SUPPLEMENTAL CONDITIONS-FEDERAL CLAUSES

The County has been awarded and received American Rescue Plan Act, State and Local Fiscal Recovery Funds ("SLFRF") for the services to be provided under the Agreement from the U.S. Department of Treasury. In accordance with the federal procurement standards at 2 C.F.R. sections 200.317 through 200.327 the following clauses are incorporated in this bid, any resulting award with the prime Contractor, and any resulting contracts between the prime Contractor and sub-contractors and material suppliers. The following conditions are supplemental to the General Terms and Conditions. Where there is conflict, these Supplemental Conditions prevail unless the General Terms and Conditions are stricter.

1. Equal Employment Opportunity. (Applicable to construction only)

During the performance of this Contract, the Contractor agrees as follows:

- (1) The Contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, or national origin. Such action shall include, but not be limited to the following: Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.
- (2) The Contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive considerations for employment without regard to race, color, religion, sex, or national origin.
- (3) The Contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the Contractor's commitments under this section and shall post copies of the notice in conspicuous places available to employees and applicants for employment.
- (4) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.
- (5) The Contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.
- (6) In the event of the Contractor's noncompliance with the nondiscrimination clauses of this contract/Purchase Order or with any of the said rules, regulations, or orders, this contract/Purchase Order may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions as may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.
- (7) The Contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (7) in every subcontract or purchase order

unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The Contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance: Provided, however, That in the event a Contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency the contractor may request the United States to enter into such litigation to protect the interests of the United States

2. Contract Work Hours and Safety Standards Act.

(1) Overtime requirements. Neither the Contractor, nor any subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

(2) Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the clause set forth in paragraph (1) of this section the Contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such Contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (1) of this section, in the sum of \$10 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (1) of this section.

(3) Withholding for unpaid wages and liquidated damages. the U.S. Department of Treasury, the applicable Federal agency, or Polk County as the recipient shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the Contractor or subcontractor under any such contract or any other Federal contract with the same prime Contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime Contractor, such sums as may be determined to be necessary to satisfy any liabilities of such Contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (2) of this section.

(4) Subcontracts. The Contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (1) through (4) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. 4.1.7. The Contractor shall keep adequate records and supporting documentation applicable to the Work and Contract. Said records and documentation shall be retained by the Contractor for a minimum of five (5) years from the date of final completion or termination of this Contract. The County shall have the right to audit, inspect and copy all such records and documentation as often as the County deems necessary during the period of the Contract and for a period of five (5) years thereafter provided, however, such activity shall be conducted only during normal business hours. The County, during this period of time, shall also have the right to obtain a copy of and otherwise inspect any audit made at the direction of the Contractor as concerns the aforesaid records and supporting documentation.

4.2. Conflicts

4.2.1. If, during the performance of the Work, the **Contractor** discovers any conflict, error, ambiguity or discrepancy within the Contract Documents or between the Contract Documents and any provision of any such Law or Regulation applicable to the performance of the Work or of any such standard, specification, manual or code or of any instruction of any Supplier referred to in 7.4, the **Contractor** shall report it to the **Construction Project Manager** and **County Project Manager** in writing at once via the Request for Information (RFI) process; and the **Contractor** shall not proceed with the Work affected thereby (except in an emergency as authorized by 7.13) until receiving written direction from the **Construction Project Manager** or an amendment or supplement to the Contract Documents has been issued by one of the methods indicated in 4.3.1 or 4.3.2.

4.2.2. No provision of any such standard, specification, manual, code or instruction shall be effective to change the duties and responsibilities of the **County**, **Contractor** or **Construction Project Manager**, or any of their subcontractors, consultants, agents or employees from those set forth in the Contract Documents, nor shall it be effective to assign to the **County**, **Construction Project Manager** or any of the **Construction Project Manager's** consultants, agents or employees any duty or authority to supervise or direct the furnishing or performance of the Work or any duty or authority to undertake responsibility inconsistent with the provisions of the Contract Documents.

4.3. Amending

4.3.1. The Contract Documents may be amended to provide for additions, deletions and revisions to the Work by a Change Order or an Allowance Authorization.

4.3.2. In addition, the requirements of the Contract Documents may be supplemented and minor variations and deviations in the Work may be authorized by a Field Order or the **Construction Project Manager's** written interpretation or clarification.

4.4. Reuse of Documents

4.4.1. The **Contractor**, any Subcontractor, Supplier or other person or organization performing or furnishing any of the Work under a direct or indirect contract with the **County** shall not have or acquire any title to or ownership rights in any of the Drawings, Specifications or other documents (or copies of any thereof) prepared by or bearing the seal of the **Construction Project Manager** or the **Construction Project Manager’s** consultant; and shall not reuse any of such Drawings, Specifications, other documents or copies on extensions of the Project or any other project without written consent of the **County** and specific written verification or adaption by the **Construction Project Manager**.

ARTICLE 5 – PROJECT CONDITIONS

5.1 Availability of Lands

5.1.1. The **County** shall furnish, as indicated in the Contract Documents, the lands upon which the Work is to be performed, rights-of-way and easements for access thereto, and such other lands which are designated for the use of the **Contractor**.

5.1.2. Any additional lands, rights-of-way and easements not furnished by the **County** that the **Contractor** deems necessary, including but not limited to requirements for temporary construction facilities, access and egress, or for storage, shall be obtained in writing from the affected landowner by the **Contractor** at no increase in contract price or extension in contract time, and **Contractor** shall confine his operations to those areas furnished by the **County** or obtained at its expense. The **Contractor** shall hold the **County** harmless for all liabilities associated with said work outside the project area. Before mobilizing or storing any materials or equipment, the **Contractor** shall identify the areas to be used for storage in writing to the **County**. If property other than **County** right-of-way is proposed for storage, the **Contractor** shall provide the **County** a copy of the written approval or agreement from the property owner before mobilizing or storing any materials or equipment on said property.

5.2. Subsurface and Physical Conditions

Copies of any reports of exploration and tests of subsurface conditions at or contiguous to the site that have been utilized in preparing the Contract Documents are included in the Contract Documents.

5.3. Limited Reliance by Contractor Authorized Technical Data

The **Contractor** may rely upon the general accuracy of the “technical data” contained in reports and drawings provided by the **County**. Such “technical data” is identified in the Contract Documents. Except for said reliance on such “technical data,” the **Contractor** may not rely upon or make any claim against the **County**, the **Construction Project Manager** or any of the **Construction Project Manager’s** consultants with respect to:

- 5.3.1.1. the completeness of these reports and drawings for the **Contractor's** purposes, including, but not limited to, any aspects of the means, methods, techniques, sequences and procedures of construction to be employed by the **Contractor** and safety precautions and programs incident thereto; or
- 5.3.1.2. other data, interpretations, opinions and information contained in said reports or shown or indicated in said drawings; or
- 5.3.1.3. any **Contractor** interpretation of or conclusion drawn from any "technical data" or any such data, interpretations, opinions or information.

5.4. Unknown or Concealed Conditions (Excluding Existing Utilities)

5.4.1. If conditions are encountered, excluding existing utilities, at the site which are (1) subsurface or otherwise concealed physical conditions which differ materially from those indicated in the Contract Documents or (2) unknown physical conditions of an unusual nature, which differ materially from those ordinarily found to exist and generally recognized as inherent in construction activities of the character provided for in the Contract Documents, then the **Contractor** shall give the **County** notice, through the **Construction Project Manager**, immediately before conditions are disturbed and in no event no later than 24 hours after first observance of the conditions.

5.4.2. The **Project Manager** and the **Construction Project Manager** shall promptly investigate such conditions and, if they differ materially and cause an increase or decrease in the **Contractor's** cost of, or time required for, performance of any part of the Work, the **Project Manager** and the **Construction Project Manager** shall recommend an equitable adjustment in the Contract Price or Contract Time, or both. If the **Project Manager** and the **Construction Project Manager** determine that the conditions at the site are not materially different from those indicated in the Contract Documents or are not materially different from those ordinarily found and that no change in the terms of the Contract is justified, the **Construction Project Manager** shall notify the **Contractor** of the determination in writing. The Work shall be performed after the **Construction Project Manager** provides direction.

5.5. Physical Conditions – Underground Facilities

5.5.1. The information and data shown or indicated in the Contract Documents with respect to existing Underground Facilities at or contiguous to the site is based on information and data furnished to the **County** or the **Construction Project Manager** by the owners of such Underground Facilities or by others. Unless it is otherwise expressly provided in the Supplementary Conditions:

- 5.5.1.1. The **County** and the **Construction Project Manager** shall not be responsible for the accuracy or completeness of any such information or data; and
- 5.5.1.2. The cost of the following will be included in the Contract Price and the **Contractor** shall have full responsibility for (i) reviewing and checking all such information and data; (ii) locating all Underground Facilities shown or indicated in the Contract Documents; (iii) coordination of the Work with the owners of such Underground Facilities during construction; and (iv) the safety and protection of all such Underground Facilities as provided in 7.11 and repairing any damage resulting from the Work.

5.5.2. If an Underground Facility is uncovered or revealed within the project which was not shown or indicated in the Contract Documents, the **Contractor** shall, promptly after becoming aware of and before further disturbing conditions affected by or performing any Work in connection therewith (except in an emergency as required by 7.14), identify the owner of such Underground Facility and give written notice to that owner and to the **County** through the **Construction Project Manager**. The **County Project Manager** and the **Construction Project Manager** will promptly review the Underground Facility and determine the appropriate course of action, if any. If the **County Project Manager** concludes that a change in Contract time is required, a Change Order will be issued as provided in Article 13 to reflect and document such consequences. During such time, the **Contractor** shall be responsible for the safety and protection of such Underground Facility as provided in 7.11. If the **County** and the **Contractor** are unable to agree on the length of time of any such adjustment in Contract Time, the **Contractor** may make a claim as provided in Article 13. However, the **County** and the **Construction Project Manager** shall not be liable to the **Contractor** for any claims, costs, losses or damages incurred or sustained by the **Contractor** on or in connection with any other project or anticipated project.

5.6. Engineering and Layout

5.6.1.5.6.1 Control Points Furnished by the **County**: The **County** will provide centerline control points (Begin Project, End Project, Pls, PTs, etc.) and benchmarks at appropriate intervals along the line of the project to facilitate the proper layout of the work. Normally, the **County** will furnish only one benchmark for water crossings. Preserve all reference points and benchmarks that the **County** furnishes. As an exception to the above, for projects where the plans do not show a centerline or other survey control line for construction of the work (e.g., resurfacing, safety modifications, etc.) the **County** will provide only points marking the beginning and ending of the project, and all exceptions.

5.6.2. Furnishing of Stake Materials: Furnish all stakes, templates, and other materials necessary for establishing and maintaining the lines and grades necessary for control and construction of the work.

5.6.3. Layout of Work: Utilizing the control points furnished by the **County** in accordance with 5.6.1, establish all horizontal and vertical controls necessary to construct the work in conformity to the Contract Documents. Perform all calculations required, and set all stakes needed such as grade stakes, offset stakes, reference point stakes, slope stakes, and other reference marks or points necessary to provide lines and grades for construction of all roadway, bridge, and miscellaneous items. When performing utility construction as part of the project, establish all horizontal and vertical controls necessary to carry out such work.

5.6.4. Specific Staking Requirements: When performing new base construction as part of the project, set stakes to establish lines and grades for subgrade, base, curb, and related items at intervals along the line of the work no greater than 50 feet on tangents and 25 feet on curves. Set grade stakes at locations that the **County** directs to facilitate checking of subgrade, base, and pavement elevations in crossovers, intersections, and irregular shaped areas.

- 5.6.4.1. For bridge construction stakes and other control, set references at sufficiently frequent intervals to ensure construction of all components of a structure in accordance with the lines and grades shown in the plans.
 - 5.6.4.2. For projects where the plans do not show a centerline or other survey control line for construction of the work (resurfacing, safety modifications, etc.), provide only such stakes as necessary for horizontal and vertical control of work items.
 - 5.6.4.3. For resurfacing and resurfacing-widening type projects, establish horizontal controls adequate to ensure that the asphalt mix added matches with the existing pavement. In tangent sections, set horizontal control points at 100 foot intervals by an instrument survey. In curve sections, set horizontal control points at 25 foot intervals by locating and referencing the centerline of the existing pavement.
 - 5.6.4.4. Establish by an instrument survey, and mark on the surface of the finished pavement at 25 foot intervals, the points necessary for striping of the finished roadway. As an exception, for resurfacing and resurfacing/widening projects, establish these points in the same manner as used for horizontal control of paving operations. Mark the pavement with white paint. If performing striping, the **County** may approve an alternate method for layout of striping provided that the **Contractor** achieves an alignment equal to or better than the alignment that would be achieved using an instrument survey.
 - 5.6.4.5. For projects that include temporary or permanent striping of "no passing zones", provide the location and length of these zones as shown in the plans, except projects where the vertical or horizontal alignment is new or altered from preconstruction alignment. For projects that consist of new or altered vertical or horizontal alignment, the **County** will provide the location and length of the "no passing zones" during construction. For these projects, notify the **Construction Project Manager** not less than twenty-one (21) calendar days prior to beginning striping.
 - 5.6.4.6. For all projects, set a station identification stake at each right-of-way line at 100 foot intervals and at all locations where a change in right-of-way width occurs. Mark each of these stakes with painted numerals, of a size readable from the roadway, corresponding to the project station at which it is located. As an exception to the above, for projects where plans do not show right-of-way lines, set station identification stakes at locations and intervals appropriate to the type of work being done. For resurfacing and resurfacing/widening projects, set station identification stakes at 200 foot intervals.
- 5.6.5. Personnel, Equipment, and Record Requirements: Employ only competent personnel and use only suitable equipment in performing layout work. Do not engage the services of any person or persons in the employ of the **County** for performance of layout work. Keep adequate field notes and records while performing as layout work. Make these field notes and records available for the **Construction Project Manager** review as the work progresses, and furnish copies to the **County** at the time of completion of the project. The Engineer's inspection, checking, or acceptance of the **Contractor's** field notes, or layout work does not relieve the **Contractor** of his responsibility to achieve the lines, grades, and dimensions shown in the Contract Documents. Prior to final acceptance of the project, mark, in a permanent manner on the surface of the completed work, all horizontal control points originally furnished by the **County**.

5.6.6. Payment: Include the cost of performing layout work as described above in the Contract unit prices for the various items of work that require layout.

5.7. Asbestos, PCBs, Petroleum, Hazardous Waste or Radioactive Material

5.7.1. The **County** shall be responsible for any Asbestos, PCBs, Petroleum, Hazardous Waste or Radioactive material or any hazardous material uncovered or revealed at the site which was not shown or indicated in drawings or specifications or identified in the Contract Documents to be within the scope of the Work and which may present a substantial danger to persons or property exposed thereto in connection with the Work at the site. The **County** shall not be responsible for any such material brought to the site by the **Contractor**, Subcontractor, Suppliers or anyone else for whom the **Contractor** is responsible.

5.7.2. The **Contractor** shall immediately: (i) stop all work in connection with such hazardous condition and in any area affected thereby (except in an emergency as required by 7.13); and (ii) notify the **County** and the **Construction Project Manager** (and thereafter confirm such notice in writing). The **County** shall promptly consult with the **Construction Project Manager** concerning the necessity for the **County** to retain a qualified expert to evaluate such hazardous condition or take corrective action, if any. The **Contractor** shall not be required to resume Work in connection with such hazardous condition or in any such affected area until after the **County** has obtained any required permits related thereto and delivered to the **Contractor** special written notice (i) specifying that such condition and any affected area is or has been rendered safe for the resumption of work; or (ii) specifying any special conditions under which such Work may be resumed safely.

5.7.2.1. If the **County** and the **Contractor** cannot agree as to entitlement to or the amount or extent of an adjustment, if any, in Contract Price or Contract Time as a result of such work stoppage or such special conditions under which Work is agreed by the **Contractor** to be resumed, either party may make a claim therefore as provided in Articles 12 and 13.

5.7.3. If, after receipt of such special written notice, the **Contractor** does not agree to resume such work based on a reasonable belief it is unsafe or does not agree to resume such work under such special conditions, then the **Contractor** may order such portion of the work that is in connection with such hazardous conditions or in such affected area to be deleted from the Work. If the **County** and the **Contractor** cannot agree as to entitlement to or the amount or extent of an adjustment, if any, in Contract Price or Contract Time as a result of deleting such portion of the Work, then either party may make a claim therefore as provided in Articles 12 and 13. The **County** may have such deleted portion of the Work performed by the **County's** own forces or others in accordance with Article

5.7.4. The provisions of 5.2 and 5.5 are not intended to apply to Asbestos, PCBs, Petroleum, Hazardous Waste or Radioactive Material uncovered or revealed at the site.

The **County** has Builder's Risk coverage and will provide the **Contractor** with appropriate Certificate of Insurance upon request. The County's Builder's Risk policy does not insure the **Contractor's** tools, machinery or equipment that is stored at the job site. If the **Contractor** is required to store tools, machinery or equipment at the job site, the **Contractor** should provide insurance in the form of an equipment floater for the **Contractor's** tools and equipment. The **County** should be named as an additional insured on the **Contractor's** policy, with an appropriate waiver of subrogation as to any claims the **Contractor** or the Contractor's insurer may have against the **County** arising from the storage of the **Contractor's** tools and equipment.

The application shall also contain an itemized estimate of all costs that may result directly or indirectly from acceptance of such substitute, including costs of redesign, delays, maintenance and claims of other contractors affected by the resulting change, all of which shall be considered by the **Project Manager** and the **Construction Project Manager** in evaluating the proposed substitute. Approval of any change in costs or schedule as a result of acceptance of the substitute by the **Construction Project Manager** shall be by Change Order.

7.3.2. This paragraph applies to any cost reduction proposal (hereinafter referred to as a Value Engineering Change Proposal or VECP) initiated and developed by the **Contractor** for the purpose of refining the Contract Documents so as to contribute to design cost effectiveness or significantly improve the quality of the end result. VECPs must result in savings without impairing essential functions and characteristics such as safety, service, life, reliability, economy of operation, ease of maintenance, aesthetics and necessary standard design features. The **Contractor** must state that they are submitting a VECP proposal. The VECP shall be submitted to the **County** through the **Construction Project Manager**. The **County** reserves the right to reject, at their discretion, any VECP submittal. As a minimum, the following information shall be submitted by the **Contractor** with each VECP:

7.6. Permits

7.6.1. The **Contractor** shall obtain and pay for all construction permits, licenses, governmental charges, inspection fees and all public utility charges which are applicable and necessary for the execution of the Work. These costs are considered incidental to the Work. Permits, if any, that are provided and paid for by the **County**, are listed in the Contract Documents. Any delays associated with the permitting process will be considered for time extensions only; however, no damages or additional compensation for delay will be allowed.

7.6.2. As required by the appropriate Water Management District (WMD), before beginning any dewatering activities, (whether it is discharged offsite or not), the WMD must be notified. The **Contractor** shall provide the **County** with a forty-eight (48) hour advance notification of any de-watering activities so the **County** can properly notify the WMD. If the **Contractor's** dewatering activity results in offsite discharge to wetlands or surface waters, a permit modification of the original construction permit would be required. Furthermore, if the **Contractor's** dewatering activity results in offsite discharge to wetlands or surface waters, the **Contractor** is to prepare a written dewatering plan and submit said plan to the **County** and the appropriate WMD for approval. The cost for preparing the dewatering plan, the installation thereof and the dewatering shall be included in the unit price for the work requiring dewatering.

7.7. Laws and Regulations

7.7.1. The **Contractor** shall give all notices and comply with all laws, ordinances, rules and regulations applicable to the Work. If the **Contractor** observes that any of the Contract Documents are contradictory to such laws, rules and regulations, it will notify the **Construction Project Manager** promptly in writing. Any necessary changes shall then be adjusted by an appropriate Change Order. If the **Contractor** performs any Work that they know or should have known to be contrary to such laws, ordinances, rules and regulations and without such notice to the **Construction Project Manager**, the **Contractor** shall bear all related costs.

7.8. Taxes

7.8.1. The **Contractor** shall pay all sales, consumer, use and other similar taxes required to be paid by the **Contractor** in accordance with the Laws and Regulations of the place of the project which are applicable during the performance of the Work.

The **Contractor** shall not unreasonably encumber the site with material and equipment. Any loss or damage to the **Contractor's** or any Subcontractor's equipment is solely at the risk of the **Contractor**.

7.9.2. During the progress of the Work, the **Contractor** shall keep the premises free from accumulations of waste material, rubbish and other debris or contaminants resulting from the Work. At the completion of the Work, the **Contractor** shall remove all waste material, rubbish and debris from and about the premises as well as all tools, appliances, construction equipment, machinery and surplus material. The **Contractor** shall leave the site clean and ready for occupancy by the **County** at substantial completion of the Work. All disposals shall be in accordance with applicable laws and regulations. In addition to any other rights available to the **County** under the Contract Documents, the **Contractor's** failure to maintain the site may result in withholding any amounts due the **Contractor**. The **Contractor** shall restore to original condition all property so designated for alteration by the Contract Documents.

7.9.3. The **Contractor** shall not load or permit any part of any structure to be loaded in any manner that will endanger the structure. The **Contractor** shall not subject any part of the Work or adjacent property to stresses or pressures that will endanger them.

7.10. Record Documents

7.10.1. The **Contractor** shall maintain in a safe place at the site, one (1) record copy of all Drawings, Specifications, Addenda, Permits, Change Orders, Change Requests, Field Orders correspondence, field test records, **Contractor's** daily reports and construction photographs, and written interpretations and clarifications in good order, and annotated to show all changes made during construction. These record documents, together with all approved samples and shop drawings, will be available at all times during regular working hours to the **Construction Project Manager** and the **County**. In addition, the **Contractor** shall submit on a daily basis, two (2) copies of the preceding day's daily report to the **County** through the **Construction Project Manager**. The record drawings shall be marked up as the Work progresses to reflect current conditions and shall become the "as-built" plans. The revisions are to be indicated in a neat, well-organized manner and are to include the elevation and plan location of all utilities, structures, etc., encountered or installed. A "record" survey book shall be kept and shall include the following items:

1. The location and elevation of all existing Underground Facilities, utilities and structures, etc. encountered.
2. The finished location and elevation of all Underground Facilities, utilities and structures installed, including, but not limited to, fire hydrants, catch basin and manhole lids, inverts, pipes, curbs, driveways, pavement and any and all underground structures.

7.10.2. All record notes shall be kept in book(s) designed "record" and no other survey notes will be kept in such books. The **Contractor** will be required to review with the **County** the status of the "as built" plans and the record survey notes in connection with the **County** evaluation of each Application for Payment. Failure to maintain record documents current shall be just cause to withhold payments for Work performed. Upon completion of the Work, the **County** shall deliver to the **Contractor** a reproducible set of current Plans. The **Contractor** will transfer all his "as-built" information to these reproducibles and deliver the resultant as-built set of plans, together with the record survey book to the **Construction Project Manager** for the **County**. Each completed set of "As-Built" drawings must include on its face, a certified statement by the **Contractor** that the set of "As-Built" drawings accurately depicts the actual Work as constructed. "As-Built" drawings must meet WMD requirements and at a minimum shall include roadway template data on 100' cross sections including curb elevations, structure invert elevations and outfall elevations.

7.11. Safety and Protection

7.11.1. The **Contractor** shall take all necessary precautions for the safety of and will provide the necessary protection to prevent damage, injury or loss to:

1. All employees on the Work and other persons who may be affected by it.
2. All the Work and all material or equipment to be incorporated, whether in storage on or off the site. The **Contractor** shall assume all risk of loss for stored equipment or

material, irrespective of whether the **Contractor** has transferred the title of the stored equipment or material to the **County**.

3. Other property at the site or adjacent to it, including trees, shrubs, lawns, walks, pavements, roadways, structures and utilities not designated for removal, relocation or replacement in the course of construction.
4. When the performance of the Work requires the use of shoring, sheet piling and other special construction related to excavation, and when required by Laws or Regulations, the **Contractor** shall cause the design of said shoring, sheet piling and other special construction to be performed by a registered Construction Project Manager engineer licensed in the State of Florida. The **Contractor** shall submit, as a Shop Drawing, a certification by the registered engineer, stating that it has complied with this requirement. The **Contractor** shall meet all requirements of such designs prepared by a registered engineer. In addition to any requirements imposed by law, the **Contractor** shall shore up, brace, underpin, and protect as may be necessary, all foundations and other parts of all existing structures adjacent to and adjoining the site of the Work which are in any way affected by the excavations or other operations connected with the performance of the Work.

7.11.2. The **Contractor** is responsible for observing all OSHA regulations and shall self-inspect to ensure this is accomplished. The **Contractor** shall ensure that all personnel are properly trained and shall be able to provide documentation for their personnel that have attended training courses. Examples of such training courses are: Hazard Communications, Traffic Work Zone Safety, Personal Protective Equipment, First Aid/CPR, Permit Required Confined Space, Lock Out/Tag Out of Hazardous Energy. The **Contractor** is required to comply with OSHA Standards regardless of the number of employees they may have.

7.11.3. A **County** representative may periodically monitor work site safety. Should there be safety and/or health violations, classified as Serious, Willful or Criminal/Willful Violations, the **County's** representative may have the authority, but not the duty, to require the **Contractor** to correct the violation in an expeditious manner. Inspections shall be based on requirements contained in law. The definitions of serious, willful and criminal/willful violations are as follows:

1. Serious Violation: A serious violation shall be deemed to exist in a place of employment if there is a substantial probability that death or serious physical harm could result from a condition which exists; or from one or more practices, means, methods, operations or processes which have been adopted or are in use, in such place of employment unless the employer did not, and could not, with the exercise of reasonable diligence, know of the presence of the violation.
2. Willful Violation: May exist where evidence shows that the employer committed an intentional and knowing violation of the Act.
3. Criminal/Willful Violation: A repeat violation of a previously cited willful violation.

7.11.4. Violation of Serious, Willful or Criminal violation may have the following consequences:

1. First violation: The correction may be a verbal warning and the correction shall be done the same day. Written documentation may be maintained by the **County**.

2. Second violation: May result in work stoppage until the violation is corrected. The work stoppage shall not entitle the **Contractor** to additional contract time or compensation. Liquidated damages provision will remain in full force and effect.
3. Third violation: This may constitute a breach of contract for safety violations and may result in termination of the contract, at the sole discretion of the **County**.

Note: The County Safety Officer may stop any job to ensure the safety of all concerned.

- 7.11.5. Should the work site be in a hazardous area, the **County** may furnish the **Contractor** with information concerning hazards such as types or identification of known toxic material, machine hazards, Material Safety Data Sheets or any other information that would assist the **Contractor** in the planning of a safe work site.
- 7.11.6. The **Contractor** shall be aware that while working for the **County**, representatives from agencies such as the United States Department of Labor, Occupational Safety and Health Administration (OSHA) are invitees and need not have warrants or permission to enter the work site. These agencies, as well as the County Safety Officer, enter at the pleasure of the **County**.
- 7.11.7. The **Contractor** shall designate a competent person of its organization whose duty shall be the prevention of accidents at the site. This person shall be the **Contractor's** superintendent, unless otherwise designated in writing by the **Contractor** to the **Construction Project Manager**. All communications to the superintendent shall be as binding as if given to the **Contractor**.
- 7.11.8. Should there be catastrophic injuries, as defined by OSHA, or a fatality on the worksite, the County Safety Manager, Risk Management Division, (863) 534-5267, shall be notified immediately. The **Contractor** shall promptly report by telephone and in writing to a County Representative and **Construction Project Manager** all accidents arising out of or in connection with the Work which cause death, personal injury (defined by OSHA as a "lost time" accident), or property damage in excess of \$500.00; giving full details and statements of any witnesses. County Representatives are defined as follows: The Division Director or the authorized representative, the division Project Manager and County Risk Management. Non-adherence to this policy could be cause for disqualification of the Contractor on future County Projects.
- 7.11.9. Should the County Safety Manager, require the OSHA 300 Log, a written safety and health plan and/or training documents, these documents shall be at this office within 24 hours of the request. Failure to provide the documentation within that time frame may cause the job to be shut down, at no expense to the **County**, until such documents are received.
- 7.11.10. In any event the **County** may stop the work when, in the **County's** opinion, the work is being performed in violation of any health and safety rules, regulations or laws. This includes environmental issues.
- 7.11.11. When it becomes necessary to stop the work for any of the reasons contained herein, the **County** shall issue a Stop Work Order to instruct the **Contractor** to cease

work on the project. The **County** shall not be penalized in any manner as a result of this Stop Work Order.

7.12. Drug Free Workplace Policy

7.12.1 The **County** has a very comprehensive policy to ensure a drug free workplace. The substance of this policy shall become a part of this contract as described below.

1. The **Contractor** and its employees and Subcontractors are strictly prohibited from the following:
 - a) Using illegal drugs on **County** property;
 - b) Manufacturing, distributing, dispensing, selling, possessing, or using a non-prescribed substance, illegal drug or alcohol, while at work or on or in **County** property. Reporting for work or performing work under the influence of a non-prescribed substance, illegal drug or alcohol.
2. If there is reason to believe that this policy is being violated, the **Contractor** shall be required to take immediate action to correct the violation and ensure the **County** that further violations will not occur. The remedy shall, at a minimum, require the person or persons who are the subject of the violation to be banned from the workplace.

7.13. Emergencies

7.13.1. In emergencies affecting the safety of persons, the Work or property at the site or adjacent thereto, the **Contractor**, without special instructions or authorization from the **Construction Project Manager** if time or circumstances do not permit, is obligated to prevent or mitigate threatened damage, injury or loss. The **Contractor** shall give the **Construction Project Manager** written notice that the emergency provision has been invoked and shall state the reasons within twenty-four (24) hours of the incident. If the **Contractor** believes the emergency results in additional Work, a claim for a Change Order may be submitted in accordance with the procedures set forth herein.

7.13.1.1. The **Contractor** shall immediately notify the **Construction Project Manager** of all events involving personal injuries to any person on the site, whether or not such person was engaged in the construction of the Project and shall file a written report on such person(s) and any other event resulting in property damage of any amount within five (5) calendar days of the occurrence.

7.13.1.2. If the **Construction Project Manager** determines that a change in the Contract Documents is required because of the action taken by the **Contractor** in response to such an emergency, a Change Order will be issued to document the consequences of such action.

7.14. Submittals, Shop Drawings, and Samples

7.14.1. In general, the **County** requires shop drawings for items of work not fully detailed in the plans which require additional drawings and coordination prior to constructing the item, including but not limited to:

- l. Minor modifications to the permanent works for the purposes of expediting the **Contractor's** chosen construction methods
- m. Requirements in Provision 7.11.1.5

7.14.2. Other provisions of the Contract Documents may waive the requirement for submittals for certain items; e.g., items constructed from standard drawings or those complying with alternate details for pre-stressed members under FDOT Standard Specification Section 450. The Special Conditions may also list the submittals required.

7.14.3. After checking and verifying all field measurements and after complying with applicable procedures specified in the Specifications, the **Contractor** shall submit to the **Construction Project Manager** for review and approval in accordance with the accepted schedule of Submissions, seven (7) copies for use by the **County, Construction Project Manager** and any additional copies as required by the **Contractor** (unless otherwise specified in the Contract Documents) of all Submittals and Shop Drawings, which shall have been checked by and stamped with the approval of **Contractor** and identified as the **Construction Project Manager** may require. The **Contractor** shall submit a copy of the transmittal letter providing drawing numbers and titles for each item included in Submittals and Shop Drawings to the **Construction Project Manager**.

7.14.4. The **Contractor** shall also submit to the **Construction Project Manager** for review and approval, with such promptness as to cause no delay in the Work, all samples required by the Contract Documents. All samples shall have been checked by and stamped with the approval of the **Contractor**, identified clearly as to material, manufacturer, any pertinent data such as catalog numbers and the use for which it is intended.

7.14.5. The **Contractor's** stamp of approval on any Submittal, Shop Drawing or sample shall constitute its representation to the **County** and the **Construction Project Manager** that the **Contractor** has either determined and verified all quantities, dimensions, field construction criteria, materials, catalog numbers, specified performance criteria, and similar data or assumes full responsibility for doing so, and that the **Contractor** has reviewed or coordinated each Submittal, Shop Drawing or sample with the requirements of the Work and the Contract Documents.

7.14.6. At the time of each submission, the **Contractor** shall in writing call the **Construction Project Manager's** attention to any deviations that the Submittals, Shop Drawings or samples may have from the requirements of the Contract Documents, and,

in addition, shall cause a specific notation to be made on each submission of such variation.

7.14.7. The **Construction Project Manager** will review Submittals, Shop Drawings and review samples and return the **Contractor's** submittals stamped with the following notation:

- APPROVED
- APPROVED AS NOTED
- REVISE AND RESUBMIT
- NOT APPROVED

Reviewed By: _____

Date: -----

7.14.8. Approval is only for general conformance with the design concept of the Project and compliance with the information given in the Contract Documents. Such reviews and approvals or other actions shall not extend to means, methods, techniques, sequences, or procedures of construction or to safety precautions and programs incident thereto. The **Contractor** is responsible for dimensions to be confirmed and correlated at the job site; for information that pertains solely to the fabrication processes or to techniques of construction; and for coordination of the Work of all trades.

7.14.9. The **Construction Project Manager's** review and approval will be only for conformance with the design concept of the Project and for compliance with the information given in the Contract Documents and shall not extend to the accuracy of other matters that may be contained in the submittals, including but not limited to such matters as dimensions, quantities, performance of Equipment and systems designed by the **Contractor**, engineering design furnished by the **Contractor**, the Contractor's means, methods, techniques, sequences or procedures of construction (except where a specific means, method, technique, sequence, or procedure of construction is indicated in or required by the Contract Documents) or to safety precautions or programs incident thereto, the correctness of which shall remain the sole responsibility of the **Contractor**. The review and approval of a separate item as such will not indicate approval of the assembly in which the item functions. The **Contractor** shall make any corrections required by the **Construction Project Manager** and shall return the required number of corrected copies of Submittals and Shop Drawings and resubmit new samples for review. The **Contractor** shall direct specific attention in writing to revisions other than the corrections called for by the **Construction Project Manager** on previous submittals.

7.14.10. The **Construction Project Manager's** review and approval of Submittals, Shop Drawings or samples shall not relieve the **Contractor** from responsibility for any variation from the requirements of the Contract Documents unless the **Contractor** has in writing called the **Construction Project Manager's** attention to each such variation at the time of submission and the **Construction Project Manager** has given written approval of each such variation by a specific written notation thereof incorporated in or accompanying the Submittal, Shop Drawing or sample approval; nor will any approval by the **Construction Project Manager** relieve the **Contractor** from responsibility for errors or omissions in the Submittals, Shop Drawings or samples or from responsibility for having complied with the provisions of 7.14.4.

7.14.11. Where a Submittal, Shop Drawing or sample is required, no related Work shall commence until the submittal has been returned by the **Construction Project Manager** and noted "Approved" or "Approved As Noted".

7.14.12. All costs incurred in connection with the **Construction Project Manager's** review and return of a particular Submittal, Shop Drawing or sample submission after the **Construction Project Manager's** second review shall be borne by the **Contractor**, including the **Construction Project Manager's** charges to the **County** under the terms of their agreements with the **County**. The **County** shall be entitled to deduct these costs from the Contract Price by issuing a Change Order.

7.14.13. In reviewing Submittals, Shop Drawings or samples, the **Construction Project Manager** shall be allowed thirty (30) days from the date the **Construction Project Manager** receives the submittal or re-submittal from the **Contractor** to return the submittal in accordance with this Section, unless otherwise provided in the Contract Documents. The **Construction Project Manager's** review and return of a Submittal, Shop Drawing or sample within the time allowed shall not justify an increase in the Contract Price or an extension in Contract Time. Any delay in connection with the **Contractor's** submittal and any re-submittal of a particular Submittal, Shop Drawing or sample shall represent delays under the control of the **Contractor** and shall not justify an increase in Contract Price or an extension in Contract Time.

ARTICLE 8 – OTHER WORK

8.1 The **County** may perform additional work related to the Project with its own forces or may use other contracts for the execution of additional work. The **Contractor** shall provide the other contractors who are parties to such contracts, including but not limited to, the other contractor's employees, agents, Subcontractors and Suppliers (or the **County's** forces performing the additional work), reasonable opportunity for the introduction and storage of material and equipment and the execution of work, and shall properly connect and coordinate its work with theirs. The **Contractor** shall do all cutting, fitting and patching of the Work that may be required to make its several parts come together properly and integrate with such other work. The **Contractor** shall not endanger any work of others by cutting, excavating or otherwise altering their work and will only cut or alter their work with the written consent of the **Construction Project Manager** and the others whose work will be affected. The **Contractor** is not entitled to exclusive use of the site.

8.1. If any part of the **Contractor's** work depends (for proper execution or results) upon the work of any other contractor (or the **County**), the **Contractor** will inspect and promptly report to the **Construction Project Manager** in writing any defects or deficiencies in the work that renders it unsuitable for the proper execution and results. The **Contractor's** failure to report shall constitute an acceptance of the other work, except as to defects and deficiencies which may appear in the other work after the execution of its work.

ARTICLE 9 – COUNTY'S RESPONSIBILITIES

9.1 Except as otherwise provided in these General Conditions, the **County** shall issue all communications to the **Contractor** through the **Construction Project Manager**.

9.1. The **County** shall furnish the data required under the Contract Documents and shall make payments to the **Contractor** when due as provided in Article 17.

9.2. The **County's** responsibilities for providing lands, easements and engineering surveys to establish reference points are set forth in Article 5.

ARTICLE 10 – CONSTRUCTION PROJECT MANAGER'S STATUS DURING CONSTRUCTION

10.1 County's Representative

10.1. The **Construction Project Manager** shall be a representative of the **County** during the construction period. The duties, responsibilities and limitations of authority of the **Construction Project Manager** as the **County's** representative during construction are set forth in these General Conditions.

10.2. Visits to the Site

10.2.1. The **Construction Project Manager** shall make periodic visits to the site to observe the progress and quality of the executed Work and to determine, in general, if the Work is proceeding in accordance with the Contract Documents.

10.3. Clarifications and Interpretations

10.3.1. The **Construction Project Manager** shall issue such written clarifications or interpretations of the Contract Documents (in the form of Revised Plan Sheets from the EOR, Drawings, RFI's, or otherwise) as may be determined necessary, or as reasonably requested by the **Contractor**, which shall be consistent with or reasonably inferable from the overall intent of the Contract Documents. If the **Contractor** believes that a written clarification and interpretation entitles them to an increase in the Contract Price, Contract time, or both, the **Contractor** may make a claim as provided for in Article 11, 12 and 13.

10.4. Rejecting Defective Work

10.4.1. The **Construction Project Manager** has the authority to disapprove or reject Work, which is defective. The **Construction Project Manager** also has authority to require special inspection or testing of the Work at the **Contractor's** expense, as provided in Article 16, whether or not the Work is fabricated, installed or completed when the work has been declared defective.

10.5. Decisions on Disagreements

10.5.1. The **Construction Project Manager** shall interpret the requirements of the Contract Documents and determine the acceptability of the Work. If the **Contractor** disagrees with the **Construction Project Manager's** opinion, the **Contractor** shall refer claims, disputes and other matters relating to the acceptability of the Work or their interpretation of the requirements of the Contract Documents initially to the **Construction Project Manager** in writing with a request for a formal decision. The

Construction Project Manager will render in writing their opinion concerning the **Contractor's** request for a formal decision and shall submit same to the **County Project Manager**. After receipt of the **Construction Project Manager's** written opinion and all information requested from the **Contractor**, the **County Project Manager** shall render a formal decision in writing, which shall then be conveyed to the **Contractor** by the **Construction Project Manager**. Written notice of each claim, dispute and other matter shall be delivered by the **Contractor** to the **Construction Project Manager** within seven (7) calendar days of the occurrence first happening. Written supporting data will be submitted to the **Construction Project Manager** within fifteen (15) calendar days after the occurrence unless the **Construction Project Manager** allows additional time. If the **Contractor** fails to strictly comply with these notices and submittal time periods, the **Contractor** shall be deemed to have waived their right to assert a claim the **Contractor** might otherwise have had concerning the matter.

10.6. Limitation on Construction Project Manager's Responsibilities

10.6.1. Neither the **Construction Project Manager's** authority to act under this Article or elsewhere in the Contract Documents, nor any decision made in good faith to exercise their authority, shall give rise to any duty or responsibility of the **Construction Project Manager** to the **Contractor**, any Subcontractor, any of their agents or employees.

10.6.1.1. The **Construction Project Manager** shall not be responsible for the construction means, methods, techniques, sequences, procedures or the safety precautions and programs used. The **Construction Project Manager** shall not be responsible for the **Contractor's** failure to perform the Work in accordance with the Contract Documents.

10.6.1.2. The **Construction Project Manager** shall not be responsible for the acts or omissions of the **Contractor**, any Subcontractors, any agents, employees or any other persons performing any of the Work.

ARTICLE 11 – CHANGES IN THE WORK

11.1 Changes

11.1. Without invalidating the Contract, the **County** may at any time order additions, deletions or revisions in the Work. The **Construction Project Manager** shall provide the **Contractor** with a proposal request, identifying the work to be added, deleted or revised. Upon receipt, the **Contractor** shall promptly submit a written proposal for the changed work prepared in accordance with Articles 12 and 13. If the proposal request calls only for the deletion of work, the **Construction Project Manager** may order the partial suspension of any work related to the proposed deletion, in which case the **Contractor** must cease performance as directed; the **Contractor** shall not be entitled to claim lost profits on deleted work. All change work shall be executed under the applicable conditions of the Contract Documents.

11.2. Additional work performed by the **Contractor** without authorization of a Change Order or Allowance Authorization will not entitle the **Contractor** to an increase in the Contract Price or an extension of the Contract Time, except in the case of an emergency as provided in Article 7.13. The

effect of this paragraph shall remain paramount and shall prevail irrespective of any conflicting provisions contained in these Contract Documents.

11.3. Upon agreement as to changes in the Work to be performed, work performed in an emergency as provided in Article 7.13, and any other claim of the **Contractor** for a change in the Contract Time or the Contract Price, the **Construction Project Manager** will prepare a written Change Order to be signed by the **Construction Project Manager** and the **Contractor** and submitted to the **County** for approval.

11.4. It is the **Contractor's** responsibility to notify its Surety of any changes affecting the general scope of the Work, Contract Price or Contract Time.

11.5. In the absence of an agreement as provided in 11.1.3, the **County** may, at its sole discretion, issue a Construction Change Directive to the **Contractor**. Pricing of the Construction Change Directive will be in accordance with Article 12. The Construction Change Directive will specify a price and, if applicable, a time extension determined to be reasonable by the **County**. If the **Contractor** fails to sign such Construction Change Directive, the **Contractor** may submit a claim in accordance with Articles 11, 12,13, and 19 but the **Contractor** shall nevertheless be obligated to fully perform the Work as directed by the Construction Change Directive.

11.6. The **Contractor** shall proceed diligently with performance of the Work as directed by the **County**, regardless of pending claim actions, unless otherwise agreed to in writing.

ARTICLE 12 – CHANGE OF CONTRACT PRICE

12.1 The Contract Price

12.1.1. The Contract Price constitutes the total compensation (subject to written authorized adjustments) payable to the **Contractor** for performing the Work. All duties, responsibilities and obligations assigned to or undertaken by the **Contractor** shall be at the **Contractor's** expense without change in the Contract Price.

12.1.2. The Contract Price may only be increased or decreased by a written Change Order or Construction Change Directive. Any claim for an increase shall be in writing and delivered to the **Construction Project Manager** within seven (7) calendar days of the occurrence first happening. Written supporting data will be submitted to the **Construction Project Manager** within fifteen (15) calendar days after the occurrence unless the County allows additional time.

12.1.3. The value of any work covered by a Change Order or of any claim for an adjustment in the Contract Price will be determined by the following procedures:

12.1.3.1. Designated Unit Price (Field Measure)

The **Contractor** and the **County** recognize and acknowledge that the quantities shown for those items designated in the Bid Submittal (Part C) as unit price items are approximations prepared by the **County** for bid purposes and that the actual compensation payable to the **Contractor** for the utilization of these items is based upon the application of unit prices to the actual quantities of items involved as measured in the field and required to complete the Work as originally defined in the Contract Documents.

When it is determined by the **County** that an addition, deletion or revision to the Work as defined in these Contract Documents is required and affects the quantities required for items designed in the Bid Submittal (Part C) as unit price items, the **Contractor** and the **County** agree that the compensation payable to the **Contractor** for the unit price items shall be adjusted accordingly by a Change Order based upon the application of the appropriate unit prices shown in the Bid Submittal (Part C) and the actual quantities required to complete the Work. The County does not re-negotiate unit prices for Significant Changes as defined in FDOT Division I Specifications.

12.1.3.2. Other Unit Prices

For items not designated in the Bid Submittal (Part C) as unit prices, the **County** and the **Contractor** may establish unit prices as agreed on by Change Order.

12.1.3.3. Lump Sum Items

When it is determined by the **County** that an addition, deletion or revision to the Work is required which results in a change in the Work designated in the Bid Submittal as a lump sum item, the amount of increase or decrease in the lump sum price shall be established by mutual agreement of the parties.

12.1.4. If the pricing methods specified in 12.1.3 are inapplicable, or if the parties are unable to agree on a price for the changed work, a reasonable price for the same shall be established by the **County** in accordance with 12.2. The **County** shall then process a unilateral Change Order, specifying the said reasonable price, in accordance with 11.1.5. The **Contractor** shall perform the work as directed in the Change Order.

12.1.5. Failure on the part of the **Contractor** to construct any item to plan or authorized dimensions within the specification tolerances shall result in: reconstruction to acceptable tolerances at no additional costs to the **County**; acceptance at no pay; or acceptance at reduced final pay quantity or reduced unit price, all at the discretion of the **County**. Determinations of aggregate monetary change for items identified as lump sum quantities shall be made by the **County** based upon an analysis of the scope of the **Contractor's** failure to construct to plan or authorized dimensions.

12.2. Cost of Work

12.2.1. The term "Cost of Work," for the purpose of Change Orders or Allowance Work, means the cost necessarily incurred and paid by the **Contractor** in the proper performance of the Change Order Work. Except as may be agreed to in writing by the **Construction Project Manager**, such costs shall be in amounts no higher than those prevailing in the area of the Work and may include the categories listed below.

12.2.2. Labor (payroll, taxes, fringe benefits, worker's compensation, health and retirement benefits, sick leave)

12.2.3. Owned Equipment (at lowest applicable equipment manual rate) (Blue Book Value)

12.2.4. Rented Equipment (at actual rental rate)

12.2.5. Material

12.2.6. Supplies

12.2.7. Subcontractors' Costs

12.2.8. Bonds and Insurance

12.2.9. Contractor's Fee (per 12.3)

12.2.10. Permit Fees

12.2.11. The **Contractor** shall require all Subcontractors and Suppliers to comply with all requirements of, and provide itemizations of, all claims in accordance with this Article.

12.2.12. The term "Cost of the Work" shall not include any of the following:

12.2.12.1. Payroll costs and other compensation of the **Contractor's** officers, executives, principals (of partnership and sole proprietorships), general managers, engineers, architects, estimators, layers, auditors, accountants, Procurement and contracting agents, expeditors, timekeepers, clerks and other personnel employed by the **Contractor**, whether at the site or in its principal or a branch office, for general administration of the Change Order work and not specifically included in the agreed upon schedule of job classifications, all of which are to be considered administrative costs covered by the **Contractor's** mark-up.

12.2.12.2. Extraordinary fringe benefits not specifically identified in Article 12.2.1.1.

12.2.12.3. Expenses of **Contractor's** principal and branch offices other than the **Contractor's** office at the site.

12.2.12.4. Any part of the **Contractor's** capital expenses, including interest on the **Contractor's** capital used for the Change Order work and charges against the **Contractor** for delinquent payments.

12.2.12.5. Cost of premiums for all bonds and insurance, whether or not the **Contractor** is required by the Contract Documents to purchase and maintain the same (except for additional bonds and insurance required because of changes in the work).

12.2.12.6. Costs due to the negligence of the **Contractor**, any Subcontractor or anyone directly or indirectly employed by any of them or for whose acts any of them may be liable, including but not limited to: the correction of defective Work; disposal of material or equipment wrongly supplied; and making good any damage to property.

12.2.12.7. Overhead or general expense costs of any kind (other than as provided in 12.3).

12.3. **Contractor's Mark-Up**

12.3.1. The maximum percentage allowed for the **Contractor's** combined overhead and profit shall be as follows:

12.3.1.1. For all such Change Order work or Allowance Work done, a fixed percentage of the total adjustment to the Contract Price shall be negotiated and shall not exceed ten percent (10%).

12.3.2. For all changes, the **Contractor** shall submit an itemized cost breakdown, together with supporting data in the detail and form as prescribed by the **Construction Project Manager**. When a credit is due, the amount of credit to be allowed by the **Contractor** to the **County** for any change which results in a net decrease in cost will be the amount of the actual net decrease in direct cost as determined by the **Construction Project Manager**, plus the applicable reduction in overhead and profit. When both additions and credits are involved in any change, the combined overhead and profit shall be calculated on the basis of the net change, whether an increase or decrease. In any event, the minimum detail shall be an itemization of all man-hours required by discipline/trade with the unit cost per man-hour and total labor price, labor burden,

equipment hours and rate for each piece of equipment, material by units of measure and price per unit, other costs specifically itemized, plus the overhead and profit markup.

ARTICLE 13 – CHANGE OF CONTRACT TIME

13.1 It is the Contractor's duty, responsibility and obligation to perform the Work in accordance with the Contract Documents within the authorized Contract Time. The Contractor shall not submit a CPM Baseline Schedule showing less time than the original contract time established in the Contract Documents. The Contract Time may only be changed by a Change Order. Any request for an extension in the Contract Time shall be made in writing and delivered to the **Construction Project Manager** within seven (7) calendar days of the occurrence first happening and resulting in the claim. Written supporting data will be submitted to the **Project Manager** within fifteen (15) calendar days after the occurrence, unless the **Construction Project Manager** allows additional time. All claims submitted by the **Contractor** for adjustments to the Contract Time must set forth in detail the reasons for and causes of the delay and clearly indicate why the subject delay was beyond the **Contractor's** control or fault.

13.1.1. If the **Contractor** is delayed at any time in the performance, progress, commencement or completion of the Work by any act or neglect of the **County** or the **Construction Project Manager**, by an employee of either, by any separate contractor employed by the **County**, by changes ordered in the Work, by labor disputes, fire, unavoidable casualties, unforeseeable weather conditions, utility conflicts which could not have been identified or foreseen by the **Contractor** using reasonable diligence or by any causes beyond the **Contractor's** control or fault, then the Contract Time shall be extended by Change Order for such reasonable time as the **County** may determine. The **Contractor** shall be entitled to an extension of time for causes only for the number of days of delay which the **County** may determine to be due solely to these causes and only to the extent these occurrences actually delay the completion of the Work; and then only if the **Contractor** shall have strictly complied with all the requirements of the Contract Documents. Provided, however, notwithstanding anything in the Contract Documents to the contrary, no interruption, interference, inefficiency, suspension or delay in the performance, progress, commencement or completion of the Work for any cause whatsoever, including those for which the **County** or the **Construction Project Manager** may be responsible in whole or in part, shall relieve **Contractor** of its duty to perform or give rise to any right to damages or additional compensation from the **County**. The **Contractor's** sole and exclusive remedy against the **County** for interruption, interference, inefficiency, suspension or delay of any aspect of the Work shall be right to seek an extension to the Contract Time in accordance with the procedures set forth herein. The **Contractor** shall have no entitlement to any monetary compensation for any delays. Any time granted by the **County** shall be non-compensable Contract Time.

ARTICLE 14 - UNCONTROLLABLE FORCES (FORCE MAJEURE)

14.1 Neither the **County** nor the **Contractor** shall be considered to be in default of the Contract if delays in, or failure of performance, shall be due to Uncontrollable Forces, the effect of which, by the exercise of reasonable diligence, the non-performing party could not avoid. The term "Uncontrollable Forces" shall mean any event which results in the prevention or delay of performance by a party of its obligations under this Contract and which is beyond the reasonable control of the non-performing

party. It includes, but is not limited to fire, flood, earthquakes, storms, lighting, epidemic, war, riot, civil disturbance, sabotage, and governmental actions.

14.1.1. Neither party shall, however, be excused from performance if nonperformance is due to forces which are preventable, removable, or remediable and which the nonperforming party could have, with the exercise of reasonable diligence, prevented, removed or remedied with reasonable dispatch.

14.1.2. The nonperforming party shall, within five (5) days after being prevented or delayed from performance by an Uncontrollable Force, deliver written notice to the other party particularly describing the circumstance and Uncontrollable Forces preventing its continued performance of the obligations of this Contract and a good faith estimate as to the anticipated duration of the delay.

ARTICLE 15 – WARRANTY AND GUARANTEE

15.1 Warranty and Guarantee

15.1.1. The **Contractor** warrants and guarantees to the **County** that all material and equipment will be new, unless otherwise specified; and that all work will be of good quality, performed in a workmanlike manner, free from faults or defects, and in accordance with the requirements of the Contract Documents and any inspections, tests or approvals referred to in this Article. All unsatisfactory Work, all faulty Work and all Work not conforming to the requirements of the Contract Documents or such inspections, tests, approvals or all applicable building, construction and safety requirements, shall be considered defective. Notice of all defects shall be given to the **Contractor** by the **Construction Project Manager**. All defective work, whether or not in place, may be rejected, corrected or accepted as provided in Article 16.

15.1.2. If, after approval of final payment and prior to the expiration of one year after the date of Final Completion or such longer period of time as may be prescribed by law or by the terms of any applicable special guarantee required by the Contract Documents, any Work or material are found to be defective, incomplete or otherwise not in accordance with the Contract Documents, the **Contractor** shall promptly, without cost to the **County** and in accordance with the **County's** written instructions, either correct such defective Work or, if it has been rejected by the **County**, remove it from the site and replace it with non-defective work. If the **Contractor** does not promptly comply with the terms of such instructions, the **County** may have the defective Work corrected, removed or replaced. All direct and indirect costs of such action will be paid by the **Contractor**.

Article 16 – ACCEPTANCE OF DEFECTIVE WORK

16.1 Tests and Inspections

16.1.1. If the Contract Documents, laws, ordinances, rules, regulations or orders of any public authority having jurisdiction require any Work to specifically be inspected, tested or approved by someone other than the **Contractor**, the **Contractor** shall give the

Construction Project Manager timely notice. The testing firm(s) (if assigned by the **Contractor** to this Work) and all such inspections, tests or approvals provided for by the **County** shall be identified in writing by the **Construction Project Manager** to the **Contractor**. All other inspections, tests or approvals shall be at the **Contractor's** expense, including additional expenses for inspection and tests required as a result of delays by the **Contractor** or hours worked in excess of 40 hours per week. For all required inspections, tests and approvals on any Work prepared, performed or assembled away from the site, the **Contractor** will furnish the **Construction Project Manager** with the required Certificates of Inspection, testing or approval. All such tests will be in accordance with the methods prescribed by the American Society for Testing and Material, or such other applicable organizations as may be required by law or the Contract Documents. Material or Work in place that fail to pass acceptability tests shall be retested at the direction of the **Construction Project Manager** and at the **Contractor's** expense.

- 16.1.2. Neither observations by the **Construction Project Manager** or the **County Project Manager** nor inspections, tests or approvals by persons other than the **Contractor** shall relieve the **Contractor** of its obligations to perform the Work in accordance with the requirements of the Contract Documents.

16.2. Access to the Work

16.2.1 For the duration of the Work, the **Construction Project Manager** and their representatives, other designated representatives of the **County** and authorized representatives of any regulatory agency shall at all times be given access to the Work. The **Contractor** shall provide proper facilities for such access and observation of the Work and also for any inspection or testing by others.

16.3. Uncovering the Work

- 16.3.1. If any work required to be inspected, tested or approved is covered prior thereto without the prior written approval of the **Construction Project Manager**, or if any work is covered contrary to the request of the **County Project Manager**, the work shall, if requested by the **Construction Project Manager** or the **County Project Manager**, be uncovered for observation, inspection, testing or approval and replaced at the **Contractor's** expense. If it is found that such Work is defective, the Contractor shall bear the expense of removal and replacement of the Work.

16.4. Stop Work

- 16.4.1. When work is defective or when the **Contractor** fails to supply sufficient skilled workmen, suitable material, suitable equipment, make prompt payments to Subcontractors for labor, material or equipment, or if the **Contractor** violates any provisions of these Contract Documents; the **County** may order the **Contractor** to stop the work until the cause for such order has been eliminated. However, this right of the **County** to stop the work shall not give rise to any duty on the part of the **County** to exercise this right for the benefit of the **Contractor** or any other party. The **Contractor** shall have no right to claim an increase in the Contract Price or Contract Time or other damages for a stop work order under this paragraph.

16.5. Correction or Removal of Defective Work

16.5.1. When directed by the **Construction Project Manager**, the **Contractor** shall promptly, without cost to the **County** and as specified by the **Construction Project Manager** either correct the defective work whether fabricated, installed or completed, or remove it from the site and replace it with non-defective work. If the **Contractor** does not correct such defective work or remove and replace such defective work within a reasonable time, all as specified in a written notice from the **Construction Project Manager**, the **County** may have the deficiency corrected. All direct and indirect costs of such correction shall be paid by the **Contractor** or deducted from payment to the **Contractor**. The **Contractor** will also bear the expense of correcting or removing and replacing all work of others destroyed or damaged by the correction, removal or replacement of the defective work.

16.6. 16.6 Acceptance of Defective Work

16.6.1. 16.6.1 If, instead of requiring correction or removal and replacement of defective work, the **County** prefers to accept it, the **County** may do so. In such case, if acceptance occurs prior to approval of final payment, a Change Order incorporating the necessary revisions in the Contract Documents, including an appropriate reduction in the Contract Price, shall be issued. If the acceptance occurs after approval of final payment, the **Contractor** shall pay to the **County** an appropriate sum to compensate for the defect in the work.

16.7. 16.7 Neglected Work by Contractor

16.7.1. 16.7.1 If the **Contractor** neglects to execute the Work in accordance with the Contract Documents, including any requirements of the progress schedule, the **Construction Project Manager** may direct the **Contractor** to submit a recovery plan and take specific corrective actions including, but not limited to, employing additional workmen and/or equipment, working extended hours and additional days, all at no cost to the **County**, in order to put the Work back on schedule. If the **Contractor** fails to correct the deficiency or take appropriate corrective action, the **County** may terminate the contract or **Contractor's** right to proceed with that portion of work and have the work done by others. The cost of completion under such procedure shall be charged against the **Contractor**. A Change Order shall be issued incorporating the necessary revisions in the Contract Documents, including an appropriate reduction in the Contract Price. If the payments due the **Contractor** are not sufficient to cover such amount, the **Contractor** shall pay the difference to the **County**.

16.7.2. 16.7.2 Should the **Contractor** work overtime, weekends or holidays to regain the schedule, all costs to the **County** of associated inspection, construction management and resident engineering shall be identified to the **Contractor** and the Contract Price reduced by a like amount via Change Order.

ARTICLE 17 – PAYMENT AND COMPLETION

17.1 Schedule of Values

17.1.1. The Schedule of Values established as provided in General Conditions 3.5.2.2 will serve as the basis for progress payments and will be incorporated into a form of Application for Payment acceptable to the **Construction Project Manager** and the **County Project Manager**. Progress payments using unit prices bid will be based on the number of units completed. Lump sum bids do not have a provision for a unit price adjustment.

17.1.2. The Schedule of Values will include a breakdown of divisions of the work in a manner that will identify Subcontractors by the classification of their work according to any accepted numerical sequence, such as AIA numerical classification. Any Subcontractor identified by the **Contractor**, as a Woman/Minority Business Entity shall be noted in the schedule of values on a separate line of the schedule of values with an extension to the numerical classification used to identify the particular division of work. The extension will be according to the following: 002- Woman Business Enterprise; 003 – African American Enterprise; 004 – Hispanic American; 005 – Asian Pacific American Business; 006 – Native American Business; and 007 – Asian-Indian American Business.

17.2. Application for Progress Payment

Contractor Certification of Disbursement of Previous Progress Payments to Subcontractors and Suppliers

17.2.1. At least seven (7) calendar days before the date established for each progress payment (but not more often than once a month), **Contractor** shall submit the following to the **Construction Project Manager** for review: (i) an Application for Payment filled out and signed by the **Contractor** covering the work completed as of the date of the Application; (ii) a Contractor Certification of Disbursement of Previous Progress Payments to Subcontractors and Suppliers (as further described in Subsection 16.2.2 below) in a form the **County** will designate and provide to the **Contractor**, and (iii) all other supporting documentation as is required by the Contract Documents. If payment is requested on the basis of material and equipment not incorporated in the Work but delivered and suitably stored at the site or at another location agreed to in writing, the Application for Payment shall also be accompanied by a bill of sale, invoice or other documentation warranting that the **County** has received the material and equipment free and clear of all liens and evidence that the material and equipment are covered by appropriate property insurance and other arrangements to protect the **County's** interest therein, all of which will be satisfactory to the **County**. Payment is subject to retainage in accordance with F.S. 218.735. The amount of retainage is 5% in accordance with the contract document or as provided in F.S. 218.735.

17.2.2. As additional conditions precedent to the **County's** obligation to pay the **Contractor** each progress payment, to include the final payment due under the Contract, the **Contractor** must (i) pay all Subcontractors and Suppliers their respective pro rata share of all previous payments (to include any payments of retainage) that the **County** has made to **Contractor** for Work that has been satisfactorily completed; and (ii) execute and deliver to the **Construction Project Manager** a Contractor Certification of Disbursement of Previous Progress Payments to Subcontractors and Suppliers with its Application for Payment submitted in accordance with Subsection 16.2.1 above. If the **Contractor** has not made the required payments to all Subcontractors and

Suppliers, but the **Contractor** has (a) demonstrated good cause (as reasonably determined by the **County**) for not making any required payment; (b) delivered written notice to the **County** and to the applicable Subcontractor or Supplier specifically stating why the **Contractor** has not paid the Subcontractor or Supplier its proportionate share of the progress payments that the **County** has made to the **Contractor** pursuant to the Contract, and (c) completed all other requirements and conditions precedent to the receipt of the requested progress payment, then the **County** will pay **Contractor** the progress payment in accordance with the Contract requirements.

17.3. **Contractor's Warranty of Title**

17.3.1. **Contractor** warrants and guarantees that title to the work, material and equipment covered by any Application for Payment, whether incorporated in the Work or not, will pass to the **County** no later than the time of payment, free and clear of all liens.

17.4. **Approval of Payments**

17.4.1. By signing and submitting an Application for Payment, the **Contractor** certifies that all work and/or materials storage associated with the quantities in the Application for Payment have been completed in accordance with the Contract Documents. When the Contract contains Utility Work by the Roadway Contractor the **Contractor** shall prepare a separate Application for Payment for each utility participating in the Utility Work by the Roadway Contractor. The **Contractor** shall submit Applications for Progress Payment for progress successfully performed and completed for each calendar month during the term of the contract.

17.4.2. The **Construction Project Manager**, after receipt of each Application for Payment, will either indicate in writing a recommendation of payment and present the application to the **County**, or return the application to the **Contractor** indicating in writing the **Construction Project Manager's** reasons for refusing to recommend payment. In the latter case, the **Contractor** may make the necessary corrections and resubmit the application. The **County** shall make payment in accordance with F.S. 218.735.

17.4.3. The **Construction Project Manager's** recommendation of any payment requested in an Application for Payment will constitute a representation by the **Construction Project Manager** to the **County** based on the **Construction Project Manager's** review of the Application for Payment and the accompanying data and schedules, that to the best of the **Construction Project Manager's** knowledge, information and belief:

a) The Work has progressed to the point indicated;

b) The quality of the Work is generally in accordance with the Contract Documents (subject to an evaluation of the Work as a functioning whole prior to or upon substantial completion, to the results of any subsequent tests called for in the Contract Documents, to a final determination of quantities and classifications for Unit Price Work and to any other qualifications stated in the recommendation); and

c) The conditions precedent to the **Contractor's** being entitled to such payment appear to have been fulfilled in so far as it is the **Construction Project Manager's** responsibility to observe the Work.

17.4.4. By recommending any such payment, the **Construction Project Manager** will not be deemed to have represented that: (i) exhaustive or continuous on-site inspections have been made to check the quality or the quantity of the Work beyond the responsibilities specifically assigned to the **Construction Project Manager** in the Contract Documents; or (ii) that there may not be other matters or issues between the parties that might entitle the **Contractor** to be paid additionally by the **County** or entitle the **County** to withhold payment to the **Contractor**.

17.4.5. The **Construction Project Manager's** recommendation of any payment, including final payment, shall not mean that the **Construction Project Manager** is responsible for the **Contractor's** means, methods, techniques, sequences or procedures of construction; or the safety precautions and programs incident thereto; or for any failure of the **Contractor** to comply with Laws and Regulations applicable to the furnishing or performance of Work; or for any failure of the **Contractor** to perform or furnish Work in accordance with the Contract Documents.

17.4.6. The **Construction Project Manager** may refuse to recommend the whole or any part of any payment if, in the **Construction Project Manager's** opinion, they are unable to make the representation that the Application is acceptable to the **County**. The **Construction Project Manager** may also refuse to recommend any such payment or, because of subsequently discovered evidence or the results of subsequent inspections or tests, nullify any such payment or, because of subsequently discovered evidence or the results of subsequent inspections or tests, nullify any such payment previously recommended, to such extent as may be necessary in the **Construction Project Manager's** opinion to protect the **County** from loss because:

- a) The Work is defective;
- b) The Contract Price has been reduced by Change Order;
- c) The **County** has been required to correct defective work or complete work in accordance with Article 15;
- d) Claims have been filed against the **County** for which the **Contractor** may be liable; and/or
- e) The work was executed unsatisfactorily; the **Contractor** failed to clean up as required in Article 7 or the work is otherwise not in compliance with these Contract Documents.

17.4.7. The **County** will give the **Contractor** immediate notice stating the reasons for such action and promptly pay the **Contractor** the amount so withheld, or any adjustment thereto agreed to by the **County** and the **Contractor**, when the **Contractor** corrects, to the **County's** satisfaction, the reasons for such action.

17.5. Substantial Completion

- 17.5.1. Definition. Substantial Completion is the stage in the progress of the Work when the Work or specified portion thereof is sufficiently complete in accordance with the Contract Documents so the **County** can occupy or utilize the Work for its intended purpose.
- 17.5.2. Certificate of Substantial Completion. When the **Contractor** considers that the Work, or a specified portion thereof, which the **County** agrees to accept separately, is substantially complete, the **Contractor** shall notify the **Professional** and the **Project Manager**. Along with such notification, the **Contractor** shall submit to the **Professional** a thorough and inclusive list of all remaining Work items to be completed or corrected. Upon receipt of the **Contractor's** notification and list, the **Professional** and the **Project Manager** will visit the site to determine whether the Work or designated portion thereof is substantially complete. Once the **Professional**, in consultation with the **County**, determines that the Work or specified portion thereof is substantially complete, the **Professional** will prepare a Certificate of Substantial Completion that shall establish the date of Substantial Completion. The Certificate of Substantial Completion shall be submitted to the **Contractor** for its written acceptance and then to the **County** for acceptance and issuance.
- 17.5.3. Deficiency List. The Certificate of Substantial Completion shall include a list prepared by the **Professional** (the "Deficiency List") of final work items remaining, which must be completed to render the Work, or specified portion thereof, complete, satisfactory, and acceptable in accordance with the Contract Documents. The Deficiency List shall include those items from the **Contractor's** list described in Section 16.5.2 above which remain incomplete or uncorrected as of the date of Substantial Completion, along with any other incomplete or unsatisfactory items as determined by the **Professional** or the **Project Manager**. Failure to include on the Deficiency List any corrective work or pending items not yet completed shall not alter the responsibility of the **Contractor** to complete all the construction services purchased pursuant to the Contract Documents. The **Professional**, in consultation with the **County**, shall establish a date for completion of the items identified in the Deficiency List, and this date for completion shall be noted on the Certificate of Substantial Completion. The **Professional** shall also include an estimated cost to complete each item on the Deficiency List. Should the **Contractor** fail to complete the items by the date noted on the Certificate of Substantial Completion, the **County** may complete the item and deduct the costs from the final Application for Payment.
- 17.5.4. Project Closeout and Payment of Retainage. In accordance with Section 255.077(4), Fla. Stat., within 20 business days after developing the Deficiency List, and after receipt of a proper invoice or payment request, the **County** shall pay the **Contractor** the remaining balance of the contract, including any remaining retainage withheld by the **County** pursuant to Section 255.078, Florida Statutes, less an amount equal to 150 percent of the estimated cost to complete the items on the Deficiency List.
- 17.5.5. Warranties. Warranties required by the Contract Document shall commence on the date of Substantial Completion of the Work or designated portion thereof unless otherwise provided in the Certificate of Substantial Completion.

17.6. Final Completion

- 17.6.1. To receive the Certificate of Final Completion, the **Contractor** must have completed and submitted the following within the authorized Contract Time: contract close-out documents such as **County** approved Certified As-built Survey Drawings and electronic files, final Application for Payment request including evidence of insurance and consent of surety to final payment, completed punch list, all maintenance and operating instructions, schedules, guarantees, bonds, certificates or other evidence of insurance required by 6.3, certificates of inspection, and any other outstanding items listed on the Certificate of Substantial Completion.
- 17.6.2. No final payment will be processed by the **County** until all required documentation by the **Contractor** has been accepted and approved by the **Construction Project Manager** and the **County**.
- 17.6.3. Notwithstanding any other provision of these Contract Documents to the contrary, the **County** and the **Construction Project Manager** are under no duty or obligation whatsoever to any vendor, material provider, subcontractor, laborer or other party to ensure that payments due and owing by the **Contractor** to any of them are or will be made. Such parties shall rely only on the **Contractor's** surety bonds for remedy of nonpayment by the **Contractor**. The **Contractor** agrees to defend and resolve all claims made by subcontractors, indemnifying the **County** and the **Construction Project Manager** for all claims arising from or resulting from subcontractor, supplier, material men or laborer services in connection with this project.
- 17.6.4. The **Contractor** will indemnify the **County** and **Construction Project Manager** for any damages sustained including lost revenues resulting from the **Contractor's** failure or refusal to perform the work required by these contract documents.
- 17.6.5. If, on the basis of the **Construction Project Manager's** observation of the Work during construction and final inspection, and the **Construction Project Manager's** review of the final Application for Payment and accompanying documentation as required by the Contract Documents, the **Construction Project Manager** is satisfied that the Work has been completed and the **Contractor's** other obligations under the Contract Documents have been fulfilled, the **Construction Project Manager** will, after receipt of the final Application for Payment, indicate in writing the **Construction Project Manager's** recommendation of payment and present the Application to the **County** for payment. At the same time, the **Construction Project Manager** will also give written notice to the **County** and the **Contractor** that the Work is acceptable subject to the provision of 17.7. Otherwise, the **Construction Project Manager** will return the application to the **Contractor**, indicating in writing the reasons for refusing to recommend final payment, in which case the **Contractor** shall make the necessary corrections and resubmit the Application. Warranties required by the Contract Document shall commence on the date specified on the Certificate of Final Completion unless otherwise specified.

17.7. Waiver of Claims

17.7.1. The making and acceptance of final payment will constitute a waiver of all claims by the **Contractor** against the **County**, other than those previously made in writing and still unsettled.

17.7.2. The making and acceptance of final payment will constitute a waiver of all claims by the **County** against the **Contractor**, except claims arising from unsettled liens from defective Work appearing after final inspection pursuant to 17.5; from failure to comply with the Contract Documents or the terms of any special guarantees specified therein; or from the **Contractor's** continuing obligations under the Contract Documents.

ARTICLE 18 - SUSPENSION OF WORK AND TERMINATION

18.1 Suspension of Work

18.1.1. At any time and without cause, the County may suspend the Work or any portion thereof for a period of not more than ninety (90) days by notice in writing to the Contractor and the Construction Project Manager, which will fix the date on which Work will be resumed. The Contractor shall resume the Work on the date so fixed. The Contractor shall be allowed an adjustment in the Contract Price or an extension of the Contract Time, or both, directly attributable to any such suspension if the Contractor makes any approved claim therefore as provided in Articles 12 and 13.

18.2 Termination for Cause

18.2.1. Upon the occurrence of any one or more of the following events by the **Contractor**:

(a) fails to begin the work under the Contract within the time specified in the Notice to Proceed;

(b) fails to perform the work with sufficient workmen and equipment or with sufficient materials to ensure prompt completion of the Contract;

(c) performs the work unsuitably, or neglects or refuses to remove materials or to perform anew such work that the **County Project Manager** rejects as unacceptable and unsuitable;

(d) discontinues the prosecution of the work, or fails to resume discontinued work within a reasonable time after the **Construction Project Manager** notifies the **Contractor** to do so;

(e) becomes insolvent or is declared bankrupt, or files for reorganization under the bankruptcy code, or commits any act of bankruptcy or insolvency, either voluntarily or involuntarily;

(f) allows any final judgment to stand against him unsatisfied for a period of ten calendar days;

(g) makes an assignment for the benefit of creditors;

(h) fails to comply with Contract requirements regarding minimum wage payments or EEO requirements;

(i) fails to comply with the **Construction Project Manager's** written suspension of work order within the time allowed for compliance and which time is stated in that suspension of work order; or

(j) for any other cause whatsoever, fails to carry on the Work in an acceptable manner, or if the surety executing the bond, for any reasonable cause, becomes unsatisfactory in the opinion of the **County**;

(k) fails to comply with the provisions of Chapter 119 of the Florida Statutes;

(l) If the **Contractor** disregards laws or regulations of any public agency having jurisdiction;

(m) If the **Contractor** disregards the authority of the **Construction Project Manager** or the **County Project Manager**; or

(n) If the **Contractor** otherwise violates in any substantial way any provisions of the Contract; if the **Contractor**, within a period of ten (10) calendar days after receiving written notice from the **County** delivered to the **Contractor** and the Surety specifying the default(s) as described in subparagraphs (a) through (n) above, fails to correct the conditions of which complaint is made, the **County** will have full power and authority, without violating the Contract, to take possession of the Work out of the hands of the **Contractor** and to declare the **Contractor** in default.

18.2.2. In the event the **County** terminates the Contract for cause, and it is subsequently judicially determined that there was no cause for termination, the termination for convenience provision will be the means for disposition of the balance of the Contract obligations.

18.3. Termination for Convenience

18.3.1. The **County** may terminate the entire Contract or any portion thereof, if the **County** determines that termination is in its best interest. The **County** will deliver to the **Contractor** written notice of termination specifying the extent of termination and the effective date. When the **County** terminates the entire Contract, or any portion thereof, before the **Contractor** completes all items of Work in the Contract, the **County** will make payment for the actual number of units or items of Work that the **Contractor** has completed, at the Contract unit price, and such payments will constitute full and complete compensation for such work or items. No payment of any kind or amount will be made for items of work not started. The **County** will not consider any claim for loss of anticipated profits, or overhead of any kind (including home office and jobsite overhead or other indirect impacts). The **County** will consider reimbursing the **Contractor** for actual cost of mobilization (when not otherwise included in the Contract) including moving equipment to the job where the volume of the work that the **Contractor** has completed is too small to compensate the **Contractor** for these expenses under the Contract unit prices. The **County** may purchase at actual cost acceptable materials and supplies procured for the work, that the **County** has inspected, tested, and approved and that the **Contractor** has not incorporated in the work. Submit the proof of actual cost, as shown by receipted bills and actual cost records, at such points of delivery as the **County** may designate. Termination of a contract or a portion thereof, under the provisions of this article, does not relieve the **Contractor** or the surety of its

responsibilities for the completed portion of the Contract or its obligations for and concerning any just claims arising out of the work performed. All **Contractor** claims for additional payment, due to the **County's** termination of the entire Contract or any portion thereof, must meet the requirements of Article 12.

18.4. Completion of Work by County

18.4.1. Upon declaration of default, the **County** will have full power to appropriate or use any or all suitable and acceptable materials and equipment on the site and may enter into an agreement with others to complete the work under the Contract, or may use other methods to complete the Work in an acceptable manner. The **County** will charge all costs that the **County** incurs because of the **Contractor's** default, including the costs of completing the Work under the Contract, against the **Contractor**. If the **County** incurs such costs in an amount that exceeds the sum that would have been payable under the Contract, then the **Contractor** and the surety shall be liable and shall pay the **County** the amount of the excess. Such costs incurred by the **County** shall be verified by the **Construction Project Manager** and incorporated in a Change Order but in finishing the work the **County** shall not be required to obtain the lowest figure for the work performed. The **Contractor's** obligation to pay the difference between such costs and such unpaid balance shall survive termination of the Contract. If, after the ten (10) day notice period and prior to any action by the **County** to otherwise complete the work under the Contract, the **Contractor** establishes his intent to complete the Work in accordance with the **County's** requirements, then the **County** may allow, in its sole discretion, the **Contractor** to resume the Work, in which case the **County** will deduct from any monies due or that may become due under the Contract, any costs to the **County** incurred by the delay, or from any reason attributable to the delay.

ARTICLE 19 – DISPUTES / CLAIMS

19.1 The **Contractor** shall notify the **County** in writing of all disputes / claims arising under this Contract or its interpretation whether involving law, fact or both, or extra work, and all claims for alleged breach of contract within fourteen (14) calendar days of the commencement of the dispute. Such notice need not detail the amount of the claim but shall state the facts surrounding the claim in sufficient detail to identify the claim, together with its character and scope.

19.1. When submitting a claim, the **Contractor** shall certify under oath and in writing, in accordance with the formalities required by Florida law, that the claim is made in good faith, that the supportive data are accurate and complete to the **Contractor's** best knowledge and belief, and that the amount of the claim accurately reflects what the **Contractor** in good faith believes to be the **County's** liability. Such certification must be made by an officer or director of the **Contractor** with the authority to bind the **Contractor**. In the meantime, the **Contractor** shall proceed with the Work as directed. Any claim not presented within the time limit specified in this paragraph shall be deemed to have been waived, except that if the claim is of a continuing character and notice of the claim is not given within fourteen (14) calendar days of its commencement, the claim will be considered only for a period commencing fourteen (14) calendar days prior to the receipt by the **County** of notice thereof. Each decision by the **County** will be in writing and will be mailed to the **Contractor** by registered or certified mail, return receipt requested, directed to the **Contractor's** last known address.

19.2. If the **Contractor** does not agree with any decision of the **County**, the **Contractor** shall be required to seek, prior to instituting any action in a court of law, mediation by a certified circuit court civil mediator who will be agreed to by the parties or, if the parties cannot agree to a mediator within thirty (30) calendar days of the request for mediation, said mediator will be chosen by the **Contractor**. Any mediation will be held in Polk County, unless otherwise agreed to by the **County** in its discretion. The parties will cooperate in good faith with the mediator with the cost of the mediator split equally between the parties, if the mediator is agreed upon, and by the **Contractor** if agreement on the mediator cannot be reached. If the **Contractor** does not agree with any decision of the **County**, or the mediation is unsuccessful, the **Contractor** shall in no case allow the dispute to delay the Work but shall notify the **County** promptly that the work is proceeding under protest and that the matter in question may be expected from the final releases.

ARTICLE 20 – MISCELLANEOUS

20.1 Limitation of Liability

20.1.1. IN NO EVENT SHALL THE COUNTY BE LIABLE TO THE CONTRACTOR FOR INDIRECT, INCIDENTAL, CONSEQUENTIAL, SPECIAL, EXEMPLARY, OR PUNITIVE DAMAGES OF ANY KIND OR NATURE, INCLUDING LOSS OF PROFIT, WHETHER FORESEEABLE OR NOT, ARISING OUT OF OR RESULTING FROM THE NONPERFORMANCE OR BREACH OF THIS CONTRACT BY THE COUNTY WHETHER BASED IN CONTRACT, COMMON LAW, WARRANTY, TORT, STRICT LIABILITY, CONTRIBUTION, INDEMNITY OR OTHERWISE.

The parties further agree to reform the Contract to replace any stricken provision with a valid provision that comes as close as possible to the intent of the stricken provision. The provisions of this section shall not prevent the entire Contract from being void should a provision which is of the essence of the Contract be determined to be void.

20.3. Waiver

20.3.1. A waiver by either the **County** or the **Contractor** of any breach of this Contract shall not be binding upon the waiving party unless such waiver is in writing. In the event of a written waiver, such a waiver shall not affect the waiving party's rights with respect to any other or further breach of this Contract. Except as otherwise stated in Section 17.7, the making or acceptance of a payment by either party with the knowledge of the other party's existing default or breach of the Contract shall not waive such default or breach, or any subsequent default or breach of this Contract, and shall not be construed as doing so.

If during the term of this Agreement, the Contractor or any affiliate is convicted of a public entity crime or is otherwise prohibited from performing work for or transacting business with the County pursuant to Section 287.133, Florida Statutes, then the Contractor shall be in material default of this Agreement, and in such case, the County shall have the rights and remedies as provided herein.

The County shall consider the employment or utilization of unauthorized aliens a violation of Section 274A(e) of the Immigration and Naturalization Act (8 U.S.C. 1324a). Such violation shall be cause for unilateral termination of this Agreement by the County. As part of the response to this solicitation, the successful vendor will complete and submit the attached form "Affidavit Certification Immigration Laws."

ARTICLE 22 – PERFORMANCE EVALUATION

22.1 Contractor Evaluation

22.1.1. The **Contractor's** performance should be evaluated during and after completion of the project.

ARTICLE 26 – NO CONSTRUCTION AGAINST DRAFTER

The Parties acknowledge that this Agreement and all the terms and conditions contained herein have been fully reviewed and negotiated by the Parties. Accordingly, any rule of construction to the effect that ambiguities are to be resolved against the drafting party shall not apply in interpreting this Agreement.

ARTICLE 27 – EMPLOYMENT ELIGIBILITY VERIFICATION (E-VERIFY)

A. Unless otherwise defined herein, terms used in this Section which are defined in Section 448.095, Florida Statutes, as may be amended from time to time, shall have the meaning ascribed in said statute.

B. Pursuant to Section 448.095(5), Florida Statutes, the contractor hereto, and any subcontractor thereof, must register with and use the E-Verify system to verify the work authorization status of all new employees of the contractor or subcontractor. The contractor acknowledges and agrees that (i) the County and the contractor may not enter into this Agreement, and the contractor may not enter into any subcontracts hereunder, unless each party to this Agreement, and each party to any subcontracts hereunder, registers with and uses the E-Verify system; and (ii) use of the U.S. Department of Homeland Security's E-Verify System and compliance with all other terms of this Certification and Section 448.095, Fla. Stat., is an express condition of this Agreement, and the County may treat a failure to comply as a material breach of this Agreement.

C. By entering into this Agreement, the contractor becomes obligated to comply with the provisions of Section 448.095, Fla. Stat., "Employment Eligibility," as amended from time to time. This includes but is not limited to utilization of the E-Verify System to verify the work authorization status of all newly hired employees, and requiring all subcontractors to provide an affidavit attesting that the subcontractor does not employ, contract with, or subcontract with, an unauthorized alien. The contractor shall maintain a copy of such affidavit for the duration of this Agreement. Failure to comply will lead to termination of this Agreement, or if a subcontractor knowingly violates the statute or Section 448.09(1), Fla. Stat., the subcontract must be terminated immediately. If this Agreement is terminated pursuant to Section 448.095, Fla. Stat., such termination is not a breach of contract and may not be considered as such. Any challenge to termination under this provision must be filed in the Tenth Judicial Circuit Court of Florida no later than 20 calendar days after the date of termination. If this Agreement is terminated for a violation of Section 448.095, Fla. Stat., by the contractor, the contractor may not be awarded a public contract for a period of 1 year after the date of termination. The contractor shall be liable for any additional costs incurred by the County as a result of the termination of this Agreement. Nothing in this Section shall be construed to allow intentional discrimination of any class protected by law.

(iii) The Vendor hereby acknowledges that it is fully aware of the penalties that may be imposed upon the Vendor for submitting a false certification to the County regarding the foregoing matters.

B. Termination. In addition to any other termination rights stated herein, the County may immediately terminate this Agreement upon the occurrence of any of the following events:

(i) The Vendor is found to have submitted a false certification to the County with respect to any of the matters set forth in subsection A(i) above, or the Vendor is found to have been placed on the Scrutinized Companies that Boycott Israel List or is engaged in a boycott of Israel.

SPECIAL CONDITIONS

The County reserves the right to direct purchase any tangible personal property item of the bid in order to save the sales tax on the selected item, which may include equipment, materials, and supplies that are components of a construction bid, but generally will purchase only major items. When the County exercises this option for the following procedures shall be used for ordering, receiving, and paying for the Owner Direct Purchase (ODP) item.

BID PRICES

The bid must include the appropriate Florida State sales tax for all components of the bid that makes up the lump sum amount submitted.

ORDERING

The items selected would be purchased directly from the suppliers the contractor used to submit their bid to the County and therefore made a part of the construction contract executed with the County.

The Contractor shall fully cooperate with the County, providing information for the preparation of County issued purchase orders for these ODP's, monitoring deliveries, and approving invoices.

Following receipt of a sales tax savings form, the Contractors requisition from the supplier and the suppliers quote to the Contractor, the County will issue a purchase order to the supplier for the item selected for ODP to be delivered to the project site. The approved purchase order will be sent to the supplier and the Contractor. The Contractor shall verify that the purchase order was issued correctly. A separate sales tax savings form, and a separate purchase order shall be used for each item selected for ODP.

After the County has affirmed that the items contained in the purchase order meets the exemption requirements contained in Section 212.08(6), Florida Statute, and Rule 12A-1.094, Florida Administration Code, the County will issue a Certificate of Entitlement. A Certificate of Entitlement will be issued with each purchase order for each ODP. The original Certificate of Entitlement accompanied by the County approved purchase order, the Contractors requisition to the supplier and the suppliers quote for the selected ODP item will be placed on file with the Florida Department of Revenue. The Contractor and supplier will be issued copies from the County.

EXPEDITING

The Contractor shall be responsible for expediting delivery to ensure that ODP item(s) is received on time to maintain the construction schedule.

RECEIPT

The Contractor shall sign for and receive all materials; and retain packing slips and delivery tickets for all materials delivered for the project. The Contractor shall be responsible for receiving, warranting, ensuring the proper installation and operation of all materials and equipment required for the project, including all ODP items.

BILLINGS/PAYMENTS

All ODP's shall be billed to the County in care of the Contractor.

The Contractor shall check all invoices for accuracy and completeness when received. The Contractor shall be responsible for immediately notifying the supplier of any billing errors and requesting corrected invoices as necessary.

Receipts and invoices must be processed in a timely manner in order to take advantage of any discount payment terms and all discounts shall accrue to the County.

The Contractor shall prepare a direct purchase report for the County upon submittal of each pay request.

OTHER CONSIDERATIONS

The County shall have title to all items of which any payment has been made under these provisions.

The selection of ODP for any item contained within the bid does not relieve the Contractor from liability for that item as it may be related to the quantity ordered, condition, the maintenance and care of the item when delivered, installation, incorporation of the item for its intended use in the work to be performed, and warranty of the item in accordance with the contract documents. The Contractor shall maintain products liability insurance, which shall include ODP items, as required for the normal practice of general contracting.

The County shall have access to all necessary records in order to conduct audits to determine the correctness and accuracy of any item purchased in accordance with these provisions.

REDUCTION

The Contract will be reduced via deductive change order by the amount of all items selected by the County for the ODP's. The deductive change order will require Division Director approval.

EMPLOYMENT ELIGIBILITY VERIFICATION (E-VERIFY) CERTIFICATION
EXHIBIT XXV

(Florida Statutes, Section 448.095)

PROJECT NAME: **Stonewood Subdivision Drainage Improvement Project - ARP**

The undersigned, as an authorized officer of the contractor identified below (the "Contractor"), having full knowledge of the statements contained herein, hereby certifies to Polk County, a political subdivision of the State of Florida (the "County"), by and on behalf of the Contractor in accordance with the requirements of Section 448.095, Florida Statutes, as related to the contract entered into by and between the Contractor and the County on or about the date hereof, whereby the Contractor will provide labor, supplies, or services to the County in exchange for salary, wages, or other remuneration (the "Contract"), as follows:

1. Unless otherwise defined herein, terms used in this Certification which are defined in Section 448.095, Florida Statutes, as may be amended from time to time, shall have the meaning ascribed in said statute.

2. Pursuant to Section 448.095(5), Florida Statutes, the Contractor, and any subcontractor under the Contract, must register with and use the E-Verify system to verify the work authorization status of all new employees of the Contractor or subcontractor. The Contractor acknowledges and agrees that (i) the County and the Contractor may not enter into the Contract, and the Contractor may not enter into any subcontracts thereunder, unless each party to the Contract, and each party to any subcontracts thereunder, registers with and uses the E-Verify system; and (ii) use of the U.S. Department of Homeland Security's E-Verify System and compliance with all other terms of this Certification and Section 448.095, Fla. Stat., is an express condition of the Contract, and the County may treat a failure to comply as a material breach of the Contract.

3. By entering into the Contract, the Contractor becomes obligated to comply with the provisions of Section 448.095, Fla. Stat., "Employment Eligibility," as amended from time to time. This includes but is not limited to utilization of the E-Verify System to verify the work authorization status of all newly hired employees, and requiring all subcontractors to provide an affidavit attesting that the subcontractor does not employ, contract with, or subcontract with, an unauthorized alien. The Contractor shall maintain a copy of such affidavit for the duration of the Contract. Failure to comply will lead to termination of the Contract, or if a subcontractor knowingly violates the statute or Section 448.09(1), Fla. Stat., the subcontract must be terminated immediately. If the Contract is terminated pursuant to Section 448.095, Fla. Stat., such termination is not a breach of contract and may not be considered as such. Any challenge to termination under this provision must be filed in the Tenth Judicial Circuit Court of Florida no later than 20 calendar days after the date of termination. If the Contract is terminated for a violation of Section 448.095, Fla. Stat., by the Contractor, the Contractor may not be awarded a public contract for a period of 1 year after the date of termination. The Contractor shall be liable for any additional costs incurred by the County as a result of the termination of the Contract. Nothing in this Certification shall be construed to allow intentional discrimination of any class protected by law.
