is otherwise fully qualified and meets all county requirements.

When bids are received that are greater than \$5,000,000.00, and the lowest price is offered by an entity located outside of Polk County, and the next lowest price is offered by an entity located in Polk County, and is within .5% of the lowest price offered, then the Polk County entity shall be given the opportunity to match the lowest price offered, and if agreement to match the lowest price is reached, the Polk County entity will be awarded the bid if the Polk County entity is otherwise fully qualified and meets all county requirements.

For purposes of this provision the term "Polk County entity" means any business having a physical location within the boundaries of Polk County, Florida, at which employees are located and business activity is managed and controlled on a day to day basis. Additionally, the business must have been located within the boundaries of Polk County for a minimum of 12 months prior to the date the applicable solicitation is issued. This requirement may be evidenced through a recorded deed, an executed lease agreement, or other form of written documentation acceptable to the County. The County shall have the right, but not the obligation, to verify the foregoing requirements.

If a contract is being funded in whole or in part by assistance of any federal, state or local agency which disallows local preference, the County will adhere to those requirements by not applying this section.

This policy does not apply if this bid qualifies as a Sheltered Market bid.

30.0 Vendor Preference

It is the policy of the Board of County Commissioners to afford vendor preference to women or minority owned entities in the award of bids. Preference shall be administered in accordance with the following:

When sealed bids are received that do not exceed \$3,000,000.00, and the lowest price is offered by a non-women or minority owned entity located outside of Polk County, and a price is offered by a women or minority owned entity that is within 2% of the lowest price offered, then the women or minority owned entity shall be given the opportunity to match the lowest price offered, and if agreement to match the lowest price is reached, the women or minority owned entity will be awarded the bid if the women or minority owned entity is otherwise fully qualified and meets all County requirements.

When sealed bids are received that are greater than \$3,000,000.00 but do not exceed \$5,000,000.00, and the lowest price is offered by a non-women or minority owned entity located outside of Polk County, and a price is offered by a women or minority owned entity that is within 1% of the lowest price offered, then the women or minority owned

entity shall be given the opportunity to match the lowest price offered, and if agreement to match lowest price is reached, the women or minority owned entity will be awarded the bid if the women or minority owned entity is otherwise fully qualified and meets all County requirements.

When sealed bids are received that are greater than \$5,000,000.00, and the lowest price is offered by a non-women or minority owned entity located outside of Polk County, and a price is offered by a women or minority owned entity that is within .5% of the lowest price offered, then the women or minority owned entity shall be given the opportunity to match the lowest price offered, and if agreement to match lowest price is reached, the women or minority owned entity will be awarded the bid if the women or minority owned entity is otherwise fully qualified and meets all County requirements.

The term "Women or Minority Owned Entity" means any business having at least 51% ownership by women or minority group members who independently control the management and day-to-day operations of the firm. Group members are Females, African Americans, Hispanic Americans, Asian-Pacific Americans, Native Americans, and Asian-Indian Americans.

If a contract is being funded in whole or in part by assistance of any deferral, state or local agency which disallows this form of preference, the County will adhere to those requirements by not applying this section.

This policy in no way supersedes the Local Preference Policy.

This policy does not apply if this bid qualifies as a Sheltered Market bid.

3.1 Delivery of Bonds

3.1.1 When the **Contractor** delivers the executed Contract to the **County**, the **Contractor** shall also deliver to the **County** such Bonds and insurance as may be required in accordance with these Contract Documents.

3.2 Copies of Documents

3.2.1 After the award of the Contract, the **County** shall furnish the **Contractor**, one set of Contract Documents for execution of the work.

3.3 Commencement of Contract Time; Notice to Proceed

3.3.1 The Contract Time shall commence as established in the Notice to Proceed. A Notice to Proceed may be given at any time after the execution of the Contract by the Chairman of the Board of County Commissioners and after a pre-construction meeting, if applicable.

3.4 Starting the Work

3.4.1 The **Contractor** shall begin the Work on the start date established. No work shall be done prior to the date on which the Contract Time commences. Any work performed by the **Contractor** prior to the date on which Contract Time commences shall be at the sole risk of the **Contractor**.

3.5 Before Starting Construction

3.5.1 Before undertaking each part of the Work, the **Contractor** shall carefully study and compare the Contract Documents; check and verify pertinent figures shown thereon and all applicable field measurements. The **Contractor** shall promptly report, in writing, to the **Professional** and the **County** any conflict, error, ambiguity or discrepancy which the **Contractor** may discover and shall obtain a written interpretation or clarification

from the **Professional** before proceeding with any Work affected thereby. The **Contractor** shall be liable to the **County** for failure to report any conflict, error, ambiguity or discrepancy in the Contract Documents, if the **Contractor** knew or reasonably should have known thereof.

3.5.2 Prior to the Notice to Proceed (unless otherwise specified in the General Requirements), the **Contractor** shall submit to the **Professional** and the County for review and ultimate approval the following:

3.5.2.1. a preliminary schedule of the required shop drawings and submittals which will list each required submittal and the times for submitting, reviewing and processing such submittal.

3.5.2.2 a preliminary schedule of values for all of the Work which will include quantities and prices of items aggregating the Contract Price. The schedule of values should subdivide the Work into component parts in sufficient detail to serve as the basis for progress payments during construction with sufficient breakdown of lump sum prices to identify items of work. Such amounts will include an appropriate amount of overhead and profit applicable to each item of work. A copy of the schedule of values, with the appropriate bid number and the appropriate W/MBE classification in accordance with Section 16.1.2. shall be sent to the Procurement Division, 330 West Church Street, Bartow, Florida 33830.

3.5.2.3. A construction schedule acceptable to the **Professional** and the **County** that clearly shows in graphic form the Work from start to finish describing in sufficient detail the minor and major tasks that in the course of their completion or the failure thereof will impact the Contractor's ability to complete the Work within the contract time. This schedule shall be updated and accompany every application for payment submitted. Should the updated schedule show any portion of the Work to be behind, the Contractor shall submit with the updated schedule a detailed plan for recovery. This updated construction schedule shall be reviewed and approved by the **Professional** or the **County** at the time of a construction progress meeting that coincides with the submission of the progress application for payment. Failure to submit this recovery plan with the updated schedule will cause the application for payment to be rejected until such time the recovery plan is submitted.

3.5.3 Prior to the effective date of the Contract, the **Contractor** shall deliver to the **County**, with copies to each additional insured identified in the Supplementary Conditions, an original certificate of insurance (and other evidence of insurance which the **County** may reasonably request) which the **Contractor** is required to purchase and maintain in accordance with Article 6.

3.5.4 Before any Work at the site is started, a conference attended by the **Contractor**, **Project Manager**, **Procurement Representative**, **Professional** and others as

Unless otherwise provided in the Contract Documents, the schedules submitted in accordance with 3.5.2. the **Contractor** shall have an additional ten (10) calendar days to make corrections and adjustments and to complete and resubmit the schedules. No progress payment shall be made to the **Contractor** until the schedules are submitted to and deemed acceptable by the **Professional** as providing an orderly progression of the Work to completion within any specified Milestones and the Contract Time; but such acceptance will neither impose on the **Professional** responsibility for the sequencing, scheduling or progress of the Work nor interfere with or relieve the **Contractor** from the **Contractor's** full responsibility. The **Contractor's** schedule of shop drawings and submittals will be acceptable to the **Professional** as providing a workable arrangement for reviewing and processing the required Submittals. The **Contractor's** schedule of values shall be approved by the **Professional** and the **County** as to form and substance.

3.5.5 The **Contractor**, in addition to preparing an initially acceptable schedule, shall be responsible for maintaining the schedule, including updating the schedule. Schedule updates shall include progression of work as compared to scheduled progress of work. **SCHEDULE UPDATES MUST ACCOMPANY EACH PAY REQUEST.**

ARTICLE 4 – CONTRACT DOCUMENTS, GOVERNING LAW AND VENUE, INTENT, DISCREPANCIES, AMENDING AND REUSE

4.1 Precedence

4.1.1 The Contract Documents comprise the entire agreement between the **County** and the **Contractor** concerning the Work. The Contract Documents are complementary; what is called for by one is as binding as if called for by all. The Contract Documents will be construed in accordance with the Laws of the State of Florida; Venue shall be Polk County.

4.1.2 It is the intent of the Contract Documents to describe a functionally complete Project (or part thereof) to be constructed in accordance with the Contract Documents. Any work, material or equipment that may reasonably be inferred from the Contract Documents or from prevailing custom or trade usage as being required to produce the intended result will be furnished and performed whether or not specifically called for. When words or phrases which have a well-known technical or construction industry or trade meaning are used to describe the Work, material or equipment, such words or phrases shall be interpreted in accordance with that meaning. Clarifications and interpretations of the drawings and specifications shall be issued by the **Professional**.

4.1.3 Except as otherwise specifically stated in the Contract Documents or as may be provided by amendment or supplement thereto issued by one of the methods indicated

in 4.3.1 or 4.3.2, the provisions of the Contract Documents shall take precedence in resolving any conflict, error, ambiguity or discrepancy between the provisions of the Contract Documents and the provisions of any such standard, specification, manual, code or instruction (whether or not specifically incorporated by reference in the Contract Documents) and the provisions of any such Laws or Regulations applicable to the performance of the Work (unless such an interpretation of the provisions of the Contract Documents would result in violation of such Law or Regulation).

4.1.4 Reference to standards, specifications, manuals or codes of any technical society, organization or associations, or to the Laws or Regulations of any governmental authority, whether such reference be specific or by implication, shall mean the latest standard, version, specification, manual, code or Laws or Regulations in effect at the time of opening of Bids (or on the Effective Date of the Agreement if there were no Bids), except as may be otherwise specifically stated in the Contract Documents.

4.2 Conflicts

4.2.1 If, during the performance of the Work, the **Contractor** discovers any conflict, error, ambiguity or discrepancy within the Contract Documents or between the Contract Documents and any provision of any such Law or Regulation applicable to the performance of the Work or of any such standard, specification, manual or code or of any instruction of any Supplier referred to in 7.2, the **Contractor** shall report it to the **Professional and Project Manager** in writing at once; and the **Contractor** shall not proceed with the Work affected thereby (except in an emergency as authorized by 7.13) until an amendment or supplement to the Contract Documents has been issued by one of the methods indicated in 4.3.1 or 4.3.2; however, the **Contractor** shall not be liable to the **County** for failure to report any such conflict, error, ambiguity or discrepancy unless the **Contractor** knew or reasonably should have known.

4.2.2 No provision of any such standard, specification, manual, code or instruction shall be effective to change the duties and responsibilities of the **County, Contractor or Professional**, or any of their subcontractors, consultants, agents or employees from those set forth in the Contract Documents, nor shall it be effective to assign to the **County, Professional** or any of the **Professional's** consultants, agents or employees any duty or authority to supervise or direct the furnishing or performance of the Work or any duty or authority to undertake responsibility inconsistent with the provisions of 10.7.1 or any other provision of the Contract Documents.

4.3 Amending

4.3.1 The Contract Documents may be amended to provide for additions, deletions and revisions to the Work by a Change Order or an Allowance Authorization.

4.3.2 In addition, the requirements of the Contract Documents may be supplemented and **minor** variations and deviations in the Work may be authorized by a Field Order or the **Professional's** written interpretation or clarification.

4.4 **Reuse of Documents**

4.4.1 The **Contractor**, any Subcontractor, Supplier or other person or organization performing or furnishing any of the Work under a direct or indirect contract with the **County** shall not have or acquire any title to or ownership rights in any of the Drawings, Specifications or other documents (or copies of any thereof) prepared by or bearing the seal of the **Professional** or the **Professional's** consultant; and shall not reuse any of such Drawings, Specifications, other documents or copies on extensions of the Project or any other project without written consent of the **County** and specific written verification or adaption by the **Professional**.

ARTICLE 5 – PROJECT CONDITIONS

5.1 **Availability of Lands**

5.1.1 The **County** shall furnish, as indicated in the Contract Documents, the lands upon which the Work is to be performed, rights-of-way and easements for access thereto, and such other lands which are designated for the use of the **Contractor**. Upon reasonable written request, the **County** shall furnish the **Contractor** with a correct statement of record legal title and legal description of the lands upon which the Work is to be performed. The **County** shall identify any encumbrances or restrictions not of general application, but specifically related to use of lands so furnished with which the **Contractor** will have to comply in performing the Work. Necessary easements or rights-of-way will be obtained and expenses will be borne by the **County**. If the **Contractor** and the **County** are unable to agree on entitlement to or the amount or extent of any adjustments in the Contract Price or the Contract Time as a result of any delay in the **County's** furnishing these lands, rights-of-way or easements, the **Contractor** may make a claim therefore as provided in Articles 12 and 13. The **Contractor** shall provide for all additional lands and access, which includes access by **County** personnel thereto that may be required for temporary construction facilities or storage of material and equipment.

5.2 **Subsurface and Physical Conditions**

5.2.1 Reference is made to the Supplementary Conditions for identification of those reports of exploration and tests of subsurface conditions at or contiguous to the site that have been utilized in preparing the Contract Documents.

5.3 **Limited Reliance by Contractor Authorized Technical Data**

5.3.1 The **Contractor** may rely upon the general accuracy of the "technical data" contained in reports and drawings provided by the **County**. Such "technical data" is

identified in the Supplemental Conditions. Except for said reliance on such “technical data,” the **Contractor** may not rely upon or make any claim against the **County**, **Professional** or any of the **Professional’s** consultants with respect to:

5.3.1.1 the completeness of these reports and drawings for the **Contractor’s** purposes, including, but not limited to, any aspects of the means, methods, techniques, sequences and procedures of construction to be employed by the **Contractor** and safety precautions and programs incident thereto; or

5.3.1.2 other data, interpretations, opinions and information contained in said reports or shown or indicated in said drawings; or

5.3.1.3 any **Contractor** interpretation of or conclusion drawn from any “technical data” or any such data, interpretations, opinions or information.

5.4 Unknown or Concealed Conditions

5.4.1 If conditions are encountered, excluding existing utilities, at the site which are (1) subsurface or otherwise concealed physical conditions which differ materially from those indicated in the Contract Documents or (2) unknown physical conditions of an unusual nature, which differ materially from those ordinarily found to exist and generally recognized as inherent in construction activities of the character provided for in the Contract Documents, then the **Contractor** shall give the **County** notice, through the **Professional**, immediately before conditions are disturbed and in no event no later than 24 hours after first observance of the conditions.

5.4.2 The **Project Manager** and the **Professional** shall promptly investigate such conditions and, if they differ materially and cause an increase or decrease in the **Contractor’s** cost of, or time required for, performance of any part of the Work, the **Project Manager** and the **Professional** shall recommend an equitable adjustment in the Contract Price or Contract Time, or both. If the **Project Manager** and the **Professional** determine that the conditions at the site are not materially different from those indicated in the Contract Documents or are not materially different from those ordinarily found and that no change in the terms of the Contract is justified, the **Professional** shall notify the **Contractor** of the determination in writing. The Work shall be performed after the **Professional** provides direction.

5.5 Physical Conditions – Underground Facilities

5.5.1 The information and data shown or indicated in the Contract Documents with respect to existing Underground Facilities at or contiguous to the site is based on information and data furnished to the **County** or the **Professional** by the owners of such Underground Facilities or by others. Unless it is otherwise expressly provided in the Supplementary Conditions:

5.5.1.1 The **County** and the **Professional** shall not be responsible for the accuracy or completeness of any such information or data; and

5.5.1.2 The cost of the following will be included in the Contract Price and the **Contractor** shall have full responsibility for (i) reviewing and checking all such information and data; (ii) locating all Underground Facilities shown or indicated in the Contract Documents; (iii) coordination of the Work with the owners of such Underground Facilities during construction; and (iv) the safety and protection of all such Underground Facilities as provided in 7.11 and repairing any damage resulting from the Work.

5.5.2 If an Underground Facility is uncovered or revealed at or continuant to the site which was not shown or indicated in the Contract Documents, the **Contractor** shall, promptly after becoming aware of and before further disturbing conditions affected by or performing any Work in connection therewith (except in an emergency as required by 7.13), identify the owner of such Underground Facility and give written notice to that owner and to the **County** through the **Professional**. The **Project Manager** and the **Professional** will promptly review the Underground Facility and determine the extent, if any, to which a change is required in the Contract Documents to reflect and document the consequences of the existence of the Underground Facility. If the **Project Manager** concludes that a change in the Contract Documents is required, a Change Order will be issued as provided in Article 11 to reflect and document such consequences. During such time, the **Contractor** shall be responsible for the safety and protection of such Underground Facility as provided in 7.11. The **Contractor** shall be allowed an increase in the Contract Price or an extension of the Contract Time, or both, to the extent that they are attributable to the existence of any Underground Facility that was not shown or indicated in the Contract Documents and that the **Contractor** did not know of and could not reasonably have been expected to be aware of or to have anticipated. If the **County** and the **Contractor** are unable to agree on entitlement to or the amount or length of any such adjustment in Contract Price or Contract Time, the **Contractor** may make a claim therefore as provided in Articles 12 and 13. However, the **County** and the **Professional** shall not be liable to the **Contractor** for any claims, costs, losses or damages incurred or sustained by the **Contractor** on or in connection with any other project or anticipated project.

5.6 Reference Points

5.6.1 The **County** shall provide the **Contractor** surveys to establish reference points for construction, which in the **County's** judgment are necessary to enable the **Contractor** to proceed with the Work. The **Contractor** shall be responsible for laying out the Work; shall protect and preserve the established reference points; and shall make no changes or relocation without the prior written approval of the **County**. The **Contractor** shall report to the **Professional** whenever any reference point is lost or destroyed or requires relocation of such reference points by professionally qualified personnel.

5.7 Asbestos, PCBs, Petroleum, Hazardous Waste or Radioactive Material

5.7.1 The **County** shall be responsible for any Asbestos, PCBs, Petroleum, Hazardous Waste or Radioactive material or any hazardous material uncovered or revealed at the site which was not shown or indicated in drawings or specifications or identified in the Contract Documents to be within the scope of the Work and which may present a substantial danger to persons or property exposed thereto in connection with the Work at the site. The **County** shall not be responsible for any such material brought to the site by the **Contractor**, Subcontractor, Suppliers or anyone else for whom the **Contractor** is responsible.

5.7.2 The **Contractor** shall immediately: (i) stop all work in connection with such hazardous condition and in any area affected thereby (except in an emergency as required by 7.13); and (ii) notify the **County** and the **Professional** (and thereafter confirm such notice in writing). The **County** shall promptly consult with the **Professional** concerning the necessity for the **County** to retain a qualified expert to evaluate such hazardous condition or take corrective action, if any. The **Contractor** shall not be required to resume Work in connection with such hazardous condition or in any such affected area until after the **County** has obtained any required permits related thereto and delivered to the **Contractor** special written notice (i) specifying that such condition and any affected area is or has been rendered safe for the resumption of work; or (ii) specifying any special conditions under which such Work may be resumed safely.

If the **County** and the **Contractor** cannot agree as to entitlement to or the amount or extent of an adjustment, if any, in Contract Price or Contract Time as a result of such work stoppage or such special conditions under which Work is agreed by the **Contractor** to be resumed, either party may make a claim therefore as provided in Articles 12 and 13.

5.7.3 If, after receipt of such special written notice, the **Contractor** does not agree to resume such work based on a reasonable belief it is unsafe, or does not agree to resume such work under such special conditions, then the **Contractor** may order such portion of the work that is in connection with such hazardous conditions or in such affected area to be deleted from the Work. If the **County** and the **Contractor** cannot agree as to entitlement to or the amount or extent of an adjustment, if any, in Contract Price or Contract Time as a result of deleting such portion of the Work, then either party may make a claim therefore as provided in Articles 12 and 13. The **County** may have such deleted portion of the Work performed by the **County's** own forces or others in accordance with Article 8.

5.7.4 The provisions of 5.2 and 5.5 are not intended to apply to Asbestos, PCBs, Petroleum, Hazardous Waste or Radioactive Material uncovered or revealed at the site.

Article 6 - BONDS, INSURANCE, INDEMNIFICATION

6.1 Public Construction Bond and Other Bonds

This Bond shall remain in effect at least until one year after the date when final payment becomes due, except as otherwise provided by Laws or Regulations or by the Contract Documents. The **Contractor** shall also furnish such other Bonds as are required by the Supplementary Conditions. All Bonds shall be in the form prescribed by the Contract Documents except as otherwise provided by Laws or Regulations, and shall be executed by such sureties as are named in the current list of "Companies Holding Certificates of Authority as Acceptable Sureties on Federal Bonds and as Acceptable Reinsuring Companies" as published in Circular 570 (amended) by the Audit Staff, Bureau of Government Financial Operations, U.S. Treasury Department and A.M. All bonds signed by an agent must be accompanied by a certify copy of authority to act. Such surety shall also meet such additional requirements and qualifications as may be provided in the Supplementary conditions.

6.1.4 If the surety on any bond furnished by the **Contractor** is declared bankrupt, becomes insolvent, its right to do business is terminated in any state or it ceases to meet the requirements of 6.1.1, the **Contractor** shall within ten (10) work days thereafter substitute another bond and surety, both of which must be acceptable to the **County**.

6.3 Contractor’s Liability Insurance

6.3.1 The **Contractor** shall purchase and maintain such liability and other insurance as is appropriate for the work being performed and furnished and will provide protection from claims set forth below which may arise out of or result from **Contractor’s** performance and furnishing of the Work and the **Contractor’s** other obligations under the Contract documents, whether it is to be performed or furnished by the **Contractor**, Subcontractor, Supplier or anyone for whose acts any of them may be liable. The **Contractor** shall purchase and maintain in force during the contract period with an insurer licensed to do business in the State of Florida; rated “A” or better by A.M. If the **Contractor** is required to store tools, machinery or equipment at the job site, the **Contractor** should provide insurance in the form of an equipment floater for the **Contractor's** tools and equipment. The **County** should be named as an additional insured on the **Contractor's** policy, with an appropriate waiver of subrogation as to any claims the **Contractor** or the **Contractor's** insurer may have against the **County** arising from the storage of the **Contractor's** tools and equipment.

6.3.3 The **Contractor** shall not allow a Subcontractor to work on a project without either Subcontractor carrying their own Workers' Compensation and Liability insurance or the **Contractor** covering the Subcontractor under their policies. The policy is the same for each succeeding sub-tier contractor. The **County** may request proof of such coverage for any Subcontractor at any time during the project.

6.3.4 Any additional insurance, if required, will be called out in the Supplementary Conditions.

6.4 Receipt and Application of Insurance Proceeds

6.4.1 Any insured loss under the policies of insurance required by this agreement will be adjusted with the **County** and made payable to the **County** as fiduciary for the insured as their interest may appear. The **County** shall account for all money received and shall distribute it in accordance with such agreement as the parties in interest may reach. If no other special agreement is reached, the damaged work shall be repaired or replaced; the money so received applied on account thereof; and the work and cost thereof covered by an appropriate change order or written amendment as determined by the **County**.

ARTICLE 7 – CONTRACTOR'S RESPONSIBILITIES

7.1 Supervision and Superintendence

7.1.1 The **Contractor** shall provide at all times when the Work is being executed a competent superintendent to supervise and direct the Work in accordance with the Contract Documents. Prior to the commencement of the Work the **Contractor** shall provide a resume of the superintendent that will be assigned the responsibility to supervise the Work. If in the judgment of the **County** the proposed superintendent lacks the experience, skills and expertise to competently and efficiently supervise and direct the Work, then the **County** may require the **Contractor** to assign a different superintendent and the **Contractor** will be required to submit the resume of the replacement for the same consideration as before. The **Contractor** shall be solely responsible for the means, methods, techniques, sequences and procedures of construction, but the **Contractor** shall not be responsible for the negligence of others in the design or specifications of a specific means, method, technique, sequence or procedure of construction which is shown or indicated in and expressly required by the

Contract Documents. The **Contractor** shall be responsible to see that the completed Work complies accurately with the Contract Documents.

7.1.2 The **Contractor** shall diligently oversee the Work at all times by a competent resident superintendent, who shall not be replaced without written notice to the **County**, through the **Professional**, except under extraordinary circumstances. The superintendent will be the **Contractor's** representative at the site and shall have authority to act on behalf of the **Contractor**. All communications to the superintendent shall be as binding as if given to the **Contractor**.

7.2 Labor, Material and Equipment

7.2.1 The **Contractor** shall provide and pay for competent, suitable, qualified personnel to survey and lay out the Work and perform construction as required by the Contract Documents. The **Contractor** shall at all times maintain good discipline and order on the site.

7.2.2 The **Contractor** shall furnish and pay for all material, equipment, labor, transportation, construction equipment machinery, tools, appliances, fuel, power, light, heat, telephone, water facilities, sanitary facilities, all other facilities and all other incidentals whether temporary or permanent necessary for the execution, testing, initial operation, and completion of the Work as required by the Contract Documents.

No substitute shall be ordered or installed without the prior written approval of the **Professional**. The application shall also contain an itemized estimate of all costs that may result directly or indirectly from acceptance of such substitute, including costs of redesign, delays, maintenance and claims of other contractors affected by the resulting change, all of which shall be considered by the

Project Manager and the **Professional** in evaluating the proposed substitute. Approval of any change in costs or schedule as a result of acceptance of the substitute by the Professional shall be by Change Order.

7.3.2 This paragraph applies to any cost reduction proposal (hereinafter referred to as a Value Engineering Change Proposal or VECP) initiated and developed by the **Contractor** for the purpose of refining the Contract Documents so as to contribute to design cost effectiveness or significantly improve the quality of the end result. VECPs must result in savings without impairing essential functions and characteristics such as safety, service, life, reliability, economy of operation, ease of maintenance, aesthetics and necessary standard design features. The **Contractor** must state that they are submitting a VECP proposal. The VECP shall be submitted to the **County** through the **Professional**. The **County** reserves the right to reject, at their discretion, any VECP submittal. As a minimum, the following information shall be submitted by the Contractor with each VECP:

- 1) A description of the difference between the existing contract requirement and the proposed change;
- 2) The comparative advantages and disadvantages; and
- 3) Separate detailed cost estimates for both the existing contract requirement and the proposed change.

If a VECP is approved by the **County**, the **Contractor** may be entitled to share in the savings up to fifty percent (50%).

7.4 Concerning Subcontractors

7.4.1 The **Contractor** shall be fully responsible for all acts and omissions of their Subcontractors and of persons directly or indirectly employed by them and of persons for whose acts any of them may be liable to the same extent as if they were employed by the **Contractor**. Nothing in the Contract Documents shall create any contractual relationship between any Subcontractor and the **County** or any obligation on the part of the **County** to pay or to see to the payment of any monies due any Subcontractor, except as may otherwise be required by law. The **County** may furnish to any Subcontractor, to the extent practical, evidence of amounts paid to the **Contractor** for specific Work done.

7.4.2 The **Contractor** shall identify and provide information on Subcontractors, Suppliers and other persons or organizations which shall be used by the **Contractor**, in accordance with requirements of the Contract Documents.

7.4.4 The **Contractor** agrees to bind specifically every Subcontractor to the applicable terms and conditions of the Contract Documents, including but not limited to the General Conditions and Supplementary Conditions, for the benefit of the **County**.

7.4.5 All Work performed for the **Contractor** by a Subcontractor shall be pursuant to an appropriate written agreement between the **Contractor** and the Subcontractor which shall contain provisions that waive all rights the contracting parties may have against one another for damages caused by fire or other perils covered by insurance, except such rights as they may have to the proceeds of such insurance held by the **County** as trustee. The **Contractor** shall pay each Subcontractor an appropriate amount, determined by the value of the Work, of any insurance monies received by the **Contractor** under this insurance.

7.5 Patent Fees and Royalties

7.5.1. The **Contractor** shall pay all license fees and royalties and assume all costs incident to the use of any invention, design, process or device which is the subject of patent rights or copyrights held by others. The **Contractor** shall indemnify and hold harmless the **County** and its employees and agents from and against all claims, costs, losses and damages arising out of or resulting from any infringement of patent rights or copyrights incident to the use in the performance of the Work or resulting from the incorporation in the Work of any invention, design, process, product or device not specified in the Contract Documents.

7.6 Permits

7.6.1 The **Contractor** shall obtain and pay for all construction permits, licenses, governmental charges, inspection fees and all public utility charges which are applicable and necessary for the execution of the Work. All permit costs and public utility charges shall not be included in the base bid. Permit fees, if any, will be reimbursed to the **Contractor** on a separate invoice. Permits, if any, that are provided and paid for by the **County**, are listed in the Supplementary Conditions. Any delays associated with the permitting process will be considered for time extensions only; however, no damages or additional compensation for delay will be allowed.

7.7 Laws and Regulations

7.7.1 The **Contractor** shall give all notices and comply with all laws, ordinances, rules and regulations applicable to the Work. If the **Contractor** observes that any of the Contract Documents are contradictory to such laws, rules and regulations, it will notify the Professional promptly in writing. Any necessary changes shall then be adjusted by an appropriate Change Order. If the **Contractor** performs any Work that they know or should have known to be contrary to such laws, ordinances, rules and regulations and without such notice to the Professional, the **Contractor** shall bear all related costs.

7.8 Taxes

7.8.1 The **Contractor** shall pay all sales, consumer, use and other similar taxes required to be paid by the **Contractor** in accordance with the Laws and Regulations of the place of the project which are applicable during the performance of the Work.

7.9 Use of Premises

7.9.1 The **Contractor** shall confine their equipment, storage of material, storage of equipment and the operations of their workers to the areas permitted by law, ordinances, permits or the requirements of the Contract Documents. The **Contractor** shall not unreasonably encumber the site with material and equipment. Any loss or damage to the **Contractor's** or any Subcontractor's equipment is solely at the risk of the **Contractor**.

7.9.2 During the progress of the Work, the **Contractor** shall keep the premises free from accumulations of waste material, rubbish and other debris or contaminants resulting from the Work. At the completion of the Work, the **Contractor** shall remove all waste material, rubbish and debris from and about the premises as well as all tools, appliances, construction equipment, machinery and surplus material. The **Contractor** shall leave the site clean and ready for occupancy by the **County** at substantial completion of the Work. The **Contractor** shall restore to original condition all property so designated for alteration by the Contract Documents.

7.9.3 The **Contractor** shall not load or permit any part of any structure to be loaded in any manner that will endanger the structure. The **Contractor** shall not subject any part of the Work or adjacent property to stresses or pressures that will endanger them.

7.10 Record Documents

7.10.1 The **Contractor** shall keep at the site and in good order one record copy of the Contract Documents to include all Drawings and Specifications. These documents shall be annotated on a continuing basis to show all changes made during the construction process. These shall be available to the **Professional** and the **Project Manager** for their review. Upon completion of the requirements of the Contract Documents the **Contractor** shall turn over these annotated documents to the **County** unless instructed otherwise in the Supplementary Conditions.

7.11 Safety and Protection

7.11.1 The **Contractor** shall take all necessary precautions for the safety of and will provide the necessary protection to prevent damage, injury or loss to:

7.11.1.2 All employees on the Work and other persons who may be affected by it.

7.11.1.3 All the Work and all material or equipment to be incorporated, whether in storage on or off the site. The **Contractor** shall assume all risk of loss for stored equipment or material, irrespective of whether the **Contractor** has transferred the title of the stored equipment or material to the **County**.

7.11.1.4 Other property at the site or adjacent to it, including trees, shrubs, lawns, walks, pavements, roadways, structures and utilities not designated for removal, relocation or replacement in the course of construction.

7.11.2 The **Contractor** is responsible for observing all OSHA regulations and shall self-inspect to ensure this is accomplished. The **Contractor** shall ensure that all personnel are properly trained and shall be able to provide documentation for their personnel that have attended training courses. Examples of such training courses are: Hazard Communications, Traffic Work Zone Safety, Personal Protective Equipment, First Aid/CPR, Permit Required Confined Space, Lock Out/Tag Out of Hazardous Energy. The **Contractor** is required to comply with OSHA Standards regardless of the number of employees they may have.

7.11.3 A **County** representative may periodically monitor work site safety. Should there be safety and/or health violations, classified as Serious, Willful or Criminal/Willful Violations, the **County's** representative may have the authority, but not the duty, to require the **Contractor** to correct the violation in an expeditious manner. Inspections shall be based on requirements contained in law. The definitions of serious, willful and criminal/willful violations are as follows:

Serious Violation: A serious violation shall be deemed to exist in a place of employment if there is a substantial probability that death or serious physical harm could result from a condition which exists; or from one or more practices, means, methods, operations or processes which have been adopted or are in use, in such place of employment unless the employer did not, and could not, with the exercise of reasonable diligence, know of the presence of the violation.

Willful Violation: May exist where evidence shows that the employer committed an intentional and knowing violation of the Act.

Criminal/Willful Violation: A repeat violation of a previously cited willful violation.

Violation of Serious, Willful or Criminal violation may have the following consequences:

First violation: The correction may be a verbal warning and the correction shall be done the same day. Written documentation may be maintained by the **County**.

Second violation May result in work stoppage until the violation is corrected. The work stoppage shall not entitle the **Contractor** to additional

contract time or compensation. Liquidated damages provision will remain in full force and effect.

Third violation This may constitute a breach of contract for safety violations and may result in termination of the contract, at the sole discretion of the **County**.

Note: The County Safety Officer may stop any job to ensure the safety of all concerned.

7.11.4 Should the work site be in a hazardous area, the **County** may furnish the **Contractor** with information concerning hazards such as types or identification of known toxic material, machine hazards, Material Safety Data Sheets or any other information that would assist the **Contractor** in the planning of a safe work site.

7.11.5 The **Contractor** shall be aware that while working for the **County**, representatives from agencies such as the United States Department of Labor, Occupational Safety and Health Administration (OSHA) are invitees and need not have warrants or permission to enter the work site. These agencies, as well as the County Safety Officer, enter at the pleasure of the **County**.

7.11.6 The **Contractor** shall designate a competent person of its organization whose duty shall be the prevention of accidents at the site. This person shall be the **Contractor's** superintendent, unless otherwise designated in writing by the **Contractor** to the **Professional**. All communications to the superintendent shall be as binding as if given to the **Contractor**.

7.11.7 Should there be catastrophic injuries, as defined by OSHA, or a fatality on the worksite, the County Safety Manager, Risk Management Division, (863) 534-5267, shall be notified immediately. The Contractor shall promptly report by telephone and in writing to a County Representative and Professional all accidents arising out of or in connection with the Work which cause death, personal injury (defined by OSHA as a "lost time" accident), or property damage in excess of \$500.00; giving full details and statements of any witnesses. County Representatives are defined as follows: The Division Director or the authorized representative, the division Project Manager and County Risk Management. Non-adherence to this policy could be cause for disqualification of the Contractor on future County Projects.

7.11.8 Should the County Safety Manager, require the OSHA 300 Log, a written safety and health plan and/or training documents, these documents shall be at this office within 24 hours of the request. Failure to provide the documentation within that time frame may cause the job to be shut down, at no expense to the **County**, until such documents are received.

7.11.9 In any event the **County** may stop the work when, in the **County's** opinion, the work is being performed in violation of any health and safety rules, regulations or laws. This includes environmental issues.

7.11.10 When it becomes necessary to stop the work for any of the reasons contained herein, the **County** shall issue a Stop Work Order to instruct the **Contractor** to cease work on the project. The **County** shall not be penalized in any manner as a result of this Stop Work Order.

7.12 Drug Free Work Place Policy

7.12.1 The **County** has a very comprehensive policy to ensure a drug free work place. The substance of this policy shall become a part of this contract as described below.

7.12.1.1 The **Contractor** and its employees and Subcontractors are strictly prohibited from the following:

Reporting for work or performing work under the influence of a non-prescribed substance, illegal drug or alcohol.

7.12.1.2 If there is reason to believe that this policy is being violated, the **Contractor** shall be required to take immediate action to correct the violation and ensure the **County** that further violations will not occur. The remedy shall, at a minimum, require the person or persons who are the subject of the violation to be banned from the work place.

7.13 Emergencies

7.13.1 In emergencies affecting the safety of persons, the Work or property at the site or adjacent thereto, the **Contractor**, without special instructions or authorization from the **Professional** if time or circumstances do not permit, is obligated to prevent or mitigate threatened damage, injury or loss. The **Contractor** shall give the **Professional** written notice that the emergency provision has been invoked and shall state the reasons within twenty-four (24) hours of the incident. If the **Contractor** believes the emergency results in additional Work, a claim for a Change Order may be submitted in accordance with the procedures set forth herein.

7.13.1.1 The **Contractor** shall immediately notify the **Professional** of all events involving personal injuries to any person on the site, whether or not such person was engaged in the construction of the Project, and shall file a written report on such person(s) and any other event resulting in property damage of any amount within five (5) calendar days of the occurrence.

7.13.1.2 If the **Professional** determines that a change in the Contract Documents is required because of the action taken by the **Contractor** in response to such an emergency, a Change Order will be issued to document the consequences of such action.

7.14 Submittals and Samples

7.14.1 After checking and verifying all field measurements, the **Contractor** shall promptly submit to the **Professional** for approval, in accordance with the accepted schedule of submittals, all submittals and samples required by the Contract Documents. All submittals and samples shall have been checked by and stamped with the approval of the **Contractor** and identified as the **Professional** may require. The data shown on or with the submittals will be complete with respect to dimensions, design criteria, materials and any other information necessary to enable the **Professional** to review the submittal as required. At the time of each submission, the **Contractor** shall give notice to the **Professional** of all deviations that the submittal or sample may have from the requirements of the Contract Documents.

7.14.1.1 The **Professional** shall review and approve submittals and samples. The **Professional's** review and approval shall be only for conformance with the design concept of the Project and compliance with the information given in the Contract Documents. The approval of a separate item as such will not indicate approval of the assembly in which the item functions. The **Contractor** will make any corrections required by the Professional and resubmit the required number of corrected copies until approved. The **Contractor's** stamp of approval on any submittal or sample shall constitute its representation to the **Professional** and the **County** that the **Contractor** has determined and verified all quantities, dimensions, field construction criteria, materials, catalog numbers and similar data; and that each submittal or sample has been reviewed or coordinated with the requirements of the Work and the Contract Documents.

7.14.1.2 No Work requiring a submittal or sample submission shall commence until the submission has been approved by the **Professional**. A copy of each approved submittal and each approved sample shall be kept in good order by the **Contractor** at the site and shall be available to the **Professional** and the **County** staff. Any delays associated with the submittal process will be considered for time extensions only, and no damages or additional compensation for delay will be allowed.

7.14.1.3 The **Professional's** approval of submittals or samples shall not relieve the **Contractor** from responsibility for any variation from the requirements of the Contract Documents unless the **Contractor** has in writing called the **Professional's** attention to each such variation at the time of submission and the **Project Manager** has given written approval to the specific deviation; any such approval by the **Professional** shall not relieve the **Contractor** from responsibility for errors or omissions in the submittal.

7.14.1.4 Where a shop drawing or sample is required by the Contract Documents or the schedule of shop drawings and sample submissions accepted by the **Professional** as required, any related work performed prior to the Professional's review and approval of the pertinent submittal will be at the sole expense and responsibility of the **Contractor**.

7.15 Cleaning Up

7.15.1 The **Contractor** shall maintain the site free from accumulations of waste material, rubbish and other debris or contaminants resulting from the work, at a minimum, on a daily basis or as otherwise required. At the completion of the work, the **Contractor** shall remove all waste material, rubbish and debris from the site as well as all tools, construction equipment, machinery and surplus material; and will leave the site clean and ready for occupancy by the **County**. All disposals shall be in accordance with applicable laws and regulations. In addition to any other rights available to the **County** under the Contract Documents, the **Contractor's** failure to maintain the site may result in withholding of any amounts due the **Contractor**. The **Contractor** will restore to original condition those portions of the site not designated for alteration by the Contract Documents.

ARTICLE 8 – OTHER WORK

8.1 The **County** may perform additional work related to the Project with its own forces or may use other contracts for the execution of additional work. The **Contractor** shall provide the other contractors who are parties to such contracts, including but not limited to, the other contractor's employees, agents, Subcontractors and Suppliers (or the **County's** forces performing the additional work), reasonable opportunity for the introduction and storage of material and equipment and the execution of work, and shall properly connect and coordinate its work with theirs. The **Contractor** shall do all cutting, fitting and patching of the Work that may be required to make its several parts come together properly and integrate with such other work. The **Contractor** shall not endanger any work of others by cutting, excavating or otherwise altering their work and will only cut or alter their work with the written consent of the **Professional** and the others whose work will be affected. The **Contractor** is not entitled to exclusive use of the site.

8.1.1 If any part of the **Contractor's** work depends (for proper execution or results) upon the work of any other contractor (or the **County**), the Contractor will inspect and promptly report to the Professional in writing any defects or deficiencies in the work that renders it unsuitable for the proper execution and results. The **Contractor's** failure to report shall constitute an acceptance of the other work, except as to defects and deficiencies which may appear in the other work after the execution of its work.

ARTICLE 9 – COUNTY'S RESPONSIBILITIES

9.1 Except as otherwise provided in these General Conditions, the **County** shall issue all communications to the **Contractor** through the **Professional**.

9.1.1 The **County** shall furnish the data required under the Contract Documents and shall make payments to the **Contractor** when due as provided in Article 15.

10.1.1 The **Professional** shall be a representative of the **County** during the construction period. The duties, responsibilities and limitations of authority of the **Professional** as the **County's** representative during construction are set forth in these General Conditions.

10.2 Visits to the Site

10.2.1 The **Professional** shall make periodic visits to the site to observe the progress and quality of the executed Work and to determine, in general, if the Work is proceeding in accordance with the Contract Documents.

10.3 Clarifications and Interpretations

10.3.1 The **Professional** shall issue such written clarifications or interpretations of the Contract Documents (in the form of Drawings or otherwise) as may be determined necessary, or as reasonably requested by the **Contractor**, which shall be consistent with or reasonably inferable from the overall intent of the Contract Documents. If the **Contractor** believes that a written clarification and interpretation entitles them to an increase in the Contract Price, Contract time, or both, the **Contractor** may make a claim as provided for in Article 11, 12 and 13.

10.4 Rejecting Defective Work

10.4.1 The **Professional** has the authority to disapprove or reject Work, which is defective. The **Professional** also has authority to require special inspection or testing of the Work at the **Contractor's** expense, as provided in Article 14, whether or not the Work is fabricated, installed or completed when the work has been declared defective.

10.5 Resident Engineer or Architect

10.5.1 The **Professional** may furnish a full or part-time Resident Engineer or Architect and other personnel to assist them in carrying out services at the site. The duties, responsibilities and limitations of authority of the Resident Engineer or Architect and other personnel are set forth in the Supplementary Conditions, if applicable.

10.6 Decisions on Disagreements

10.6.1 The **Professional** shall interpret the requirements of the Contract Documents and determine the acceptability of the Work. If the **Contractor** disagrees with the **Professional's** opinion, the **Contractor** shall refer claims, disputes and other matters relating to the acceptability of the Work or their interpretation of the requirements of the Contract Documents initially to the **Professional** in writing with a request for a formal decision. The **Professional** will render in writing their opinion concerning the **Contractor's** request for a formal decision and shall submit same to the **Project Manager**. After receipt of the **Professional's** written opinion and all information requested from the **Contractor**, the **Project Manager** shall render a formal decision in writing, which shall then be conveyed to the **Contractor** by the **Professional**. Written notice of each claim, dispute and other matter shall be delivered by the **Contractor** to the **Professional** within seven (7) calendar days of the occurrence first happening. Written supporting data will be submitted to the **Professional** within fifteen (15) calendar days after the occurrence unless the **Professional** allows additional time. If the **Contractor** fails to strictly comply with these notices and submittal time periods, the **Contractor** shall be deemed to have waived their right to assert a claim the **Contractor** might otherwise have had concerning the matter.

10.7 Limitation on Professional's Responsibilities

10.7.1 Neither the **Professional's** authority to act under this Article or elsewhere in the Contract Documents, nor any decision made in good faith to exercise their authority, shall give rise to any duty or responsibility of the **Professional** to the **Contractor**, any Subcontractor, any of their agents or employees.

10.7.1.1 The **Professional** shall not be responsible for the construction means, methods, techniques, sequences, procedures or the safety precautions and programs used. The **Professional** shall not be responsible for the **Contractor's** failure to perform the Work in accordance with the Contract Documents.

10.7.1.2 The **Professional** shall not be responsible for the acts or omissions of the **Contractor**, any **Subcontractors**, any agents, employees or any other persons performing any of the Work.

ARTICLE 11 – CHANGES IN THE WORK

11.1 Changes

11.1.1 Without invalidating the **Contract**, the **County** may at any time order additions, deletions or revisions in the Work. The **Professional** shall provide the **Contractor** with a proposal request, identifying the work to be added, deleted or revised. Upon receipt, the **Contractor** shall promptly submit a written proposal for the changed work prepared in accordance with Articles 12 and 13. If the proposal request calls only for the deletion

of work, the **Professional** may order the partial suspension of any work related to the proposed deletion, in which case the **Contractor** must cease performance as directed; the **Contractor** shall not be entitled to claim lost profits on deleted work. All change work shall be executed under the applicable conditions of the Contract Documents.

11.1.2 Additional work performed by the **Contractor** without authorization of a Change Order or Allowance Authorization will not entitle the **Contractor** to an increase in the Contract Price or an extension of the Contract Time, except in the case of an emergency as provided in Article 7. The effect of this paragraph shall remain paramount and shall prevail irrespective of any conflicting provisions contained in these Contract Documents.

11.1.3 Upon agreement as to changes in the Work to be performed, work performed in an emergency as provided in Article 7, and any other claim of the **Contractor** for a change in the Contract Time or the Contract Price, the **Professional** will prepare a written Change Order to be signed by the **Professional** and the **Contractor** and submitted to the **County** for approval.

11.1.4 It is the **Contractor's** responsibility to notify its Surety of any changes affecting the general scope of the Work, Contract Price or Contract Time.

11.1.5 In the absence of an agreement as provided in 11.1.3, the **County** may, at its sole discretion, issue a Construction Change Directive to the Contractor. Pricing of the Construction Change Directive will be in accordance with Section 12.1.3. The Construction Change Directive will specify a price and, if applicable, a time extension determined to be reasonable by the County. If the Contractor fails to sign such Construction Change Directive, the Contractor may submit a claim in accordance with Articles 11, 12 and 13, but the Contractor shall nevertheless be obligated to fully perform the Work as directed by the Construction Change Directive.

11.1.6 The **Contractor** shall proceed diligently with performance of the Work as directed by the **County**, regardless of pending claim actions, unless otherwise agreed to in writing.

ARTICLE 12 – CHANGE OF CONTRACT PRICE

12.1 The Contract Price

12.1.1 The Contract Price constitutes the total compensation (subject to written authorized adjustments) payable to the **Contractor** for performing the Work. All duties, responsibilities and obligations assigned to or undertaken by the **Contractor** shall be at the **Contractor's** expense without change in the Contract Price.

12.1.2 The Contract Price may only be increased or decreased by a written Change Order or Construction Change Directive. Any claim for an increase shall be in writing and delivered to the **Professional** within seven (7) calendar days of the occurrence first

happening. Written supporting data will be submitted to the **Professional** within fifteen (15) calendar days after the occurrence unless the **County** allows additional time.

12.1.3. The value of any work covered by a Change Order or of any claim for an adjustment in the Contract Price will be determined by the following procedures:

12.1.3.1 Designated Unit Price (Field Measure)

The **Contractor** and the **County** recognize and acknowledge that the quantities shown for those items designated in the Bid Submittal (Part C) as unit price items are approximations prepared by the **County** for bid purposes and that the actual compensation payable to the **Contractor** for the utilization of these items is based upon the application of unit prices to the actual quantities of items involved as measured in the field and required to complete the Work as originally defined in the Contract Documents.

When it is determined by the **County** that an addition, deletion or revision to the Work as defined in these Contract Documents is required and affects the quantities required for items designed in the Bid Submittal (Part C) as unit price items, the **Contractor** and the **County** agree that the compensation payable to the Contractor for the unit price items shall be adjusted accordingly by a Change Order based upon the application of the appropriate unit prices shown in the Bid Submittal (Part C) to the quantity of the unit price item required to complete the Work as defined in the Contract Documents.

12.1.3.2 Other Unit Prices

For items not designated in the Bid Submittal (Part C) as unit prices, the **County** and the **Contractor** may establish unit prices as agreed on by Change Order.

12.1.3.3 Lump Sum

When it is determined by the **County** that an addition, deletion or revision to the Work is required which results in a change in the Work designated in the Bid Submittal as a lump sum item, the amount of increase or decrease in the lump sum price shall be established by mutual agreement of the parties.

12.1.4 If the pricing methods specified in 12.1.3 are inapplicable, or if the parties are unable to agree on a price for the changed work, a reasonable price for the same shall be established by the **County** in accordance with 12.2. The County shall then process a unilateral Change Order, specifying the said reasonable price, in accordance with 11.1.5. The Contractor shall perform the work as directed in the Change Order.

12.1.5 Failure on the part of the **Contractor** to construct any item to plan or authorized dimensions within the specification tolerances shall result in: reconstruction to acceptable tolerances at no additional costs to the **County**; acceptance at no pay; or acceptance at reduced final pay quantity or reduced unit price, all at the discretion of the **County**. Determinations of aggregate monetary change for items identified as lump sum

quantities shall be made by the **County** based upon an analysis of the scope of the Contractor's failure to construct to plan or authorized dimensions.

12.2 Cost of Work

12.2.1 The term "Cost of Work," for the purpose of Change Orders or Allowance Work, means the cost necessarily incurred and paid by the Contractor in the proper performance of the Change Order Work. Except as may be agreed to in writing by the **Professional**, such costs shall be in amounts no higher than those prevailing in the area of the Work and may include the categories listed below.

12.2.1.1 Labor (payroll, taxes, fringe benefits, worker's compensation, health and retirement benefits, sick leave)

12.2.1.2 Owned Equipment (at lowest applicable equipment manual rate) (Blue Book Value)

12.2.1.3 Rented Equipment (at actual rental rate)

12.2.1.4 Material

12.2.1.5 Supplies

12.2.1.6 Subcontractors' Costs

12.2.1.7 Bonds and Insurance

12.2.1.8 Contractor's Fee (per 12.3)

12.2.1.9 Permit Fees

12.2.2 The **Contractor** shall require all Subcontractors and Suppliers to comply with all requirements of, and provide itemizations of, all claims in accordance with this Article.

12.2.3 The term "Cost of the Work" shall not include any of the following:

12.2.3.1 Payroll costs and other compensation of the **Contractor's** officers, executives, principals (of partnership and sole proprietorships), general managers, engineers, architects, estimators, layers, auditors, accountants, Procurement and contracting agents, expeditors, timekeepers, clerks and other personnel employed by the **Contractor**, whether at the site or in its principal or a branch office, for general administration of the Change Order work and not specifically included in the agreed upon schedule of job classifications, all of which are to be considered administrative costs covered by the **Contractor's** mark-up.

12.2.3.2 Extraordinary fringe benefits not specifically identified in Article 12.2.1.1.

12.2.3.3 Expenses of **Contractor's** principal and branch offices other than the **Contractor's** office at the site.

12.2.3.4 Any part of the **Contractor's** capital expenses, including interest on the **Contractor's** capital used for the Change Order work and charges against the **Contractor** for delinquent payments.

12.2.3.5 Cost of premiums for all bonds and insurance, whether or not the **Contractor** is required by the Contract Documents to purchase and maintain the same (except for additional bonds and insurance required because of changes in the work).

12.2.3.6 Costs due to the negligence of the **Contractor**, any Subcontractor or anyone directly or indirectly employed by any of them or for whose acts any of them may be liable, including but not limited to: the correction of defective Work; disposal of material or equipment wrongly supplied; and making good any damage to property.

12.2.3.7 Overhead or general expense costs of any kind (other than as provided in 12.3).

12.3 Contractor's Mark-Up

12.3.1 The maximum percentage allowed for the **Contractor's** combined overhead and profit shall be as follows:

12.3.1.1 For all such Change Order work or Allowance Work done, a fixed percentage of the total adjustment to the Contract Price shall be negotiated and shall not exceed ten percent (10%).

12.3.2 For all changes, the **Contractor** shall submit an itemized cost breakdown, together with supporting data in the detail and form as prescribed by the **Professional**. When a credit is due, the amount of credit to be allowed by the **Contractor** to the **County** for any change which results in a net decrease in cost will be the amount of the actual net decrease in direct cost as determined by the **Professional**, plus the applicable reduction in overhead and profit. When both additions and credits are involved in any change, the combined overhead and profit shall be calculated on the basis of the net change, whether an increase or decrease. In any event, the minimum detail shall be an itemization of all man-hours required by discipline/trade with the unit cost per man-hour and total labor price, labor burden, equipment hours and rate for each piece of equipment, material by units of measure and price per unit, other costs specifically itemized, plus the overhead and profit markup.

ARTICLE 13 – CHANGE OF CONTRACT TIME

13.1 The Contract Time may only be changed by a Change Order. Any request for an extension in the Contract Time shall be made in writing and delivered to the **Professional** within seven (7) calendar days of the occurrence first happening and resulting in the claim. Written supporting data will be submitted to the **Project Manager** within fifteen (15) calendar days after the occurrence, unless the **Professional** allows additional time. All claims submitted by the **Contractor** for adjustments to the Contract Time must set forth in detail the reasons for and causes of the delay and clearly indicate why the subject delay was beyond the **Contractor's** control or fault.

13.1.1 If the **Contractor** is delayed at any time in the performance, progress, commencement or completion of the Work by any act or neglect of the **County** or the **Professional**, by an employee of either, by any separate contractor employed by the **County**, by changes ordered in the Work, by labor disputes, fire, unavoidable casualties, unforeseeable weather conditions, utility conflicts which could not have been identified or foreseen by the **Contractor** using reasonable diligence or by any causes beyond the **Contractor's** control or fault, then the Contract Time shall be extended by Change Order for such reasonable time as the **County** may determine. The **Contractor** shall be entitled to an extension of time for causes only for the number of days of delay which the **County** may determine to be due solely to these causes and only to the extent these occurrences actually delay the completion of the Work; and then only if the **Contractor** shall have strictly complied with all the requirements of the Contract Documents. Provided, however, notwithstanding anything in the Contract Documents to the contrary, no interruption, interference, inefficiency, suspension or delay in the performance, progress, commencement or completion of the Work for any cause whatsoever, including those for which the **County** or the **Professional** may be responsible in whole or in part, shall relieve **Contractor** of its duty to perform or give rise to any right to damages or additional compensation from the **County**. The Contractor's sole and exclusive remedy against the **County** for interruption, interference, inefficiency, suspension or delay of any aspect of the Work shall be right to seek an extension to the Contract Time in accordance with the procedures set forth herein.

ARTICLE 14 - UNCONTROLLABLE FORCES (FORCE MAJEURE)

14.1 Either party hereunder may be temporarily excused from performance if an Event of Force Majeure directly or indirectly causes its nonperformance. An "Event of Force Majeure" is defined as any event which results in the prevention or delay of performance by a party of its obligations under this Agreement and which is beyond the reasonable control of the nonperforming party. It includes, but is not limited to fire, flood, earthquakes, storms, lightning, epidemic, war, riot, civil disturbance, sabotage, and governmental actions.

14.2 Neither party shall be excused from performance if non-performance is due to forces which are reasonably preventable, removable, or remediable and which the non-performing party could have, with the exercise of reasonable diligence, prevented, removed, or remedied prior to, during, or immediately after their occurrence. Within five (5) days after the occurrence of an Event of Force Majeure, the non-performing party shall deliver written notice to the other party describing the event in reasonably sufficient detail, along with proof of how the event has precluded the non-performing party from performing its obligations hereunder, and a good faith estimate as to the anticipated duration of the delay and the means and methods for correcting the delay.

14.3 The non-performing party's obligations, so far as those obligations are affected by the Event of Force Majeure, shall be temporarily suspended during, but no longer than, the continuance of the Event of Force Majeure and for a reasonable time thereafter as may be required for the non-performing party to return to normal business operations. If excused from performing any obligations under this Agreement due to the occurrence of an Event of Force Majeure, the non-performing party shall promptly, diligently, and in good faith take all reasonable action required for it to be able to commence or resume performance of its obligations under this Agreement. During any such time period, the non-performing party shall keep the other party duly notified of all such actions required for it to be able to commence or resume performance of its obligations under this Agreement.

ARTICLE 15 – WARRANTY AND GUARANTEE: ACCEPTANCE OF DEFECTIVE WORK

15.1 Warranty and Guarantee

15.1.1 The **Contractor** warrants and guarantees to the **County** that all material and equipment will be new, unless otherwise specified; and that all work will be of good quality, performed in a workmanlike manner, free from faults or defects, and in accordance with the requirements of the Contract Documents and any inspections, tests or approvals referred to in this Article. All unsatisfactory Work, all faulty Work and all Work not conforming to the requirements of the Contract Documents or such inspections, tests, approvals or all applicable building, construction and safety requirements, shall be considered defective. Notice of all defects shall be given to the **Contractor** by the **Project Manager**. All defective work, whether or not in place, may be rejected, corrected or accepted as provided in this Article.

15.1.2 If, after approval of final payment and prior to the expiration of one year after the date of final completion or such longer period of time as may be prescribed by law or by the terms of any applicable special guarantee required by the Contract Documents, any Work or material are found to be defective, incomplete or otherwise not in accordance with the Contract Documents, the **Contractor** shall promptly, without cost to the **County** and in accordance with the **County's** written instructions, either correct such defective Work or, if it has been rejected by the **County**, remove it from the site and replace it with non-defective work. If the **Contractor** does not promptly comply with the terms of such instructions, the **County** may have the defective Work corrected, removed or replaced. All direct and indirect costs of such action will be paid by the **Contractor**.

15.2 Tests and Inspections

15.2.1 If the Contract Documents, laws, ordinances, rules, regulations or orders of any public authority having jurisdiction require any Work to specifically be inspected, tested or approved by someone other than the **Contractor**, the **Contractor** shall give the Professional timely notice. The testing firm(s) (if assigned by the **Contractor** to this Work) and all such inspections, tests or approvals provided for by the **County** shall be identified in writing by the **Professional** to the **Contractor**. All other inspections, tests

or approvals shall be at the **Contractor's** expense, including additional expenses for inspection and tests required as a result of delays by the **Contractor** or hours worked in excess of 40 hours per week. For all required inspections, tests and approvals on any Work prepared, performed or assembled away from the site, the **Contractor** will furnish the **Professional** with the required Certificates of Inspection, testing or approval. All such tests will be in accordance with the methods prescribed by the American Society for Testing and Material or such other applicable organizations as may be required by law or the Contract Documents. Material or Work in place that fail to pass acceptability tests shall be retested at the direction of the Professional and at the **Contractor's** expense.

15.2.2 Neither observations by the **Professional** or the **Project Manager** nor inspections, tests or approvals by persons other than the **Contractor** shall relieve the **Contractor** of its obligations to perform the Work in accordance with the requirements of the Contract Documents.

15.3 Access to the Work

15.3.1 For the duration of the Work, the **Professional** and their representatives, other designated representatives of the **County** and authorized representatives of any regulatory agency shall at all times be given access to the Work.

The **Contractor** shall provide proper facilities for such access and observation of the Work and also for any inspection or testing by others.

15.4 Uncovering the Work

15.4.1 If any work required to be inspected, tested or approved is covered prior thereto without the prior written approval of the **Professional**, or if any work is covered contrary to the request of the **Project Manager**, the work shall, if requested by the **Professional** or the **Project Manager**, be uncovered for observation, inspection, testing or approval and replaced at the **Contractor's** expense.

15.4.2 If any work has been covered which either the **Professional** or the **Project Manager** has not specifically requested to observe, or if the **Professional** or the **Project Manager** considers it necessary or advisable that covered work be inspected or tested by others, the **Contractor**, upon written request of the **Professional** or the **Project Manager**, shall uncover, expose or otherwise make available for observation, inspection or testing that portion of the work in question, furnishing all necessary labor, material and equipment. If it is found that such work is defective, the **Contractor** shall bear the expense of such uncovering, exposure, observation, inspection, testing and satisfactory reconstruction. If, however, such work is not found to be defective, the **Contractor** shall be allowed an increase in the Contract Price or an extension of the Contract Time, or both, directly attributable to such uncovering, exposure, observation,

inspection, testing and reconstruction, if it makes a claim as provided in Articles 11, 12 and 13.

15.5 Stop Work

15.5.1 When work is defective or when the **Contractor** fails to supply sufficient skilled workmen, suitable material, suitable equipment, make prompt payments to Subcontractors for labor, material or equipment, or if the **Contractor** violates any provisions of these Contract Documents, the **County** may order the **Contractor** to stop the work until the cause for such order has been eliminated. However, this right of the **County** to stop the work shall not give rise to any duty on the part of the **County** to exercise this right for the benefit of the **Contractor** or any other party. The **Contractor** shall have no right to claim an increase in the Contract Price or Contract Time or other damages for a stop work order under this paragraph.

15.6 Correction or Removal of Defective Work

15.6.1 When directed by the **Professional**, the **Contractor** shall promptly, without cost to the **County** and as specified by the Professional either correct the defective work whether fabricated, installed or completed, or remove it from the site and replace it with non-defective work or remove and replace such defective work within a reasonable time, all as specified in a written notice from the Professional, the County may have the deficiency corrected. All direct and indirect costs of such correction shall be paid by the Contractor or deducted from payment to the Contractor. The Contractor will also bear the expense of correcting or removing and replacing all work of others destroyed or damaged by the correction, removal or replacement of the defective work.

15.7 Acceptance of Defective Work

15.7.1 If, instead of requiring correction or removal and replacement of defective work, the **County** prefers to accept it, the **County** may do so. In such case, if acceptance occurs prior to approval of final payment, a Change Order incorporating the necessary revisions in the Contract Documents, including an appropriate reduction in the Contract Price, shall be issued. If the acceptance occurs after approval of final payment, the **Contractor** shall pay to the **County** an appropriate sum to compensate for the defect in the work.

15.8 Neglected Work by Contractor

15.8.1 If the **Contractor** neglects to execute the Work in accordance with the Contract Documents, including any requirements of the progress schedule, the **Professional** may direct the **Contractor** to submit a recovery plan and take specific corrective actions including, but not limited to, employing additional workmen and/or equipment working extended hours and additional days, all at no cost to the **County**, in order to put the Work back on schedule. If the **Contractor** fails to correct the deficiency or take appropriate corrective action, the **County** may terminate the contract or **Contractor's**

right to proceed with that portion of work and have the work done by others. The cost of completion under such procedure shall be charged against the **Contractor**. A Change Order shall be issued incorporating the necessary revisions in the Contract Documents, including an appropriate reduction in the Contract Price. If the payments due the **Contractor** are not sufficient to cover such amount, the **Contractor** shall pay the difference to the **County**.

15.8.2 Should the **Contractor** work overtime, weekends or holidays to regain the schedule, all costs to the **County** of associated inspection, construction management and resident engineering shall be identified to the **Contractor** and the Contract Price reduced by a like amount via Change Order.

ARTICLE 16 – PAYMENT AND COMPLETION

16.1 Schedule of Values

16.1.1 The Schedule of Values established as provided in General Conditions 3.5.2.2 will serve as the basis for progress payments and will be incorporated into a form of Application for Payment acceptable to the **Professional** and the **Project Manager**. Progress payments using unit prices bid will be based on the number of units completed. Lump sum bids do not have a provision for a unit price adjustment.

16.1.2 The Schedule of Values will include a breakdown of divisions of the work in a manner that will identify Subcontractors by the classification of their work according to any accepted numerical sequence, such as AIA numerical classification. Any Subcontractor identified by the **Contractor**, as a Woman/Minority Business Entity shall be noted in the schedule of values on a separate line of the schedule of values with an extension to the numerical classification used to identify the particular division of work. The extension will be according to the following: 002- Woman Business Enterprise; 003 – African American Enterprise; 004 – Hispanic American; 005 – Asian Pacific American Business; 006 – Native American Business; and 007 – Asian-Indian American Business.

16.2 Application for Progress Payment: Contractor Certification of Disbursement of Previous Progress Payments to Subcontractors and Suppliers

16.2.1 At least seven (7) calendar days before the date established for each progress payment (but not more often than once a month), **Contractor** shall submit the following to the **Professional** for review: (i) an Application for Payment filled out and signed by the **Contractor** covering the work completed as of the date of the Application; (ii) a Contractor Certification of Disbursement of Previous Progress Payments to Subcontractors and Suppliers (as further described in Subsection 16.2.2 below) in a form the County will designate and provide to the **Contractor**, and (iii) all other supporting documentation as is required by the Contract Documents. If payment is requested on the basis of material and equipment not incorporated in the Work but

delivered and suitably stored at the site or at another location agreed to in writing, the Application for Payment shall also be accompanied by a bill of sale, invoice or other documentation warranting that the **County** has received the material and equipment free and clear of all liens and evidence that the material and equipment are covered by appropriate property insurance and other arrangements to protect the **County's** interest therein, all of which will be satisfactory to the **County**. Payment is subject to retainage in accordance with F.S. 218.735. The amount of retainage is 5% in accordance with the contract document or as provided in F.S. 218.735.

16.2.2 As additional conditions precedent to the County's obligation to pay the Contractor each progress payment, to include the final payment due under the Contract, the Contractor must (i) pay all Subcontractors and Suppliers their respective pro rata share of all previous payments (to include any payments of retainage) that the County has made to Contractor for Work that has been satisfactorily completed; and (ii) execute and deliver to the Professional a Contractor Certification of Disbursement of Previous Progress Payments to Subcontractors and Suppliers with its Application for Payment submitted in accordance with Subsection 16.2.1 above. If the Contractor has not made the required payments to all Subcontractors and Suppliers, but the Contractor has (a) demonstrated good cause (as reasonably determined by the County) for not making any required payment; (b) delivered written notice to the County and to the applicable Subcontractor or Supplier specifically stating why the Contractor has not paid the Subcontractor or Supplier its proportionate share of the progress payments that the County has made to the Contractor pursuant to the Contract, and (c) completed all other requirements and conditions precedent to the receipt of the requested progress payment, then the County will pay Contractor the progress payment in accordance with the Contract requirements.

16.3 Contractor's Warranty of Title

16.3.1 **Contractor** warrants and guarantees that title to the work, material and equipment covered by any Application for Payment, whether incorporated in the Work or not, will pass to the **County** no later than the time of payment, free and clear of all liens.

16.4 Approval of Payments

16.4.1 The **Professional**, after receipt of each Application for Payment, will either indicate in writing a recommendation of payment and present the application to the **County**, or return the application to the **Contractor** indicating in writing the **Professional's** reasons for refusing to recommend payment. In the latter case, the **Contractor** may make the necessary corrections and resubmit the application. The **County** shall make payment in accordance with F.S. 218.735.

16.4.2 The **Professional's** recommendation of any payment requested in an Application for Payment will constitute a representation by the **Professional** to the

County based on the **Professional's** review of the Application for Payment and the accompanying data and schedules, that to the best of the **Professional's** knowledge, information and belief:

- a) The Work has progressed to the point indicated;
- b) The quality of the Work is generally in accordance with the Contract Documents (subject to an evaluation of the Work as a functioning whole prior to or upon substantial completion, to the results of any subsequent tests called for in the Contract Documents, to a final determination of quantities and classifications for Unit Price Work and to any other qualifications stated in the recommendation); and
- c) The conditions precedent to the **Contractor's** being entitled to such payment appear to have been fulfilled in so far as it is the **Professional's** responsibility to observe the Work.

16.4.3 By recommending any such payment, the **Professional** will not be deemed to have represented that: (i) exhaustive or continuous on-site inspections have been made to check the quality or the quantity of the Work beyond the responsibilities specifically assigned to the **Professional** in the Contract Documents; or (ii) that there may not be other matters or issues between the parties that might entitle the **Contractor** to be paid additionally by the **County** or entitle the **County** to withhold payment to the **Contractor**.

16.4.4 The **Professional's** recommendation of any payment, including final payment, shall not mean that the **Professional** is responsible for the **Contractor's** means, methods, techniques, sequences or procedures of construction; or the safety precautions and programs incident thereto; or for any failure of the **Contractor** to comply with Laws and Regulations applicable to the furnishing or performance of Work; or for any failure of the **Contractor** to perform or furnish Work in accordance with the Contract Documents.

16.4.5 The **Professional** may refuse to recommend the whole or any part of any payment if, in the **Professional's** opinion, they are unable to make the representation that the Application is acceptable to the **County**. The **Professional** may also refuse to recommend any such payment or, because of subsequently discovered evidence or the results of subsequent inspections or tests, nullify any such payment or, because of subsequently discovered evidence or the results of subsequent inspections or tests, nullify any such payment previously recommended, to such extent as may be necessary in the **Professional's** opinion to protect the **County** from loss because:

- a) The Work is defective;
- b) The Contract Price has been reduced by Change Order;

- c) The **County** has been required to correct defective work or complete work in accordance with Article 15;
- d) Claims have been filed against the **County** for which the **Contractor** may be liable; and/or
- e) The work was executed unsatisfactorily; the **Contractor** failed to clean up as required in Article 7 or the work is otherwise not in compliance with these Contract Documents.

16.4.6 The **County** will give the **Contractor** immediate notice stating the reasons for such action and promptly pay the **Contractor** the amount so withheld, or any adjustment thereto agreed to by the **County** and the **Contractor**, when the **Contractor** corrects, to the **County's** satisfaction, the reasons for such action.

16.5 Substantial Completion

16.5.1 Definition. Substantial Completion is the stage in the progress of the Work when the Work or specified portion thereof is sufficiently complete in accordance with the Contract Documents so the **County** can occupy or utilize the Work for its intended purpose.

16.5.2 Certificate of Substantial Completion. When the **Contractor** considers that the Work, or a specified portion thereof, which the **County** agrees to accept separately, is substantially complete, the **Contractor** shall notify the **Professional** and the **Project Manager**. Along with such notification, the **Contractor** shall submit to the **Professional** a thorough and inclusive list of all remaining Work items to be completed or corrected. Upon receipt of the **Contractor's** notification and list, the **Professional** and the **Project Manager** will visit the site to determine whether the Work or designated portion thereof is substantially complete. Once the **Professional**, in consultation with the **County**, determines that the Work or specified portion thereof is substantially complete, the **Professional** will prepare a Certificate of Substantial Completion that shall establish the date of Substantial Completion. The Certificate of Substantial Completion shall be submitted to the **Contractor** for its written acceptance and then to the **County** for acceptance and issuance.

16.5.3 Deficiency List. The Certificate of Substantial Completion shall include a list prepared by the **Professional** (the "Deficiency List") of final work items remaining, which must be completed to render the Work, or specified portion thereof, complete, satisfactory, and acceptable in accordance with the Contract Documents. The Deficiency List shall include those items from the **Contractor's** list described in Section 16.5.2 above which remain incomplete or uncorrected as of the date of Substantial Completion, along with any other incomplete or unsatisfactory items as determined by the **Professional** or the **Project Manager**. Failure to include on the Deficiency List any corrective work or pending items not yet completed shall not alter the responsibility of

the **Contractor** to complete all the construction services purchased pursuant to the Contract Documents. The **Professional**, in consultation with the **County**, shall establish a date for completion of the items identified in the Deficiency List, and this date for completion shall be noted on the Certificate of Substantial Completion. The **Professional** shall also include an estimated cost to complete each item on the Deficiency List. Should the **Contractor** fail to complete the items by the date noted on the Certificate of Substantial Completion, the **County** may complete the item and deduct the costs from the final Application for Payment.

16.5.4 Project Closeout and Payment of Retainage. In accordance with Section 255.077(4), Fla. Stat., within 20 business days after developing the Deficiency List, and after receipt of a proper invoice or payment request, the **County** shall pay the **Contractor** the remaining balance of the contract, including any remaining retainage withheld by the **County** pursuant to Section 255.078, Florida Statutes, less an amount equal to 150 percent of the estimated cost to complete the items on the Deficiency List.

16.5.5 Warranties. Warranties required by the Contract Document shall commence on the date of Substantial Completion of the Work or designated portion thereof unless otherwise provided in the Certificate of Substantial Completion.

16.6 Beneficial Occupancy

16.6.1 Use by the **County** at the **County's** option of any substantially completed part of the Work which (i) has specifically been identified in the Contract Documents, or (ii) the **County, Professional** and **Contractor** agree constitutes a separately functioning and usable part of the Work that can be used by the **County** for its intended purpose without significant interference with the **Contractor's** performance of the remainder of the Work, may be accomplished prior to Substantial Completion of all the Work subject to 16.6.2.

16.6.2 The **County** at any time may request the **Contractor** in writing to permit the **County** to use any such part of the Work which the **County** believes to be ready for its intended use and substantially complete. If the **Contractor** agrees that such part of the Work is substantially complete, the **Contractor** will certify to the **County** and the **Professional** in writing that the **Contractor** considers any such part of the Work ready for its intended use and substantially complete and request the **Professional** to issue a certificate of Substantial Completion for that part of the Work. Within a reasonable time after either such request, the **County, Contractor** and **Professional** shall make an inspection of that part of the Work to determine its status of completion. If the **Professional** does not consider that part of the Work to be substantially complete, the **Professional** will notify the **County** and the **Contractor** in writing giving the reasons therefore. If the **Professional** considers that part of the Work to be substantially complete, the provisions of 16.5 will apply with respect to certification of Substantial Completion of that part of the Work and the division of responsibility in respect thereof and access thereto.

16.6.3 The **County**, may at its discretion, reduce the amount of retainage beyond the amount prescribed in F.S. 218.735 subject to Beneficial Occupancy.

16.6.4 Retainage will not be released in the face of a claim by the **County** for liquidated damages or a dispute claim by the **Contractor** for additional compensation.

16.7 Final Inspection

16.7.1 Upon written notice from the **Contractor** that the entire Work or an agreed portion thereof is complete, the **Professional** will make a final inspection with the **County** and the **Contractor** and will notify the **Contractor** in writing of all particulars in which this inspection reveals that the Work is incomplete or defective. The **Contractor** shall immediately take such measures as necessary to complete such Work or remedy such deficiencies.

16.8 Final Application for Payment

16.8.1 After the **Contractor** has completed all such corrections to the satisfaction of the **Professional** and the **County** and delivered in accordance with the Contract Documents all maintenance and operating instructions, schedules, guarantees, bonds, certificates or other evidence of insurance required by 6.2, certificates of inspection, marked-up record documents and other documents, the **Contractor** may make application for final payment following the procedure for progress payments. The final Application for Payment shall be accompanied (except as previously delivered) by: (i) all documentation called for in the Contract Documents, including but not limited to the evidence of insurance required; (ii) consent of the surety to final payment; and (iii) a final Contractor Certification of Disbursement of Previous Progress Payments to Subcontractors and Suppliers.

16.8.2 No application for final payment will be accepted by the **County** until all required documentation by the **Contractor** has been accepted and approved by the **Professional** and the **County**.

16.8.3 Notwithstanding any other provision of these contract documents to the contrary, the **County** and the **Professional** are under no duty or obligation whatsoever to any vendor, material provider, Subcontractor, laborer or other party to ensure that payments due and owing by the **Contractor** to any of them are or will be made. Such parties shall rely only on the **Contractor's** surety bonds for remedy of nonpayment by the **Contractor**. The **Contractor** agrees to defend and resolve all claims made by Subcontractors, indemnifying the **County** and the **Professional** for all claims arising from or resulting from Subcontractor, Supplier, material men or laborer services in connection with this project.

16.8.4 The **Contractor** will indemnify the **County** and **Professional** for any damages sustained including lost revenues resulting from the **Contractor's** failure or refusal to perform the work required by these contract documents.

16.9 Final Payment and Acceptance

16.9.1 If, on the basis of the **Professional's** observation of the Work during construction and final inspection, and the **Professional's** review of the final Application for Payment and accompanying documentation as required by the Contract Documents, the **Professional** is satisfied that the Work has been completed and the **Contractor's** other obligations under the Contract Documents have been fulfilled, the **Professional** will, after receipt of the final Application for Payment, indicate in writing the **Professional's** recommendation of payment and present the Application to the **County** for payment. At the same time, the Professional will also give written notice to the County and the **Contractor** that the Work is acceptable subject to the provision of 16.10. Otherwise, the **Professional** will return the application to the **Contractor**, indicating in writing the reasons for refusing to recommend final payment, in which case the **Contractor** shall make the necessary corrections and resubmit the Application. After the presentation to the **County** of the application and accompanying documentation, in appropriate form and substance and with the **Professional's** recommendation and notice of acceptability, the amount recommended by the **Professional** will become due and will be paid by the **County** to the **Contractor**.

16.9.2 If, through no fault of the **Contractor**, final completion of the Work is significantly delayed and if the **Professional** so confirms, the **County** shall, upon receipt of the **Contractor's** final Application for Payment and recommendation of the **Professional**, and without terminating the Agreement, make payment of the balance due for that portion of the Work fully completed and accepted. If the remaining balance to be held by the **County** for Work not fully completed or corrected is less than the retainage stipulated in the Contract, and if bonds have been furnished as required in Article 6, the written consent of the surety to the payment of the balance due for that portion of the Work fully completed and accepted shall be submitted by the **Contractor** to the **Professional** with the application for such payment. Such payment shall be made under the terms and conditions governing final payment, except that it shall not constitute a waiver of claims.

16.9.3 The remainder of the Contract Price will be approved for payment upon final completion of the work, acceptance of the work by the **County** and settlement of all claims.

16.10 Waiver of Claims

16.10.1 The making and acceptance of final payment will constitute a waiver of all claims by the **Contractor** against the **County**, other than those previously made in writing and still unsettled.

16.10.1.1 The making and acceptance of final payment will constitute a waiver of all claims by the **County** against the **Contractor**, except claims arising from unsettled liens from defective Work appearing after final inspection pursuant to 16.7; from failure to

comply with the Contract Documents or the terms of any special guarantees specified therein; or from the **Contractor's** continuing obligations under the Contract Documents.

ARTICLE 17 – SUSPENSION OF WORK AND TERMINATION

17.1 Suspension of Work

17.1.1 At any time and without cause, the **County** may suspend the Work or any portion thereof for a period of not more than ninety (90) days by notice in writing to the **Contractor** and the **Professional**, which will fix the date on which Work will be resumed. The **Contractor** shall resume the Work on the date so fixed. The **Contractor** shall be allowed an adjustment in the Contract Price or an extension of the Contract Time, or both, directly attributable to any such suspension if the **Contractor** makes any approved claim therefore as provided in Articles 12 and 13.

17.2 Termination For Cause

17.2.1 Upon the occurrence of any one or more of the following events:

- a) If the **Contractor** fails to perform the Work in accordance with the Contract Documents (including, but not limited to, failure to supply sufficient skilled workers or suitable material or equipment; or failure to adhere to the progress schedule established;
- b) If the **Contractor** disregards laws or regulations of any Regulations of any public agency having jurisdiction;
- c) If the **Contractor** disregards the authority of the **Professional** or the **Project Manager**; or
- d) If the **Contractor** otherwise violates in any substantial way any provisions of the Contract Documents.

The **County** may, after giving the **Contractor** and surety seven (7) working days' written notice and to the extent permitted by Laws and Regulations, terminate the services of the **Contractor**; exclude the **Contractor** from the site; take possession of the Work and of all the **Contractor's** tools, appliances, construction equipment and machinery at the site; use the same to the full extent they could be used by the **Contractor** (without liability to the **Contractor** for trespass or conversion); incorporate in the Work all material and equipment stored at the site or for which the **County** has paid the **Contractor** but which are stored elsewhere; and finish the Work as the **County** may deem expedient. In such case, the **Contractor** shall not be entitled to receive any further payment beyond an amount equal to the value of the work actually completed and the value of material and equipment not incorporated in the work but delivered and suitably stored, less the aggregate of payments previously made. If the direct and indirect costs of completing the work exceed the unpaid balance of the contract price,

the **Contractor** shall pay the difference to the **County**. Such costs incurred by the **County** shall be verified by the **Professional** and incorporated in a Change Order; but in finishing the work the **Contractor** shall not be required to obtain the lowest figure for the work performed. The **Contractor's** obligations to pay the difference between such costs and such unpaid balance shall survive termination of the agreement.

17.2.2 In the event the **County** terminates the contract for cause and it is subsequently judicially determined that there was no cause for termination, the termination for convenience provision will be the means for disposition of the balance of the contract obligations.

17.3 Termination for Convenience

17.3.1 Upon seven (7) working days' written notice to the **Contractor** and the **Professional**, the **County** may, without cause and without prejudice to any other right or remedy of the **County**, elect to terminate the **Contract**. In such case, the **Contractor** shall be paid (without duplication of any items):

- a) For completed and acceptable Work executed in accordance with the Contract Documents prior to the effective date of termination, including fair and reasonable sums for overhead and profit on such Work;
- b) For expenses sustained prior to the effective date of termination in performing services and furnishing labor, material or equipment as required by the Contract Documents in connection with uncompleted Work, plus fair and reasonable sums for overhead and profit on such expenses;
- c) For all claims, costs, losses and damages incurred in settlement of terminated contracts with subcontractors, suppliers and others; and
- d) For reasonable expenses directly attributable to termination.

The **Contractor** shall not be paid on account of loss of anticipated profits or revenue or other economic loss arising out of or resulting from such termination.

17.3.2 If through no act or fault of the **Contractor**, the Work is suspended for a period of more than ninety (90) calendar days by the County, or under an order of court or other public authority, or the **Professional** fails to act on any Application for Payment within thirty (30) calendar days after it is submitted, or the **County** fails for thirty-one (31) calendar days to pay the Contractor any sum finally determined to be due, then the **Contractor** may, upon seven (7) working days' written notice to the **County** and the **Professional**, terminate the Agreement and recover from the **County** payment on the same terms as provided in 17.2.2, provided the **County** or the **Professional** did not remedy such suspension or failure within that time. In lieu of terminating the Agreement and without prejudice to any other right or remedy, if the **Professional** has failed for

thirty-one (31) calendar days to pay the **Contractor** any sum finally determined to be due, the **Contractor** may upon seven (7) days' written notice to the **County** and the **Professional** stop the Work until payment is made of all such amounts due the **Contractor**, including interest thereon. The provisions of this paragraph are not intended to preclude the **Contractor** from making claim under Articles 12 and 13 for an increase in Contract Price or Contract Time or otherwise for expenses or damage directly attributable to the **Contractor's** stopping Work as permitted by this paragraph.

ARTICLE 18 – DISPUTES

18.1 All disputes arising under this Contract or its interpretation whether involving law, fact or both, or extra work, and all claims for alleged breach of contract, shall within ten (10) working days of the commencement of the dispute be presented by the **Contractor** to the **County** for decision. All papers pertaining to claims shall be filed in quadruplicate. Such notice need not detail the amount of the claim but shall state the facts surrounding the claim in sufficient detail to identify the claim, together with its character and scope. In the meantime, the **Contractor** shall proceed with the Work as directed. Any claim not presented within the time limit specified in this paragraph shall be deemed to have been waived, except that if the claim is of a continuing character and notice of the claim is not given within ten (10) working days of its commencement, the claim will be considered only for a period commencing ten (10) working days prior to the receipt by the **County** of notice thereof. Each decision by the **County** will be in writing and will be mailed to the **Contractor** by registered or certified mail, return receipt requested, directed to the **Contractor's** last known address.

18.1.1 If the **Contractor** does not agree with any decision of the **County**, the **Contractor** shall seek mediation by a certified circuit court civil mediator who will be agreed to by the parties or, if the parties cannot agree to a mediator within thirty (30) calendar days of the request for mediation, said mediator will be chosen by the **Contractor**. Any mediation will be held in Polk County, unless otherwise agreed to by the **County**. The parties will cooperate in good faith with the mediator with the cost of the mediator split equally between the parties, if the mediator is agreed upon, and by the **Contractor** if agreement on the mediator cannot be reached.

18.1.2 If the **Contractor** does not agree with any decision of the **County**, or the mediation is unsuccessful, the **Contractor** shall in no case allow the dispute to delay the Work but shall notify the **County** promptly that the work proceeding under protest and that the matter in question may be accepted from the final release.

SPECIAL CONDITIONS

The County reserves the right to direct purchase any tangible personal property item of the bid in order to save the sales tax on the selected item, which may include equipment, materials, and supplies that are components of a construction bid, but generally will purchase only major items. When the County exercises this option the following procedures shall be used for ordering, receiving, and paying for the Owner Direct Purchase (ODP) item.

BID PRICES

The bid must include the appropriate Florida State sales tax for all components of the bid that makes up the lump sum amount submitted.

ORDERING

The items selected would be purchased directly from the suppliers the contractor used to submit their bid to the County and therefore made a part of the construction contract executed with the County.

The Contractor shall fully cooperate with the County, providing information for the preparation of County issued purchase orders for these ODP's, monitoring deliveries, and approving invoices.

Following receipt of a sales tax savings form, the Contractors requisition from the supplier and the suppliers quote to the Contractor, the County will issue a purchase order to the supplier for the item selected for ODP to be delivered to the project site. The approved purchase order will be sent to the supplier and the Contractor. The Contractor shall verify that the purchase order was issued correctly. A separate sales tax savings form and a separate purchase order shall be used for each item selected for ODP.

After the County has affirmed that the items contained in the purchase order meets the exemption requirements contained in Section 212.08(6), Florida Statute, and Rule 12A-1.094, Florida Administration Code, the County will issue a Certificate of Entitlement. A Certificate of Entitlement will be issued with each purchase order for each ODP. The Contractor shall check all invoices for accuracy and completeness when received. The Contractor shall be responsible for immediately notifying the supplier of any billing errors and requesting corrected invoices as necessary.

Receipts and invoices must be processed in a timely manner in order to take advantage of any discount payment terms and all discounts shall accrue to the County.

The Contractor shall prepare a direct purchase report for the County upon submittal of each pay request.

OTHER CONSIDERATIONS

The County shall have title to all items of which any payment has been made under these provisions.

The selection of ODP for any item contained within the bid does not relieve the Contractor from liability for that item as it may be related to the quantity ordered, condition, the maintenance and care of the item when delivered, installation, incorporation of the item for its intended use in the work to be performed, and warranty of the item in accordance with the contract documents. The Contractor shall maintain products liability insurance, which shall include ODP items, as required for the normal practice of general contracting.

The County shall have access to all necessary records in order to conduct audits to determine the correctness and accuracy of any item purchased in accordance with these provisions.
