Hello Mary,

The closest airport to this site (Parcel # 252835-000000-02320) is Bartow Municipal Airport which is approximately 18,840 ft (3.5 miles) from the edge of the runway pavement. According to the Polk County Airport Zoning Reference Guide, Figure 10.14, the proposed 155 ft monopole style communication tower located at this site will not require an airport obstruction permit. See attached below.

You don't often get email from mscicchitano@thelawmpowered.com. [Learn why this is important](#)

Good Morning, Lorenzo:

My name is Mary, and I work for Mattaniah Jahn. She asked me to reach out to you in order to get confirmation that the project we are working on does not need further airport zoning review. I have attached plans for your convenience. Our project is to propose a 155' monopole style communication tower located on Parcel # 25-28-35-000000-02320 at cords 27.998103 -81.784558.

Could you please verify the closest airport, the distance to that airport, and whether or not additional airport zoning review will be needed for this project?

I kindly thank you in advance for your help.
